SPECIAL ORDER—2:30 P. M.

Board of Supervisors Protests Federal Loan of $3,200,000 for Apartment Houses, Old Odd Fellows' Cemetery.

(Code No. 5.2)

Resolution No. 1126, as follows:

Whereas, application has been made to the Government by a group of persons representing private interests for a loan of $3,200,000 for the erection of a group of apartment buildings on twenty-eight acres of land situate on the old Odd Fellows' Cemetery, setting forth to provide approximately 3,000 rooms for rental at $11 per room per month; and

Whereas, it has appeared in the daily papers that the Federal Administrator of Public Works has given his approval to said application; and

Whereas, it appears that the intent and purposes of loans by the Federal Government is to create labor and give employment to the unemployed during these depressed times, and that deep consideration has also been given to the necessity of bettering household and living conditions in congested districts of the large and densely populated cities throughout the country; and

Whereas, San Francisco cannot be considered among these cities of congested housing and living conditions, by reason of the great variety of homes, flats, apartment houses and modern hotels, as well as many vacant areas of land existing within the City and County; and

Whereas, the great majority of apartment house owners, real estate owners and dealers have voiced their disapproval of the project and also the approval by the Federal Administrator of Public Works, for the reason that a great proportion of the present buildings erected through large expenditures of money and investment for rental purposes are entirely vacant and laying idle through lack of demand and necessity; and

Whereas, the addition of these proposed groups of buildings would be a detriment to the present vested interest, inflicting conditions directly in opposition to the purposes for which Federal moneys are to be expended; now, therefore, be it

Resolved, That this Board of Supervisors, for reasons heretofore set forth, are unalterably opposed to the consummation of this project out of Federal moneys at this time, and would respectfully call the attention of officials at Washington to the lack of necessity of such group of buildings being required by reason of congestion, character or otherwise in our community; and, further, the advertised rentals of such premises to be $11 per room per month would be of no benefit to the great majority of our wage-earning citizens dependent upon nominal rentals, and add to existing vacancies, detrimental to real estate investment in San Francisco; and be it

Further Resolved, That a copy of this resolution be forwarded to his Honor the Mayor and the Chief Administrative Officer, for presentation to the Federal Administrator of Public Works at Washington as an expression of protest to the Government loan for said project.

Action Deferred.

The following matter was, on motion, *continued for two weeks and made a Special Order of Business for 3 p. m., January 15, 1934.*

HEARING OF APPEAL FROM ASSESSMENT ON GARFIELD STREET.

Notice is hereby given that Tuesday, the 2nd day of January, 1934, at 3 p. m., in the Supervisors' Chambers, City Hall, San Francisco, California, have been fixed as the time and place for hearing the appeals of James J. Lynch et al., for the assessment and warrant issued to Eaton & Smith in the matter of the improvement of Garfield street from Orizaba avenue to the easterly line of Head street, the crossing of Orizaba avenue with Grafton avenue and Garfield street, respectively, and the crossing of Bright street with Garfield street, as per Resolution of Intention No. 115526, adopted by the Board of Public Works of the City and County of San Francisco, State of California, on October 21, 1931.

RECONSIDERATION.

Hugo D. Newhouse Appointed Golden Gate Bridge Director. (Code No. 12.111)

Resolution No. 1168, as follows:

Resolved, That Hugo D. Newhouse be and is hereby appointed a director of the Golden Gate Bridge District, representing the City and

County of San Francisco, to complete the unexpired term of George T. Cameron, resigned.

December 26, 1933—*Adopted by the following vote*:

Ayes—Supervisors Breyer, Canepa, Gallagher, Hayden, Miles, Peyser, Power, Shannon, Spaulding, Stanton—10.

Noes—Supervisors Brown, Colman, Havenner, McSheehy—4.

Absent—Supervisor Roncovieri—1.

December 26, 1933—*Supervisor Brown changed his vote from No to Aye and moved for reconsideration at next meeting.*

San Francisco Chamber of Commerce, Re: Appointment of Two New Directors to Golden Gate Bridge and Highway District.

A communication from San Francisco Chamber of Commerce demanding that the two new Directors of the Golden Gate Bridge and Highway District to be appointed, be free from all questionable influence and that it will be of such integrity as to deserve and enjoy the respect and confidence of the taxpayers was read by the Clerk and ordered *filed.*

Privilege of the Floor.

Adolph Uhl, Supervisor-elect, was, on motion of Supervisor Brown, granted the privilege of the floor. He urged that the matter of the appointment of Bridge Directors be laid over for consideration of the new Board.

He declared that he had in mind an engineer for the position of Director, as the Board was already well supplied with lawyers and business men.

J. Ricketts, representing the Building Trades Council, declared that his organization favored the two nominees proposed, Hugo D. Newhouse and John McLaughlin.

He urged that these appointments be made at once.

Point of Order.

Supervisor Havenner raised the point of order against the eligibility of Supervisors Shannon and Stanton to vote for bridge director because of the duality of their positions as Supervisors and Bridge Directors.

Chair: Point of order not well taken.

Reconsideration Refused.

Thereupon, the roll was called on Supervisor Brown's motion to reconsider and the same was *lost* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, McSheehy—4.

Noes—Supervisors Breyer, Canepa, Gallagher, Hayden, Miles, Peyser, Power, Shannon, Spaulding, Stanton—10.

Absent—Supervisor Roncovieri—1.

Adopted.

Whereupon, the following resolution, recommended by Supervisors Havenner and Spaulding, being a majority of the Public Utilities Committee, was taken up and *adopted* by the following vote:

Appointment of John P. McLaughlin as Golden Gate Bridge Director.

(Code No. 12.111)

Resolution No. 1222, as follows:

Resolved, That John P. McLaughlin be and is hereby appointed a director of the Golden Gate Bridge District, representing the City

and County of San Francisco, to complete the unexpired term of Carl A. Henry, deceased.

Ayes—Supervisors Breyer, Canepa, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Shannon, Spaulding, Stanton—12.
Noes—Supervisors Brown, Colman—2.
Absent—Supervisor Roncovieri—1.

Motion.

Supervisor Shannon moved that the Clerk immediately and by special delivery notify Secretary Felt of the Golden Gate Bridge and Highway District and the two candidates just elected.

So ordered.

UNFINISHED BUSINESS.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Mayor's Annual Report.

To the Honorable the Board of Supervisors, City Hall, San Francisco.

Gentlemen: My prolonged absence from San Francisco, at the National Capitol, during November and December, prevented my com-

pletion of my annual report for submission to your Honorable Board on this date.

The report is now being typed and will be transmitted on Monday next.

Respectfully,

ANGELO J. ROSSI, Mayor.

Workmen's Compensation on CWS Projects.

John Dunnigan, Clerk, Board of Supervisors: This is to advise you that we can accept no responsibility for workmen's compensation under CWS projects. The rates are low on this type of work and we trust that each county will be able to make arrangements to take care of this item so that their projects will not be stopped.

CAPT. EDWARD MacCAULEY,
Administrator, CWA,
By ROY W. PILLING,
Director, Civil Works Service Projects.

Referred to Finance Committee.

Resurvey of Spur Track Facilities.

(Code No. 12.20)

Supervisor Gallagher presented:

Resolution No. 1229, as follows:

Whereas, the City of San Francisco is recognized as one of the foremost industrial communities of the West possessing definite advantages for the manufacturer, wholesaler and distributor as regards taxes, climate, transportation facilities, sample labor market and other economic factors necessary to the locating of industry; and

Whereas, the diversification of our industries and the many substantial payrolls resulting from same contribute in no small degree to our present recognized standing as a solvent community enjoying economic health; and

Whereas, competition for industrial payrolls among the communities around the bay, as well as other areas in the southern part of the State, is becoming more and more apparent; and

Whereas, said competing areas have succeeded in inducing a number of manufacturers of this City to move to other localities where

the people of these communities are sufficiently industrial-minded to be cognizant of industries' legitimate requirements and requests; and

Whereas, it has been frequently alleged that San Francisco is negligent in many respects in its cooperation with those agencies who are endeavoring to study, analyze and equitably adjust the economic needs of our own local industries; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco hereby request the City Engineer of said City and County to conduct a survey among the industries located in those certain industrial zones bounded by Jefferson and Greenwich streets, Battery and Hyde streets for the purpose of ascertaining if the various facilities normally and rightfully accorded industry by other communities are being equally furnished by this City, especially as regards the legitimate spur track requirements of the Bauer Schweitzer Hop & Malt Company, one of the largest and oldest industrial concerns in this City, with an enormous capital investment and employing large numbers of workers, whose request for reasonable rail facilities to its plant has been opposed by certain residential property owners living in an area strictly industrial and zoned for that purpose; and be it

Further Resolved, That, if such investigation, when completed, reveals the lack of legitimate and customary City and County aid with regard to needed industrial facilities and especially with reference to the reasonable request of the Bauer Schweitzer Hop & Malt Company, who, after several years of practical idleness due to the recent prohibition era, is now confronted with unusual demands for its products and services, that this Board of Supervisors take immediate steps to provide the easily arranged spur track facilities requested and, if necessary, purchase the right of way for this track with City and County funds in order that this industry and others who would benefit also through this needed facility may feel justified in a continued faith and confidence sufficient to warrant them to maintain manufacturing in this community.

Referred to Streets and Commercial Development Committees.

(North Beach Merchants' Promotion Association and others to be notified.)

Leaves of Absence—Lewis F. Byington, President, Public Utilities Commission, and E. G. Cahill, Manager of Utilities.
(Code No. 15.035)

Supervisor Colman presented:

Resolution No. 1228, as follows:

Resolved, That, in the discharge of routine duties, Lewis F. Byington, President, Public Utilities Commission, and E. G. Cahill, Manager of Utilities, be, and they are hereby granted permission to absent themselves from the State of California for a period of fifteen days at any time during the next sixty days in order to visit Boulder Dam for the purpose of examining the construction thereof, in order to prepare the final plans, specifications and estimates for the work to be done incident to the raising of the height of the O'Shaughnessy Dam on the Hetch Hetchy project.

Adopted by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Shannon, Spaulding, Stanton—14.

Absent—Supervisor Roncovieri—1.

Contract With Chamber of Commerce—Publicity and Advertising.
(Code No. 5.94)

Supervisor Miles presented:

Resolution No. 1230, as follows:

Whereas, the City and County of San Francisco did, on the 15th

day of July, 1931, enter into a contract with the San Francisco Chamber of Commerce, to engage the services of said Chamber of Commerce for the purpose of exploiting and making known the resources of the City and County, for the purpose of inducing immigration to, and increasing the trade and commerce of the City and County, and of advertising and exhibiting for said purpose, the agricultural, horticultural, industrial, commercial and climatic, educational, recreational, artistic, musical, cultural and other resources of said City and County; and

Whereas, it is provided that during each fiscal year within the term of said contract that the said Chamber of Commerce should submit to the Board of Supervisors a plan of the nature and character of said advertising for said year; and

Whereas, the said Chamber of Commerce has submitted said plan for the current year; now, therefore, be it

Resolved, That said plan be, and the same is hereby approved, and the Chief Administrative Officer is hereby requested to cause said plan to be executed, the cost thereof not to exceed the sum of $50,000, to be paid from the Publicity and Advertising Fund, upon the submission of adequate vouchers for the amounts expended, duly approved by the Chief Administrative Officer, provided that all expenditures before being made be duly approved by the Controller.

Adopted by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Shannon, Spaulding, Stanton—14.

Absent—Supervisor Roncovieri—1.

Final Passage.

The following emergency ordinance was presented by Supervisor Miles and *finally passed* by the following vote:

Application to the State of California for Loan of $1,000,000 Under Provisions of Unemployment Relief Bond Act, 1933, for the Furnishing of Relief in San Francisco Resulting From Unemployment.

(Code No. 19.071)

Bill No. 502, Ordinance No. 19.07110, as follows:

Application to the State of California for loan of $1,000,000, made under the provisions of the Unemployment Relief Bond Act of 1933, Chapter 207 of Statutes of 1933; this sum being necessary to aid in meeting the cost of furnishing relief resulting from unemployment in the City and County of San Francisco, for the period January 1, 1934, to March 31, 1934, or shortly thereafter, authorizing the Chairman and the Clerk of the Board of Supervisors to execute a note in amount of $1,000,000 with interest at 4¼ per cent per annum, payable at semi-annual intervals, on July 1st and January 1st; if not paid subject to provisions of Section 23 of the Unemployment Relief Bond Act of 1933, declaring existence of an actual emergency relative to the caring for and maintaining the indigent sick and dependent poor, and passage of this ordinance prior to January 3, 1934.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That application for a loan in the amount of one million dollars ($1,000,000) is hereby made under the provisions of the Unemployment Relief Bond Act of 1933, Chapter 207 of the Statutes of 1933, and in accordance with the conditions of the State Emergency Relief Commission and Administration.

This sum is necessary to aid in meeting the cost of furnishing relief

and work relief and in relieving the hardship resulting from unemployment in San Francisco County for the period beginning January 1, 1934, and ending March 31, 1934, or shortly thereafter.

Said loan, if granted, in the amount of one million and no/100 dollars ($1,000,000), shall constitute a debt of the County of San Francisco and shall be secured by a note of the County of San Francisco executed as follows:

$1,000,000.00 Date....., 1934.

Commencing on the 1st day of July, 1937, the County of San Francisco promises to pay to the State of California the sum of $1,000,000 in ten equal annual installments, together with interest at the rate of 4¼ per cent per annum, payable at semi-annual intervals on July 1st and January 1st, all as provided in the Unemployment Relief Bond Act of 1933, and subject to the provisions thereof.

.....

Chairman of the Board of Supervisors.

.....

Clerk of the Board of Supervisors.

The Chairman of the Board of Supervisors and the Clerk of said Board are hereby authorized, empowered, and directed to execute such notes set forth hereinabove in the amount requestd ($1,000,000), or in any amount not exceeding the amount requested which may be granted by the State Emergency Relief Commission and Administrator. The Chairman of the Board of Supervisors and said Clerk are authorized to furnish all necessary information and to execute any additional documents requested in connection with this application.

Section 2. The Board of Supervisors does hereby declare that an actual emergency exists relative to the caring for and maintaining the indigent sick and dependent poor of the City and County of San Francisco, and that this ordinance must be passed prior to January 3, 1934.

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Shannon, Spaulding, Stanton—13.

Absent—Supervisors Gallagher, Roncovieri—2.

Leave of Absence—Edward G. Cahill.

The following was presented and read by the Clerk:

January 2, 1934.

To the Honorable The Board of Supervisors, City Hall, San Francisco.

Gentlemen: Application has been made to me by Mr. Edward G. Cahill, Manager of Public Utilities, for a leave of absence, with permission to absent himself from the State of California, for a period of fifteen days, commencing at any time during the next sixty days.

I hereby request that you concur with me in granting this leave of absence.

Respectfully,

ANGELO J. ROSSI, Mayor.

Whereupon, the following resolution was *adopted*.

Amendment to Milk Ordinance—Cream.

(Code No. 17.05)

Bill No. 503, Ordinance No. 17.053, as follows:

Amending Ordinance No. 17.052—Code No. 17.05, entitled as follows: "Regulating all traffic in milk, cream and milk food products, the production, handling, processing, distribution, labeling, sale and offering for sale in the City and County of San Francisco of milk, cream and milk food products; providing for the issuance and revocation of permits therefor; fixing standards and definitions for milk, cream and milk food products; providing for inspection of all premises used in the production, handling, distributing, processing, sale or offering for sale of milk, cream and milk food products in said City and County; enforcing the tuberculin testing of all dairy cattle producing milk for consumption in said City and County; providing for the examination of all employees engaged in the production and processing of milk, cream and milk food products; authorizing the Director of Public Health of the City and County of San Francisco to enforce the provisions of this ordinance, and providing penalties for

the violation thereof," by changing Subdivision Seven of Section two of said ordinance as hereinafter set forth.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That Subdivision 7 of Section 2 of Ordinance No. 17.052 —Code No. 17.05, entitled as follows: "Regulating all traffic in milk, cream and milk food products, the production, handling, processing, distribution, labeling, sale and offering for sale in the City and County of San Francisco of milk, cream and milk food products; providing for the issuance and revocation of permits therefor; fixing standards and definitions for milk, cream and milk food products; providing for inspection of all premises used in the production, handling, distributing, processing, sale or offering for sale of milk, cream and milk food products in said City and County; enforcing the tuberculin testing of all dairy cattle producing milk for consumption in said City and County; providing for the examination of all employees engaged in the production and processing of milk, cream and milk food products; authorizing the Director of Public Health of the City and County of San Francisco to enforce the provisions of this ordinance, and providing penalties for the violation thereof," be and the same is hereby amended to read as follows:

"Section 2. * * *

"Subdivision 7. Cream: Cream is that portion of milk rich in milk fat, which rises to the surface of milk on standing, or is separated from it by centrifugal force, is fresh and clean, and contains not less than twenty (20) per cent of milk fat and not more than seven and eight-tenths (7.8) per cent of milk solids not fat in cream containing twenty (20) per cent of milk fat and correspondingly less solids for greater percentages of milk fat. *Market cream, from and after the first day of July, 1934*, shall be graded and shall conform to all the standards set for market milk of the same grade except that the maximum bacterial count for any grade of market cream shall be not more than three times as great as that for the corresponding grade of market milk. Cream for manufacturing purposes may be repasteurized not exceeding once.

"Sour market cream is clean market cream which has been fermented by the action of one or more strains of lactic acid bacteria, so that the product contains a distinct acidity, but which otherwise conforms to all the requirements for market cream. This product may be sold under the designation 'sour market cream.' "

Motion.

Supervisor Gallagher, seconded by Supervisor Colman, moved that Dr. Geiger observe the status quo in the matter of enforcing the ordinance until such time as the amendment is reported by the committee.

Dr. Geiger agreed and stated that he would report every 30 days.

Motion.

Supervisor Brown moved that the installation proceedings of the Board on January 8 be transmitted over loud speaker system to overflow crowd in rotunda of the City Hall.

Motion *carried.*

City Attorney to Advise on Residence Qualifications for Members Relief Committees or Commissions.

Motion.

Supervisor Gallagher moved that the City Attorney be requested to advise this Board as to whether any person can legally hold membership on any committee or commission representing San Francisco

in the expenditure of government funds, who does not reside in San Francisco.

Motion *carried*.

RECESS.

Whereupon, the Board took a recess until 10 a. m. Monday, January 8, 1934, to finish the business of the retiring Board. All members to be notified.

J. S. DUNNIGAN, Clerk.

IN MEMORIAM—CALVIN COOLIDGE.

The following was presented by Supervisor Hayden and read by the Clerk:

(Code No. 5.91)

Resolution No. 578, as follows:

Whereas, grim tragedy has ended the life of Calvin Coolidge, thirtieth President of the United States of America, and has left an admiring country appalled at the unexpectedness of the stroke; and

Whereas, the career of Calvin Coolidge, from a law clerk to President, has exhibited lessons of pure and simple Americanism, wherein steadiness of purpose, constancy of character, a will to achieve, and a clarity of thought in the major issues of life were all well exemplified; and

Whereas, in Calvin Coolidge the American people were given a brilliant example of intellectual righteousness, of courageous heart, of unswerving fidelity to specific ideals of American life, and a notable reticence begetting honest respect; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco, in public meeting assembled, express sincere and high regard for the personality and character of the late President of the United States of America and deplores the tragic end of so eminent a citizen; and be it

Further Resolved, That a copy of this resolution be spread on the

minutes of this meeting, and when the Board adjourns today it do so out of respect to the memory of the late President of the United States of America.

Adopted unanimously by rising vote.

The following was read by the Clerk:

MAYOR'S OFFICE
SAN FRANCISCO

January 9, 1933.

To the Honorable Board of Supervisors, City and County of San Francisco, City Hall, San Francisco.

Gentlemen: I regret that illness prevents my attendance at your meeting this afternoon. It was my desire to personally express to your Honorable Board the grief which I feel at the passing of Calvin Coolidge.

Simplicity, the characteristic of all great men, was the outstanding mark of Ex-President Coolidge. He was a man of the people, whose ideals were centered on the advancement of his own country and humanity at large. His great force of character was shown in every emergency. His proverbial silence was an index of his strength.

The great responsibility of his exalted office weighed upon him, but never did he complain of the weight of his burden.

His life furnished an excellent example of a great statesman to coming generations. His sincerity of purpose was never questioned, even by his political opponents. As a student of political economy his genius was admired.

As President of the United States his force of leadership was appreciated. As a man his humanity was loved by rich and poor alike.

San Francisco suffers a distinct loss at his passing as does the entire civilized world.

I join with you in expressions of condolence to the family of the late President Coolidge, and I suggest that when your Board adjourns today it do so in honor of his memory.

Respectfully,

ANGELO J. ROSSI,
Mayor.

Dr. David P. Barrows, former president of the University of California, was heard in an eloquent eulogy of the deceased, President Calvin Coolidge.

Mayor's Annual Message.

The following was presented, ordered spread on the Journal, and copies sent to members:

MAYOR'S OFFICE
SAN FRANCISCO

January 9, 1933.

To the Honorable The Board of Supervisors of the City and County of San Francisco, City Hall, San Francisco.

Gentlemen: By mandate of the new Charter, section 25, which states "He shall, at the first meeting of the Board of Supervisors in January of each year, communicate by message to the Supervisors a general statement of the condition of the affairs of the City and County, and recommend the adoption of such measures as he may deem expedient and proper," I hereby submit to your Honorable Board what might properly be termed "The Mayor's Annual Message," and to be considered as a detailed follow-up of my message to your Board of January 3, 1932.

The new Charter, under which we are now operating, is today celebrating its first birthday anniversary. During its young life much has transpired and much has been accomplished. With the adoption of this new instrument, new departments were established and readjustments were made necessary in practically every branch of our munici-

pal government. The problem of departments' proper functioning without interruption was one of serious concern, for the task was a stupendous one. However, it is with considerable satisfaction that I can advise you that the complete change-over was made with promptness and accuracy; that no handicaps of a perceptible nature were enjoined upon the public or the departments during the program of readjustment.

Needless, of course, to offer, the heads of departments as well as subordinates were cooperatively disposed, a feature which materially facilitated the work. Of great aid in installing our new Charter was the committee that I appointed for that purpose, of which Mr. Lewis F. Byington was chairman, Mr. Francis V. Keesling vice-chairman and Mr. Wm. H. Nanry secretary. To this committee I feel great indebtedness and hereby convey to them my appreciation for their splendid cooperation.

Though only a year has elapsed since this Charter became effective, its true value has been established, the benefits accruing through its operation will be manifold.

Appointments

To comply with the provisions of the new Charter, it became incumbent on me as Mayor to make many commission appointments. I approached this obligation with a full realization of its seriousness. I expended my very best efforts towards securing persons whom I thought were properly equipped to serve the municipality. These appointees, in most cases, have served one year, and I feel I can, at this time, proudly say to you that each one has given a service that fully justified their appointment.

Relief

To adequately provide food and shelter for our less fortunate residents, the electorate of San Francisco, on August 30, 1932, reflected its hearts' regard for their fellow men, by an overwhelmingly favorable vote of about seven to one, carried Relief Bonds to the extent of $6,500,000.

Augmenting this amount, the employees of our municipal government voluntarily subscribed approximately $1,500,000; this amount to be paid in twelve equal instalments.

This munificent and beneficent commitment upon the part of our city employees is, I think, unparalleled by any like group in the United States. I hereby commend them for their generosity.

Realizing the importance of this great humane work and the necessity for the strictest and most honorable administration of its affairs, by your authorization, I appointed the following committee, with full responsibility of the supervision of the relief campaign: Honorable M. C. Sloss, chairman; Joseph M. Cumming, secretary; Frank N. Belgrano, Jr., Russell D. Carpenter, Colbert Coldwell, W. Parmer Fuller, Jr., Major Charles H. Kendrick, John A. O'Connell, Frank C. MacDonald, Mrs. Paul Springer, James B. Smith and Mrs. Earl F. Treadwell.

This committee recommended for Director of Relief Activities Mr. C. M. Wollenberg, and your Board affirmed this appointment. I, personally, made a detailed survey of the work this committee and Mr. Wollenberg and his staff are doing. I cannot too highly praise those identified with the work for the splendid job they have done and are continuing to do. To take care of over 60,000 persons is no small undertaking. The work is so systematized that every worthy case reported is properly cared for; a history kept of each application, and leakage, if any, minimized. However, some time and money could be saved if politically minded meddlers would not attempt to interfere with the committee's policy.

May I take this opportunity of publicly acknowledging my appreciation to the Community Chest, to the many agencies identified with it, and to the many independent agencies engaged in the work of relief, for their splendid cooperation during these distressful times. In connection with this relief work may I advise you that the funds provided

by the recent bond issue for this purpose will, I am fearful, within the next several months, be exhausted. It is my intention, within the next ten days, to invite your Honorable Board and the members of the Citizens' Advisory Committee, and Director Wollenberg, to confer with me for the purpose of discussing ways and means of continuing the relief program after the funds at present available have been exhausted.

That you may properly visualize the proportions of this work, I am herewith presenting an excerpt from the "Report of Agencies, Week Ending December 24, 1932":

On Family Relief	54,940 persons
Women's Division	1,930 persons
Men's Division	4,797 persons
TOTAL ON RELIEF	61,667 persons

Increase of 873 over previous week.

Community Kitchen served 38,725 meals, Veterans' Kitchen served 7081 meals during the week and 15,814 men received shelter during the week. No worthy applicants for food or shelter have been denied. Records show that one or more shelters, at closing time each evening, had unoccupied beds.

Unemployment

The question of unemployment is one of the most perplexing problems we are called upon to solve. Many plans have been evolved and when put into operation each has had its beneficial effect. I have given much time and consideration to this serious situation for I highly realize that before the sun can possibly break through, this condition, partly, at least, has to be overcome. Legislation will not prove the panacea.

The readjustment must be gradual to be sound. There is normally just so much work to be done each day. The proper distribution of this work should be our first consideration. Let us, therefore, bend our best efforts in that direction; let us adopt as our 1933 slogan: "AT LEAST ONE PERSON GAINFULLY OCCUPIED IN EVERY SAN FRANCISCO HOME." That the thought embodied in this slogan might assume the proportion of realization, I pledge my earnest cooperation.

The Public Utilities Commission

The San Francisco Public Utilities Commission, although only in operation less than one year, has made substantial progress toward a correlation of the city utilities, toward economy of operation to meet the lessening incomes which necessarily have resulted from existing economic conditions and toward improvement of service to the citizens of San Francisco, notwithstanding essential retrenchments. To the members of the Utilities Commission and Mr. E. G. Cahill, manager, great credit is due for their splendid efforts in organizing the several departments under their jurisdiction and for the successful operation of them.

For the first time, under this new plan, there has developed a unified management of these important phases of municipal government. Seven separate utility departments are included under the jurisdiction of the Public Utilities Commission. I will treat with each of these, discussing briefly its separate activities.

The Municipal Railway of San Francisco

During the past six months the San Francisco Municipal Railway has been confronted with the same serious problems which have faced all railway transportation systems, that is, the unprecedented decrease in revenue which has resulted through unemployment and prevailing economic conditions.

The management of the railway and the Public Utilities Commission are responsible for an outstanding record in the achievement of economies to offset the phenomenal decrease in income.

Bonds amounting to $5,481,000 were issued and sold to finance construction of the road. Of this amount $3,179,000 has been redeemed, of which $2,778,000 was redeemed from the earnings of the road.

At all times the five-cent fare has been in operation, giving to the people of San Francisco a fine railway service for the least possible fare.

On December 28th, the Municipal Railway completed its 20th year of operations. This important anniversary provided an opportunity to summarize some of the achievements that have taken place for that 20 years.

On December 28, 1912, the Municipal Railway operated 10 cars, employed 100 in help and operated over 15 miles of track. Today it has 1185 employees, 234 cars, 19 motor buses, 83 miles of track and 22 miles of bus routes.

During the railway's twenty years of operation, its income has exceeded $55,000,000 and has transported over 1,200,000,000 passengers.

The Municipal Railway has been responsible for the development of outlying districts and has been of estimable value to the city through the increased taxes which have resulted as these districts developed.

San Francisco Water Department

The San Francisco Water Department started operations in March, 1930, and since that time the water system has met all commitments, including operating expenses, bond interest and charges, and taxes. It has built up a surplus of $755,856; provided $2,649,106 for additions and betterments; $2,416,666 for the redemption of bonds and has contributed $570,916 to the City's general fund for the reduction of taxes.

The complete water storage as of December 1, 1932, is in excess of 19 billion gallons. Even though we experience conditions of minimum rainfall this winter, and next, this storage assures us of ample supply for next year and until the spring of 1934, at which time water from Hetch Hetchy will be delivered to the Peninsula reservoirs.

On October 27th, the Public Utilities Commission, with your approval and mine, placed in effect a reduction in rates for automatic sprinkler service for fire protection. It is estimated this service will effect a saving to consumers of approximately $25,000 a year. This lower rate should stimulate additional sprinkler system installations, thereby effecting lower insurance rates and providing a greater measure of fire protection for the entire city.

One of the most important problems confronting this department is the establishment of a definite financial policy for the construction of new extensions, to meet the continually increasing consumption demands. An adequate supply of water available to the people of San Francisco at all times is our solemn obligation.

When sixty million gallons of water daily are added to our resources, San Francisco will be enabled to dispose of considerable quantities to our neighboring communities on the Peninsula. This will doubtless prove helpful in bringing about a reduction of rates in San Francisco for shipping, industrial uses and general domestic supply.

Hetch Hetchy Water Supply Construction

This project is destined, when entirely completed, to furnish water to four millions of people on the San Francisco Bay Peninsula. It is by far the most important improvement undertaken by the City. The year just past has seen most satisfactory advancement in the construction. Hetch Hetchy water is approaching San Francisco. Should an emergency arise, water could be brought into San Francisco within sixty days. Inasmuch as our water supply is adequate, consequent on the heavy rainfall in 1931-32 season, the Commission will properly continue on with its economic construction program, and from present indications pure mountain water from this source will be running into the local reservoirs by February, 1934.

At this time the construction department is ahead of the schedule specified when the contract was awarded for the completion of the

Coast Division in July, 1932. The low bid of the City has thus proven to be amply justified, since the cost is materially less than the figure bid by the City.

On November 14, 1932, an agreement was reached by the United States Department of the Interior and the Public Utilities Commission, which definitely fixed San Francisco's Hetch Hetchy water and power rights, and set up a program for administration of the affected area and for the fulfillment of City roads and trails construction and maintenance obligations.

Through this understanding it is estimated that the City will save more than $50,000 a year which it has heretofore been obligated to spend for maintenance and policing of Hetch Hetchy watersheds.

Hetch Hetchy Power Operations

Sufficient water is in storage to maintain full power operations of the City's Hetch Hetchy power system until the latter part of January. Operations after that time will be dependent upon the winter rainfall.

Up to November 30th, revenues from power operations were in accordance with the budget estimate, and likewise were the expenditures kept within the budget allocation.

Lighting of Streets and Public Buildings

It is, indeed, essential that our public thoroughfares be properly illuminated. A new lighting schedule was placed in effect on July 1, under which lights of the City are kept in operation for a longer period during the hours of darkness. A study for the construction of additional lighting facilities for Van Ness avenue and outlying districts is under way. Should, through the survey, corrections be found necessary they will be made. I am sure you will agree that our streets are properly lighted.

Through cooperation of the municipal departments our lighting costs for public buildings have lessened. I am pleased to report that this department, likewise, is operating well within its budgetary allotment.

San Francisco Airport.

Of major importance in San Francisco's Airport operations during the past six months was the announcement that the United Air Lines and its Pacific Coast subsidiary, Pacific Air Transport, was moving the San Francisco terminal of its coastwide service to the Municipal Airport, effective Tuesday, December 27th.

To accommodate these new tenants a new radio-broadcasting station is being installed and alterations have been made in the Administration Building. The revenues to be derived will include office rental and a fee for each passenger embarking or disembarking at the field.

Thus the City will derive an increasing revenue proportionate to the number of passengers carried by the field's tenants. It is hoped that the citizens of San Francisco will be generous in their patronage of this new air service, for their cooperation will not only spell for the permanency of our present tenant but will likewise tend to encourage others to avail themselves of our facilities.

During the fiscal year 1931-1932 the field operated at a loss of $80,000 per annum. I am very happy to report that during the first five months of this fiscal year this loss has been reduced to $1,500 per month.

With the possibility of additional tenants the deficit will be entirely overcome and the field will be operating on a paying basis.

I hold for this department a very bright outlook.

Bureau of Public Relations.

The Bureau of Public Relations of the San Francisco Public Utilities Commission was created on June 27, 1932, and started operations on July 6th. For the first time San Francisco's municipal public service enterprises obtained the advantages of a public relations organization

comparable to those uniformly maintained by privately owned utilities throughout the United Sttaes.

While this department has barely emerged from its formative period, it is amazing to note the statistics it has gathered and the information it has disseminated. The bureau, through its policy of cooperation, has materially contributed toward the establishment of a more cordial and clearer understanding between the City's utilities and the public.

Federal Building

I am quite pleased to report that some progress has been made in connection with this three million dollar Civic Center improvement. In order that this work could proceed it was necessary to acquire the land for right-of-way purposes for the extension of Leavenworth street from McAllster to Market. This was done at a cost of approximately $337,000 and the work has been completed. The land upon which the Federal Building is to be erected has been cleared, and I feel safe in predicting that construction work will start in the very near future.

Department of Weights and Measures

The Department of Weights and Measures has continued to function effectively as in the past, under the direction of Thomas Flaherty, Sealer of Weights and Measures.

Bay Bridges

Our progressive thought upon these highly important projects has sufficiently crystallized so as to enable me to assure you that within a very short time both undertakings will be well under construction. The Golden Gate bridge and the San Francisco East Bay bridge structures represent an outlay of nigh on to 125 million dollars, of which possibly 70 per cent will be distributed for labor.

The areas affected by these projects should receive the fullest benefits from the employments attending. I therefore suggest that your honorable Board pass proper resolutions importuning the directing heads of these projects that employments upon them be confined, in so far as it is practicable, to persons who have maintained a bona fide residence within the particular bridge area in which they are seeking work for a period of not less than one year prior to December 31, 1932; that copies of the resolution be sent to the proper bridge officials with the request that the widest publicity be given their employment policy, thereby overcoming an influx of itinerant unemployed from all over the country.

With the completion of these two gigantic projects I can visualize a finer and closer relationship being established between the municipalities of the bay area and the counties comprising the Golden Gate Bridge and Highway District, with benefits undreamed of mutually distributed.

Tax Rate

By your generous support of the budget that I presented for the fiscal year 1932-1933 a saving of eight cents on each one hundred dollars valuation was effected over the previous year. Our taxpayers evidenced their appreciation by meeting their tax obligations as did no other city of equal size in the country.

I have gone into the tax situation in a most intensive manner. The property owner cannot continue to bear up under the tax burden heretofore imposed upon him. Of the thousands of families receiving relief a large proportion of them are paying no rent; thousands of others are paying what they feel they can afford, and meeting this obligation indifferently. In most every other instance reductions in rent have obtained, and as for the commercial area I can safely say but few are meeting their leasehold obligations.

Gentlemen, our best thought and efforts in an economic direction must be put forth to lessen the tax burden of the property owner. We should approach the preparation of our municipal budget as we would our private business budget. As for myself, this has been and

will continue to be my policy. Economies must be effected in order that our tax rate this year be substantially lowered and relief given to the taxpayer.

Assessor's Office

Assessor Wolden will unquestionably be called upon by many property owners to make reappraisals of their holdings, with the hope that a reduction in valuation be made. This procedure must be carefully approached, for if care is not displayed a wide shrinkage of the tax roll will obtain, thereby defeating the purpose of a lower tax rate and causing those who did not participate in the reduced valuations to carry a disproportionate part of the tax burden.

Mr. Wolden, however, has a thorough understanding of all matters pertaining to his office and can be relied upon to meet this situation and dispose of it fairly.

Controller.

The office of the Controller, as evidenced by its various reports, has shown marked improvement in the general accounting structure and fiscal control of the City and County of San Francisco. This department, functioning under the direction of Mr. Leonard S. Leavy, to whom too much praise cannot be given for the conduct of this office, I feel can be properly referred to as the mainspring of the municipality's mechanical set-up.

Due to proper accounting, economy in administering appropriations, and proper adjustment of revenue procedures, the General Fund deficit of $810,639.30, as of June 30, 1931, and again recorded as of January 8, 1932, has been eliminated, and there was shown in the Controller's financial statement for the fiscal year ended June 30, 1932, a small surplus in said General Fund.

However, in a report filed December 17, 1932, the Controller again calls particular attention to the fact that San Francisco now operates on a cash basis, and stresses the cash situation as it may apply to the present fiscal year ending June 30, 1933.

The budget for the fiscal year 1932-33 estimated revenues on an accrual basis, which the Charter, in its fiscal provisions, as hereinbefore noted, provides for the operation of the City and County on a cash basis. It is evident, therefore, that the difference between the cash and accrual bases as budgeted, delinquent revenue, and budgeted revenues not realized, will cause certain curtailment in the allotments to be made for the ensuing half year. The Controller has advised me that he will shortly present a complete and comprehensive report on the cash situation.

Your honorable Board is thoroughly familiar with one phase of this situation, as recorded by you May 23, 1932, emergency Ordinance No. 9.021-89, which was approved to accommodate the necessary payrolls and expenditures for May and June of the fiscal year 1931-32. This cannot again obtain, and I insist every means must be taken and every caution used to preclude any impairment of the City's credit.

Section 66 of the Charter charges the Controller with the duty of auditing the accounts of all departments. The Controller has advised me, as contained in his report of December 17, 1932, that this work is progressing as rapidly as the facilities he has at hand permit. He has further advised me that he has in preparation the examination of the accounts of certain departments charged with regulation and inspection, to ascertain that the cost of such service has not been more than its fees or licenses received. I am informed that when the investigation is terminated, further recommendations for revenue ordinances may be submitted.

Through the activity of this department the following major accomplishments were effected:

(a) The balance sheet was submitted as of June 30, 1932, evidencing the fact that the theretofore deficit in the General Fund has been wiped out.

(b) The Charter provisions for a centralized accounting system and an accurate control of prior encumbrances, based upon availability of cash, have been substantially effected.

(c) An administrative ordinance for the centralization of payrolls and operation thereunder has been approved. Practically all payrolls are now prepared in the office of the Controller and distribution of pay warrants in the field, thus creating greater efficiency and large savings in time over the previous method, wherein all officers and employees called at the then Auditor's office for said warrants.

(d) The purchase procedure and the contract procedure ordinances initiated by this department were also passed during this period and all obligations thereunder are encumbered, based upon availability of cash.

(e) A revenue control has been installed and a monthly audit based upon the budget estimate with a view towards budget estimate with a view towards budget control, has been created.

(f) Warrants in payment of all obligations are prepared in the office of the Controller and thereafter mailed to creditors. The needy aged and the blind find it no longer necessary to come to the City Hall, as their warrants are also mailed to them.

Bonded Indebtedness

Limit of bonded indebtedness 12% of non-operative roll..		$125,953,785
Bonds outstanding December 1, 1932, to which the limit is applicable	$53,828,200	
Unsold bonds December 1, 1932, to which the limit is applicable	4,731,000	58,559,200
Limit of future issues		$ 67,394,585

Official Bonds

As required by sections 8 and 191 of the Charter the Controller prepared and there was submitted to your Board with my approval a complete report on bonds to be exacted of officials and employees.

Budget

The all-inclusive budget, as approved for the present fiscal year, is being rigidly adhered to, and no office, officer nor department has been permitted to expend in excess of the allotment made under the budgetary procedure. San Francisco is defintiely on a cash basis, and readjustments must be made during the allotment periods so that no deficits may accrue.

Tax Judgments

A complete report on tax judgments has been prepared, showing a liability against the City in the sum of approximately $483,000. It is hoped that as quickly as possible this liability may be liquidated so that the interest charges may be eliminated.

Mandatory Charges Met by City

In the report filed under Resolution No. 346, Board of Supervisors, there was presented to you a classification of budget appropriations for 1932-33. This evidenced that in a total budget of approximately $57,000,000, $14,000,000 was discretionary with either the Mayor or the tax-fixing body.

Chief Administrative Officer

On the Chief Administrative Officer the new Charter places responsibility for the efficient operation of thirteen City departments, namely: Department of Finance and Records; Works; Health; Recorder; Tax Collector; Registrar; County Welfare; Weights and Measures; Horticulture; Electricity; Purchasing; Real Estate; and Coroner.

Realizing the responsibility of the office and fully conversant with the qualifications of Mr. A. J. Cleary, I appointed him as Chief Administrative Officer, to which position he was inaugurated on January 8, 1932.

During the year of his incumbency Mr. Cleary has effected savings in every department under his jurisdiction and brought about a closer coordination and consequent increased efficiency among the various bureaus under his jurisdiction.

Purchaser of Supplies

On the honesty and efficiency of the Purchaser of Supplies depends in no small measure the economic administration of almost every City department. Mr. Thomas A. Brooks, Purchaser of Supplies, has, in the short period of his incumbency, rendered excellent service to San Francisco and, by conscientious effort, saved large sums of money to the taxpayer.

Department of Electricity

The Department of Electricity, under the direction of Ralph W. Wiley, has had charge of all electrical inspection on old and new buildings and the supervision of overhead electrical construction, sound apparatus, and the retail sale of electrical material, appliances and devices; also the operation, maintenance and extension of the fire alarm, police, traffic and pedestrian signal systems of the City; the installation and maintenance of radio equipment in Police and Fire Department cars.

Closer cooperation has been brought about during the past year between the Department of Electricity and the Fire and Police Departments with resultant increase of efficiency in all three departments.

Horticultural Commission

The Horticultural Commission of San Francisco is responsible for the enforcement of the agricultural laws of the State. Both wholesale and retail distributors of agricultural products are inspected and certificates issued. Fourteen hundred and fifty-two certificates were made during the past year.

San Francisco City and County Employees' Retirement System.

This bureau is under the management of the "Retirement Board," with Ralph R. Nelson, actuary, directly in charge. Through the expert force employed in the conducting of this bureau this system has developed to be one of the most substantial undertakings of its character in the United States.

Municipal Courts

This department has grown in the past several years quite perceptibly, due to legislative enactments which widened their field of jurisdiction. At present we have twelve Municipal Courts operating, and in order that you may be better able to determine the volume of cases that came before this department, I offer for the first eleven months of the year 1932 16,778 civil suits were filed, plus 6091 small claims actions. In addition to these, in the criminal departments of these courts there were 96,092 proceedings filed. The expenditures over this period were $201,129, and I am quite pleased to report that the receipts exceeded that amount by $1,558. I feel those in charge of this branch of the municipal government are serving efficiently and conscientiously.

Juvenile Detention

This department, as you well know, deals with the wayward youth, and too much attention cannot be given to its conduct. Discreet attention to the children who are unfortunately brought to this department many times spells for them a proper future. Children while under the care of the home are under constant supervision day and night, confined in individual rooms and segregated according to age and conditions on the separate floors of the building. School instruction is given them. They undergo a physical examination and are constantly under health supervision. Likewise, they are accorded supervised recreational indulgences. For eleven months ending November 30, 1932, this department cared for 1715 children.

City Attorney

It is difficult to convey an adequate impression of the increased work which the introduction of the new Charter placed upon the City Attorney's office. Legal interpretations of many of the sections were called for by the Board of Supervisors, and to City Attorney John J. O'Toole and his staff great credit is due for the able manner in which the introduction of the new Charter has been effected.

In addition, Mr. O'Toole's office has creditably handled all of the litigation of the City and County of San Francisco, including the tremendously important water litigation, consequent on the pending completion of the Hetch Hetchy project. Every department of the City government has been favored with the legal advice and guidance of the City Attorney on its legal problems and a great saving has been effected for the taxpayer by the splendid ability and untiring efforts of City Attorney John J. O'Toole.

Sheriff

The work in this department pertaining to the civil branch of it seems to increase each year. Sheriff Fitzgerald's report to me as of November 30, 1932, shows 33,956 processes served by his deputies. This does not include summons for jury service. Under writs of execution, over the same period, 267 auction sales were held by the Sheriff.

I am pleased to report that in the criminal department of the Sheriff's office the work has not materially increased. Enumeration of "prisoners' days" actually served by inmates confined in the County Jail for the period ending November 30, 1932, were 233,403, and the daily cost of each prisoner per day for subsistence and maintenance was $.25513, this being a decrease over the previous year, in cost, of $.07155 per day.

During the period above mentioned the Sheriff transported to State institutions 1054 persons. This included patients to State hospitals, wards to reformatories, and felons to State prisons.

New County Jail

The plans and specifications for the new County Jail have been completed, and I am informed that bids will be called for within the next thirty days. This new building, when completed, will be one of the most modern of its kind in the country. It will provide cell facilities for 600 prisoners and will be located upon the Sneath Ranch, in San Mateo County.

Recreation Department

The Recreation Department owns and operates sixty-two recreation units. At present 152.46 acres are devoted to playgrounds or recreation centers. Eight additional sites are now under construction and, when completed, will increase the total acreage to 203.59. In addition to playground indulgences, special activities, such as music, dramatics, swimming, gymnastics, athletics, junior Symphony Orchestra and more other fine programs are provided for the children. Attendance for the first five months of the present fiscal year totaled 2,482,375, an increase of 24.22 per cent over the same period of the previous year.

This department has undertaken a large share of the burden in the relief of unemployment, both in providing work for an average of approximately 700 men per day and in a very comprehensive program for the profitable utilization of their leisure time at various centers and playgrounds, where reading and game rooms, workshops and tools for making various articles of use are available. A total of fourteen units are now being operated for this purpose and a considerable expansion in the program is contemplated.

The Recreation Department is operating on the minimum appropriation fixed by Charter of 7 cents on each $100 assessed valuation and is functioning efficiently within its budget allowance, despite the greatly increased scope of its work during the present period of depression.

It is my opinion that no finer work is done by any of our departments than the work that is being carried on by this Commission. Through their splendid efforts we are assured of a future citizenry that can be depended upon to assume the responsibility of government. To Mrs. Sigmund Stern, President of this Commission, and her associated members, and to Miss Josephine D. Randall, Superintendent in charge, and her staff, we are indebted for the splendid work they are doing.

Traffic Advisory Board

The Traffic Advisory Board, consisting of the Chief Administrative Officer, the Chief of Police, Director of Public Works, Chairman of the City Planning Commission, Superintendent of the Department of Electricity, the Municipal Judge presiding over the Traffic Court, and a member of the Board of Supervisors, has held monthly meetings, effected the elimination of numerous arterial thoroughfares, improved the street traffic signal system, passed on numerous traffic ordinances submitted for consideration, and exerted every effort to minimize the number of traffic accidents.

The Traffic Advisory Board has enjoyed the cooperation of many of our civic organizations.

Coroner's Office

The conduct of the Coroner's office, under Dr. T. B. W. Leland, has been efficient and satisfactory. Constructive suggestions for minimizing fatal traffic accidents have been made. The statistics gathered by the department have proven instructive and helpful to the other departments. During the year 1932 this department investigated approximately 2200 cases.

Department of Finance and Records

Under Arthur E. Curtis, Director of Finance and Records, this department has developed in efficiency and service during the past year. Economies have been effected in every office under the jurisdiction of the Director of Finance and the budget of each subdivision materially reduced. Briefly I will touch upon the departments functioning under the Director:

To the Tax Collector additional duties have been assigned in the nature of collection of license fees from hotels, apartment houses and business establishments. The cooperation of the Police Department in effecting these collections has been asked. While to date little progress has been made in the actual collection, it is anticipated that by the end of the fiscal year a very substantial sum will have been paid into the City Treasury.

The force of the Registrar of Voters has been diminished and the part-time allowance for election officers decreased, thereby effecting a substantial saving.

The force in the Recorder's office and County Clerk's office have likewise been cut down and additional economies in these departments will be effected in the budget for the next fiscal year. It is hoped that the office of Public Administrator will be self-supporting and that the revenue from fees will exceed the budget allowance for this office.

War Memorial

The past fiscal year saw the completion of the War Memorial Buildings in the Civic Center. The Civic Opera House, one of the most imposing structures of its kind in the entire world, with appointments second to none, was opened in October. A successful opera season was presented to the public, and San Francisco's appreciation for the structure and the music presented during the opera season was attested by the fact that practically every seat was sold for every performance.

There is no disposition to rent the War Memorial Opera House in competition with privately financed entertainment features, and the building should be made self-supporting if such is possible.

The Veterans' Building, the twin structure of the War Memorial, is likewise completed. The various veterans' organizations have started moving in, and ere long all posts of the American Legion, as well as all veteran organizations, will be comfortably housed in this building.

These buildings are under the supervision of the Board of Trustees of the War Memorial. It is indeed to be regretted that the late Robert I. Bentley, first president of this Commission, who so painstakingly occupied himself with the details of these monuments to which he was so devoted, was denied the privilege of seeing his work completed. With reverence I offer tribute to his memory.

To Honorable Kenneth R. Kingsbury, the present chairman, and his Board of Trustees I would like to take this opportunity to express my sincere appreciation for their splendid cooperation.

Probation Departments

These departments, wherein lies the entire responsibility of all adult and juvenile probation work, are extremely important units in our municipal structure. Their importance, I fear, is sometimes underestimated. Thousands of cases are handled through these departments annually, each one presenting its own peculiar problems. The work is highly sensitive and extreme discretion must at all times apply.

School Department

In harmony with certain suggestions contained in my inaugural address of January 8, 1932, the Board of Education proceeded to have a survey made of this department and, when completed, institute such reforms and corrections as, in their judgment, were found necessary for the betterment of the service.

During the progress of this survey, which is still incomplete, the 1932 Grand Jury conducted an independent investigation of this department and, as the result of its findings, made some very drastic recommendations to the Board of Education.

In view of the above circumstances, and sensing the possibility of a misconstruction being placed upon what I might offer, I feel at this time that my reaction to the department's policies should not be incorporated in this message. I have, however, had several conferences with the President of the Board, Mr. Ira W. Coburn, and Mr. Philip Lee Bush, chairman of its finance committee, at which was preliminarily discussed the possible curtailments in the 1933-1934 budget.

I have been assured of their fullest cooperation.

Public Defender's Office

On June 1, 1932, I found it necessary to remove Mr. Frank J. Egan from his position for misconduct in office, and on June 14, 1932, he was properly tried upon these charges by your honorable Board and my position sustained.

Egan was subsequently tried for the murder of Mrs. Jessie Scott Hughes and likewise found guilty, and at present is confined in the State prison at San Quentin.

The municipality expended, in connection with the Egan matter, nigh on to ten thousand dollars. I have felt and still feel that the office of Public Defender should be made, at least in part, to absorb this expense; provided, however, it could be done and not interfere with the proper functioning of the department. With this thought in mind I have deferred the appointment of a Public Defender, thereby effecting a saving of $666.66 per month. I keep advised as to the department's operations and find that the present personnel of the office has conducted its affairs properly.

In my recommendations of the 1933-34 budget certain curtailments will be reflected in order that my economic program will not be interfered with. You may feel certain that some time after the adoption of this budget I shall appoint a Public Defender to fill the present vacancy.

Department of Public Health

The prolonged depression has placed an exceedingly heavy burden on the Department of Public Health. For the present fiscal year the budget allowance provided for 900 patients at the County Hospital and 1650 patients at the Relief Home. At present 1150 are being taken care of in the former institution and 1800 in the latter, or an increase of 15 per cent over the number provided for in our budget.

The health of the community is its greatest asset. No niggardly policy should be followed as regards public health, even in times of great financial stress—in fact, the greater the stress the greater is the need of additional health precautions.

The only two departments whose budget allowance was increased during the past fiscal year were the Health Department and the Department of Social Welfare, both increases directly attributable to the stringency of the times.

One of the most serious conditions with which the Health Department had to cope was an occurrence of several epidemics of poisoning. The efficiency with which the cause was promptly ascertained and the stringent remedial measures adopted were responsible for the fact that no fatalities resulted from any of the epidemics. A stricter inspection was put in force by Dr. Geiger, with results beneficial to the community.

Occupancy of the Health Center Building, adjacent to the City Hall, will centralize the functions of this department and facilitate efficient administration.

The Division of School Health Supervision has made progress in the service of school children, some 47,000 having been given thorough physical examinations in public and private schools. The parents of the children are invited to be present during the physical examinations, and a more complete understanding of the children's condition may be imparted in this manner. The policy of the Department of Health is not to communize medical treatment but to emphasize the necessity of adequate care under the jurisdiction of the family physician. Only in cases where the parent is unable financially to engage a private physician is care extended or clinical treatment provided.

County Welfare Department

Care of the indigent, aged, the orphan and the blind devolves upon the County Welfare Department, under the able direction of Miss Eugenie Schenk. Due to the depression the work of this department has also been greatly increased. In a typical month some 1200 aged, 400 orphans, 420 widows and 180 blind are provided for. Half of the expense thereof devolves upon the State.

It is the policy of the County Welfare Department to administer aid not by perfunctory procedure bound up with red tape, but in a personal and friendly spirit of helpfulness to the individual. This service is performed by trained welfare service workers, imbued with high ideals of public service and willing to spare no personal effort in order to accomplish the greatest good with the funds available for the purpose.

Police Department

Excellent service has been rendered the citizens of San Francisco during the past year by the Police Department, under the direction of our Police Commission, composed of Theodore J. Roche, Frank J. Foran and Dr. Thomas E. Shumate, and Chief William J. Quinn. Through the efforts of this department our City is rated as the cleanest city in the United States, free from gangsterism, gang wars, and general racketeering. The records of arrests, as shown in the last annual report, total 69,817, which figure indicates that persistent effort is being put forth in the prevention of crime and in enforcing law and order. Of 4483 automobiles stolen during the year, 4420 were recovered. Of property stolen, approximately 60 per cent recoveries were effected. The work of the Traffic Bureau in enforcing city traffic

ordinances and provisions of the California Motor Vehicle Act resulted in imposition of fines to the amount of $89,533.50.

A potent factor in the repression of crime has been the establishment of the "Radio Patrol Corps," consisting of automobiles equipped with receiving sets, which cruise about various police districts, always on the alert and prepared for immediate action upon receipt of radioed messages from the Bureau of Inspectors.

Due to the recognized efficiency of San Francisco's Police Department a substantial reduction has been made during the past year in burglary insurance rates. The splendid spirit of cooperation that exists between the Police Department, the Fire Department, the Department of Electricity, and all allied municipal branches, as well as the honesty and spirit of service of the Chief of Police and Police Commissioners, is responsible for the efficiency of San Francisco's police force.

Fire Department

Approximately 7500 firm alarms were responded to in San Francisco during the past year. Over 1100 of these were false alarms, which the Fire Department and the Police Department have been endeavoring to minimize, and it is to be hoped they will be successful.

San Francisco, by reason of its topography, has at all times a serious fire hazard, but under the splendid leadership of Fire Chief Charles J. Brennan a low insurance rate against fire hazard has been maintained. Our Fire Department is recognized throughout the United States as superior to most and second to none, despite the fact that necessary rigid economies have been exercised during the past year. We could without extravagance at this time augment our fire-fighting apparatus and replace several of the existing fire houses, but extra effort on the part of the department in maintaining existing apparatus to a proper standard of efficiency has made possible such economy. The Fire Prevention Bureau has contributed toward reduction in a number of conflagrations, and the splendid cooperation of the Police Department and the Departmenut of Electricity, together with able leadership, has gained merited recognition for the members of the Fire Department.

To the Fire Commission, Honorable Alfred Ehrman, Cesare Restani, and Dr. Thos. R. Creely, and to the officers and memoers of the department I offer my compliments for their splendid service.

Civil Service Commission

The work of the Civil Service Commission was of immeasurable assistance in preparing the details for the new Charter. This department had a very great burden of additional work imposed on it in connection with the installation of this instrument. During several months prior to January 8 the Commission and its staff worked most diligently with the several committees appointed for the installation and proper functioning of the new Charter.

The provisions of the new Charter have broadened the scope of the activities of the Civil Service Commission and have made possible a better administration of civil service procedure.

During the past year the Commission has completed 158 examinations in which 8500 applicants participated and has under way approximately 85 other examinations. In addition to this there are on file 4500 petitions of persons who are desirous of taking examinations in the future. Heretofore the number of examinations has ranged from 10 to 20 per year. This great increase in number of examinations has been due to the fact that the Commission's new classification of duties based on duties and responsibilities of the employments involved is now in effect, and because the provisions of the Charter limiting non-civil service appointments to 90 days in any fiscal year are being enforced rigidly.

I am glad to report that civil service administration is functioning in strict accordance with the ideal of the merit system, and I express my appreciation to members of the Commission and its efficient staff.

Commissions

City Planning, Board of Permit Appeals, California Palace of the Legion of Honor and the M. H. deYoung Memorial Museum.

Among these groups there is a fine and cordial cooperative spirit existing. The several boards are properly composed. Their business is conducted with a full regard for our Charter and each group is liberally and creditably contributing to the successful operation of our municipal government.

Libraries

Our San Francisco Public Library is one of the outstanding institutions of its character in the country. This exchange, including its branches, has listed approximately one-half million volumes. Annually it issues for home use in excess of 2,500,000 books.

In addition to this, caused by the enforced idleness of so many, the reading rooms of our libraries have been taxed to their capacity. So you can readily visualize the confusion that would obtain should less efficient persons be in charge of this bureau.

What is true of the San Francisco Public Library applies proportionately to the Law Library. We are indeed fortunate that these two departments operate with such splendid regulation.

Parks

Golden Gate Park: Golden Gate Park, with its rolling meadows and vistas of greenery, is the internationally famous scenic attraction of the Pacific Coast. Its recreational and health-giving facilities are a constant source of pleasure to our citizens.

During the past year, in spite of reduced annual budget allowance, by the efficient supervision of the Park Commissioners and the vigilance of Superintendent John McLaren, Golden Gate Park is still a model for other Pacific Coast cities to pattern.

The funds for the operation and maintenance of parks and squares is made available by the mandatory provision of our Charter setting aside a minimum of 10 cents on each $100 assessed property valuation for that purpose.

Many of San Francisco's citizens are gainfully employed in maintaining our park beauty spots. In order that a full complement of men continue on, a shorter working week was put into operation.

Palace of Fine Arts: The work of restoration of the magnificent rotunda of the Palace of Fine Arts is rapidly progressing and has reached a stage where further deterioration of this classic structure need not be feared.

Within the Palace of Fine Arts proper San Francisco now has the largest indoor tennis center in the world—fourteen tennis courts are now in operation from early in the morning until midnight.

Sharpe Park: In April of last year San Francisco opened at Sharpe Park its third municipal golf course. This new course has been a source of unfailing delight to our golf-minded citizens and has elicited much favorable comment from the hundreds of tourists who have availed themselves of its facilities.

The entire park system, with its inexpensive pleasures, is truly a great aid to the decreasing family budget. It supplies healthy recreation at little or no expense.

Aquatic Park: The recreation pier at Aquatic Park is now rapidly nearing completion, and when completed will form a safe bathing area and enclosed harbor for our aquatic-minded San Franciscans.

Probation Departments

The Juvenile Probation Department for the first eleven months of 1932 expended for the maintenance of minors $628,000. At present it is providing care for 90 children in State institutions and approximately 2900 monthly in private homes and legal institutions.

Office of Treasurer

This department is the fiscal agency of our municipality. All transactions wherein receipt or disbursement of funds or the handling of

municipal bonds are concerned pass through this important bureau. Captain Duncan Matheson, Treasurer, and his efficient staff are responsible for the proper conduct of this department.

This department for the fiscal year handled $147,862,884. The interest on deposits in bank amounted to $371,247.04. The bureau redeemed, in municipal bonds, $6,000,000, and 365,000 coupons, aggregating about $6,000,000. During the year 1932 425,000 demands passed through this department.

The Controller makes a monthly audit of the Treasurer's office. The last complete audit, of November 30th, revealed all accounts and cash balanced. December audit is now under way.

Department of Public Works

Centralizing authority in the Director of Public Works has been responsible for closer coordination with the various bureau heads and consequent increased efficiency and economy in administration. Director of Works William H. Worden has shown marked ability in the management of the Department of Works.

Introduction of competitive bidding for supplying trucks and wagons has effected a saving. The entire department has been placed on a business basis. Promiscuous payment for overtime has been discontinued.

The bureau has awarded contracts since July 1, 1932, in the aggregate of $172,480. Plans and specifications are under way and bids will be called for at an early date for improvements the estimated cost of which is $1,035,641. Work in progress:

Sunset boulevard, section "A", $117,077; 85 per cent complete.

Third street and Channel street bridge contract, price $552,590; 53 per cent complete.

The Art Commission

The Art Commission, created by the new Charter, has functioned ably and efficiently during the past year. To its members, headed by Lewis P. Hobart, president, San Francisco is indebted for the many accomplishments effected since its inception.

The Commission, realizing that San Francisco is a music-loving municipality, put forth its best efforts to meet the requirements of its citizens who are inclined in that direction.

Under the direction of Honorable J. Emmet Hayden, Chairman of the Music Committee of the Art Commission, many splendid popular concerts were held under the Commission's auspices. I am happy to advise you that each of these concerts was accepted by a capacity attendance. The committee recognized no criterion but excellence in the selection of its artists and musical entertainment. Despite the depression we have maintained our reputation as the artistic center of the United States.

I have very briefly outlined the status of the various municipal departments. I have refrained from adverse criticism of any department, believing that each department head is now striving to increase the efficiency of the bureau under his or her jurisdiction. However, in each department additional economies are possible and increased efficiency obtainable.

Close cooperation between the various City departments is absolutely essential to efficient government. It is my belief that during the year just past this condition in all departments has been more assertive than ever before. General recognition that service to the public and economy in municipal government are the ideals toward which this administration is striving has resulted in marked advancement in every City department.

To the various department heads whose energetic efforts have been effective during the past year in enabling reduction of taxes and more efficient service I express my thanks. To all City employees who have cooperated in wiping out the deficit of $1,200,000 which confronted us at the beginning of 1932, and who have brought to their respective departments a higher degree of efficiency, the City is indebted.

To the City employees who have contributed generously and without coercion from their salaries toward relief measures just recognition is due from the citizenry of San Francisco.

I am confident that during the year 1933 additional progress in the conduct of San Francisco's municipal affairs will be noticeable, and I bespeak the cooperation of not only the City employees but all of the citizens in helping to maintain San Francisco's place as the most prosperous city in the world.

Respectfully submitted,

ANGELO J. ROSSI, Mayor.

In re Relief Funds.

After the transaction of other business the following proceedings were had in connection with relief funds:

On motion of Supervisor Colman, Adolph Uhl was granted the privilege of the floor and read the following into the record and protested the sale of the Relief Bonds:

January 7, 1933.

Mr. Adolph Uhl, 156 Eddy Street, San Francisco, California.

Dear Mr. Uhl: According to your instructions we obtained some data at the City Controller's office with respect to the budget appropriation for unemployment relief and the bond fund available for unemployment relief.

We were shown Account No. 79, which showed the budget appropriation of $1,000,000 for unemployment relief and expenditures of $1,009,582.27 charged against this appropriation, resulting in an apparent over-expenditure of $9,582.27 as of December 31, 1932.

We were informed that the Treasurer's balance of the unemployment bond fund at December 31, 1932, was $1,363,647.04. Against this amount there were outstanding warrants and unexpended encumbrances approximating $680,000. We were informed that the available cash in this fund, after deducting outstanding warrants and encumbrances, at December 31, 1932, was as follows:

Unappropriated bond sale proceeds, approximately	$273,000.00
Available balance per City Controller's record	105,993.30
Amount proposed to be transferred to the General Fund, approximately	378,000.00
Total	$756,993.30

The above amount include sthe emergency appropriation of $100,000, which presumably is carried by the City Treasurer as a part of the General Fund, and, accordingly, the available balance in the unemployment relief bond fund is approximately $656,993.30.

All the above figures were not obtained from ledger records, but data submitted for our inspection by Mr. H. D. Ross was believed to be accurate and is the basis for the principal figures noted above.

We acknowledge the courteous and helpful cooperation of Mr. H. D. Ross in our investigation.

Sincerely yours,

HICKLIN & REDMOND,
Certified Public Accountants.
By B. H. HICKLIN.

January 9, 1933—Filed by Mr. Uhl with Board.

Statement of H. D. Ross, City Controller's Office, in Answer to Foregoing.

SUPERVISOR MILES: We have read the letter presented by Mr. Adolph Uhl here today, which was very misleading and did not bring out the facts. We now have the report as recompiled by Mr. Ross, of the Controller's office, and submitted to the Finance Committee, and at this time I will ask the floor for Mr. Ross for a few minutes, in order

to show that these finances were as we reported them; that is, that we had less than $250,000 in cash available, and that that would be taken up by the middle of January if we continued on the basis we had been, of paying out about a half a million dollars a month, and that is why I now ask the floor for Mr. Ross in order that he may explain the situation, and in so doing I will ask that he cover Mr. Uhl's letter, paragraph by paragraph, as Mr. Uhl brought in here facts which are not correct.

THE PRESIDENT: Mr. Ross has the floor.

MR. H. D. ROSS (City Controller's office): Mr. Uhl, in the second paragraph of his letter, states that they were shown Account No. 79, which showed a budget appropriation of $1,000,000 for unemployment relief and expenditures of $1,009,582.27, resulting in an apparent over-expenditure of $9,582.27 as of December 31, 1932——

SUPERVISOR McSHEEHY (interrupting): Mr. President, I don't want to interrupt, but I am going to ask, as a member of this Board, that a transcript be made of the statement being made by Mr. Ross, and I, as one member of the Board, would ask for that transcript——

THE PRESIDENT: Supervisor McSheehy, that will be properly in order when Mr. Ross has completed.

Proceed, Mr. Ross.

MR. ROSS: The Board of Supervisors, in adopting the annual appropriation ordinance, provided, under Account No. 79, $1,000,000 for unemployment relief. The bond issue for unemployment relief was put before the people in August for a vote, and after it had been approved the Board of Supervisors, during the month of September, and during the time they were fixing the tax levy, passed an ordinance known as Bill No. 152, Ordinance No. 19.0712 (New Series), which provided that expenditures for relief during the month of September, and prior to the sale of the bonds that had been previously approved, would be paid out of whatever moneys were available in the City Treasury. The moneys that were available at that time for that purpose were in appropriation No. 79, and were expended from appropriation No. 79. The over-expenditure in that appropriation in excess of $600,000 is to be refunded out of the sale of bonds in the amount of approximately $371,000, and the balance from the emergency reserve appropriation. The $400,000 difference in the appropriation between the $600,000 actually expended and the $1,000,000 appropriation was used by the Board of Supervisors in fixing the tax levy as a deduction from income.

Mr. Uhl, in the second paragraph of his letter, states that there was a balance in the bond fund as of December 31, 1932, of $1,363,647, and he itemized as follows the available cash in the fund after deducting outstanding warrants and encumbrances:

Unappropriated bond sale proceeds, approximately	$273,000.00
Available balance per City Controller's record	105,993.30
Amount proposed to be transferred to the General Fund, approximately	378,000.00
Total	$756,993.30

The true statement of that account is:

Warrants outstanding	$ 48,959.00
Due to the General Fund for September advances	371,878.00
Emergency appropriation	10,000.00
A supplemental revolving fund appropriation not withdrawn	10,000.00
Appropriation by the Board of Supervisors for legal expenses	3,000.00
Obligations of the bond fund not paid	585,170.00
Unappropriated available balance	242,956.00

Mr. Uhl's letter recites facts, but he does not include all of the facts pertinent to the case; he has omitted entirely obligations against the funds that brings his sum up to $1,363,000 odd.

SUPERVISOR McSHEEHY: I will ask the Board for a copy of the transcript of the statement just made by Mr. Ross.

THE PRESIDENT: That must be by motion and approved by the Board.

SUPERVISOR McSHEEHY: That is true; I understand that, Mr. President. And I am making a motion that the statements just made by Mr. Ross be transcribed, and that I be furnished a copy of such transcript. My reason for the motion is that I brought in a resolution here some three or four weeks ago requesting this report, and I have not received any report to date. It might have been filed, Mr. Ross, I do not claim that it has not been, but I have never received any copy, and I therefore make that motion.

SUPERVISOR HAVENNER: Second the motion.

SUPERVISOR COLMAN: Second the motion.

THE PRESIDENT: It has been regularly moved and seconded that a transcript be made of the statement before the Board by Mr. Ross and filed with the Board.

SUPERVISOR McSHEEHY: Yes, and I will ask that our Clerk furnish each member of the Board with a copy of that report later.

THE PRESIDENT: The question is on the adoption of the motion by Supervisor McSheehy, seconded by Supervisor Havenner. Is there any objection?

(No response.)

There being no objection, such will be the order.

PRESENTATION OF PROPOSALS.

Sale of Relief Bonds—3 P. M.

Sealed bids for the purchase of certain bonds of the City and County of San Francisco, State of California, to be received by the Board of Supervisors up to the hour of 3 o'clock p. m. on Monday, January 9, 1933, and to be opened by said Board at said time.

The bonds offered are described as follows:

Two million one hundred and sixty thousand dollars of Relief Bonds, dated September 1, 1932. Said bonds will bear interest at rate or rates not to exceed 6 per cent per annum as shall be named by the bidder, interest payable semi-annually March 1 and September 1; comprising 180 bonds of one thousand dollar denomination, maturing each year from 1936 to 1947, inclusive.

The Finance Committee shall fix the terms and conditions of sale.

The right is reserved by the Board of Supervisors to reject any and all bids.

The bonds offered are tax exempt, State and federal.

All proposals for the purchase of said bonds shall be accompanied by a deposit of 5 per cent of the amount bid, in lawful money of the United States, or by a deposit of a certified check payable to J. S. Dunnigan, Clerk of the Board of Supervisors of the City and County of San Francisco, for a like amount, provided that no deposit need exceed the sum of $10,000, and that no deposit need be given by the State of California, which money or check shall be forfeited by the bidder in case he fails to accept and pay for the bonds bid for by him, if his bid is accepted.

The bonds will be awarded to the bidder or bidders offering to purchase the same, bearing the lowest rate or rates of interest, and if two or more bidders offer to purchase the bonds bearing the same lowest rate or rates of interest, the bonds will be awarded to the bidder offering to purchase the same, at such rates of interest and in such amounts that the net interest cost to the City and County of San Francisco of the accepted bid will be the lowest net interest cost, considering the amount of interest to be paid on said bonds during the life thereof at the rates specified, and deducting any premium or premiums bid in addition.

The approval of Thomson, Wood & Hoffman, attorneys, New York, as to the legality of these bonds will be furnished to the successful bidder without cost.

This notice is given pursuant to the direction of a resolution of the Board of Supervisors adopted December 27, 1932.

SPECIAL ORDER—3 P. M.

Appeal From Decision of City Planning Commission Denying Permit to Rezone Northeast Corner of Oak and Franklin Streets.

Hearing of appeal from the decision of the City Planning Commission denying an application to rezone, from Second Residential District to Commercial District, property located at the northeast corner of Oak and Franklin streets.

Privilege of the Floor.

Matthew J. Dooley, attorney representing the appellants, was granted the privilege of the floor. He declared that there was no objection on the part of his clients to the insertion in the record of a stipulation to the effect that an oil or gas station would not be erected on the property to be rezoned.

Clayton H. Garvey, representing Miss Curly and other property owners, declared that such a stipulation would have no legal force or effect.

W. W. Chapin, president of the City Planning Commission, did not think the stipulation would mean anything if someone else purchased the property.

Refused Adoption.

Whereupon, the following resolution was presented and *refused adoption* by the following vote:

Disapproving Decision of City Planning Commission Denying Application to Rezone Property at the Northeast Corner of Oak and Franklin Streets.

(Code No. 13.02)

Resolution No. 581, as follows:

Resolved, That the appeal from the decision of the City Planning Commission denying an application to rezone property located at the northeast corner of Oak and Franklin streets, by Resolution No. 793, is hereby disapproved.

Ayes—Havenner, Miles, Roncovieri—3.

The following recommendation of the Judiciary Committee was, on motion, *laid over one week*:

Investigation of State Legislation Affecting San Francisco.

(Code No. 9.051)

Bill No. 228, Ordinance No. 9.05136, as follows:

Providing for the investigation by the Judiciary Committee of the Board of Supervisors and the City Attorney of all bills introduced in the 1933 session of the Legislature of the State of California, in so far as said bills affect the City and County of San Francisco, and providing for the expense thereof and making an appropriation for said expense.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That the Assessor of the City and County of San Francisco and the City Attorney have advised the Board of Supervisors that in all probability there will be many measures offered in the coming session of the Legislature which will have to do with the curtailment of the amounts of money now received from the State of California by the City and County of San Francisco, and if such measures are adopted and such curtailments made it would tend to increase the tax rate to be paid by the taxpayers of the City and County of San Francisco.

Section 2. That for the purpose of investigating the various measures which may be presented to the 1933 session of the State Legislature and protecting the interests of the City and County of San Francisco and the taxpayers thereof, as far as this can be lawfully accomplished, the Judiciary Committee of the Board of Supervisors and the City Attorney, or one of his assistants to be selected by him, are hereby directed to examine and investigate all measures introduced in the 1933 session of the Legislature of the State of California and to make weekly reports to this Board of all measures which may in any way affect the City and County of San Francisco or the taxpayers thereof, and also to take such steps as may be lawful and proper to oppose the passage of any legislation which will adversely affect the interest of said City and County of San Francisco or its taxpayers, and in a like manner to advocate the passage of any and all measures which may be for the benefit of the City and County or of the residents and taxpayers thereof.

Section 3. That the said members of the Board of Supervisors and the said City Attorney be allowed their actual expenses in carrying out the purposes of this ordinance.

Section 4. That many of said measures which may be introduced in the State Legislature may involve the welfare of the citizens of the City and County, as well as the property of said City and County, and that for the purpose of meeting the expense of investigating said

measures and reporting thereon the sum of two thousand ($2,000) dollars is hereby appropriated from the 1932-33 Emergency Reserve Fund, from which said sum the Controller is requested to draw his warrant reimbursing any of the members of the above-mentioned committee for their expenses in carrying out the purpose of this ordinance when proper vouchers are submitted to said Controller showing payment of said expenses.

The following recommendation of the Public Health Committee was *laid over one week*:

Swill Ordinance.

(Code No. 3.041)

Bill No. 208, Ordinance No. 3.04116, as follows:

Providing for the issuance of permits by the Director of Health and imposing a fee upon persons, firms or corporations collecting swill in the City and County of San Francisco; providing penalties for the violation thereof, and repealing all ordinances or parts of ordinances in conflict therewith.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The term swill, when used hereinafter, shall be applied to and be construed to mean waste food products from hotels, restaurants, hospitals and institutions or food dealers, which waste is kept separate from non-food waste.

Section 2. Every person, firm or corporation engaged in the business of collecting swill or hauling swill through any street or public place in the City and County of San Francisco shall obtain a permit from the Director of Health to so do, and no person, firm or corporation shall engage in the business of collecting swill in the City and County of San Francisco, or haul the same through any street or public place therein without first having obtained such permit.

Section 3. The Director of Health of the City and County of San Francisco shall have power to establish rules and regulations governing the collection and disposal of swill in accordance with the United States or State laws or ordinances of the City and County of San Francisco. The permit granted to any person, firm or corporation to collect or haul swill pursuant to this ordinance may be revoked for the violation of any rule or regulation so established by the Director of Health.

Section 4. The Director of Health shall not grant or refuse to grant, or revoke any permit under this ordinance except after a full hearing, publicly had on the matter of granting, refusing to grant or revoking such permit, at which the applicant or permittee may appear in person or by counsel, and all competent evidence offered in support of the application to grant or revoke said permit shall be heard by said Director of Health. In the granting or refusing to grant, revoking or refusing to revoke any permit hereunder the Director of Health shall exercise a sound discretion as to what shall be for the best interests of the City and County of San Francisco.

Section 5. Permits issued by the Director of Health as provided herein shall be forwarded to the Tax Collector and issued to permittees upon the payment of a $25 fee to cover the cost of inspection and regulation as provided for by the Director of Health.

Section 6. Permits issued hereunder shall be for a period of one year and shall be renewed by the Tax Collector upon the payment of the fee provided for herein unless said permit shall have been revoked by the Director of Health.

Section 7. If any section, sentence, clause or phrase of this ordinance is for any reason held to be inconsistent or invalid, such decision shall not affect the validity of the remaining portion of this ordinance. The Board of Supervisors of the said City and County hereby declare that it would have passed this ordinance and each section, sentence, clause or phrase, irrespective of the fact that any one or more of said sections, sentences, clauses or phrases be declared inconsistent or invalid. Any person, firm or corporation violating any provision of

this ordinance shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than $500 or by imprisonment in the County Jail for not more than six months, or by both such fine and imprisonment.

Controller and Purchaser to Make Survey to Determine Effect of Adopted Wage Scale on Local and California Business.
(Code No. 9.092)

On recommendation of Commercial Development Committee.

Resolution No. 576, as follows:

Whereas, the subject-matter of whether or not shop rates in the metal trades should be included in the ordinance providing for the inclusion of wage scale on public contracts was a matter of considerable controversy recently in the Board of Supervisors; and

Whereas, it is necessary that this disagreement be cleared up, in the interests of workmen and their employers; now, therefore, be it

Resolved, That the Controller and the Purchaser of Supplies are hereby requested to make a survey as of January 8, 1933, to and inclusive of April 15, 1933, and to advise this Board whether or no the placing of shop rates in the specifications and the compliance therewith deprived local and California manufacturers of the business involved.

On motion of Supervisor Gallagher the following recommendation of the Supervisors' Committee on New Charter Installation was *laid over one week and made a Special Order for 3 p. m.*:

Licensing Wholesale Peddlers of Wood, Coal and Charcoal.
(Code No. 3.041)

Bill No. 207, Ordinance No. 3.04117, as follows:

Imposing a license tax on wholesale peddlers of coal, charcoal or wood, defining such wholesale peddlers; providing for the identification of vehicles operated by such licensed peddlers; requiring a permit to be issued by the Chief of Police and a bond to be filed by such licensed wholesale peddlers.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Every person, firm or corporation engaged in the business of a wholesale peddler, peddling coal, charcoal and/or wood at wholesale shall pay an annual license to the City and County of San Francisco in the sum of $500, said license to be paid at the time of issuance thereof.

Section 2. For the purpose of this ordinance a wholesale peddler is defined to be and include all persons, both principal and agent, and all firms, corporations, partnerships or any other joint or singular enterprise engaged in by a person or persons not having a regular fixed and established place of business in the City and County of San Francisco, who travel from place to place or have a stand upon any public street, sidewalk or alley or any other place, unenclosed or vacant lot or parcel of land, and who sells, or exhibits or offers for sale, any of the commodities or products mentioned herein to dealers for the purposes of resale, or to any public institution, hotel or restaurant within the City and County of San Francisco. The person or firm so engaged shall not be relieved from the provisions of this section by

reason of association, temporarily, with any local dealer or merchant, or by conducting any temporary business in connection with, or as a part of, or in the name of any local dealer or merchant. Any sale by a peddler to a dealer, for the purpose of resale, or to a public institution, hotel or restaurant, shall classify him as a wholesale peddler, and in addition to being guilty of a violation of this ordinance, he shall be liable for the difference between that which he paid for a license as a peddler and what he should pay as a wholesale peddler.

Section 3. Each such peddler shall have his name, address and number of his license printed conspicuously on both sides of his truck or other vehicle in letters and figures not less than three inches in height, and he shall always carry the permit hereinafter provided for with him and shall exhibit the same whenever required by any police or other officer authorized by the laws of the City and County of San Francisco.

Section 4. It shall be unlawful for any person to engage in the calling of a wholesale peddler within said City and County of San Francisco without having first obtained a permit from the Chief of Police thereof upon a written application and after a hearing thereon, and without first having filed a bond and paid the license fee provided for in this or other ordinances.

Section 5. Upon payment of the license fee to the Tax Collector of said City and County he shall issue a numbered license to such wholesale peddler, but no license shall be issued by the Tax Collector to any such wholesale peddler until and unless the aforementioned permit has been issued and such applicant shall have first filed with the Controller of the City and County of San Francisco, and the same has been approved by said Controller, a liability insurance policy or bond, executed by the applicant, as principal, and a surety company, qualified and authorized to do business in California, as surety, in the sum of $5,000, to adequately protect the interests of said City and County and the public in the particulars hereinafter set forth; which policy of insurance or other bond shall bind the obligors thereunder that such applicant shall fully comply with the provisions of this ordinance and with the provisions of all other applicable ordinances of said City and County and the statutes of the State of California regulating or concerning the sale of the commodities or products in this ordinance mentioned, by peddlers, and shall pay all judgments rendered against such applicant for any violation thereof to the person recovering such judgments, and shall pay all judgments rendered against the applicant for injuries to persons and loss or damage to property resulting from the negligent operation of the business of such peddler within said City and County of San Francisco, and shall pay all judgments recovered by any person against said applicant arising out of any misrepresentation or deception practiced upon any person transacting business with said applicant as such peddler within said City and County; and any person injured by such negligent operation of said business or having a claim or cause of action as herein provided shall have a right of action directly on said policy or bond.

Section 6. Sections 1, 2, 4 and 5 of this ordinance shall not apply to any coal miner who peddles coal mined by him except as in this section provided. Such miner shall be required to obtain the permit herein provided for, but shall be entitled to such permit without the payment of said license fee; provided, however, that such miner shall first file with the Chief of Police of the City and County of San Francisco, in connection with his application for a permit, an affidavit setting forth his name and address, the amount and variety of coal he proposes to sell, the place where said coal is mined, and that said coal was actually mined by him; provided, however, that any miner as herein defined who shall engage in the business of such peddling shall not remain in any one place upon a street, alley or sidewalk in the City and County of San Francisco or between the same two blocks on any street in the City and County of San Francisco, or opposite the same block on the same street in the City and County of San Francisco, or

within the same block upon any alley in the City and County of San Francisco, or within 1000 feet of the boundaries of the fixed place of business of any wholesaler of coal for more than thirty (30) minutes at one time while actually engaging in such business of peddling.

Section 7. Any peddler, as herein defined, who shall engage in the business of such peddling, shall not remain in any one place upon a street, alley or sidewalk in the City and County of San Francisco, or between the same two (2) blocks on any street in the City and County of San Francisco, or opposite the same block on the same street in the City and County of San Francisco, or within the same block upon any alley in the City and County of San Francisco, for more than thirty (30) minutes at one time while actually engaging in such business of peddling.

Section 8. Any permit issued under and pursuant to the provisions of this ordinance shall remain in force for the period of one year from and after the date of its issuance unless revoked, and any person, firm or corporation desiring to renew any permit issued pursuant to the provisions of this ordinance shall make application to the Chief of Police of the City and County of San Francisco for the renewal thereof, which application for renewal shall be made in the same manner as for the issuance of said original permit.

Section 9. Any permit issued pursuant to the provisions of this ordinance may be revoked by the Chief of Police for any violation of the condition of said permit or for any violation of this ordinance by the holder of said permit. Before any permit shall be revoked by the Chief of Police, notice in writing shall be given to the holder of said permit of the time and place of hearing the matter of the revocation of said permit, which said notice shall briefly state the reasons for revoking said permit, and shall be mailed to the holder of said permit at his place of business or residence, as the same appears on his application for said permit, and when said notice is so mailed the Chief of Police shall have power, upon hearing the matter of the revocation of said permit, to revoke the same or make any order in the premises as may be proper.

Section 10. Any person, firm or corporation that shall violate any of the provisions of this ordinance shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine not to exceed five hundred ($500) dollars or by imprisonment in the County Jail for not more than six (6) months, or by both such fine and imprisonment. Each day or fraction thereof any person, firm, association or corporation shall be engaged in such business without a license shall be considered as a separate and distinct offense.

Section 11. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this act and each section, subsection, sentence, clause and phrase thereof irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional.

EXPLANATION.

The provisions of this ordinance are identical with those contained in an ordinance passed August 29, 1932, *imposing a license fee on wholesale peddlers of vegetables and other food products. This ordinance does not apply to retail peddlers of wood, coal and charcoal, nor does it affect any person maintaining a fixed place of business in the City and County of San Francisco. Section* 6 *exempts California coal miners from the payment of the license fees imposed by this ordinance.*

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Authorizing and Directing the Treasurer to Make, After January 2, Such Temporary Transfers of Funds as May Be Necessary for Meeting Obligations Incurred for the Maintenance of City and County Functions From the First Day of January Until the Second Installment of Taxes for the Fiscal Year 1932-1933 Are Collected.

(Code No. 9.052)

Supervisor Miles presented:

Resolution No. 577, as follows:

Resolved, That, pursuant to the provisions of Section 31 of Article IV of the Constitution of the State of California, the Treasurer of the City and County of San Francisco be and he is hereby authorized and directed to make, after the first day of January, 1933, such temporary transfers from funds in his custody as may be necessary for meeting the obligations incurred for the maintenance of the City and County functions of said City and County of San Francisco, from the first day of January, 1933, until the second installment of taxes for the fiscal year 1932-1933 are collected, or are delinquent; that such temporary transfer of said funds shall not exceed 85 per cent of the second installment of taxes to accrue to the City and County for said fiscal year, and said sums so transferred shall be replaced to the funds from which the same were transferred on or before May 15th, 1933, and before any other obligation of the said City and County is met from such taxes.

Report of Chief Administrative Officer on Disposal of Garbage.

January 9, 1933.

To the Honorable Board of Supervisors, City and County of San Francisco.

Gentlemen: I am handing you herewith an itemized statement showing the cost of garbage disposal by the fill-and-cover method as of December 30, 1932.

While over the entire period of ninety days the cost averaged $1.185 per ton, with the construction of the loading ramp at the Southern Pacific tracks on Sixteenth street, the costs were materially reduced.

It is my opinion that with increased efficiency and more modern equipment the cost of disposal by the fill-and-cover method can be reduced below $1 per ton.

The City is now conducting litigation to determine whether we have the legal right to dispose of garbage in cases of emergency or otherwise by fill-and-cover on private property, either inside or outside the city limits, provided no nuisance results therefrom.

Meanwhile, it is my recommendation that the contract now in effect with the Scavengers' Protective Union be extended until this litigation is completed, which the City Attorney estimates should not be in excess of ten months even if the suit is carried to the highest court.

Respectfully submitted,

ALFRED J. CLEARY,
Chief Administrative Officer.

Motion.

Supervisor Brown moved that the contract now in effect with the Scavengers' Protective Union be extended for ninety days.

Privilege of the Floor.

J. Hanley, Jr., was granted the privilege of the floor. He requested that the matter be referred to the Health Committee.

R. Keene, representing the Dodge Engineering Company, urged that the matter be referred to the Health Committee and that a permanent solution of garbage disposal be determined.

Whereupon, Supervisor Brown's motion was *carried* by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, Miles, Power, Shannon, Spaulding—11.

No—Supervisor Roncovieri—1.

Absent—Supervisors McSheehy, Peyser, Stanton—3.

Motion.

Thereupon, Supervisor Brown moved that the report of the Chief Administrative Officer on disposal of garbage be accepted, that the Health Committee study same and also hear any proposals for solution of the garbage problem and bring in some definite plan to the Board within forty-five days.

Motion *carried* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, Miles, Power, Shannon, Spaulding, Stanton—8.

Noes—Supervisors Breyer, Canepa, Gallagher, Hayden, McSheehy, Roncovieri—6.

Absent—Supervisor Peyser—1.

Mayor and Civil Service Commission to Confer on Plan of Staggering Municipal Work to Permit of Additional Employments.

(Code No. 4.051)

Resolution No. 582, as follows:

Whereas, the unprecedented depression of the last three years has resulted in widespread unemployment, recently estimated by the president of the American Federation of Labor as involving twelve million men and women workers n the United States; and

Whereas, this condition has correspondingly affected workers in San Francisco to the extent that the Director of Relief reports that fifteen thousand supporters of families are now on the unemployment relief list, that many other thousands of single men and women are now being helped from public relief funds, and, no doubt, a large number of additional workers not yet on public relief are unemployed; and

Whereas, there is general agreement on the policies of reduced working time and staggered employment as effective means of spreading employment and preventing further layoffs; and

Whereas, two years ago this Board of Supervisors applied the five-day week policy to a part of the per diem employees of the City; and

Whereas, on January 3, 1933, this Board of Supervisors, by ordinance, established the policy of the thirty-hour week for City contract work; and

Whereas, the necessity exists for job-spreading, prevention of layoffs and general retrenchment in expenditures of City and County funds; and

Whereas, under the interpretation of sections 19(a), 20, 85, 86, 141 and 150 of the Charter it appears that such policies can be carried into effect in the City and County service; now, therefore, be it

Resolved, That the Mayor be requested to confer with the Civil Service Commission for the purpose of securing an amendment to the present rules of the Commission whereby any staggering of City and County employees, for the purposes of preventing layoffs or creating additional employments or providing necessary retrenchment in City expenditures may be made effective; that the Mayor be requested to confer with City and County boards, commissions and department heads for the purpose of developing and carrying into effect plans for the application to the forces of the several departments and offices of the City and County for the purposes of (a) creating additional employments, (b) preventing further layoffs, and (c) effecting retrenchment in City expenditures.

Referred to Finance and Judiciary Committees jointly.

Opposing Abolishment of Care and Relief of World War Veterans by Federal Government.

(Code No. 5.2)

Supervisor Havenner presented:

Resolution No. 583, as follows:

Whereas, legislation now pending before the national Congress, supported by the National Economy League and other organizations, proposing the elimination of certain veteran welfare measures, would undoubtedly have the effect of transferring the cost of a large amount of essential veteran relief from the Federal government to the various States and political subdivisions thereof; and

Whereas, statistics show that approximately 25 per cent of the disabled and wounded veterans of the World War are now residing in the State of California, which is illustrated by the fact that more veteran relief cases are now administered in this State than in New York or any eastern center of population; and

Whereas, the proposed elimination of the so-called "presumptive clause" of the World War Veterans' Act would shift to the local governments the duty of caring for disabled World War veterans, which is now assumed by the Federal government; and

Whereas, the proposal to abolish all pension rights for veterans of the Spanish-American War, the Indian wars and the Civil War would transfer an additional burden of taxation for the care of dependent veterans of those conflicts upon local subdivisions of government; and

Whereas, the policy of providing pensions and other necessary relief for war veterans has been established as a Federal function in this nation ever since the War of the Revolution; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco hereby memorializes the United States Senators from California and members of the House of Representatives from San Francisco to oppose all legislation having for its purpose the abolition of essential care and relief of war veterans by the Federal government; and be it

Further Resolved, That the representatives of the Board of Supervisors at the State Legislature are hereby directed and instructed to urge the adoption by the Legislature of a similar memorial to the Congress of the United States, to the end that a burden of taxation of major proportion may not be shifted upon the government of our State

or its political subdivisions, and to the further end that the essential and proper relief and care of war veterans resident in this State may not be impaired.

Referred to Public Welfare Committee.

SPECIAL ORDER—3 P. M.

The following recommendation of the Supervisors' Committee on New Charter Installation was taken up:

Licensing Wholesale Peddlers of Wood, Coal and Charcoal.
(Code No. 3.041)

Bill No. 207, Ordinance No. 3.04117, as follows:

Imposing a license tax on wholesale peddlers of coal, charcoal or wood, defining such wholesale peddlers; providing for the identification of vehicles operated by such licensed peddlers; requiring a permit to be issued by the Chief of Police and a bond to be filed by such licensed wholesale peddlers.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Every person, firm or corporation engaged in the business of a wholesale peddler, peddling coal, charcoal and/or wood at wholesale shall pay an annual license to the City and County of San Francisco in the sum of $500, said license to be paid at the time of issuance thereof.

Section 2. For the purpose of this ordinance a wholesale peddler is defined to be and include all persons, both principal and agent, and all firms, corporations, partnerships or any other joint or singular enterprise engaged in by a person or persons not having a regular fixed and established place of business in the City and County of San Francisco, who travel from place to place or have a stand upon any public street, sidewalk or alley or any other place, unenclosed or vacant lot or parcel of land, and who sells, or exhibits or offers for sale, any of the commodities or products mentioned herein to dealers for the purposes of resale, or to any public institution, hotel or restaurant within the City and County of San Francisco. The person or firm so engaged shall not be relieved from the provisions of this section by reason of association, temporarily, with any local dealer or merchant, or by conducting any temporary business in connection with, or as a part of, or in the name of any local dealer or merchant. Any sale by a peddler to a dealer, for the purpose of resale, or to a public institution, hotel or restaurant, shall classify him as a wholesale peddler, and in addition to being guilty of a violation of this ordinance, he shall be liable for the difference between that which he paid for a license as a peddler and what he should pay as a wholesale peddler.

Section 3. Each such peddler shall have his name, address and number of his license printed conspicuously on both sides of his truck or other vehicle in letters and figures not less than three inches in height, and he shall always carry the permit hereinafter provided for with him and shall exhibit the same whenever required by any police or other officer authorized by the laws of the City and County of San Francisco.

Section 4. It shall be unlawful for any person to engage in the calling of a wholesale peddler within said City and County of San Fran-

cisco without having first obtained a permit from the Chief of Police thereof upon a written application and after a hearing thereon, and without first having filed a bond and paid the license fee provided for in this or other ordinances.

Section 5. Upon payment of the license fee to the Tax Collector of said City and County he shall issue a numbered license to such wholesale peddler, but no license shall be issued by the Tax Collector to any such wholesale peddler until and unless the aforementioned permit has been issued and such applicant shall have first filed with the Controller of the City and County of San Francisco, and the same has been approved by said Controller, a liability insurance policy or bond, executed by the applicant, as principal, and a surety company, qualified and authorized to do business in California, as surety, in the sum of $5,000, to adequately protect the interests of said City and County and the public in the particulars hereinafter set forth; which policy of insurance or other bond shall bind the obligors thereunder that such applicant shall fully comply with the provisions of this ordinance and with the provisions of all other applicable ordinances of said City and County and the statutes of the State of California regulating or concerning the sale of the commodities or products in this ordinance mentioned, by peddlers, and shall pay all judgments rendered against such applicant for any violation thereof to the person recovering such judgments, and shall pay all judgments rendered against the applicant for injuries to persons and loss or damage to property resulting from the negligent operation of the business of such peddler within said City and County of San Francisco, and shall pay all judgments recovered by any person against said applicant arising out of any misrepresentation or deception practiced upon any person transacting business with said applicant as such peddler within said City and County; and any person injured by such negligent operation of said business or having a claim or cause of action as herein provided shall have a right of action directly on said policy or bond.

Section 6. Sections 1, 2, 4 and 5 of this ordinance shall not apply to any coal miner who peddles coal mined by him except as in this section provided. Such miner shall be required to obtain the permit herein provided for, but shall be entitled to such permit without the payment of said license fee; provided, however, that such miner shall first file with the Chief of Police of the City and County of San Francisco, in connection with his application for a permit, an affidavit setting forth his name and address, the amount and variety of coal he proposes to sell, the place where said coal is mined, and that said coal was actually mined by him; provided, however, that any miner as herein defined who shall engage in the business of such peddling shall not remain in any one place upon a street, alley or sidewalk in the City and County of San Francisco or between the same two blocks on any street in the City and County of San Francisco, or opposite the same block on the same street in the City and County of San Francisco, or within the same block upon any alley in the City and County of San Francisco, or within 1000 feet of the boundaries of the fixed place of business of any wholesaler of coal for more than thirty (30) minutes at one time while actually engaging in such business of peddling.

Section 7. Any peddler, as herein defined, who shall engage in the business of such peddling, shall not remain in any one place upon a street, alley or sidewalk in the City and County of San Francisco, or between the same two (2) blocks on any street in the City and County of San Francisco, or opposite the same block on the same street in the City and County of San Francisco, or within the same block upon any alley in the City and County of San Francisco, for more than thirty (30) minutes at one time while actually engaging in such business of peddling.

Section 8. Any permit issued under and pursuant to the provisions of this ordinance shall remain in force for the period of one year from and after the date of its issuance unless revoked, and any person, firm or corporation desiring to renew any permit issued pursuant to the

provisions of this ordinance shall make application to the Chief of Police of the City and County of San Francisco for the renewal thereof, which application for renewal shall be made in the same manner as for the issuance of said original permit.

Section 9. Any permit issued pursuant to the provisions of this ordinance may be revoked by the Chief of Police for any violation of the condition of said permit or for any violation of this ordinance by the holder of said permit. Before any permit shall be revoked by the Chief of Police, notice in writing shall be given to the holder of said permit of the time and place of hearing the matter of the revocation of said permit, which said notice shall briefly state the reasons for revoking said permit, and shall be mailed to the holder of said permit at his place of business or residence, as the same appears on his application for said permit, and when said notice is so mailed the Chief of Police shall have power, upon hearing the matter of the revocation of said permit, to revoke the same or make any order in the premises as may be proper.

Section 10. Any person, firm or corporation that shall violate any of the provisions of this ordinance shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine not to exceed five hundred ($500) dollars or by imprisonment in the County Jail for not more than six (6) months, or by both such fine and imprisonment. Each day or fraction thereof any person, firm, association or corporation shall be engaged in such business without a license shall be considered as a separate and distinct offense.

Section 11. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this act and each section, subsection, sentence, clause and phrase thereof irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional.

EXPLANATION.

The provisions of this ordinance are identical with those contained in an ordinance passed August 29, 1932, imposing a license fee on wholesale peddlers of vegetables and other food products. This ordinance does not apply to retail peddlers of wood, coal and charcoal, nor does it affect any person maintaining a fixed place of business in the City and County of San Francisco. Section 6 exempts California coal miners from the payment of the license fees imposed by this ordinance.

Privilege of the Floor.

Mr. Fitch, representing the industrial committee of the Chamber of Commerce, favored the proposed ordinance.

J. Cal Ewing, representing the San Francisco Coal Dealers' Association; Mrs. Mary Magner, representing the City and County Federation of Women's Clubs; Frances V. Meekin, president of the San Francisco Housewives' League; J. Christensen, coal dealer, 848 San Bruno avenue; Katherine Blanik, coal dealer, Twenty-fourth street and San Jose avenue; W. F. Doyle, attorney for J. Cal Ewing, and Mrs. Best, representing the Sunset Transportation and Improvement Club, were heard at length on the pending ordinance.

Motion.

Supervisor Brown, seconded by Supervisor Colman, moved to postpone for three months.

Amendment.

Supervisor McSheehy moved as an amendment that the matter lay over for two weeks and be taken up seriatim at 3 p. m. on that date.

Amendment *carried*.

STATE LEGISLATIVE MATTERS.

Motion.

Supervisor Peyser moved that during sessions of the Legislature whatever the Legislative Committee has to report have priority over other matters on the Calendar.

So ordered.

Grant of Lands on Lewis Street to United States Government in Consideration of Permit for Recreation Pier.

(Code No. 12.1713)

Supervisor Peyser presented the following resolution, which was *adopted*:

Resolution No. 591, as follows:

Whereas, the Board of Supervisors of the City and County of San Francisco, State of California, by Resolution No. 34579 (New Series), approved June 23, 1931, authorized the granting of certain real property to the United States of America, required for the United States Transport Service, as a condition precedent to the Secretary of War granting to the Board of Park Commissioners of the City and County of San Francisco a permit to construct and maintain a recreation pier on a part of the Fort Mason Military Reservation; and

Whereas, there is a possible outstanding interest of the State of California in and to a portion of said real property to be granted to the United States of America, which portion of said real property is included within the lines of Lewis street, San Francisco, California, and is more particularly described as follows:

Beginning at a point on the southerly line of Lewis street (extended easterly), distant thereon westerly 319.990 feet from the westerly line of Van Ness avenue (extended northerly), said point being on the northeasterly line of the real property so described in said Resolution No. 34579; running thence from said point of beginning along the boundary line of the real property so dscribed in said Resolution No. 34579, the following courses and distances: Northwesterly 69.6205 feet to a point which is distant 1709.046 feet northerly at right angles from the northerly line of Bay street and 356.876 feet westerly at right angles from the westerly line of Van Ness avenue; thence easterly 46.048 feet to a point which is distant 1710.003 feet northerly at right angles from the northerly line of Bay street and 310.838 feet westerly at right angles from the westerly line of Van Ness avenue; thence at a right angle northerly 12 feet; thence at a right angle westerly 47 feet; thence at a right angle northerly 29 feet; thence at a right angle westerly 156 feet; thence at a right angle southerly 59 feet; thence at a right angle easterly 140.26 feet to a point which is distant 1690.704 feet northerly at right angles from the northerly line of Bay street and 373.188 feet westerly at right angles from the westerly line of Van Ness avenue; thence southeasterly 47.9936 feet to the southerly line of Lewis street (extended easterly); thence, leaving said boundary line, easterly along said line of Lewis street 27.770 feet to the point of beginning.

And Whereas, it is necessary that said real property be granted to the United States of America free from such interest of the State of California; now, therefore, be it

Resolved, That the State of California is hereby requested to grant to the City and County of San Francisco whatever interest the State of California may own or claim to said portion of said real property.

Ayes—Supervisors Breyer, Canepa, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—13.

Absent—Supervisors Brown, Colman.

Bay Bridge Legislation.

Supervisor Peyser reported in regard to the San Francisco Bay Bridge that bills had been introduced in the joint houses and that the matter is under submission. Six bills have been introduced, he said, which, when adopted, will facilitate the construction of the bridge.

No. 1 amends title to act—provides revenues are secured for direct charge on tolls.

No. 2 provides for interim bond certificates in the event bonds are not ready for delivery.

No. 3 provides for right to borrow $10,000,000 more from Reconstruction Finance Corporation if needed.

No. 4 provides for retirement of bonds with consent of bondholders before due.

No. 5 provides rates of toll must be sufficient to cover insurance costs, maintenance and operation and take care of interest and redemption of bonds.

No. 6 provides that money advanced by State ($6,500,000) for construction of bridge shall be reimbursed from tolls. Also, no competing ferry or bridge may be constructed within ten miles of proposed bridge, except those now in existence.

Supervisor Peyser announced that the joint committee would meet in Sacramento on Wednesday at 2:30 p. m. and that all members of the Board, including the Mayor, have been asked to attend.

Supervisors Breyer, Canepa, Gallagher, Havenner, Hayden, Miles, Peyser, Power, Roncovieri and Spaulding indicated their intention to attend. The Clerk was directed to arrange for transportation.

Motion.

Supervisor Peyser moved that the Judiciary Committee be granted authority to appear before committees of the Legislature in matters deemed of interest to San Francisco, subject to approval of City Attorney.

SPECIAL ORDER—4 P. M.

Action Deferred.

The following matter was *laid over one week*:

On recommendation of Supervisors' Committee on New Charter Installation.

Regulation of Vending Machines.

(Code No. 3.041)

Section 3. The Tax Collector shall issue to each permittee a receipt for such machine for which a fee is paid, and said receipt shall be placed on the machine so as to be visible to the public at all times.

Section 4. Every person, firm or corporation authorized to operate machines under the provisions of this ordinance shall forward to the Chief of Police, bi-monthly, a report showing the addresses of premise' wherein any of said machines have been installed, or removed; the type of said machine installed or removed, and the date of such insta' lation or removal.

Section 5. The Chief of Police shall regulate the distribution of the machines hereinbefore mentioned; provided that machines in Subdivisions (a), (b) and (c) of Section 3 shall not be permitted to operate within 1000 feet of the boundaries of any school.

Section 6. Permits issued under the provisions of this ordinance may be revoked for cause by the Chief of Police, provided, however, that any permittee whose permit is revoked shall have the right of appeal to the Board of Permit Appeals.

Section 7. The provisions of this ordinance shall not apply to ma-

chines used in any business which is taxed under the provisions of Section 14 of Article XIII of the State Constitution.

Section 8. Machines operated in amusement parks and penny arcades and subject to the payment of fees for the conduct of such places shall not be subject to the provisions of this ordinance.

Section 9. Machines vending sanitary napkins or installed or maintained in accordance with the regulations or orders of the Industrial Welfare Commission of the State of California, shall not be subject to the provisions of this ordinance.

Section 10. Every person, firm or corporation shall, at the time of applying for a permit for the operation of said machine, present and file with the Tax Collector a written affidavit, properly acknowledged, setting forth that said person, firm or corporation is the sole owner or distributor of the machines for which a permit is asked and has the sole control of the distribution of said machines, and that no other person, firm or corporation has any interest in or any control over the placement of the machines for which the applicant asked the permit.

Section 11. No permit under this ordinance shall be assigned or transferred without the authorization of the Chief of Police and the payment of the fee required of new applicants.

Section 12. The payment or collection of any fee or charge for the inspection, maintenance or operation of any coin-in-the-slot machine herein mentioned shall not be considered as a license or permission to maintain any so-called coin-in-the-slot machine the use of which is prohibited by law or ordinance, or to use, maintain or operate any of the coin-in-the-slot machines herein mentioned so that such use, operation or maintenance of such machine shall constitute a violation of any law or ordinance.

Section 13. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. It is hereby declared that this ordinance, and each section, subsection, sentence, clause and phrase thereof, would have been passed irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases had been declared unconstitutional.

Section 14. Any person, firm, or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor and punishable by a fine not to exceed $500 or by imprisonment for not more than six (6) months, or by both such fine and imprisonment.

EXPLANATORY.

This ordinance provides for the necessary regulation of coin-in-the-slot machines by the Police and Health Departments and the inspection by said departments of each type of machine before it is licensed for operation. Similar legislation has been adopted by many cities in the United States.

The Committee has had this ordinance under consideration for eight (8) months, and has held approximately eighteen (18) meetings. With the exception of one or two objectors who contended they could not pay any fee for inspection, no substantial opposition was presented to the committee.

The annual fees anticipated from the enforcement of this ordinance will total approximately $25,000, plus the filing fee required of each permittee.

Heretofore operators have placed these machines throughout the City without regard to legality or location. It is intended that police supervision of distribution and inspection will eliminate undesirable features of this business and likewise justify the fees established in accordance with the general authority of Section 24 of the charter.

The competition offered by the vending machine to the merchants doing business at a fixed place was given serious consideration by the committee and the rates fixed are presumed to be commensurate with the regulation intended.

The business of operating skill and amusement machines requires constant supervision by the Police Department because of its similarity to games of chance and the illegally designed machine.

This matter was first presented to the Committee by a representative of the Retail Grocers Association which desired legislation regulating a machine vending groceries which is now in operation in many large cities.

There are approximately 100 operators and distributors owning or controlling 12,000 machines in this City and County.

Final Passage.

The following matter, heretofore passed for second reading, was taken up and *finally passed* by the following vote:

Investigation of State Legislation Affecting San Francisco.

(Code No. 9.051)

On recommendation of Judiciary Committee.

Bill No. 228, Ordinance No. 9.05136, as follows:

Providing for the investigation by the Judiciary Committee of the Board of Supervisors and the City Attorney of all bills introduced in the 1933 session of the Legislature of the State of California, in so far as said bills affect the City and County of San Francisco, and providing for the expense thereof and making an appropriation for said expense.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That the Assessor of the City and County of San Francisco and the City Attorney have advised the Board of Supervisors that in all probability there will be many measures offered in the coming session of the Legislature which will have to do with the curtailment of the amounts of money now received from the State of California by the City and County of San Francisco, and if such measures are adopted and such curtailments made it would tend to increase the tax rate to be paid by the taxpayers of the City and County of San Francisco.

Section 2. That for the purpose of investigating the various measures which may be presented to the 1933 session of the State Legislature and protecting the interests of the City and County of San Francisco and the taxpayers thereof, as far as this can be lawfully accomplished, the Judiciary Committee of the Board of Supervisors and the City Attorney, or one of his assistants to be selected by him, are hereby directed to examine and investigate all measures introduced in the 1933 session of the Legislature of the State of California and to make weekly reports to this Board of all measures which may in any way affect the City and County of San Francisco or the taxpayers thereof, and also to take such steps as may be lawful and proper to oppose the passage of any legislation which will adversely affect the interest of said City and County of San Francisco or its taxpayers, and in a like manner to advocate the passage of any and all measures which may be for the benefit of the City and County or of the residents and taxpayers thereof.

Section 3. That the said members of the Board of Supervisors and the said City Attorney be allowed their actual expenses in carrying out the purposes of this ordinance.

Section 4. That many of said measures which may be introduced in the State Legislature may involve the welfare of the citizens of the City and County, as well as the property of said City and County, and that for the purpose of meeting the expense of investigating said measures and reporting thereon the sum of two thousand ($2,000) dollars is hereby appropriated from the 1932-33 Emergency Reserve Fund, from which said sum the Controller is requested to draw his warrant reimbursing any of the members of the above-mentioned committee for their expenses in carrying out the purpose of this ordinance when proper vouchers are submitted to said Controller showing payment of said expenses.

Swill Ordinance.

(Code No. 3.041)

Bill No. 208, Ordinance No. 3.04116, as follows:

Providing for the issuance of permits by the Director of Health and imposing a fee upon persons, firms or corporations collecting swill in the City and County of San Francisco; providing penalties for the violation thereof, and repealing all ordinances or parts of ordinances in conflict therewith.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The term swill, when used hereinafter, shall be applied to and be construed to mean waste food products from hotels, restaurants, hospitals and institutions or food dealers, which waste is kept separate from non-food waste.

Section 2. Every person, firm or corporation engaged in the business of collecting swill or hauling swill through any street or public place in the City and County of San Francisco shall obtain a permit from the Director of Health to so do, and no person, firm or corporation shall engage in the business of collecting swill in the City and County of San Francisco, or haul the same through any street or public place therein without first having obtained such permit.

Section 3. The Director of Health of the City and County of San Francisco shall have power to establish rules and regulations governing the collection and disposal of swill in accordance with the United States or State laws or ordinances of the City and County of San Francisco. The permit granted to any person, firm or corporation to collect or haul swill pursuant to this ordinance may be revoked for the violation of any rule or regulation so established by the Director of Health.

Section 4. The Director of Health shall not grant or refuse to grant, or revoke any permit under this ordinance except after a full hearing, publicly had on the matter of granting, refusing to grant or revoking such permit, at which the applicant or permittee may appear in person or by counsel, and all competent evidence offered in support

of the application to grant or revoke said permit shall be heard by said Director of Health. In the granting or refusing to grant, revoking or refusing to revoke any permit hereunder the Director of Health shall exercise a sound discretion as to what shall be for the best interests of the City and County of San Francisco.

Section 5. Permits issued by the Director of Health as provided herein shall be forwarded to the Tax Collector and issued to permittees upon the payment of a $25 fee to cover the cost of inspection and regulation as provided for by the Director of Health.

Section 6. Permits issued hereunder shall be for a period of one year and shall be renewed by the Tax Collector upon the payment of the fee provided for herein unless said permit shall have been revoked by the Director of Health.

Section 7. If any section, sentence, clause or phrase of this ordinance is for any reason held to be inconsistent or invalid, such decision shall not affect the validity of the remaining portion of this ordinance. The Board of Supervisors of the said City and County hereby declare that it would have passed this ordinance and each section, sentence, clause or phrase, irrespective of the fact that any one or more of said sections, sentences, clauses or phrases be declared inconsistent or invalid. Any person, firm or corporation violating any provision of this ordinance shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than $500 or by imprisonment in the County Jail for not more than six months, or by both such fine and imprisonment.

Adopted.

The following resolution was *rereferred to the Streets Committee*:

Approving the Highway Commission's Action re the Sears Point Toll Road.
(Code No. 5.31)

Resolution No. 548, as follows:

Whereas, the City of San Francisco is vitally interested in the success of the Golden Gate bridge project; and

Whereas, at the request of many organizations, civic bodies and numerous individual sportsmen, the State Highway Commission has negotiated the purchase of the Sears Point toll road as a necessary and important link in the main feeder to the Golden Gate bridge; now, therefore, be it

Resolved, That the San Francisco Board of Supervisors approves the action of the State Highway Commission in its effort to cooperate in making this great undertaking a success, and that we urge our

representatives in the Legislature to do all in their power to secure legislative ratification of the Commission's action.

Passed for Second Reading.

The following bill was *passed for second reading*:

Ordering the Improvement of Certain Streets.
(Code No. 12.0611)

On recommendation of Streets Committee.

Bill No. 230, Ordinance No. 12.061118, as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor, and authorizing the Department of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Department of Public Works, in written communication filed in the office of the Clerk of the Board of Supervisors January 6, 1933, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1918 of said City and County of San Francisco, said work to be performed under the direction of the Department of Public Works, and to be done in accordance with the specifications prepared therefor by said Department of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Part II of the said Street Improvement Ordinance of 1918 of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in ten instalments; that the period of time after the time of payment of the first instalment when each of the succeeding instalments must be paid is to be one year from the time of the payment of the preceding instalment, and that the rate of interest to be charged on all deferred payments shall be 7 per centum per annum.

The improvement of the crossing of Fitzgerald avenue and Jennings street by the construction of armored concrete curbs; by the construction of one-course concrete sidewalks; by the construction of brick catchbasins, with 10-inch vitrified clay pipe culverts; by the construction of a 12-inch vitrified clay pipe sewer along the center line of Fitzgerald avenue between the center and northwesterly lines of Jennings street; and by the construction of an asphalt-concrete pavement, consisting of a 2-inch asphaltic concrete wearing surface and a 6-inch Class "F" concrete base, on the roadway thereof.

The improvement of Jennings street between Fitzgerald avenue and Gilman avenue, where not already so improved, by the construction of armored concrete curbs; by the construction of side-sewers, and by the construction of an asphalt-concrete pavement, consisting of a 2-inch asphaltic concrete wearing surface and a 6-inch Class "F" concrete base, on the roadway thereof.

The Standard Specifications of March, 1929, are hereby made a part of these specifications.

The improvement of the northerly one-half of Army street, from Castro street to a line 75 feet easterly from and parallel with the easterly line of Castro street, where not already so improved, by the construction of armored concrete curbs; by the construction of one-course concrete sidewalks, 6 feet in width; by the construction of a vitrified clay pipe side-sewer; and by the construction of an asphalt-concrete pavement, consisting of a 6-inch Class "F" concrete base and a 2-inch asphaltic concrete wearing surface, on the roadway thereof.

The Standard Specifications of March, 1929, are hereby made a part of these specifications.

The improvement of Orizaba avenue between Randolph street and Sargent street, where not already so improved, by the construction of armored concrete curbs; by the construction of 6-inch vitrified clay pipe side-sewers; and by the construction of a 6-inch Class "E" concrete pavement on the roadway thereof.

The improvement of Minerva street between Capitol avenue and Orizaba avenue, where not already so improved, by the construction of armored concrete curbs; by the construction of an asphalt-concrete pavement, consisting of a 6-inch Class "F" concrete base and a 2-inch asphaltic concrete wearing surface, on the roadway thereof.

The Standard Specifications of March, 1929, are hereby made a part of these specifications.

Opposing Abolishment of Care and Relief of World War Veterans by Federal Government.

(Code No. 5.2)

The following recommendation of the Public Welfare Committee was taken up:

Resolution No. 583, as follows:

Whereas, legislation now pending before the national Congress, supported by the National Economy League and other organizations, proposing the elimination of certain veteran welfare measures, would undoubtedly have the effect of transferring the cost of a large amount of essential veteran relief from the Federal government to the various States and political subdivisions thereof; and

Whereas, statistics show that approximately 25 per cent of the disabled and wounded veterans of the World War are now residing in the State of California, which is illustrated by the fact that more veteran relief cases are now administered in this State than in New York or any eastern center of population; and

Whereas, the proposed elimination of the so-called "presumptive clause" of the World War Veterans' Act would shift to the local governments the duty of caring for disabled World War veterans, which is now assumed by the Federal government; and

Whereas, the proposal to abolish all pension rights for veterans of the Spanish-American War, the Indian wars and the Civil War would transfer an additional burden of taxation for the care of dependent veterans of those conflicts upon local subdivisions of government; and

Whereas, the policy of providing pensions and other necessary relief for war veterans has been established as a Federal function in this nation ever since the War of the Revolution; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco hereby memorializes the United States Senators from California and members of the House of Representatives from San Francisco to oppose all legislation having for its purpose the abolition of essential care and relief of war veterans by the Federal government; and be it

Further Resolved, That the representatives of the Board of Supervisors at the State Legislature are hereby directed and instructed to urge the adoption by the Legislature of a similar memorial to the Congress of the United States, to the end that a burden of taxation of major proportion may not be shifted upon the government of our State or its political subdivisions, and to the further end that the essential and proper relief and care of war veterans resident in this State may not be impaired.

Privilege of the Floor.

Steven Malatesta and Major Grant, representing veterans' organizations, urged the adoption of the foregoing resolution.

Adopted.

Whereupon, the roll was called and the resolution was *adopted* by the following vote:

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Report of Chas. M. Wollenberg on Unemployment Relief.

The following was presented, read and *ordered spread in the Journal*:

CITY AND COUNTY OF SAN FRANCISCO.

DEPARTMENT OF PUBLIC HEALTH.

January 11, 1933.

Honorable Board of Supervisors, City Hall, San Francisco, California.

Gentlemen: I am handing you herewith a recapitulation and details of the expenditures for relief for the month of October, 1932.

On page 2 you will note the increased number of families for the month to have been 968.

The average food cost per family of $0.1977 through grocery delivery, as against $0.2988 where orders are given to the Italian group, is very interesting, as it indicates the saving to the City under our present method.

In other words, the Italian family is getting one-third less in food by receiving orders upon retail grocery stores than those fed through our grocery delivery system.

The high cost of $0.30 per day per person under the Central Relief Bureau, formerly known as the Associated Charities, is due to the fact that there are heavy rent and gas expenditures necessary through shut-offs and evictions in this group.

The total expenditures for the month were within 7 per cent of the prediction made by me at the time of the bond issue.

Very truly yours,

C. M. WOLLENBERG,
Director of Relief.

January 12, 1933.

Mr. John S. Dunnigan, 235 City Hall, San Francisco, California.

Dear Sir: Attached hereto find a copy of the report of the Committee on the investigation of the cost of delivery of groceries to those receiving relief, under our present system, as against purchasing direct from the retail grocers on the cost plus 10 per cent basis.

This indicates, at the present time, a saving to the City of 21.6 per cent.

Since this study was made we have effected certain economies in the management and control and a 20 per cent reduction in cost of deliveries, which will increase this percentage.

Of course, as the writer points out, there are certain intangible leakages that are hard to guard against, which would reduce this percentage, yet we are safe to say 20 per cent or better is the saving to the City.

With the purchase of $208,000 worth of groceries in the month of December, you can readily see that the cost to the City would be approximately $500,000 a year if we change our system and continue to give the same quantity of food to those on relief.

I trust you will study this report. I am sure you will find it of interest.

Very truly yours,

C. M. WOLLENBERG,
Director of Relief.

REPORT OF THE SUB-COMMITTEE ON METHODS OF RELIEF.

Of the 13,881 famlies on the relief rolls on January 4, 1933, 12,662 families (representing approximately 50,000 men, women and children) were on the rolls of the Citizens' Agency.

When admitted to relief by the Citizens' Agency a family receives the food ration as follows:

1. Partly in the form of cash for the purchase of meat and a major portion of their bread requirements.
2. Milk delivered by milk distributors direct to the home.
3. Groceries, vegetables, fruit, butter and eggs, fat, etc., purchased in quantity, handled through the Agency warehouse, and delivered by the Agency direct to the home.

The cost of the food covered by item No. 3, plus the cost of handling, is slightly more than one-half of the cost of the total food relief covered by items 1, 2 and 3.

This report has to do with item No. 3.

The question before the subcommittee is:

Should we retain the present system of distribution in kind, or should we substitute for it a system of food orders on retail stores?

The subcommittee has conducted an independent study of the current system and the detail of its operation, and has also investigated the methods of relief in effect in some seventy-five different cities of the country. We have also consulted with representatives of wholesale food dealers and retail food dealers.

The arguments pro and con divide themselves into three classifications, to which we shall refer in turn.

First, the disturbance of the normal channels of trade. The present relief system has been in effect in San Francisco for many years. It is the number of beneficiaries dependent upon relief, and not the system itself, which has undergone recent profound change. When a few hundred families were involved it was not a matter of particular consequence that under our system the retail food dealer did not share in approximately half the food expenditure. But with 13,000 families involved the exclusion of the retailer from participation in half the expenditure is of real importance. The subcommittee feels strongly that just as far as practicable the relief operation should make use of the regular channels of trade. Other things being equal, or nearly so, we believe that the system should be changed to include the retailer to the full extent of the food expenditure.

Second, the effect of the system on the beneficiaries. Not only must health be maintained, but self-respect also.

In the maintenance of health it is clear that under the present system the major portion of the ration (items No. 2 and No. 3 above) actually reaches the beneficiaries in the form of food. On the other hand, we are aware that under the food order system some cities have found that not infrequently food orders are used to purchase commodities other than food. However, owing to the character of the great majority of the families now on relief we do not think this abuse would grow to serious proportions; and in so far as it did exist there are practicable methods of reducing, but not eliminating, its incidence. Therefore, in the matter of health we feel that the present system enjoys an advantage. but that under a food order system satisfactory safeguards could be developed against minority abuse.

The maintenance of self-respect revolves around delicate and, on the whole, intangible considerations. It would be folly to attempt a discussion of the question in a few paragraphs. We shall give a brief comment and our conclusion. The present system, which includes delivery to the home in relief motor trucks, gives public evidence as to who is receiving relief. This is undesirable. The use of food orders would diminish, but not entirely avoid, this objection. Furthermore, the use of food orders would enable beneficaries to make all, instead of only a part of, their own food purchases at stores of their choice. We believe that in these respects a change of system would be advantageous.

The third factor is cost. Food for relief is bought in quantity and at low cost, quality considered. Some food is donated. It is frequently possible, because of an over-supply, or for other reasons, to make purchases at especially attractive figures. Satisfactory quality is essential, but advertised brands are not. Wherever practicable, foodstuffs are bought in bulk, and not in packages. The result is a low food cost.

In investigating the cost factor our primary interest has not been in the relationship between our food costs and regular retail prices, because more than 200 retail grocers have offered, if a food order system is adopted, to supply relief beneficiaries on a basis of the retailer's cost plus 10 per cent, and upwards of 700 retail grocers, through their representative, have offered cost plus 15 per cent. In

our investigation we have compared our own costs with the more favorable of these proposals: retailer's cost plus 10 per cent. The results follow:

(a) For the five weeks, October 29 to December 3, the actual cost of the total issue of food (inventory of October 29, plus purchases during the five weeks, less inventory of December 3) was	$162,045.11	
(b) During the month of October (the last month for which final figures were available at the time of our investigation) the total expense of handling and delivering was 18 8/10 per cent of the cost of the food. Applying this percentage (18 8/10) to the food cost of $162,045.11 for the five-week period under review, we get an expense of		30,464.48
(c) Making a total cost plus expense of	$192,509.59	
(d) Applying regular wholesale prices (retailer's cost) to the total issue of food in paragraph (a) above, we get a total retailer's cost of		208,932.70
(e) Adding 10 per cent		20,893.27
(f) We get the total on a basis of retailer's cost plus 10 per cent	$229,825.97	
(g) Paragraph (c) shows a total cost under the present system of	$192,509.59	
(h) Paragraph (f) shows a total cost under a food order system of		229,825.97
(i) The food order cost exceeds the present cost by		37,316.38
		or 19 4/10%
(j) Now, in paragraph (b) we figured the total expense of the food operation at 18 8/10 per cent; but some of the expense items included in this 18 8/10 per cent would *not* be saved if the present system were discontinued; such items are lunches and carfare for relief beneficiaries who work at the food depot; if the food depot were closed, these men would work elsewhere for their food orders and they would require the same lunches and carfare; therefore, we deduct these items from the 18 8/10 per cent and get a remaining total expense of 16 6/10 per cent; applying this percentage (16 6/10) to the food cost of $162,045.11, we get an expense of		26,899.49
(k) Making a total cost plus expense of		188,944.60
(l) Comparing this amount ($188,944.60) with the total cost under a food order system ($229,825.97)—see paragraph (h)—we find that the food order cost exceeds the present cost by	$ 40,881.37	
		or 21 6/10%

From the viewpoint of the taxpayer, upon whom falls the cost of the relief bonds, we believe that 21 6/10 per cent, and not 19 4/10 per cent, is the proper basis from which to proceed to our further observations.

We present several qualifications not susceptible to precise arithmetical measurement. On balance these qualifications tend to reduce the percentage of excess cost considerably below 21 6/10 per cent.

1. Approximately 40 per cent of relief beneficiaries exercise their right to select commodities, either by written order or by personal visit to the relief grocerteria; the remaining 60 per cent receive the prevailing assortment, which varies with the size of the family. Selection is made through the use of a given number of units of scrip. Whether a family selects or does not select, the cost of the food for that family is in theory the same. For various reasons connected

with price changes and the tastes of beneficiaries the theory has differed from the practice. The selected ration has tended to cost more than the regular ration. Your subcommittee believes:

(a) That during November perhaps as much as 5 per cent of the total food cost was accounted for by the excess cost of selected rations; and

(b) That the refinements and adjustments in the scrip arrangements which have since been introduced are now tending to reduce the percentage of excess cost arising from selection.

2. The subcommittee is aware of instances in which the beneficiaries have complained, that owing, for example, to unusual dietary habits they are unable to consume certain foodstuffs contained in the regular ration. In so far as such instances occur, waste is involved which would not occur in a food order system. We believe that such waste exists, but only to a very limited degree. We base our belief on the following considerations:

(a) The small number of pertinent complaints received.

(b) A beneficiary who is dissatisfied with certain foodstuffs in the regular ration may normally be expected to cure his own complaint by exercising his right of selection.

(c) The regular ration is not a hit-or-miss affair, but is made up on a scientific basis and does not contain queer and unusual foods.

3. The subcommittee is aware that some pilferage goes on at the food depot. Our investigation indicates that losses from this source, in terms of percentage of the cost of food handled, are negligible.

4. We have taken note of overages of weight and measure in respect of certain foodstuffs in the packing of rations. We find that:

(a) Only the lower-cost foodstuffs have been involved.

(b) At worst, losses from this source have been small.

(c) Since November effective measures have been introduced to minimize, if not to eliminate, such overages.

5. In our cost comparisons, as heretofore presented in this report, we used actual October expense figures as the basis of the expense percentage, and to these figures, to be on the safe side, we added the rent on the building which houses the new grocery depot. In November we were not yet occupying the building and were not yet paying the rent. Furthermore, in our expense figures we took no account of known savings which became effective December 1 in respect of the cost of deliveries and boxes. These savings should amount to upwards of 2 per cent of the food cost.

6. In our cost comparisons we have taken no account of the cost of issuing and mailing orders under a food order system.

Our conclusions are:

First, that we should favor a change in system if cost permitted.

Second, that, weighing all the factors affecting cost, the cost of a food order system during the period under review would have exceeded our actual cost by substantially more than 10 per cent.

Third, that currently both the expense ratio and the excess costs on account of selection and overages should go down.

Under these circumstances we cannot recommend a change.

We do recommend that, in addition to the regular monthly check of costs, a fresh comparison of our costs with the cost of a food order system be made quarterly.

We further think that we should give prompt and careful consideration to any proposals which may be made by the committee of wholesale grocers and other food suppliers who are studying the general question of food relief.

Some of our observations are in effect criticisms of certain phases of the operation of the food depot. In view of the difficulties connected with the operation we think those in charge have done a good job and deserve commendation. We point out that until recently the

operation was carried on in severely overcrowded quarters; that the major portion of the personnel works one week in four, which means, to a large degree, a new crew every Monday; and that the business has grown 600 per cent in eighteen months.

The subcommittee is indebted to Mr. E. J. Sultan, whose volunteer services have been of the greatest value.

SPECIAL ORDER—4 P. M.

Regulation of Vending Machines.
(Code No. 3.041)

On recommendation of Supervisors' Committee on New Charter Installation.

Bill No. 171, Ordinance No. 3.04113, as follows:

Providing for the issuance of permits and imposing a fee for inspection and regulation on persons, firms or corporations owning or having control of any automatic machine used for games of skill or amusement, or for vending service or merchandise.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. For the purposes of inspection and regulation, every person, firm or corporation owning or having control of any automatic machine used for games of skill or amusement or for vending service or merchandise, set in motion by the deposit of a coin or slug in any receptacle attached or affixed to such machine, shall make application to the Chief of Police for a permit to operate said machine or machines; provided that nothing herein shall apply to any appliances prohibited by section 330a of the Penal Code of the State of California. The applicant shall be of good character, and shall submit a description of the type of machine to be operated at the time of making such application and shall pay the filing fee provided herein.

Section 2. Permits provided for herein shall be issued for one year, and may be renewed by the Chief of Police on application and the payment of the filing fee, provided permits issued in accordance with provisions of subdivisions (d), (e), (f) and (g) may be renewed by the permittee on the payment of the licenses provided for herein unless revoked by the Chief of Police. Permits granted for the operation of the aforementioned machines shall be forwarded by the Chief of Police to the Tax Collector, who shall issue said permits upon the payment of the fee hereinafter set forth; provided, that a permittee operating two or more types of machines as herein described shall be subject to the payment of one filing fee only, and said filing fee shall be the highest filing fee applicable to the types of machines operated.

(a) Machines operated for skill or amusement, set in motion by the deposit of a 5-cent piece, or more, or its equivalent:

Filing fee, $200.

$2.50 per quarter, per machine.

(b) Machines operated for skill or amusement and vending candy or merchandise and set in motion by the deposit of a 5-cent piece, or more, or its equivalent.

Filing fee, $200.

$2.50 per annum, per machine.

(c) Machines operated for skill or amusement, set in motion by the deposit of a 1-cent piece or its equivalent:

Filing fee, $40.

50 cents per annum, per machine.

(d) Machines vending merchandise and set in motion by the deposit of a 5-cent piece, or more, or its equivalent:

Filing fee, $10.

50 cents per annum, per machine.

(e) Machines vending merchandise and set in motion by the deposit of a 1-cent piece or its equivalent:
Filing fee, $10.
15 cents per annum, per machine.
(f) Machines vending service and set in motion by the deposit of a 5-cent piece, or more, or its equivalent:
Filing fee, $10.
50 cents per annum, per machine.
(g) Machines vending service and set in motion by the deposit of a 1-cent piece or its equivalent:
Filing fee, $10.
20 cents per annum, per machine.

Section 3. The Tax Collector shall issue to each permittee a receipt for such machine for which a fee is paid, and said receipt shall be placed on the machine so as to be visible to the public at all times.

Section 4. Every person, firm or corporation authorized to operate machines under the provisions of this ordinance shall forward to the Chief of Police, bi-monthly, a report showing the addresses of premises wherein any of said machines have been installed, or removed; the type of said machine installed or removed, and the date of such installation or removal.

Section 5. The Chief of Police shall regulate the distribution of the machines hereinbefore mentioned; provided that machines in Subdivisions (a), (b) and (c) of Section 2 shall not be permitted to operate within 1000 feet of the boundaries of any school.

Section 6. Permits issued under the provisions of this ordinance may be revoked for cause by the Chief of Police, provided, however, that any permittee whose permit is revoked shall have the right of appeal to the Board of Permit Appeals.

Section 7. The provisions of this ordinance shall not apply to machines used in any business which is taxed under the provisions of Section 14 of Article XIII of the State Constitution.

Section 8. Machines operated in amusement parks and penny arcades and subject to the payment of fees for the conduct of such places shall not be subject to the provisions of this ordinance.

Section 9. Machines vending sanitary napkins or installed or maintained in accordance with the regulations or orders of the Industrial Welfare Commission of the State of California, shall not be subject to the provisions of this ordinance.

Section 10. Every person, firm or corporation shall, at the time of applying for a permit for the operation of said machine, present and file with the Tax Collector a written affidavit, properly acknowledged, setting forth that said person, firm or corporation is the sole owner or distributor of the machines for which a permit is asked and has the sole control of the distribution of said machines, and that no other person, firm or corporation has any interest in or any control over the placement of the machines for which the applicant asked the permit.

Section 11. No permit under this ordinance shall be assigned or transferred without the authorization of the Chief of Police and the payment of the fee required of new applicants.

Section 12. The payment or collection of any fee or charge for the inspection, maintenance or operation of any coin-in-the-slot machine herein mentioned shall not be considered as a license or permission to maintain any so-called coin-in-the-slot machine the use of which is prohibited by law or ordinance, or to use, maintain or operate any of the coin-in-the-slot machines herein mentioned so that such use, operation or maintenance of such machine shall constitute a violation of any law or ordinance.

Section 13. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such

decision shall not affect the validity of the remaining portions of this ordinance. It is hereby declared that this ordinance, and each section, subsection, sentence, clause and phrase thereof, would have been passed irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases had been declared unconstitutional.

Section 14. Any person, firm, or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor and punishable by a fine not to exceed $500 or by imprisonment for not more than six (6) months, or by both such fine and imprisonment.

EXPLANATORY.

This ordinance provides for the necessary regulation of coin-in-the-slot machines by the Police and Health Departments and the inspection by said departments of each type of machine before it is licensed for operation. Similar legislation has been adopted by many cities in the United States.

The Committee has had this ordinance under consideration for eight (8) months, and has held approximately eighteen (18) meetings. With the exception of one or two objectors who contended they could not pay any fee for inspection, no substantial opposition was presented to the committee.

The annual fees anticipated from the enforcement of this ordinance will total approximately $25,000, plus the filing fee required of each permittee.

Heretofore operators have placed these machines throughout the City without regard to legality or location. It is intended that police supervision of distribution and inspection will eliminate undesirable features of this business and likewise justify the fees established in accordance with the general authority of Section 24 of the charter.

The competition offered by the vending machine to the merchants doing business at a fixed place was given serious consideration by the committee and the rates fixed are presumed to be commensurate with the regulation intended.

The business of operating skill and amusement machines requires constant supervision by the Police Department because of its similarity to games of chance and the illegally designed machine.

This matter was first presented to the Committee by a representative of the Retail Grocers Association which desired legislation regulating a machine vending groceries which is now in operation in many large cities.

There are approximately 100 operators and distributors owning or controlling 12,000 machines in this City and County.

Privilege of the Floor.

J. W. Ehrlich, attorney for vending machine operators; J. Locowitz, owner of cigarette vending machines; Lewis Walcher, owner of candy vending machines, and Mrs. Best were heard at length.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OF REPORTED UPON BY A COMMITTEE.

Telegram.

Sacramento, Calif., January 23, 1933.

Emmet Hayden, President Board of Supervisors, City Hall.

Most urgent that Board this afternoon pass resolution urging immediate approval of San Francisco-Alameda County Bay Bridge bills. Resolution should stress necessity of full approval of bills by February 1st, in view of language of Reconstruction Finance Corporation contract requiring action before that date. It should also be pointed out that benefit will result to entire State by relief of unemployment and stimulating industry. Assembly Ways and Means Committee meets tonight. Wire resolution to chairman of that committee, chairman of Senate Finance Committee, as well as to the Speaker of the Assembly and the President of the Senate. I also ask that I be excused by Board because of attendance here on official business.

JEFFERSON E. PEYSER.

Adopted.

Whereupon, the following resolution was presented for Supervisor Peyser and *adopted*:

Favorable Action by Legislature on San Francisco Bay Bridge Bills Urged.

(Code No. 12.112)

Resolution No. 600, as follows:

Whereas, there is pending before the Senate of the State of California Senate Bills Nos. 87 to 92, both inclusive, which said bills have to do with the transbay bridge; and

Whereas, there is pending in the Assembly of the State of California companion bills to those above mentioned, dealing with the same subject; and

Whereas, in order that the State of California may avail itself of the proffered loan of $62,000,000 from the Reconstruction Finance Corporation of the United States Government it is necessary that said bills should be finally enacted by the present session of the State Legislature in accordance with the requirements of said Reconstruction Finance Corporation and before the 1st day of February, 1933; and

Whereas, the construction of said transbay bridge will be of great benefit to all of the State of California and especially to the northern part thereof, and will afford immediate relief of the unemployment situation and stimulate industry throughout the State; and

Whereas, the City and County of San Francisco has obligated itself to do its full part towards building roads and streets in order to meet the contemplated westerly approaches to said bridge and to care for the traffic which will be accommodated by said bridge; and

Whereas, if the construction of said bridge is not financed from the Reconstruction Finance Corporation there is a grave probability that the construction of said bridge will be delayed for a number of years, to the loss of all of the State of California; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco, in regular meeting assembled, does hereby earnestly urge the respective committees of the Senate and of the Assembly of the State of California, by whom the aforesaid bills are being considered, to forthwith recommend that each of the aforesaid bills do pass in such form as will be satisfactory to said Reconstruction Finance Corporation, to the end that the aforesaid loan of $62,000,000 may be received from said Reconstruction Finance Corporation by February 1st of the present year; and be it

Further Resolved, That the Senate of the State of California and the Assembly thereof be and each of said bodies is hereby urged to forthwith enact said bills as emergency measures; be it

Further Resolved, That a copy of this resolution be transmitted by wire to the chairman of the Senate Finance Committee and to the chairman of the Assembly Ways and Means Committee and to the President of the Senate and to the Speaker of the Assembly.

Controller Requested to Prepare Budget Report.

Presented for Supervisor Miles by Supervisor Hayden:

Resolution No. 602, as follows:

Whereas, there appeared in the newspapers of January 22nd throughout the Nation a copyrighted article released by the Associated Press from New York City, purporting to set forth certain facts relative to the 1933 budgets of the ten largest cities of the United States; and

Whereas, the figures purporting to set forth a basis for comparison of the budgets of San Francisco and Los Angeles are obviously in error and misleading; and

Whereas, the Controller of the City and County of San Francisco has called this fact to the attention of his Honor the Mayor and the honorable Board of Supervisors, and has offered to prepare a report setting forth the actual figures and basis for comparison of budget costs; and

Whereas, the publication of this article, appearing in all large daily newspapers throughout the country, is apt to reflect unwarranted discredit upon the City of San Francisco; now, therefore, be it

Resolved, That the Controller be hereby requested to file with the Mayor and the Board of Supervisors a true report covering this matter at his earliest possible convenience; and be it

Further Resolved, That a copy of the Controller's report be forwarded to the proper authorities of the Associated Press with a request for a correction of the aforementioned article.

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Power, Roncovieri, Shannon, Spaulding, Stanton—14.

Board Expresses Appreciation of Legislative Work Done by Harrison S. Robinson, C. H. Purcell and C. C. Carleton.

Supervisor Gallagher moved that the Board of Supervisors express appreciation to Harrison S. Robinson, C. H. Purcell, engineer of the California Highway Commission, and C. C. Carleton, Chief of the Division of Contracts and Rights of Way, Department of Public Works,

Sacramento, California, for their splendid work and able presentation to the State Legislature and its committees of the proposed San Francisco and Alameda Bay Bridge project.

Motion *carried.*

Produce Merchants' Conference.

Supervisor Gallagher moved that the Mayor be requested to call a conference with the Chief of Police and representatives of produce merchants for Friday, January 27, 2 p. m., for formulation of a plan to enable better enforcement of the wholesale peddlers' license ordinance.

Motion *carried.*

Aquatic Park Hearing.

Supervisor Colman announced a meeting of the Public Utilities Committee for Wednesday, January 25, 1933, at 3:30 p. m., to consider matters pertaining to Aquatic Park and Golden Gate Ferries.

Charter Amendment, Retirement System, Fire Department.

Supervisor Hayden presented a communication from the David Scannell Club, urging submission of the following proposed Charter amendment, providing for the inclusion in the Retirement System of all members of the Fire Department, to-wit:

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending the first paragraph and subdivision (d), respectively, of Section 169 thereof, and by adding a new subdivision to said Section 169, to be known as subdivision (g) thereof, and by repealing Section 171 of said Charter, all relating to the pension and retirement contributions, benefits and allowances of the members of the Fire Department.

Section 1. The first paragraph of Section 169 of the Charter of the City and County of San Francisco is hereby amended to read as follows:

"Section 169. Persons who are members of the Fire Department on the effective date of this amendment, herein defined as the date of ratification of this amendment by the Legislature of the State of California, and persons who shall become members of the Fire Department after that date, shall be members of the Retirement System on and after the said effective date, subject only to the following provisions, in addition to the provisions contained in Sections 158 to 163, both inclusive, of this Charter."

Section 2. Subdivision (d) of Section 169 of the Charter of the City and County of San Francisco is hereby amended to read as follows:

"(d) In addition to the other contributions required of the City and County under the Retirement System, the City and County shall contribute to the Retirement System during each fiscal year a sum which, together with the members' contributions provided for in subdivision (g) of this section, shall be equal to the liabilities accruing under the Retirement System because of service rendered during such year by persons who are members under this section. If subsequent to such fiscal year it shall be determined that such contribution by the City and County, together with the members' contributions, was not sufficient to meeet such liability, then the City and County shall make such additional contribution as may be necessary to make up the deficit."

Section 3. Section 169 of the Charter of the City and County of San Francisco is hereby amended by the addition of a new subdivision thereto to be known as subdivision (g) thereof, to read as follows:

"(g) Each person who is a member of the Retirement System under the provisions of this section shall contribute each month to the Retirement System 4 per cent of the salary received by him during such month, to be applied on the cost of the benefits at death and retirement

provided for him under this section. Should a member be separated from City service through any cause other than death or retirement, then such contributions, with interest, shall be refunded to him under such conditions as may be fixed by the Board of Supervisors for the refund of accumulated contributions of other members of the Retirement System. Any increase or decrease of the salaries of members of the Fire Department shall not in anywise affect the pensions being paid to persons retired prior to such change, or to any widow, child, children, or parents who shall be receiving a pension at the time of such change."

Section 4. Section 171 of the Charter of the City and County of San Francisco is hereby repealed.

Referred to Judiciary Committee.

Representatives of Board in Sacramento Instructed to Prepare Legislation Looking Toward the Payment of Quarterly Installments of Taxes Instead of Semi-Annually, as Heretofore.

(Code No. ——)

The following was presented by Supervisor Peyser and *referred to Judiciary and Finance Committees*:

Resolution No. 103, as follows:

Whereas, the present method of payment of taxes, requiring the annual levy to be paid in two installments, with the attendant penalties for failure to pay said taxes at the appointed time, has become a serious burden to the taxpayers of the City and County of San Francisco, particularly at this time of unemployment and stress; and

Whereas, the payment of taxes in quarterly installments would materially aid the taxpayer in meeting his obligations; now, therefore, be it

Resolved, That the Board of Supervisors does hereby instruct its representatives in the State Legislature this session to prepare and present legislation amending the present laws requiring the payment of taxes in semi-annual installments, so that taxpayers might be permitted to pay their taxes in quarterly installments.

ADJOURNMENT.

There being no further business, the Board at 6:45 p. m. adjourned.

J. S. DUNNIGAN, Clerk.

SPECIAL ORDER—3 P. M.

Licensing Wholesale Peddlers of Wood, Coal and Charcoal
(Code No. 3.041)

The following recommendation of the Supervisors' Committee on New Charter Installation was taken up:

Bill No. 207, Ordinance No. 3.04117, as follows:

Imposing a license tax on wholesale peddlers of coal, charcoal — wood, defining such wholesale peddlers; providing for the identification of vehicles operated by such licensed peddlers; requiring a permit to be issued by the Chief of Police and a bond to be filed by such licensed wholesale peddlers.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Every person, firm or corporation engaged in the business of a wholesale peddler, peddling coal, charcoal and/or wood at wholesale shall pay an annual license to the City and County of San Francisco in the sum of $500, said license to be paid at the time of issuance thereof.

Section 2. For the purpose of this ordinance a wholesale peddler is defined to be and include all persons, both principal and agent, and all firms, corporations, partnerships or any other joint or singular enterprise engaged in by a person or persons not having a regular fixed and established place of business in the City and County of San Francisco, who travel from place to place or have a stand upon any public street, sidewalk or alley or any other place, unenclosed or vacant lot

or parcel of land, and who sells, or exhibits or offers for sale, any of the commodities or products mentioned herein to dealers for the purposes of resale, or to any public institution, hotel or restaurant within the City and County of San Francisco. The person or firm so engaged shall not be relieved from the provisions of this section by reason of association, temporarily, with any local dealer or merchant, or by conducting any temporary business in connection with, or as a part of, or in the name of any local dealer or merchant. Any sale by a peddler to a dealer, for the purpose of resale, or to a public institution, hotel or restaurant, shall classify him as a wholesale peddler, and in addition to being guilty of a violation of this ordinance, he shall be liable for the difference between that which he paid for a license as a peddler and what he should pay as a wholesale peddler.

Section 3. Each such peddler shall have his name, address and number of his license printed conspicuously on both sides of his truck or other vehicle in letters and figures not less than three inches in height, and he shall always carry the permit hereinafter provided for with him and shall exhibit the same whenever required by any police or other officer authorized by the laws of the City and County of San Francisco.

Section 4. It shall be unlawful for any person to engage in the calling of a wholesale peddler within said City and County of San Francisco without having first obtained a permit from the Chief of Police thereof upon a written application and after a hearing thereon, and without first having filed a bond and paid the license fee provided for in this or other ordinances.

Section 5. Upon payment of the license fee to the Tax Collector of said City and County he shall issue a numbered license to such wholesale peddler, but no license shall be issued by the Tax Collector to any such wholesale peddler until and unless the aforementioned permit has been issued and such applicant shall have first filed with the Controller of the City and County of San Francisco, and the same has been approved by said Controller, a liability insurance policy or bond, executed by the applicant, as principal, and a surety company, qualified and authorized to do business in California, as surety, in the sum of $5,000, to adequately protect the interests of said City and County and the public in the particulars hereinafter set forth; which policy of insurance or other bond shall bind the obligors thereunder that such applicant shall fully comply with the provisions of this ordinance and with the provisions of all other applicable ordinances of said City and County and the statutes of the State of California regulating or concerning the sale of the commodities or products in this ordinance mentioned, by peddlers, and shall pay all judgments rendered against such applicant for any violation thereof to the person recovering such judgments, and shall pay all judgments rendered against the applicant for injuries to persons and loss or damage to property resulting from the negligent operation of the business of such peddler within said City and County of San Francisco, and shall pay all judgments recovered by any person against said applicant arising out of any misrepresentation or deception practiced upon any person transacting business with said applicant as such peddler within said City and County; and any person injured by such negligent operation of said business or having a claim or cause of action as herein provided shall have a right of action directly on said policy or bond.

Section 6. Sections 1, 2, 4 and 5 of this ordinance shall not apply to any coal miner who peddles coal mined by him except as in this section provided. Such miner shall be required to obtain the permit herein provided for, but shall be entitled to such permit without the payment of said license fee; provided, however, that such miner shall first file with the Chief of Police of the City and County of San Francisco, in connection with his application for a permit, an affidavit setting forth his name and address, the amount and variety of coal he proposes to sell, the place where said coal is mined, and that said coal was actually mined by him; provided, however, that any miner as herein defined who shall engage in the business of such peddling shall

not remain in any one place upon a street, alley or sidewalk in the City and County of San Francisco or between the same two blocks on any street in the City and County of San Francisco, or opposite the same block on the same street in the City and County of San Francisco, or within the same block upon any alley in the City and County of San Francisco, or within 1000 feet of the boundaries of the fixed place of business of any wholesaler of coal for more than thirty (30) minutes at one time while actually engaging in such business of peddling.

Section 7. Any peddler, as herein defined, who shall engage in the business of such peddling, shall not remain in any one place upon a street, alley or sidewalk in the City and County of San Francisco, or between the same two (2) blocks on any street in the City and County of San Francisco, or opposite the same block on the same street in the City and County of San Francisco, or within the same block upon any alley in the City and County of San Francisco, for more than thirty (30) minutes at one time while actually engaging in such business of peddling.

Section 8. Any permit issued under and pursuant to the provisions of this ordinance shall remain in force for the period of one year from and after the date of its issuance unless revoked, and any person, firm or corporation desiring to renew any permit issued pursuant to the provisions of this ordinance shall make application to the Chief of Police of the City and County of San Francisco for the renewal thereof, which application for renewal shall be made in the same manner as for the issuance of said original permit.

Section 9. Any permit issued pursuant to the provisions of this ordinance may be revoked by the Chief of Police for any violation of the condition of said permit or for any violation of this ordinance by the holder of said permit. Before any permit shall be revoked by the Chief of Police, notice in writing shall be given to the holder of said permit of the time and place of hearing the matter of the revocation of said permit, which said notice shall briefly state the reasons for revoking said permit, and shall be mailed to the holder of said permit at his place of business or residence, as the same appears on his application for said permit, and when said notice is so mailed the Chief of Police shall have power, upon hearing the matter of the revocation of said permit, to revoke the same or make any order in the premises as may be proper.

Section 10. Any person, firm or corporation that shall violate any of the provisions of this ordinance shall be guilty of a misdemeanor and, upon conviction thereof, shall be punished by a fine not to exceed five hundred ($500) dollars or by imprisonment in the County Jail for not more than six (6) months, or by both such fine and imprisonment. Each day or fraction thereof any person, firm, association or corporation shall be engaged in such business without a license shall be considered as a separate and distinct offense.

Section 11. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this act and each section, subsection, sentence, clause and phrase thereof irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional.

EXPLANATION.

The provisions of this ordinance are identical with those contained in an ordinance passed August 29, 1932, imposing a license fee on wholesale peddlers of vegetables and other food products. This ordinance does not apply to retail peddlers of wood, coal and charcoal, nor does it affect any person maintaining a fixed place of business in the City and County of San Francisco. Section 6 exempts California coal miners from the payment of the license fees imposed by this ordinance.

Privilege of the Floor.

Annette Adams, Mrs. J. M. Butcher, representing the Consolidated Milling Company, and Frances V. Meeker, representing 90 per cent of the buyers, were heard in opposition to the measure.

William T. Doyle, attorney for J. Cal Ewing, San Francisco retail coal dealers; Mr. Fitch, representing the San Francisco Chamber of Commerce, and John O'Connell, representing the Teamsters' Union, were heard in favor.

Motion.

Supervisor Colman, seconded by Supervisor Gallagher, moved as an amendment to section 1 that the amount of license be reduced from $500 to $250.

Motion *lost* by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Hayden, Power—7.

Noes—Supervisors Havenner, McSheehy, Miles, Peyser, Roncovieri, Shannon, Spaulding, Stanton—8.

The Standard Specifications of March, 1929, are hereby made a part of these specifications.

NEW BUSINESS.

Authorizing Execution of Agreement Between City and Market Street Railway Company for Renewal of Railway Tracks, Necessary in Connection With Improvement of the Bay Shore Boulevard, and Providing for Payment of $3,000 Out of 1927 Boulevard Bond Fund to Market Street Railway Company.

(Code No. 15.09)

The following recommendation of the Finance Committee was taken up:

Resolution No. 606, as follows:

Resolved, in accordance with the recommendation of the Department of Public Works, that the Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed, in behalf of the City and County of San Francisco, hereinafter called "City," to enter into the following written agreement with Market Street Railway Company, a corporation, hereinafter called "Railway," in connection with the improvement of Potrero avenue and Bay Shore boulevard, from Marin street to Army street, San Francisco, California:

"Whereas, the City desires to widen Potrero avenue, from Army street to Bay Shore boulevard, in the City and County of San Francisco, and, in aid of this improvement, desires to have the railway tracks now being maintained and operated by Railway over a private right of way on Potrero avenue, from Army street to San Bruno avenue, moved and relaid to what will be the center line of Potrero avenue after the widening of Potrero avenue shall have been completed, as shown on plan prepared by the City Engineer of the Department of Public Works of City and made a part hereof. File No. A-9918 and dated July, 1932; and

"Whereas, Railway is willing to grant the request of City to relocate its tracks in the center of Potrero avenue, from Army street to San Bruno avenue, subject to the terms, covenants and conditions herein contained;

"Now, therefore, it is mutually agreed by and between the parties hereto as follows, to-wit:

"1. In consideration of all the covenants and agreements herein assumed by City, Railway agrees to convey by quitclaim deed to City all its right, title and interest in and to the said private right of way over which it was maintaining and operating its railway, as aforesaid, between Army street and San Bruno avenue, which right of way is shown as Parcel 'A' on said plan, and will at its own cost and expense furnish all overhead work and all rails, special work, ties, bolts and labor in connection with the removing of the rails from said private right of way and replacing the same in the new location in the center of Potrero avenue, as herein set forth, which new location is shown as Parcel 'B' on said plan.

"2. The City shall at its own cost and expense excavate where the tracks of the Railway are to be laid in their new location, and will also furnish the necessary ballast for the relaying of the tracks of Railway, and shall do all the necessary paving of the tracks in the new location, and repaving where the tracks were removed.

"The Railway Company will furnish City with print showing the depth of trench and section of track for excavation and ballast.

"City shall also excavate down to and uncover the ties wherever rails are to be removed or shifted. The intent is that the City is to do all necessary excavation in the removal of old tracks and in the construction of the tracks in the new location.

"City shall also pay to Railway, upon this agreement becoming effective, the sum of three thousand dollars ($3,000), which sum is 50 per cent of the cost to Railway in acquiring the private right of way herein referred to and which it is abandoning, as herein set forth.

"3. It is mutually agreed that Railway shall forthwith make application to the Board of Supervisors of the City and County of San Francisco for a supplemental permit under Section 132 of the Charter of the City and County of San Francisco authorizing it to extend its said street railway from San Bruno avenue and Potrero avenue, there connecting with the tracks of Railway on San Bruno avenue; thence along Potrero avenue to and connecting with the tracks of Railway on Army street, so as to permit the operation of the cars of Railway over, along and upon said route. Said extension shall be deemed to be an extension from the car line on San Bruno avenue authorized to be operated and maintained under the operating permit secured from City on February 9, 1931, in pursuance of Section 6a and Section 6b of Chapter II, Article II, of the Charter of the City and County of San Francisco, as then in force. This agreement shall become effective upon the granting of said supplemental permit above mentioned, otherwise said agreement to be null and void."

Be it Further Resolved, upon said agreement becoming effective, that the above-mentioned sum of three thousand dollars ($3,000) be paid to Market Street Railway Company from the 1927 Boulevard Bond Fund, and that said quitclaim deed be accepted by the City and County of San Francisco.

The following resolutions were *adopted*:

Closing and Abandoning Portion of Holladay Avenue Southerly From Army Street.

(Code No. 12.0622)

On recommendation of Streets Committee.

Resolution No. 607, as follows:

Whereas, on the 19th day of December, 1932, the Supervisors of the City and County of San Francisco duly and regularly passed Resolution No. 551, which resolution was presented to his Honor the Mayor for his approval and was duly and regularly approved by the Mayor of the City and County of San Francisco on the 21st day of December, 1932, said resolution being in words and figures as follows, to-wit:

(Code No. 12.0621)

Resolution No. 551, as follows:

Resolved, That the public interest requires that the certain following described portion of Holladay avenue, southerly from Army street, be closed and abandoned; and be it

Further Resolved, That it is the intention of the Board of Supervisors to close and abandon all that portion of Holladay avenue more particularly described as follows, to-wit:

Beginning at a point on the southwesterly line of Holladay avenue, distant northwesterly thereon 172.54 feet from the northwesterly line of Peralta avenue; thence northwesterly along said line of Holladay avenue 49.79 feet; thence southeasterly on the arc of a curve to the right, whose tangent deflects 145 degrees 35 minutes 44 seconds to the right from the preceding course, radius 91.17 feet, central angle 15 degrees 47 minutes 03 seconds, a distance of 25.12 feet; thence southeasterly on the arc of a curve to the left, tangent to the preceding curve, radius 611.84 feet, central angle 2 degrees 43 minutes 46 seconds, a distance of 29.15 feet; thence deflecting 111 degrees 20 minutes 59 seconds to the right from the tangent to the preceding curve, and running southwesterly, perpendicularly to the southwesterly line of Holladay avenue, 21.14 feet to the aforesaid line of Holladay avenue and the point of beginning.

Said closing and abandonment of said portion of Holladay avenue shall be done and made in the manner and in accordance with the provisions of Section 107 of the Charter of the City and County of San Francisco and the Street Opening Act of 1889, as amended, General Laws of the State of California; and be it

Further Resolved, That the damage, cost and expense of said closing and abandonment be paid out of the revenue of the City and County of San Francisco.

And the Clerk of this Board is hereby directed to transmit to the Department of Public Works a certified copy of this resolution, and the Department of Public Works is hereby directed to give notice of said contemplated closing and abandonment of said portion of Holladay avenue in the manner provided by law, and to cause notice to be published in the official newspaper as required by law.

Adopted by the Board of Supervisors December 19, 1932.

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton.

Absent—Supervisor Gallagher.

I hereby certify that the foregoing resolution was adopted by the Board of Supervisors of the City and County of San Francisco.

J. S. DUNNIGAN, Clerk.

Approved December 21, 1932.

ANGELO J. ROSSI, Mayor.

And Whereas, the Clerk of the Supervisors of the City and County of San Francisco did transmit to the Department of Public Works of the City and County of San Francisco a certified copy of said resolution, and the said Department of Public Works did, upon receipt of said resolution, cause to be posted, in the manner and as required by law, notices of the passage of said resolution, and did also cause, in the manner and as required by law, a notice similar in substance to be published for a period of ten days in the official newspaper of the City and County of San Francisco; and

Whereas, the public interest and convenience requires said improvement to be done as specifically described in Resolution No. 551; and

Whereas, the Supervisors have acquired jurisdiction to order that said portion of Holladay avenue described in Resolution No. 551 be closed and abandoned; now, therefore, be it

Resolved, That it be ordered and it is hereby ordered, that the portion of Holladay avenue as specifically described and proposed in said Resolution No. 551 be closed and abandoned; and be it

Further Resolved, That the entire damages, costs and expenses of closing said streets described in Resolution No. 551 shall be paid out of the revenues of the City and County of San Francisco as proposed and provided in Resolution No. 551; and be it

Further Resolved, That the said closing and abandonment of said streets shall be done in the manner and in accordance with the provisions of Section 2 and the sections following Section 2 of said Chapter

III of Article VI of the Charter of the City and County of San Francisco; and be it

Further Resolved, That the Clerk of this Board transmit a certified copy of this resolution to the Department of Public Works, and that the Department of Public Works be instructed to proceed thereafter as required by law, and the Clerk is hereby directed to advertise this resolution in the official newspaper as required by law.

Commending Senate and Assembly and Governor of California for Favorable Legislation for Transbay and Golden Gate Bridges.

(Code No. 12.112)

Supervisor Hayden presented:

Resolution No. 618, as follows:

Whereas, the City and County of San Francisco is placed in an enviable position by and through the contemplated erection of a bridge across the Golden Gate, and one across San Francisco Bay; and

Whereas, much time, labor, study and perseverance have brought the prospect of these two bridges to fruition and immediate accomplishment; and

Whereas, the Senate and the Assembly of the State of California in Sacramento now assembled, and His Excellency James Rolph, Jr., Governor, have given due and careful consideration to several bills

positively required by and necessary to the launching of these two projects of magnitude, and have, after deliberation, enacted said bills into law; and

Whereas, said enactments by the Senate and the Assembly of the State of California and His Excellency James Rolph, Jr., Governor, remove all last obstacles to the prosecution and realization of these two bridges; now, therefore, be it

Resolved, that the Board of Supervisors of the City and County of San Francisco after contemplation fully recognizes the importance of the legislation passed by the Senate and the Assembly now in session and His Excellency James Rolph, Jr., Governor, which legislation has paved the way for a free and unobstructed erection of two of the greatest projects that California has witnessed; and be it

Further Resolved, That in view of the excellent and wise cooperation of the legislative bodies of the State of California now in session and Governor of the State of California, the Board of Supervisors of the City extends to said bodies individually and collectively sincere appreciation, hearty endorsement and grateful acknowledgment; and be it

Further Resolved, That a copy of this resolution be spread on the minutes of this meeting, and that a copy be forwarded to the Speaker of both the Senate and Assembly, and one also to His Excellency, James Rolph, Jr., Governor.

Mayor Requested to Appoint Committee, Ground-Breaking Ceremonies, San Francisco-Alameda County Bay Bridge.

(Code No. 12.112)

Supervisor Peyser presented:

Resolution No. 620, as follows:

Whereas, the Legislature of the State of California, by unanimous vote, has passed the necessary legislation for the immediate construction of the San Francisco-Alameda County Bay Bridge; and

Whereas, this structure will increase the avenues of ingress and egress into the City of San Francisco; and

Whereas, there will be expended in this project approximately $67,000,000, which means the employment of many thousands of our citizens; and

Whereas, the construction of said bridge is an epochal event in the history of our community and the Bay region; now, therefore, be it

Resolved, That his Honor, Angelo J. Rossi, Mayor of the City and County of San Francisco, be respectfully requested to appoint a committee of citizens to confer with the California Toll Bridge Authority, Alameda County officials, and other organizations with a view to properly celebrating the commencement of activities and construction of said bridge.

Report of Supervisor Peyser on State Legislative Matters.

Supervisor Peyser reported for the Judiciary Committee that a measure known as the Breed bill, which proposed to cut $400,000 from amount received from the State for maintenance of San Francisco schools, was killed in committee.

He said the Ingalls bill, also referring to the public schools, proposes that the State contribution will remain the same—a minimum for county taxes becomes maximum, 30 per cent and 60 per cent for the year. Amendment proposed cutting them by 20 per cent. Copies will be sent to members. He asked members of the Board to give them careful consideration.

The bridge bills, he declared, had all been passed. A public expression of appreciation for their efforts in behalf of the bridge bills should be extended to Leland Cutler, George Presley, Richard Barrett, Frank MacDonald, John O'Connell, Archibald Mooney, James Ricketts and R. Corey.

On February 28, he declared, all contracts would be let, and on April 1, 1933, work will be started.

Adopted.

Whereupon, the following resolution, to which the name of Supervisor Havenner was added, on motion of Supervisor Colman, was presented by Supervisor Peyser and *adopted*:

Commending Commercial, Business and Labor Organizations and Citizens Re Enactment of Legislation Relating to Bay Bridge.

(Code No. 12.112)

Resolution No. 617, as follows:

Whereas, all necessary legislation for the immediate construction of the San Francisco-Alameda County Bay Bridge has been enacted by the Legislature of the State of California; and

Whereas, the expeditious manner in which the said legislation was enacted was effected through the untiring and united efforts of all groups of San Franciscans; and

Whereas, this united front and cooperative effort overcame numerous obstacles that presented themselves; now, therefore, be it

Resolved, That this Board of Supervisors, for the people of San Francisco, does hereby commend the untiring, unselfish and splendid efforts of Messrs. Leland W. Cutler, George Presley, Richard Barrett, R. Corey, Frank C. MacDonald, John A. O'Connell, Archibald Mooney, James Ricketts, Supervisor Franck R. Havenner, and numerous other public-spirited citizens, together with all business, commercial and labor organizations; and be it

Further Resolved, That a copy of this resolution be forwarded to each of the aforementioned persons and the organizations they represent.

Adopted by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—15.

Supervisor Roncovieri moved to add the Governor's name, the names of the members of the State Toll Bridge Authority and Chief Engineer Purcell to the resolution.

So ordered.

Committee on Federal Aid for Unemployed.

Supervisor Havenner moved that his Honor the Mayor be requested to appoint a special committee of members of this Board and any other City officials and others deemed proper, to deal with the question of obtaining federal aid for unemployment relief, said committee to report back in the near future.

So ordered.

Rules for Clerks.

Supervisor Havenner moved that the Rules Committee consider the establishment of a rule that clerks be instructed to notify other committees of pertinent matters pending in their committees.

So ordered.

ADJOURNMENT.

There being no further business, the Board at 6:30 p. m. adjourned to meet Thursday, at 2:30 p. m., to consider Charter amendments.

J. S. DUNNIGAN, Clerk.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

THURSDAY, FEBRUARY 2, 1933, 2:30 P. M.

In Board of Supervisors, San Francisco, Thursday, February 2, 1933, at 2:30 p. m.

The Board of Supervisors met pursuant to adjournment for the consideration of proposed Charter amendments.

CALLING THE ROLL.

The roll was called and the following supervisors were noted present:

Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Shannon, Spaulding, Stanton—14.

Absent—Supervisor Roncovieri—1.

Quorum present.

Committee of the Whole.

Supervisor Peyser moved that the Board of Supervisors resolve itself into a Committee of the Whole for the consideration of the proposed Charter amendment incorporating the Fire Department in the Retirement System.

So ordered.

On motion of Supervisor McSheehy, Supervisor Hayden was elected to preside.

Privilege of the Floor.

Pending the arrival of Mayor Rossi's proposed Charter amendment reducing municipal salaries, Adolph Uhl was granted the privilege of the floor and stated in part as follows:

"If there is nothing before the Board, I have something."

He proposed three Charter amendments to go on the ballot if the Supervisors authorized a special election on a salary reduction amendment.

His first amendment, Mr. Uhl said, would make it illegal for a man and his wife to hold two city positions, and for any city employee to draw more than one salary. If it were adopted either the man or wife would have to quit, making one of the positions available for the unemployed.

In the second measure Mr. Uhl said that he proposed elimination of the Treasurer's office held by Duncan Matheson. This office, he said, could be consolidated with that of the Tax Collector without impairing the efficiency of the City Government.

Under the third Uhl proposal, the voters would be asked to modify the pension system so that no retired employee would receive more than $85 a month, or abolish the Retirement System after permitting those eligible this month to take their pension.

"Personally I am for abolishing the Retirement System," Mr. Uhl explained. "If we did that the money now frozen in the fund would be available for tax relief. There's $12,000,000 in that fund. Half of

that belongs to the employees. If we gave them their money back we would have $6,000,000 and our troubles would be over."

Motion.

Supervisor Peyser moved that at 6 p. m. the Board take a recess until 8 p. m. Supervisor Colman moved as an amendment that at 6 p. m. we take a recess until 10 a. m. tomorrow.

Motion *lost* by the following vote:

Ayes—Supervisors Brown, Colman, Hayden—3.

Noes—Supervisors Breyer, Canepa, Gallagher, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding—10.

Absent—Supervisors Havenner, Stanton—2.

Proposed Charter Amendment.

Thereupon the following matter heretofore presented by the David Scannell Club was taken up:

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending the first paragraph and subdivision (d) respectively of Section 169 thereof, and by adding a new subdivision to said Section 169 to be known as subdivision (g) thereof, and by repealing Section 171 of said Charter, all relating to the pension and retirement contributions, benefits and allowances of the members of the Fire Department.

Section 1. The first paragraph of Section 169 of the Charter of the City and County of San Francisco is hereby amended to read as follows:

"Section 169. Persons who are members of the Fire Department on the effective date of this amendment, herein defined as the date of ratification of this amendment by the Legislature of the State of California, and persons who shall become members of the Fire Department after that date, shall be members of the Retirement System on and after the said effective date, subject only to the following provisions, in addition to the provisions contained in Sections 158 to 163, both inclusive, of this Charter."

Section 2. Subdivision (d) of Section 169 of the Charter of the City and County of San Francisco is hereby amended to read as follows:

"(d) In addition to the other contributions required of the City and County under the Retirement System, the City and County shall contribute to the Retirement System during each fiscal year a sum which, together with the members' contributions provided for in subdivision (g) of this section, shall be equal to the liabilities accruing under the Retirement System because of service rendered during such year by persons who are members under this section. If subsequent to such fiscal year it shall be determined that such contribution by the City and County, together with the members' contributions, was not sufficient to meet such liability, then the City and County shall make such additional contribution as may be necessary to make up the deficit."

Section 3. Section 169 of the Charter of the City and County of San Francisco is hereby amended by the addition of a new subdivision thereto to be known as subdivision (g) thereof, to read as follows:

"(g) Each person who is a member of the Retirement System under the provisions of this section shall contribute each month to the Retirement System 4 per cent of the salary received by him during such month, to be applied on the cost of the benefits at death and retirement provided for him under this section. Should a member be separated from City service through any cause other than death or retirement, then such contributions, with interest, shall be refunded to him under such conditions as may be fixed by the Board of Supervisors for the refund of accumulated contributions of other members of the Retirement System. Any increase or decrease of the

salaries of members of the Fire Department shall not in anywise affect the pensions being paid to persons retired prior to such change, or to any widow, child, children, or parents who shall be receiving a pension at the time of such change."

Section 4. Section 171 of the Charter of the City and County of San Francisco is hereby repealed.

Communication From Retirement Board.

Whereupon the following was presented and read by the Clerk:

February 2, 1933.

Board of Supervisors, City Hall.

Gentlemen: In accordance with your Resolution No. 619, I have examined the proposed Charter amendment affecting Section 169 of the Charter, which now provides for the retirement of persons who were members of the Fire Department on January 8, 1932. While it is impossible in the limited time available to make an exhaustive and exact valuation of all the changes in the proposed amendment, it is possible to state generally their principal financial effect under the Retirement System.

The amendment makes two principal changes, as follows:

1. It requires all members of the Fire Department as defined in Section 162 of the Charter to contribute 4 per cent of their salaries to the Retirement System. Members who were in the service prior to January 8, 1932 (called old firemen hereafter) now contribute nothing. Members entering the service after January 8, 1932 (called new firemen hereafter), now contribute an average of 4.45 per cent of their salaries.

2. It provides that all members of the Fire Department shall be eligible to the benefits provided in Section 169. Only old firemen have been eligible to such benefits heretofore. Members entering the service after January 8, 1932, have been eligible to the less liberal benefits provided in other sections of the Charter and in Ordinance No. 9134. Only the principal change in benefits will be considered here, namely, the liberalization of service retirement by the continuation to the widow, and children under 16, of pensions in case of death after retirement for service.

Effect of Contribution Changes.

Contributions by old firemen of 4 per cent of their salaries will mean an immediate receipt by the Retirement System of approximately $112,000 more from that group than under the present Charter provisions. For example, if this contribution had been in effect for the current fiscal year, the City and County's contribution for the year's service would have been approximately $438,000 instead of $550,000 on account of the 1143 old firemen. This amount to be received from old firemen will decrease about $5,000 each year as old firemen are replaced by new, through death, retirement or otherwise.

It should be remembered that new firemen now contribute at an average rate of 4.45 per cent. The proposed amendment reduces this rate to 4 per cent. The difference of forty-five one-hundredths of 1 per cent, which would be added to the City's contribution, is tied up with the change of benefits for new firemen and will be included in the estimates under that heading.

Effect of Benefit Changes.

The more liberal service retirement benefits for new firemen increase the total retirement contributions required from all sources for the average new fireman from 8.90 per cent to approximately 13 per cent of his salary. Since at present the contribution for new firemen is divided equally between the City and the member, that is, 4.45 per cent from each, and since the new firemen will contribute only 4 per cent under the proposed amendment, the City and County's contribution is increased from 4.45 per cent to approximately 9 per cent, including the forty-five one-hundredths of 1 per cent, referred to in the preceding

paragraph. These percentages are based on the average individual who enters the service at age 29 and retires at age 57, after 28 years' service.

At present there are fifty new firemen in the service, drawing approximately $100,000 in salaries per year. At the 4.50 per cent additional rate, therefore, the Charter amendment would require from the City an additional contribution next year of approximately $4500. This would decrease the actual benefit to the City under the proposed amendment, during the first year, from $112,000 to about $108,000. Each year in the future, however, old firemen who now contribute nothing, and whose proposed contribution of 4 per cent is a gain to the City, will be replaced by new firemen, for whom, as the Charter now stands, the City would contribute an average of 4.45 per cent, but whose inclusion under the Charter amendment at more liberal benefits, requires an additional contribution from the City of about 4.50 per cent of their salaries.

Although it is difficult to forecast the rate at which old firemen will be replaced by new, an inspection of the status in the department at July 1, 1931, shows that at that time approximately 48 per cent of the members of the department had been in the service ten years or less. If this rate of replacement continues, the members of the Department ten years from the present time will be divided approximately equally between old and new firemen.

In about ten years, therefore, the City would be receiving no benefit under the proposed Charter amendment, because the 4 per cent from the old firemen would be offset by the additional 4.50 per cent required from the City for new firemen. After the ten years, replacement of the old firemen will proceed even more rapidly, being practically completed at the end of twenty-five years. The excess of the additional 4.50 per cent over the 4 per cent from the remaining old firemen, having increased each year, will then be costing the City, if the present payroll is not increased, about $130,000 each year more than the cost under present Charter provisions. This annual additional cost would continue as long as the amendment remained in force.

The case may be stated in another way. The City will be required by the amendment to contribute 4.50 per cent of the salary of every new fireman in addition to the contribution required under the present Charter. Every time an old firemen is replaced by a new, therefore, the $108,000 net advantage to the City at the beginning is decreased by this additional 4.50 per cent plus the 4 per cent no longer received from the replaced old firemen, a total of 9.50 per cent. This percentage applied to the average salary gives a decrease of over $200 per year for each replacement. Fifty new firemen have been appointed in the last year. If this rate of replacement continues, the City's advantage under the new arrangement will decrease at the rate of about 50 multiplied by $200, or $10,000 per year.

There is still another way to illustrate the effect in the change of benefits. Based on actual experience for the ten years ending June 30, 1931, the average value of the allowance granted to each member of the Fire Department upon retirement for service was approximately $18,000. This, of course, included the continuation of the pension to the widow and children. The average value of the allowance provided for new firemen at age 57 upon retirement for service is approximately $13,000. This benefit does not include the payment of a pension to widows and children. The proposed Charter amendment, therefore, increases the value of the service retirement allowance by approximately $5,000 for each individual.

The principal financial effects of the proposed amendments may be summarized, therefore, as follows:

(a) The amount received from the 4 per cent contribution by old firemen will start at $112,000 per year and decrease each year by approximately $5,000.

(b) The extra cost to the City on account of increased benefits to new firemen will start at approximately $4,500 per year and increase about $5,000 each year thereafter.

(c) The annual amount received from old firemen and the annual additional contribution required from the City on account of new firemen will offset each other in about the tenth year.

(d) After the tenth year the additional contribution will exceed the amount received from old firemen, this excess increasing to approximately $130,000 in the twenty-fifth year. Thereafter, on the basis of the present payrolls, the net additional cost to the City under the proposed amendment will continue at about $130,000 per year.

No attempt has been made here to determine the effect of the provision that changes in salaries in the future shall not change pensions outstanding. Neither has any attempt been made to determine the effect of permitting new members of the Fire Department to retire regardless of age, after twenty-five years' service, or the effect of providing a pension to widows and children of new firemen who die after qualification for retirement. These last two items would tend to increase the cost to the City under the proposed amendment. I believe, however, that the statements in the foregoing paragraphs will enable you to understand the general financial effect of the proposed amendment.

Respectfully submitted,

RALPH R. NELSON,
Secretary-Actuary.

Discussion.

Fire Department Pensions.

Supervisor Andrew J. Gallagher said he had another Charter amendment dealing with the Fire Marshal's office, but would not submit it until some time later.

James Radford, retired Fire Chief, was granted the privilege of the floor. He urged submission of the measure to the people. He said new firemen were not justly treated as to pensions in the new Charter.

Under the proposal old firemen who contribute nothing toward their pension would give 4 per cent of their salary, as would the new men, and both groups would be entitled to the liberal pension provisions provided for those who were in the department before the new Charter became law.

Ralph R. Nelson, secretary of the Retirement System, said the proposal would save the city $108,000 the first year it was in effect.

This saving would decrease annually, and at the end of 10 years there would be none. After that there would be a gradual increase in the cost to the city. At the end of 25 years the new setup would cost the City $115,000 a year more than the pension arrangement authorized by the Charter.

Captain Fred Ireland was granted the privilege of the floor and said: "There is a saving for 10 years even under Mr. Nelson's figures, and I'm sure the members of the Fire Department would agree to a change if after 10 years the City found that our proposal cost more money."

William Nanry, Municipal Research Bureau, was also heard on the pending matter.

Action Deferred.

Thereupon, upon motion, Mr. Nelson was requested to make a further study and submit a more detailed report at next Monday's meeting.

The following was presented and read by the Clerk:

Salary Deductions.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new section thereto,

to be known as section 70.1, providing for deductions from the salaries of the officers and employees of the City and County during extraordinary economic conditions, and authorizing the reducing of budget appropriations otherwise provided by Charter to be made to the various officers and departments of the City and County.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of said City and County, at a special election to be held on the — day of March, 1933, a proposal to amend the Charter of said City and County by adding a new section thereto to be designated section 70.1, and which section shall read as follows:

Deductions from salaries and other fixed appropriations in time of extraordinary economic conditions or public emergencies.

Section 70.1. Whenever, in the judgment of the Mayor and the Board of Supervisors, extraordinary economic conditions actually exist due to unemployment, fire, earthquake, flood or other calamity, which adversely affect the life, health and welfare of the citizens of the City and County or of any considerable portion thereof, the Board of Supervisors, by a three-fourths vote of all of its members, with the concurrence of the Mayor, shall have power as follows, to-wit:

Sub. 1. To officially declare that a public emergency exists, and to fix the approximate anticipated time during which said emergency shall continue, provided that no such emergency shall be anticipated to continue beyond the end of the fiscal year during which the same is declared, unless such emergency be declared subsequent to the first day of January of said year, in which event the said emergency may be anticipated to continue until the end of the next succeeding fiscal year.

Sub. 2. To provide that while said emergency as declared shall continue to exist there shall be deducted from the gross salaries and compensations, exclusive of pension and retirement allowances, of each officer and employee of the City and County of San Francisco, including officers and employees of the Board of Education, not more than the respective amounts hereinafter set forth. Said deductions shall be made on the basis of the salary and compensation rate of said several officers and employees which were in effect during the calendar month immediately preceding the month during which said emergency was declared and not reduced by this section.

If said salary and compensation deductions are not reflected in the annual budget and appropriation ordinances, as set forth in subdivision 3 of this section, the amount of said deductions shall be used for the purpose of meeting or alleviating the emergency which has been declared, or to balance any deficiency existing in the general funds of the City arising by reason of the delinquency in the payment of taxes or other revenue as compared with the anticipated revenues over the same period. Provided that where salaries or compensations are paid out of bond funds, utility funds, or other trust funds, which are not provided from the revenues of the City, all deductions made shall revert to the respective funds from which said salaries or compensations are paid.

The maximum deductions from the salary or compensation of each officer or employee heretofore referred to shall be as follows, to-wit:

(a) From the salaries or compensation of officers or employees whose gross earnings exceed $100 per month and do not exceed $120 per month, three (3) per cent of the amount of the gross monthly earnings of each of said officers or employees.

(b) From the salaries or compensations of officers or employees whose gross earnings exceed the sum of $120 per month and do not exceed the sum of $140 per month, seven (7) per cent of the gross monthly earnings of each of said officers or employees.

(c) From the salaries or compensation of officers or employees whose gross earnings exceed the sum of $140 per month and do not exceed the sum of $185 per month, ten (10) per cent of the gross monthly earnings of each of said officers or employees.

(d) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of $185 per month, and do not

exceed the sum of $275 per month, twelve and one-half (12½) per cent of the gross monthly earnings of each of said officers or employees.

(e) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of $275 per month, and do not exceed the sum of $600 per month, fifteen (15) per cent of the gross monthly earnings of said officers or employees.

(f) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of $600 per month and do not exceed the sum of $834 per month, eighteen (18) per cent of the gross monthly earnings of each of said officers or employees.

(g) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of $834 per month, twenty (20) per cent of the gross monthly earnings of each of said officers or employees.

(h) Provided, however, that no more than five and one-half (5½) per cent of the gross monthly earnings of per diem employees whose compensations are fixed on the basis of a five-day week shall be deducted from the salaries or earnings of any such employee.

Said deductions shall be made from said earnings or compensations in monthly or semi-monthly installments according to the time at which said salaries or compensations are paid, provided that where the earnings of any officer or employee are on an hourly or per diem basis deductions based on his total earnings for the month shall be deducted from the installment of said earnings paid for the last half of the month.

Sub. 3. Should any such emergency declared as herein provided be anticipated to continue into the next fiscal year following the one during which said emergency has been declared, the heads of all departments, the Controller and the Mayor, in preparing or submitting their respective annual budget estimates, shall base and estimate the net salaries and compensations to be paid to the officers and employees of their respective departments, or, in the case of the Mayor and the Controller, to be paid to the officers and employees of all departments, at amounts not to exceed the said salaries and compensations as reduced by the above-mentioned percentages on the above-mentioned salary and compensation rates, and the annual appropriation and salary ordinance shall fix said net salaries and compensations accordingly. When any emergency is declared after the annual budget is prepared or adopted, or after the annual appropriation or salary ordinances are enacted, and before the annual tax rate is fixed as provided by law, said budget and said appropriation and salary ordinances may be revised or reenacted, so that the deductions herein authorized to be made may be reflected in the amount of the tax levy.

Sub. 4. All of such deductions, whether made after the passing of the annual budget appropriation and salary ordinance or included therein, shall be deemed as temporary deductions from the salaries and compensations of said officers and employees, and shall be continued only during the anticipated period for which said emergency has been declared.

Sub. 5. In making the deductions herein provided for, the value of board, room and laundry or other maintenance furnished by the City and County to any officer or employee, when the same is made a part of his compensation by the Civil Service Commission, shall be added to the monetary salary or compensation paid to said employee, and the amount of deductions from said salary or compensation shall be based on said monetary salary plus the value of said board, room and laundry or other maintenance, provided that no deduction shall be made for quarters furnished to any officer or member of the Fire Department.

Sub. 6. During the period that any emergency shall exist after being so determined as hereinbefore provided, the Controller, with the approval of the Mayor and the Board of Supervisors, may reallocate any unencumbered balance, or any part thereof, to the credit of any department or office exclusive of moneys or appropriations

made or required to be made to any bond, bond interest, bond redemption, pension, utility, or trust fund, so that the same shall be available to meet the necessities of said emergency, irrespective as to whether the amount allocated to said department or office is fixed by this Charter or is the result of a tax provided by said Charter to be levied for said department. Should the period during which said emergency is anticipated to exist extend beyond the end of the fiscal year in which the same was declared to exist, the Mayor, with the approval of the Board of Supervisors, may reduce the amount of any mandatory appropriation provided to be allocated to any office or department; or may reduce the amount of any tax provided by the Charter to be levied for the support or maintenance of any department or office. Provided that no such deduction in appropriation, provided by this Charter to be made to any department, or in the reallocation of funds, or reduction in the amount of said tax otherwise provided to be levied to produce funds for any department, shall be greater than is necessary to reflect the deductions in salaries provided in this section to be made by reason of said emergency.

The provisions of this section shall have precedence over conflicting provisions of this Charter, but nothing herein contained shall adversely affect the rights of the officials and employees as set forth in section 71 of the Charter, during the period when no public emergency exists. Contributions by the City and County and by members of the San Francisco City and County Employees' Retirement System to, and benefits, pension payments and allowances under said Retirement System, shall be calculated on the basis of gross salaries and compensations of such members in the same manner and amounts as if no deductions from said gross salaries and compensations were made under this section.

Within ten days after this amendment becoming effective, the Board of Supervisors and the Mayor shall officially declare, by resolution, that a public emergency exists in San Francisco within the meaning of this section; and that it is anticipated that said emergency will continue until the end of the fiscal year 1933-1934, and the deductions from salaries and compensations at the maximum rates herein provided shall be effective until the end of said fiscal year.

Should any emergency be declared pursuant to the provisions of this section, which will be effective after the end of the fiscal year 1933-1934, which, in the judgment of the Board of Supervisors, will necessitate deductions from the salaries of the officers and employees of the City and County, over and above the amounts herein provided for, the Board of Supervisors, by unanimous vote of all of its members, and with the approval of the Mayor, may authorize a further deduction from the salaries and compensations of any of said officers and employees by increasing the maximum deductions in this section provided for, up to and including an amount not to exceed twenty-five (25) per cent of said respective salaries or compensations as the same existed before any deduction by authority of this section.

Communication From Mayor.

The following communication was then read by the Clerk:

February 2, 1933.

To the Honorable Board of Supervisors, City and County of San Francisco, City Hall, San Francisco.

Gentlemen: Due to extraordinary economic conditions, I find it necessary to anticipate curtailments which must apply for the remaining months of this fiscal year as well as the fiscal year 1933-1934.

As a justification of my position, I offer advice from our Assessor that the assessment roll will be materially reduced, also increased commitments will have to be allowed to the Health and Public Welfare Departments, decrease in revenue from all sources must be anticipated, budgetary allocation for unemployment relief and increased allowance for bond interest and redemption must be provided.

Economies will have to be made in every possible direction. In order to present to your honorable Board a budget for the next fiscal year with curtailments properly distributed, economies to the extent of $3,000,000 in the personnel service allocation must obtain. This can only be accomplished through a Charter amendment.

Realizing the importance and the urgency for this action, I invited to confer with me representatives of the several municipal employees' groups, representatives of sixteen leading civic organizations, representatives of labor, and the members of your honorable Board. As a result of many conferences, at which all groups enjoyed the privilege of free expression, I determined the enclosed proposal, if presented to the electorate and adopted, would permit, during the period of emergency, the salary reductions above referred to.

Much discussion centered about the percentage of the deduction, some reasoning that a wider and more gradual range should apply. I am, therefore, handing to you such data as I have at hand in this connection for your consideration.

The enclosed amendment I offer with my commendation and trust that you will give it your immediate and favorable consideration, and thereby cause a special election to be held for its submission to the electorate at the earliest possible date.

Respectfully,

ANGELO J. ROSSI, Mayor.

Discussion.

His Honor Mayor Rossi in presenting his proposed Charter amendment explained that a $3,000,000 saving in salaries would have to be made next year to help relieve the taxpayers, raise funds for unemployment relief and care for the growing needs of the City without raising the tax rate.

His amendment, he said, would give the Supervisors the authority to put into effect a percentage pay cut during an emergency period by a three-fourths vote of all the members with the Mayor concurring. If conditions warranted it in 1934 the Supervisors and Mayor by unanimous vote could further reduce salaries to a maximum of 25 per cent.

Though the measure included all employees, including school teachers, it provided that workers paid by the day who had been reduced to a five-day week would be cut only 5 per cent.

The Mayor urged adoption of his amendment, pointing out that if a special election was called immediately and the measure approved by the people and ratified by the Legislature, it might possibly be applicable for three months of the current fiscal year, which ends July 1.

In this way $750,000 could be raised to meet a possible deficit this year.

To meet the present emergency the Mayor suggested the following percentage reductions in his amendment:

Salary per month	Reduction per cent
$100 to $120	3
$121 to $140	7
$141 to $185	10
$186 to $275	12½
$276 to $600	15
$601 to $834	18
$834 and over	20

This setup, the Mayor said, would yield only $2,750,000 and $139,000 more from Hetch Hetchy workers, although $3,000,000 was needed.

"My amendment will protect the basic pay of the City's workers," said the Mayor, "and at the same time provide relief for the taxpayers during these trying times."

Another amendment providing reductions from 7 to 15 per cent was also submitted by the Mayor, who said it had been agreed to by

employees during conferences in his office. "But I'm not recommending it."

Harry Ross, Deputy Controller, in reply to queries by Supervisors Shannon and Peyser, was heard in part as follows:

"If the City lived up to its budget until July 1, there would be a $2,000,000 deficit because of tax delinquencies. But under the new Charter there must be economies during the next six months if the money does not come in because the Charter prohibits a deficit. Therefore we will break even."

Mr. Ross also indicated there would be an eventual surplus of $1,500,000 which would go into a reserve fund as the money came in.

Supervisor Peyser then asked for figures to support the Mayor's contention that a $3,000,000 saving from wages was necessary for next year and Mr. Ross promised he would bring them in for the evening session.

Conference of Taxpayers and Civic Organizations for Consideration of Proposed Retrenchment Charter Amendments.

Thereupon the following was presented and read by the Clerk:

San Francisco, Calif., February 2, 1933.

Hon. Angelo J .Rossi and the Honorable Board of Supervisors, San Francisco, California.

Gentlemen: Representatives of sixteen taxpayers' and civic organizations have held a number of meetings at the request of the Mayor to consider the provisions of a proposed Charter amendment to provide for retrenchment. Of those present, representatives from the following organizations that have participated have acted with the authority of their organizations:

Building Owners' and Managers' Association, Bureau of Governmental Research, Chamber of Commerce, Citizens' City Budget Committee, Junior Chamber of Commerce, New Charter Citizens' Committee, Property Owners' Division of the Real Estate Board, San Francisco Real Estate Board and Taxpayers' Retrenchment League.

The proposed amendment to the San Francisco Charter, reported to have been agreed upon Saturday, January 28, by representatives of City officials and employees' organizations, and estimated as involving a maximum wage reduction for the purpose of tax retrenchment of $2,650,000, has been carefully considered.

After such consideration, it is the unanimous opinion of all the representatives of civic and taxpayers' organizations present that the Mayor's proposal—that reductions be made totaling $3,000,000 instead of $2,650,000 applicable to tax retrenchment—be approved. It is also the unanimous opinion of all of said representatives that the proposed Charter amendment, even though amended to produce $3,000,000, is still inadequate to meet the financial emergency with which San Francisco is confronted, in that it fails to authorize the Mayor and the Board of Supervisors, by three-fourths vote of all members, to increase the percentages and scope of the reductions beyond the percentage rate of reductions fixed by the proposed amendment, in case such further reduction should be required by extraordinary necessities growing out of the emergency.

Preliminary budget estimate figures that have been compiled and considered by our committee indicate that the amount of retrenchment required in the budget for the next fiscal year will exceed $10,000,000. A summary of these estimates has been discussed at meetings in the Mayor's office on the pay reduction proposal. Copy of such summary is attached hereto. To meet this situation in whole or in large part, it is our opinion that heavy reductions in payroll expense are inevitable.

The members of this committee make no argument that the entire burden of retrenchment should fall upon City employees' salaries, but it is apparent to any one in touch with general and local business conditions that additional financing cannot be expected from the tax-

payers of San Francisco, whose incomes have been far more seriously cut than any City employee's income would be by any proposed Charter amendment.

The opinion of members of this committee that the proposed amendment is inadequate and the recommendation of the committee that the amendment should authorize the Mayor and the Supervisors to make additional reductions, if necessary, is based on our conviction that this authorization is required in order to prevent the number of unemployed in San Francisco from being increased by mandatory lay-offs and discharges of City employees, which is apparently the only alternative if further reduction becomes necessary and if the Mayor and the Supervisors are not empowered to spread such further reduction intelligently over the entire City payroll.

Very truly yours,

BRUCE CORNWALL,
Acting Chairman of Conference.

SAN FRANCISCO BUREAU OF GOVERNMENTAL RESEARCH.

SUMMARY OF 1933-34 PRELIMINARY BUDGET ESTIMATES.

January 23, 1933.

I. Comparative Appropriations.

	1931-32 Appropriation	1932-33 Appropriation	1933-34 Preliminary Estimate (Exclusive of Pending Retrenchment Proposals)

RECESS.

Whereupon, the Board at 6:30 p. m. took a recess until 8:30 p. m. this evening.

REASSEMBLED.

The Committee of the Whole reassembled at 8:30 p. m.

The following members were noted present:

Supervisors Breyer, Brown, Canepa, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—14.

Discussion.

The discussion on Mayor Rossi's proposed Charter amendment continued.

Supervisor Gallagher asked if the Mayor considered the possibility of asking the employees to work twelve months for eleven months' pay, citing figures which he claimed showed that such an arrangement would produce a saving of $3,200,000.

Mr. Ross, representing the Controller, pointed out that the whole payroll is less than $26,000,000. One-twelfth of that would be slightly over $2,000,000.

Cameron King, representing the Federation of Municipal Employees, spoke in part as follows:

"I represent 13,000 City employees who are against this wage cut, as well as 60,000 unemployed and 10,000 small merchants who are with us.

"The City employees on their own initiative have been contributing $1,500,000 a year voluntarily for the relief of the unemployed and are willing to continue to do that much, and more, if necessary.

"The Mayor has argued this $3,000,000 wage cut is needed for unemployment relief. How can this money relieve the unemployed if it is used to keep down the tax rate? Who would benefit under this measure? Not the small home owners, who pay 10 per cent of the taxes. This is a scheme to help the big taxpayers, 10 per cent of whom pay 90 per cent of the taxes. And let me tell you these big taxpayers,

most of whom live in London, Paris, Los Angeles and Burlingame, are not so terribly distressed."

John A. O'Connell, secretary of the San Francisco Labor Council, argued that the suggested wage cut was part of a scheme of big employers under which they hoped to further reduce wages in private employments.

Thomas O'Connor spoke for the city asphalt workers. He also opposed reduction.

Sidney Hester, secretary of the Department of Public Works, was heard. Hester said the employees' executive relief committee favored reductions of 7, 11, 12 and 15 per cent.

"Our merchants will not support larger reductions," said Mr. Hester, "because a greater percentage cut would impair the purchasing power of 12,000 men and women."

Mr. Adolph Uhl was again heard on the pending question.

E. Haylan, representing Electrical Workers No. 151, and F. E. Johannson, of Engineers' Local No. 59, were also heard.

Henry Warfield, representing the United Knights of Civilization, urged the use of scrip instead of money, to relieve the situation.

Harry Hook and M. Thorp, representing the machinists; Ed Vandeleur, representing the municipal car men; Pierre Flaherty and M. McMillan, representing the per diem men; Manuel Jacobs, president of the Federation of Municipal Employees; William Varley, representing the Southern Civic Clubs, and Annie Scanlon, of the Women's Civic Center, were also heard in opposition to the proposed reductions.

RECESS.

Whereupon, the Committee of the Whole took a recess until tomorrow at 2 p. m.

Supervisor Peyser requested to be excused, as he would be unable to attend.

J. S. DUNNIGAN, Clerk.

FRIDAY, FEBRUARY 3, 1933, 2 P. M.

The Board of Supervisors reassembled at 2 p. m.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Breyer, Canepa, Havenner, Hayden, McSheehy, Power, Roncovieri, Shannon, Spaulding, Stanton—10.

Absent—Supervisors Brown, Colman, Gallagher, Miles, Peyser—5.

Quorum present.

Supervisor Brown appeared and was noted present at 2:50 p. m.
Supervisor Colman appeared and was noted present at 2:55 p. m.
Supervisor Gallagher appeared and was noted present at 2:55 p. m.
Supervisor Peyser appeared and was noted present at 3 p. m.
Supervisor Miles appeared and was noted present at 4 p. m.

Discussion.

Harry Ross, representing the Controller's office; Harold J. Boyd, executive deputy, representing the Assessor; William Nanry, representing the Municipal Research Bureau, and George Skaller, representing the Civic League of Improvement Clubs, were heard at length on the pending matter.

Motion.

Supervisor Colman, seconded by Supervisor Hayden, thereupon moved that the Committee of the Whole now rise and report favorably the Mayor's proposed Charter Amendment making certain salary deductions.

Supervisor Havenner moved that further consideration of the motion of Supervisor Colman be postponed until the City Attorney can prepare legislation suggested by Supervisor Havenner.

Motion *lost* by the following vote:

Ayes—Supervisors Havenner, McSheehy, Roncovieri—3.

Noes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Hayden, Miles, Peyser, Power, Shannon, Spaulding, Stanton—12.

RECESS.

Whereupon, on motion of Supervisor McSheehy, a recess was taken until 10 a. m., Monday, February 6, 1933, by the following vote:

Ayes—Supervisors Breyer, Brown, Colman, Gallagher, Havenner, Miles, Peyser, Shannon, Stanton—9.

Noes—Supervisors Canepa, Hayden, McSheehy, Power, Roncovieri, Spaulding—6.

SPECIAL ORDER—10 A. M.

The following matter was taken up:

Mayor's Proposed Charter Amendment for Salary Deductions.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new section thereto, to be known as section 70.1, providing for deductions from the salaries of the officers and employees of the City and County during extraordinary economic conditions and authorizing the reducing of budget appropriations otherwise provided by Charter to be made to the various officers and departments of the City and County.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of said City and County, at a special election to be held on the 4th day of April, 1933, a proposal to amend the Charter of said City and County by adding a new section thereto to be designated section 70.1, and which section shall read as follows:

Deductions from salaries and other fixed appropriations in time of extraordinary economic conditions or public emergencies.

Section 70.1. Whenever, in the judgment of the Mayor and the Board of Supervisors, extraordinary economic conditions actually exist due to unemployment, fire, earthquake, flood or other calamity, which

adversely affect the life, health and welfare of the citizens of the City and County or of any considerable portion thereof, the Board of Supervisors, by a three-fourths vote of all of its members, with the concurrence of the Mayor, shall have power as follows, to-wit:

Sub. 1. To officially declare that a public emergency exists, and to fix the approximate anticipated time during which said emergency shall continue, provided that no such emergency shall be anticipated to continue beyond the end of the fiscal year during which the same is declared, unless such emergency be declared subsequent to the first day of January of said year, in which event the said emergency may be anticipated to continue until the end of the next succeeding fiscal year.

Sub. 2. To provide that while said emergency as declared shall continue to exist there shall be deducted from the gross salaries and compensations, exclusive of pension and retirement allowances, of each officer and employee of the City and County of San Francisco, including officers and employees of the Board of Education, not more than the respective amounts hereinafter set forth. Said deductions shall be made on the basis of the salary and compensation rate of said several officers and employees which were in effect during the calendar month immediately preceding the month during which said emergency was declared and not reduced by this section.

If said salary and compensation deductions are not reflected in the annual budget and appropriation ordinances, as set forth in subdivision 3 of this section, the amount of said deductions shall be used for the purpose of meeting or alleviating the emergency which has been declared, or to balance any deficiency existing in the general funds of the City arising by reason of the delinquency in the payment of taxes or other revenue as compared with the anticipated revenues over the same period. Provided that where salaries or compensations are paid out of bond funds, utility funds, or other trust funds, which are not provided from the revenues of the City, all deductions made shall revert to the respective funds from which said salaries or compensations are paid.

The maximum deductions from the salary or compensation of each officer or employee heretofore referred to shall be as follows, to-wit:

(a) From the salaries or compensation of officers or employees whose gross earnings exceed $100 per month and do not exceed $120 per month, three (3) per cent of the amount of the gross monthly earnings of each of said officers or employees.

(b) From the salaries or compensations of officers or employees whose gross earnings exceed the sum of $120 per month and do not exceed the sum of $140 per month, seven (7) per cent of the gross monthly earnings of each of said officers or employees.

(c) From the salaries or compensation of officers or employees whose gross earnings exceed the sum of $140 per month, and do not exceed the sum of $185 per month, ten (10) per cent of the gross monthly earnings of each of said officers or employees.

(d) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of $185 per month, and do not exceed the sum of $275 per month, twelve and one-half (12½) per cent of the gross monthly earnings of each of said officers or employees.

(e) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of $275 per month, and do not exceed the sum of $600 per month, fifteen (15) per cent of the gross monthly earnings of said officers or employees.

(f) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of $600 per month and do not exceed the sum of $834 per month, eighteen (18) per cent of the gross monthly earnings of each of said officers or employees.

(g) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of $834 per month, twenty (20)

per cent of the gross monthly earnings of each of said officers or employees.

(h) Provided, however, that no more than five and one-half (5½) per cent of the gross monthly earnings of per diem employees whose compensations are fixed on the basis of a five-day week shall be deducted from the salaries or earnings of any such employee.

Said deductions shall be made from said earnings or compensations in monthly or semi-monthly installments according to the time at which said salaries or compensations are paid, provided that where the earnings of any officer or employee are on an hourly or per diem basis deductions based on his total earnings for the month shall be deducted from the installment of said earnings paid for the last half of the month.

Sub. 3. Should any such emergency declared as herein provided be anticipated to continue into the next fiscal year following the one during which said emergency has been declared, the heads of all departments, the Controller and the Mayor, in preparing or submitting their respective annual budget estimates, shall base and estimate the net salaries and compensations to be paid to the officers and employees of their respective departments, or, in the case of the Mayor and the Controller, to be paid to the officers and employees of all departments, at amounts not to exceed the said salaries and compensations as reduced by the above-mentioned percentages on the above-mentioned salary and compensation rates, and the annual appropriation and salary ordinance shall fix said net salaries and compensations accordingly. When any emergency is declared after the annual budget is prepared or adopted, or after the annual appropriation or salary ordinances are enacted, and before the annual tax rate is fixed as provided by law, said budget and said appropriation and salary ordinances may be revised or reenacted, so that the deductions herein authorized to be made may be reflected in the amount of the tax levy.

Sub. 4. All of such deductions, whether made after the passing of the annual budget appropriation and salary ordinance or included therein, shall be deemed as temporary deductions from the salaries and compensations of said officers and employees, and shall be continued only during the anticipated period for which said emergency has been declared.

Sub. 5. In making the deductions herein provided for, the value of board, room and laundry or other maintenance furnished by the City and County to any officer or employee, when the same is made a part of his compensation by the Civil Service Commission, shall be added to the monetary salary or compensation paid to said employee, and the amount of deductions from said salary or compensation shall be based on said monetary salary plus the value of said board, room and laundry or other maintenance, provided that no deduction shall be made for quarters furnished to any officer or member of the Fire Department.

Sub. 6. During the period that any emergency shall exist after being so determined as hereinbefore provided, the Controller, with the approval of the Mayor and the Board of Supervisors, may reallocate any unencumbered balance, or any part thereof, to the credit of any department or office exclusive of moneys or appropriations made or required to be made to any bond, bond interest, bond redemption, pension, utility, or trust fund, so that the same shall be available to meet the necessities of said emergency, irrespective as to whether the amount allocated to said department or office is fixed by this Charter or is the result of a tax provided by said Charter to be levied for said department. Should the period during which said emergency is anticipated to exist extend beyond the end of the fiscal year in which the same was declared to exist, the Mayor, with the approval of the Board of Supervisors, may reduce the amount of any

mandatory appropriation provided to be allocated to any office or department; or may reduce the amount of any tax provided by the Charter to be levied for the support or maintenance of any department or office. Provided that no such deduction in appropriation, provided by this Charter to be made to any department, or in the reallocation of funds, or reduction in the amount of said tax otherwise provided to be levied to produce funds for any department, shall be greater than is necessary to reflect the deductions in salaries provided in this section to be made by reason of said emergency.

The provisions of this section shall have precedence over conflicting provisions of this Charter, but nothing herein contained shall adversely affect the rights of the officials and employees as set forth in section 71 of the Charter, during the period when no public emergency exists. Contributions by the City and County and by members of the San Francisco City and County Employees' Retirement System to, and benefits, pension payments and allowances under said Retirement System, shall be calculated on the basis of gross salaries and compensations of such members in the same manner and amounts as if no deductions from said gross salaries and compensations were made under this section.

Within ten days after this amendment becoming effective, the Board of Supervisors and the Mayor shall officially declare, by resolution, that a public emergency exists in San Francisco within the meaning of this section; and that it is anticipated that said emergency will continue until the end of the fiscal year 1933-1934, and the deductions from salaries and compensations at the maximum rates herein provided shall be effective until the end of said fiscal year.

Should any emergency be declared pursuant to the provisions of this section, which will be effective after the end of the fiscal year 1933-1934, which, in the judgment of the Board of Supervisors, will necessitate deductions from the salaries of the officers and employees of the City and County, over and above the amounts herein provided for, the Board of Supervisors, by unanimous vote of all of its members, and with the approval of the Mayor, may authorize a further deduction from the salaries and compensations of any of said officers and employees by increasing the maximum deductions in this section provided for, up to and including an amount not to exceed twenty-five (25) per cent of said respective salaries or compensations as the same existed before any deduction by authority of this section.

Privilege of the Floor.

Cameron King, representing the Federation of Municipal Employees, made an offer on behalf of municipal employees to continue and increase up to $2,400,000 its voluntary donation to unemployment relief in lieu of the proposed Charter Amendment on salary deductions submitted by his Honor the Mayor. He questioned the legality of putting into effect the proposed salary cuts if same carried in the election. He claimed that the Charter Amendment could not be ratified by the Legislature before 1934, in which event he declared the City would waste $45,000 by the election and, as well, lose the voluntary contributions of the employees.

Mr. Ross, representing the Controller; George Skaller, representing the Civic League of Improvement Clubs, and Hon. Angelo J. Rossi were heard in reply.

Proposed Amendment.

Supervisor Colman moved as an amendment to the last paragraph that the words "which will be effective after the end of the fiscal year 1933-1934" be stricken out.

Mr. Vandeleur, representing the San Francisco Labor Council, opposed Supervisor Colman's amendment and urged that the entire last paragraph be stricken out.

RECESS.

Whereupon, the Committee of the Whole, at 12:30 p. m., took a recess until the afternoon session of the Board of Supervisors.

MONDAY, FEBRUARY 6, 1933, 2 P. M.

In Board of Supervisors, San Francisco, Monday, February 6, 1933, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Breyer, Brown, Canepa, Colman, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—14.

Absent—Supervisor Gallagher—1.

Quorum present.

His Honor President Hayden presiding.

Supervisor Gallagher excused on account of illness.

SPECIAL ORDER—3:30 P. M.

Action Deferred.

The following matter was *laid over one week and made a Special Order for 3 p. m.*:

Motion for Reconsideration.

Supervisor Gallagher, at the meeting of January 23, moved for reconsideration of a vote whereby the following bill was refused passage, to-wit:

Regulation of Vending Machines.
(Code No. 3.041)

Bill No. 171, Ordinance No. 3.04113, as follows:

Providing for the issuance of permits and imposing a fee for inspection and regulation on persons, firms or corporations owning or having control of any automatic machine used for games of skill or amusement, or for vending service or merchandise.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. For the purposes of inspection and regulation, every person, firm or corporation owning or having control of any automatic machine used for games of skill or amusement or for vending service or merchandise, set in motion by the deposit of a coin or slug in any receptacle attached or affixed to such machine, shall make application to the Chief of Police for a permit to operate said machine or machines; provided that nothing herein shall apply to any appliances prohibited by section 330a of the Penal Code of the State of California. The applicant shall be of good character, and shall submit a description of the type of machine to be operated at the time of making such application and shall pay the filing fee provided herein.

Section 2. Permits provided for herein shall be issued for one year, and may be renewed by the Chief of Police on application and the payment of the filing fee, provided permits issued in accordance with provisions of subdivisions (d), (e), (f) and (g) may be renewed by the permittee on the payment of the licenses provided for herein unless revoked by the Chief of Police. Permits granted for the operation of

the aforementioned machines shall be forwarded by the Chief of Police to the Tax Collector, who shall issue said permits upon the payment of the fee hereinafter set forth; provided, that a permittee operating two or more types of machines as herein described shall be subject to the payment of one filing fee only, and said filing fee shall be the highest filing fee applicable to the types of machines operated.

(a) Machines operated for skill or amusement, set in motion by the deposit of a 5-cent piece, or more, or its equivalent:
Filing fee, $200.
$2.50 per quarter, per machine.

(b) Machines operated for skill or amusement and vending candy or merchandise and set in motion by the deposit of a 5-cent piece, or more, or its equivalent.
Filing fee, $200.
$2.50 per annum, per machine.

(c) Machines operated for skill or amusement, set in motion by the deposit of a 1-cent piece or its equivalent:
Filing fee, $40.
50 cents per annum, per machine.

(d) Machines vending merchandise and set in motion by the deposit of a 5-cent piece, or more, or its equivalent:
Filing fee, $10.
50 cents per annum, per machine.

(e) Machines vending merchandise and set in motion by the deposit of a 1-cent piece or its equivalent:
Filing fee, $10.
15 cents per annum, per machine.

(f) Machines vending service and set in motion by the deposit of a 5-cent piece, or more, or its equivalent:
Filing fee, $10.
50 cents per annum, per machine.

(g) Machines vending service and set in motion by the deposit of a 1-cent piece or its equivalent:
Filing fee, $10.
20 cents per annum, per machine.

Section 3. The Tax Collector shall issue to each permittee a receipt for such machine for which a fee is paid, and said receipt shall be placed on the machine so as to be visible to the public at all times.

Section 4. Every person, firm or corporation authorized to operate machines under the provisions of this ordinance shall forward to the Chief of Police, bi-monthly, a report showing the addresses of premises wherein any of said machines have been installed, or removed; the type of said machine installed or removed, and the date of such installation or removal.

Section 5. The Chief of Police shall regulate the distribution of the machines hereinbefore mentioned; provided that machines in Subdivisions (a), (b) and (c) of Section 2 shall not be permitted to operate within 1000 feet of the boundaries of any school.

Section 6. Permits issued under the provisions of this ordinance may be revoked for cause by the Chief of Police, provided, however, that any permittee whose permit is revoked shall have the right of appeal to the Board of Permit Appeals.

Section 7. The provisions of this ordinance shall not apply to machines used in any business which is taxed under the provisions of Section 14 of Article XIII of the State Constitution.

Section 8. Machines operated in amusement parks and penny arcades and subject to the payment of fees for the conduct of such places shall not be subject to the provisions of this ordinance.

Section 9. Machines vending sanitary napkins or installed or maintained in accordance with the regulations or orders of the Industrial

Welfare Commission of the State of California, shall not be subject to the provisions of this ordinance.

Section 10. Every person, firm or corporation shall, at the time of applying for a permit for the operation of said machine, present and file with the Tax Collector a written affidavit, properly acknowledged, setting forth that said person, firm or corporation is the sole owner or distributor of the machines for which a permit is asked and has the sole control of the distribution of said machines, and that no other person, firm or corporation has any interest in or any control over the placement of the machines for which the applicant asked the permit.

Section 11. No permit under this ordinance shall be assigned or transferred without the authorization of the Chief of Police and the payment of the fee required of new applicants.

Section 12. The payment or collection of any fee or charge for the inspection, maintenance or operation of any coin-in-the-slot machine herein mentioned shall not be considered as a license or permission to maintain any so-called coin-in-the-slot machine the use of which is prohibited by law or ordinance, or to use, maintain or operate any of the coin-in-the-slot machines herein mentioned so that such use, operation or maintenance of such machine shall constitute a violation of any law or ordinance.

Section 13. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. It is hereby declared that this ordinance, and each section, subsection, sentence, clause and phrase thereof, would have been passed irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases had been declared unconstitutional.

Section 14. Any person, firm, or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor and punishable by a fine not to exceed $500 or by imprisonment for not more than six (6) months, or by both such fine and imprisonment.

EXPLANATORY.

This ordinance provides for the necessary regulation of coin-in-the-slot machines by the Police and Health Departments and the inspection by said departments of each type of machine before it is licensed for operation. Similar legislation has been adopted by many cities in the United States.

The Committee has had this ordinance under consideration for eight (8) months, and has held approximately eighteen (18) meetings. With the exception of one or two objectors who contended they could not pay any fee for inspection, no substantial opposition was presented to the committee.

The annual fees anticipated from the enforcement of this ordinance will total approximately $25,000, plus the filing fee required of each permittee.

Heretofore operators have placed these machines throughout the City without regard to legality or location. It is intended that police supervision of distribution and inspection will eliminate undesirable features of this business and likewise justify the fees established in accordance with the general authority of Section 24 of the charter.

The competition offered by the vending machine to the merchants doing business at a fixed place was given serious consideration by the committee and the rates fixed are presumed to be commensurate with the regulation intended.

The business of operating skill and amusement machines requires constant supervision by the Police Department because of its similarity to games of chance and the illegally designed machine.

This matter was first presented to the Committee by a representative of the Retail Grocers Association which desired legislation regulating a machine vending groceries which is now in operation in many large cities.

There are approximately 100 *operators and distributors owning or controlling* 12,000 *machines in this City and County.*

UNFINISHED BUSINESS.

Final Passage.

The following matters, heretofore passed for second reading, were taken up and *finally* passed by the following vote:

Providing for the Trading of Easement of the City and County for Easement Over Land of Thomas P. McInerney, and Repealing Bill No. 201, Same Subject-Matter.

(Code No. 15.0243)

On recommendation of Finance Committee.

Bill No. 231, Ordinance No. 15.02432, as follows:

Providing for trading a certain easement of the City and County of San Francisco for a certain easement over land of Thomas P. McInerney.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to Section 92 of the Charter, and in accordance with the recommendation of the San Francisco Water Department and the recommendation of the Department of Public Works, the Director of Property is hereby authorized and directed to arrange for trading certain real property, hereinafter described as Parcel 1, to Thomas P. McInerney in exchange for certain other real property hereinafter described as Parcel A, which parcels are situated in the City and County of San Francisco, State of California, and more particularly described as follows:

Parcel 1: An easement for water pipes and a sewer along a strip of land 6 feet wide, 3 feet each side of that portion of the line common to Lots 11 and 12, Block 2889, as said lots are shown on the recorded map of Laguna Honda Park Subdivision, extending northeasterly from the northeasterly line of Laguna Honda boulevard to a point distant 6 feet southwesterly along said lot line from the most northerly corner of said Lot 11.

Parcel A: An easement for water pipe lines along the southeasterly 3 feet of that certain tract of land conveyed to Thomas P. McInerney by deed dated June 8, 1927, and recorded June 13, 1927, in Book 1487, at page 327, Official Records of San Francisco, which 3-foot strip of land extends from the northeasterly line of Laguna Honda boulevard to the northeasterly line of Lot 11, Block 2889, as said lot is shown on the recorded map of Laguna Honda Park Subdivision.

Section 2. The Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute a deed in behalf of the City and County of San Francisco, conveying said Parcel 1 to Thomas P. McInerney. The Director of Property is hereby authorized and directed to deliver said deed to Thomas P. McInerney upon receipt of a deed to said Parcel A.

Section 3. Ordinance No. 15.02431, Bill No. 201, approved November 22, 1932, is hereby repealed.

NEW BUSINESS.

Adopted.

The following resolution was *adopted*:

Confirming Sale of Parcel 27, on Roosevelt Way, to Amanda Swanson.

(Code No. 12.1721)

On recommendation of Public Buildings and Lands Committee.

Resolution No. 608, as follows:

Whereas, pursuant to Ordinance No. 12.17211, Bill No. 94, the Director of Property advertised in the official newspaper of the City and County of San Francisco that bids or offers would be received by him on January 7, 1933, for the sale of certain City-owned lands, including a portion of Lot 52, in Assessor's Block 2612, San Francisco, California, described as Parcel 27 in said ordinance, and more particularly described as follows:

Commencing at the point of intersection of the northwesterly line of Roosevelt way and a line parallel with and distant 115.00 feet at right angles southerly from the southerly line of Fourteenth street, said point of commencement being on the northerly line of the property designated Parcel 4, conveyed by Nellie M. Holstead et al. to the City and County of San Francisco by deed recorded in Volume 372, page 98, Official Records of said City and County, and running thence westerly, along said northerly line, 31.948 feet to the easterly line of the property now or formerly owned by Edward Sinnott; thence at right angles southerly, along said easterly line extended southerly, 29.293 feet to said northwesterly line of Roosevelt way; thence northeasterly along said northwesterly line, being the arc of a curve to the left, tangent to a line deflected 120 degrees 00 minutes 00 seconds to the left from the preceding course, radius 100.00 feet, central angle 25 degrees 02 minutes 00 seconds, a distance of 43.691 feet to the above-mentioned parallel line and the point of commencement.

Whereas, in response to said advertisement, the Director of Property received an offer from Amanda Swanson to purchase said parcel for the sum of $250 cash, no higher bids having been made or received; and

Whereas, Amanda Swanson has deposited the sum of $50 with the Director of Property; and

Whereas, said sum of $250 is more than 90 per cent of the preliminary appraisal of said property as made by the Director of Property, the amount of said appraisal being $250; and

Whereas, the Department of Public Works has recommended the sale of said land for said sum of $250; now, therefore, be it

Resolved, That said offer be and is hereby accepted.

Be it Further Resolved, That the Mayor and the Clerk of the Board of Supervisors are hereby authorized and directed to execute a deed in behalf of the City and County of San Francisco conveying said land to Amanda Swanson. The buyer must pay the balance of the purchase price within thirty days after approval of this resolution. The Director of Property shall deliver said deed to the purchaser after receipt of the total purchase price.

Action Deferred.

The following matter was, on motion, *laid over two weeks*:

Swill Ordinance.
(Code No. 3.041)

On recommendation of Public Health Committee.

Bill No. 208, Ordinance No. 3.04116, as follows:

Providing for the issuance of permits by the Director of Health and imposing a fee upon persons, firms or corporations collecting swill in the City and County of San Francisco; providing penalties for the violation thereof, and repealing all ordinances or parts of ordinances in conflict therewith.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The term swill, when used hereinafter, shall be applied to and be construed to mean waste food products from hotels, restaurants, hospitals and institutions or food dealers, which waste is kept separate from non-food waste.

Section 2. Every person, firm or corporation engaged in the business of collecting swill or hauling swill through any street or public place in the City and County of San Francisco shall obtain a permit from the Director of Health to so do, and no person, firm or corporation shall engage in the business of collecting swill in the City and County of San Francisco, or haul the same through any street or public place therein without first having obtained such permit.

Section 3. The Director of Health of the City and County of San Francisco shall have power to establish rules and regulations governing the collection and disposal of swill in accordance with the United States or State laws or ordinances of the City and County of San Francisco. The permit granted to any person, firm or corporation to collect or haul swill pursuant to this ordinance may be revoked for the violation of any rule or regulation so established by the Director of Health.

Section 4. The Director of Health shall not grant or refuse to grant, or revoke any permit under this ordinance except after a full hearing, publicly had on the matter of granting, refusing to grant or revoking such permit, at which the applicant or permittee may appear in person or by counsel, and all competent evidence offered in support of the application to grant or revoke said permit shall be heard by said Director of Health. In the granting or refusing to grant, revoking or refusing to revoke any permit hereunder the Director of Health shall exercise a sound discretion as to what shall be for the best interests of the City and County of San Francisco.

Section 5. Permits issued by the Director of Health as provided herein shall be forwarded to the Tax Collector and issued to permittees upon the payment of a $25 fee to cover the cost of inspection and regulation as provided for by the Director of Health.

Section 6. Permits issued hereunder shall be for a period of one year and shall be renewed by the Tax Collector upon the payment of the fee provided for herein unless said permit shall have been revoked by the Director of Health.

Section 7. If any section, sentence, clause or phrase of this ordinance is for any reason held to be inconsistent or invalid, such decision shall not affect the validity of the remaining portion of this ordinance. The Board of Supervisors of the said City and County hereby declare that it would have passed this ordinance and each section, sentence, clause or phrase, irrespective of the fact that any one or more of said sections, sentences, clauses or phrases be declared inconsistent or invalid. Any person, firm or corporation violating any provision of this ordinance shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than $500 or by imprisonment in the County Jail for not more than six months, or by both such fine and imprisonment.

Final Passage.

The following emergency bills were taken up and *finally passed* by the following vote:

Appropriating $582,700 From Relief Bond Fund for the Purpose of Caring for and Maintaining the Indigent Sick and Dependent Poor, and Declaring the Existence of an Emergency.

(Code No. 9.051)

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Repeal of Law Permitting Deficiency Judgments.
(Code No. 5.3)

Supervisor Shannon presented:

Resolution No. 635, as follows:

Whereas, since the fall of 1929 the United States of America has been beset with an economic depression of world-wide scope; and

Whereas, during the period from the fall of 1929 to the present date there has been a consistent declining tendency in the price trend of retail and wholesale commodities; and

Whereas, for a number of years prior to the fall of 1929 real estate showed a tendency to increase in value, but since said time the value of real estate has rapidly declined so that in many instances notes secured by mortgages and deeds of trust are in existence almost to the full present value of the real estate; and

Whereas, many foreclosures of mortgages and deeds of trust have occurred within the past three years, and from present indications will continue in the future, notwithstanding that we are now emerging from the bottom of the depression, and will probably continue to do so, on account of the ambition, faith, hope and fortitude of the American people; and

Whereas, in many instances there has been a deficiency between the purchase price of real estate bought at foreclosure sales and the amount of notes secured by mortgages and deeds of trust; and

Whereas, many court actions have been filed for the purpose of obtaining deficiency judgments against owners of real estate, when the notes secured by mortgages and deeds of trust have been foreclosed without obtaining sufficient funds to pay said notes in full; and

Whereas, when said notes, mortgages and deeds of trust were executed, the mortgagees and beneficiaries thereof did not, in most cases, contemplate any benefits as a result of the deficiency judgment laws of the State of California, and are now benefiting from their right to obtain deficiency judgments solely because of said laws; and

Whereas, the right to obtain a deficiency judgment under such conditions under the laws of the State of California has a tendency to pauperize, make insolvent and bankrupt unfortunate investors and owners in real estate, thus having a tendency to prolong our present economic depression and cause much suffering; now, therefore, be it

Resolved, That this Board of Supervisors hereby goes on record as requesting the Legislature of the State of California to enact such laws as may be necessary and advisable in order to effect a repeal of the laws of the State of California permitting deficiency judgments.

Referred to Judiciary and Public Welfare Committees.

Congress Urged to Set Aside Day for National Observance of Birthday of Susan B. Anthony.

(Code No. 5.2)

Supervisors Havenner and Breyer presented:

Resolution No. 625, as follows:

Whereas, Susan B. Anthony was the pioneer who blazed the trail leading to woman's suffrage in the United States; and

Whereas, Susan B. Anthony is honored and looked upon by the people of our country as a great national figure; and

Whereas, February 15th is the day of the birth of this great leader; now, therefore, be it

Resolved, That the Board of Supervisors does hereby urge Congress to set aside and apart February 15th for national observance of the birthday of Susan B. Anthony; and be it

Further Resolved, That the Clerk of this Board is hereby directed to transmit copies of this resolution to the President of the Senate and the Speaker of the House of Representatives, and to all members of the California delegation in the United States Congress.

Adopted by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—14.

Legislature Memorialized to Enact Legislation Extending Statute of Limitation on Obligations Secured by Mortgages or Deeds of Trust on Real Property to Five Years.

(Code No. 5.3)

Supervisor Peyser presented:

Resolution No. 626, as follows:

Whereas, the economic conditions prevailing in the last four years have materially affected owners of real estate in the City and County of San Francisco and generally throughout the State of California; and

Whereas, most of said real estate owners have encumbrances on their respective properties in the nature of mortgages or deeds of trust as security for promissory notes evidencing loans made by said real estate owners; and

Whereas, under the laws of the State of California the time for enforcing the obligations on said promissory notes is a period of four years from their due date; and

Whereas, many of said obligations are now approaching the time when the holders of said obligations are obligated to institute legal proceedings to protect their legal rights; and

Whereas, owing to said economic stress prevailing the owners of said real property are unable to meet said obligations and the holders of said obligations are many times obliged to proceed to enforce the same owing to the condition of the title of said property; and

Whereas, it would be to the best interests of all parties concerned and a relief to citizens of our City and State if said period of the statute of limitations were extended; now, therefore, be it

Resolved, That this Board of Supervisors does hereby endorse the plan and requests the Legislature to enact legislation extending the statute of limitations on obligations secured by mortgages or deeds of trust on real property for a period of five years; and be it

Further Resolved, That this Board of Supervisors does hereby urge said members of the State Legislature to enact said legislation as a relief measure.

Referred to Judiciary and Legislative Committee.

Respectfully,

CHRYSTAL SCHUESZLER,
Chairman, Publicity Committee.

Transient Merchant Ordinance.

Supervisor Colman presented for Supervisor Gallagher the following ordinance, which was *laid over for two weeks and made a Special Order of Business for* 3 *p. m.*:

Transient Merchants.
(Code No. 3.041)

Bill No. 241, Ordinance No. 3.04118, as follows:

Defining transient merchants and temporary stores, providing for the regulation of transient merchants, providing for issuance of permit for transient merchants, and providing for a fee to be paid therefor, and for the revocation of said permit, and providing the penalty for the violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The words "transient merchant" for the purpose of this ordinance shall mean and include all persons, both principals and agents, who engage or conduct in one or more locations or in no specified location within the City and County of San Francisco, a temporary store or temporary or transient business of selling goods, wares or merchandise with the intention of continuing in said business in said City and County for a period of less than one hundred twenty (120) days. A merchant who operates a main or branch temporary store shall be a transient merchant as to said temporary store notwithstanding the fact that said merchant may operate other stores which are not temporary.

Section 2. As used in this ordinance, the words "temporary store" shall mean a store, store room, office, room, doorway space, vacant lot or other place, opened and/or maintained for the exhibition and present or future sale to the public, of goods, wares or merchandise, where the seller or owner of such goods, wares or merchandise intends to operate such store, store room, office, room or other place, for a period of less than one hundred twenty (120) days.

Section 3. The provisions of this ordinance shall not apply to sales made to dealers by commercial travelers or selling agents in the usual course of business, for resale, nor to any sales of goods, wares or merchandise at and during the continuance of any annual fair, nor to any sales by societies acting for charity, religious or public purposes, nor to wholesale peddlers of vegetables and other food products who hold permits under Ordinance No. 3.04112 of the City and County of San Francisco, nor to auctioneers who are conducting auctions in accordance with the provisions of Ordinance No. 6803 (New Series) as amended, nor to operators of amusement parks licensed as such by said City and County, nor to peddlers licensed as such by said City and County, nor to sales of goods, wares and merchandise conducted at any public museum or art gallery owned by said City and County.

Section 4. The word "person" as used in this ordinance shall be construed to mean any individual, association, partnership, or corporation, or the operator for or the agent of any such person, who sells to the public at retail as a transient merchant any goods, wares or merchandise, except as herein provided.

Section 5. Every transient merchant desiring to do business in the City and County of San Francisco shall make an application in writing to the Chief of Police of said City and County for a permit to operate as a transient merchant, which application shall be filed with said Chief of Police at least ten (10) days before such applicant shall be authorized to begin such business. The application shall contain a statement under oath, setting forth such information as the Chief of Police shall prescribe.

Section 6. Upon the granting of said permit the Chief of Police shall forward said permit to the Tax Collector, who shall issue said permit upon filing of the bond referred to in Section 7 and payment of the following fees: One hundred ($100) dollars per week or fraction thereof for the first two weeks and seventy ($70) dollars per week or fraction thereof for every week thereafter, plus in all cases two ($2) dollars for each one hundred ($100) dollars of retail inventory value of goods, wares or merchandise to be sold or exhibited for sale. Said

values shall be stated in a sworn inventory filed with said Tax Collector at the time of the payment of said fee. The full amount of said fee shall be paid for each temporary store, whether a main store or a branch store. If for any reason the value of goods, wares or merchandise actually sold or exhibited for sale by said transient merchant shall exceed the value on which a fee has been based, said transient merchant shall pay without further demand a proportionate additional fee.

Section 7. The bond referred to in Section 6 shall be executed by the applicant, as principal, and a surety company, qualified and authorized to do business in the State of California, as surety, in the sum of five hundred ($500) dollars. It shall be conditioned that the principal will pay to the City and County of San Francisco all amounts which may become due under the terms of this ordinance, shall fully comply with the provisions of this ordinance and all other applicable ordinances of the City and County of San Francisco, and the rules and regulations of any department thereof, and with all statutes of the State of California, relative to the conduct of the business in which said principal may be engaged, and that he shall pay all judgments recovered or rendered against him for any violation of said ordinances, statutes, rules or regulations, and further conditioned that said principal shall pay any and all judgments which may be recovered by any person, firm, association or corporation for injuries to person, loss or damage to property resulting from the negligent operation of said business by said principal, as well as all damages sustained by any person, firm, association or corporation by reason of any misrepresentation or deception practiced by said principal or his agents or employees on any such person, firm, association or corporation transacting business with such transient merchant.

Section 8. Any person desiring to continue said business of transient merchant for a period longer than that stated in said application and permit, or desiring to renew said permit issued pursuant to the provisions of this ordinance, shall make application to the Chief of Police of the City and County of San Francisco for the renewal thereof. In the event of the renewal of said permit, said transient merchant shall pay the license fee herein provided in the same manner as he paid the license fee under his original license, and the liability insurance policy or bond herein referred to shall remain in full force and effect.

Section 9. Permits issued under the provisions of this ordinance may be revoked for cause by the Chief of Police. Applicants or permittees may appeal to the Board of Permit Appeals any denial or revocation of permit hereunder.

Section 10. Any person whom said Chief of Police believes to be a transient merchant, but who declares himself not to be a transient merchant, upon filing such declaration in writing, and under oath as said Chief of Police shall direct, may, in the discretion of said Chief of Police, and in lieu of the payment of any fee or posting of any other bond, and as a condition of transacting business as a vendor of merchandise without the payment of any such fee, be required to file with said Chief of Police a liability insurance policy or bond, executed by the declarant as principal and a surety company, qualified and authorized to do business in the State of California, as surety, in the sum of one thousand five hundred ($1,500) dollars upon the same conditions as those set forth in Section 7 of this ordinance and further conditioned to secure the payment of the fee required in the event that he proves to be a transient merchant, provided that if such person remains in business in the same place in said City and County of San Francisco for a period of one hundred twenty (120) days he shall be considered and deemed not to be a transient merchant.

Section 11. Actual operation of a business or store for less than one hundred twenty (120) days shall be prima facie evidence that said store or business was opened with the intention of operating less than one hundred twenty (120) days.

Section 12. Any person who causes to be advertised in any manner a sale of goods as herein contemplated without complying with the provisions of this ordinance, or any person who violates any of the provisions of this ordinance, shall be deemed guilty of a misdemeanor and shall be punishable by a fine not to exceed five hundred ($500) dollars or by imprisonment for a period not to exceed six (6) months, or both such fine and imprisonment. Each day or fraction thereof any person, firm, association or corporation shall be engaged in such business without a permit shall be considered as separate and distinct offense.

Section 13. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this act, and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Section 14. Section 51 of Ordinance No. 5132 (New Series) of the City and County of San Francisco, and all ordinances or parts of ordinances, in so far as they conflict with this ordinance, are hereby repealed to the extent of such conflict.

Board of Supervisors Opposes Recall Election.
(Code No. 5.3)

Supervisors Peyser presented:

Resolution No. 624, as follows:

Whereas, a national industrial depression, which has caused widespread distress, compels the utmost conservation of public funds; and

Whereas, there is agitation for a recall which would necessitate the expenditure of at least $500,000, of which $50,000 would come from the pockets of our San Francisco taxpayers; and

Whereas, public opinion generally is against the expenditure of such a sum of money on a questionable recall; now, therefore, be it

Resolved, by the Board of Supervisors of the City and County of San Francisco, in regular session assembled this 6th day of February, 1933, that we voice our opposition to the proposed recall as ill advised and unnecessary.

Adopted by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—14.

Absent—Supervisor Gallagher—1.

Transcripts of Milk Hearings Authorized.

Supervisor Spaulding, seconded by Supervisor Breyer, moved that a reporter be provided for next Thursday's meeting of the Health Committee, when the Milk Ordinance is up for discussion; also, that transcripts of previous meetings be authorized.

So ordered.

Committee of the Whole.

On motion of Supervisor McSheehy the Board resolved itself into a Committee of the Whole for the purpose of continuing consideration of proposed Charter amendments.

The following members were noted present:

Supervisors Breyer, Brown, Canepa, Colman, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—14.

Absent—Supervisor Gallagher—1.

The question being on Supervisor Colman's motion to strike out clause in last paragraph, "which will be effective after the fiscal year 1933-1934," in the Mayor's proposed Charter amendment on salary deductions.

Proposed Amendments.

Supervisor Canepa, seconded by Supervisor Havenner, moved to strike out the last paragraph.

Supervisor Roncovieri moved as an amendment to the amendment of the last paragraph as follows: "On the fourth line after the word 'maximum' insert the words 'percentages of'." Also, "Strike out the last three lines commencing with the word 'up,' and insert in lieu thereof the words 'a percentage which shall not exceed an increase of 50 per cent over and above the maximum percentages of deductions in each bracket herein provided'."

Amendment to the amendment *lost* by the following vote:

Ayes—Supervisors Canepa, Havenner, McSheehy, Peyser, Roncovieri, Stanton—6.
Noes—Supervisors Breyer, Brown, Colman, Hayden, Miles, Power, Shannon, Spaulding—8.
Absent—Supervisor Gallagher—1.

Whereupon, the roll was called on Supervisor Canepa's amendment and the same was *defeated* by the following vote:

Ayes—Supervisors Canepa, Havenner, McSheehy, Shannon, Stanton—5.
Noes—Supervisors Breyer, Brown, Colman, Hayden, Miles, Peyser, Power, Roncovieri, Spaulding—9.
Absent—Supervisor Gallagher—1.

Thereupon, the roll was called on Supervisor Colman's proposed amendment to the last paragraph, and the same was *defeated* by the following vote:

Ayes—Supervisors Brown, Colman—2.
Noes—Supervisors Breyer, Canepa, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—12.
Absent—Supervisor Gallagher—1.

Supervisor Stanton moved that paragraphs (b) and (c), subdivision 2 of Section 70.1, be amended by changing "$140" to "$150."

There being no objection it was *so ordered.*

Supervisor McSheehy moved as an amendment to insert in subdivision 2, Section 70.1, the following:

(i) Provided, that the deductions from salaries of seasonal clerks, included in paragraph (b) shall be made on the following basis, to-wit: 1 per cent during first month of their employment and an additional 1 per cent for each five months of employment during the fiscal year up to and not exceeding 7 per cent of said salary.

Amendment *lost* by the following vote:

Ayes—Supervisors Canepa, Havenner, McSheehy, Roncovieri, Spaulding, Stanton—6.
Noes—Supervisors Breyer, Brown, Colman, Hayden, Miles, Peyser, Power, Shannon—8.
Absent—Supervisor Gallagher—1.

Supervisor McSheehy moved as an amendment that paragraph (c), subdivision 2, Section 70.1, be reduced from 10 per cent to 9 per cent.

Amendment *lost* by the following vote:

Ayes—Supervisors Canepa, Havenner, McSheehy, Roncovieri, Stanton—5.
Noes—Supervisors Breyer, Brown, Colman, Hayden, Miles, Peyser, Power, Shannon, Spaulding—9.
Absent—Supervisor Gallagher—1.

Supervisor McSheehy moved as an amendment that paragraph (d), subdivision 2, Section 70.1, be reduced from 12½ to 10 per cent.

Amendment *lost* by the following vote:

Ayes—Supervisors Canepa, McSheehy, Stanton—3.

Noes—Supervisors Breyer, Brown, Colman, Havenner, Hayden, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding—11.

Absent—Supervisor Gallagher—1.

Explanations of Vote.

SUPERVISOR HAVENNER: I take it this vote by the Committee of the Whole, making this recommendation to the Board, is in effect a vote as to the attitude of the members of the Board on the provisions of the Charter amendment. I desire to make it clear, for the purpose of the record, and as I have stated to my colleagues before, when a considerable portion of the people desire an amendment submitted, it has been my policy in the past not to obstruct the submission of the amendment to the people, even if I do not agree with some of the provisions of the amendment, and I do know it has been difficult to grasp it, and I offer no criticism of anybody for failing to make it more equitable, but I do think the spread of salaries included in subdivisions (d) and (c) are inequitable, and I think a large part of the people of San Francisco would prefer a somewhat wider distribution than the range shown. I have talked with some of the members of the Board and some agree with me, but it seemed to be impossible to get any agreement as to what rearrangement might be made, and I am not going to take up the time of the Board by endeavoring to do it here. However, I do think that if the salaries could be redivided somewhat in accordance with the income tax arrangement it would be more satisfactory.

At this time I am not going to vote for the amendment. However, if it goes to the Board with the approval of the majority of the Committee of the Whole, I will not object to it or oppose it.

SUPERVISOR SHANNON: I don't know as this is about as good a time to explain my vote as any other.

Since I have been a member of the Board I have never had a more difficult problem to consider a vote on than this Charter amendment. It must be passed at a certain time in order to be given consideration by the Legislature. The figures that we will have before us in June, and if this could be considered at that time we could go at it in an intelligent manner, the assessment roll will be before us then and we will know what the Assessor's estimate is, but at the present time everything is in the dark, through the fault of no one in particular. I endeavored to obtain from Mr. Ross some definite idea of the figures, and of what the City's financial condition would be, and he was unable to give a definite answer. Therefore, it is a great problem.

Now, in the meeting in the Mayor's office I objected to the scale that was submitted to us, thinking that possibly a more equitable scale could be worked out so that the men in the $200 class would not be so seriously affected as the men in the upper classes. I figure a man getting $200 a month, if $10 is taken away from him, would reduce his pay to $180, and the man getting $280, with $10 taken away from him, would be getting $260, and the man with $360, if only $10 is taken away, would still be getting $350. Now, the man on the $200 salary might be a man with a wife and three children, and therefore I felt that those in the higher brackets could afford a greater reduction than those in the lower. However, I realize that if we start upsetting these figures, as suggested by Supervisor McSheehy, we are going to reduce the amount the Mayor has told us will be necessary to get, and I am not sufficient of a statistician to do that, and therefore, as I said before, I am going to do this as the best remedy at the present time.

SUPERVISOR RONCOVIERI: Of course, it is not perfect, no work of any human being is perfect, and I am going to vote in favor of it

as it is, because, principally, I feel that if we do not submit something at this time to the hard-pressed and over-burdened taxpayers, who must be spared, something perhaps much more drastic and detrimental will be submitted by the people, by people less friendly to the employees. For that reason I will make the best of something I think might be improved.

SUPERVISOR CANEPA: I am not going to take up the time of the Board, and will merely state that I don't care to go into any long argument, and I am going to take the same position as Supervisor Havenner, and the Municipal Federation of Employees came before the Board and absolutely promised that they would agree to raise the same amount of money this amendment is intended to raise, and for that reason, on their pledge, I am going to vote against the amendment in the Committee of the Whole.

SUPERVISOR McSHEEHY: There are five reasons why I object to the Mayor's proposed Charter amendment for salary reductions, as a whole:

1. I find that there is no deficit in this fiscal year's budget.
2. The same will be taken care of by the 13,700 City employees in the same manner that they contributed to the relief of unemployment this year and next year.
3. In the making up of next year's budget we can make it up with this understanding and create a tax rate for this amount only.
4. We have no assurance whatsoever that this Charter amendment will pass, and if it does not pass it will be mandatory upon us to pass a tax rate similar to the one we passed last year, with almost the assurance from the Assessor that he will cut 10 per cent off the assessed valuation as it now exists, which will mean approximately three millions of dollars, and which will have to be reflected in the tax rate.
5. This special election will cost approximately $40,000, which will be public moneys wasted if the Charter amendment does not carry. Part of Section 8, Article II of the Constitution of the State of California has been referred to the City Attorney for an opinion, and no matter what his decision might be, some citizen could compel court action, which might delay the presentation of the Charter amendment, if carried by the people, to the Legislature. Now, why take all these chances when we have the power in our own hands to make our own budget and keep faith with our City employees in this year's budget?

These are my reasons for voting *no*, and I wish the same incorporated in the records.

Committee of Whole Arises and Reports in Favor of Mayor's Proposed Charter Amendment.

Whereupon, Supervisor Peyser moved that the Committee of the Whole arise and recommend to the Board the proposed Charter amendment of the Mayor providing for salary deductions.

Motion *carried* by the following vote:

Ordered Submitted.

Thereupon, the Mayor's proposed Charter amendment, in words and figures following, was *ordered submitted* by the following vote:

CHARTER AMENDMENT NO. 1.

Salary Deductions.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new section thereto, to be known as section 70.1, providing for deductions from the

salaries of the officers and employees of the City and County during extraordinary economic conditions and authorizing the reducing of budget appropriations otherwise provided by Charter to be made to the various officers and departments of the City and County.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of said City and County, at a special election to be held on the 4th day of April, 1933, a proposal to amend the Charter of said City and County by adding a new section thereto to be designated section 70.1, and which section shall read as follows:

Deductions from salaries and other fixed appropriations in time of extraordinary economic conditions or public emergencies.

Section 70.1. Whenever, in the judgment of the Mayor and the Board of Supervisors, extraordinary economic conditions actually exist due to unemployment, fire, earthquake, flood or other calamity, which adversely affect the life, health and welfare of the citizens of the City and County or of any considerable portion thereof, the Board of Supervisors, by a three-fourths vote of all of its members, with the concurrence of the Mayor, shall have power as follows, to-wit:

Sub. 1. To officially declare that a public emergency exists, and to fix the approximate anticipated time during which said emergency shall continue, provided that no such emergency shall be anticipated to continue beyond the end of the fiscal year during which the same is declared, unless such emergency be declared subsequent to the first day of January of said year, in which event the said emergency may be anticipated to continue until the end of the next succeeding fiscal year.

Sub. 2. To provide that while said emergency as declared shall continue to exist there shall be deducted from the gross salaries and compensations, exclusive of pension and retirement allowances, of each officer and employee of the City and County of San Francisco, including officers and employees of the Board of Education, not more than the respective amounts hereinafter set forth. Said deductions shall be made on the basis of the salary and compensation rate of said several officers and employees which were in effect during the calendar month immediately preceding the month during which said emergency was declared and not reduced by this section.

If said salary and compensation deductions are not reflected in the annual budget and appropriation ordinances, as set forth in subdivision 3 of this section, the amount of said deductions shall be used for the purpose of meeting or alleviating the emergency which has been declared, or to balance any deficiency existing in the general funds of the City arising by reason of the delinquency in the payment of taxes or other revenue as compared with the anticipated revenues over the same period. Provided that where salaries or compensations are paid out of bond funds, utility funds, or other trust funds, which are not provided from the revenues of the City, all deductions made shall revert to the respective funds from which said salaries or compensations are paid.

The maximum deductions from the salary or compensation of each officer or employee heretofore referred to shall be as follows, to-wit:

(a) From the salaries or compensation of officers or employees whose gross earnings exceed $100 per month and do not exceed $120 per month, three (3) per cent of the amount of the gross monthly earnings of each of said officers or employees.

(b) From the salaries or compensations of officers or employees whose gross earnings exceed the sum of $120 per month and do not exceed the sum of $150 per month, seven (7) per cent of the gross monthly earnings of each of said officers or employees.

(c) From the salaries or compensations of officers or employees whose gross earnings exceed the sum of $150 per month, and do not exceed the sum of $185 per month, ten (10) per cent of the gross monthly earnings of each of said officers or employees.

(d) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of $185 per month, and do not

exceed the sum of $275 per month, twelve and one-half (12½) per cent of the gross monthly earnings of each of said officers or employees.

(e) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of $275 per month, and do not exceed the sum of $600 per month, fifteen (15) per cent of the gross monthly earnings of said officers or employees.

(f) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of $600 per month and do not exceed the sum of $834 per month, eighteen (18) per cent of the gross monthly earnings of each of said officers or employees.

(g) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of $834 per month, twenty (20) per cent of the gross monthly earnings of each of said officers or employees.

(h) Provided, however, that no more than five and one-half (5½) per cent of the gross monthly earnings of per diem employees whose compensations are fixed on the basis of a five-day week shall be deducted from the salaries or earnings of any such employee.

Said deductions shall be made from said earnings or compensations in monthly or semi-monthly installments according to the time at which said salaries or compensations are paid, provided that where the earnings of any officer or employee are on an hourly or per diem basis deductions based on his total earnings for the month shall be deducted from the installment of said earnings paid for the last half of the month.

Sub. 3. Should any such emergency declared as herein provided be anticipated to continue into the next fiscal year following the one during which said emergency has been declared, the heads of all departments, the Controller and the Mayor, in preparing or submitting their respective annual budget estimates, shall base and estimate the net salaries and compensations to be paid to the officers and employees of their respective departments, or, in the case of the Mayor and the Controller, to be paid to the officers and employees of all departments, at amounts not to exceed the said salaries and compensations as reduced by the above-mentioned percentages on the above-mentioned salary and compensation rates, and the annual appropriation and salary ordinance shall fix said net salaries and compensations accordingly. When any emergency is declared after the annual budget is prepared or adopted, or after the annual appropriation or salary ordinances are enacted, and before the annual tax rate is fixed as provided by law, said budget and said appropriation and salary ordinances may be revised or reenacted, so that the deductions herein authorized to be made may be reflected in the amount of the tax levy.

Sub. 4. All of such deductions, whether made after the passing of the annual budget appropriation and salary ordinance or included therein, shall be deemed as temporary deductions from the salaries and compensations of said officers and employees, and shall be continued only during the anticipated period for which said emergency has been declared.

Sub. 5. In making the deductions herein provided for, the value of board, room and laundry or other maintenance furnished by the City and County to any officer or employee, when the same is made a part of his compensation by the Civil Service Commission, shall be added to the monetary salary or compensation paid to said employee, and the amount of deductions from said salary or compensation shall be based on said monetary salary plus the value of said board, room and laundry or other maintenance, provided that no deduction shall be made for quarters furnished to any officer or member of the Fire Department.

Sub. 6. During the period that any emergency shall exist after being so determined as hereinafetr provided, the Controller, with

the approval of the Mayor and the Board of Supervisors, may reallocate any unencumbered balance, or any part thereof, to the credit of any department or office exclusive of moneys or appropriations made or required to be made to any bond, bond interest, bond redemption, pension, utility, or trust fund, so that the same shall be available to meet the necessities of said emergency, irrespective as to whether the amount allocated to said department or office is fixed by this Charter or is the result of a tax provided by said Charter to be levied for said department. Should the period during which said emergency is anticipated to exist extend beyond the end of the fiscal year in which the same was declared to exist, the Mayor, with the approval of the Board of Supervisors, may reduce the amount of any mandatory appropriation provided to be allocated to any office or department; or may reduce the amount of any tax provided by the Charter to be levied for the support or maintenance of any department or office. Provided that no such deduction in appropriation, provided by this Charter to be made to any department, or in the reallocation of funds, or reduction in the amount of said tax otherwise provided to be levied to produce funds for any department, shall be greater than is necessary to reflect the deductions in salaries provided in this section to be made by reason of said emergency.

The provisions of this section shall have precedence over conflicting provisions of this Charter, but nothing herein contained shall adversely affect the rights of the officials and employees as set forth in Section 71 of the Charter, during the period when no public emergency exists. Contributions by the City and County and by members of the San Francisco City and County Employees' Retirement System to, and benefits, pension payments and allowances under said Retirement System, shall be calculated on the basis of gross salaries and compensations of such members in the same manner and amounts as if no deductions from said gross salaries and compensations were made under this section.

Within ten days after this amendment becoming effective, the Board of Supervisors and the Mayor shall officially declare, by resolution, that a public emergency exists in San Francisco within the meaning of this section; and that it is anticipated that said emergency will continue until the end of the fiscal year 1933-1934, and the deductions from salaries and compensations at the maximum rates herein provided shall be effective until the end of the said fiscal year.

Should any emergency be declared pursuant to the provisions of this section, which will be effective after the end of the fiscal year 1933-1934, which, in the judgment of the Board of Supervisors, will necessitate deductions from the salaries of the officers and employees of the City and County, over and above the amounts herein provided for, the Board of Supervisors, by unanimous vote of all of its members, and with the approval of the Mayor, may authorize a further deduction from the salaries and compensations of any of said officers and employees by increasing the maximum deductions in this section provided for, up to and including an amount not to exceed twenty-five (25) per cent of said respective salaries or compensations as the same existed before any deduction by authority of this section.

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Havenner, Hayden, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—13.

No—Supervisor McSheehy—1.

Committee of the Whole.

On motion duly made and carried the Board resolved itself into Committee of the Whole for consideration of the following proposed Charter amendment presented by the David Scannell Club, relative to Fire Department pension system, to-wit:

Charter Amendment, Retirement System, Fire Department.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending the first paragraph and subdivision (d), respectively, of Section 169 thereof, and by adding a new subdivision to said Section 169, to be known as subdivision (g) thereof, and by repealing Section 171 of said Charter, all relating to the pension and retirement contributions, benefits and allowances of the members of the Fire Department.

Section 1. The first paragraph of Section 169 of the Charter of the City and County of San Francisco is hereby amended to read as follows:

"Section 169. Persons who are members of the Fire Department on the effective date of this amendment, herein defined as the date of ratification of this amendment by the Legislature of the State of California, and persons who shall become members of the Fire Department after that date, shall be members of the Retirement System on and after the said effective date, subject only to the following provisions, in addition to the provisions contained in Sections 158 to 163, both inclusive, of this Charter."

Section 2. Subdivision (d) of Section 169 of the Charter of the City and County of San Francisco is hereby amended to read as follows:

"(d) In addition to the other contributions required of the City and County under the Retirement System, the City and County shall contribute to the Retirement System during each fiscal year a sum which, together with the members' contributions provided for in subdivision (g) of this section, shall be equal to the liabilities accruing under the Retirement System because of service rendered during such year by persons who are members under this section. If subsequent to such fiscal year it shall be determined that such contribution by the City and County, together with the members' contributions, was not sufficient to meeet such liability, then the City and County shall make such additional contribution as may be necessary to make up the deficit."

Section 3. Section 169 of the Charter of the City and County of San Francisco is hereby amended by the addition of a new subdivision thereto to be known as subdivision (g) thereof, to read as follows:

"(g) Each person who is a member of the Retirement System under the provisions of this section shall contribute each month to the Retirement System 4 per cent of the salary received by him during such month, to be applied on the cost of the benefits at death and retirement provided for him under this section. Should a member be separated from City service through any cause other than death or retirement,

then such contributions, with interest, shall be refunded to him under such conditions as may be fixed by the Board of Supervisors for the refund of accumulated contributions of other members of the Retirement System. Any increase or decrease of the salaries of members of the Fire Department shall not in anywise affect the pensions being paid to persons retired prior to such change, or to any widow, child, children, or parents who shall be receiving a pension at the time of such change."

Section 4. Section 171 of the Charter of the City and County of San Francisco is hereby repealed.

Discussion.

Captain Radford, representing the David Scannell Club, urged the submission of the amendment and declared that it had been agreed to increase the contribution of new men in the department from 4 per cent to 5 per cent, and suggested that change in subdivision (g), Section 3.

Supervisor McSheehy moved such amendment and it was *so ordered.*

Captain Ireland, representing the David Scannell Club, was also heard, urging the submission of the ordinance.

William Nanry, of the Municipal Research Bureau, was also heard.

Pilots and Marine Engineers on Fire Boats.

Captain Raymond, representing the pilots and marine engineers on fire boats, urged that a new section be added to the proposed Charter amendment amending Section 169 of the Charter, which said section shall read as follows:

"Section 5. Pilots of fire boats and marine engineers of fire boats who were occupying their respective positions as such pilots and as such marine engineers in the Fire Department of the City and County of San Francisco on the date of the ratification of this amendment, and who had been occupying their respective positions as such pilots and marine engineers for one year prior to the date of the ratification of this amendment, shall be deemed to be members of the San Francisco City and County Employees' Retirement System, with all the benefits and subject to all the provisions of this section; and thereafter appointees to either of said positions shall be subject to the age qualifications provided for entrance positions in the uniformed forces of the Fire Department."

Motion.

Supervisor Power, seconded by Supervisor McSheehy, moved to include the proposed amendment.

Captain Ireland, of the David Scannell Club, declared that he had no authority from his organization to include the proposal of the pilots and marine engineers.

Thereupon, Supervisor Power's motion to include was *carried* and the City Attorney authorized to formulate the proposed Charter amendment, as amended, by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—13.

No—Supervisor Colman—1.

Absent—Supervisor Gallagher—1.

Police Department—Charter Amendment.

Presented by Supervisor Peyser, with the recommendation of the Judiciary Committe:

Petition to the honorable Board of Supervisors of the City and County of San Francisco, State of California, to submit to a vote of the registered voters and qualified electors of the City and County of San Francisco, at an election called and held pursuant to Article XI, Section 8 of the Constitution of the State of California, a proposal to amend the Charter of said City and County by amending Section

166 and by repealing that portion of any section in the Charter, in so far as it conflicts with any part of the above section as amended, relating to the pension and retirement contributions, benefits and allowances of members of the Police Department, to read as follows:

Section 166. Persons who are and persons who shall in the future become members of the Police Department, on the day of the ratification of this amendment by the legislature, shall become members of the retirement system on that date, subject only to the following provisions, in addition to the provisions contained in sections 158, 159, 162 and 163 of this Charter.

(a) Any member of the Police Department who shall have completed twenty-five years of service as a member of the Police Department and has reached the age of fifty-five years, next preceding the date of his retirement, may retire from service at his option. Any member of the Police Department who shall become physically disabled by reason of any bodily injury received in the performance of his duty, may be retired from service on satisfactory proof thereof. The retirement board, by unanimous vote, may retire from service any aged, disabled, or infirm member of the Police Department who has arrived at the age of sixty-five (65) years, who may be ascertained to be, by reason of such age, infirmity or other disability, unfit for the performance of his duties. Such retired member shall receive a monthly pension, payable throughout his life, equal to one-half of the amount of the salary attached to the rank held by him for three years prior to the date of his retirement.

And provided that such retirement is based on disability alone, in case the disability of such member shall cease, his pension shall cease, and he shall be restored to service in the rank he occupied at the time of his retirement. Should any said retired member die leaving a widow, who shall have been married to the decedent at least one year prior to the date of his retirement, such widow shall, as long as she may live and remain unmarried, be paid such pension; provided, further, that should said widow die leaving a child or children under the age of sixteen (16) years, said pension shall continue to be paid such child or such children, collectively until the youngest child arrives at the age of sixteen (16) years; and provided, further, that should said retired member die, leaving no widow, but leaving an orphan child or children under the age of sixteen (16) years, such child or children collectively shall receive said pension until the youngest child attains the age of sixteen (16) years.

(b) The family of any member of the Police Department, who may be killed or die as the result of any injury received during the performance of his duty, or from sickness, clearly, unmistakably and directly caused by and resulting from the discharge of such duty, or while eligible to a pension on account of years of service in the department, or who has served twenty-five (25) years in the department, shall receive the following benefits:

First: Should the decedent leave a widow to whom he was married prior to the date of the injury resulting in death, his widow shall, as long as she may live, and remain unmarried, be paid a monthly pension equal to one-half of the salary attached to the rank held by the decedent at the time of his said injury; provided, however, that should said widow die, leaving a child or children under the age of sixteen (16) years, said pension shall continue to such child or children collectively until the youngest arrives at the age of sixteen (16) years.

Second: Should the decedent leave no widow, but leave an orphan child, or children under the age of sixteen (16) years, such child or children collectively shall receive said pension until the youngest child attains the age of sixteen (16) years.

Third: Should the decedent leave no widow and no orphan child or children, but leave a parent or parents dependent solely on him for support, such parents so depending shall collectively receive said

pension during such time as the retirement board may unanimously determine its necessity.

(c) When any member of the Department shall die from natural causes and before retirement, and when no pension is payable to his widow or children, there shall be paid to his estate or beneficiary a death benefit, the amount of which and the conditions for the payment of which shall be determined in the manner prescribed by the Board of Supervisors for the death benefit of other members of the retirement system.

(d) In addition to the other contributions required of the City and County under the retirement system, the City and County shall contribute to the retirement system during each fiscal year a sum together with the members' contribution provided in subdivision (e) of this section, shall be equal to the liabilities accruing under the retirement system because of service rendered during such year by persons becoming members under the provisions of this section. If subsequent to such fiscal year, it shall be determined that such contribution by the City and County, together with the members' contribution, was not sufficient to meet such liability, then the City and County shall make such additional contributions as may be necessary to make up such deficit.

(e) Each member of the Police Department included within the pension provisions of this section shall contribute to said pension fund in the manner as hereinafter in this section provided.

The administrative head of the Police Department shall cause to be shown on each and every payroll of said department a deduction of four (4) per cent of the amount of salary, as shown on each payroll, of each such member whose name appears thereon, and shall certify to the Controller on each such payroll the amount to be deducted from the compensation of each such member whose name appears thereon, and shall cause to be drawn a payroll check in favor of the retirement board for the total amount of deductions shown on each payroll of such department, and said board shall deposit said payroll check to the credit of the Police Pension Fund. It shall be the duty of the administrative head of the Police Department to cause to be furnished a copy of each and every payroll hereinbefore mentioned to the said retirement board.

Should a member be separated from city service through any cause other than death or retirement, then such contributions with interest shall be refunded to him under such conditions as may be fixed by the Board of Supervisors for the refund of contributions of other members of the retirement system.

Section 168 or part of any other section in this Charter in so far as it conflicts with any part of section 166 as amended, is hereby repealed.

JOHN G. LAWLOR.

January 31, 1933.

To the Honorable Board of Supervisors, San Francisco, Calif.

Gentlemen: We are in receipt of information that a petition has been filed with your Board by John G. Lawlor a citizen who has no official connection with this department, to submit to the votors of San Francisco a Charter amendment relating to the pension and retirement provisions of the Police Department.

We wish to call your attention to the fact that the proposed amendment does not emanate from this department and has never been submitted for the consideration of this department, and we hereby protest against any such amendment being submitted to the voters of San Francisco.

Under our rules and regulations, efforts to influence legislation affecting the department cannot be made except through this Board or the

Chief of Police, and we desire to call your attention to the fact that no request has been made by any member or group of members of this department to have the proposed Charter amendment submitted.

If our information is correct and such a proposed amendment is to be considered by your Board, we trust that the same will be rejected.

Yours respectfully,
THE BOARD OF POLICE COMMISSIONERS,
By Chas. F. Skelly, Secretary.

Refused Submission.

Whereupon, on motion of Supervisor Canepa, the foregoing proposed Charter amendment was *refused submission* by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—14.

Absent—Supervisor Gallagher—1.

Motion.

Supervisor Havenner in this connection moved that the Rules Committee consider a rule—how matters referred to committee can be reported to the Board without recommendation without hearing thereon in committee.

Proposed Charter Amendment Making Tax Collector Ex-Officio Treasurer (Uhl Petition).

61.1 Section 1. Making the Tax Collector Ex-Officio Treasurer of the City and County of San Francisco, said Tax Collector to discharge the duties of the Treasurer.

Section 2. Repealing Section 31. Also repealing that portion of Section 5 which provides for the election of the Treasurer, and which office shall cease and be of no avail after expiration of the term of the present Treasurer.

Motion.

Supervisor Shannon moved that the foregoing be *filed.*

So ordered.

Proposed Charter Amendment—Retirement System (Uhl).

(1) Modifying the contribution of the taxpayers to the Retirement Fund on the basis that the maximum sum paid to municipal employees shall be $85 per month, and that the ratio paid toward same shall be on the basis of three dollars contribution by the municipal employee and one dollar by the taxpayers.

Alternate Proposal.

Abolish the Retirement Fund, provided, however, that persons retired prior to February 1, 1933, shall continue to be paid as heretofore, and the money necessary to make said payments shall be raised through a tax levy.

That police and firemen retired on disability or killed in line of duty, or who die subsequently from injuries received while on duty, shall receive benefits provided in present Charter.

Motion.

Supervisor Shannon, seconded by Supervisor Spaulding, moved that the foregoing be *filed.*

So ordered.

Proposed Charter Amendment Providing for the Man or the Wife to Hold One Municipal Position (Uhl).

Motion to file carried by the following vote:

Ayes—Supervisors Breyer, Hayden, McSheehy, Miles, Peyser, Roncovieri, Shannon, Spaulding, Stanton—9.
Noes—Supervisors Brown, Canepa, Colman, Havenner, Power—5.
Absent—Supervisor Gallagher—1.

Proposed Charter Amendment Providing One Remunerative Salary to a Municipal Employee.

Supervisor Peyser, seconded by Supervisor McSheehy, moved that the City Attorney prepare amendment for submission to the people.

Carried by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri Shannon Spaulding, Stanton—14.
Absent—Supervisor Gallagher—1.

Fire Marshal and Deputy Fire Marshal—Charter Amendment.

Supervisor McSheehy moved that the proposed Charter amendment including the Fire Marshal and Deputy Marshal in the Fire Department be prepared by the City Attorney for submission to the people.

So ordered.

ADJOURNMENT.

Whereupon the Board, at the hour of 12 midnight, adjourned.

J. S. DUNNIGAN,
Clerk.

Approved by the Board of Supervisors February 20, 1933.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing are true and correct copies of the Journal of Proceedings of said Board of the dates thereon stated and approved as recited.

In Board of Supervisors, San Francisco, Tuesday, February 14, 1933, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Breyer, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding—13.

Absent—Supervisors Brown, Stanton—2.

Quorum present.

His Honor President Hayden presiding.

APPROVAL OF JOURNAL.

The Journal of Proceedings of the previous meeting was laid over for consideration until next meeting.

Milk Ordinance.

The following entitled ordinance, returned by the Health Committee without its recommendation, was taken up on motion of Supervisor Spaulding:

(Code No. 17.05)

Bill No. 251, Ordinance No. 17.051, as follows:

Regulating all traffic in milk, cream and milk food products, the production, handling, processing, distribution, labeling, sale and offering for sale in the City and County of San Francisco of milk, cream and milk food products; providing for the issuance and revocation of permits therefor; fixing standards and definitions for milk, cream and milk food products; providing for inspection of all premises used in the production, handling, distributing, processing, sale or offering for sale of milk, cream and milk food products in said City and County; enforcing the tuberculin testing of all dairy cattle producing milk for consumption in said City and County; providing for the examination of all employees engaged in the production and processing of milk, cream and milk food products; authorizing the Director of Public Health of the City and County of San Francisco to enforce the provisions of this ordinance, and providing penalties for the violation thereof.

Rereferred to Health Committee for hearing. Copies of the ordinance to be sent to the members of the Board.

Motion.

Supervisor McSheehy moved inasmuch as the matter is under consideration by the Grand Jury that all data and transcripts in Milk hearings be sent to the Grand Jury and that it comply with Dr. Geiger's letter asking for a thorough investigation.

Supervisor Havenner moved as a substitute for the whole that it be the sense of the Board that if the Grand Jury requests us to forward record of Health Committee on Milk Ordinance it stands ready to do so.

So ordered.

Meeting Announcement.

Thereupon, it was announced by Supervisor Spaulding that the Health Committee would meet to consider the Milk Ordinance on Thursday at 2 p. m.

SPECIAL ORDER—3 P. M.

The following matter was taken up on a motion for reconsideration made by Supervisor Gallagher at the meeting of January 23, 1933:

Regulation of Vending Machines.

(Code No. 3.041)

Bill No. 171, Ordinance No. 3.04113, as follows:

Providing for the issuance of permits and imposing a fee for inspection and regulation on persons, firms or corporations owning or having

control of any automatic machine used for games of skill or amusement, or for vending service or merchandise.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. For the purposes of inspection and regulation, every person, firm or corporation owning or having control of any automatic machine used for games of skill or amusement or for vending service or merchandise, set in motion by the deposit of a coin or slug in any receptacle attached or affixed to such machine, shall make application to the Chief of Police for a permit to operate said machine or machines; provided that nothing herein shall apply to any appliances prohibited by section 330a of the Penal Code of the State of California. The applicant shall be of good character, and shall submit a description of the type of machine to be operated at the time of making such application and shall pay the filing fee provided herein.

Section 2. Permits provided for herein shall be issued for one year, and may be renewed by the Chief of Police on application and the payment of the filing fee, provided permits issued in accordance with provisions of subdivisions (d), (e), (f) and (g) may be renewed by the permittee on the payment of the licenses provided for herein unless revoked by the Chief of Police. Permits granted for the operation of the aforementioned machines shall be forwarded by the Chief of Police to the Tax Collector, who shall issue said permits upon the payment of the fee hereinafter set forth; provided, that a permittee operating two or more types of machines as herein described shall be subject to the payment of one filing fee only, and said filing fee shall be the highest filing fee applicable to the types of machines operated.

(a) Machines operated for skill or amusement, set in motion by the deposit of a 5-cent piece, or more, or its equivalent:
Filing fee, $250.
$2.50 per quarter, per machine.

(b) Machines operated for skill or amusement and vending candy or merchandise and set in motion by the deposit of a 5-cent piece, or more, or its equivalent.
Filing fee, $200.
$2.50 per annum, per machine.

(c) Machines operated for skill or amusement, set in motion by the deposit of a 1-cent piece or its equivalent:
Filing fee, $40.
50 cents per annum, per machine.

(d) Machines vending merchandise and set in motion by the deposit of a 5-cent piece, or more, or its equivalent:
Filing fee, $5, $25 and $50.

(e) Machines vending merchandise and set in motion by the deposit of a 1-cent piece or its equivalent:
Filing fee, $10.
15 cents per annum, per machine.

(f) Machines vending service and set in motion by the deposit of a 5-cent piece, or more, or its equivalent:
Filing fee, $10.
50 cents per annum, per machine.

(g) Machines vending service and set in motion by the deposit of a 1-cent piece or its equivalent:
Filing fee, $10.
20 cents per annum, per machine.

Section 3. The Tax Collector shall issue to each permittee a receipt for such machine for which a fee is paid, and said receipt shall be placed on the machine so as to be visible to the public at all times.

Section 4. Every person, firm or corporation authorized to operate machines under the provisions of this ordinance shall forward to the Chief of Police, bi-monthly, a report showing the addresses of premises

wherein any of said machines have been installed, or removed; the type of said machine installed or removed, and the date of such installation or removal.

Section 5. The Chief of Police shall regulate the distribution of the machines hereinbefore mentioned; provided that machines in Subdivisions (a), (b) and (c) of Section 2 shall not be permitted to operate within 1000 feet of the boundaries of any school.

Section 6. Permits issued under the provisions of this ordinance may be revoked for cause by the Chief of Police, provided, however, that any permittee whose permit is revoked shall have the right of appeal to the Board of Permit Appeals.

Section 7. The provisions of this ordinance shall not apply to machines used in any business which is taxed under the provisions of Section 14 of Article XIII of the State Constitution.

Section 8. Machines operated in amusement parks and penny arcades and subject to the payment of fees for the conduct of such places shall not be subject to the provisions of this ordinance.

Section 9. Machines vending sanitary napkins or installed or maintained in accordance with the regulations or orders of the Industrial Welfare Commission of the State of California, shall not be subject to the provisions of this ordinance.

Section 10. Every person, firm or corporation shall, at the time of applying for a permit for the operation of said machine, present and file with the Tax Collector a written affidavit, properly acknowledged, setting forth that said person, firm or corporation is the sole owner or distributor of the machines for which a permit is asked and has the sole control of the distribution of said machines, and that no other person, firm or corporation has any interest in or any control over the placement of the machines for which the applicant asked the permit.

Section 11. No permit under this ordinance shall be assigned or transferred without the authorization of the Chief of Police and the payment of the fee required of new applicants.

Section 12. The payment or collection of any fee or charge for the inspection, maintenance or operation of any coin-in-the-slot machine herein mentioned shall not be considered as a license or permission to maintain any so-called coin-in-the-slot machine the use of which is prohibited by law or ordinance, or to use, maintain or operate any of the coin-in-the-slot machines herein mentioned so that such use, operation or maintenance of such machine shall constitute a violation of any law or ordinance.

Section 13. If any section, subsection; sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. It is hereby declared that this ordinance, and each section, subsection, sentence, clause and phrase thereof, would have been passed irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases had been declared unconstitutional.

Section 14. Any person, firm, or corporation violating any of the provisions of this ordinance shall be guilty of a misdemeanor and punishable by a fine not to exceed $500 or by imprisonment for not more than six (6) months, or by both such fine and imprisonment.

EXPLANATORY.

This ordinance provides for the necessary regulation of coin-in-the-slot machines by the Police and Health Departments and the inspection by said departments of each type of machine before it is licensed for operation. Similar legislation has been adopted by many cities in the United States.

The Committee has had this ordinance under consideration for eight (8) months, and has held approximately eighteen (18) meetings. With the exception of one or two objectors who contended they could not pay any fee for inspection, no substantial opposition was presented to the committee.

The annual fees anticipated from the enforcement of this ordinance will total approximately $25,000, plus the filing fee required of each permittee.

Heretofore operators have placed these machines throughout the City without regard to legality or location. It is intended that police supervision of distribution and inspection will eliminate undesirable features of this business and likewise justify the fees established in accordance with the general authority of Section 24 of the charter.

The competition offered by the vending machine to the merchants doing business at a fixed place was given serious consideration by the committee and the rates fixed are presumed to be commensurate with the regulation intended.

The business of operating skill and amusement machines requires constant supervision by the Police Department because of its similarity to games of chance and the illegally designed machine.

This matter was first presented to the Committee by a representative of the Retail Grocers Association which desired legislation regulating a machine vending groceries which is now in operation in many large cities.

There are approximately 100 *operators and distributors owning or controlling* 12,000 *machines in this City and County.*

Refused Passage.

January 23, 1933, *refused passage* by the following vote:

Final Passage.

The following emergency ordinance was *finally passed* by the following vote:

Creating Assessor's Revolving Fund of $2,000 and Declaring the Existence of an Emergency.

(Code No. 9.011)

On recommendation of Finance Committee.

Bill No. 250, Ordinance No. 9.0111, as follows:

Creating revolving fund for the office of the Assessor to be known as the Assessor's Revolving Change Fund and providing for the administration thereof and making an appropriation therefor.

Be it ordained by the People of the City and County of San Francisco as follows:

A revolving fund to be known as the Assessor's Revolving Change Fund is hereby created which shall not exceed the sum of Two Thousand ($2,000.00) Dollars and which said fund shall be used by the Assessor for the purpose of making change for those persons who pay the taxes on unsecured personal property between the first day of March and the first day of August of each year. The Assessor shall keep a full, true and correct account of all amounts taken from said fund for the purposes herein indicated and render said accounts to the Controller and to the Treasurer whenever requested to so do. The Assessor shall have the custody and control of said fund and shall be responsible therefor and shall, within ten days after the first day of August of each year, return the amount of said fund to the Treasurer of the City and County of San Francisco. Should said Assessor deem it advisable to deposit said fund or any portion thereof in any bank or banks in the City and County of San Francisco, he may do so, and if said fund is so deposited, the same may be withdrawn from said bank or banks upon the order of the Assessor or upon the order of such person or persons as he shall designate.

Section 2. There shall be appropriated each year from the moneys in the Treasury of the City and County of San Francisco, not otherwise appropriated or incumbered, the sum of Two Thousand ($2,000.00) Dollars which said sum shall be payable to the Assessor for the purpose of establishing the above mentioned revolving fund, and the said amount to be returned by the Treasurer to the fund from which the same has been taken when the same is repaid to the Treasurer between the first and tenth days of August, each year, as hereinbefore set forth.

Section 3. The Board of Supervisors in making this ordinance does, by more than a three-fourths vote of all of its members, declare that the same is an emergency measure and enacts the same as such, the facts constituting said emergency and necessitating the passage of this ordinance as an emergency measure being the uninterrupted operation of the Assessor's office; and this Board does hereby declare

that said emergency does actually exist and that this ordinance shall become effective immediately upon its enactment.

I, the undersigned Mayor of the City and County of San Francisco, hereby recommend the establishment of the above mentioned revolving fund.

ANGELO J. ROSSI, Mayor.

The amount of appropriation approved.

LEONARD S. LEAVY, Controller.

Whereas, San Francisco, by virtue of its geographical location, as well as its importance as an industrial and business center, is the logical air transportation center of the Pacific Coast; and

Whereas, commercial aviation, by its rapid advancement in recent years, has now become an indispensable part of our transportation and communication system; and

Whereas, the San Francisco Bay region is now served by four major air transportation companies with transport arrivals and departures approximating 3000, and carrying approximately 10,000 passengers, 70,000 pounds of mail and 24,000 pounds of freight and express each month; and

Whereas, these services, greatly increased as they will be in years to come, to give their maximum benefits to San Francisco, will require one centrally located and quickly and easily accessible terminal for the entire San Francisco metropolitan area, to supplement the splendid independent airports which are now located in the various bay cities; and

Whereas, there lies within the city limits of San Francisco a tract of land which is ideal for this purpose, located on Yerba Buena Island shoal, approximately midway between San Francisco and Alameda counties, and which could be reclaimed at a cost much less than the cost of any other suitable metropolitan air terminal site; and

Whereas, the construction of the sixty million dollar San Francisco-Oakland transbay bridge will soon bring this site within fifteen minutes' average travel time of the business centers of San Francisco and Oakland, thus providing the San Francisco area with potential air terminal facilities unequalled in the world for combined accessibility, size, favorable topographical and meteorological conditions, minimum flying hazards, convenience for both land and sea planes, and general serviceability; and

Whereas, this land now belongs to the State of California, and could be transferred, for the development of such a terminal, to the City and County of San Francisco at no cost to this City, and its ownership could be held by the City and County without expense until construction of the terminal is required in the future; now, therefore, be it

Resolved, That this Board of Supervisors unanimously endorses the proposal that a "Golden Gate Air Terminal" be established on Yerba

Buena Island shoal at such time as air traffic requires it, and that the City proceed immediately to take all possible steps to obtain title to this land from the State of California at the coming session of the State Legislature, convening January 2, 1933.

Legislature Memorialized to Enact Legislation Extending Statute of Limitation on Obligations Secured by Mortgages or Deeds of Trust on Real Property to Five Years.

(Code No. 5.3)

On recommendation of the Judiciary Committee.

Resolution No. 626, as follows:

Whereas, the economic conditions prevailing in the last four years have materially affected owners of real estate in the City and County of San Francisco and generally throughout the State of California; and

Whereas, most of said real estate owners have encumbrances on their respective properties in the nature of mortgages or deeds of trust as security for promissory notes evidencing loans made by said real estate owners; and

Whereas, under the laws of the State of California the time for enforcing the obligations on said promissory notes is a period of four years from their due date; and

Whereas, many of said obligations are now approaching the time when the holders of said obligations are obligated to institute legal proceedings to protect their legal rights; and

Whereas, owing to said economic stress prevailing the owners of said real property are unable to meet said obligations and the holders of said obligations are many times obliged to proceed to enforce the same owing to the condition of the title of said property; and

Whereas, it would be to the best interests of all parties concerned and a relief to citizens of our City and State if said period of the statute of limitations were extended; now, therefore, be it

Resolved, That this Board of Supervisors does hereby endorse the plan and requests the Legislature to enact legislation extending the statute of limitations on obligations secured by mortgages or deeds of trust on real property for a period of five years; and be it

Further Resolved, That this Board of Supervisors does hereby urge said members of the State Legislature to enact said legislation as a relief measure.

Memorializing Congress to Enact Legislation to Permit Loans to Small Business Men in Amounts Not to Exceed $10,000.

(Code No. 5.2)

On recommendation of Judiciary and Public Welfare Committees.

Resolution No. 627, as follows:

Whereas, the Reconstruction Finance Corporation was set up by the government of the United States for the care and sustenance of going concerns which are in need of financial help; and

Whereas, the banks of the country and the railroads have been the recipients of loans approximating $1,500,000,000, while the banks continue to require the usual collateral for loans made by them; and

Whereas, the Home Loan Bank is financed by the Reconstruction Finance Corporation for the purpose of maintaining homes in the names of their owners at least during these days of financial strin-

gency, and an appropriation of $90,000,000 has been set aside for the purpose of crop production loans; and

Whereas, there does not seem to be any proposition set forth in any of the governmental bills or held forth by any of the governmental agencies for the small businesses, the bone and sinew of this nation, that are daily liquidating or forced into bankruptcy, and which are in dire need of financial aid; now, therefore, be it

Resolved, That the Board of Supervisors does hereby memorialize Congress to enact legislation permitting loans to the so-called "small business man" in an amount not to exceed $10,000, on the basis of chattel mortgages or other available securities; and be it

Further Resolved, That copies of this resolution be forwarded to the President of the United States, Speaker of the House of Representatives, the President of the Senate, Representative Welch and Representative Kahn, Senator Johnson and Senator Shortridge.

Intention to Change Grades on Thirty-eighth and Thirty-ninth Avenues Between Kirkham and Lawton Streets.

(Code No. 12.0721)

On recommendation of Streets Committee.

Resolution No. 628, as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets, at the points hereinafter specified and at the elevations above city base as hereinafter stated, in accordance with Resolution No. 2004 of the Department of Public Works, adopted January 25, 1933, and written recommendation of said Department filed January 28, 1933, to-wit:

Thirty-eighth Avenue.

Westerly line of, at Kirkham street, 157 feet. (The same being the present official grade.)

Easterly line of, at Kirkham street, 159.48 feet. (The same being the present official grade.)

100 feet southerly from Kirkham street, 163.58 feet.

120 feet southerly from Kirkham street, 164.66 feet.

220 feet southerly from Kirkham street, 167.77 feet.

320 feet southerly from Kirkham street, 166.45 feet.

(Vertical curve passing through the last three described points.)

500 feet southerly from Kirkham street, 160.05 feet.

Westerly line of, at Lawton street, 155 feet. (The same being the present official grade.)

Easterly line of, at Lawton street, 158 feet. (The same being the present official grade.)

Thirty-ninth Avenue.

Westerly line of, at Kirkham street, 134 feet. (The same being the present official grade.)

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

COMMITTEE OF THE WHOLE.

The Board of Supervisors thereupon resolved itself into a Committee of the Whole for the purpose of considering the following proposed Charter amendments:

Supervisor Miles in the Chair.

All members heretofore noted, being present.

PROPOSED CHARTER AMENDMENTS.

Fire Department Retirement System.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Section 169 thereof providing for retirement allowances of certain employees of the Fire Department and repealing Section 171 of said Charter.

The Board of Supervisors of the City and County of San Francisco

hereby submits to the electors of said City and County at a special election to be held on the 28th day of March, 1933, a proposal to amend the Charter of said City and County by amending Section 169 of said Charter and repealing Section 171 thereof.

Section 1. Section 169 of the Charter of the City and County of San Francisco is hereby amended to read as follows:

Section 169. Persons who are members of the Fire Department on the date on which this amendment becomes effective, which is hereby fixed as July 1, 1933, and persons who shall become members of the Fire Department thereafter, shall be members of the Retirement System on and after the said date, subject only to the following provisions, in addition to the provisions contained in Sections 158 to 163, both inclusive, of this Charter:

(a) Any member of the Fire Department who shall have completed twenty-five years of continuous service as a member of the Fire Department next preceding the date of his retirement, or any member of the Fire Department who shall have reached the age of fifty-five years and shall have completed twenty years of continuous service as a member of the Fire Department next preceding the date of his retirement, may retire from service at his option. Any member of the Fire Department who shall become physically disabled by reason of any bodily injury received in the performance of his duty may be retired from service on satisfactory proof thereof. The Retirement Board, by unanimous vote, may retire from service any aged, disabled or infirm member of the Fire Department who has arrived at the age of sixty years and who has completed twenty years of continuous service as a member of the department next preceding such age, who may be ascertained to be, by reason of such age, infirmity or other disability, unfit for the performance of his duties. Such retired member shall receive a monthly pension, payable throughout his life, equal to one-half the amount of the salary attached to the rank held by him three years prior to the date of his retirement, hereinafter referred to as "pension" in this and following sections; provided, that where such retirement is based on disability alone, in case the disability of such member shall cease, his pension shall cease, and he shall be restored to service in the rank he occupied at the time of his retirement. Should any said retired member die leaving a widow, who shall have been married to the decedent at least one year prior to the date of his retirement, such widow shall, as long as she may live and remain unmarried, be paid said pension; provided further, that should said widow die leaving a child or children under the age of sixteen years, such child or children collectively shall receive said pension until the youngest child arrives at the age of sixteen years; and provided, further, that should said retired member die leaving no widow, but leaving an orphan child or children under the age of sixteen years, such child or children collectively shall receive said pension until the youngest child attains the age of sixteen years.

(b) The family of any member of the Fire Department who shall die as a result of any injury received during the performance of his duty, or from sickness clearly, unmistakably and directly caused by and resulting from the discharge of such duty, or while eligible to a pension on account of years of service in the department, or who has served twenty consecutive years in the department and attained the age of fifty-five years, shall receive the following benefits:

First, should the decedent leave a widow to whom he was married prior to the date of the injury resulting in death, his widow shall, as long as she may live and remain unmarried, be paid a monthly pension equal to one-half of the salary attached to the rank held by the decedent at the time of his said injury; provided, however, that should said widow die, leaving a child or children under the age of sixteen years, said pension shall continue to such child or children collectively until the youngest child arrives at the age of sixteen years.

Second, should the decedent leave no widow, but leave an orphan

child or children under the age of sixteen years, such child or such children collectively shall receive said pension until the youngest child attains the age of sixteen years.

Third, should the decedent leave no widow and no orphan child or children, but leave a parent or parents dependent solely upon him for support, such parents so depending shall collectively receive said pension during such time as the Retirement Board may unanimously determine its necessity.

(c) When any member of the department shall die from natural causes and before retirement, and when no pension is payable to his widow or children, there shall be paid to his estate or beneficiary a death benefit, the amount of which and the conditions for the payment of which shall be determined in the manner prescribed by the Board of Supervisors for the death benefit of other members of the Retirement System.

(d) In addition to the other contributions required of the City and County under the Retirement System, the City and County shall contribute to the Retirement System during each fiscal year a sum which, together with the members' contributions provided for in subdivision (f) of this section, shall be equal to the liabilities accruing under the Retirement System because of services rendered during such year by persons who are members under this section. If subsequent to such fiscal year it shall be determined that such contribution by the City and County, together with the members' contributions, was not sufficient to meet such liability, then the City and County shall make such additional contribution as may be necessary to make up the deficit.

(e) No benefits shall be provided under the Retirement System for, nor shall any contributions be required of, persons who become members of the Retirement System under this section, in addition to the benefits specifically provided and contributions specifically required herein. Any pension payable because of the death or retirement of any of such persons shall be reduced in the manner fixed by the Board of Supervisors, by the amount of any benefits payable to or on account of such person, under the Workmen's Compensation Insurance and Safety Law of the State of California. Any increase or decrease of the salaries of members of the Fire Department shall not in anywise affect the pensions being paid to persons retired prior to such change, or to any widow, child, children or parents who are receiving a pension at the time of such change.

(f) Each person who is a member of the Retirement System under the provisions of this section and who was employed in the Fire Department on January 8, 1932, shall contribute each month to the Retirement System on and after the said effective date hereof, four per cent of his gross salary before deduction for any reason other than absence from duty, to be applied on the cost of the benefits at death or retirement provided for him under this section. Any other person who is a member of the Retirement System under the provisions of this section shall contribute each month to the Retirement System five per cent of his gross salary before deduction for any reason other than absence from duty, to be applied on the cost of benefits at death or retirement provided for him under this section. Accumulated contributions for services in the Fire Department prior to the effective date of this amendment standing to the credit of each of such last mentioned persons in the Retirement System shall be retained by the System, and should a member be separated from City service through any cause other than death or retirement, then all of his said contributions, with interest, shall be refunded to him under such conditions as may be fixed by the Board of Supervisors for the refund of accumulated contributions of other members of the Retirement System.

(g) For the purposes of this section, pilots and marine engineers employed on fire boats in the San Francisco Fire Department on the said effective date shall be considered members of the said Fire Department on and after the said date, notwithstanding the provisions of

Section 162 of the Charter; and thereafter appointees to either of said positions shall be subject to the age qualifications provided for entrance positions in the uniformed forces of the Fire Department. Accumulated contributions standing to the credit of each of the above mentioned pilots or engineers in the Retirement System shall be retained by such System, and in the event of his separation from City service through any cause other than death or retirement, refunded to him under such conditions as may be fixed by the Board of Supervisors for the refund of accumulated contributions of other members of the Retirement System, or otherwise applied on the cost of the benefits at death or retirement provided for him under this section, the balance of such cost to be contributed by the City and County to the Retirement System, as provided in this Charter.

Section 2. Section 171 of the Charter of the City and County of San Francisco is hereby repealed.

Communications.

The following communications were presented and read by the Clerk:

Communication from E. Clarence Holmes, Building and Apartment House Owners' Association, Municipal Research Bureau, Tax Retrenchment League, opposing the proposed Fire Department Pension inclusion in the Retirement System.

Communication from Frank B. Keesling, New Charter Citizens' Committee, opposing, in present form, proposed Fire Department Pension Charter Amendment.

Communication from E. Clarence Holmes, from Conference of Taxpayers and Civic Groups, opposing proposed Fire Department Pension Charter Amendment, and submitting alternative proposition.

Communication from San Francisco Labor Council, opposing Pilots and Marine Engineers' inclusion in proposed Fire Department Pension Charter Amendment.

Communications from the Building Trades Council, International Marine Engineers, B. Howard, International Union of Operating Engineers, Operating Engineers' Local No. 59, Operating Engineers' Local No. 45, also opposing the inclusion of the Pilots and Marine Engineers of the Fire Boats in the proposed Fire Department Pension Charter Amendment.

Communication from Brotherhood of Boilermen, Welders, etc., for inclusion in the proposed Fire Department Pension Charter Amendment.

Communication from E. J. Powers and James Anderson, representing Pilots and Marine Engineers on Fire Boats, urging inclusion of their drafts in the Fire Department Pension Charter Amendment.

Privilege of the Floor.

Capt. Harrison and M. Raymond, representing Pilots and Marine Engineers, were granted the privilege of the floor and heard at length, urging the inclusion of Pilots and Marine Engineers on Fire Boats in the proposed Fire Department Pension Charter Amendment.

Edward Van de Leur, president, San Francisco Labor Council, was also heard. He declared that he was not opposed to the pension for the Pilots and Marine Engineers on Fire Boats, but was opposed to the age limit fixed in the draft submitted.

Capt. Ireland of the Fire Department was also heard to the effect that he had no authority from his organization, the David Scannell Club, to include the Pilots and Marine Engineers of the Fire Boats, and suggested that they go on a separate amendment.

Whereupon, the foregoing proposed amendment was stricken out and the following *ordered submitted*, on motion of Supervisor Peyser, by the following vote:

Fire Department Retirement System.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Section 169 thereof, providing for retirement allowances of certain employees of the Fire Department and for contributions by said employees to the San Francisco City and County Employees' Retirement System.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of said City and County at a special election to be held on the 4th day of April, 1933, a proposal to amend the Charter of said City and County by amending Section 169 of said Charter.

Section 169 of the Charter of the City and County of San Francisco is hereby amended to read as follows:

Section 169. Persons who are members of the Fire Department on the 8th day of January, 1932, shall become members of the retirement system on that date, subject only to the following provisions, in additions to the provisions contained in sections 158 to 163, both inclusive, of this Charter:

(a) Any member of the Fire Department who shall have completed twenty-five years of actual service as a member of the Fire Department next preceding the date of his retirement, or any member of the Fire Department who shall have reached the age of fifty-five years and shall have completed twenty years of actual service as a member of the Fire Department next preceding the date of his retirement, may retire from service at his option. Any member of the Fire Department who shall become physically disabled by reason of any bodily injury received in the performance of his duty may be retired from service on satisfactory proof thereof. The Retirement Board, by unanimous vote, may retire from service any aged, disabled or infirm member of the Fire Department who has arrived at the age of sixty years and who has completed twenty years of actual service as a member of the Department next preceding such age, who may be ascertained to be, by reason of such age, infirmity or other disability, unfit for the performance of his duties. Such retired member shall receive a monthly pension, payable throughout his life, equal to one-half the amount of the salary attached to the rank held by him three years prior to the date of his retirement, hereinafter referred to as "pension" in this and the following sections; provided, that where such retirement is based on disability alone, in case the disability of such member shall cease, his pension shall cease, and he shall be restored to service in the rank he occupied at the time of his retirement. Should any said retired member die leaving a widow, who shall have been married to the decedent at least one year prior to the date of his retirement, such widow shall, as long as she may live and remain unmarried, be paid said pension; provided further, that should said widow die leaving a child or children under the age of sixteen years, said pension shall continue to be paid to such child or such children collectively until the youngest child arrives at the age of sixteen years; and provided, further, that should said retired member die leaving no widow but leaving an orphan child or children under the age of sixteen years, such child or children collectively shall receive said pension until the youngest child attains the age of sixteen years.

(b) The family of any member of the Fire Department who shall die as a result of any injury received during the performance of his duty or from sickness clearly, unmistakably and directly caused by and resulting from the discharge of such duty, or while eligible to a pension on account of years of service in the department, or who has had twenty years of actual service in the department and attained the age of fifty-five years, shall receive the following benefits:

First, should the decedent leave a widow to whom he was married prior to the date of the injury resulting in death, his widow shall, as long as she may live and remain unmarried, be paid a monthly pension equal to one-half of the salary attached to the rank held by the decedent

at the time of his said injury, provided, however, that should said widow die, leaving a child or children under the age of sixteen years, said pension shall continue to such child or children collectively until the youngest child arrives at the age of sixteen years.

Second, should the decedent leave no widow, but leave an orphan child or children under the age of sixteen years, such child or such children collectively shall receive said pension until the youngest child attains the age of sixteen years.

Third, should the decedent leave no widow and no orphan child or children, but leave a parent or parents dependent solely upon him for support, such parents so depending shall collectively receive said pension during such time as the retirement board may unanimously determine its necessity.

(c) When any member of the department shall die before retirement, and when no pension is payable to his widow or children, there shall be paid to his estate or beneficiary a death benefit, the amount of which and the conditions for the payment of which shall be determined in the manner prescribed by the Board of Supervisors for the death benefit of other members of the retirement system.

(d) In addition to the other contributions required of the City and County under the retirement system, the City and County shall contribute to the retirement system during each fiscal year, a sum which, together with the members' contributions provided for in subdivision (f) of this section, shall be equal to the liabilities accruing under the retirement system because of service rendered during such year by persons who are members under this section. If subsequently to such fiscal year it shall be determined that such contribution by the City and County, together with the members' contributions, was not sufficient to meet such liability, then the City and County shall make such additional contribution as may be necessary to make up the deficit.

(e) No benefits shall be provided under the retirement system for, nor shall any contributions be required of, persons who become members of the retirement system under this section, in addition to the benefits specially provided and contributions specifically required in this section. Any pension payable because of the death or retirement of any of such persons shall be reduced in the manner fixed by the Board of Supervisors, by the amount of any benefits payable to or on account of such person, under the Workmen's Compensation Insurance and Safety Law of the State of California. Any increase or decrease of the salaries of members of the Fire Department shall not in anywise affect the pensions being paid to persons retired prior to such change, or to any widow, child, children or parents who are receiving a pension at the time of such change.

(f) Each person who is a member of the retirement system under the provisions of this section shall contribute each month to the retirement system, commencing on July 1, 1934, four per cent of his gross salary before deduction for any reason other than absence from duty, to be applied on the cost of the benefits at death or retirement provided for him under this section. Should any person who is a member under the provisions of this section be separated from City service through any cause other than death or retirement, then all of his contributions, with interest, shall be refunded to him under such conditions as may be fixed by the Board of Supervisors for the refund of accumulated contributions of other members of the retirement system.

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Stanton—13.

Absent—Supervisors Shannon, Spaulding—2.

Providing for Fire Marshal and Chief Deputy Fire Marshal.

The following was taken up and *ordered submitted* by the following vote:

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend

the Charter of said City and County by amending Section 37 thereof providing for the positions of Fire Marshal and Chief Deputy Fire Marshal.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of said City and County, at a special election to be held on the 28th day of March, 1933, a proposal to amend the Charter of said City and County by amending Section 37 of said Charter to read as follows:

Fire Marshal.

Section 37. The Fire Commission shall appoint a Fire Marshal and a Chief Deputy Fire Marshal, said appointments to be made from the uniformed rank of the Fire Department, said appointments to be made, and said appointees to hold their respective positions, in conformity with the Civil Service provisions of this Charter, provided, however, that the incumbent in the position of Fire Marshal and the incumbent in the position of Chief Deputy Fire Marshal, at the time this amendment is ratified by the State Legislature, if they have held their respective positions for one year continuously prior thereto, shall be deemed appointed to their respective positions under the Civil Service provisions of said Charter, and shall thereafter be entitled to all the benefits of said provisions to the same extent as if said persons had been appointed to said positions after examination and certification by said Civil Service Commission. Said incumbents shall also, upon the ratification of this amendment, become members of the San Francisco City and County Employees' Retirement System subject to all the provisions of Section 169 of the Charter and with all the rights, privileges and benefits of the members of the Fire Department who were such on the 8th day of January, 1932.

The Fire Marshal shall investigate the cause, origin and circumstances of every fire occurring in the City and County, for the purpose of ascertaining whether said fire was accidental or of criminal origin, and shall keep a record of the result of said investigations. If, after said investigation, he shall be of the opinion that any fire was of criminal origin he shall take the requisite proceeding to cause the apprehension and arrest of any person or persons whom he may believe to have been responsible for said fire and shall request the District Attorney to prosecute said persons for any public offense they may have committed in connection with said fire.

The Board of Supervisors may empower the Fire Marshal to sell property saved or salvaged from any fire and for which no owner can be found. Said Fire Marshal may prohibit the disturbance or removal of any property or substance from or upon any building or property where a fire has occurred until the completion of the investigation as herein provided. The Fire Marshal may call upon police officers to assist in the protection or salvaging of property and shall have such other powers and duties as by ordinance may be prescribed relative to the protection of property at fires and the storage of property salvaged therefrom. He shall have such duties appertaining to the enforcement of laws relative to the transportation, storage, sale and use of inflammable liquids, combustible materials and explosives as the Fire Commission by rules, or the Supervisors by ordinance, may prescribe.

In the absence or inability of the Fire Marshal to act, the Chief Deputy Fire Marshal shall perform the duties and functions of his office.

The compensation of the Fire Marshal and the Chief Deputy Fire Marshal shall be fixed in the same manner as the salaries of those other officers and employees of the City and County whose compensations are not fixed by this Charter.

Officers and Employees to Hold No More Than One Remunerative Position.

The following was taken up:

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new section thereto to be known as Section 142.1, providing that officers and employees of the City and County shall not hold more than one remunerative office or employment in the Municipal Government.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of said City and County at a special election to be held on the 28th day of March, 1933, a proposal to amend the Charter of said City and County by adding a new section thereto to be designated Section 142.1 and which said section shall read as follows:

Officers and Employees Limited to One Position.

No officer or employee of the City and County of San Francisco shall hold more than one remunerative office or employment in the municipal government of the City and County of San Francisco. A remunerative office or employment is one in which the compensation fees or emoluments are more than six hundred dollars per year. For the purposes of this section employment in the San Francisco School Department shall be considered as employment in the municipal government. Nothing in this section contained shall prevent one officer or employee from giving his services to more than one department of the municipality where said services are of a similar character, or where said services are rendered to said departments on a part-time basis. Officers or employees of the City and County of San Francisco who at the date of the ratification of this amendment hold offices or employments in any department of the City and County, and also in the School Department of said City and County, shall not be subject to the provisions of this amendment so long as their present offices or employments in said respective departments continue.

Privilege of the Floor.

J. Linehan, Superintendent of High School of Commerce Night School, was granted the privilege of the floor and heard in opposition to the proposed amendment. He declared that there were very few in the City government affected by the amendment proposed, that seven or eight municipal employees who were also employed as teachers in the night schools were particularly adapted by their knowledge and experience to give the best service as such in the School Department. Others affected would be part-time workers, such as janitors, that in the interest of economy are moved from one public building to another as their services are required.

Supervisor Gallagher moved that the proposed amendment be stricken out.

Motion *lost* by the following vote:

Ayes—Supervisors Breyer, Brown, Colman, Gallagher—4.

Noes—Supervisors Canepa, Havenner, Hayden, Miles, Peyser, Power, Roncovieri, Stanton—8.

Absent—Supervisors McSheehy, Shannon, Spaulding—3.

Charter Amendment Refused Submission.

Thereupon, the question being taken on the submission of the foregoing proposed Charter amendment, the same was *refused submission* by the following vote:

Ayes—Supervisors Brown, Colman, Gallagher, Havenner—4.

Noes—Supervisors Breyer, Canepa, Hayden, Miles, Peyser, Power, Roncovieri, Stanton—8.

Absent—Supervisors McSheehy, Shannon, Spaulding—3.

Proposed Charter Amendment Making Tax Collector Ex-Officio Treasurer (Uhl Petition).

The following matter heretofore ordered filed was taken up:

61.1 Section 1. Making the Tax Collector Ex-Officio Treasurer of the City and County of San Francisco, said Tax Collector to discharge the duties of the Treasurer.

Section 2. Repealing Section 31. Also repealing that portion of Section 5 which provides for the election of the Treasurer, and which office shall cease and be of no avail after expiration of the term of the present Treasurer.

Privilege of the Floor, Adolph Uhl.

Adolph Uhl was granted the privilege of the floor and heard during the submission of the foregoing proposed Charter amendment, which he said would consolidate the work of the Tax Collector and Treasurer and save the City $30,000 a year.

Pilots and Marine Engineers, Proposed Charter Amendment.

Supervisors McSheehy and Stanton thereupon presented:

Section 5. Pilots of fire boats and marine engineers of fire boats who were occupying their respective positions as such pilots and as such marine engineers in the Fire Department of the City and County of San Francisco on the date of the ratification of this amendment, and who had been occupying their respective positions as such pilots and marine engineers for one year prior to the date of the ratification of this amendment, shall be deemed to be members of the San Francisco City and County Employees' Retirement System, with all the benefits and subject to all the provisions of this section; and thereafter appointees to either of said positions shall be subject to the age qualifications provided for entrance positions in the uniformed forces of the Fire Department.

RECESS.

Thereupon, on motion of Supervisor Havenner, the Committee of the Whole at 7:05 p. m. took a recess until 2 p. m. tomorrow.

J. S. DUNNIGAN, Clerk.

WEDNESDAY, FEBRUARY 15, 1933, 2 P. M.

Privilege of the Floor.

City Attorney Jno. O'Toole, E. Vandeleur, Capt. Harrison, representing pilots and marine engineers, president of the S. F. Labor Council, and Ralph Nelson, actuary of the retirement system, were heard as to the effect of the proposed Charter amendment relating to pension and retirement of pilots and marine engineers on fireboats.

Committee of the Whole Arises.

Whereupon the Committee of the Whole arose and the following business was transacted.

Ordered Submitted.

Whereupon, the roll was called and the following *ordered submitted* by the following vote:

Pilots and Marine Engineers on Fire Boats to Be Included in Retirement System.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding to Section 169 of said Charter a new subdivision to be known as subdivision (g), providing that pilots and marine engineers employed on January 8, 1933, on the fire boats in the San Francisco Fire Department, shall be entitled to the benefits and subject to the contributions provided under the San Francisco City and County Employees' Retirement System, by Section 169 of the Charter, for other members of the Fire Department.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of said City and County, at a special election to be held on Tuesday, the 4th day of April, 1933, a proposal to amend the Charter of said City and County by amending Section 169 of said Charter by adding thereto a new subdivision to be known as subdivision (g) and reading as follows, to-wit:

(g) For the purposes of this section, pilots and marine engineers employed on January 8, 1933, on the fire boats in the San Francisco Fire Department, shall be considered members of said Fire Department on and after the effective date of this amendment, notwithstanding the provisions of Section 162 of the Charter, and shall thereafter receive benefits from, and make contributions to, the Retirement System as provided in Section 169 of said Charter. Accumulated contributions standing to the credit of each of the above-mentioned pilots or engineers in the Retirement System shall be retained by such system, and in the event of his separation from City service through any cause other than death or retirement, refunded to him under such conditions as may be fixed by the Board of Supervisors for the refund of accumulated contributions of other members of the Retirement System, or otherwise applied on the cost of the benefits at death or retirement provided for him under this section, the balance of such cost to be contributed by the City and County to the Retirement System, as provided in this section.

Persons hereafter appointed to either the position of pilot or marine engineer of fire boats shall not be subject to the age qualifications provided for entrance positions in the uniformed force of the Fire Department.

Ayes—Supervisors Brown, Canepa, Havenner, Miles, Peyser, Power, Roncovieri, Stanton—8.

Noes—Supervisors Breyer, Colman, Hayden—3.

Absent—Supervisors Gallagher, McSheehy, Shannon, Spaulding—4.

Explanation of Vote.

Supervisor Peyser explained his vote by saying: "I believe that these men have made a showing that entitles them to have the people of San Francisco to pass upon their amendment. I am not endorsing it but merely passing it on to the people for their approval or disapproval."

Peninsula League of Municipalities Meeting.

The following was presented and read by the Clerk:

(d) New phases of the unemployment situation.

Referred to Public Welfare Committee.

Meeting Relative to Ocean Shore Boulevard.

Communication from T. Louis Chess, Executive Secretary, San Mateo County Federation of Improvement Clubs and Associations, advising of motion duly made and carried unanimously, to the effect that it was the sense of an informal mass meeting held the evening of February 7 at Half Moon Bay by the people of the Coast Side under the auspices of the San Mateo County Federation of Improvement Clubs and Associations, that a communication be addressed to the San Francisco Board of Supervisors requesting the whole-hearted support of the San Francisco Administration to the end that this project (the commencement of the work on the Ocean Shore Boulevard, otherwise known as Joint Highway No. 9), and in the event that the present plan to purchase rights of way cannot be amicably consummated that a new survey be ordered to ascertain the feasibility of a new route in order that the whole project may be no longer delayed by litigation.

Referred to Streets Committee.

Letter of Appreciation.

Also, communication from Sidney Hotchner, District Commander, American Legion, expressing appreciation on behalf of the Department of California, American Legion, of the recent resolution of the Board of Supervisors criticizing the apparent attempt in Washington to transfer to State and County Governments the burden now properly carried by the Government itself in the matter of the expense of veteran hospitalization, etc.

Read and ordered *filed.*

Relative to Employment of Bona Fide Residents of San Francisco on Local Public Works.

Also, communication from Robert B. Coons, President, San Francisco Junior Chamber of Commerce, transmitting report and recommendation drawn by the Municipal Affairs Committee of said organization relative to employment of bona fide residents of San Francisco on local public works.

McNab will deliver the patriotic address.

Read and *accepted.*

The following recommendation of Judiciary and Finance Committees *was laid over until next meeting, Tax Collector to report effect of legislation*:

Representatives of Board in Sacramento to Prepare Legislation Looking Toward Payment of Quarterly Installments of Taxes Instead of Semi-Annually, as Heretofore.

(Code No. ——)

Resolution No. 603, as follows:

Whereas, the present method of payment of taxes, requiring the

annual levy to be paid in two installments, with the attendant penalties for failure to pay said taxes at the appointed time, has become a serious burden to the taxpayers of the City and County of San Francisco, particularly at this time of unemployment and stress; and

Whereas, the payment of taxes in quarterly installments would materially aid the taxpayer in meeting his obligations; now, therefore, be it

Resolved, That the Board of Supervisors does hereby instruct its representatives in the State Legislature, this session, to prepare and present legislation amending the present laws requiring the payment of taxes in semi-annual installments, so that taxpayers might be permitted to pay their taxes in quarterly installments.

Fixing Date of Charter Amendment Election.

Thereupon the following was presented and *adopted* by the following vote:

(Code No. 1.08)

Resolution No. 636, as follows:

Resolved, That a special election be held in the City and County of San Francisco on Tuesday, the 4th day of April, 1933, for the purpose of voting on the hereinafter mentioned amendments to the Charter of said City and County; and said Board of Supervisors does hereby direct that a special election be held in said City and County on the said above mentioned date, for the purpose of voting on said amendments; and the said Board of Supervisors does hereby submit to the electors of said City and County the following amendments to said Charter, to be voted on at said special election, to-wit:

Amendment No. 1. To add a new section to the Charter to be known as Section No. 70.1, providing for deductions from the salaries of officers and employees of the City and County during extraordinary economic conditions, and authorizing the reducing of budget appropriations otherwise provided by Charter to be made to the various officers and departments of the City and County.

Amendment No. 2. Amending Section 169 of the Charter providing for retirement allowance of certain employees of the Fire Department; and providing for contributions by said employees to the San Francisco City and County Employees' Retirement System.

Amendment No. 3. Amending Section 37 of the Charter providing for the positions of Fire Marshal and Chief Deputy Fire Marshal, and describing the duties of said positions.

Amendment No. 4. Amending Section 169 of the Charter by adding a new subdivision thereto to be designated "sub g," thereof, giving to pilots and marine engineers who were employed on the fire boats in the San Francisco Fire Department on January 8, 1933, the same retirement rights as are given to the other members of said department by Section 169 of the Charter. Be It

Further Resolved, That the Registrar of Voters of the City and County of San Francisco be and he is hereby directed to take all of the necessary steps for holding the above mentioned election, and to give, in the manner provided by law, the required notice of said election; and be it

Further Resolved, That the Board of Supervisors does hereby proclaim that a special election will be held in the City and County of San Francisco, on the said 4th day of April, 1933, for the purpose of the approval or disapproval by the electors of said City and County of the above amendments to the Charter thereof.

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Havenner, Hayden, Miles, Peyser, Power, Roncovieri, Stanton—11.

Absent—Supervisors Gallagher, McSheehy, Shannon, Spaulding—4.

Authorizing Delegates to Attend Meeting of Advisory Council of Tax Research Bureau at Sacramento, Friday, February 24, 1933.

(Code No. 9.051)

Supervisor Hayden presented:

Bill No. 253, Ordinance No. 9.05141, as follows:

Authorizing officials of the City and County of San Francisco to attend a meeting of the Advisory Council of the Tax Research Bureau in Assembly Chamber, State Capitol, Sacramento, Friday, February 24, 1933, at 2 p. m., and providing for their expenses.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That officials of the City and County of San Francisco, appointed by the President of the Board of Supervisors, be and they are hereby authorized to represent the City and County of San Francisco at a meeting of the Advisory Council of the Tax Research Bureau in Sacramento, Friday, February 24, 1933, at 2 p. m.

Section 2. That the expense of said officials in attending said meeting shall not exceed in amount the sum of $100, and shall be subject to the provisions of Ordinance No. 9.0561, approved February 16, 1932.

Passed for second reading by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Havenner, Hayden, Miles, Peyser, Power, Roncovieri, Stanton—11.

Absent—Supervisors Gallagher, McSheehy, Shannon, Spaulding—4.

Repeal of Law Permitting Deficiency Judgments.

(Code No. 5.3)

Supervisor Shannon presented:

Resolution No. 635, as follows:

Whereas, since the fall of 1929 the United States of America has been beset with an economic depression of world-wide scope; and

Whereas, during the period from the fall of 1929 to the present date there has been a consistent declining tendency in the price trend of retail and wholesale commodities; and

Whereas, for a number of years prior to the fall of 1929 real estate showed a tendency to increase in value, but since said time the value of real estate has rapidly declined so that in many instances notes secured by mortgages and deeds of trust are in existence almost to the full present value of the real estate; and

Whereas, many foreclosures of mortgages and deeds of trust have occurred within the past three years, and from present indications will continue in the future, notwithstanding that we are now emerging from the bottom of the depression, and will probably continue to do so, on account of the ambition, faith, hope and fortitude of the American people; and

Whereas, in many instances there has been a deficiency between the purchase price of real estate bought at foreclosure sales and the amount of notes secured by mortgages and deeds of trust; and

Whereas, many court actions have been filed for the purpose of obtaining deficiency judgments against owners of real estate, when the notes secured by mortgages and deeds of trust have been foreclosed without obtaining sufficient funds to pay said notes in full; and

Whereas, when said notes, mortgages and deeds of trust were executed, the mortgagees and beneficiaries thereof did not, in most cases, contemplate any benefits as a result of the deficiency judgment laws of the State of California, and are now benefiting from their right to obtain deficiency judgments solely because of said laws; and

Whereas, the right to obtain a deficiency judgment under such conditions under the laws of the State of California has a tendency to pauperize, make insolvent and bankrupt unfortunate investors and owners in real estate, thus having a tendency to prolong our present economic depression and cause much suffering; now, therefore, be it

Resolved, That this Board of Supervisors hereby goes on record as requesting the Legislature of the State of California to enact such laws as may be necessary and advisable in order to effect a repeal of the laws of the State of California permitting deficiency judgments.

Referred to Welfare and Judiciary Committees.

Charter Amendment Notice.

The following notice was *ordered published*:

Notice is hereby given by the Board of Supervisors of the City and County of San Francisco that amendments to the Charter of the City and County have been by said Board of Supervisors submitted to the electors of the City and County of San Francisco for approval or disapproval at a special election to be held on the 4th day of April, 1933, and that copies of said Amendments in convenient pamphlet form may be obtained on application therefor at the office of the Clerk of the Board of Supervisors in the City Hall in the City and County of San Francisco.

The proposed Amendments are:

Amendment No. 1. To add a new section to the Charter to be known as Section No. 70.1, providing for deductions from the salaries of officers and employees of the City and County during extraordinary economic conditions, and authorizing the reducing of budget appropriations otherwise provided by Charter to be made to the various officers and departments of the City and County.

Amendment No. 2. Amending Section 169 of the Charter providing for retirement allowance of certain employees of the Fire Department; and providing for contributions by said employees to the San Francisco City and County Employees' Retirement System.

Amendment No. 3. Amending Section 37 of the Charter providing for the positions of Fire Marshal and Chief Deputy Fire Marshal, and describing the duties of said positions.

Amendment No. 4. Amending Section 169 of the Charter by adding a new subdivision thereto to be designated "sub g," thereof, giving to pilots and marine engineers who were employed on the fire boats in the San Francisco Fire Department on January 8, 1933, the same retirement rights as are given to the other members of said department by Section 169 of the Charter.

Federal Aid for Unemployment Relief.

Supervisor Peyser moved that the City Attorney be instructed to prepare such documents as may be necessary to set under way legislation for necessary measures to obtain from the Federal Government funds for unemployment relief.

ADJOURNMENT.

There being no further business, the Board at 4 p. m. adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors, February 27, 1933.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing are true and correct copies of the Journal of Proceedings of said Board of the dates thereon stated and approved as recited.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, FEBRUARY 20, 1933, 2 P. M.

In Board of Supervisors, San Francisco, Monday, February 20, 1933, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Breyer, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—14.

Absent—Supervisor Brown—1.

Supervisor Brown appeared and was noted present at 2:50 p. m.

Quorum present.

His Honor President Hayden presiding.

APPROVAL OF JOURNAL.

The Journal of Proceedings of the meetings of February 14 and 15, 1933, was considered read and approved.

Report on Unemployment Relief.

The following was read by the Clerk:

February 10, 1933.

Board of Supervisors, Room 235, City Hall, San Francisco, Calif.

Gentlemen: Under date of February 7, 1933, Mr. J. S. Dunnigan, Clerk of the Board of Supervisors, wrote to the Citizens' Relief Committee, referring to that committee certain communications and complaints of the Charity Workers' Protective Union.

The Citizens' Relief Committee considered these matters at its meeting held on February 8, 1933, and hereby reports, as requested in the letter of February 7.

The communications acted on are the following:

(a) A demand for investigation and correction of the system now used in connection with the payment of rent for the unemployed.

This matter was referred to the Subcommittee on Family Relief, with directions that it investigate and report to the Citizens' Advisory Committee.

(b) A protest against restrictions upon the use of automobiles by those on relief.

This matter has been under consideration by the Citizens' Advisory Committee for several weeks. On January 18, 1933, the Citizens' Advisory Committee adopted a resolution, declaring the following policy:

"The use of automobiles by those on relief should not be permitted, exception to be made only when the use of an automobile contributes to partial self-support; and that the Subcommittee on Family Relief develop a plan to make this effective on or before February 15th next."

Pursuant to this resolution the Subcommittee on Family Relief made a further study of the question, and at the meeting of the Citizens' Advisory Committee held on February 8th presented its report, recom-

mending the adoption of a plan providing that the use of automobiles by recipients of relief be prohibited except where such use contributes to partial self-support, defining the conditions under which such contributions to partial self-support should be deemed to exist, and requiring applicants for relief to deposit with an "auto bureau" license plates and white certificates of all cars not used for partial self-support. A copy of the report of the Subcommittee on Family Relief is attached hereto.

The foregoing report of the Subcommittee on Family Relief, with respect to the use of automobiles, was approved and adopted by the Citizens' Relief Committee.

In view of the action which has thus been taken, the Citizens' Advisory Committee deems it inadvisable to reconsider the problem, at least until a trial of the proposed procedure shall have demonstrated whether it is workable and proper.

(c) A protest by the Charity Workers' Protective Union against the method now in force of distributing groceries in return for work, and demanding that wages be paid in money for all work done.

The method now followed is that which has been in force for many months. The Citizens' Advisory Committee has no authority, it believes, to employ men to do City work for wages. Its sole authority is to act as an advisory committee in connection with the distribution of necessary relief. The work done in return for this relief is in the nature of a work test." If any change is to be made in the direction of the communication just referred to, such change would not be within the powers of the Citizens' Advisory Committee, but would have to be established by the proper officials of the city government.

(d) Among the communications sent to us are three which were, no doubt, included by inadvertence, as they deal with matters which are not within the jurisdiction of the Citizens' Relief Committee. They cover a protest against the proposed barter system and the support given to it by city officials, a protest against the proposed Charter amendment reducing salaries of city employees, and a protest against an action of the Board of Education with reference to the use of a school auditorium for meetings of the unemployed.

We return herewith the three communications relating to the matters just mentioned.

Respectfully,
CITIZENS' ADVISORY COMMITTEE,
By ARTHUR WARREN, Secretary.

Privilege of the Floor.

On motion of Supervisor Spaulding, the following were granted the privilege of the floor:

B. B. Jones, 574 Third street, representing men in the bread line, protested conditions and food afforded the unemployed as filthy and inadequate, and demanding better treatment.

L. B. Weiss, representing unemployed property owners, urged preference in employments for residents of San Francisco.

Referred to Public Welfare Committee.

SPECIAL ORDER—3 P. M.

Transient Merchants.

(Code No. 3.041)

On recommendation of Supervisors' Committee on Charter Installation.

Bill No. 241, Ordinance No. 3.04118, as follows:

Defining transient merchants and temporary stores, providing for the regulation of transient merchants, providing for issuance of permit for transient merchants, and providing for a fee to be paid therefor, and

for the revocation of said permit, and providing the penalty for the violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The words "transient merchant" for the purpose of this ordinance shall mean and include all persons, both principals and agents, who engage or conduct in one or more locations or in no specified location within the City and County of San Francisco, a temporary store or temporary or transient business of selling goods, wares or merchandise with the intention of continuing in said business in said City and County for a period of less than one hundred twenty (120) days. A merchant who operates a main or branch temporary store shall be a transient merchant as to said temporary store notwithstanding the fact that said merchant may operate other stores which are not temporary.

Section 2. As used in this ordinance, the words "temporary store" shall mean a store, store room, office, room, doorway space, vacant lot or other place, opened and/or maintained for the exhibition and present or future sale to the public, of goods, wares or merchandise, where the seller or owner of such goods, wares or merchandise intends to operate such store, store room, office, room or other place, for a period of less than one hundred twenty (120) days.

Section 3. The provisions of this ordinance shall not apply to sales made to dealers by commercial travelers or selling agents in the usual course of business, for resale, nor to any sales of goods, wares or merchandise at and during the continuance of any annual fair, nor to any sales by societies acting for charity, religious or public purposes, nor to wholesale peddlers of vegetables and other food products who hold permits under Ordinance No. 3.04112 of the City and County of San Francisco, nor to auctioneers who are conducting auctions in accordance with the provisions of Ordinance No. 6803 (New Series) as amended, nor to operators of amusement parks licensed as such by said City and County, nor to peddlers licensed as such by said City and County, nor to sales of goods, wares and merchandise conducted at any public museum or art gallery owned by said City and County.

Section 4. The word "person" as used in this ordinance shall be construed to mean any individual, association, partnership, or corporation, or the operator for or the agent of any such person, who sells to the public at retail as a transient merchant any goods, wares or merchandise, except as herein provided.

Section 5. Every transient merchant desiring to do business in the City and County of San Francisco shall make an application in writing to the Chief of Police of said City and County for a permit to operate as a transient merchant, which application shall be filed with said Chief of Police at least ten (10) days before such applicant shall be authorized to begin such business. The application shall contain a statement under oath, setting forth such information as the Chief of Police shall prescribe.

Section 6. Upon the granting of said permit the Chief of Police shall forward said permit to the Tax Collector, who shall issue said permit upon filing of the bond referred to in Section 7 and payment of the following fees: One hundred ($100) dollars per week or fraction thereof for the first two weeks and seventy ($70) dollars per week or fraction thereof for every week thereafter, plus in all cases two ($2) dollars for each one hundred ($100) dollars of retail inventory value of goods, wares or merchandise to be sold or exhibited for sale. Said values shall be stated in a sworn inventory filed with said Tax Collector at the time of the payment of said fee. The full amount of said fee shall be paid for each temporary store, whether a main store or a branch store. If for any reason the value of goods, wares or merchandise actually sold or exhibited for sale by said transient merchant shall exceed the value on which a fee has been based, said transient merchant shall pay without further demand a proportionate additional fee.

Section 7. The bond referred to in Section 6 shall be executed by the applicant, as principal, and a surety company, qualified and authorized to do business in the State of California, as surety, in the sum of five hundred ($500) dollars. It shall be conditioned that the principal will pay to the City and County of San Francisco all amounts which may become due under the terms of this ordinance, shall fully comply with the provisions of this ordinance and all other applicable ordinances of the City and County of San Francisco, and the rules and regulations of any department thereof, and with all statutes of the State of California, relative to the conduct of the business in which said principal may be engaged, and that he shall pay all judgments recovered or rendered against him for any violation of said ordinances, statutes, rules or regulations, and further conditioned that said principal shall pay any and all judgments which may be recovered by any person, firm, association or corporation for injuries to person, loss or damage to property resulting from the negligent operation of said business by said principal, as well as all damages sustained by any person, firm, association or corporation by reason of any misrepresentation or deception practiced by said principal or his agents or employees on any such person, firm, association or corporation transacting business with such transient merchant.

Section 8. Any person desiring to continue said business of transient merchant for a period longer than that stated in said application and permit, or desiring to renew said permit issued pursuant to the provisions of this ordinance, shall make application to the Chief of Police of the City and County of San Francisco for the renewal thereof. In the event of the renewal of said permit, said transient merchant shall pay the license fee herein provided in the same manner as he paid the license fee under his original license, and the liability insurance policy or bond herein referred to shall remain in full force and effect.

Section 9. Permits issued under the provisions of this ordinance may be revoked for cause by the Chief of Police. Applicants or permittees may appeal to the Board of Permit Appeals any denial or revocation of permit hereunder.

Section 10. Any person whom said Chief of Police believes to be a transient merchant, but who declares himself not to be a transient merchant, upon filing such declaration in writing, and under oath as said Chief of Police shall direct, may, in the discretion of said Chief of Police, and in lieu of the payment of any fee or posting of any other bond, and as a condition of transacting business as a vendor of merchandise without the payment of any such fee, be required to file with said Chief of Police a liability insurance policy or bond, executed by the declarant as principal and a surety company, qualified and authorized to do business in the State of California, as surety, in the sum of one thousand five hundred ($1,500) dollars upon the same conditions as those set forth in Section 7 of this ordinance and further conditioned to secure the payment of the fee required in the event that he proves to be a transient merchant, provided that if such person remains in business in the same place in said City and County of San Francisco for a period of one hundred twenty (120) days he shall be considered and deemed not to be a transient merchant.

Section 11. Actual operation of a business or store for less than one hundred twenty (120) days shall be prima facie evidence that said store or business was opened with the intention of operating less than one hundred twenty (120) days.

Section 12. Any person who causes to be advertised in any manner a sale of goods as herein contemplated without complying with the provisions of this ordinance, or any person who violates any of the provisions of this ordinance, shall be deemed guilty of a misdemeanor and shall be punishable by a fine not to exceed five hundred ($500) dollars or by imprisonment for a period not to exceed six (6) months, or both such fine and imprisonment. Each day or fraction thereof any person, firm, association or corporation shall be engaged in such busi-

ness without a permit shall be considered as separate and distinct offense.

Section 13. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this act, and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Section 14. Section 51 of Ordinance No. 5132 (New Series) of the City and County of San Francisco, and all ordinances or parts of ordinances, in so far as they conflict with this ordinance, are hereby repealed to the extent of such conflict.

EXPLANATION.

Section 1. "Transient merchant" is one who conducts a temporary store for less than 120 days.

Section 2. "Temporary store." Any place where goods are sold for less than 120 days.

Section 3. Exemptions:

Commercial travelers.

SPECIAL ORDER—3 P. M.

Endorsing the Establishment of an Air Terminal, Yerba Buena Island Shoal, and Requesting the State to Deed Said Land to the City and County.

(Code No. 15.05)

The following recommendation of the Judiciary Committee was taken up:

Resolution No. 520, as follows:

Whereas, San Francisco, by virtue of its geographical location, as well as its importance as an industrial and business center, is the logical air transportation center of the Pacific Coast; and

Whereas, commercial aviation, by its rapid advancement in recent years, has now become an indispensable part of our transportation and communication system; and

Whereas, the San Francisco Bay region is now served by four major air transportation companies with transport arrivals and departures approximating 3000, and carrying approximately 10,000 passengers, 70,000 pounds of mail and 24,000 pounds of freight and express each month; and

Whereas, these services, greatly increased as they will be in years to come, to give their maximum benefits to San Francisco, will require one centrally located and quickly and easily accessible terminal for the entire San Francisco metropolitan area, to supplement the splendid independent airports which are now located in the various bay cities; and

Whereas, there lies within the city limits of San Francisco a tract of land which is ideal for this purpose, located on Yerba Buena Island shoal, approximately midway between San Francisco and Alameda counties, and which could be reclaimed at a cost much less than the cost of any other suitable metropolitan air terminal site; and

Whereas, the construction of the sixty million dollar San Francisco-Oakland transbay bridge will soon bring this site within fifteen minutes' average travel time of the business centers of San Francisco and Oakland, thus providing the San Francisco area with potential air terminal facilities unequalled in the world for combined accessibility, size, favorable topographical and meteorological conditions, minimum flying hazards, convenience for both land and sea planes, and general serviceability; and

Whereas, this land now belongs to the State of California, and could be transferred, for the development of such a terminal, to the City and County of San Francisco at no cost to this City, and its ownership could be held by the City and County without expense until construction of the terminal is required in the future; now, therefore, be it

Resolved, That this Board of Supervisors unanimously endorses the proposal that a "Golden Gate Air Terminal" be established on Yerba Buena Island shoal at such time as air traffic requires it, and that the City proceed immediately to take all possible steps to obtain title to this land from the State of California at the coming session of the State Legislature, convening January 2, 1933.

Communications.

The following communications were presented by Supervisor Spaulding and read to the Board:

Communication from G. W. Laws, Rear Admiral, U. S. Navy, Commandant, Twelfth Naval District, in response to request for an expert opinion as to the advisability of establishing an airport terminal at Yerba Buena Shoal.

Also, communication for Halsey E. Manwaring, manager, Palace Hotel, in reply to query as to desirability of proposed air terminal at Yerba Buena Island Shoal, declaring that inasmuch as the City is obligated for a number of years to come to pay $100,000 a year for the present airport at Mills Field that the City should concentrate all

of its efforts in making that a success, as the water conditions are much better than at the proposed site.

Communication from the North Central Improvement Association protesting against proposed legislation requesting the State of California to set aside certain tide lands on Yerba Buena Island Shoals for the purposes of air terminal.

Also, communication from E. S. Hartshorn, Colonel, General Staff, Chief of Staff, Headquarters Ninth Corps Area, Office of the Commanding General, Presidio of San Francisco, in reply to a request for an opinion as to the feasibility of constructing an air terminal on north shore of Yerba Buena Island, and stating that except for a strip of 300 yards wide adjacent to the north shore of this island, all of this shoal is navigable water and, therefore, comes under the jurisdiction of the Engineer Department, Lieutenant Colonel H. A. Finch, Corps of Engineers, District Engineer, whose office is in the Custom House, and except for a very small part of the northeastern tip, Yerba Buena Island is under the jurisdiction of the United States Navy, and declaring in view of these facts and of the further fact that the United States Department of Commerce maintains an agency for the fostering of civilian aviation, from which technical opinions can be obtained on all such matters, it is not believed to be appropriate for this headquarters to render a technical opinion on this subject.

Communication from M. H. Gates, secretary, Board of State Harbor Commissioners, declaring said board had no occasion to make any study of aviation conditions around San Francisco Bay, and therefore is unable to offer an opinion that would be of value.

Privilege of the Floor.

Captain Flynn, former Superintendent of Mills Field, opposed proposed air terminal at Yerba Buena Island.

Jos. Phillips, Director of Property, said he had an estimate of $9,000,069 for filling and leveling the proposed Yerba Buena Island site.

Mr. McMillan, representing himself and Central Mission Improvement Club, in opposing the proposed air terminal, declared that San Francisco had already exceeded by 3.65 per cent the bond limit permitted under the Charter and that the City's credit was damaged by the fact to such an extent that the Postal Saving Bank has refused to accept San Francisco bonds as collateral for loans.

D. Mathewson, Treasurer, and Harry Ross, representing the Treasurer, were sent for and explained that Mr. McMillan's statement was erroneous; that he had not allowed for exemptions of bonds of self-sustained utilities, and that instead of exceeding the bonded limit San Francisco still had a margin of some $67,000,000.

Motion.

Whereupon, Supervisor Havenner stated that: "I desire, for the purpose of the record, to answer and characterize as false the statement just made by the gentleman (Mr. McMillan) that the bonded indebtedness of San Francisco exceeded the limit and move that my statement be published in the record."

So ordered.

Mr. Eckhoff, representing the Junior Chamber of Commerce, was then heard in favor of the proposed legislation.

Motion.

Supervisor Spaulding moved as an amendment that the word "air" be stricken out of the resolution and that the proposed site be approved for general terminal purposes.

Amendment lost by the following vote:

Cancellation of Treasurer's Surety Bond, in Sum of $250,000, Covering Moneys Deposited in New York City, and Dated December 31, 1931. Subsequent Surety Bond in Sum of $400,000, Dated December 31, 1932, Executed for Same Purpose.

(Code No. 4.04)

Also, Resolution No. 638, as follows:

Whereas, the National City Bank of New York, as principal, and the Fidelity and Deposit Company of Maryland, as surety, under date of December 31, 1931, executed a depositary bond to the Treasurer of the City and County of San Francisco, in the sum of $250,000, covering moneys deposited by said Treasurer in New York City, and did subsequently serve notice to the said Treasurer of the cancellation of said bond; and

Whereas, at the request of said Treasurer and said bank the said surety did, on December 31, 1932, execute and deliver to the said Treasurer another depositary bond, in the sum of $400,000, in lieu of and for the purpose of replacing the former bond in the sum of $250,000, said bond being executed in pursuance of Ordinance No. 9102 (New Series) of said City and County;

Now, therefore, in order that no question may exist as to the cancellation of said bond dated December 31, 1931, and of the fact that the bond for the sum of $400,000 is in place and in lieu of the former

bond, it is hereby resolved that all liability on the said bond dated December 31, 1931, arising after the date of the succeeding bond dated December 31, 1932, is hereby cancelled, and the subsequent bond dated December 31, 1932, is hereby accepted in lieu of the preceding bond.

The following recommendation of Judiciary and Finance Committees was on motion of Supervisor Peyser made a *Special Order of Business for 2:15 p. m. next Monday*:

Representatives of Board in Sacramento to Prepare Legislation Looking Toward Payment of Quarterly Installments of Taxes Instead of Semi-Annually, as Heretofore.

(Code No. ——)

Resolution No. 603, as follows:

Whereas, the present method of payment of taxes, requiring the annual levy to be paid in two installments, with the attendant penalties for failure to pay said taxes at the appointed time, has become a serious burden to the taxpayers of the City and County of San Francisco, particularly at this time of unemployment and stress; and

Whereas, the payment of taxes in quarterly installments would materially aid the taxpayer in meeting his obligations; now, therefore, be it

Resolved, That the Board of Supervisors does hereby instruct its representatives in the State Legislature, this session, to prepare and present legislation amending the present laws requiring the payment of taxes in semi-annual installments, so that taxpayers might be permitted to pay their taxes in quarterly installments.

Indefinite Postponement.

The following recommendation of Public Health Committee was on motion of Supervisor Spaulding *indefinitely postponed*:

Swill Ordinance.

(Code No. 3.041)

Bill No. 208, Ordinance No. 3.04116, as follows:

Providing for the issuance of permits by the Director of Health and imposing a fee upon persons, firms or corporations collecting swill in the City and County of San Francisco; providing penalties for the violation thereof, and repealing all ordinances or parts of ordinances in conflict therewith.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The term swill, when used hereinafter, shall be applied to and be construed to mean waste food products from hotels, restaurants, hospitals and institutions or food dealers, which waste is kept separate from non-food waste.

Section 2. Every person, firm or corporation engaged in the business of collecting swill or hauling swill through any street or public place in the City and County of San Francisco shall obtain a permit from the Director of Health to so do, and no person, firm or corporation shall engage in the business of collecting swill in the City and County of San Francisco, or haul the same through any street or public place therein without first having obtained such permit.

Section 3. The Director of Health of the City and County of San Francisco shall have power to establish rules and regulations governing the collection and disposal of swill in accordance with the United States or State laws or ordinances of the City and County of San Francisco. The permit granted to any person, firm or corporation to collect or haul swill pursuant to this ordinance may be revoked for the violation of any rule or regulation so established by the Director of Health.

Section 4. The Director of Health shall not grant or refuse to grant, or revoke any permit under this ordinance except after a full hearing, publicly had on the matter of granting, refusing to grant or revoking such permit, at which the applicant or permittee may appear in person or by counsel, and all competent evidence offered in support of the application to grant or revoke said permit shall be heard by said Director of Health. In the granting or refusing to grant, revoking or refusing to revoke any permit hereunder the Director of Health shall exercise a sound discretion as to what shall be for the best interests of the City and County of San Francisco.

Section 5. Permits issued by the Director of Health as provided herein shall be forwarded to the Tax Collector and issued to permittees upon the payment of a $25 fee to cover the cost of inspection and regulation as provided for by the Director of Health.

Section 6. Permits issued hereunder shall be for a period of one year and shall be renewed by the Tax Collector upon the payment of the fee provided for herein unless said permit shall have been revoked by the Director of Health.

Section 7. If any section, sentence, clause or phrase of this ordinance is for any reason held to be inconsistent or invalid, such decision shall not affect the validity of the remaining portion of this ordinance. The Board of Supervisors of the said City and County hereby declare that it would have passed this ordinance and each section, sentence, clause or phrase, irrespective of the fact that any one or more of said sections, sentences, clauses or phrases be declared inconsistent or invalid. Any person, firm or corporation violating any provision of this ordinance shall be guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not more than $500 or by imprisonment in the County Jail for not more than six months, or by both such fine and imprisonment.

Action Deferred.

The following matter was *laid over one week and made a Special Order of Business for* 2:30 *p. m.*, copies to be furnished members:

Milk Ordinance.

(Code No. 17.05)

Bill No. 251, Ordinance No. 17.051, as follows:

Regulating all traffic in milk, cream and milk food products, the production, handling, processing, distribution, labeling, sale and offering for sale in the City and County of San Francisco of milk, cream and milk food products; providing for the issuance and revocation of permits therefor; fixing standards and definitions for milk, cream and milk food products; providing for inspection of all premises used in the production, handling, distributing, processing, sale or offering for sale of milk, cream and milk food products in said City and County; enforcing the tuberculin testing of all dairy cattle producing milk for consumption in said City and County; providing for the examination of all employees engaged in the production and processing of milk, cream and milk food products; authorizing the Director of Public Health of the City and County of San Francisco to enforce the provisions of this ordinance, and providing penalties for the violation thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Director of Public Health of the City and County of San Francisco is hereby authorized to regulate and control the production of and the traffic in milk, cream and milk food products in the said City and County, and of all milk and cream produced in other counties for consumption in the City and County of San Francisco; to provide for the inspection of milk, cream and milk food products in said City and County and to enforce the provisions of this ordinance.

Section 2. Wherever in the ordinance the following words, terms or names are used, they shall be construed as follows:

Subdivision 1. Pasteurizing Plant: Any place or establishment devoted to the processing, handling, distributing and sale of milk, cream and milk food products as such products are set forth and defined herein is deemed to be a pasteurizing plant within the meaning of this ordinance.

Subdivision 2. Dairy Farm: Any place or premises upon which milk is produced for sale or distribution is a dairy farm within the meaning of this ordinance.

Subdivision 3. The word "person" as used in this ordinance shall be construed to mean both the singular and plural, as the case demands, and shall include individuals, corporations, companies, societies and associations. When construing and enforcing the provisions of this ordinance, the act, omission or failure of any employee, officer, agent or other person acting for or employed by any individual, corporation, company, society or association, within the scope of his employment or office, shall in every case also be deemed to be an act, omission or failure of such individual, corporation, company, society or association, as well as that of the person. The provisions of this ordinance shall be construed to apply to hotel keepers, restaurant keepers and boarding house keepers and any person who shall serve meals to the public.

Subdivision 4. Score Card: The official score card for pasteurizing plants and dairy farms shall be the score card adopted by the Director of Public Health and the minimum standard of rating shall be in accordance with said score card.

Subdivision 5. Market milk or cream, wherever such terms are used in this ordinance, shall be construed to mean milk or cream in their

natural fluid state, as prepared for human consumption, without being converted into any other form or product.

Subdivision 6. Milk is the fresh, clean, lacteal secretion obtained by the complete milking of one or more healthy cows properly fed and kept, excluding that obtained within 18 days before and 8 days after parturition, free from foreign substances detrimental to its quality or to the quality of the products prepared therefrom, and contains not less than three and four-tenths (3.4) per cent of milk fat and not less than eight and five-tenths (8.5) per cent of solids not fat. Nothing stated in this subdivision shall be construed as prohibiting the standardization of milk at a uniform fat content of not less than three and four-tenths (3.4) per cent of milk fat. In the standardization of Grade A pasteurized milk, the milk and cream used for the enrichment of said milk shall be of the same grade.

Subdivision 7. Cream: Cream is that portion of milk rich in milk fat, which rises to the surface of milk on standing, or is separated from it by centrifugal force, is fresh and clean, and contains not less than eighteen (18) per cent of milk fat and not more than eight (8) per cent of milk solids not fat in cream containing eighteen (18) per cent of milk fat and correspondingly less solids for greater percentages of milk fat. Cream shall have been produced from nonreacting tuberculin tested cows, shall be pasteurized and shall otherwise conform to the rules and regulations adopted by the Director of Public Health of the City and County of San Francisco. Cream for manufacturing purposes may be repasteurized not exceeding once.

Sour market cream is clean market cream which has been fermented by the action of one or more strains of lactic acid bacteria, such that the product contains a distinct acidity, but which otherwise conforms to all the requirements for market cream. This product may be sold under the designation "sour market cream."

Subdivision 8. Ice Cream: Ice cream is a frozen product made with pure, sweet milk, cream, skim milk, condensed milk, condensed skim milk, dried milk, dried skim milk, wholesome sweet butter made from sweet cream, pure milk fat, or any combination of any such products, with or without sweetening, and with or without the use of harmless flavoring and coloring, and containing not less than ten (10) per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Fruit Ice Cream: Fruit ice cream is ice cream which contains not less than eight per cent of milk fat and not less than three per cent by weight of clean, mature, sound fruit or the juice thereof, with or without the use of harmless flavoring and coloring and containing not more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Nut Ice Cream: Nut ice cream is ice cream which contains not less than eight per cent of milk fat and not less than one per cent by weight of sound, non-rancid nut meats, with or without the use of harmless flavoring and coloring and containing not more than six-tenths of one per cent of pure, harmless, edible vegetable gum or gelatin.

When sold by manufacturer, distributor or retailer, ice cream shall not contain non-pathogenic bacteria in excess of fifty thousand (50,000) per gram.

Subdivision 9. Ice Milk: Ice milk is a frozen product made with pure sweet milk, evaporated or condensed milk, evaporated or condensed skim milk, dry milk, dry skim milk, pure milk fat or wholesome sweet butter made from sweet cream, or any combination of such products, with or without sweetening, clean, wholesome eggs or egg products, and with or without the use of harmless flavoring and coloring. Ice milk shall contain not less than four per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin. Ice milk when sold by the manufacturer shall contain not more than 50,000 non-pathogenic bacteria per gram.

All containers of ice cream shall be conspicuously labeled and ve-

hicles conveying ice milk and places where ice milk is sold shall display a conspicuous sign containing the words "Ice Milk Sold Here" in letters not less than six inches high, and no person shall use the name "Ice Cream" in connection therewith either orally or written.

Subdivision 10. French ice cream, French custard ice cream, cooked ice cream, ice custards, parfaits and all similar frozen products are varieties of ice cream which shall contain not less than ten per cent of milk fat and not less than five dozen of clean, wholesome egg yolks, or one and five-tenths pounds of wholesome, dry egg yolk containing not to exceed seven per cent of moisture, or three pounds of wholesome frozen egg yolk containing not to exceed fifty-five per cent of moisture, or the equivalent of egg yolk in other form, for each ninety pounds of ice cream mix, and which shall otherwise conform to the regulations promulgated by the Director of Public Health.

French ice cream or custard ice cream shall not contain at the time of delivery to ultimate consumer more than 50,000 non-pathogenic bacteria per gram.

Subdivision 11. Goat's Milk: Goat's milk is the unadulterated fresh, clean, lacteal secretion, free from colostrum, obtained by the complete milking of one or more healthy goats, properly fed and housed, free from tuberculosis and contagious abortion as determined by a veterinarian in the employ of the Department of Public Health or approved by the State Department of Agriculture. The rules and regulations governing the production, distribution, sale, handling and processing of goat's milk shall be the same as those set forth in this ordinance as governing the production, sales, handling, distribution and processing of cow's milk.

Subdivision 12. Buttermilk: Buttermilk is the product that remains when butter is removed from milk or cream in the process of churning and to which milk or cream no preservative or neutralizer has been added. Buttermilk to which water has been added is hereby declared adulterated and shall not be sold for human consumption.

Cultured buttermilk is pasteurized milk or pasteurized skim milk, or a combination thereof, with or without an admixture of buttermilk, which has been treated with special cultures of lactic acid bacteria, so that the product somewhat resembles buttermilk in appearance, composition and flavor. Cultured buttermilk must be so labeled as to distinguish it from natural buttermilk.

Subdivision 13. Unlawful to Sell Skimmed Milk Not Properly Labeled: It shall be unlawful for any person, firm or corporation to sell, exchange or deliver, or to offer for sale, exchange or delivery, or to cause or permit to be sold, exchanged or delivered, or to be offered for sale, exchange or delivery, or to have in possession for sale, exchange or delivery in the City and County of San Francisco any milk from which any part of the cream shall have been removed, or any skimmed milk, unless the same be offered for sale and sold as skimmed milk, or unless there shall be attached to the outside of every vessel, can or package from or in which such skimmed milk is sold or held for exchange or delivery, a tag upon which shall be printed in black letters at least one inch in height the word "skim" or the words "skimmed milk."

Skim milk shall contain less than 3 per cent of milk fat and not less than 8.8 per cent of solids not fat. Skim milk other than that used in manufacturing, shall be pasteurized in accordance with the method set forth in this ordinance. Said pasteurized skim milk shall be labeled accordingly.

Milk or skim milk, properly pasteurized and combined with fruit or fruit juices, chocolate, chocolate syrups or other harmless syrups, with or without the addition of harmless colorings, may be used in the manufacture and sale of soft drinks under a trade name; provided said trade name does not contain the words "milk" or "cream" or any other word resembling milk or cream; and provided further, that said product shall be so colored or contain ingredients that cause it to look unlike milk or cream or any product thereof.

Subdivision 14. Adulterated, Impure, Unhealthy and Unwholesome: The terms adulterated, impure, unhealthy and unwholesome, when applied to milk, as used in this ordinance, mean:

First: Milk containing less than three and four-tenths (3.4) per cent of milk fat and less than eight and five-tenths (8.5) per cent of solids not fat.

Second: Milk drawn from cows within eighteen (18) days before or eight (8) days after parturition.

Third: Milk drawn from cows fed on any unhealthful or unwholesome food.

Fourth: Milk drawn from cows kept in an unhealthy or insanitary condition, or from cows affected with any form of disease, or from cows which are supplied with impure or unwholesome water.

Fifth: Milk from which any part of the cream has been removed.

Sixth: Milk which has been diluted with water or with any other fluid, or to which has been added or into which has been introduced any foreign substance whatever.

Seventh: Milk drawn from cows that are in a state of filth and uncleanliness or by milkers who are themselves in a condition of filth and uncleanliness or otherwise physically unfit.

Eighth: Any milk which is shown by analysis to contain any substance or substances of any character not normal constituents of milk, or to have been deprived either wholly or in part of any constituent naturally or normally contained in milk.

Ninth: Any milk which has been processed in any insanitary pasteurizing plant, or produced on any insanitary dairy farm or factory of dairy products, or other insanitary place, or which has been handled in an insanitary manner, is hereby declared to be impure and unwholesome and must not be sold for human consumption.

Tenth: Milk from cows which have not passed the tuberculin test. Such milk must be kept in a distinctive container plainly marked with the words "Unfit for human consumption."

Section 3. Unfit Milk Defined:

Subdivision 1. All milk, excepting that which is consigned in bulk to the wholesale trade, and certified milk, Grade "A" pasteurized milk, and manufacturing milk, is hereby declared unfit for human consumption, and it shall be unlawful to offer or expose for sale or for exchange any such unfit milk.

Subdivision 2. Milk shall be graded as follows: Certified milk, Grade "A" pasteurized milk, manufacturing milk and milk unfit for consumption.

Subdivision 3. Certified Milk: Certified milk is milk produced and certified to by the Milk Commission of the San Francisco County Medical Society as required by Section 3, Subdivision 9, of this ordinance. It must come from a dairy herd that shall consist solely of cows which have passed the tuberculin test in the manner prescribed by said Milk Commission. It must not contain more than 10,000 nonpathogenic bacteria per milliliter of milk, which standard must be attained solely by measures directed towards cleanliness, proper cooling and prompt delivery. Certified milk must contain not less than three and five-tenths (3.5) per cent of milk fat and a minimum of solids not fat of eight and five-tenths (8.5). Certified milk must be handled and delivered in sealed containers and on ice within thirty hours after its production and in the manner directed by said Milk Commission. The dairy farm milk room, milkers and dairy utensils, etc., must all conform to the requirements of the said Milk Commission.

Subdivision 4. Grade "A" Pasteurized Milk: No person, firm or corporation shall sell or exchange, or offer or expose for sale or exchange, as and for Grade "A" Pasteurized Milk, any milk which does not conform to the rules and regulations and the methods and standards for production, processing and distribution of Grade "A" Pasteurized Milk adopted by the Director of Public Health of the City and County of San Francisco.

Grade "A" Pasteurized Milk shall conform to the following requirements: It shall be the produce of healthy cows as determined by physical examination at least once in two months by a veterinarian under the supervision of the Director of Public Health of the City and County of San Francisco and by the tuberculin test by such veterinarian, or by a veterinarian approved by the State Department of Agriculture, and from dairy farms scoring not less than 75 per cent on the score card approved by the Director of Public Health of the City and County of San Francisco. The tuberculin test must be repeated annually if no reacting animals are found in the herd. If reacting animals are found, they must be removed from the herd immediately and the tuberculin test repeated in six months, provided that in the first test the percentage of reacting animals found is less than 10 per cent of the herd. If the percentage of reactors found is greater than 10 per cent, the tuberculin test must be repeated in ninety days.

All cows are to be fed, watered, housed and milked under conditions approved by the Director of Public Health.

All persons who come in contact with the milk must exercise scrupulous cleanliness and must not harbor the germs of typhoid fever, tuberculosis, diphtheria or other communicable diseases transmissible by milk. Absence of such diseases shall be determined by bacteriologic and physical examination to the satisfaction of the Director of Public Health.

Grade "A" Raw Milk from the dairy farm shall be delivered in sterile containers to the pasteurizing plants located in the City and County of San Francisco, and is to be kept at a temperature of fifty degrees Fahrenheit, or below, until it reaches the pasteurizing plant, when it must not contain more than one hundred and fifty thousand (150,000) non-pathogenic bacteria per milliliter.

Grade "A" Pasteurized Milk must not contain more than fifteen thousand (15,000) non-pathogenic bacteria per milliliter at the time of delivery to the ultimate consumer.

Subdivision 5. Manufacturing Milk: Milk containing more than one million non-pathogenic bacteria per milliliter obtained from dairy cows in no way unfit for the production of milk for use by man as determined by physical examination at least once in six months by a veterinarian in the employ of the Department of Public Health shall be known as manufacturing milk and shall not be sold for human consumption as market milk.

Dairy farms producing manufacturing milk shall be conducted in such a manner as not to endanger the public health. Dairy barns and milk houses on said farms shall be thoroughly cleansed at least once a day. Utensils and equipment shall be efficiently sterilized after each using.

Manufacturing milk may be used wholly or in part in the manufacture of foodstuffs, provided that during the process of manufacture or immediately prior thereto said milk is subjected to a temperature of 145 degrees Fahrenheit for thirty consecutive minutes, and provided further, that for every degree above 145 degrees Fahrenheit the time during which such temperature must be maintained may be decreased by one minute. The time for maintaining such temperature shall in no case be less than five minutes except for milk that is re-pasteurized for manufacturing purposes. Re-pasteurized milk shall not be sold as market milk.

Subdivision 6. Milk not suitable for human consumption may be sold for industrial purposes, provided it is heated to a higher temperature than necessary for pasteurization, and delivered in a distinctive container plainly marked with the words "Not suitable for human consumption" in letters not less than one-quarter inch in length and one-twelfth stroke. Such milk must not be transported on a vehicle carrying milk for human consumption.

Subdivision 7. Milk for pasteurization must be kept at a temperature below fifty (50) degrees Fahrenheit up to the time of delivery to the pasteurization plant and rapidly cooled after pasteurization to

a temperature of fifty (50) degrees Fahrenheit or below, and so maintained to the time of delivery to the ultimate consumer.

Subdivision 8. Method of Pasteurization: Pasteurizing of milk consists of the heating of every portion of the milk to not less than one hundred and forty (140) degrees Fahrenheit nor more than one hundred and forty-five (145) degrees Fahrenheit and maintaining same at that temperature for thirty (30) minutes, and immediately cooling thereafter to a temperature of fifty (50) degrees Fahrenheit.

All milk, except certified, intended for human consumption in San Francisco shall be pasteurized in San Francisco in accordance with the method set forth herein.

Each pasteurizing plant shall be equipped with a sufficient number of self-registering devices to accurately record the temperature to which and the length of time for which the pasteurized product has been heated. Such record shall be kept for two months and be available for inspection by the Director of the State Department of Agriculture or any of his agents.

Subdivision 9. The class or grade of all milk or cream sold, except in bulk to the wholesale trade, and the name and address of the producer or distributor (who shall be responsible for the quality of the contents and correct labeling as required by this ordinance) shall at all times appear plainly and in a conspicuous place, or be securely attached to every bottle, cap, can or container. Milk sold or exchanged, or offered or exposed for sale or exchange, as and for graded milk under the designation, label or other representation of Grade "A" Market Milk Pasteurized shall have the name of the grade and whether raw or pasteurized marked on the container or cap of the container in capital letters not less than one-eighth (⅛) inch high and one-sixteenth (1/16) inch wide; and provided, however, that milk not suitable for human consumption shall be plainly marked "Unfit for human consumption" as provided in Section 3, Subdivisions 5 and 6, of this ordinance.

No distinguishing names, marks or words other than those specified in this ordinance shall appear on any bottle, cap, can or container to signify or describe the quality or in any other way distinguish the milk or cream contained therein from similar products of the same class or grade.

No wording except that necessary to describe the quality or grade of milk or cream shall appear on the cap, bottle, can or other container of milk or cream. No wording shall appear on the cap, can, bottle or other container except that prescribed in this ordinance.

Subdivision 10. All utensils, equipment and apparatus used in the production, handling and processing of milk, cream and milk food products shall be thoroughly cleaned and sterilized each time before using, and shall be so constructed that all parts are free from spaces not easiy cleanable and each surface coming in contact with the milk and cream is smooth and free from rust.

Subdivision 11. No Person Shall Bring Into the City, Sell or Offer for Sale any Impure, Adulterated or Unwholesome Milk: It shall be unlawful for any person, firm or corporation, by themseves or by their agents, servants or employees, to bring, or cause to be brought within, sell, offer for sale, exchange, deliver, distribute or have in his, its or their possession with intent to sell, expose or offer for sale or exchange or to distribute for human consumption, within the City and County of San Francisco, any impure, adulterated, unhealthy or unwholesome milk.

Subdivision 12. Unlawful to Sell Skimmed Milk not Properly Labeled: It shall be unlawful for any person, firm or corporation to sell, exchange or deliver, or to offer for sale, exchange or delivery, or to cause or permit to be sold, exchanged or delivered, or to be offered for sale, exchange or delivery, or to have in possession for sale, exchange or delivery in the City and County of San Francisco, any milk from which any part of the cream shall have been removed, or any

skimmed milk, unless the same be offered for sale and sold as skimmed milk, or unless there shall be attached to the outside of every vessel, can or package from or in which such skimmed milk is sold or held for exchange or delivery, a tag upon which shall be printed in black letters at least one inch in height the word "skim" or the words "skimmed milk."

Subdivision 13. Persons Suffering from Communicable Disease: No person suffering from a communicable disease, or who is a "contact," or who has been recently exposed to any contagious or infectious disease, shall be permitted to milk, handle milk or milk utensils in any processing plant or upon any dairy farm, nor shall any milk be brought into, sold or offered for sale from any dairy farm when a contagious or infectious disease exists on said dairy farm, until such time as said premises have been inspected and declared in writing free of contagion by an employee of the Department of Public Health of the City and County of San Francisco.

Subdivision 14. Methods for Serving Milk: When served in any hotel, boarding house, lunch counter, restaurant or other place of public entertainment, market milk shall be served in the original bottle in sizes ½ pints, pints and quarts only, the cap of which shall not be removed except in the presence of the customer or patron; provided, however, that this provision shall not apply to cream so served.

The bottling of milk is prohibited except in regularly approved and authorized pasteurizing plants.

It shall be unlawful for any person, firm or corporation to sell, exchange, offer or expose for sale or exchange, or have on hand for sale or exchange or serve in any hotel, boarding house, restaurant, saloon, lunch counter or other place of public entertainment any milk or cream to which any gelatin or other substance, except as provided in the general dairy law of California, has been added to increase the consistency of such milk or cream so as to make it appear richer or of better quality; provided, however, that nothing in this ordinance shall be construed as prohibiting the standardization of milk and cream as provided in Section 2, Subdivision 6, of this ordinance.

Subdivision 15. All grocery stores, delicatessens and other retail establishments handling milk for human consumption must have, in addition to all other sanitary appurtenances, an ice chest of sufficient capacity to hold the amount of milk handled in said premises, and said ice chest must be properly drained in accordance with the plumbing ordinances of the City and County, and must at all times have a capacity of ice or refrigeration which will maintain a temperature under 50 degrees Fahrenheit within said chest.

If graded, market cream of any grade shall conform to all the standards set for market milk of the same grade, except that the maximum bacterial count for cream shall be not more than three times as great as that of the corresponding grade of milk.

Section 4:

Subdivision 1. Permits Required by Vendors of Milk: No person, firm or corporation by themselves, or through their agents, servants or employees, shall produce, ship or send into, bring into, or offer for sale, or expose for sale, or sell or deliver for distribution, sale, use or consumption within the City and County of San Francisco, any milk without first having obtained from the Director of Public Health of the City and County of San Francisco a permit so to do. One permit shall be required for each dairy, dairy farm or place of general sale or storage of milk, but no permit shall be granted to anyone where raw milk is received at a central cooling station or plant outside the City and County of San Francisco which handles more than one grade of milk, or where other milk products are made or handled; neither shall any permit be granted to anyone handling milk through a central cooling plant outside the City and County of San Francisco handling raw milk only, scoring at least 75 per cent or better, and otherwise complying with the regulations of this ordinance, to ship raw

milk into the City and County of San Francisco, unless such applicant constructs said cooling plant in accordance with plans and specifications approved by the Director of Public Health of the City and County of San Francisco, and provided further, that all milk received at said cooling plant shall be handled in conformity with the provisions of this ordinance.

Subdivision 2. In order to procure permits required by this ordinance the applicant shall present to said Director of Public Health a written application, and shall state therein the name and business and residence address of the applicant or applicants, the source or sources from which said applicant or applicants obtain or will obtain supplies of milk, the number of cows in the possession of such applicant, the average quantity of milk procured, produced or handled, and the average quantity disposed of by said applicant, and the manner and character of such disposition, and such other matters as may be required by the Director of Public Health, such application to be made to the said Director of Public Health upon printed blanks to be provided by the Director of Public Health for such purpose. Such application shall further state the specific brand or business name, if any, under which such milk is to be imported, sold, exchanged or distributed.

Subdivision 3. If the Director of Public Health, upon such application and such investigation and inspection as he may make, shall determine that the statements therein made are true, and that the applicant does not intend to bring into, sell, expose, or offer for sale, exchange, deliver or distribute, within the City and County of San Francisco, any unwholesome milk as food for any human being, and that the production, transportation, storage and handling of the same is to be under sanitary conditions and in conformity with the regulations adopted as a part of this ordinance, he shall issue the appropriate permit therefor according to the nature of the business to be transacted or conducted by the applicant.

Subdivision 4. No permits shall be sold or assigned or transferred. Permits shall be subject at all times to revocation by said Director of Public Health in his discretion upon sufficient cause therefor shown; provided, however, that no such permit shall be revoked until after a hearing given by the Director of Public Health in the matter of the revocation of such permit after five (5) days' notice in writing has been served on the owner of such permit in the manner prescribed for the service of notice by Section 1011 of the Code of Civil Procedure of the State of California which notice shall state the ground of complaint against such owner and the time and place where such hearing shall take place; provided, however, that when the holder of any permit shall have been convicted in any court of any violation of this ordinance by any law relating to the production, transportation, storage, sale or distribution of milk, such permit may be revoked without notice.

No person, firm or corporation not engaged in the business of preparing and processing raw milk for human consumption at a fixed place of business shall be permitted to engage in the business of selling and distributing market milk.

Subdivision 5. Procedure to Follow for Renewal of a Permit Revoked for Cause: When a permit shall have been revoked by the Director of Public Health, no further permit shall be granted by said Director to the same person, firm or corporation until he, they or it shall file with said Director a bond in the sum of five hundred ($500) dollars with two (2) sureties approved by the Director of Public Health, conditioned for the faithful observance of all the regulations of the law and of said Director of Public Health relating to production, importation, sale, delivery and distribution of milk.

Subdivision 6. As often as required, and at least once each year, every person or persons, firm or corporation maintaining a pasteurizing plant or dairy farm in, or bringing milk into the City and County of

San Francisco and holding a permit so to do, shall furnish the Director of Public Health a full and true statement of the sources and amounts of the supply of the milk imported, sold or distributed by him or them, with the names and addresses of the persons from whom the same is obtained and the amount from each source, and such other information as is required by applicants for permits as hereinbefore provided, and all applications for permits, and all such written statements required as aforesaid, shall be registered by the said Director of Public Health.

Subdivision 7. Official Number of Permits: When a permit is granted, the Director of Public Health will give the holder thereof an official number, and this number shall be used to mark the products of the pasteurizing plant or dairy farm as hereinafter prescribed.

Subdivision 8. More than One Dairy or Dairy Farm Under the Same Ownership or Control: Two or more pasteurizing plants or dairy farms under the same ownership or control may use the same permit numbers, provided a serial letter is added in each case to designate the pasteurizing plant or dairy farm, and to enable its products to be identified.

Subdivision 9. Names on Wagons: All automobiles, motor trucks or other vehicles from which market milk, cream, butter, ice cream, buttermilk or ice milk are sold, marketed, delivered, or peddled, shall have the name and address of the owner and permit number plainly painted thereon in letters at least three inches high, and one and a half inches wide, on both sides of such vehicles, or if such milk is sold or exposed or offered for sale, delivery, distribution, or exchanged within a store or house, then such permit number shall also be constantly exposed in some conspicuous manner at the place wherever such milk is sold, or kept, so as to be plainly apparent.

Subdivision 10. Rule Governing Renewal of Permit: Any applicant receiving and holding a permit such as is herein set forth, shall make application for the renewal of the same between January 1st and January 15th of each year, and said permit shall be renewed, provided the applicant complies and conforms to all of the provisions as set forth in this ordinance.

Section 5. In order to carry out the purposes and provisions of this ordinance, the said Director of Public Health and all his officers, agents and employees shall have the right at any time and at all times to enter upon or into the premises of any producer or vendor or distributor of milk authorized under the provisions of this ordinance, and any refusal upon the part of such producer, vendor or distributor to allow such entry and such inspection as may be required and directed by the said Director of Public Health may be punished by the revocation of the permit of such producer, distributor or vendor by the said Director of Public Health.

Section 6. The Director of Public Health and all his officers, agents and employees shall have the right and it shall be their duty to enter and have full access, egress and ingress to all places where milk is stored or kept for sale, and to all automobiles, motor trucks or other vehicles, railroad cars, steamboats, or conveyances of every kind used for the conveyance or transportation or delivery of milk for the purpose of consumption in the City and County of San Francisco.

Section 7. It shall be the duty of the said Director of Public Health to cause the dairy farms and other establishments from which milk brought into the City and County of San Francisco is obtained, to be inspected from time to time to satisfy said Director of Public Health that the provisions and requirements of this ordinance and all orders issued by said Director are constantly complied with.

Section 8. It shall be unlawful for any person, or persons, firm or corporation to obstruct or interfere with the said Director of Public Health or any officer, agent or employee of said Director of Public Health in the performance of any of the duties required by this ordinance.

Section 9. It shall be the duty of the owner, agent or manager of any pasteurizing plant or dairy farm from which milk is brought into this City and County to forthwith report to the Director of Public Health of said City and County, in writing, anything of which he has knowledge or notice tending to render milk obtained from such pasteurizing plant or dairy farm unwholesome, impure or unhealthy.

Section 10. The Director of Public Health and all his officers, agents and employees shall have the right at any time to take samples of milk and cream from any person selling, exposing for sale, offering for sale, exchanging, delivering, or distributing in the City and County of San Francisco, or shipping into said City and County, milk or cream, provided that such samples shall not exceed in quantity one quart of milk and one quart of cream at any one time. Such samples shall be taken and sealed in full view of and in the presence of any person in charge of such milk or cream, and to said person shall be given at such time one-half of said sample or samples hermetically sealed by said Director of Public Health, or his officers, agents or employees. The other half of said sample shall be likewise hermetically sealed and delivered to said Director of Public Health by the officer, agent or employee of said Director of Public Health taking such sample. It shall be the duty of said officer, agent or employee, at the time said sample is taken, to attach to the bottle or container containing each half of said sample, a statement showing the number of the permit issued by said Director of Public Health displayed upon the tanks, or cans, or bottles, or wagons, from which such milk or cream was taken, and the date of the obtainment of the sample, and the name of the person by whom it was taken, and a memorandum thereof shall be made by the person obtaining such sample in a book kept for that purpose in the office of the Department of Public Health.

Milk Coming From Outside the City and County to Be Exposed for Inspection.

Section 11. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft to have the same tendered and exposed for inspection by the said Director of Public Health, his officers, agents or employees, according to the requirements of said Director of Public Health; provided that said milk shall not be detained for inspection for a longer period than one hour. It shall be the duty of the owner or consignee of milk brought into the City and County of San Francisco by land and over any road or railroad leading into the peninsula of San Francisco, to cause the same to be tendered and exposed for inspection according to the requirements of said Director of Public Health, provided that said milk shall not be detained for inspection a longer period than one hour.

Milk Coming From Outside of the City and County to Be Plainly Marked With the Shipper's Name, Address, Permit Number and Number of Tanks or Cans Contained in the Shipment.

Section 12. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft, railroad, or by land over any road, to attach to one tank or can of each shipment a tag setting forth the following facts in a clear and legible manner:

Name of shipper.....
Address.....Permit No.....
Number tanks.....Milk.....Cream.....

Milk to Be Tightly Covered.

Section 13. It shall be unlawful to sell, offer for sale, expose for sale or ship into the City and County of San Francisco, for human consumption, any milk or cream in any tank or container, holding more than three gallons, which is not provided with a proper and tight-fitting mushroom cover.

Sale of Milk and Cream in Quantities of One Quart or Less.

Section 14. It shall be unlawful for any person, firm or corporation to distribute, sell, offer for sale, or keep with the intention of selling, any milk or cream in quantities of one (1) quart or less, in stores or any other place (except where the milk or cream is consumed upon the premises), unless the milk or cream is contained in tightly closed sterile bottles or receptacles of a similar character.

Milk and Cream Bottles to Be Capped and Marked.

Section 15. All bottles or receptacles of a similar character in which milk and cream are distributed or sold must have stamped or printed on the cap or covers, in a conspicuous and legible manner, the name, address and permit number of the person, firm or corporation bottling said milk or cream, and the specific kind of milk or cream contained therein.

Names of Brands on Bottles and Caps or Covers Must Not Differ.

Section 16. It shall be unlawful to distribute, sell, offer for sale, or expose for sale, any milk or cream in any bottle or receptacle bearing in any manner thereon the name or names of any person, firm or corporation other than or different from the name or names printed or inscribed upon said cover or can of such bottle or receptacle.

Transfer of Milk on Street.

Section 17. No person shall transfer any milk from one can, bottle or receptacle on any street, alley or thoroughfare, or upon a delivery wagon, or other vehicle, or in any place in the City and County of San Francisco, except in a dairy or dairy farm the sanitary condition of which has been approved by the Director of Public Health.

Penalty for Violation of Provisions of This Ordinance.

Section 18. Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than twenty-five ($25) dollars and not more than five hundred ($500) dollars, or by imprisonment in the County Jail for not more than one hundred (100) days, or by both such fine and imprisonment.

Section 19. All orders and ordinances and parts of orders and ordinances in conflict with this ordinance are hereby repealed.

Section 20. Constitutionality: If any section, subsection, subdivision, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Board of Supervisors hereby declares that it would have passed this ordinance, and each section, subsection, subdivision, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses or phrases be declared unconstitutional.

Section 21. This ordinance shall be in effect immediately.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Granting to Market Street Railway Company a Supplemental Permit Under Section 132 of the Charter to Construct and Operate a Street Railway Over Certain Streets.

(Code No. 15.091)

Supervisor Colman presented:

Bill No. 257, Ordinance No. 15.0912, as follows:

Granting to Market Street Railway Company a supplemental permit under Section 132 of the Charter to construct and operate a street railway over certain streets.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to Section 132 of the Charter and in order to make effective that certain written agreement between the City and County of San Francisco and Market Street Railway Company, dated February 1, 1933, which agreement was authorized by Resolution No. 606 of the Board of Supervisors of the City and County of San Francisco, adopted January 30, 1933, a supplemental permit is hereby granted to Market Street Railway Company, its successors or assigns, to construct and operate, in conjunction with and as an extension of its existing lines on San Bruno avenue, a street railway upon and over Potrero avenue, commencing with the intersection of Potrero avenue and San Bruno avenue, there connecting with the tracks of Market Street Railway Company on San Bruno avenue, thence along and upon Potrero avenue to and upon Army street, there connecting with the tracks of Market Street Railway Company on Army street, subject to the following terms and conditions:

1. The said extension shall be operated in the same manner and subject to the same terms and conditions under which the said street railway line on San Bruno avenue is operated when this supplemental permit becomes effective.

2. Said supplemental permit shall expire concurrently with the permit granted Market Street Railway Company under the provisions of Section 6a of Chapter II, Article II of the Charter of the City and County of San Francisco, as they existed when said permit was granted, and shall be subject always to the right of the City and County to acquire and possess the operative railway property of Market Street Railway Company, as provided in said Section 6a of Chapter II, Article II of said Charter, and Section 132 of the Charter of the City and County of San Francisco in force January 8, 1932.

Section 2. This supplemental permit shall not become effective until Market Street Railway Company files in the office of the Clerk of the Board of Supervisors an acceptance, in writing, of the provisions of this ordinance, and thereupon the said provisions shall be taken and deemed to be a contract between Market Street Railway Company, its successors and assigns, and the City and County of San Francisco.

This ordinance shall be effective only upon Market Street Railway Company performing all of the terms and conditions of that certain agreement dated February 1, 1933, and entered into between Market Street Railway Company and the City and County of San Francisco, pursuant to Resolution No. 606, approved January 31, 1933.

Passed for second reading by the following vote:

Requesting State Director of Public Works and Chief Engineer to Take Official Cognizance of the Airport Site at Yerba Buena Shoal in Construction of San Francisco-Oakland Bay Bridge.

(Code No. 15.05)

Supervisor Miles presented:

Resolution No. 641, as follows:

Whereas, San Francisco is negotiating for the shoals just north of Yerba Buena Island for a future airport; and

Whereas, the State Department of Public Works is now designing important structural changes upon Yerba Buena Island in connection with the construction of the San Francisco-Oakland Bay Bridge, which designs should include provisions for the traffic to and from said proposed airport should it be built; and

Whereas, the operation of said airport would depend entirely upon the construction of the San Francisco-Oakland Bay Bridge and the possibility of obtaining connection between the bridge and the airport for traffic; now, therefore, be it

Resolved, That this honorable Board of Supervisors of the City and County of San Francisco hereby requests the Hon. Earl Lee Kelly, as Director of the Department of Public Works of the State of California, and the Hon. Charles H. Purcell, as chief engineer of the San Francisco-Oakland Bay Bridge, to take official cognizance of the plans for the proposed Yerba Buena Airport, and to cause engineering studies to be made of the possible traffic connections for both automobiles and interurban cars between the San Francisco-Oakland Bay Bridge and the proposed Yerba Buena Airport, in order that such structural features as may be necessary for this communication can be incorporated in plans for the San Francisco-Oakland Bay Bridge.

Adopted by the following vote:

Ayes—Supervisors Breyer, Canepa, Colman, Havenner, Hayden, McSheehy, Miles, Peyser, Roncovieri, Shannon, Stanton—11.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, FEBRUARY 27, 1933, 2 P. M.

In Board of Supervisors, San Francisco, Monday, February 27, 1933, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding—13.

Absent—Supervisors McSheehy, Stanton—2.

Quorum present.

His Honor President Hayden presiding.

APPROVAL OF JOURNAL.

The Journal of Proceedings of the meetings of February 14 and 15, 1933, was considered read and approved.

Report on Municipal Kitchen, 52 Ritch Street.

The following was presented and read by the Clerk:

February 23, 1933.

Dr. J. C. Geiger, Director of Public Health.

Dear Sir: On Tuesday, February 21st, I made an inspection of the municipal kitchen at 52 Ritch street, and found this particular kitchen in a fine sanitary condition, and all foodstuffs cooked or served therein fit for human consumption. I cannot, after a complete survey, find any cause for complaint from any phase of the handling, distribution of foodstuffs, or the feeding of the unemployed.

I have inspected this plant personally on many occasions since its opening, in January, 1931, and have not at any time found cause for complaint. Inspectors in that particular district have checked this plant continually and no cause for complaint has ever been found. No case of food poisoning has ever originated in this plant, despite the fact that over 3,500,000 meals have been served on the premises since January, 1931.

In my opinion the food served is wholesome and served in sufficient quantity to satisfy any but the most unreasonable individual. An average of 7800 meals are served each day. On Tuesday, February 21st, the food served for supper consisted of bread, lamb, curry and rice, carrots, potatoes, coffee with milk and sugar. On Monday, bread, beef stew, onions, tomatoes, coffee, sugar and milk.

Eighty-seven per cent of the men served are residents of this city. The food is served in a large rat-proof, concrete building, with plenty of light and ventilation. The floors are washed twice daily and the tables are scrubbed every morning in a satisfactory manner. A second helping is given all those who desire additional food. The quality of food served is the best obtainable and the variety is of such a nature as to constitute a satisfactory and wholesome meal.

All in all the food served is of the best as to quality, variety and quantity and served under ideal sanitary and healthful conditions.

Respectfully,
JNO. J. BURKE,
Chief Food Inspector.

Unemployment Relief.

Victor J. Baker, 1253 Octavia street, and J. Finegold, 1390 Rhode Island street, were heard at length, complaining of the administration of relief funds and urging certain improvements.

Also, communication from Homeless Youths, requesting certain provision for maintenance and support of their organization.

Referred to Public Welfare Committee, to meet Friday at 2:30 p. m.

Homeless Youth Hearing.

Supervisor Power announced that the Public Welfare Committee would meet on Friday, March 3, 1933, 2:30 p. m., to consider requests of Provisional Committee of Homeless Youth, West Coast Division, and requested that the members of the Board sit in as a Committee of the Whole to hear the requests.

So ordered.

SPECIAL ORDER—2:15 P. M.

Representatives of Board in Sacramento to Prepare Legislation Looking Toward Payment of Quarterly Installments of Taxes Instead of Semi-Annually, as Heretofore.

(Code No. 5.3)

The following recommendation of Judiciary and Finance Committees was taken up and *adopted*:

Resolution No. 603, as follows:

Whereas, the present method of payment of taxes, requiring the annual levy to be paid in two installments, with the attendant penalties for failure to pay said taxes at the appointed time, has become a serious burden to the taxpayers of the City and County of San Francisco, particularly at this time of unemployment and stress; and

Whereas, the payment of taxes in quarterly installments would materially aid the taxpayer in meeting his obligations; now, therefore, be it

Resolved, That the Board of Supervisors does hereby instruct its representatives in the State Legislature, this session, to prepare and present legislation amending the present laws requiring the payment of taxes in semi-annual installments, so that taxpayers might be permitted to pay their taxes in quarterly installments.

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, Miles, Power, Roncovieri, Shannon, Spaulding, Stanton—13.

Absent—Supervisors McSheehy, Peyser—2.

SPECIAL ORDER—2:30 P. M.

Milk Ordinance.

The following matter, which the Health Committee recommends against passage, was taken up:

(Code No. 17.05)

Bill No. 251, Ordinance No. 17.051, as follows:

Regulating all traffic in milk, cream and milk food products, the production, handling, processing, distribution, labeling, sale and offering for sale in the City and County of San Francisco of milk, cream and milk food products; providing for the issuance and revocation of per-

mits therefor; fixing standards and definitions for milk, cream and milk food products; providing for inspection of all premises used in the production, handling, distributing, processing, sale or offering for sale of milk, cream and milk food products in said City and County; enforcing the tuberculin testing of all dairy cattle producing milk for consumption in said City and County; providing for the examination of all employees engaged in the production and processing of milk, cream and milk food products; authorizing the Director of Public Health of the City and County of San Francisco to enforce the provisions of this ordinance, and providing penalties for the violation thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Director of Public Health of the City and County of San Francisco is hereby authorized to regulate and control the production of and the traffic in milk, cream and milk food products in the said City and County, and of all milk and cream produced in other counties for consumption in the City and County of San Francisco; to provide for the inspection of milk, cream and milk food products in said City and County and to enforce the provisions of this ordinance.

Section 2. Wherever in the ordinance the following words, terms or names are used, they shall be construed as follows:

Subdivision 1. Pasteurizing Plant: Any place or establishment devoted to the processing, handling, distributing and sale of milk, cream and milk food products as such products are set forth and defined herein is deemed to be a pasteurizing plant within the meaning of this ordinance.

Subdivision 2. Dairy Farm: Any place or premises upon which milk is produced for sale or distribution is a dairy farm within the meaning of this ordinance.

Subdivision 3. The word "person" as used in this ordinance shall be construed to mean both the singular and plural, as the case demands, and shall include individuals, corporations, companies, societies and associations. When construing and enforcing the provisions of this ordinance, the act, omission or failure of any employee, officer, agent or other person acting for or employed by any individual, corporation, company, society or association, within the scope of his employment or office, shall in every case also be deemed to be an act, omission or failure of such individual, corporation, company, society or association, as well as that of the person. The provisions of this ordinance shall be construed to apply to hotel keepers, restaurant keepers and boarding house keepers and any person who shall serve meals to the public.

Subdivision 4. Score Card: The official score card for pasteurizing plants and dairy farms shall be the score card adopted by the Director of Public Health and the minimum standard of rating shall be in accordance with said score card.

Subdivision 5. Market milk or cream, wherever such terms are used in this ordinance, shall be construed to mean milk or cream in their natural fluid state, as prepared for human consumption, without being converted into any other form or product.

Subdivision 6. Milk is the fresh, clean, lacteal secretion obtained by the complete milking of one or more healthy cows properly fed and kept, excluding that obtained within 18 days before and 8 days after parturition, free from foreign substances detrimental to its quality or to the quality of the products prepared therefrom, and contains not less than three and four-tenths (3.4) per cent of milk fat and not less than eight and five-tenths (8.5) per cent of solids not fat. Nothing stated in this subdivision shall be construed as prohibiting the standardization of milk at a uniform fat content of not less than three and four-tenths (3.4) per cent of milk fat. In the standardization of Grade A pasteurized milk, the milk and cream used for the enrichment of said milk shall be of the same grade.

Subdivision 7. Cream: Cream is that portion of milk rich in milk fat, which rises to the surface of milk on standing, or is separated from it by centrifugal force, is fresh and clean, and contains not less than eighteen (18) per cent of milk fat and not more than eight (8) per cent of milk solids not fat in cream containing eighteen (18) per cent of milk fat and correspondingly less solids for greater percentages of milk fat. Cream shall have been produced from nonreacting tuberculin tested cows, shall be pasteurized and shall otherwise conform to the rules and regulations adopted by the Director of Public Health of the City and County of San Francisco. Cream for manufacturing purposes may be repasteurized not exceeding once.

Sour market cream is clean market cream which has been fermented by the action of one or more strains of lactic acid bacteria, such that the product contains a distinct acidity, but which otherwise conforms to all the requirements for market cream. This product may be sold under the designation "sour market cream."

Subdivision 8. Ice Cream: Ice cream is a frozen product made with pure, sweet milk, cream, skim milk, condensed milk, condensed skim milk, dried milk, dried skim milk, wholesome sweet butter made from sweet cream, pure milk fat, or any combination of any such products, with or without sweetening, and with or without the use of harmless flavoring and coloring, and containing not less than ten (10) per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Fruit Ice Cream: Fruit ice cream is ice cream which contains not less than eight per cent of milk fat and not less than three per cent by weight of clean, mature, sound fruit or the juice thereof, with or without the use of harmless flavoring and coloring and containing not more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Nut Ice Cream: Nut ice cream is ice cream which contains not less than eight per cent of milk fat and not less than one per cent by weight of sound, non-rancid nut meats, with or without the use of harmless flavoring and coloring and containing not more than six-tenths of one per cent of pure, harmless, edible vegetable gum or gelatin.

When sold by manufacturer, distributor or retailer, ice cream shall not contain non-pathogenic bacteria in excess of fifty thousand (50,000) per gram.

Subdivision 9. Ice Milk: Ice milk is a frozen product made with pure sweet milk, evaporated or condensed milk, evaporated or condensed skim milk, dry milk, dry skim milk, pure milk fat or wholesome sweet butter made from sweet cream, or any combination of such products, with or without sweetening, clean, wholesome eggs or egg products, and with or without the use of harmless flavoring and coloring. Ice milk shall contain not less than four per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin. Ice milk when sold by the manufacturer shall contain not more than 50,000 non-pathogenic bacteria per gram.

All containers of ice cream shall be conspicuously labeled and vehicles conveying ice milk and places where ice milk is sold shall display a conspicuous sign containing the words "Ice Milk Sold Here" in letters not less than six inches high, and no person shall use the name "Ice Cream" in connection therewith either orally or written.

Subdivision 10. French ice cream, French custard ice cream, cooked ice cream, ice custards, parfaits and all similar frozen products are varieties of ice cream which shall contain not less than ten per cent of milk fat and not less than five dozen of clean, wholesome egg yolks, or one and five-tenths pounds of wholesome, dry egg yolk containing not to exceed seven per cent of moisture, or three pounds of wholesome frozen egg yolk containing not to exceed fifty-five per cent of moisture, or the equivalent of egg yolk in other form, for each ninety pounds of ice cream mix, and which shall otherwise conform to the regulations promulgated by the Director of Public Health.

French ice cream or custard ice cream shall not contain at the time of delivery to ultimate consumer more than 50,000 non-pathogenic bacteria per gram.

Subdivision 11. Goat's Milk: Goat's milk is the unadulterated fresh, clean, lacteal secretion, free from colostrum, obtained by the complete milking of one or more healthy goats, properly fed and housed, free from tuberculosis and contagious abortion as determined by a veterinarian in the employ of the Department of Public Health or approved by the State Department of Agriculture. The rules and regulations governing the production, distribution, sale, handling and processing of goat's milk shall be the same as those set forth in this ordinance as governing the production, sales, handling, distribution and processing of cow's milk.

Subdivision 12. Buttermilk: Buttermilk is the product that remains when butter is removed from milk or cream in the process of churning and to which milk or cream no preservative or neutralizer has been added. Buttermilk to which water has been added is hereby declared adulterated and shall not be sold for human consumption.

Cultured buttermilk is pasteurized milk or pasteurized skim milk, or a combination thereof, with or without an admixture of buttermilk, which has been treated with special cultures of lactic acid bacteria, so that the product somewhat resembles buttermilk in appearance, composition and flavor. Cultured buttermilk must be so labeled as to distinguish it from natural buttermilk.

Subdivision 13. Unlawful to Sell Skimmed Milk Not Properly Labeled: It shall be unlawful for any person, firm or corporation to sell, exchange or deliver, or to offer for sale, exchange or delivery, or to cause or permit to be sold, exchanged or delivered, or to be offered for sale, exchange or delivery, or to have in possession for sale, exchange or delivery in the City and County of San Francisco any milk from which any part of the cream shall have been removed, or any skimmed milk, unless the same be offered for sale and sold as skimmed milk, or unless there shall be attached to the outside of every vessel, can or package from or in which such skimmed milk is sold or held for exchange or delivery, a tag upon which shall be printed in black letters at least one inch in height the word "skim" or the words "skimmed milk."

Skim milk shall contain less than 3 per cent of milk fat and not less than 8.8 per cent of solids not fat. Skim milk other than that used in manufacturing, shall be pasteurized in accordance with the method set forth in this ordinance. Said pasteurized skim milk shall be labeled accordingly.

Milk or skim milk, properly pasteurized and combined with fruit or fruit juices, chocolate, chocolate syrups or other harmless syrups, with or without the addition of harmless colorings, may be used in the manufacture and sale of soft drinks under a trade name; provided said trade name does not contain the words "milk" or "cream" or any other word resembling milk or cream; and provided further, that said product shall be so colored or contain ingredients that cause it to look unlike milk or cream or any product thereof.

Subdivision 14. Adulterated, Impure, Unhealthy and Unwholesome: The terms adulterated, impure, unhealthy and unwholesome, when applied to milk, as used in this ordinance, mean:

First: Milk containing less than three and four-tenths (3.4) per cent of milk fat and less than eight and five-tenths (8.5) per cent of solids not fat.

Second: Milk drawn from cows within eighteen (18) days before or eight (8) days after parturition.

Third: Milk drawn from cows fed on any unhealthful or unwholesome food.

Fourth: Milk drawn from cows kept in an unhealthy or insanitary condition, or from cows affected with any form of disease, or from cows which are supplied with impure or unwholesome water.

Fifth: Milk from which any part of the cream has been removed.

Sixth: Milk which has been diluted with water or with any other fluid, or to which has been added or into which has been introduced any foreign substance whatever.

Seventh: Milk drawn from cows that are in a state of filth and uncleanliness or by milkers who are themselves in a condition of filth and uncleanliness or otherwise physically unfit.

Eighth: Any milk which is shown by analysis to contain any substance or substances of any character not normal constituents of milk, or to have been deprived either wholly or in part of any constituent naturally or normally contained in milk.

Ninth: Any milk which has been processed in any insanitary pasteurizing plant, or produced on any insanitary dairy farm or factory of dairy products, or other insanitary place, or which has been handled in an insanitary manner, is hereby declared to be impure and unwholesome and must not be sold for human consumption.

Tenth: Milk from cows which have not passed the tuberculin test. Such milk must be kept in a distinctive container plainly marked with the words "Unfit for human consumption."

Section 3. Unfit Milk Defined:

Subdivision 1. All milk, excepting that which is consigned in bulk to the wholesale trade, and certified milk, Grade "A" pasteurized milk, and manufacturing milk, is hereby declared unfit for human consumption, and it shall be unlawful to offer or expose for sale or for exchange any such unfit milk.

Subdivision 2. Milk shall be graded as follows: Certified milk, Grade "A" pasteurized milk, manufacturing milk and milk unfit for consumption.

Subdivision 3. Certified Milk: Certified milk is milk produced and certified to by the Milk Commission of the San Francisco County Medical Society as required by Section 3, Subdivision 9, of this ordinance. It must come from a dairy herd that shall consist solely of cows which have passed the tuberculin test in the manner prescribed by said Milk Commission. It must not contain more than 10,000 nonpathogenic bacteria per milliliter of milk, which standard must be attained solely by measures directed towards cleanliness, proper cooling and prompt delivery. Certified milk must contain not less than three and five-tenths (3.5) per cent of milk fat and a minimum of solids not fat of eight and five-tenths (8.5). Certified milk must be handled and delivered in sealed containers and on ice within thirty hours after its production and in the manner directed by said Milk Commission. The dairy farm milk room, milkers and dairy utensils, etc., must all conform to the requirements of the said Milk Commission.

Subdivision 4. Grade "A" Pasteurized Milk: No person, firm or corporation shall sell or exchange, or offer or expose for sale or exchange, as and for Grade "A" Pasteurized Milk, any milk which does not conform to the rules and regulations and the methods and standards for production, processing and distribution of Grade "A" Pasteurized Milk adopted by the Director of Public Health of the City and County of San Francisco.

Grade "A" Pasteurized Milk shall conform to the following requirements: It shall be the produce of healthy cows as determined by physical examination at least once in two months by a veterinarian under the supervision of the Director of Public Health of the City and County of San Francisco and by the tuberculin test by such veterinarian, or by a veterinarian approved by the State Department of Agriculture, and from dairy farms scoring not less than 75 per cent on the score card approved by the Director of Public Health of the City and County of San Francisco. The tuberculin test must be repeated annually if no reacting animals are found in the herd. If reacting animals are found, they must be removed from the herd immediately and the tuberculin test repeated in six months, provided that in the first test the percentage of reacting animals found is less than 10 per cent of the herd. If the percentage of reactors found is

greater than 10 per cent, the tuberculin test must be repeated in ninety days.

All cows are to be fed, watered, housed and milked under conditions approved by the Director of Public Health.

All persons who come in contact with the milk must exercise scrupulous cleanliness and must not harbor the germs of typhoid fever, tuberculosis, diphtheria or other communicable diseases transmissible by milk. Absence of such diseases shall be determined by bacteriologic and physical examination to the satisfaction of the Director of Public Health.

Grade "A" Raw Milk from the dairy farm shall be delivered in sterile containers to the pasteurizing plants located in the City and County of San Francisco, and is to be kept at a temperature of fifty degrees Fahrenheit, or below, until it reaches the pasteurizing plant, when it must not contain more than one hundred and fifty thousand (150,000) non-pathogenic bacteria per milliliter.

Grade "A" Pasteurized Milk must not contain more than fifteen thousand (15,000) non-pathogenic bacteria per milliliter at the time of delivery to the ultimate consumer.

Subdivision 5. Manufacturing Milk: Milk containing more than one million non-pathogenic bacteria per milliliter obtained from dairy cows in no way unfit for the production of milk for use by man as determined by physical examination at least once in six months by a veterinarian in the employ of the Department of Public Health shall be known as manufacturing milk and shall not be sold for human consumption as market milk.

Dairy farms producing manufacturing milk shall be conducted in such a manner as not to endanger the public health. Dairy barns and milk houses on said farms shall be thoroughly cleansed at least once a day. Utensils and equipment shall be efficiently sterilized after each using.

Manufacturing milk may be used wholly or in part in the manufacture of foodstuffs, provided that during the process of manufacture or immediately prior thereto said milk is subjected to a temperature of 145 degrees Fahrenheit for thirty consecutive minutes, and provided further, that for every degree above 145 degrees Fahrenheit the time during which such temperature must be maintained may be decreased by one minute. The time for maintaining such temperature shall in no case be less than five minutes except for milk that is re-pasteurized for manufacturing purposes. Re-pasteurized milk shall not be sold as market milk.

Subdivision 6. Milk not suitable for human consumption may be sold for industrial purposes, provided it is heated to a higher temperature than necessary for pasteurization, and delivered in a distinctive container plainly marked with the words "Not suitable for human consumption" in letters not less than one-quarter inch in length and one-twelfth stroke. Such milk must not be transported on a vehicle carrying milk for human consumption.

Subdivision 7. Milk for pasteurization must be kept at a temperature below fifty (50) degrees Fahrenheit up to the time of delivery to the pasteurization plant and rapidly cooled after pasteurization to a temperature of fifty (50) degrees Fahrenheit or below, and so maintained to the time of delivery to the ultimate consumer.

Subdivision 8. Method of Pasteurization: Pasteurizing of milk consists of the heating of every portion of the milk to not less than one hundred and forty (140) degrees Fahrenheit nor more than one hundred and forty-five (145) degrees Fahrenheit and maintaining same at that temperature for thirty (30) minutes, and immediately cooling thereafter to a temperature of fifty (50) degrees Fahrenheit.

All milk, except certified, intended for human consumption in San Francisco shall be pasteurized in San Francisco in accordance with the method set forth herein.

Each pasteurizing plant shall be equipped with a sufficient number of self-registering devices to accurately record the temperature to

which and the length of time for which the pasteurized product has been heated. Such record shall be kept for two months and be available for inspection by the Director of the State Department of Agriculture or any of his agents.

Subdivision 9. The class or grade of all milk or cream sold, except in bulk to the wholesale trade, and the name and address of the producer or distributor (who shall be responsible for the quality of the contents and correct labeling as required by this ordinance) shall at all times appear plainly and in a conspicuous place, or be securely attached to every bottle, cap, can or container. Milk sold or exchanged, or offered or exposed for sale or exchange, as and for graded milk under the designation, label or other representation of Grade "A" Market Milk Pasteurized shall have the name of the grade and whether raw or pasteurized marked on the container or cap of the container in capital letters not less than one-eighth (⅛) inch high and one-sixteenth (1/16) inch wide; and provided, however, that milk not suitable for human consumption shall be plainly marked "Unfit for human consumption" as provided in Section 3, Subdivisions 5 and 6, of this ordinance.

No distinguishing names, marks or words other than those specified in this ordinance shall appear on any bottle, cap, can or container to signify or describe the quality or in any other way distinguish the milk or cream contained therein from similar products of the same class or grade.

No wording except that necessary to describe the quality or grade of milk or cream shall appear on the cap, bottle, can or other container of milk or cream. No wording shall appear on the cap, can, bottle or other container except that prescribed in this ordinance.

Subdivision 10. All utensils, equipment and apparatus used in the production, handling and processing of milk, cream and milk food products shall be thoroughly cleaned and sterilized each time before using, and shall be so constructed that all parts are free from spaces not easily cleanable and each surface coming in contact with the milk and cream is smooth and free from rust.

Subdivision 11. No Person Shall Bring Into the City, Sell or Offer for Sale any Impure, Adulterated or Unwholesome Milk: It shall be unlawful for any person, firm or corporation, by themselves or by their agents, servants or employees, to bring, or cause to be brought within, sell, offer for sale, exchange, deliver, distribute or have in his, its or their possession with intent to sell, expose or offer for sale or exchange or to distribute for human consumption, within the City and County of San Francisco, any impure, adulterated, unhealthy or unwholesome milk.

Subdivision 12. Unlawful to Sell Skimmed Milk not Properly Labeled: It shall be unlawful for any person, firm or corporation to sell, exchange or deliver, or to offer for sale, exchange or delivery, or to cause or permit to be sold, exchanged or delivered, or to be offered for sale, exchange or delivery, or to have in possession for sale, exchange or delivery in the City and County of San Francisco, any milk from which any part of the cream shall have been removed, or any skimmed milk, unless the same be offered for sale and sold as skimmed milk, or unless there shall be attached to the outside of every vessel, can or package from or in which such skimmed milk is sold or held for exchange or delivery, a tag upon which shall be printed in black letters at least one inch in height the word "skim" or the words "skimmed milk."

Subdivision 13. Persons Suffering from Communicable Disease: No person suffering from a communicable disease, or who is a "contact," or who has been recently exposed to any contagious or infectious disease, shall be permitted to milk, handle milk or milk utensils in any processing plant or upon any dairy farm, nor shall any milk be brought into, sold or offered for sale from any dairy farm when a contagious or infectious disease exists on said dairy farm, until such time as such premises have been inspected and declared in writing

free of contagion by an employee of the Department of Public Health of the City and County of San Francisco.

Subdivision 14. Methods for Serving Milk: When served in any hotel, boarding house, lunch counter, restaurant or other place of public entertainment, market milk shall be served in the original bottle in sizes ½ pints, pints and quarts only, the cap of which shall not be removed except in the presence of the customer or patron; provided, however, that this provision shall not apply to cream so served.

The bottling of milk is prohibited except in regularly approved and authorized pasteurizing plants.

It shall be unlawful for any person, firm or corporation to sell, exchange, offer or expose for sale or exchange, or have on hand for sale or exchange or serve in any hotel, boarding house, restaurant, saloon, lunch counter or other place of public entertainment any milk or cream to which any gelatin or other substance, except as provided in the general dairy law of California, has been added to increase the consistency of such milk or cream so as to make it appear richer or of better quality; provided, however, that nothing in this ordinance shall be construed as prohibiting the standardization of milk and cream as provided in Section 2, Subdivision 6, of this ordinance.

Subdivision 15. All grocery stores, delicatessens and other retail establishments handling milk for human consumption must have, in addition to all other sanitary appurtenances, an ice chest of sufficient capacity to hold the amount of milk handled in said premises, and said ice chest must be properly drained in accordance with the plumbing ordinances of the City and County, and must at all times have a capacity of ice or refrigeration which will maintain a temperature under 50 degrees Fahrenheit within said chest.

If graded, market cream of any grade shall conform to all the standards set for market milk of the same grade, except that the maximum bacterial count for cream shall be not more than three times as great as that of the corresponding grade of milk.

Section 4:

Subdivision 1. Permits Required by Vendors of Milk: No person, firm or corporation by themselves, or through their agents, servants or employees, shall produce, ship or send into, bring into, or offer for sale, or expose for sale, or sell or deliver for distribution, sale, use or consumption within the City and County of San Francisco, any milk without first having obtained from the Director of Public Health of the City and County of San Francisco a permit so to do. One permit shall be required for each dairy, dairy farm or place of general sale or storage of milk, but no permit shall be granted to anyone where raw milk is received at a central cooling station or plant outside the City and County of San Francisco which handles more than one grade of milk, or where other milk products are made or handled; neither shall any permit be granted to anyone handling milk through a central cooling plant outside the City and County of San Francisco handling raw milk only, scoring at least 75 per cent or better, and otherwise complying with the regulations of this ordinance, to ship raw milk into the City and County of San Francisco, unless such applicant constructs said cooling plant in accordance with plans and specifications approved by the Director of Public Health of the City and County of San Francisco, and provided further, that all milk received at said cooling plant shall be handled in conformity with the provisions of this ordinance.

Subdivision 2. In order to procure permits required by this ordinance the applicant shall present to said Director of Public Health a written application, and shall state therein the name and business and residence address of the applicant or applicants, the source or sources from which said applicant or applicants obtain or will obtain supplies of milk, the number of cows in the possession of such applicant, the average quantity of milk procured, produced or handled, and the average quantity disposed of by said applicant, and the manner and character of such disposition, and such other matters as may be

required by the Director of Public Health, such application to be made to the said Director of Public Health upon printed blanks to be provided by the Director of Public Health for such purpose. Such application shall further state the specific brand or business name, if any, under which such milk is to be imported, sold, exchanged or distributed.

Subdivision 3. If the Director of Public Health, upon such application and such investigation and inspection as he may make, shall determine that the statements therein made are true, and that the applicant does not intend to bring into, sell, expose, or offer for sale, exchange, deliver or distribute, within the City and County of San Francisco, any unwholesome milk as food for any human being, and that the production, transportation, storage and handling of the same is to be under sanitary conditions and in conformity with the regulations adopted as a part of this ordinance, he shall issue the appropriate permit therefor according to the nature of the business to be transacted or conducted by the applicant.

Subdivision 4. No permits shall be sold or assigned or transferred. Permits shall be subject at all times to revocation by said Director of Public Health in his discretion upon sufficient cause therefor shown; provided, however, that no such permit shall be revoked until after a hearing given by the Director of Public Health in the matter of the revocation of such permit after five (5) days' notice in writing has been served on the owner of such permit in the manner prescribed for the service of notice by Section 1011 of the Code of Civil Procedure of the State of California which notice shall state the ground of complaint against such owner and the time and place where such hearing shall take place; provided, however, that when the holder of any permit shall have been convicted in any court of any violation of this ordinance by any law relating to the production, transportation, storage, sale or distribution of milk, such permit may be revoked without notice.

No person, firm or corporation not engaged in the business of preparing and processing raw milk for human consumption at a fixed place of business shall be permitted to engage in the business of selling and distributing market milk.

Subdivision 5. Procedure to Follow for Renewal of a Permit Revoked for Cause: When a permit shall have been revoked by the Director of Public Health, no further permit shall be granted by said Director to the same person, firm or corporation until he, they or it shall file with said Director a bond in the sum of five hundred ($500) dollars with two (2) sureties approved by the Director of Public Health, conditioned for the faithful observance of all the regulations of the law and of said Director of Public Health relating to production, importation, sale, delivery and distribution of milk.

Subdivision 6. As often as required, and at least once each year, every person or persons, firm or corporation maintaining a pasteurizing plant or dairy farm in, or bringing milk into the City and County of San Francisco and holding a permit so to do, shall furnish the Director of Public Health a full and true statement of the sources and amounts of the supply of the milk imported, sold or distributed by him or them, with the names and addresses of the persons from whom the same is obtained and the amount from each source, and such other information as is required by applicants for permits as hereinbefore provided, and all applications for permits, and all such written statements required as aforesaid, shall be registered by the said Director of Public Health.

Subdivision 7. Official Number of Permits: When a permit is granted, the Director of Public Health will give the holder thereof an official number, and this number shall be used to mark the products of the pasteurizing plant or dairy farm as hereinafter prescribed.

Subdivision 8. More than One Dairy or Dairy Farm Under the Same Ownership or Control: Two or more pasteurizing plants or dairy

farms under the same ownership or control may use the same permit numbers, provided a serial letter is added in each case to designate the pasteurizing plant or dairy farm, and to enable its products to be identified.

Subdivision 9. Names on Wagons: All automobiles, motor trucks or other vehicles from which market milk, cream, butter, ice cream, buttermilk or ice milk are sold, marketed, delivered, or peddled, shall have the name and address of the owner and permit number plainly painted thereon in letters at least three inches high, and one and a half inches wide, on both sides of such vehicles, or if such milk is sold or exposed or offered for sale, delivery, distribution, or exchanged within a store or house, then such permit number shall also be constantly exposed in some conspicuous manner at the place wherever such milk is sold, or kept, so as to be plainly apparent.

Subdivision 10. Rule Governing Renewal of Permit: Any applicant receiving and holding a permit such as is herein set forth, shall make application for the renewal of the same between January 1st and January 15th of each year, and said permit shall be renewed, provided the applicant complies and conforms to all of the provisions as set forth in this ordinance.

Section 5. In order to carry out the purposes and provisions of this ordinance, the said Director of Public Health and all his officers, agents and employees shall have the right at any time and at all times to enter upon or into the premises of any producer or vendor or distributor of milk authorized under the provisions of this ordinance, and any refusal upon the part of such producer, vendor or distributor to allow such entry and such inspection as may be required and directed by the said Director of Public Health may be punished by the revocation of the permit of such producer, distributor or vendor by the said Director of Public Health.

Section 6. The Director of Public Health and all his officers, agents and employees shall have the right and it shall be their duty to enter and have full access, egress and ingress to all places where milk is stored or kept for sale, and to all automobiles, motor trucks or other vehicles, railroad cars, steamboats, or conveyances of every kind used for the conveyance or transportation or delivery of milk for the purpose of consumption in the City and County of San Francisco.

Section 7. It shall be the duty of the said Director of Public Health to cause the dairy farms and other establishments from which milk brought into the City and County of San Francisco is obtained, to be inspected from time to time to satisfy said Director of Public Health that the provisions and requirements of this ordinance and all orders issued by said Director are constantly complied with.

Section 8. It shall be unlawful for any person, or persons, firm or corporation to obstruct or interfere with the said Director of Public Health or any officer, agent or employee of said Director of Public Health in the performance of any of the duties required by this ordinance.

Section 9. It shall be the duty of the owner, agent or manager of any pasteurizing plant or dairy farm from which milk is brought into this City and County to forthwith report to the Director of Public Health of said City and County, in writing, anything of which he has knowledge or notice tending to render milk obtained from such pasteurizing plant or dairy farm unwholesome, impure or unhealthy.

Section 10. The Director of Public Health and all his officers, agents and employees shall have the right at any time to take samples of milk and cream from any person selling, exposing for sale, offering for sale, exchanging, delivering, or distributing in the City and County of San Francisco, or shipping into said City and County, milk or cream, provided that such samples shall not exceed in quantity one quart of milk and one quart of cream at any one time. Such samples shall be taken and sealed in full view of and in the presence of any person in charge of such milk or cream, and to said person shall be

given at such time one-half of said sample or samples hermetically sealed by said Director of Public Health, or his officers, agents or employees. The other half of said sample shall be likewise hermetically sealed and delivered to said Director of Public Health by the officer, agent or employee of said Director of Public Health taking such sample. It shall be the duty of said officer, agent or employee, at the time said sample is taken, to attach to the bottle or container containing each half of said sample, a statement showing the number of the permit issued by said Director of Public Health displayed upon the tanks, or cans, or bottles, or wagons, from which such milk or cream was taken, and the date of the obtainment of the sample, and the name of the person by whom it was taken, and a memorandum thereof shall be made by the person obtaining such sample in a book kept for that purpose in the office of the Department of Public Health.

Milk Coming From Outside the City and County to Be Exposed for Inspection.

Section 11. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft to have the same tendered and exposed for inspection by the said Director of Public Health, his officers, agents or employees, according to the requirements of said Director of Public Health; provided that said milk shall not be detained for inspection for a longer period than one hour. It shall be the duty of the owner or consignee of milk brought into the City and County of San Francisco by land and over any road or railroad leading into the peninsula of San Francisco, to cause the same to be tendered and exposed for inspection according to the requirements of said Director of Public Health, provided that said milk shall not be detained for inspection a longer period than one hour.

Milk Coming From Outside of the City and County to Be Plainly Marked With the Shipper's Name, Address, Permit Number and Number of Tanks or Cans Contained in the Shipment.

Section 12. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft, railroad, or by land over any road, to attach to one tank or can of each shipment a tag setting forth the following facts in a clear and legible manner:

Name of shipper.....
Address.....Permit No.....
Number tanks.....Milk.....Cream.....

Milk to Be Tightly Covered.

Section 13. It shall be unlawful to sell, offer for sale, expose for sale or ship into the City and County of San Francisco, for human consumption, any milk or cream in any tank or container, holding more than three gallons, which is not provided with a proper and tight-fitting mushroom cover.

Sale of Milk and Cream in Quantities of One Quart or Less.

Section 14. It shall be unlawful for any person, firm or corporation to distribute, sell, offer for sale, or keep with the intention of selling, any milk or cream in quantities of one (1) quart or less, in stores or any other place (except where the milk or cream is consumed upon the premises), unless the milk or cream is contained in tightly closed sterile bottles or receptacles of a similar character.

Milk and Cream Bottles to Be Capped and Marked.

Section 15. All bottles or receptacles of a similar character in which milk and cream are distributed or sold must have stamped or printed on the cap or covers, in a conspicuous and legible manner, the name, address and permit number of the person, firm or corporation bottling said milk or cream, and the specific kind of milk or cream contained therein.

Names of Brands on Bottles and Caps or Covers Must Not Differ.

Section 16. It shall be unlawful to distribute, sell, offer for sale, or expose for sale, any milk or cream in any bottle or receptacle bearing in any manner thereon the name or names of any person, firm or corporation other than or different from the name or names printed or inscribed upon said cover or can of such bottle or receptacle.

Transfer of Milk on Street.

Section 17. No person shall transfer any milk from one can, bottle or receptacle on any street, alley or thoroughfare, or upon a delivery wagon, or other vehicle, or in any place in the City and County of San Francisco, except in a dairy or dairy farm the sanitary condition of which has been approved by the Director of Public Health.

Penalty for Violation of Provisions of This Ordinance.

Section 18. Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than twenty-five ($25) dollars and not more than five hundred ($500) dollars, or by imprisonment in the County Jail for not more than one hundred (100) days, or by both such fine and imprisonment.

Section 19. All orders and ordinances and parts of orders and ordinances in conflict with this ordinance are hereby repealed.

Section 20. Constitutionality: If any section, subsection, subdivision, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Board of Supervisors hereby declares that it would have passed this ordinance, and each section, subsection, subdivision, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses or phrases be declared unconstitutional.

Section 21. This ordinance shall be in effect immediately.

Transient Merchants.
(Code No. 3.041)

Bill No. 241, Ordinance No. 3.04118, as follows:

Defining transient merchants and temporary stores, providing for the regulation of transient merchants, providing for issuance of permit for transient merchants, and providing for a fee to be paid therefor, and for the revocation of said permit, and providing the penalty for the violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The words "transient merchant" for the purpose of this ordinance shall mean and include all persons, both principals and agents, who engage or conduct in one or more locations or in no specified location within the City and County of San Francisco, a temporary store or temporary or transient business of selling goods, wares or merchandise with the intention of continuing in said business in said City and County for a period of less than one hundred twenty (120) days. A merchant who operates a main or branch temporary store shall be a transient merchant as to said temporary store notwithstanding the fact that said merchant may operate other stores which are not temporary.

Section 2. As used in this ordinance, the words "temporary store" shall mean a store, store room, office, room, doorway space, vacant lot or other place, opened and/or maintained for the exhibition and present or future sale to the public, of goods, wares or merchandise, where the seller or owner of such goods, wares or merchandise intends to operate such store, store room, office, room or other place, for a period of less than one hundred twenty (120) days.

Section 3. The provisions of this ordinance shall not apply to sales made to dealers by commercial travelers or selling agents in the usual course of business, for resale, nor to any sales of goods, wares or merchandise at and during the continuance of any annual fair, nor to any sales by societies acting for charity, religious or public purposes, nor to wholesale peddlers of vegetables and other food products who hold permits under Ordinance No. 3.04112 of the City and County of San Francisco, nor to auctioneers who are conducting auctions in accordance with the provisions of Ordinance No. 6803 (New Series) as amended, nor to operators of amusement parks licensed as such by said City and County, nor to peddlers licensed as such by said City and County, nor to sales of goods, wares and merchandise conducted at any public museum or art gallery owned by said City and County.

Section 4. The word "person" as used in this ordinance shall be construed to mean any individual, association, partnership, or corporation, or the operator for or the agent of any such person, who sells to the public at retail as a transient merchant any goods, wares or merchandise, except as herein provided.

Section 5. Every transient merchant desiring to do business in the City and County of San Francisco shall make an application in writing to the Chief of Police of said City and County for a permit to operate as a transient merchant, which application shall be filed with said Chief of Police at least ten (10) days before such applicant shall be authorized to begin such business. The application shall contain a statement under oath, setting forth such information as the Chief of Police shall prescribe.

Section 6. Upon the granting of said permit the Chief of Police shall forward said permit to the Tax Collector, who shall issue said permit upon filing of the bond referred to in Section 7 and payment of the following fees: One hundred ($100) dollars per week or fraction thereof for the first two weeks and seventy ($70) dollars per week or fraction thereof for every week thereafter, plus in all cases two ($2) dollars for each one hundred ($100) dollars of retail inventory value of goods, wares or merchandise to be sold or exhibited for sale. Said values shall be stated in a sworn inventory filed with said Tax Collector at the time of the payment of said fee. The full amount of said fee shall be paid for each temporary store, whether a main store or a branch store. If for any reason the value of goods, wares or merchandise actually sold or exhibited for sale by said transient merchant shall exceed the value on which a fee has been based, said transient merchant shall pay without further demand a proportionate additional fee.

Section 7. The bond referred to in Section 6 shall be executed by the applicant, as principal, and a surety company, qualified and author-

ized to do business in the State of California, as surety, in the sum of five hundred ($500) dollars. It shall be conditioned that the principal will pay to the City and County of San Francisco all amounts which may become due under the terms of this ordinance, shall fully comply with the provisions of this ordinance and all other applicable ordinances of the City and County of San Francisco, and the rules and regulations of any department thereof, and with all statutes of the State of California, relative to the conduct of the business in which said principal may be engaged, and that he shall pay all judgments recovered or rendered against him for any violation of said ordinanees, statutes, rules or regulations, and further conditioned that said principal shall pay any and all judgments which may be recovered by any person, firm, association or corporation for injuries to person, loss or damage to property resulting from the negligent operation of said business by said principal, as well as all damages sustained by any person, firm, association or corporation by reason of any misrepresentation or deception practiced by said principal or his agents or employees on any such person, firm, association or corporation transacting business with such transient merchant.

Section 8. Any person desiring to continue said business of transient merchant for a period longer than that stated in said application and permit, or desiring to renew said permit issued pursuant to the provisions of this ordinance, shall make application to the Chief of Police of the City and County of San Francisco for the renewal thereof. In the event of the renewal of said permit, said transient merchant shall pay the license fee herein provided in the same manner as he paid the license fee under his original license, and the liability insurance policy or bond herein referred to shall remain in full force and effect.

Section 9. Permits issued under the provisions of this ordinance may be revoked for cause by the Chief of Police. Applicants or permittees may appeal to the Board of Permit Appeals any denial or revocation of permit hereunder.

Section 10. Any person whom said Chief of Police believes to be a transient merchant, but who declares himself not to be a transient merchant, upon filing such declaration in writing, and under oath as said Chief of Police shall direct, may, in the discretion of said Chief of Police, and in lieu of the payment of any fee or posting of any other bond, and as a condition of transacting business as a vendor of merchandise without the payment of any such fee, be required to file with said Chief of Police a liability insurance policy or bond, executed by the declarant as principal and a surety company, qualified and authorized to do business in the State of California, as surety, in the sum of one thousand five hundred ($1,500) dollars upon the same conditions as those set forth in Section 7 of this ordinance and further conditioned to secure the payment of the fee required in the event that he proves to be a transient merchant, provided that if such person remains in business in the same place in said City and County of San Francisco for a period of one hundred twenty (120) days he shall be considered and deemed not to be a transient merchant.

Section 11. Actual operation of a business or store for less than one hundred twenty (120) days shall be prima facie evidence that said store or business was opened with the intention of operating less than one hundred twenty (120) days.

Section 12. Any person who causes to be advertised in any manner a sale of goods as herein contemplated without complying with the provisions of this ordinance, or any person who violates any of the provisions of this ordinance, shall be deemed guilty of a misdemeanor and shall be punishable by a fine not to exceed five hundred ($500) dollars or by imprisonment for a period not to exceed six (6) months, or both such fine and imprisonment. Each day or fraction thereof any person, firm, association or corporation shall be engaged in such business without a permit shall be considered as separate and distinct offense.

Section 13. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this act, and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional.

Section 14. Section 51 of Ordinance No. 5132 (New Series) of the City and County of San Francisco, and all ordinances or parts of ordinances, in so far as they conflict with this ordinance, are hereby repealed to the extent of such conflict.

(Code No. 9.053)

Also, Bill No. 248, Ordinance No. 9.05333, as follows:

An ordinance amending Section 60 of Ordinance No. 9.0539 by eliminating Items 7, 22 and 31 thereof, which items established, respectively, positions of 1 Chief Clerk at $375, 1 Storekeeper at $150, and 1 General Clerk-Typist at $155, and by reducing the salary provided for the position enumerated under Item 8 thereof from $100 to $75, the present salary of the incumbent, and by increasing the employments under Item 5½ from 1 to 3 and under Item 23½ from 1 to 2. These changes produce a net payroll saving of $160 per month.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Amend Section 60 of Ordinance No. 9.0539 to read as follows:

Appropriating $4,000 Out of Appropriation No. 6 (Emergency Reserve Fund) for Expense by Registrar of Voters in the Cancellation of Registrations of Electors and the Reregistration of Electors.

(Code No. 9.051)

Also, Bill No. 249, Ordinance No. 9.05140, as follows:

Appropriating $4,000 out of Appropriation No. 6 (Emergency Reserve Fund) for the expense of cancellation of registrations of electors who neglected to vote at either the primary election in August or general election in November, 1932 (according to State law), and advising them of necessity of reregistering in order that the privilege of voting may be accorded them.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. There is hereby appropriated and authorized to be expended the sum of $4,000 out of Appropriation No. 6 (Emergency Reserve Fund) for expense by the Registrar of Voters in the cancellation of registrations of electors who neglected to vote at either the primary election held in August or general election held in November, 1932 (according to State law), and advising said electors of the necessity of reregistering in order that the privilege of voting may be accorded to them.

Section 2. This ordinance shall take effect immediately.

(Request of Registrar and recommended by the Mayor.)

Ordering Improvement of Certain Streets.
(Code No. 12.0611)

On recommendation of Streets Committee.

Bill No. 250A, Ordinance No. 12.061119, as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor, and authorizing the Department of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Department of Public Works, in written communication filed in the office of the Clerk of the Board of Supervisors January 6, 1933, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1918 of said City and County of San Francisco, said work to be performed under the direction of the Department of Public Works, and to be done in accordance with the specifications prepared therefor by said Department of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Part II of the said Street Improvement Ordinance of 1918 of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in ten installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be one year from the time of the payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be 7 per centum per annum.

The improvement of the crossing of Fitzgerald avenue and Jennings street by the construction of armored concrete curbs; by the construction of one-course concrete sidewalks; by the construction of brick catchbasins with 10-inch vitrified clay pipe culverts; by the construction of a 12-inch vitrified clay pipe sewer along the center line of Fitzgerald avenue between the center and northwesterly lines of Jennings street; and by the construction of an asphalt-concrete pavement, consisting of a 2-inch asphaltic concrete wearing surface and a 6-inch Class "F" concrete base, on the roadway thereof; and

The improvement of Jennings street between Fitzgerald avenue and Gilman avenue, where not already so improved, by the construction of armored concrete curbs; by the construction of side-sewers; and by the construction of an asphalt-concrete pavement, consisting of a 2-inch asphaltic concrete wearing surface and a 6-inch Class "F" concrete base, on the roadway thereof.

The Standard Specifications of March, 1929, are hereby made a part of these specifications.

The improvement of the northerly one-half of Army street from Castro street to a line 75 feet easterly from and parallel with the easterly line of Castro street, where not already so improved, by the construction of armored concrete curbs; by the construction of one-course concrete sidewalks, 6 feet in width; by the construction of a vitrified clay pipe side-sewer; and by the construction of an asphalt-concrete pavement, consisting of a 6-inch Class "F" concrete base and a 2-inch asphaltic concrete wearing surface, on the roadway thereof.

The Standard Specifications of March, 1929, are hereby made a part of these specifications.

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, Miles, Power, Roncovieri, Shannon, Spaulding, Stanton—13.

Absent—Supervisors McSheehy, Peyser—2.

Conditional Acceptance of the Roadway of Intersection of Cayuga Avenue and Milton Street, Including the Curbs.
(Code No. 12.0812)

Also, Bill No. 242, Ordinance No. 12.08126, as follows:

Providing for conditional acceptance of the roadway of intersection of Cayuga avenue and Milton street, including the curbs.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The roadway of the intersection of the following named streets, including the curbs on both sides thereof, having been constructed to the satisfaction of the Department of Public Works and of the Board of Supervisors, is hereby conditionally accepted by the City and County of San Francisco (except those portions required by law to be kept in order by the railroad company having tracks thereon), in accordance with the provisions of Section 23, Chapter 2, Article VI of the Charter, said roadway having been paved with asphaltic concrete pavement, and curbs laid thereon, and is in good condition throughout (sewers and gas mains are laid therein, but there are no water mains, said water mains not being necessary at this time), to-wit:

Intersection of Cayuga avenue and Milton street, including the curbs.

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, Miles, Power, Roncovieri, Shannon, Spaulding, Stanton—13.

Absent—Supervisors McSheehy, Peyser—2.

Full Acceptance of Roadway of Milton Street Between Cayuga Avenue and Bosworth Street.
(Code No. 12.0811)

Also, Bill No. 243, Ordinance No. 12.08117, as follows:

Providing for full acceptance of the roadway of Milton street between Cayuga avenue and Bosworth street, including the curbs.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The roadway of the following named street, including the curbs on both sides thereof, having been constructed to the satisfaction of the Department of Public Works and of the Board of Supervisors, is hereby fully accepted by the City and County of San Francisco (except those portions required by law to be kept in order by the railroad company having tracks thereon), in accordance with the provisions of Section 23, Chapter 2, Article VI of the Charter, said roadway having been paved with concrete pavement, and curbs laid thereon, and is in good condition throughout, and has sewers, gas and water mains laid therein, to-wit:

Milton street between Cayuga avenue and Bosworth street, including the curbs.

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, Miles, Power, Roncovieri, Shannon, Spaulding, Stanton—13.

Absent—Supervisors McSheehy, Peyser—2.

Authorizing Delegates to Attend Meeting of Advisory Council of Tax Research Bureau at Sacramento, Friday, February 24, 1933.
(Code No. 9.051)

Also, Bill No. 253, Ordinance No. 9.05141, as follows:

Authorizing officials of the City and County of San Francisco to attend a meeting of the Advisory Council of the Tax Research Bureau in Assembly Chamber, State Capitol, Sacramento, Friday, February 24, 1933, at 2 p. m., and providing for their expenses.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That officials of the City and County of San Francisco, appointed by the President of the Board of Supervisors, be and they are hereby authorized to represent the City and County of San Francisco at a meeting of the Advisory Council of the Tax Research Bureau in Sacramento, Friday, February 24, 1933, at 2 p. m.

Section 2. That the expense of said officials in attending said meeting shall not exceed in amount the sum of $100, and shall be subject to the provisions of Ordinance No. 9.0561, approved February 16, 1932.

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, Miles, Power, Roncovieri, Shannon, Spaulding, Stanton—13.

Final Passage.

The following emergency ordinance was *finally passed* by the following vote:

Appropriating $597,000 From Relief Bond Fund for the Purpose of Caring for and Maintaining the Indigent Sick and Dependent Poor, and Declaring the Existence of an Emergency.
(Code No. 9.051)

On recommendation of Finance Committee.

Bill No. 259, Ordinance No. 9.05146, as follows:

Appropriating the sum of $597,000 from the Relief Bond Fund, Issue 1932, for the purdpose of caring for and maintaining the indigent sick and dependent poor of the City and County of San Francisco, and declaring the existence of an emergency.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. There is hereby appropriated from the Relief Bond Fund, Issue of 1932, the sum of $597,000 for the purpose of caring for and maintaining the indigent sick and dependent poor of the City and County of San Francisco during the month of March, 1933.

Section 2. The Board of Supervisors does hereby declare that an actual emergency exists relative to the care and maintenance of the indigent sick and dependent poor of the City and County of San Francisco, as follows:

That the funds heretofore appropriated for the purpose of caring for and maintaining the indigent sick and dependent poor of the City and County of San Francisco have been expended and that there is no money available at the present time for this purpose and that by reason thereof an immediate appropriation is necessary for the pres-

ervation of the lives and health of a large number of the citizens of the City and County.

Boiler Ordinance.
(Code No. 11.08)

Bill No. 258, Ordinance No. 11.086, as follows:

An ordinance regulating the installation and inspection of high-pressure steam boilers, low-pressure steam boilers, direct-fired hot-water heaters, indirect-heated hot-water tanks and pressure tanks, and for the issuance of the permits and certificates therefor, and establishing the fees to be charged for the inspection of said appliances.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. (a) It shall be unlawful for any person, firm or corporation to proceed hereafter with the installation of any high-pressure steam boiler, low-pressure steam boiler, direct-fired hot-water heater, indirect-heated hot-water tank, or pressure tank in any fixed location in the City and County of San Francisco unless the permit so to do as herein provided shall have first been obtained from the Central Permit Bureau of the Department of Public Works of said City and County. Nothing herein contained shall be construed as evidence of proper performance or adequate capacity of any of the appliances herein mentioned.

Section 2. (a) Whenever used herein, the following terms shall have the following definitions:

(1) High-presure steam boiler shall mean any metal vessel or container used for the generation of steam under pressure, exceeding 15 pounds per square inch gauge pressure.

(2) Low-presure steam boiler shall mean any metal vessel or container having a heating surface of 3 square feet or more, used for the generation of steam under pressure, not exceeding 15 pounds per square inch gauge pressure.

(3) Direct-fired hot-water heater shall mean any metal vessel or container used for the purpose of heating water through the medium of heat directly applied to the shell and/or furnace walls and/or tubes, or of heat directly applied by electrically heated elements.

(4) Indirect-heated hot-water tank shall mean any closed metal vessel or container used for the purpose of storing hot water heated by any other method than the direct application of heat to the shell and/or furnace walls and/or tubes, or of heat produced by electrically heated elements.

(5) Pressure tank shall mean such metal vessel or container used for the storage or accumulation of air or other substance under pressure as is covered by the safety orders of the Industrial Accident Commission of the State of California.

(6) Safety valve shall mean a safety valve conforming to the Code of the American Society of Mechanical Engineers as adopted by the Industrial Accident Commission of the State of California and its safety orders.

(7) Relief valve shall mean a valve which conforms to the Code of the American Society of Mechanical Engineers as adopted by the Industrial Accident Commission of the State of California and its

safety orders and which is used for the purpose of relieving excess pressure other than steam.

(b) All of the above defined articles are herein referred to as appliances, and the term appliance in this ordinance shall mean each and any of the above defined articles.

Section 3. (a) The term installation shall not be construed to mean restoration or replacement of previously installed appliances, when such restoration or replacement is made by persons, firms or corporations permanently employing boiler inspectors certified by the Industrial Accident Commission of the State of California; provided, however, that such restoration or replacement does not change the duty performed by the appliances affected.

(b) The term location shall mean premises used or buildings operated as one unit under one management.

Section 4. (a) Applications for the permits herein mentioned shall be filed in duplicate with the Central Permit Bureau of the Department of Public Works upon forms furnished by such Bureau, which forms shall set out information necessary to be given. If the Bureau so requires, plans and specifications in duplicate shall be filed with the application. If it is found that the proposed installation conforms to the requirements of this ordinance, then upon payment of fee specified herein, an installation permit shall be issued to the applicant for the installation of the work. Thereafter, when the work has been completed, it shall not be put in operation until a final inspection shall be made. If upon such inspection it is found that the terms of this ordinance have been complied with, a certificate of final completion shall be posted and a duplicate copy of same issued to the owner or his authorized agent by the Bureau of Building Inspection, as provided for herein. When said installation permit is granted, there shall be attached thereto a copy of said plans and specifications, if such have been required to be filed.

Section 5. (a) Upon the filing of application for an installation permit, the Central Permit Bureau shall forthwith submit such application to such bureaus or commissions as have jurisdiction over the proposed work. If it shall be found that said application and the premises on which the proposed work is to be located conform to the laws and regulations governing such installation, then it shall be the duty of each of such bureaus or commissions to endorse approval upon such application and to transmit two copies thereof to the Central Permit Bureau, which Bureau shall forthwith issue the installation permit, and upon payment of the fee herein named, deliver it to the applicant. But if it shall be found that any such bureau or commission refuses to approve the application, the application shall be returned to the Central Permit Bureau with a statement of the reason for such refusal endorsed thereon.

Section 6. (a) All permits issued and certificates issued pursuant to this ordinance shall be kept displayed in a conspicuous place at or near where said appliance is installed. Installation permits shall be good for one year only; if installation is not begun within that period the permit becomes null and void.

Section 7. (a) Nothing in this ordinance shall be construed to apply to the inspection of any appliance when the installation of such appliance is under the supervision and control of the Railroad Commission of the State of California as provided in the Public Utility Act of the State of California, approved the 23rd day of April, 1915.

Section 8. (a) No fees shall be charged for the issuance of permits or certificates, or for the making of inspections of appliances when the same are to be used by the City and County of San Francisco, the State of California, or by the United States of America, except as herein provided.

Section 9. (a) High-pressure steam boilers shall be installed in accordance with the Code of the American Society of Mechanical Engineers as adopted by the Industrial Accident Commission of the State of California and/or its safety orders.

Section 10. (a) Low-pressure steam boilers shall be built and equipped in accordance with the Code of the American Society of Mechanical Engineers as adopted by the Industrial Accident Commission of the State of California and its safety orders. They shall be equipped with safety valves and with an automatic electric or mechanical device by which the fuel supply is cut off when the water falls below the safe working level or the pressure exceeds that predetermined, which in no case shall be in excess of 15 pounds per square inch gauge pressure.

Section 11. (a) Direct-fired hot-water heaters, except as otherwise stipulated in this section, shall be built and equipped to conform to the Code of the American Society of Mechanical Engineers as adopted by the Industrial Accident Commission of the State of California and its safety orders. In no case shall the stresses in the longitudinal joints of steel shells, while operating under maximum working pressure plus 10 per cent, exceed: for welded construction, 5600 pounds per square inch of cross-section if single vee welded and/or thickness of shell is less than ¼ inch; 8000 pounds per square inch of cross-section if double vee welded and thickness of shell is ¼ inch or over; for riveted or seamless construction, 11,000 pounds per square inch of net cross-section.

(b) If direct-fired hot-water heaters are made of cast iron, the maximum working pressure on such heaters shall not exceed that guaranteed by the manufacturer, less 10 per cent.

(c) If direct-fired hot-water heaters are made of other materials than cast iron or steel, then their construction shall conform to the safety orders of the Industrial Accident Commission of the State of California, but in no case shall the working stresses in the material exceed one-third the yield point.

(d) In no case shall a direct-fired hot-water heater be installed if constructed for a pressure of less than 60 pounds per square inch.

(e) Direct-fired hot-water heaters shall be equipped with:

(1) A water relief valve of ample relieving capacity, to prevent a rise of pressure in excess of 6 per cent, when set to operate at the maximum working pressure plus 10 per cent.

(2) A heat-controlling device that will control the fuel supply and prevent the temperature of the heated water from rising in excess of 200 degrees Fahrenheit.

(3) A pressure gauge graduated to at least one and one-half times the allowable working pressure.

(4) An inspector's valved test gauge connection between the pressure gauge and the heater proper.

(5) Where the maximum City water pressure, as determined by the Bureau of Fire Prevention and Public Safety, at any time exceeds the maximum allowable pressure of the heater, a pressure-reducing valve shall be so installed as to reduce the incoming water pressure to that allowable on the heater.

(f) Coil heaters without additional storage capacity and self-contained heaters having a capacity of 45 gallons or less are excluded from the requirements of this ordinance.

(g) Self-contained heaters having a capacity over 45 gallons, equipped as provided in paragraph (e) of this section, are excluded from the requirements of this ordinance provided they conform to the following requirements:

(1) The water volume capacity does not exceed a total of 100 gallons.

(2) The inside diameter of any part or parts subject to internal pressure shall not exceed 30 inches.

(3) In the construction of such self-contained heaters the working stresses specified in this section shall not be exceeded, but in no case shall such heaters be constructed for a pressure of less than 60 pound per square inch.

(4) The exterior of the container of such heaters shall bear a manufacturer's name plate. Such plate shall guarantee compliance with

the requirements of this ordinance, or the manufacturer shall file with the Bureau of Building Inspection a guarantee of such compliance.

(5) The person, firm or corporation installing such self-contained heaters, before installation, shall file with the Bureau of Building Inspection a notification, on form to be supplied by said Bureau, which notification shall state, among other things, the place of installation, the general description of installation and a warranty that the provisions of this ordinance are complied with.

Section 12. (a) Indirect-heated hot-water tnaks shall be built and equipped to conform to the Code of the American Society of Mechanical Engineers as adopted by the Industrial Accident Commission of the State of California and its safety orders. In no case shall the stresses in the longitudinal joints of steel shells, while operating under maximum working pressure plus 10 per cent, exceed: for welded construction, 5000 pounds per square inch of cross section, if single vee welded and/or thickness of shell is less than ¼ inch; 8000 pounds per square inch of cross-section if double vee welded and thickness of shell is ¼ inch or over; for riveted or seamless construction, 11,000 pounds per square inch of net cross-section.

(b) If indirect-heated hot-water tanks are made of other materials than steel, then their construction shall conform to the safety orders of the Industrial Accident Commission of the State of California, but in no case shall the working stresses in the material exceed one-third the yield point.

(c) In no case shall an indirect-heated hot-water tank be installed if constructed for a pressure of less than 60 pounds per square inch.

(d) Whenever an indirect-heated hot-water tank receives its heat or hot water from a coil or from a source of heat making possible a pressure in excess of that for which the tank is built, then such indirect-heated hot-water tank shall be equipped with:

(1) A water relief valve of ample relieving capacity to prevent a rise of pressure in excess of 6 per cent, when set to operate at the maximum working pressure, plus 10 per cent.

(2) If the source of heat supply is high-pressure steam, then a pressure-reducing valve must be installed on the steam line and be set to limit the pressure to that for which the tank is built.

(3) A heat-controlling device that will control the temperature of the water and prevent it from rising above 200 degrees Fahrenheit.

(4) A pressure gauge graduated to at least one and one-half times the allowable working pressure.

(5) Where the maximum City water pressure, as determined by the Bureau of Fire Prevention and Public Safety, at any time exceeds the maximum allowable pressure of the tank, a pressure-reducing valve shall be so installed as to reduce the incoming water pressure to that allowable on the tank.

(e) Indirect-heated hot-water tanks having a water volume capacity of 45 gallons or less are excluded from the requirements of this ordinance.

(f) Indirect-heated hot-water tanks having a water volume capacity in excess of 45 gallons are excluded from the requirements of this ordinance provided they comply with the following requirements:

(1) The water volume capacity does not exceed 100 gallons.

(2) The inside diameter of any part or parts subject to internal pressure shall not exceed 24 inches.

(3) In the construction of such tanks the working stresses specified in this section shall not be exceeded, but in no case shall such tanks be constructed for a pressure of less than 60 pounds per square inch.

(4) Such tanks shall bear a manufacturer's name plate. Such plate shall guarantee compliance with the requirements of this ordinance, or the manufacturer shall file with the Bureau of Building Inspection a guarantee of such compliance.

(5) The person, firm or corporation installing such tanks, before installation, shall file with the Bureau of Building Inspection a notification, on form to be supplied by said Bureau, which notification

shall state, among other things, the place of installation, the general description of installation and a warranty that the provisions of this ordinance are complied with.

Section 13. (a) Pressure tanks shall be built and equipped to conform to the pressure tank safety orders of the Industrial Accident Commission of the State of California.

(b) In no case shall they be so located as to be inaccessible for examination.

Section 14. (a) If for any reason pipe lines connected to appliances are to be tested in excess of one and one-half times the allowable pressure of such appliance, then such lines shall be blanked off from the appliances before the test is made.

Section 15. (a) The certificates to be issued as provided in this ordinance shall in large type specifically declare that it is unsafe to person or property to operate the appliance covered by the permit unless the safety devices specified herein are in place and operative. Such safety devices shall be specifically limited in the certificate to such as secure safety to person and property, and shall exclude any additional appliances as are not essential to such safety.

Section 16. (a) All inspections provided for in this ordinance shall be made by inspectors of boilers of the Bureau of Building Inspection of the Department of Public Works in conformity with the requirements of the Industrial Accident Commission of the State of California. The Superintendent of the Bureau of Building Inspection shall cause a certificate of final completion to be posted on or immediately adjoining the appliance or appliances inspected, and shall supply the owner or his authorized agent with a duplicate copy of same. This certificate shall be on forms furnished by the Department of Public Works, which forms shall state the date of final inspection, the location and description of the appliance or appliances, and shall be countersigned by the inspector of boilers making such inspection. The Bureau of Building Inspection shall file with the Industrial Accident Commission of the State of California, on forms furnished or approved by the Commission, such information in regard to the installations herein provided for as may be required by said Industrial Accident Commission.

Section 17. (a) The Department of Public Works is authorized, and it is its duty, in cases where it has reason to believe that the safety of person or property is endangered by the defective operation of any appliances installed before the passage of this ordinance, to cause an inspection to be made thereof. If such inspection shows that the safety of person or property is endangered by lack of, or failure to operate of, safety devices, then it shall be the duty of the Department of Public Works to shut down such appliances until such safety devices are installed, inspected, and a certificate of final completion issued. Such safety devices are to be limited: for low-pressure boilers, to safety valve or valves and automatic pressure reducer; for direct-fired hot-water heaters, indirect-heated hot-water tanks and pressure tanks, to relief valve or valves.

Section 18. (a) When the Department of Public Works makes, upon request, an inspection of any appliances which do not carry a permit or certificate, then such inspection and each inspection thereafter shall be made only after the payment in advance of the fee herein scheduled shall have been made to the Central Permit Bureau.

Section 19. (a) The provisions of this ordinance shall govern installations owned by the City and County of San Francisco. By proper bookkeeping entries the Bureau of Building Inspection shall be credited with the amount of the fee herein scheduled and the department for which the inspection is made shall be charged therefor.

Section 20. (a) For the purpose of defraying the cost of issuing permits and certificates pursuant to this ordinance, and of making the inspection herein provided, the following fees shall be paid prior to the issuance of such permit, certificate, or of making such inspection:

(1) For high-pressure fire-tube boilers:
Diameter of 12 inches or less.....$ 2.00
Diameter of more than 12 inches, but less than 20 inches 5.00
Diameter of 20 inches or more, but less than 42 inches. 7.00
Diameter of 42 inches or more..... 10.00
(2) For high-pressure water-tube boilers:
Less than 300 square feet of heating surface..... 8.00
Single drum, 300 square feet or more, but less than 5000 square feet of heating surface..... 14.00
More than one drum, 300 square feet or more, but less than 5000 square feet of heating surface..... 20.00
5000 square feet or more of heating surface..... 100.00
(3) For low-pressure steam boilers..... 4.00
(4) For direct-fired hot-water heaters..... 4.00
(5) For indirect-heated hot-water tanks:

Diameter of more than 36 inches..... 25.00

Section 22. (a) All ordinances or parts of ordinances in conflict with this ordinance are hereby repealed in so far as said conflict exists. No inspection shall be made on appliances except as herein provided.

Section 23. (a) In case any section or sections or part of any section of this ordinance shall be found to be unconstitutional or invalid for any reason, the remainder of this ordinance shall not thereby be invalidated, but shall remain in full force and effect.

Section 24. (a) This ordinance shall not be construed as imposing upon the City and County of San Franicsco, or any official or employee thereof, any liability for damages to person or property which may occur from or in connection with any failure of any of the appliances herein named.

Section 25. (a) Any person, firm or corporation violating this ordinance shall be guilty of a misdemeanor, and upon conviction thereof shall be subject to a fine not exceeding $500 or to imprisonment in the County Jail for a period not exceeding six months, or to both said fine and imprisonment; and each day that said violation shall continue shall be deemed a separate offense.

Proposed Charter Amendments.

Dion Holm, Assistant City Attorney, was granted the privilege of the floor and heard as to the necessity of repassing the proposed Charter amendments acted upon on February 14 last.

Ordered Submitted.

Whereupon, the said proposed Charter amendments were taken up and acted upon as follows, to-wit:

CHARTER AMENDMENT NO. 1.

Salary Deductions.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding a new section thereto, to be known as section 70.1, providing for deductions from the salaries of the officers and employees of the City and County during extraordinary economic conditions and authorizing the reducing of budget appropriations otherwise provided by Charter to be made to the various officers and departments of the City and County.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of said City and County, at a special election to be held on the 11th day of April, 1933, a proposal to amend the Charter of said City and County by adding a new section thereto to be designated section 70.1, and which section shall read as follows:

Deductions from salaries and other fixed appropriations in time of extraordinary economic conditions or public emergencies.

Section 70.1. Whenever, in the judgment of the Mayor and the Board of Supervisors, extraordinary economic conditions actually exist due to unemployment, fire, earthquake, flood or other calamity, which adversely affect the life, health and welfare of the citizens of the City and County or of any considerable portion thereof, the Board of Supervisors, by a three-fourths vote of all of its members, with the concurrence of the Mayor, shall have power as follows, to-wit:

Sub. 1. To officially declare that a public emergency exists, and to fix the approximate anticipated time during which said emergency shall continue, provided that no such emergency shall be anticipated to continue beyond the end of the fiscal year during which the same is declared, unless such emergency be declared subsequent to the first day of January of said year, in which event the said emergency may be anticipated to continue until the end of the next succeeding fiscal year.

Sub. 2. To provide that while said emergency as declared shall

continue to exist there shall be deducted from the gross salaries and compensations, exclusive of pension and retirement allowances, of each officer and employee of the City and County of San Francisco, including officers and employees of the Board of Education, not more than the respective amounts hereinafter set forth. Said deductions shall be made on the basis of the salary and compensation rate of said several officers and employees which were in effect during the calendar month immediately preceding the month during which said emergency was declared and not reduced by this section.

If said salary and compensation deductions are not reflected in the annual budget and appropriation ordinances, as set forth in subdivision 3 of this section, the amount of said deductions shall be used for the purpose of meeting or alleviating the emergency which has been declared, or to balance any deficiency existing in the general funds of the City arising by reason of the delinquency in the payment of taxes or other revenue as compared with the anticipated revenues over the same period. Provided that where salaries or compensations are paid out of bond funds, utility funds, or other trust funds, which are not provided from the revenues of the City, all deductions made shall revert to the respective funds from which said salaries or compensations are paid.

The maximum deductions from the salary or compensation of each officer or employee heretofore referred to shall be as follows, to-wit:

(a) From the salaries or compensation of officers or employees whose gross earnings exceed $100 per month and do not exceed $120 per month, three (3) per cent of the amount of the gross monthly earnings of each of said officers or employees.

(b) From the salaries or compensations of officers or employees whose gross earnings exceed the sum of $120 per month and do not exceed the sum of $150 per month, seven (7) per cent of the gross monthly earnings of each of said officers or employees.

(c) From the salaries or compensation of officers or employees whose gross earnings exceed the sum of $150 per month, and do not exceed the sum of $185 per month, ten (10) per cent of the gross monthly earnings of each of said officers or employees.

(d) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of $185 per month, and do not exceed the sum of $275 per month, twelve and one-half (12½) per cent of the gross monthly earnings of each of said officers or employees.

(e) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of $275 per month, and do not exceed the sum of $600 per month, fifteen (15) per cent of the gross monthly earnings of said officers or employees.

(f) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of $600 per month and do not exceed the sum of $834 per month, eighteen (18) per cent of the gross monthly earnings of each of said officers or employees.

(g) From the salaries or compensations of all officers or employees whose gross earnings exceed the sum of $834 per month, twenty (20) per cent of the gross monthly earnings of each of said officers or employees.

(h) Provided, however, that no more than five and one-half (5½) per cent of the gross monthly earnings of per diem employees whose compensations are fixed on the basis of a five-day week shall be deducted from the salaries or earnings of any such employee.

Said deductions shall be made from said earnings or compensations in monthly or semi-monthly installments according to the time at which said salaries or compensations are paid, provided that where the earnings of any officer or employee are on an hourly or per diem basis deductions based on his total earnings for the month shall be deducted from the installment of said earnings paid for the last half of the month.

Sub. 3. Should any such emergency declared as herein provided be anticipated to continue into the next fiscal year following the one

during which said emergency has been declared, the heads of all departments, the Controller and the Mayor, in preparing or submitting their respective annual budget estimates, shall base and estimate the net salaries and compensations to be paid to the officers and employees of their respective departments, or, in the case of the Mayor and the Controller, to be paid to the officers and employees of all departments, at amounts not to exceed the said salaries and compensations as reduced by the above-mentioned percentages on the above-mentioned salary and compensation rates, and the annual appropriation and salary ordinance shall fix said net salaries and compensations accordingly. When any emergency is declared after the annual budget is prepared or adopted, or after the annual appropriation or salary ordinances are enacted, and before the annual tax rate is fixed as provided by law, said budget and said appropriation and salary ordinances may be revised or reenacted, so that the deductions herein authorized to be made may be reflected in the amount of the tax levy.

Sub. 4. All of such deductions, whether made after the passing of the annual budget appropriation and salary ordinance or included therein, shall be deemed as temporary deductions from the salaries and compensations of said officers and employees, and shall be continued only during the anticipated period for which said emergency has been declared.

Sub. 5. In making the deductions herein provided for, the value of board, room and laundry or other maintenance furnished by the City and County to any officer or employee, when the same is made a part of his compensation by the Civil Service Commission, shall be added to the monetary salary or compensation paid to said employee, and the amount of deductions from said salary or compensation shall be based on said monetary salary plus the value of said board, room and laundry or other maintenance, provided that no deduction shall be made for quarters furnished to any officer or member of the Fire Department.

Sub. 6. During the period that any emergency shall exist after being so determined as hereinbefore provided, the Controller, with the approval of the Mayor and the Board of Supervisors, may reallocate any unencumbered balance, or any part thereof, to the credit of any department or office exclusive of moneys or appropriations made or required to be made to any bond, bond interest, bond redemption, pension, utility, or trust fund, so that the same shall be available to meet the necessities of said emergency, irrespective as to whether the amount allocated to said department or office is fixed by this Charter or is the result of a tax provided by said Charter to be levied for said department. Should the period during which said emergency is anticipated to exist extend beyond the end of the fiscal year in which the same was declared to exist, the Mayor, with the approval of the Board of Supervisors, may reduce the amount of any mandatory appropriation provided to be allocated to any office or department; or may reduce the amount of any tax provided by the Charter to be levied for the support or maintenance of any department or office. Provided that no such deduction in appropriation, provided by this Charter to be made to any department, or in the reallocation of funds, or reduction in the amount of said tax otherwise provided to be levied to produce funds for any department, shall be greater than is necessary to reflect the deductions in salaries provided in this section to be made by reason of said emergency.

The provisions of this section shall have precedence over conflicting provisions of this Charter, but nothing herein contained shall adversely affect the rights of the officials and employees as set forth in Section 71 of the Charter, during the period when no public emergency exists. Contributions by the City and County and by members of the San Francisco City and County Employees' Retirement System to, and benefits, pension payments and allowances under said Retirement System, shall be calculated on the basis of gross salaries and compensations of such members in the same manner and amounts as if

no deductions from said gross salaries and compensations were made under this section.

Within ten days after this amendment becoming effective, the Board of Supervisors and the Mayor shall officially declare, by resolution, that a public emergency exists in San Francisco within the meaning of this section; and that it is anticipated that said emergency will continue until the end of the fiscal year 1933-1934, and the deductions from salaries and compensations at the maximum rates herein provided shall be effective until the end of said fiscal year.

Should any emergency be declared pursuant to the provisions of this section, which will be effective after the end of the fiscal year 1933-1934, which, in the judgment of the Board of Supervisors, will necessitate deductions from the salaries of the officers and employees of the City and County, over and above the amounts herein provided for, the Board of Supervisors, by unanimous vote of all of its members, and with the approval of the Mayor, may authorize a further deduction from the salaries and compensations of any of said officers and employees by increasing the maximum deductions in this section provided for, up to and including an amount not to exceed twenty-five (25) per cent of said respective salaries or compensations as the same existed before any deduction by authority of this section.

CHARTER AMENDMENT NO. 2.

Fire Department Retirement System.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Section 169 thereof, providing for retirement allowances of certain employees of the Fire Department and for contributions by said employees to the San Francisco City and County Employees' Retirement System.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of said City and County at a special election to be held on the 11th day of April, 1933, a proposal to amend the Charter of said City and County by amending Section 169 of said Charter.

Section 169 of the Charter of the City and County of San Francisco is hereby amended to read as follows:

Section 169. Persons who are members of the Fire Department on the 8th day of January, 1932, shall become members of the retirement system on that date, subject only to the following provisions, in additions to the provisions contained in sections 158 to 163, both inclusive, of this Charter:

(a) Any member of the Fire Department who shall have completed twenty-five years of actual service as a member of the Fire Department next preceding the date of his retirement, or any member of the Fire Department who shall have reached the age of fifty-five years and shall have completed twenty years of actual service as a member of the Fire Department next preceding the date of his retirement, may retire from service at his option. Any member of the Fire Department who shall become physically disabled by reason of any bodily injury received in the performance of his duty may be retired from service on satisfac-

tory proof thereof. The Retirement Board, by unanimous vote, may retire from service any aged, disabled or infirm member of the Fire Department who has arrived at the age of sixty years and who has completed twenty years of actual service as a member of the Department next preceding such age, who may be ascertained to be, by reason of such age, infirmity or other disability, unfit for the performance of his duties. Such retired member shall receive a monthly pension, payable throughout his life, equal to one-half the amount of the salary attached to the rank held by him three years prior to the date of his retirement, hereinafter referred to as "pension" in this and the following sections; provided, that where such retirement is based on disability alone, in case the disability of such member shall cease, his pension shall cease, and he shall be restored to service in the rank he occupied at the time of his retirement. Should any said retired member die leaving a widow, who shall have been married to the decedent at least one year prior to the date of his retirement, such widow shall, as long as she may live and remain unmarried, be paid said pension; provided further, that should said widow die leaving a child or children under the age of sixteen years, said pension shall continue to be paid to such child or such children collectively until the youngest child arrives at the age of sixteen years; and provided, further, that should said retired member die leaving no widow but leaving an orphan child or children under the age of sixteen years, such child or children collectively shall receive said pension until the youngest child attains the age of sixteen years.

(b) The family of any member of the Fire Department who shall die as a result of any injury received during the performance of his duty or from sickness clearly, unmistakably and directly caused by and resulting from the discharge of such duty, or while eligible to a pension on account of years of service in the department, or who has had twenty years of actual service in the department and attained the age of fifty-five years, shall receive the following benefits:

First, should the decedent leave a widow to whom he was married prior to the date of the injury resulting in death, his widow shall, as long as she may live and remain unmarried, be paid a monthly pension equal to one-half of the salary attached to the rank held by the decedent at the time of his said injury, provided, however, that should said widow die, leaving a child or children under the age of sixteen years, said pension shall continue to such child or children collectively until the youngest child arrives at the age of sixteen years.

Second, should the decedent leave no widow, but leave an orphan child or children under the age of sixteen years, such child or such children collectively shall receive said pension until the youngest child attains the age of sixteen years.

Third, should the decedent leave no widow and no orphan child or children, but leave a parent or parents dependent solely upon him for support, such parents so depending shall collectively receive said pension during such time as the retirement board may unanimously determine its necessity.

(c) When any member of the department shall die before retirement, and when no pension is payable to his widow or children, there shall be paid to his estate or beneficiary a death benefit, the amount of which and the conditions for the payment of which shall be determined in the manner prescribed by the Board of Supervisors for the death benefit of other members of the retirement system.

(d) In addition to the other contributions required of the City and County under the retirement system, the City and County shall contribute to the retirement system during each fiscal year, a sum which, together with the members' contributions provided for in subdivision (f) of this section, shall be equal to the liabilities accruing under the retirement system because of service rendered during such year by persons who are members under this section. If subsequent to such fiscal year it shall be determined that such contribution by the City and County, together with the members' contributions, was not sufficient to

meet such liability, then the City and County shall make such additional contribution as may be necessary to make up the deficit.

(e) No benefits shall be provided under the retirement system for, nor shall any contributions be required of, persons who become members of the retirement system under this section, in addition to the benefits specially provided and contributions specifically required in this section. Any pension payable because of the death or retirement of any of such persons shall be reduced in the manner fixed by the Board of Supervisors, by the amount of any benefits payable to or on account of such person, under the Workmen's Compensation Insurance and Safety Law of the State of California. Any increase or decrease of the salaries of members of the Fire Department shall not in anywise affect the pensions being paid to persons retired prior to such change, or to any widow, child, children or parents who are receiving a pension at the time of such change.

(f) Each person who is a member of the retirement system under the provisions of this section shall contribute each month to the retirement system, commencing on July 1, 1934, four per cent of his gross salary before deduction for any reason other than absence from duty, to be applied on the cost of the benefits at death or retirement provided for him under this section. Should any person who is a member under the provisions of this section be separated from City service through any cause other than death or retirement, then all of his contributions, with interest, shall be refunded to him under such conditions as may be fixed by the Board of Supervisors for the refund of accumulated contributions of other members of the retirement system.

CHARTER AMENDMENT NO. 3.

Fire Marshal and Chief Deputy Fire Marshal.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by amending Section 37 thereof providing for the positions of Fire Marshal and Chief Deputy Fire Marshal.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of said City and County, at a special election to be held on the 11th day of April, 1933, a proposal to amend the Charter of said City and County by amending Section 37 of said Charter to read as follows:

Fire Marshal.

Section 37. The Fire Commission shall appoint a Fire Marshal and a Chief Deputy Fire Marshal, said appointments to be made from the uniformed rank of the Fire Department, said appointments to be made, and said appointees to hold their respective positions, in conformity with the Civil Service provisions of this Charter, provided, however, that the incumbent in the position of Fire Marshal and the incumbent in the position of Chief Deputy Fire Marshal, at the time this amendment is ratified by the State Legislature, if they have held their respective positions for one year continuously prior thereto, shall be deemed appointed to their respective positions under the

Civil Service provisions of said Charter, and shall thereafter be entitled to all the benefits of said provisions to the same extent as if said persons had been appointed to said positions after examination and certification by said Civil Service Commission. Said incumbents shall also, upon the ratification of this amendment, become members of the San Francisco City and County Employees' Retirement System subject to all the provisions of Section 169 of the Charter and with all the rights, privileges and benefits of the members of the Fire Department who were such on the 8th day of January, 1932.

The Fire Marshal shall investigate the cause, origin and circumstances of every fire occurring in the City and County, for the purpose of ascertaining whether said fire was accidental or of criminal origin, and shall keep a record of the result of said investigations. If, after said investigation, he shall be of the opinion that any fire was of criminal origin he shall take the requisite proceeding to cause the apprehension and arrest of any person or persons whom he may believe to have been responsible for said fire and shall request the District Attorney to prosecute said persons for any public offense they may have committed in connection with said fire.

The Board of Supervisors may empower the Fire Marshal to sell property saved or salvaged from any fire and for which no owner can be found. Said Fire Marshal may prohibit the disturbance or removal of any property or substance from or upon any building or property where a fire has occurred until the completion of the investigation as herein provided. The Fire Marshal may call upon police officers to assist in the protection or salvaging of property and shall have such other powers and duties as by ordinance may be prescribed relative to the protection of property at fires and the storage of property salvaged therefrom. He shall have such duties appertaining to the enforcement of laws relative to the transportation, storage, sale and use of inflammable liquids, combustible materials and explosives as the Fire Commission by rules, or the Supervisors by ordinance, may prescribe.

In the absence or inability of the Fire Marshal to act, the Chief Deputy Fire Marshal shall perform the duties and functions of his office.

The compensation of the Fire Marshal and the Chief Deputy Fire Marshal shall be fixed in the same manner as the salaries of those other officers and employees of the City and County whose compensations are not fixed by this Charter.

Ordered submitted by the Board of Supervisors February 27, 1933.

CHARTER AMENDMENT NO. 4.

Pilots and Marine Engineers on Fire Boats to Be Included in Retirement System.

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco, State of California, to amend the Charter of said City and County by adding to Section 169 of said Charter a new subdivision to be known as subdivision (g), providing that pilots and marine engineers employed on January 8, 1933, on the fire boats in the San Francisco Fire Department, shall be entitled to the benefits and subject to the contributions provided under the San

Francisco City and County Employees' Retirement System, by Section 169 of the Charter, for other members of the Fire Department.

The Board of Supervisors of the City and County of San Francisco hereby submits to the electors of said City and County, at a special election to be held on Tuesday, the 11th day of April, 1933, a proposal to amend the Charter of said City and County by amending Section 169 of said Charter by adding thereto a new subdivision to be known as subdivision (g) and reading as follows, to-wit:

(g) For the purposes of this section, pilots and marine engineers employed on January 8, 1933, on the fire boats in the San Francisco Fire Department, shall be considered members of said Fire Department on and after the effective date of this amendment, notwithstanding the provisions of Section 162 of the Charter, and shall thereafter receive benefits from, and make contributions to, the Retirement System as provided in Section 169 of said Charter. Accumulated contributions standing to the credit of each of the above-mentioned pilots or engineers in the Retirement System shall be retained by such system, and in the event of his separation from City service through any cause other than death or retirement, refunded to him under such conditions as may be fixed by the Board of Supervisors for the refund of accumulated contributions of other members of the Retirement System, or otherwise applied on the cost of the benefits at death or retirement provided for him under this section, the balance of such cost to be contributed by the City and County to the Retirement System, as provided in this section.

Persons hereafter appointed to either the position of pilot or marine engineer of fire boats shall not be subject to the age qualifications provided for entrance positions in the uniformed force of the Fire Department.

Ordered submitted by the Board of Supervisors February 27, 1933.

Payment of Salaries of Relief Workers.

Supervisor Havenner asked that someone be present at any time today to explain why relief workers who have to investigate relief cases have not been paid salaries since the middle of January. He asked that someone from the Controller's office be asked to explain.

Charles Wollenberg, Director of Relief, was granted the privilege of the floor. He admitted that the relief workers had not been paid for several months, but that arrangements were being made through one of the banks to take care of the situation. "However," he said, "something should be done to provide for future payments."

Supervisor Miles announced that the Finance Committee would meet and consider the matter Thursday at 3:30 p. m.

State Legislation Affecting San Francisco.

(Code No. 5.3)

Supervisor Peyser presented:

Resolution No. 650, as follows:

Resolved, That the chairman of the Finance Committee and the chairman of the Legislative Committee of the Board of Supervisors, the City Attorney or his representative, and the Controller or his representative, be and they are hereby authorized to represent the City and County of San Francisco on the hearing before committees of all bills and constitutional amendments now pending or hereafter introduced in the present session of the State Legislature which in any way affect the revenues of the City and County of San Francisco or have to do with the taxation of property therein.

Referred to the Judiciary Committee.

Motion.

Supervisor Gallagher moved, in lieu of Resolution No. 650, which was referred to the Judiciary Committee, that the Chairman of the Finance Committee, the Chairman of the Legislative Committee, the City Attorney or his representative and the Controller or his representative, be authorized to go to Sacramento, listen to the proposals made affecting taxation upon the City and County of San Francisco, and to report their opinions and findings thereon to the Board at the earliest possible date, and that they be considered absent from the City on official business and that their expenses therefor be allowed.

So ordered.

Instructions to Representatives of San Francisco Regarding Riley Tax Plan.

SUPERVISOR HAVENNER: I would suggest that if a determina-

tion is imminent at tomorrow night's meeting, that the representatives of the Board of Supervisors in Sacramento be instructed to oppose those features of the Riley tax plan which would entail a public tax on publicly owned utilities.

SUPERVISOR GALLAGHER: That is already of record.

SUPERVISOR HAVENNER: And to bring the matter before the Board I would move further that the question of equalizing taxes upon public utility corporations be considered in advance of the so-called Riley tax plan.

SUPERVISOR CANEPA: I second the motion.

So ordered.

Mayor Requested to Appoint Committee to Properly Celebrate Columbus Day.

(Code No. 5.92)

Supervisor Canepa presented:

San Francisco Chronicle Thanked for Sponsoring Dedicatory Services for San Francisco War Memorial.

(Code No. 5.92)

Supervisors Canepa and Miles presented:

Resolution No. 646, as follows:

Whereas, on February 22, 1933, the 201st anniversary of the birth of George Washington, the dedicatory services for the San Francisco War Memorial were held by the veterans of San Francisco, under the auspices and sponsorship of the San Francisco Chronicle; and

Whereas, this triumphant celebration was most fitting in character, complete in every detail, and perfectly administered; therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby extend its grateful acknowledgment to the San Francisco Chronicle for this memorable achievement; and be it

Further Resolved, That a copy of this resolution be forwarded to the publisher and editor of the San Francisco Chronicle.

Adopted by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, Miles, Power, Roncovieri, Shannon, Spaulding, Stanton—13.

Temporary Garbage Disposal.

Supervisor Shannon presented a communication from John P. Holland, Inc., declaring that the Scavengers' Protective Union has discontinued use of his equipment in unloading and handling refuse of San Francisco, and that the said City and County will suffer a loss of approximately $30,000 invested in equipment for this purpose, and offering to handle the City refuse for $1 per ton, taking over the bunkers of the Southern Pacific Company, complying with all demands of said company, and furnish a bond for faithful performance.

Chief Administrative Officer Alfred J. Cleary was heard on above subject, declaring, among other things, that he would insist that the work be done in a sanitary and inoffensive manner.

Referred.

Thereupon, the foregoing communication was *referred to the Health Committee.*

Recommending Investigation of Handling of Attendance at Corbett-Fields Boxing Contest, Seals Stadium, February 22, 1933. (Code No. ——)

Supervisor Gallagher presented:

Resolution No. 647, as follows:

Whereas, on the occasion of the holding of the Corbett-Fields boxing contest on February 22, 1933, at the Seals Stadium, handling and treatment of our citizens has been the cause of most vigorous protest and bitter complaint; and

Whereas, thousands of men and women (many of whom had purchased tickets in advance) were forced to remain on the sidewalks and street in front of said stadium, with the result that men and women fainted, and that in an angry protest some five hundred persons (according to newspaper reports) crashed the gate or gates, and a condition approaching a near riot occurred; and

Whereas, charges are made that this condition was purposely created by the management to induce the purchase of higher rather than the lowest priced seats, and that there were at 2:15 p. m. on that day thousands of unoccupied seats priced at $1.15; and

Whereas, it is further charged that because of this unusual and apparently unnecessary condition many citizens were not admitted until after the preliminary contests were over, and some citizens who held tickets purchased in advance were not admitted at all, as is evidenced by the fact that the management caused to be published a notice that unused tickets would be redeemed; and

Whereas, Seals Stadium is advertised to be the most modern institution of its kind in the West, and has been known to comfortably handle over 20,000 people; and

Whereas, it is stated that the management of the said contest was furnished with ample police protection for the orderly and comfortable handling of the expected attendance; and

Whereas, the management of the contest knew in advance what might be expected in the way of a crowd, and it was their obvious duty to be ready to care for our people as they deserve to be cared for, instead of being treated as so many cattle; and

Whereas, either the arrangements for the reception of the public were apparently hopelessly inadequate or something worse was the case; and

Whereas, it is the duty of this Board of Supervisors and the State Boxing Commission, in the interest of public welfare, to compel any and all persons, associations, etc., to keep faith with patrons of these affairs, and the public has no redress unless the constituted authorities take steps to punish all who may be liable for mismanagement and bad faith in the premises; now, therefore, be it

Resolved, That the Public Welfare Committee of this Board of Supervisors is hereby instructed to make a thorough investigation of these complaints and charges of mismanagement, and to that end this Board hereby clothes them with the authority to require the attendance, by subpoena, or other means, of the following: Messrs. George A. Putnam and Ancil Hoffman; Lawrence White, manager for Young Corbett III; gatekeepers employed by the management; Chief of Police William J. Quinn and Captain Frederick Lemon, of the San Francisco Police Department, and the subordinate officers in charge of the police detail; the officer in charge of the mounted patrol, and any and all citizens who may have complaint or information to offer on the subject; and be it

Further Resolved, That, if necessary, said committee hold night meetings to accommodate citizens who wish to appear; and be it

Further Resolved, That if the said committee should find that the public was mishandled or mistreated on said occasion, that said committee consider the recommending of the revocation, not only of the boxing permits for said stadium, but all other permits issued therefor

until satisfactory evidence is adduced of the ability of said management of the Seals Stadium to accord to their patrons the treatment they have a right to expect.

Respectfully submitted,

ANDREW J. GALLAGHER.
JAMES B. McSHEEHY.

Referred to Public Welfare Committee.

ADJOURNMENT.

There being no further business, the Board at 7:10 p. m. adjourned.

J. S. DUNNIGAN, Clerk.

Approved by the Board of Supervisors March 13, 1933.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, MARCH 6, 1933, 2 P. M.

In Board of Supervisors, San Francisco, Monday, March 6, 1933, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding—13.

Absent—Supervisors McSheehy, Stanton—2.

Quorum present.

His Honor President Hayden presiding.

APPROVAL OF JOURNAL.

The Journal of Proceedings of the meeting of February 20, 1933, was considered read and approved.

Supervisors' Budget, 1933-1934.

Supervisor Miles, chairman of the Finance Committee, presented a budget estimate of supervisorial expenses for 1933-34, amounting to $93,780, which was adopted and ordered sent to Mayor Rossi and Controller Leavy.

Supervisor Miles explained by saying there is in personal services a reduction of $6,920, which was made by transferring one clerk at $2,400 a year and omitting four Supervisors next January, when the Charter will reduce the number of Board members from 15 to 11. A subvention of $1,950 to the State Board of Equalization, paid this year, will not appear in next year's budget.

SPECIAL ORDER—3 P. M.

Milk Ordinance.

The following matter, heretofore presented by Supervisor Spaulding but refused recommendation by the Health Committee, was taken up:

(Code No. 17.05)

Bill No. 251, Ordinance No. 17.051, as follows:

Regulating all traffic in milk, cream and milk food products, the production, handling, processing, distribution, labeling, sale and offering for sale in the City and County of San Francisco of milk, cream and milk food products; providing for the issuance and revocation of permits therefor; fixing standards and definitions for milk, cream and milk food products; providing for inspection of all premises used in the production, handling, distributing, processing, sale or offering for sale of milk, cream and milk food products in said City and County; enforcing the tuberculin testing of all dairy cattle producing milk for consumption in said City and County; providing for the examination

of all employees engaged in the production and processing of milk, cream and milk food products; authorizing the Director of Public Health of the City and County of San Francisco to enforce the provisions of this ordinance, and providing penalties for the violation thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Director of Public Health of the City and County of San Francisco is hereby authorized to regulate and control the production of and the traffic in milk, cream and milk food products in the said City and County, and of all milk and cream produced in other counties for consumption in the City and County of San Francisco; to provide for the inspection of milk, cream and milk food products in said City and County and to enforce the provisions of this ordinance.

Section 2. Wherever in the ordinance the following words, terms or names are used, they shall be construed as follows:

Subdivision 1. Pasteurizing Plant: Any place or establishment devoted to the processing, handling, distributing and sale of milk, cream and milk food products as such products are set forth and defined herein is deemed to be a pasteurizing plant within the meaning of this ordinance.

Subdivision 2. Dairy Farm: Any place or premises upon which milk is produced for sale or distribution is a dairy farm within the meaning of this ordinance.

Subdivision 3. The word "person" as used in this ordinance shall be construed to mean both the singular and plural, as the case demands, and shall include individuals, corporations, companies, societies and associations. When construing and enforcing the provisions of this ordinance, the act, omission or failure of any employee, officer, agent or other person acting for or employed by any individual, corporation, company, society or association, within the scope of his employment or office, shall in every case also be deemed to be an act, omission or failure of such individual, corporation, company, society or association, as well as that of the person. The provisions of this ordinance shall be construed to apply to hotel keepers, restaurant keepers and boarding house keepers and any person who shall serve meals to the public.

Subdivision 4. Score Card: The official score card for pasteurizing plants and dairy farms shall be the score card adopted by the Director of Public Health and the minimum standard of rating shall be in accordance with said score card.

Subdivision 5. Market milk or cream, wherever such terms are used in this ordinance, shall be construed to mean milk or cream in their natural fluid state, as prepared for human consumption, without being converted into any other form or product.

Subdivision 6. Milk is the fresh, clean, lacteal secretion obtained by the complete milking of one or more healthy cows properly fed and kept, excluding that obtained within 18 days before and 8 days after parturition, free from foreign substances detrimental to its quality or to the quality of the products prepared therefrom, and contains not less than three and four-tenths (3.4) per cent of milk fat and not less than eight and five-tenths (8.5) per cent of solids not fat. Nothing stated in this subdivision shall be construed as prohibiting the standardization of milk at a uniform fat content of not less than three and four-tenths (3.4) per cent of milk fat. In the standardization of Grade A pasteurized milk, the milk and cream used for the enrichment of said milk shall be of the same grade.

Subdivision 7. Cream: Cream is that portion of milk rich in milk fat, which rises to the surface of milk on standing, or is separated from it by centrifugal force, is fresh and clean, and contains not less than eighteen (18) per cent of milk fat and not more than eight (8) per cent of milk solids not fat in cream containing eighteen (18) per cent of milk fat and correspondingly less solids for greater percent-

ages of milk fat. Cream shall have been produced from nonreacting tuberculin tested cows, shall be pasteurized and shall otherwise conform to the rules and regulations adopted by the Director of Public Health of the City and County of San Francisco. Cream for manufacturing purposes may be repasteurized not exceeding once.

Sour market cream is clean market cream which has been fermented by the action of one or more strains of lactic acid bacteria, such that the product contains a distinct acidity, but which otherwise conforms to all the requirements for market cream. This product may be sold under the designation "sour market cream."

Subdivision 8. Ice Cream: Ice cream is a frozen product made with pure, sweet milk, cream, skim milk, condensed milk, condensed skim milk, dried milk, dried skim milk, wholesome sweet butter made from sweet cream, pure milk fat, or any combination of any such products, with or without sweetening, and with or without the use of harmless flavoring and coloring, and containing not less than ten (10) per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Fruit Ice Cream: Fruit ice cream is ice cream which contains not less than eight per cent of milk fat and not less than three per cent by weight of clean, mature, sound fruit or the juice thereof, with or without the use of harmless flavoring and coloring and containing not more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Nut Ice Cream: Nut ice cream is ice cream which contains not less than eight per cent of milk fat and not less than one per cent by weight of sound, non-rancid nut meats, with or without the use of harmless flavoring and coloring and containing not more than six-tenths of one per cent of pure, harmless, edible vegetable gum or gelatin.

When sold by manufacturer, distributor or retailer, ice cream shall not contain non-pathogenic bacteria in excess of fifty thousand (50,000) per gram.

Subdivision 9. Ice Milk: Ice milk is a frozen product made with pure sweet milk, evaporated or condensed milk, evaporated or condensed skim milk, dry milk, dry skim milk, pure milk fat or wholesome sweet butter made from sweet cream, or any combination of such products, with or without sweetening, clean, wholesome eggs or egg products, and with or without the use of harmless flavoring and coloring. Ice milk shall contain not less than four per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin. Ice milk when sold by the manufacturer shall contain not more than 50,000 non-pathogenic bacteria per gram.

All containers of ice cream shall be conspicuously labeled and vehicles conveying ice milk and places where ice milk is sold shall display a conspicuous sign containing the words "Ice Milk Sold Here" in letters not less than six inches high, and no person shall use the name "Ice Cream" in connection therewith either orally or written.

Subdivision 10. French ice cream, French custard ice cream, cooked ice cream, ice custards, parfaits and all similar frozen products are varieties of ice cream which shall contain not less than ten per cent of milk fat and not less than five dozen of clean, wholesome egg yolks, or one and five-tenths pounds of wholesome, dry egg yolk containing not to exceed seven per cent of moisture, or three pounds of wholesome frozen egg yolk containing not to exceed fifty-five per cent of moisture, or the equivalent of egg yolk in other form, for each ninety pounds of ice cream mix, and which shall otherwise conform to the regulations promulgated by the Director of Public Health.

French ice cream or custard ice cream shall not contain at the time of delivery to ultimate consumer more than 50,000 non-pathogenic bacteria per gram.

Subdivision 11. Goat's Milk: Goat's milk is the unadulterated fresh, clean, lacteal secretion, free from colostrum, obtained by the complete milking of one or more healthy goats, properly fed and

housed, free from tuberculosis and contagious abortion as determined by a veterinarian in the employ of the Department of Public Health or approved by the State Department of Agriculture. The rules and regulations governing the production, distribution, sale, handling and processing of goat's milk shall be the same as those set forth in this ordinance as governing the production, sales, handling, distribution and processing of cow's milk.

Subdivision 12. Buttermilk: Buttermilk is the product that remains when butter is removed from milk or cream in the process of churning and to which milk or cream no preservative or neutralizer has been added. Buttermilk to which water has been added is hereby declared adulterated and shall not be sold for human consumption.

Cultured buttermilk is pasteurized milk or pasteurized skim milk, or a combination thereof, with or without an admixture of buttermilk, which has been treated with special cultures of lactic acid bacteria, so that the product somewhat resembles buttermilk in appearance, composition and flavor. Cultured buttermilk must be so labeled as to distinguish it from natural buttermilk.

Subdivision 13. Unlawful to Sell Skimmed Milk Not Properly Labeled: It shall be unlawful for any person, firm or corporation to sell, exchange or deliver, or to offer for sale, exchange or delivery, or to cause or permit to be sold, exchanged or delivered, or to be offered for sale, exchange or delivery, or to have in possession for sale, exchange or delivery in the City and County of San Francisco any milk from which any part of the cream shall have been removed, or any skimmed milk, unless the same be offered for sale and sold as skimmed milk, or unless there shall be attached to the outside of every vessel, can or package from or in which such skimmed milk is sold or held for exchange or delivery, a tag upon which shall be printed in black letters at least one inch in height the word "skim" or the words "skimmed milk."

Skim milk shall contain less than 3 per cent of milk fat and not less than 8.8 per cent of solids not fat. Skim milk other than that used in manufacturing, shall be pasteurized in accordance with the method set forth in this ordinance. Said pasteurized skim milk shall be labeled accordingly.

Milk or skim milk, properly pasteurized and combined with fruit or fruit juices, chocolate, chocolate syrups or other harmless syrups, with or without the addition of harmless colorings, may be used in the manufacture and sale of soft drinks under a trade name; provided said trade name does not contain the words "milk" or "cream" or any other word resembling milk or cream; and provided further, that said product shall be so colored or contain ingredients that cause it to look unlike milk or cream or any product thereof.

Subdivision 14. Adulterated, Impure, Unhealthy and Unwholesome: The terms adulterated, impure, unhealthy and unwholesome, when applied to milk, as used in this ordinance, mean:

First: Milk containing less than three and four-tenths (3.4) per cent of milk fat and less than eight and five-tenths (8.5) per cent of solids not fat.

Second: Milk drawn from cows within eighteen (18) days before or eight (8) days after parturition.

Third: Milk drawn from cows fed on any unhealthful or unwholesome food.

Fourth: Milk drawn from cows kept in an unhealthy or insanitary condition, or from cows affected with any form of disease, or from cows which are supplied with impure or unwholesome water.

Fifth: Milk from which any part of the cream has been removed.

Sixth: Milk which has been diluted with water or with any other fluid, or to which has been added or into which has been introduced any foreign substance whatever.

Seventh: Milk drawn from cows that are in a state of filth and uncleanliness or by milkers who are themselves in a condition of filth and uncleanliness or otherwise physically unfit.

Eighth: Any milk which is shown by analysis to contain any substance or substances of any character not normal constituents of milk, or to have been deprived either wholly or in part of any constituent naturally or normally contained in milk.

Ninth: Any milk which has been processed in any insanitary pasteurizing plant, or produced on any insanitary dairy farm or factory of dairy products, or other insanitary place, or which has been handled in an insanitary manner, is hereby declared to be impure and unwholesome and must not be sold for human consumption.

Tenth: Milk from cows which have not passed the tuberculin test. Such milk must be kept in a distinctive container plainly marked with the words "Unfit for human consumption."

Section 3. Unfit Milk Defined:

Subdivision 1. All milk, excepting that which is consigned in bulk to the wholesale trade, and certified milk, Grade "A" pasteurized milk, and manufacturing milk, is hereby declared unfit for human consumption, and it shall be unlawful to offer or expose for sale or for exchange any such unfit milk.

Subdivision 2. Milk shall be graded as follows: Certified milk, Grade "A" pasteurized milk, manufacturing milk and milk unfit for consumption.

Subdivision 3. Certified Milk: Certified milk is milk produced and certified to by the Milk Commission of the San Francisco County Medical Society as required by Section 3, Subdivision 9, of this ordinance. It must come from a dairy herd that shall consist solely of cows which have passed the tuberculin test in the manner prescribed by said Milk Commission. It must not contain more than 10,000 nonpathogenic bacteria per milliliter of milk, which standard must be attained solely by measures directed towards cleanliness, proper cooling and prompt delivery. Certified milk must contain not less than three and five-tenths (3.5) per cent of milk fat and a minimum of solids not fat of eight and five-tenths (8.5). Certified milk must be handled and delivered in sealed containers and on ice within thirty hours after its production and in the manner directed by said Milk Commission. The dairy farm milk room, milkers and dairy utensils, etc., must all conform to the requirements of the said Milk Commission.

Subdivision 4. Grade "A" Pasteurized Milk: No person, firm or corporation shall sell or exchange, or offer or expose for sale or exchange, as and for Grade "A" Pasteurized Milk, any milk which does not conform to the rules and regulations and the methods and standards for production, processing and distribution of Grade "A" Pasteurized Milk adopted by the Director of Public Health of the City and County of San Francisco.

Grade "A" Pasteurized Milk shall conform to the following requirements: It shall be the produce of healthy cows as determined by physical examination at least once in two months by a veterinarian under the supervision of the Director of Public Health of the City and County of San Francisco and by the tuberculin test by such veterinarian, or by a veterinarian approved by the State Department of Agriculture, and from dairy farms scoring not less than 75 per cent on the score card approved by the Director of Public Health of the City and County of San Francisco. The tuberculin test must be repeated annually if no reacting animals are found in the herd. If reacting animals are found, they must be removed from the herd immediately and the tuberculin test repeated in six months, provided that in the first test the percentage of reacting animals found is less than 10 per cent of the herd. If the percentage of reactors found is greater than 10 per cent, the tuberculin test must be repeated in ninety days.

All cows are to be fed, watered, housed and milked under conditions approved by the Director of Public Health.

All persons who come in contact with the milk must exercise scrupulous cleanliness and must not harbor the germs of typhoid fever, tuberculosis, diphtheria or other communicable diseases transmissible

by milk. Absence of such diseases shall be determined by bacteriologic and physical examination to the satisfaction of the Director of Public Health.

Grade "A" Raw Milk from the dairy farm shall be delivered in sterile containers to the pasteurizing plants located in the City and County of San Francisco, and is to be kept at a temperature of fifty degrees Fahrenheit, or below, until it reaches the pasteurizing plant, when it must not contain more than one hundred and fifty thousand (150,000) non-pathogenic bacteria per milliliter.

Grade "A" Pasteurized Milk must not contain more than fifteen thousand (15,000) non-pathogenic bacteria per milliliter at the time of delivery to the ultimate consumer.

Subdivision 5. Manufacturing Milk: Milk containing more than one million non-pathogenic bacteria per milliliter obtained from dairy cows in no way unfit for the production of milk for use by man as determined by physical examination at least once in six months by a veterinarian in the employ of the Department of Public Health shall be known as manufacturing milk and shall not be sold for human consumption as market milk.

Dairy farms producing manufacturing milk shall be conducted in such a manner as not to endanger the public health. Dairy barns and milk houses on said farms shall be thoroughly cleansed at least once a day. Utensils and equipment shall be efficiently sterilized after each using.

Manufacturing milk may be used wholly or in part in the manufacture of foodstuffs, provided that during the process of manufacture or immediately prior thereto said milk is subjected to a temperature of 145 degrees Fahrenheit for thirty consecutive minutes, and provided further, that for every degree above 145 degrees Fahrenheit the time during which such temperature must be maintained may be decreased by one minute. The time for maintaining such temperature shall in no case be less than five minutes except for milk that is re-pasteurized for manufacturing purposes. Re-pasteurized milk shall not be sold as market milk.

Subdivision 6. Milk not suitable for human consumption may be sold for industrial purposes, provided it is heated to a higher temperature than necessary for pasteurization, and delivered in a distinctive container plainly marked with the words "Not suitable for human consumption" in letters not less than one-quarter inch in length and one-twelfth stroke. Such milk must not be transported on a vehicle carrying milk for human consumption.

Subdivision 7. Milk for pasteurization must be kept at a temperature below fifty (50) degrees Fahrenheit up to the time of delivery to the pasteurization plant and rapidly cooled after pasteurization to a temperature of fifty (50) degrees Fahrenheit or below, and so maintained to the time of delivery to the ultimate consumer.

Subdivision 8. Method of Pasteurization: Pasteurizing of milk consists of the heating of every portion of the milk to not less than one hundred and forty (140) degrees Fahrenheit nor more than one hundred and forty-five (145) degrees Fahrenheit and maintaining same at that temperature for thirty (30) minutes, and immediately cooling thereafter to a temperature of fifty (50) degrees Fahrenheit.

All milk, except certified, intended for human consumption in San Francisco shall be pasteurized in San Francisco in accordance with the method set forth herein.

Each pasteurizing plant shall be equipped with a sufficient number of self-registering devices to accurately record the temperature to which and the length of time for which the pasteurized product has been heated. Such record shall be kept for two months and be available for inspection by the Director of the State Department of Agriculture or any of his agents.

Subdivision 9. The class or grade of all milk or cream sold, except in bulk to the wholesale trade, and the name and address of the producer or distributor (who shall be responsible for the quality of the

contents and correct labeling as required by this ordinance) shall at all times appear plainly and in a conspicuous place, or be securely attached to every bottle, cap, can or container. Milk sold or exchanged, or offered or exposed for sale or exchange, as and for graded milk under the designation, label or other representation of Grade "A" Market Milk Pasteurized shall have the name of the grade and whether raw or pasteurized marked on the container or cap of the container in capital letters not less than one-eighth (⅛) inch high and one-sixteenth (1/16) inch wide; and provided, however, that milk not suitable for human consumption shall be plainly marked "Unfit for human consumption" as provided in Section 3, Subdivisions 5 and 6, of this ordinance.

No distinguishing names, marks or words other than those specified in this ordinance shall appear on any bottle, cap, can or container to signify or describe the quality or in any other way distinguish the milk or cream contained therein from similar products of the same class or grade.

No wording except that necessary to describe the quality or grade of milk or cream shall appear on the cap, bottle, can or other container of milk or cream. No wording shall appear on the cap, can, bottle or other container except that prescribed in this ordinance.

Subdivision 10. All utensils, equipment and apparatus used in the production, handling and processing of milk, cream and milk food products shall be thoroughly cleaned and sterilized each time before using, and shall be so constructed that all parts are free from spaces not easily cleanable and each surface coming in contact with the milk and cream is smooth and free from rust.

Subdivision 11. No Person Shall Bring Into the City, Sell or Offer for Sale any Impure, Adulterated or Unwholesome Milk: It shall be unlawful for any person, firm or corporation, by themselves or by their agents, servants or employees, to bring, or cause to be brought within, sell, offer for sale, exchange, deliver, distribute or have in his, its or their possession with intent to sell, expose or offer for sale or exchange or to distribute for human consumption, within the City and County of San Francisco, any impure, adulterated, unhealthy or unwholesome milk.

Subdivision 12. Unlawful to Sell Skimmed Milk not Properly Labeled: It shall be unlawful for any person, firm or corporation to sell, exchange or deliver, or to offer for sale, exchange or delivery, or to cause or permit to be sold, exchanged or delivered, or to be offered for sale, exchange or delivery, or to have in possession for sale, exchange or delivery in the City and County of San Francisco, any milk from which any part of the cream shall have been removed, or any skimmed milk, unless the same be offered for sale and sold as skimmed milk, or unless there shall be attached to the outside of every vessel, can or package from or in which such skimmed milk is sold or held for exchange or delivery, a tag upon which shall be printed in black letters at least one inch in height the word "skim" or the words "skimmed milk."

Subdivision 13. Persons Suffering from Communicable Disease: No person suffering from a communicable disease, or who is a "contact," or who has been recently exposed to any contagious or infectious disease, shall be permitted to milk, handle milk or milk utensils in any processing plant or upon any dairy farm, nor shall any milk be brought into, sold or offered for sale from any dairy farm when a contagious or infectious disease exists on said dairy farm, until such time as such premises have been inspected and declared in writing free of contagion by an employee of the Department of Public Health of the City and County of San Francisco.

Subdivision 14. Methods for Serving Milk: When served in any hotel, boarding house, lunch counter, restaurant or other place of public entertainment, market milk shall be served in the original bottle in sizes ½ pints, pints and quarts only, the cap of which shall not be

removed except in the presence of the customer or patron; provided, however, that this provision shall not apply to cream so served.

The bottling of milk is prohibited except in regularly approved and authorized pasteurizing plants.

It shall be unlawful for any person, firm or corporation to sell, exchange, offer or expose for sale or exchange, or have on hand for sale or exchange or serve in any hotel, boarding house, restaurant, saloon, lunch counter or other place of public entertainment any milk or cream to which any gelatin or other substance, except as provided in the general dairy law of California, has been added to increase the consistency of such milk or cream so as to make it appear richer or of better quality; provided, however, that nothing in this ordinance shall be construed as prohibiting the standardization of milk and cream as provided in Section 2, Subdivision 6, of this ordinance.

Subdivision 15. All grocery stores, delicatessens and other retail establishments handling milk for human consumption must have, in addition to all other sanitary appurtenances, an ice chest of sufficient capacity to hold the amount of milk handled in said premises, and said ice chest must be properly drained in accordance with the plumbing ordinances of the City and County, and must at all times have a capacity of ice or refrigeration which will maintain a temperature under 50 degrees Fahrenheit within said chest.

If graded, market cream of any grade shall conform to all the standards set for market milk of the same grade, except that the maximum bacterial count for cream shall be not more than three times as great as that of the corresponding grade of milk.

Section 4:

Subdivision 1. Permits Required by Vendors of Milk: No person, firm or corporation by themselves, or through their agents, servants or employees, shall produce, ship or send into, bring into, or offer for sale, or expose for sale, or sell or deliver for distribution, sale, use or consumption within the City and County of San Francisco, any milk without first having obtained from the Director of Public Health of the City and County of San Francisco a permit so to do. One permit shall be required for each dairy, dairy farm or place of general sale or storage of milk, but no permit shall be granted to anyone where raw milk is received at a central cooling station or plant outside the City and County of San Francisco which handles more than one grade of milk, or where other milk products are made or handled; neither shall any permit be granted to anyone handling milk through a central cooling plant outside the City and County of San Francisco handling raw milk only, scoring at least 75 per cent or better, and otherwise complying with the regulations of this ordinance, to ship raw milk into the City and County of San Francisco, unless such applicant constructs said cooling plant in accordance with plans and specifications approved by the Director of Public Health of the City and County of San Francisco, and provided further, that all milk received at said cooling plant shall be handled in conformity with the provisions of this ordinance.

Subdivision 2. In order to procure permits required by this ordinance the applicant shall present to said Director of Public Health a written application, and shall state therein the name and business and residence address of the applicant or applicants, the source or sources from which said applicant or applicants obtain or will obtain supplies of milk, the number of cows in the possession of such applicant, the average quantity of milk procured, produced or handled, and the average quantity disposed of by said applicant, and the manner and character of such disposition, and such other matters as may be required by the Director of Public Health, such application to be made to the said Director of Public Health upon printed blanks to be provided by the Director of Public Health for such purpose. Such application shall further state the specific brand or business name, if any, under which such milk is to be imported, sold, exchanged or distributed.

Subdivision 3. If the Director of Public Health, upon such application and such investigation and inspection as he may make, shall determine that the statements therein made are true, and that the applicant does not intend to bring into, sell, expose, or offer for sale, exchange, deliver or distribute, within the City and County of San Francisco, any unwholesome milk as food for any human being, and that the production, transportation, storage and handling of the same is to be under sanitary conditions and in conformity with the regulations adopted as a part of this ordinance, he shall issue the appropriate permit therefor according to the nature of the business to be transacted or conducted by the applicant.

Subdivision 4. No permits shall be sold or assigned or transferred. Permits shall be subject at all times to revocation by said Director of Public Health in his discretion upon sufficient cause therefor shown; provided, however, that no such permit shall be revoked until after a hearing given by the Director of Public Health in the matter of the revocation of such permit after five (5) days' notice in writing has been served on the owner of such permit in the manner prescribed for the service of notice by Section 1011 of the Code of Civil Procedure of the State of California which notice shall state the ground of complaint against such owner and the time and place where such hearing shall take place; provided, however, that when the holder of any permit shall have been convicted in any court of any violation of this ordinance by any law relating to the production, transportation, storage, sale or distribution of milk, such permit may be revoked without notice.

No person, firm or corporation not engaged in the business of preparing and processing raw milk for human consumption at a fixed place of business shall be permitted to engage in the business of selling and distributing market milk.

Subdivision 5. Procedure to Follow for Renewal of a Permit Revoked for Cause: When a permit shall have been revoked by the Director of Public Health, no further permit shall be granted by said Director to the same person, firm or corporation until he, they or it shall file with said Director a bond in the sum of five hundred ($500) dollars with two (2) sureties approved by the Director of Public Health, conditioned for the faithful observance of all the regulations of the law and of said Director of Public Health relating to production, importation, sale, delivery and distribution of milk.

Subdivision 6. As often as required, and at least once each year, every person or persons, firm or corporation maintaining a pasteurizing plant or dairy farm in, or bringing milk into the City and County of San Francisco and holding a permit so to do, shall furnish the Director of Public Health a full and true statement of the sources and amounts of the supply of the milk imported, sold or distributed by him or them, with the names and addresses of the persons from whom the same is obtained and the amount from each source, and such other information as is required by applicants for permits as hereinbefore provided, and all applications for permits, and all such written statements required as aforesaid, shall be registered by the said Director of Public Health.

Subdivision 7. Official Number of Permits: When a permit is granted, the Director of Public Health will give the holder thereof an official number, and this number shall be used to mark the products of the pasteurizing plant or dairy farm as hereinafter prescribed.

Subdivision 8. More than One Dairy or Dairy Farm Under the Same Ownership or Control: Two or more pasteurizing plants or dairy farms under the same ownership or control may use the same permit numbers, provided a serial letter is added in each case to designate the pasteurizing plant or dairy farm, and to enable its products to be identified.

Subdivision 9. Names on Wagons: All automobiles, motor trucks or other vehicles from which market milk, cream, butter, ice cream, buttermilk or ice milk are sold, marketed, delivered, or peddled, shall

have the name and address of the owner and permit number plainly painted thereon in letters at least three inches high, and one and a half inches wide, on both sides of such vehicles, or if such milk is sold or exposed or offered for sale, delivery, distribution, or exchanged within a store or house, then such permit number shall also be constantly exposed in some conspicuous manner at the place wherever such milk is sold, or kept, so as to be plainly apparent.

Subdivision 10. Rule Governing Renewal of Permit: Any applicant receiving and holding a permit such as is herein set forth, shall make application for the renewal of the same between January 1st and January 15th of each year, and said permit shall be renewed, provided the applicant complies and conforms to all of the provisions as set forth in this ordinance.

Section 5. In order to carry out the purposes and provisions of this ordinance, the said Director of Public Health and all his officers, agents and employees shall have the right at any time and at all times to enter upon or into the premises of any producer or vendor or distributor of milk authorized under the provisions of this ordinance, and any refusal upon the part of such producer, vendor or distributor to allow such entry and such inspection as may be required and directed by the said Director of Public Health may be punished by the revocation of the permit of such producer, distributor or vendor by the said Director of Public Health.

Section 6. The Director of Public Health and all his officers, agents and employees shall have the right and it shall be their duty to enter and have full access, egress and ingress to all places where milk is stored or kept for sale, and to all automobiles, motor trucks or other vehicles, railroad cars, steamboats, or conveyances of every kind used for the conveyance or transportation or delivery of milk for the purpose of consumption in the City and County of San Francisco.

Section 7. It shall be the duty of the said Director of Public Health to cause the dairy farms and other establishments from which milk brought into the City and County of San Francisco is obtained, to be inspected from time to time to satisfy said Director of Public Health that the provisions and requirements of this ordinance and all orders issued by said Director are constantly complied with.

Section 8. It shall be unlawful for any person, or persons, firm or corporation to obstruct or interfere with the said Director of Public Health or any officer, agent or employee of said Director of Public Health in the performance of any of the duties required by this ordinance.

Section 9. It shall be the duty of the owner, agent or manager of any pasteurizing plant or dairy farm from which milk is brought into this City and County to forthwith report to the Director of Public Health of said City and County, in writing, anything of which he has knowledge or notice tending to render milk obtained from such pasteurizing plant or dairy farm unwholesome, impure or unhealthy.

Section 10. The Director of Public Health and all his officers, agents and employees shall have the right at any time to take samples of milk and cream from any person selling, exposing for sale, offering for sale, exchanging, delivering, or distributing in the City and County of San Francisco, or shipping into said City and County, milk or cream, provided that such samples shall not exceed in quantity one quart of milk and one quart of cream at any one time. Such samples shall be taken and sealed in full view of and in the presence of any person in charge of such milk or cream, and to said person shall be given at such time one-half of said sample or samples hermetically sealed by said Director of Public Health, or his officers, agents or employees. The other half of said sample shall be likewise hermetically sealed and delivered to said Director of Public Health by the officer, agent or employee of said Director of Public Health taking such sample. It shall be the duty of said officer, agent or employee, at the time said sample is taken, to attach to the bottle or container containing each half of said sample, a statement showing the number of

the permit issued by said Director of Public Health displayed upon the tanks, or cans, or bottles, or wagons, from which such milk or cream was taken, and the date of the obtainment of the sample, and the name of the person by whom it was taken, and a memorandum thereof shall be made by the person obtaining such sample in a book kept for that purpose in the office of the Department of Public Health.

Milk Coming From Outside the City and County to Be Exposed for Inspection.

Section 11. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft to have the same tendered and exposed for inspection by the said Director of Public Health, his officers, agents or employees, according to the requirements of said Director of Public Health; provided that said milk shall not be detained for inspection for a longer period than one hour. It shall be the duty of the owner or consignee of milk brought into the City and County of San Francisco by land and over any road or railroad leading into the peninsula of San Francisco, to cause the same to be tendered and exposed for inspection according to the requirements of said Director of Public Health, provided that said milk shall not be detained for inspection a longer period than one hour.

Milk Coming From Outside of the City and County to Be Plainly Marked With the Shipper's Name, Address, Permit Number and Number of Tanks or Cans Contained in the Shipment.

Section 12. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft, railroad, or by land over any road, to attach to one tank or can of each shipment a tag setting forth the following facts in a clear and legible manner:

Name of shipper.....
Address.....Permit No.....
Number tanks.....Milk.....Cream.....

Milk to Be Tightly Covered.

Section 13. It shall be unlawful to sell, offer for sale, expose for sale or ship into the City and County of San Francisco, for human consumption, any milk or cream in any tank or container, holding more than three gallons, which is not provided with a proper and tight-fitting mushroom cover.

Sale of Milk and Cream in Quantities of One Quart or Less.

Section 14. It shall be unlawful for any person, firm or corporation to distribute, sell, offer for sale, or keep with the intention of selling, any milk or cream in quantities of one (1) quart or less, in stores or any other place (except where the milk or cream is consumed upon the premises), unless the milk or cream is contained in tightly closed sterile bottles or receptacles of a similar character.

Milk and Cream Bottles to Be Capped and Marked.

Section 15. All bottles or receptacles of a similar character in which milk and cream are distributed or sold must have stamped or printed on the cap or covers, in a conspicuous and legible manner, the name, address and permit number of the person, firm or corporation bottling said milk or cream, and the specific kind of milk or cream contained therein.

Names of Brands on Bottles and Caps or Covers Must Not Differ.

Section 16. It shall be unlawful to distribute, sell, offer for sale, or expose for sale, any milk or cream in any bottle or receptacle bearing in any manner thereon the name or names of any person, firm or corporation other than or different from the name or names printed or inscribed upon said cover or can of such bottle or receptacle.

Transfer of Milk on Street.

Section 17. No person shall transfer any milk from one can, bottle or receptacle on any street, alley or thoroughfare, or upon a delivery wagon, or other vehicle, or in any place in the City and County of San Francisco, except in a dairy or dairy farm the sanitary condition of which has been approved by the Director of Public Health.

Penalty for Violation of Provisions of This Ordinance.

Section 18. Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than twenty-five ($25) dollars and not more than five hundred ($500) dollars, or by imprisonment in the County Jail for not more than one hundred (100) days, or by both such fine and imprisonment.

Section 19. All orders and ordinances and parts of orders and ordinances in conflict with this ordinance are hereby repealed.

Section 20. Constitutionality: If any section, subsection, subdivision, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Board of Supervisors hereby declares that it would have passed this ordinance, and each section, subsection, subdivision, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses or phrases be declared unconstitutional.

Section 21. This ordinance shall be in effect immediately.

Telegram.

The following was read by the Clerk and ordered *filed*:

Sacramento, Calif., March 6, 1933.

J. Emmet Hayden, Chairman Board of Supervisors, City Hall.

For your information it is my opinion that certified milk produced under strict legal inspection is the only consistently safe raw milk, and that controlled pasteurized milk is the only other safe milk. Passing an ordinance permitting raw milk, Grade A, for San Francisco is retrogressive and not in keeping with the high standard maintained.

GILES S. PORTER, Director of Public Health.

Relative to "Chronicle" Article.

Supervisor Gallagher read into the record a communication from John Marshall, Jr., market specialist, addressed to the city editor of the "Chronicle," denying statement attributed to him in an article in the "Chronicle" of March 5, 1933, by Zilfa Estcourt, entitled "State Inquiry of San Francisco Milk Inspection Asked." The statements denied by the writer follow:

"I see no justification for any such request as Mr. Glass has made. It's just another political maneuver in the effort to defeat the ordinance.

"Local officials of the State Division of Animal Industry were inclined to take a light view of the Glass demands.

"John Marshall, of the local office of the State Agricultural Department, said the San Francisco milk inspection is held in high regard by the State."

Ordered *filed*.

Privilege of the Floor.

Dr. Geiger, Director of Public Health, was heard. He declared that the ordinance just meant two things. "I want pasteurized milk from tuberculin tested cows and certified raw milk passed upon by the Milk Commission of the San Francisco County Medical Society, which sees that milk is tuberculin tested, thoroughly washed premises, abortion tested, men and women employed thoroughly examined for disease.

Guaranteed raw milk presumably has the same test, but we don't know. We haven't any records of it in the Health Department."

Dr. Arnstein, member of the Board of Health; Dr. Adelaide Brown, Dr. A. E. Graupner, Dr. Gibbons, Dr. Randolph Flood, Dr. T. Henshaw Kelly, Dr. Mark Gerstle, Dr. Elizabeth Arthur, and a representative of the San Francisco Women's Club spoke in favor of the proposed ordinance.

Substitute Ordinance.

Supervisor Spaulding thereupon offered the following substitute ordinance, which was ordered printed and copies ordered sent to the members.

MILK ORDINANCE.

Bill No. ———, Ordinance No. ———, as follows:

Regulating all traffic in milk, cream and milk food products, the production, handling, processing, distribution, labeling, sale and offering for sale in the City and County of San Francisco of milk, cream and milk food products; providing for the issuance and revocation of permits therefor; fixing standards and definitions for milk, cream and milk food products; providing for inspection of all premises used in the production, handling, distributing, processing, sale or offering for sale of milk, cream and milk food products in said City and County; enforcing the tuberculin testing of all dairy cattle producing milk for consumption in said City and County; providing for the examination of all employees engaged in the production and processing of milk, cream and milk food products; authorizing the Director of Public Health of the City and County of San Francisco to enforce the provisions of this ordinance, and providing penalties for the violation thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Director of Public Health of the City and County of San Francisco is hereby authorized to regulate and control the production of and the traffic in milk, cream and milk food products in the said City and County, and of all milk and cream produced in other counties for consumption in the City and County of San Francisco; to provide for the inspection of milk, cream and milk food products in said City and County and to enforce the provisions of this ordinance.

Section 2. Wherever in the ordinance the following words, terms or names are used, they shall be construed as follows:

Subdivision 1. *Pasteurizing Plant*: Any place or establishment devoted to the processing, handling, distributing and sale of milk, cream and milk food products as such products are set forth and defined herein is deemed to be a pasteurizing plant within the meaning of this ordinance.

Subdivision 2. *Dairy Farm*: Any place or premises upon which milk is produced for sale or distribution is a dairy farm within the meaning of this ordinance.

Subdivision 3. The word "person" as used in this ordinance shall be construed to mean both the singular and plural, as the case demands, and shall include individuals, corporations, companies, societies and associations. When construing and enforcing the provisions of this ordinance, the act, omission or failure of any employee, officer, agent or other person acting for or employed by any individual, corporation, company, society or association, within the scope of his employment or office, shall in every case also be deemed to be an act, omission or failure of such individual, corporation, company, society

or association, as well as that of the person. The provisions of this ordinance shall be construed to apply to hotel keepers, restaurant keepers and boarding house keepers and any person who shall serve meals to the public.

Subdivision 4. *Score Card*: The official score card for pasteurizing plants and dairy farms shall be the score card adopted by the Director of Public Health and the minimum standard of rating shall be in accordance with said score card. *Provided that the minimum standard of rating shall not be less than that fixed by the Director of the Department of Agriculture.*

Subdivision 5. Market milk or cream, wherever such terms are used in this ordinance, shall be construed to mean milk or cream in their natural fluid state, as prepared for human consumption, without being converted into any other form or product.

Subdivision 6. Milk is the fresh, clean, lacteal secretion obtained by the complete milking of one or more healthy cows properly fed and kept, excluding that obtained within 18 days before and 8 days after parturition, free from foreign substances detrimental to its quality or to the quality of the products prepared therefrom, and contains not less than three and four-tenths (3.4) per cent of milk fat and not less than eight and five-tenths (8.5) per cent of solids not fat. Nothing stated in this subdivision shall be construed as prohibiting the standardization of milk at a uniform fat content of not less than three and four-tenths (3.4) per cent of milk fat. In the standardization of Grade A pasteurized milk, the milk and cream used for the enrichment of said milk shall be of the same grade.

Subdivision 7. *Cream*: Cream is that portion of milk rich in milk fat, which rises to the surface of milk on standing, or is separated from it by centrifugal force, is fresh and clean, and contains not less than eighteen (18) per cent of milk fat and not more than eight (8) per cent of milk solids not fat in cream containing eighteen (18) per cent of milk fat and correspondingly less solids for greater percentages of milk fat. Cream shall have been produced from nonreacting tuberculin tested cows, or shall be pasteurized and shall otherwise conform to the rules and regulations adopted by the Director of Public Health of the City and County of San Francisco. Cream for manufacturing purposes may be repasteurized not exceeding once.

Sour market cream is clean market cream which has been fermented by the action of one or more strains of lactic acid bacteria, such that the product contains a distinct acidity, but which otherwise conforms to all the requirements for market cream. This product may be sold under the designation "sour market cream."

Subdivision 8. *Ice Cream*: Ice cream is a frozen product made with pure, sweet milk, cream, skim milk, condensed milk, condensed skim milk, dried milk, dried skim milk, wholesome sweet butter made from sweet cream, pure milk fat, or any combination of any such products, with or without sweetening, and with or without the use of harmless flavoring and coloring, and containing not less than ten (10) per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Fruit Ice Cream: Fruit ice cream is ice cream which contains not less than eight per cent of milk fat and not less than three per cent by weight of clean, mature, sound fruit or the juice thereof, with or without the use of harmless flavoring and coloring and containing not more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Nut Ice Cream: Nut ice cream is ice cream which contains not less than eight per cent of milk fat and not less than one per cent by weight of sound, non-rancid nut meats, with or without the use of harmless flavoring and coloring and containing not more than six-

tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

When sold by manufacturer, distributor or retailer, ice cream shall not contain non-pathogenic bacteria in excess of fifty thousand (50,000) per gram.

Subdivision 9. *Ice Milk*: Ice milk is a frozen product made with pure sweet milk, evaporated or condensed milk, evaporated or condensed skim milk, dry milk, dry skim milk, pure milk fat or wholesome sweet butter made from sweet cream, or any combination of such products, with or without sweetening, clean, wholesome eggs or egg products, and with or without the use of harmless flavoring and coloring. Ice milk shall contain not less than four per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin. Ice milk when sold by the manufacturer shall contain not more than 50,000 non-pathogenic bacteria per gram.

All containers of ice milk shall be conspicuously labeled and vehicles conveying ice milk and places where ice milk is sold shall display a conspicuous sign containing the words "Ice Milk Sold Here" in letters not less than six inches high, and no person shall use the name "Ice Cream" in connection therewith either orally or written.

Subdivision 10. French ice cream, French custard ice cream, cooked ice cream, ice custards, parfaits and all similar frozen products are varieties of ice cream which shall contain not less than ten per cent of milk fat and not less than five dozen of clean, wholesome egg yolks, or one and five-tenths pounds of wholesome, dry egg yolk containing not to exceed seven per cent of moisture, or three pounds of wholesome, frozen egg yolk containing not to exceed fifty-five per cent of moisture, or the equivalent of egg yolk in other form, for each ninety pounds of ice cream mix, and which shall otherwise conform to the regulations promulgated by the Director of Public Health.

French ice cream or custard ice cream shall not contain at the time of delivery to ultimate consumer more than 50,000 non-pathogenic bacteria per gram.

Subdivision 11. *Goat's Milk*: Goat's milk is the unadulterated, fresh, clean, lacteal secretion, free from colostrum, obtained by the complete milking of one or more healthy goats, properly fed and housed, free from tuberculosis and contagious abortion as determined by a veterinarian in the employ of the Department of Public Health or approved by the State Department of Agriculture. The rules and regulations governing the production, distribution, sale, handling and *pasteurization* of goat's milk shall be the same as those set forth in this ordinance as governing the production, sale, handling, distribution and processing of cow's milk.

Subdivision 12. *Buttermilk*: Buttermilk is the product that remains when butter is removed from milk or cream in the process of churning and to which milk or cream no preservative or neutralizer has been added. Buttermilk to which water has been added is hereby declared adulterated and shall not be sold for human consumption.

Cultured buttermilk is pasteurized milk or pasteurized skim milk, or a combination thereof, with or without an admixture of buttermilk, which has been treated with special cultures of lactic acid bacteria, so that the product somewhat resembles buttermilk in appearance, composition and flavor. Cultured buttermilk must be so labeled as to distinguish it from natural buttermilk.

Subdivision 13. *Unlawful to Sell Skimmed Milk Not Properly Labeled*: It shall be unlawful for any person, firm or corporation to sell, exchange or deliver, or to offer for sale, exchange or delivery, or to cause or permit to be sold, exchanged or delivered, or to be offered for sale, exchange or delivery, or to have in possession for sale, exchange or delivery in the City and County of San Francisco any milk from which any part of the cream shall have been removed, or any

skimmed milk, unless the same be offered for sale and sold as skimmed milk, or unless there shall be attached to the outside of every vessel, can or package from or in which such skimmed milk is sold or held for exchange or delivery, a tag upon which shall be printed in black letters at least one inch in height the word "skim" or the words "skimmed milk."

Skim milk shall contain less than 3 per cent of milk fat and not less than 8.8 per cent of solids not fat. Skim milk other than that used in manufacturing shall be pasteurized *and shall come from cows non-reacting to the tuberculin test* in accordance with the method set forth in this ordinance. Said pasteurized skim milk shall be labeled accordingly.

Milk or skim milk, properly pasteurized and combined with fruit or fruit juices, chocolate, chocolate syrups or other harmless syrups, with or without the addition of harmless colorings, may be used in the manufacture and sale of soft drinks under a trade name; provided said trade name does not contain the words "milk" or "cream" or any other word resembling milk or cream; and provided further, that said product shall be so colored or contain ingredients that cause it to look unlike milk or cream or any product thereof.

Subdivision 14. *Adulterated, Impure, Unhealthy and Unwholesome*: The terms adulterated, impure, unhealthy and unwholesome, when applied to milk, as used in this ordinance, mean:

First: Milk containing less than three and four-tenths (3.4) per cent of milk fat and less than eight and five-tenths (8.5) per cent of solids not fat.

Second: Milk drawn from cows within eighteen (18) days before or eight (8) days after parturition.

Third: Milk drawn from cows fed on unhealthful or unwholesome food.

Fourth: Milk drawn from cows kept in an unhealthy or insanitary condition, or from cows affected with any form of disease, or from cows which are supplied with impure or unwholesome water.

Fifth: Milk from which any part of the cream has been removed, *except skimmed milk.*

Sixth: Milk which has been diluted with water or with any other fluid, or to which has been added or into which has been introduced any foreign substance whatever, *except as permitted by this ordinance.*

Seventh: Milk drawn from cows that are in a state of filth and uncleanliness or by milkers who are themselves in a condition of filth and uncleanliness or otherwise physically unfit, *the determination of such fact or facts to be made by the Director of Public Health.*

Eighth: Any milk which is shown by analysis to contain any substances of any character not normal constituents of milk, or to have been deprived either wholly or in part of any constituent naturally or normally contained in milk, *except as permitted by this ordinance.*

Ninth: Any milk which has been processed in any insanitary pasteurizing plant, or produced on any insanitary dairy farm or factory of dairy products, or other insanitary place, or which has been handled in an insanitary manner.

Tenth: Milk from cows which have not passed the tuberculin test.

Milk which is adulterated, impure, unhealthy, or unwholesome as defined by this ordinance, shall not be sold for human consumption except as herein provided.

Section 3. *MILK FOR HUMAN CONSUMPTION IN THE CITY AND COUNTY OF SAN FRANCISCO*:

Subdivision 1. *Market milk for sale and distribution for human consumption in the City and County of San Francisco, shall consist of the following grades of milk*: (*a*) *certified milk,* (*b*) *guaranteed pasteurized milk,* (c) *Grade A pasteurized milk and* (*d*) *Grade B pas-*

teurized milk, and no other milk, shall be sold, offered or exposed for sale, exchanged or delivered for human consumption within the City and County of San Francisco. Provided, that Grade B pasteurized milk shall be sold, offered or exposed for sale, delivered or exchanged only for cooking and baking purposes. Provided further, that nothing herein contained shall prevent the delivery and sale of Raw Guaranteed Milk, Raw Grade A Milk or Raw Grade B Milk to wholesalers or to pasteurization plants for the purpose of pasteurizing the same.

Subdivision 2. *Certified Milk: Certified milk is market milk which conforms to the rules, regulations, methods and standards for the production and distribution of certified milk adopted by the American Association of Medical Milk Commissions and must bear the certification of the Milk Commission of the San Francisco County Medical Society. Certified milk must be the produce of a dairy herd that shall consist solely of cows which have passed the tuberculin test in the manner prescribed by said Milk Commission. It must not contain more than* 10,000 *non-pathogenic bacteria per milliliter of milk, which standard must be attained solely by measures directed towards cleanliness, proper cooling and prompt delivery. Certified milk must contain not less than three and five-tenths* (3.5) *per cent of milk fat and a minimum of solids not fat of eight and five-tenths* (8.5) *per cent. Certified milk must be handled and delivered in sealed containers and on ice within thirty hours after its production and in the manner directed by said Milk Commission. The dairy farm milk room, milkers and dairy utensils, etc., must all conform to the requirements of the said Milk Commission.*

Subdivision 3. *Guaranteed Milk Pasteurized: Guaranteed pasteurized milk shall conform to the following requirements as a minimum: The health of the cows shall be determined by physical examination at least once each month by an official representative of an approved milk inspection service and by a tuberculin test. It shall be produced on dairies which score not less than ninety per cent on the dairy farm score card adopted by the Department of Agriculture of the State of California. It must be delivered in containers having the pouring lip completely protected from contamination and shall be cooled immediately after being drawn from the cow to fifty degrees Fahrenheit or less, and so maintained until delivered for pasteurization, when it shall contain not more than fifteen thousand non-pathogenic bacteria per milliliter, and not less than three and one-half per cent of milk fat. It must be sold to the consumer within thirty hours after production and shall be labeled to indicate the date of sale to the consumer. All persons who come in contact with the raw guaranteed milk must exercise scrupulous cleanliness and must not be afflicted with any communicable disease or in a condition to disseminate the germs of typhoid fever, tuberculosis, diphtheria or other communicable disease liable to be conveyed by the milk. The absence of such germs in all such persons shall be determined by bacteriological and physical examination under the direction of the Department of Public Health of the City and County of San Francisco, conducted at the time of employment and every six months thereafter in a manner approved by the Department of Agriculture and the Director of Public Health. When pasteurized it shall contain not more than three thousand non-pathogenic bacteria per milliliter at the time of delivery to the consumer.*

Guaranteed milk when raw shall be delivered in sterile containers to pasteurizing plants located in the City and County of San Francisco, to be there pasteurized and thereafter distributed in the manner provided by the regulation of the Director of Health of the City and County of San Francisco.

Subdivision 4. *Grade "A" Pasteurized Milk:* Grade "A" Pasteurized Milk shall conform to the following requirements: It shall be the

produce of healthy cows as determined by physical examination at least once in two months by a veterinarian under the supervision of the Director of Public Health of the City and County of San Francisco and by the tuberculin test by such veterinarian, or by a veterinarian approved by the State Department of Agriculture, and from dairy farms scoring not less than 75 per cent on the score card approved by the Director of Public Health of the City and County of San Francisco. The tuberculin test must be repeated annually if no reacting animals are found in the herd. If reacting animals are found, they must be removed from the herd immediately and the tuberculin test repeated in six months, provided that in the first test the percentage of reacting animals found is less than 10 per cent of the herd. If the percentage of reactors found is greater than 10 per cent, the tuberculin test must be repeated in ninety days.

All cows are to be fed, watered, housed, and milked under conditions approved by the Director of Public Health.

All persons who come in contact with the milk must exercise scrupulous cleanliness and must not harbor the germs of typhoid fever, tuberculosis, diphtheria or other communicable diseases transmissible by milk. Absence of such diseases shall be determined by bacteriologic and physical examination to the satisfaction of the Director of Public Health.

Grade "A" Raw Milk from the dairy farm shall be delivered in sterile containers to the pasteurizing plants located in the City and County of San Francisco, and is to be kept at a temperature of fifty degrees Fahrenheit, or below, until it reaches the pasteurizing plant when it must not contain more than one hundred and fifty thousand (150,000) non-pathogenic bacteria per milliliter and rapidly cooled after pasteurization to a temperature of fifty (50) degrees Fahrenheit or below, and so maintained to the time of delivery to the ultimate consumer.

Milk not suitable for human consumption may be sold for industrial purposes, provided it is heated to a higher temperature than necessary for pasteurization, and delivered in a distinctive container plainly marked with the word "Not suitable for human consumption" in letters not less than one-quarter inch in length and one-twelfth stroke. Such milk must not be transported on a vehicle carrying milk for human consumption.

Grade "A" Pasteurized Milk must not contain more than fifteen thousand (15,000) non-pathogenic bacteria per milliliter at the time of delivery to the ultimate consumer.

Subdivision 5. *Grade "B" Pasteurized Milk: Grade "B" Pasteurized milk is market milk which shall conform to the following requirements as a minimum:*

The health of the cows shall be determined by physical examination at least once in six months by a veterinarian in the employ of the Director of Public Health. Grade "B" Pasteurized milk shall be produced on dairy farms that score not less than sixty-five (65) *per cent on the dairy farm score card adopted by the Director of Public Health. It shall always be pasteurized and shall contain not more than one million* (1,000,000) *bacteria per milliliter before pasteurization and not more than fifty thousand* (50,000) *bacteria per milliliter at the time of delivery to the consumer. Grade "B" Pasteurized Milk shall be sold only in cans to the wholesale trade to be used for cooking and baking purposes; provided, however, that this latter provision shall not apply to Grade B Cream.*

Grade "B" Raw Milk shall be delivered to the pasteurizing plants in the City and County of San Francisco and pasteurized in the same manner as in this ordinance is provided for Grade "A" raw milk.

Subdivision 6. *Manufacturing Milk: Manufacturing milk is such milk as is not fit for human consumption as milk, and may be sold and used in the City and County of San Francisco only under such regula-*

tion as the Director of Public Health may provide, and if used for the manufacturing of foodstuffs, provided that in the manufacture of said foodstuffs, or immediately prior thereto, said milk is subjected to a temperature of 145 *degrees Fahrenheit for thirty consecutive minutes, and provided further, that for every degree above* 145 *degrees Fahrenheit to which said milk is heated, the time during which said temperature must be maintained may be decreased by one minute. The time for maintaining such temperature shall in no case be less than five minutes, except for milk that is re-pasteurized. Re-pasteurized milk shall not be sold as market milk.*

Subdivision 7. *Method of Pasteurization*: Pasteurizing milk consists of the heating of every portion of the milk to not less than one hundred and forty (140) degrees Fahrenheit nor more than one hundred and forty-five (145) degrees Fahrenheit and maintaining same at that temperature for thirty (30) minutes, and immediately cooling thereafter to a temperature of fifty (50) degrees Fahrenheit.

All milk except certified milk intended for human consumption in San Francisco shall be pasteurized in San Francisco in accordance with the method set forth herein.

Each pasteurizing plant shall be equipped with a sufficient number of self-registering devices to accurately record the temperature to which and the length of time for which the pasteurized product has been heated. Such record shall be kept for two months and be available for inspection by the Director of the State Department of Agriculture or any of his agents, *and also by the Director of Public Health or his representative.*

Subdivision 8. *The class or grade of all milk or cream sold, offered, or exposed for sale, delivered or exchanged, in the City and County of San Francisco, and the name and address of the producer or distributor, shall at all times appear plainly and in a conspicuous place, or be securely attached to every bottle, cap, can or container, in which said milk is contained, in capital letters not less than one-eighth inch high and one-sixteenth of an inch wide. Milk not fit for human consumption shall be so marked.*

Subdivision 9. All utensils, equipment and apparatus used in the production, handling and processing of milk, cream and milk food products shall be thoroughly cleaned and sterilized each time after using, and shall be so constructed that all parts are free from spaces not easily cleanable and each surface coming in contact with the milk and cream is smooth and free from rust.

Subdivision 10. *No Person Shall Bring Into the City, Sell or Offer for Sale any Impure, Adulterated or Unwholesome Milk*: It shall be unlawful for any person, firm or corporation, by themselves or by their agents, servants or employees, to bring, or cause to be brought within, sell, offer for sale, exchange, deliver, distribute or have in his, its or their possession with intent to sell, expose or offer for sale or exchange or to distribute for human consumption, within the City and County of San Francisco, any impure, adulterated, unhealthy or unwholesome milk, except as provided by this ordinance.

Subdivision 11. *Persons Suffering from Communicable Disease*: No person suffering from a communicable disease, or who is a "contact," or who has been recently exposed to any contagious or infectious disease, shall be permitted to milk cows, handle milk or milk utensils in any processing plant or upon any dairy farm, nor shall any milk be brought into, sold or offered for sale from any dairy farm, when a contagious or infectious disease exists on said dairy farm, until such time as said premises have been inspected and declared in writing free of contagion by an employee of the Department of Public Health of the City and County of San Francisco.

Subdivision 12. *Methods of Serving Milk*: When served in any hotel, boarding house, lunch counter, restaurant or other place of

public entertainment, market milk shall be served in the original bottle in sizes ½ pints, pints and quarts only, the cap of which shall not be removed except in the presence of the customer or patron; provided, however, that this provision shall not apply to cream so served.

The bottling of milk is prohibited except in regularly approved and authorized pasteurizing plants.

It shall be unlawful for any person, firm or corporation to sell, exchange, offer or expose for sale or exchange, or have on hand for sale or exchange or serve in any hotel, boarding house, restaurant, saloon, lunch counter or other place of public entertainment any milk or cream to which any gelatin or other substance, except as provided in the general dairy law of California, has been added to increase the consistency of such milk or cream so as to make it appear richer or of better quality; provided, however, that nothing in this ordinance shall be construed as prohibiting the standardization of milk and cream as provided in this ordinance.

Subdivision 13. All grocery stores, delicatessens and other retail establishments handling milk for human consumption must have, in addition to all other sanitary appurtenances, an ice chest of sufficient capacity to hold the amount of milk handled in said premises, and said ice chest must be properly drained in accordance with the plumbing ordinances of the City and County, and must at all times have a capacity of ice or refrigeration which will maintain a temperature under 50 degrees Fahrenheit within said chest.

If grades, market cream of any grade shall conform to all the standards set for market milk of the same grade, except that the maximum bacterial count for cream shall be not more than three times as great as that of the corresponding grade of milk.

Section 4:

Subdivision 1. *Permits Required by Vendors of Milk*: No person, firm or corporation by themselves, or through their agents, servants or employees, shall produce, ship or send into, bring into, or offer for sale, or expose for sale, or sell or deliver for distribution, sale, use or consumption within the City and County of San Francisco, any milk without first having obtained from the Director of Public Health of the City and County of San Francisco a permit so to do. One permit shall be required for each dairy, dairy farm or place of general sale or storage of milk, but no permit shall be granted to anyone where raw milk is received at a central cooling station or plant outside the City and County of San Francisco which handles more than one grade of milk, or where other milk products are made or handled; neither shall any permit be granted to anyone handling milk through a central cooling plant outside the City and County of San Francisco handling raw milk only, from dairy farms scoring at least 75 per cent or better, and otherwise complying with the regulations of this ordinance, to ship raw milk into the City and County of San Francisco, unless such applicant constructs said cooling plant in accordance with plans and specifications approved by the Director of Public Health of the City and County of San Francisco and provided further, that all milk received at said cooling plant shall be handled in conformity with the provisions of this ordinance.

Subdivision 2. In order to procure permits required by this ordinance the applicant shall present to said Director of Public Health a written application, and shall state therein the name and business and residence address of the applicant or applicants, the source or sources from which said applicant or applicants obtain or will obtain supplies of milk, the number of cows in the possession of such applicant, the average quantity of milk procured, produced or handled, and the average quantity disposed of by said applicant, and the manner and character of such disposition, and such other matters as may be required by the Director of Public Health, such application to be made to the said Director of Public Health upon printed blanks to be pro-

vided by the Director of Public Health for such purpose. Such application shall further state the specific brand or business name, if any, under which such milk is to be imported, sold, exchanged or distributed.

Subdivision 3. If the Director of Public Health, upon such investigation and inspection as he may make, shall determine that the statements therein made are true, and that the applicant does not intend to bring into, sell, expose, or offer for sale, exchange, deliver or distribute, within the City and County of San Francisco, any unwholesome milk as food for any human being, and that the production, transportation, storage and handling of the same is to be under sanitary conditions and in conformity with the regulations adopted as a part of this ordinance, he shall issue the appropriate permit therefor according to the nature of the business to be transacted or conducted by the applicant.

Subdivision 4. No permits shall be sold or assigned or transferred. Permits shall be subject at all times to revocation by said Director of Public Health in his discretion upon sufficient cause therefor shown; provided, however, that no such permit shall be revoked until after a hearing given by the Director of Public Health in the matter of the revocation of such permit after five (5) days' notice in writing has been served on the owner of such permit in the manner prescribed for the service of notice by Section 1011 of the Code of Civil Procedure of the State of California which notice shall state the ground of complaint against such owner and the time and place where such hearing shall take place; provided, however, that when the holder of any permit shall have been convicted in any court of any violation of this ordinance by any law relating to the production, transportation, storage, sale or distribution of milk, such permit may be revoked without notice.

Subdivision 5. *Procedure to Follow for Renewal of a Permit Revoked for Cause*: When a permit shall have been revoked by the Director of Public Health, no further permit shall be granted by said Director to the same person, firm or corporation until he, they or it shall file with said Director a bond in the sum of five hundred (500) dollars with two (2) sureties approved by the Director of Public Health, conditioned for the faithful observance of all the regulations of the law and of said Director of Public Health relating to production, importation, sale, delivery and distribution of milk.

Subdivision 6. As often as required, and at least once each year, every person or persons, firm or corporation maintaining a pasteurizing plant or dairy farm in, or bringing milk into the City and County of San Francisco and holding a permit so to do, shall furnish the Director of Public Health a full and true statement of the sources and amounts of the supply of the milk imported, sold or distributed by him or them, with the names and addresses of the persons from whom the same is obtained and the amount from each source, and such other information as is required by applicants for permits as hereinbefore provided, and all applications for permits, and all such written statements required as aforesaid, shall be registered by the said Director of Public Health.

Subdivision 7. *Official Number of Permits*: When a permit is granted, the Director of Public Health will give the holder thereof an official number, and this number shall be used to mark the products of the pasteurizing plant or dairy farm as hereinafter prescribed.

Subdivision 8. *More Than One Dairy or Dairy Farm Under the Same Ownership or Control*: Two or more pasteurizing plants or dairy farms under the same ownership or control may use the same permit numbers, provided a serial letter is added in each case to designate the pasteurizing plant or dairy farm, and to enable its products to be identified.

Subdivision 9. *Names on Wagons*: All automobiles, motor trucks or other vehicles from which market milk, cream, butter, ice cream,

buttermilk or ice milk are sold, marketed, delivered, or peddled, shall have the name and address of the owner and permit number plainly painted thereon in letters at least three inches high, and one and a half inches wide, on both sides of such vehicles, or if such milk is sold or exposed or offered for sale, delivery, distribution, or exchanged within a store or house, then such permit number shall also be constantly exposed in some conspicuous manner at the place wherever such milk is sold, or kept, so as to be plainly apparent.

Subdivision 10. *Rule Governing Renewal of Permit*: Any applicant receiving and holding a permit such as is herein set forth, shall make application for the renewal of the same between January 1st and January 15th of each year, and said permit shall be renewed, provided the applicant complies and conforms to all of the provisions as set forth in this ordinance.

Section 5. In order to carry out the purposes and provisions of this ordinance, the said Director of Public Health and all his officers, agents and employees shall have the right at any time and at all times to enter upon or into the premises of any producer or vendor or distributor of milk authorized under the provisions of this ordinance, and any refusal upon the part of such producer, vendor or distributor to allow such entry and such inspection as may be required and directed by the said Director of Public Health may be punished by the revocation of the permit of such producer, distributor or vendor by the said Director of Public Health.

Section 6. The Director of Public Health and all his officers, agents and employees shall have the right and it shall be their duty to enter and have full access, egress and ingress to all places where milk is stored and kept for sale, and to all automobiles, motor trucks or other vehicles, railroad cars, steamboats, or conveyances of every kind used for the conveyance or transportation or delivery of milk, for the purpose of consumption in the City and County of San Francisco.

Section 7. It shall be the duty of the said Director of Public Health to cause the dairy farms and other establishments from which milk brought into the City and County of San Francisco is obtained, to be inspected from time to time to satisfy said Director of Public Health that the provisions and requirements of this ordinance and all orders issued by said Director are constantly complied with.

Section 8. It shall be unlawful for any person, or persons, firm or corporation to obstruct or interfere with the said Director of Public Health or any officer, agent or employee of said Director of Public Health in the performance of any of the duties required by this ordinance.

Section 9. It shall be the duty of the owner, agent or manager of any pasteurizing plant or dairy farm from which milk is brought into this City and County to forthwith report to the Director of Public Health of said City and County, in writing, anything of which he has knowledge or notice tending to render milk, obtained from such pasteurizing plant or dairy farm, unwholesome, impure or unhealthy.

Section 10. The Director of Public Health and all his officers, agents and employees shall have the right at any time to take samples of milk and cream from any person selling, exposing for sale, offering for sale, exchanging, delivering, or distributing in the City and County of San Francisco, or shipping into said City and County, milk or cream, provided that such samples shall not exceed in quantity one quart of milk and one quart of cream at any one time. Such samples shall be taken and sealed in full view of and in the presence of any person in charge of such milk or cream, and to said person shall be given at such time one-half of said sample or samples hermetically sealed by said Director of Public Health, or his officers, agents or employees. The other half of said sample shall be likewise hermetically sealed and delivered to said Director of Public Health by the officer, agent or employee of said Director of Public Health taking such sample. It shall be the duty of said officer, agent or employee, at the time said

sample is taken, to attach to the bottle of container containing each half of said sample, a statement showing the number of the permit issued by said Director of Public Health displayed upon the tanks, or cans, or bottles, or wagons, from which such milk or cream was taken, and the date of the obtainment of the sample, and the name of the person by whom it was taken, and a memorandum thereof shall be made by the person obtaining such sample in a book kept for that purpose in the office of the Department of Public Health.

MILK COMING FROM OUTSIDE THE CITY AND COUNTY TO BE EXPOSED FOR INSPECTION.

Section 11. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft to have the same tendered and exposed for inspection by the said Director of Public Health, his officers, agents or employees, according to the requirements of said Director of Public Health; provided that said milk shall not be detained for inspection for a longer period than one hour. It shall be the duty of the owner or consignee of milk brought into the City and County of San Francisco by land and over any road or railroad leading into the peninsula of San Francisco, to cause the same to be tendered and exposed for inspection according to the requirements of said Director of Public Health, provided that said milk shall not be detained for inspection a longer period than one hour.

MILK COMING FROM OUTSIDE OF THE CITY AND COUNTY TO BE PLAINLY MARKED WITH THE SHIPPER'S NAME, ADDRESS, PERMIT NUMBER AND NUMBER OF TANKS OR CANS CONTAINED IN THE SHIPMENT.

Section 12. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft, railroad, or by land over any road, to attach to one tank or can of each shipment a tag setting forth the following facts in a clear and legible manner:

Name of shipper.....
Address.....Permit No.....
Number tanks.....Milk.....Cream.....

MILK TO BE TIGHTLY COVERED.

Section 13. It shall be unlawful to sell, offer for sale, expose for sale or ship into the City and County of San Francisco, for human consumption, any milk or cream in any tank or container, holding more than three gallons, which is not provided with a proper and tight-fitting mushroom cover.

SALE OF MILK AND CREAM IN QUANTITIES OF ONE QUART OR LESS.

Section 14. It shall be unlawful for any person, firm or corporation to distribute, sell, offer for sale, or keep with the intention of selling, any milk or cream in quantities of one (1) quart or less, in stores or any other place (except where the milk or cream is consumed upon the premises), unless the milk or cream is contained in tightly closed sterile bottles or receptacles of a similar character.

MILK AND CREAM BOTTLES TO BE CAPPED AND MARKED.

Section 15. All bottles or receptacles of a similar character in which milk and cream are distributed or sold must have stamped or printed on the cap or covers, in a conspicuous and legible manner, the name, address and permit number of the person, firm or corporation bottling said milk or cream, and the specific kind of milk or cream contained therein.

NAMES OF BRANDS ON BOTTLES AND CAPS OR COVERS MUST NOT DIFFER.

Section 16. It shall be unlawful to distribute, sell, offer for sale, or expose for sale, any milk or cream in any bottle or receptacle bearing in any manner thereon the name or names of any person, firm or corporation other than or different from the name or names printed or inscribed upon said cover or can of such bottle or receptacle.

TRANSFER OF MILK ON STREET.

Section 17. No person shall transfer any milk from one can, bottle or receptacle on any street, alley or thoroughfare, or upon a delivery wagon, or other vehicle, or in any place in the City and County of San Francisco, except in a dairy or dairy farm the sanitary condition of which has been approved by the Director of Public Health.

Section 18. *Where this ordinance or the regulation of the Director of Public Health is silent upon any matter pertaining to the production, processing, pasteurization, transportation, sale, delivery, use or handling of milk, cream or of any of the products of either milk or cream, the provision of the state law or the regulations of the Director of Agriculture shall apply thereto.*

Section 19. *The Director of Public Health is hereby authorized to make such rules and regulations not in conflict with this ordinance or the state law for the purpose of carrying out the provisions of this ordinance.*

PENALTY FOR VIOLATION OF PROVISIONS OF THIS ORDINANCE.

Section 20. Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than twenty-five (25) dollars and not more than five hundred (500) dollars, or by imprisonment in the County Jail for not more than one hundred (100) days, or by both such fine and imprisonment.

Section 21. All orders and ordinances and parts of orders and ordinances in conflict with this ordinance are hereby repealed.

Section 22. *Constitutionality*: If any section, subsection, subdivision, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Board of Supervisors hereby declares that it would have passed this ordinance, and each section, subsection, subdivision, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses or phrases be declared unconstitutional.

PROPOSED AMENDMENTS SUBMITTED BY SUPERVISOR GALLAGHER.

Supervisor Gallagher presented:

Amendment No. 1.

In Section 3, Subdivision 1, line 2, after the words "Certified milk," insert the words "Guaranteed Raw Milk."

Amendment No. 2.

In Section 3, Subdivision 2, line 1, after the words "Certified milk," insert the words "Guaranteed Raw Milk."

Amendment No. 3.

After Subdivision 3 of Section 2 insert the following:

Subdivision 3A. Guaranteed Raw Milk: Guaranteed Raw Milk is Market Milk which shall conform to the following requirements as a minimum.

The health of the cows shall be determined by physical examination at least once each month by an official representative of the Director of Health and all cows shall be tested at least once every six months for tuberculosis by the tuberculin test; said test to be made by a veterinarian employed by the Director of Health or a veterinarian authorized by said Director of Health. Only animals free from Brucilla abortus shall be permitted on a Guaranteed Raw Milk dairy and as often as may be necessary the animals producing said milk shall be tested by the agglutination test. Any unhealthy animal or any animal reacting to either of the herein provided tests shall be immediately removed from the milking herd and no milk from any reacting animal shall be sold or used as any grade of Market Milk. It shall be produced on dairy farms scoring not less than ninety per cent on the dairy farm score card adopted by the Department of Agriculture of the State of California. It shall be bottled with mechanical bottling and capping equipment on the dairy premises where produced, and must be delivered in containers having the pouring lip completely protected from contamination, and shall be cooled immediately after being drawn from the cow to fifty degrees Fahrenheit or less and so maintained until delivered to the consumer, when it shall contain not more than ten thousand bacteria per milliliter and not less than three and one-half per cent of milk fat. It must be sold to the consumer within thirty hours after production and shall be labeled to indicate the date of sale to the consumer.

All persons who come in contact with Raw Market Milk must exercise scrupulous cleanliness and must not be afflicted with any communicable disease or in a condition to disseminate the germs of typhoid fever, tuberculosis, diphtheria or other communicable diseases liable to be conveyed by the milk. The absence of such germs in all such persons shall be determined by bacteriological and physical examinations by the Director of Health or by other person or laboratory approved in writing by said Director of Health, conducted at the time of employment and every six months thereafter in a manner approved by the said Director of Health.

Granting to Market Street Railway Company a Supplemental Permit Under Section 132 of the Charter to Construct and Operate a Street Railway Over Certain Streets.

(Code No. 15.091)

On recommendation of Streets Committee.

Bill No. 257, Ordinance No. 15.0912, as follows:

Granting to Market Street Railway Company a supplemental permit under Section 132 of the Charter to construct and operate a street railway over certain streets.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to Section 132 of the Charter and in order to make effective that certain written agreement between the City and County of San Francisco and Market Street Railway Company, dated February 1, 1933, which agreement was authorized by Resolution No. 606 of the Board of Supervisors of the City and County of San Francisco, adopted January 30, 1933, a supplemental permit is hereby granted to Market Street Railway Company, its successors or assigns, to construct and operate, in conjunction with and as an extension of its existing lines on San Bruno avenue, a street railway upon and over Potrero avenue, commencing with the intersection of Potrero avenue and San Bruno avenue, there connecting with the tracks of Market Street Railway Company on San Bruno avenue, thence along

and upon Potrero avenue to and upon Army street, there connecting with the tracks of Market Street Railway Company on Army street, subject to the following terms and conditions:

1. The said extension shall be operated in the same manner and subject to the same terms and conditions upon which the said street railway line on San Bruno avenue is operated when this supplemental permit becomes effective.

2. Said supplemental permit shall expire concurrently with the permit granted Market Street Railway Company under the provisions of Section 6a of Chapter II, Article II of the Charter of the City and County of San Francisco, as they existed when said permit was granted, and shall be subject always to the right of the City and County to acquire and possess the operative railway property of Market Street Railway Company, as provided in said Section 6a of Chapter II, Article II of said Charter, and Section 132 of the Charter of the City and County of San Francisco in force January 8, 1932.

Section 2. This supplemental permit shall not become effective until Market Street Railway Company files in the office of the Clerk of the Board of Supervisors an acceptance, in writing, of the provisions of this ordinance, and thereupon the said provisions shall be taken and deemed to be a contract between Market Street Railway Company, its successors and assigns, and the City and County of San Francisco.

This ordinance shall be effective only upon Market Street Railway Company performing all of the terms and conditions of that certain agreement dated February 1, 1933, and entered into between Market Street Railway Company and the City and County of San Francisco, pursuant to Resolution No. 606, approved January 31, 1933.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Memorializing Legislature of the State of California re Gax Tax Fund Diversion.

(Code No. ——)

Supervisor Canepa presented:

Resolution No. 662, as follows:

Whereas, there is a movement on foot, with the approval of the administration of the State of California, to divert highway funds from the purposes for which they were originally created; and

Whereas, such diversion of highway funds will result in men being thrown out of employment, in material not being used, and in equipment allowed to waste; and

Whereas, the spirit and the letter and the origination and the initiation of the Gas Tax Fund was for and is to all purposes and intents for the construction, reconstruction and maintenance of primary roads throughout the State of California; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby respectfully request legislation of the State

of California now in session to oppose any and all such movements which have for their purposes the diversion of the gas tax moneys from the original intent and purpose of said fund, namely, the construction, reconstruction and maintenance of a primary road system throughout the State of California; and be it

Further Resolved, That a copy of this resolution be spread on the minutes of this meeting and that copies be sent to his Excellency the Governor of the State of California, to the President of the Senate, the Speaker of the House, and to each member of the San Francisco delegation in Sacramento.

Referred to Judiciary Committee.

Opposition to Legislation Diverting Gas Tax Funds.
(Code No. ——)

Supervisor Spaulding presented:

Resolution No. 670, as follows:

Whereas, an attempt is being made at the present session of the Legislature to divert the expenditure of gasoline tax funds for other than highway purposes, as now provided by law; therefore, be it

Resolved, That this Board of Supervisors does now go on record as opposing any legislation diverting the expenditure of any portion of the gasoline tax moneys for other than highway purposes in the manner now provided by law; and be it

Further Resolved, That a copy of this resolution be immediately sent by telegraphic wire to the chairman of the Roads and Highways Committees of the State Senate and Assembly, and that a copy of this resolution be mailed to the President of the Senate and to the Speaker of the Assembly of the State of California.

Referred to the Judiciary Committee.

Report of Judiciary Committee.

Supervisor Peyser subsequently reported that the Judiciary Committee had met and considered the two resolutions and decided as follows: "That the Board of Supervisors go on record as unalterably opposed to any diversion of gas tax moneys to any other than the purpose for which the fund was originally set up, except that the committee makes no recommendation of contemplated action for payment of highway bond interest and redemption."

Thereupon, Supervisor Peyser presenetd the following resolution:

Diversion of Gas Tax Fund to General Fund Opposed by Board of Supervisors.

(Code No. 5.3)

Resolution No. 667, as follows:

Whereas, there is a movement on foot having for its purpose the diversion of highway funds, one, to the general funds of the State of California, and, two, the diversion of sufficient moneys to discharge bond interest and redemption on highway bonds; and

Whereas, the spirit and the letter and the origination and the initiation of the Gas Tax Fund was for and is to all purposes and intents for the construction, reconstruction and maintenance of primary roads throughout the State of California; now, therefore, be it

Resolved, That this Board of Supervisors, in regular session assembled, does hereby oppose the diversion of any moneys derived from Gas Tax Funds to the General Fund of the State of California; and be it

Further Resolved, That this Board of Supervisors at this time makes no recommendation relative to the use of gas tax moneys for the discharge of interest and redemption of highway bonds; and be it

Further Resolved, That a copy of this resolution be spread on the minutes of this meeting, and that copies be sent to his Excellency the

Governor of the State of California, to the President of the Senate, the Speaker of the House, and to each member of the San Francisco delegation in Sacramento.

Commending President and Board of Directors of the Grace Line for Their Enterprise in Building Liners "Santa Rosa," "Santa Paula," "Santa Lucia" and "Santa Elena."

(Code No. 5.92)

Supervisor Spaulding presented:

Resolution No. 668, as follows:

Whereas, San Francisco, one of the foremost ports of the world, will be honored Tuesday with the arrival of the new Grace Liner "Santa Lucia," on its maiden voyage to its home port; and

Whereas, this liner is one of four modern and speedy liners built by the Grace Line for its New York-San Francisco and Northwest service, at a cost of $20,000,000. The vessels are the "Santa Rosa," "Santa Paula," "Santa Lucia" and the "Santa Elena." The first two, in order, have already visited their home port, the "Santa Lucia" arrives Tuesday, and the last of these all-American-built vessels, the "Santa Elena," is due April 18th, on her maiden voyage from the east coast; and

Whereas, the majority of officers and crew, numbering hundreds, are San Francisco residents; the vessels were constructed entirely of American material by American workmen; these liners represent valuable adjuncts to the United States merchant marine and will be of valuable assistance to the growth of business in San Francisco and the bay region; now, therefore, be it

Resolved, That this Board of Supervisors does hereby commend President Edward T. Ford and the board of directors of the Grace Line for their enterprise in building these freight and passenger carriers at such a tremendous cost and does thank them for undertaking such an expansive program at a time when faith in business recovery is an essential of big business.

In Memoriam—Anton J. Cermak.
(Code No. 5.91)

Supervisor Gallagher presented:

Resolution No. 663, as follows:

Whereas, the victim of one of the most outstanding and atrocious murders of the present era has, after a struggle notable for its courage, its sturdiness and its will power, succumbed to the effects of the assassin's bullet; and

Whereas, there has died today at Miami, Florida, Anton J. Cermak, Mayor of Chicago, who rose from a Bohemian immigrant boy to an honored position second to none in the municipalities of the United States of America; and

Whereas, the circumstances of the death of the Mayor of Chicago are surrounded with a strangeness wherein it were that he should die for a greater one to live; and

Whereas, this note that has come to us of the sacrificing of Anton J. Cermak's life that the nation carry on through him for whom the bullet was intended; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco deeply and publicly proclaim their horror at the ghastliness of the death of the Mayor of Chicago, Anton J. Cermak; and be it

Further Resolved, That a copy of this resolution be spread upon the minutes of this Board and a copy be sent to the surviving daughter of the late Anton J. Cermak, Mayor of Chicago.

Adopted unanimously by rising vote:

Report of Supervisor Gallagher on Unemployment Relief Complaints.

The following was presented and read by the Clerk:

March 6, 1933.

To the Honorable Board of Supervisors, City and County of San Francisco.

Gentlemen of the Board: Mindful that it is usually the case for committees of this Board to hear subjects and then refer them to other official bodies without the formality of communication, I therefore take advantage of this opportunity to bring pointedly before the Board my own reflections and recommendations as a member of the Board of Supervisors sitting as a member of the Public Welfare Committee, assembled Friday, March 3, 1933, to hear the complaints from the unemployed group or their representatives, and to hear the replies thereto of the officers in charge.

The first group that was heard were representatives of a group stating that they are organized under the title of Homeless Youth of America, San Francisco Division, represented by William Maher, Eldon L. Freze and Arthur Santoyato; said representatives, ranging in age from 17 to 25, stated (and there is every reason to believe their statements were true) that they had been battered from pillar to post all over this country; that they had been victims of the "Move On" system, and that they had in some instances been arrested as many as nearly sixty times for the purpose of seeing to it that they did move on; that there were 300 of them now in San Francisco; that some of them had been fed for periods of from 20 or more days, but had been refused further assistance.

It will be noted that despite their youth some of the leaders of this group made the statement that if not given relief "they proposed to go out and get it."

Mr. Charles M. Wollenberg admitted the correctness of many of their statements, but stated that his hands were tied, and that if the Board of Supervisors would give him the funds, remedy could be had. It is indicated that a sum of $1,000 more or less per month would take care of at least 300 of these boys, and probably more.

The Homeless Youth Group Committee indicated that if authorized to do so, and if given co-operation, they had plans for the disciplining, care and maintenance of their group, with the assistance of the Citizens' Committee. On motion, they were instructed to submit a plan. I beg to recommend, and I trust my colleagues will join me, that this plan be given immediate consideration by the Director of Relief and the Citizens' Relief Committee; that they point out wherein this plan will not work, and that they do so immediately.

I beg to recommend further that the Public Welfare Committee of this Board be constituted and authorized to deal directly with the Citizens' Relief Committee and Director of Relief to the end that no delay will ensue.

There were also heard complaints of the unemployed to the effect that severe restrictions had been made relative to the use of automobiles by those on relief. So far as my recollection of the answers was, it was to the effect that these regulations are necessarily stringent and due to complaints of citizens. I could not see from my reaction any good reason for the rule, and recommend that it be reconsidered.

On the complaint of rent relief, and heat and light, it seems to me that, as a result of the hearings, the Relief Committee should raise its sights! Admitting it will take more money, they in turn admitted their inability to deal with the most harassing, aggravating and desperate situation because of the proportionate amounts set up for relief. It does seem to me that, realizing this terrific and, I think, unusual and unprecedented condition through rents and gas and heat and light, that the Relief Committee should immediately recommend measures to relieve it, even though the funds in hand had to be drawn on to a greater amount than heretofore, has been the case.

With the idea of providing further relief these recommendations are made, and to the end that this increasing threat of violence to established institutions may be minimized.

Respectfully yours,

ANDREW J. GALLAGHER,
Member of the Board of Supervisors.

Program of Homeless Youth of America, San Francisco Division.

1. We plan to live an ideal life if it will be made possible for us.
2. We will prepare ourselves to be honorable citizens of this community, and be ready to do any work we are called upon to do, for a standard wage scale and not for charity.
3. We will not discuss or contradict religious or political questions.
4. We will study human nature and contrive to help our fellow youth.
5. We will organize an orchestra, glee club, and we will stage dramatic plays, also we will establish a library and a gymnasium.
6. Self-leadership. We have intelligent youths who think constructively and will see that things are carried out in an orderly manner.
7. Sanitation. We will practice cleanliness, by washing our persons, fumigating the entire place, and sterilizing all our eating utensils; we will exterminate all vermin that cause disease.
8. We have investigated and found that the lowest possible cost a homeless youth can be fed three wholesome meals a day on is approximately 5 cents.
9. The following things will have to be supplied by the City:
    1. 300 cots should be obtained by the City from the National Guard.

2. 600 blankets should be obtained by the City from the National Guard.
3. 300 plates, cups, saucers, spoons, forks, knives, etc.
4. 1 coffee urn, 1 refrigerator, 1 gas stove for cooking, and etc.
5. Gas, water and electricity must be paid by the City.

WM. MAHER, Acting Chairman.
ELDON L. FREZE, Acting Secretary.

In Re Relief Work.

SUPERVISOR GALLAGHER: * * * I present this document. Is there any report from the committee of the whole, Supervisor Power?

SUPERVISOR POWER: No, I have not.

SUPERVISOR GALLAGHER: I present this document, then, which is self-explanatory, Mr. Chairman, under my name on the roll call, and ask that it be read by the Clerk.

(Thereupon there was read by the Clerk a communication addressed to the Board by Supervisor Andrew J. Gallagher, under date of March 6, 1933, in connection with relief work.)

SUPERVISOR GALLAGHER: I would like to move the adoption, Mr. Chairman, of that report, in view of the fact there appears to be no report from the members of the Board on that subject. If I get a second, I will explain my reasons.

SUPERVISOR BREYER: I will second the motion.

SUPERVISOR GALLAGHER: Have I a second, Mr. Chairman?

THE CHAIRMAN: Yes.

SUPERVISOR GALLAGHER: Then I think, Mr. Chairman, one of the stiffest complaints we went against the other day was the statement by the unemployed that they had repeatedly put their claims before us and repeatedly they had been just simply referred to some other body. I find that in many of the cases, or in several of the cases at least, where they were referred letters, official letters have not gone forth from this Board, thus leading to the easily attainable situation that our group says they have been referred to the other group, who say they have not been not been received.

I am not an alarmist, but I don't like the tenor of this unemployed movement. I don't like to sit in a public hall, in a democratic form of government, filled to overflowing with people in desperate circumstances, apparently, and find it necessary to be guarded by the police force, and about one policeman to every ten persons present, and where they have a great mass meeting here in the Civic Center and even more police guards are necessary. At the last meeting here the other day many supervisors took advantage of the opportunity to stay away, without excuse. I don't think the San Francisco authority is any better off for these conditions, and I therefore feel that these complaints at least should receive some attention.

On my motion the homeless youth committee was asked to submit a plan, and they did submit a plan today, and I took the time to study that plan and to present it with a request to see what was contained in it. I have the original plan in my hands.

On the subject of the use of automobiles by those on relief, I, for my part, could see no sense in preventing those people from using automobiles which they had legitimately bought and paid for, and where no money that would come to them on relief was being expended on their upkeep. There was entered a complaint that the owners of automobiles who happened to be on relief, whether it was their old Fords or what, would have to take their license plates and white certificates and deposit with the automobile bureau of the relief committee, and I hardly see the necessity for that.

I find further that the Pacific Gas and Electric Company, after allowing them two months until they go on relief, as far as the paying of their bills is concerned, say that when they come off relief they must still be faced by those bills. In other words, the Pacific Gas and Elec-

tric hands them the back bills, so that a man might easily find himself with five months' heat and light bills before him with nothing to pay them with.

I find further that in the matter of rent, the rent proposition, it is simply a ring-around-the rosie proposition as it is being handled now. The landlord, not mindful that he is taking in an indigent, proceeds to take a family in and lets them stay a month or two, until he finds out, and then throws them out. The Associated Charities then pays one month rent and lets them cheat the landlord for the next month or two, whatever they can, and then the Associated Charities sets them up again in another place, and it starts the same process over again, with the result that the unemployed gets no rest and the landlord gets no rent. The answer to that proposition by the relief committee, as to the reason it did not deal differently with that proposition, was that it had not received sufficient funds to properly take care of it. I cannot sit here as a member of the Board, a little better off in the world's goods than a number of these people, who are apparently worthy, and let the answer be that the people who are being ejected must continue in that manner for the simple reason that they cannot afford to give them more money, even though we have got it. I cannot sit here as a Supervisor and feel that some woman is giving birth to a child and having her heat turned off. There is money that can be used for that purpose, and for that reason, and for the reason that I hope some action may be taken by virtue of this report, and the further reason that there is no report here today by the committee of the whole, I have brought this report in here today.

SUPERVISOR POWER: Mr. Chairman, the reason there is no report here from the committee of the whole, or the Welfare Committee, whichever you wish to consider it, I sat here until seven-thirty, in fact sat alone until seven-thirty; most of the members were here at one time, but gradually had to leave, for some reason or other; I told the Relief Committee that there would be a report here one week from today and not this Monday. The reason I told the people interested that, Supervisor Gallagher, I thought it would be better to consult the Mayor's Relief Committee and Mr. Wollenberg before we brought a report in here.

Now, relative to the homeless youths, as I recall, you told them to submit a plan here today.

SUPERVISOR GALLAGHER: The committee did, and I have it here.

SUPERVISOR POWER: I haven't seen the report, and that is why I am going to ask that it wait another week.

THE CHAIRMAN: There is nothing before the Board from the Public Welfare Committee, as I understand it.

SUPERVISOR POWER: Not as yet, Mr. Chairman, and I ask, with all due deference to Mr. Gallagher, that this be allowed to go over until next Monday.

SUPERVISOR GALLAGHER: My view, my reason for submitting this report, I didn't think there would be a report here today, and I didn't know what action had been taken by the committee, because I left, as you know, and you know why. Now, Supervisor Power, I did not intend to criticize you, and I hope you will understand it in that way, but in regard to this problem of the homeless youths, a week's time, a week's delay, means possible starvation to some people; a week's time means four or five hundred people evicted; a week's time means a couple of babies born without any heat; a week's time means light and heat turned off for people who need it; and I do not see any reason for waiting a week unless you disagree with the statements set forth in my report. I plead with you to remember that here in this room the other day there was an armed force guarding the officials, authorities of this city, and that at a mass meeting held the next day there was even a greater armed force used right here in the Civic

Center to guard the officials, and it seems to me, Supervisor Power, a week's time is too long.

SUPERVISOR POWER: Well, from my understanding of the situation, there are no people being evicted and these boys are not starving; Mr. Wollenberg is taking care of them at this time and will take care of them for another week at least.

SUPERVISOR GALLAGHER: Didn't you hear him state that he had provided them food for twenty-four days and that it would stop?

SUPERVISOR POWER: I heard him say that he had fed them for twenty-four days, yes, Supervisor, but can't we tell him, tell Mr. Wollenberg, to continue to feed them for another week and then take action relative to your report, or whatever the situation calls for?

In connection with the confiscation of automobiles, I disagree with you; I think their use is justly confiscated in the case of some of them.

SUPERVISOR GALLAGHER: Well, I still stand for the adoption of my report.

SUPERVISOR MILES: I understand that it takes an unanimous vote to adopt the report here today.

THE CHAIRMAN: No, it does not take a unanimous vote to adopt a report, but there is no report in here today from the Welfare Committee, before which this matter was heard.

SUPERVISOR GALLAGHER: Didn't we meet as a committee of the whole?

THE CHAIRMAN: I don't think so.

SUPERVISOR GALLAGHER: That was the order, that was your motion, wasn't it, Mr. Power?

SUPERVISOR POWER: That was my motion, yes.

THE CHAIRMAN: The Board did not resolve itself into a committee of the whole, it was just merely the Welfare Committee, as I understand it, met as a committee, and there were a few members of the Board also present at the hearing.

SUPERVISOR POWER: I have no objection to this report going to the Mayor's Relief Committee, but a report will also go to them from the Welfare Committee.

SUPERVISOR MILES: I move that this resolution, or this report by Supervisor Gallagher, be referred to the Welfare Committee, and that the Clerk authorize the reporter of the Board to make a transcript of Supervisor Gallagher's remarks and that they also be submitted to the Mayor's Relief Committee, and then we will have the entire report before us and will report back to the Board on next Monday.

SUPERVISOR RONCOVIERI: I will second that motion; but I would like to make an amendment to it; I would like to have the entire transcript of what occurred here the other day also transcribed. There were many things said the other day that would give an entirely different color to what occurred here, from what Supervisor Gallagher said. You have not heard the statements made at that time by Mr. Wollenberg, and I want to express now my utmost confidence in Mr. Wollenberg and the relief committee and the manner in which they are doing their work. They have no intention of refusing help to those who are deserving and are in need of it, and he stated that as much money as you will give "we will spend." He also stated that the law prohibits the giving of help to any floaters, and I say this with no disrespect to any man, but he is not supposed to feed them for over three days, and yet Mr. Wollenberg said that he had kept them on the list of relief for twenty-four days, "and now if you will give me the money, and the law permits, I will go as far as you give me the money to go," so let's hear the other side, and let us have all that transpired at that meeting.

THE CHAIRMAN: You want to incorporate that in the motion by Supervisor Miles, Supervisor Roncovieri?

SUPERVISOR RONCOVIERI: Yes.

THE CHAIRMAN: Is there any second to that amendment?

SUPERVISOR MILES: In the first place, that would cost in the neighborhood of $100, and I understand that each organization appearing here on Friday submitted a request in writing to the Clerk, and I understand those have all been referred to the committee, and when they bring a report back, if there is any question as to what took place on Friday, I think we can have the reporter here and let him read it over to us from his notes, and effect a very considerable saving.

THE CHAIRMAN: Then, if there is no objection, Supervisor Gallagher's remarks and his report will be referred to the Relief Committee, and we will have a report back here on next Monday.

SUPERVISOR GALLAGHER: Please understand me, Supervisor Roncovieri, there is nothing in my statement and nothing in my remarks which I hope will be considered as being unduly critical of Mr. Wollenberg or his committee. I sense that I am perhaps over-critical in connection with this matter, and I also sense that possibly there is an extremely grave situation confronting us. I do know that Mr. Wollenberg distinctly said this, and the record so shows, when I asked Mr. Wollenberg, "What are you going to do about these three hundred boys as per this plan?" he said, "Gentlemen, I am rather helpless; we feed them for a while under the law, but then we are compelled to stop. Now, if your Board of Supervisors authorizes me to go ahead and feed them further, I will do so, and if they submit a plan by which they might manage their own affairs under their own supervision I might give them the necessary food or assistance."

The motion, as I get it, by Supervisor Miles is that this report be referred to the Welfare Committee, or this—what shall I call it—letter that I filed—

THE CHAIRMAN (interrupting): Statement.

SUPERVISOR GALLAGHER (continuing): This statement be referred to the Welfare Committee, and that a copy be immediately sent, of the remarks here, to the Relief Committee, so that next week when your proposition comes up they will have been dealing with it in the meantime.

I would like to ask permission of the floor to ask one of the young men I see in the audience, one of the homeless youths, a few questions.

THE CHAIRMAN: The Chair is opposed to opening this matter up at this time. You had your hearing the other day, and there not being a motion before the Board, this will be referred to the Welfare Committee. I think that is the proper tribunal to hear the matter.

SUPERVISOR GALLAGHER: Pardon me, nobody has been denied the right here for some time to ask a citizen, or some person appearing here, a question.

THE CHAIRMAN: Only for the reason, Supervisor, that I shall oppose any attempt at this time to open up this matter.

SUPERVISOR GALLAGHER: I wanted to ask this question: Whether or not the young man knew as to whether or not food was at this time being refused to any one of the homeless youths? If you think I am opening up the question in that way, and you say I can't do it—

THE CHAIRMAN (interrupting): I won't object to one question of that kind, but I shall object to opening up the question to discussion on the Board at this time.

SUPERVISOR GALLAGHER (addressing a youth in the audience): Are you a member of the Homeless Youths Committee?

THE YOUTH: Yes, sir.

SUPERVISOR GALLAGHER: Is it true—

THE CHAIRMAN: What is your name?

MANUEL DEVILA: Manuel Devila.

THE CHAIRMAN: Are you a resident of San Francisco?

MANUEL DEVILA: For the first time, yes.

THE CHAIRMAN: How long have you been here?

MANUEL DEVILA: Ten days.

THE CHAIRMAN: Where did you come from?

MANUEL DEVILA: Los Angeles.

SUPERVISOR GALLAGHER (interrupting): Who got the right to ask questions here, Mr. Chairman? Can't you wait until I get through?

THE CHAIRMAN: I wanted to supplement your questions; I want to know who is addressing this Board.

SUPERVISOR GALLAGHER: I think that is rather arbitrary, and—

THE CHAIRMAN (interrupting): I have asked my question. Proceed, Supervisor Gallagher.

SUPERVISOR GALLAGHER: May I ask, you are one of the homeless youths?

MANUEL DEVILA: Yes, sir.

SUPERVISOR GALLAGHER: Have you been refused food?

MANUEL DEVILA: They make it pretty hard to get; we don't get food down there, it's slop.

SUPERVISOR RONCOVIERI: He says they don't get any food, that it's slop.

THE CHAIRMAN: Members of the Board, you heard the report by Doctor Geiger, or by the Chief Food Inspector, who inspected the soup kitchen at Ritch street, and inspected all the food, and said that everything was in good shape and perfectly sanitary, and now are we going to let strangers come in here and after ten days refer to the food at Ritch street being "slop," and I know it is not so, because I have been down there myself.

MANUEL DEVILA: You never been in the bread line.

THE CHAIRMAN: I have been down there and seen the food, and seen the place, and had a cup of coffee down there myself; I know it is all right.

SUPERVISOR GALLAGHER: I am asking you whether any of these boys have been refused food or not.

MANUEL DEVILA: I really don't know, because I have never been there.

THE CHAIRMAN: The question now is on reference to the Welfare Committee and the Citizens' Relief Committee. Is there any objection? (No response.)

So ordered.

Residence Qualification of School Teachers.

Supervisor Gallagher presented a communication from Adolph Uhl, requesting that the San Francisco delegation to the Legislature support Assembly Bill No. 1397, relating to the employment of persons by school authority.

Referred to Judiciary Committee.

Favoring Consideration of a World Fair in San Francisco in 1939 to Celebrate Completion of the Golden Gate and San Francisco-Oakland Bridges.

(Code No. 5.93)

Supervisor Power presented:

Resolution No. 664, as follows:

Whereas, completion of the Golden Gate and San Francisco-Oakland bridges will signalize the beginning of a new phase of San Francisco's existence as metropolis of the Pacific Coast; and

Whereas, these giant structures will be an attraction as engineering spectacles to tourists from all over the world, and should be fittingly publicized; and

Whereas, the bridges will make San Francisco more accessible from the north and east and enhance the City's position as queen of the Pacific, the future arena of world events; and

Whereas, a previous undertaking of vital interest to San Francisco, namely, building of the Panama Canal, was celebrated by the Panama-Pacific International Exposition in 1915; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco go on record as favoring consideration of a World Fair in San Francisco in 1939 to observe completion of the Golden Gate and San Francisco-Oakland bridges, and urge citizens and civic organizations to work towards that end.

Referred to Public Welfare Committee.

Communication From Park Commissioners in Re Yacht Harbor Improvements.

The following was read by the Clerk:

February 28, 1933.

To the Honorable Board of Supervisors, City Hall, San Francisco, California:

On or about February 15 the attached request was addressed to your Board. As no communication has been received from your honorable body up to date, it is desired that this request be cancelled and that the letter enclosed herewith, bearing today's date, be substituted therefor.

B. P. LAMB, Secretary.

February 28, 1933.

To the Honorable Board of Supervisors, City Hall, San Francisco, California.

Subject: Two fireproof piers and fire walls, Yacht Harbor.

The Board of Park Commissioners request that your honorable Board extend, by resolution, the time for the letting of the contract for the construction of two fireproof piers and fire walls at Yacht Harbor, on the Marina, to March 31, 1933, in accordance with the provisions contained in section 1 of Bill No. 59, Ordinance No. 9.0871, Code No. 9.087, titled "Contract Procedure Ordinance," approved by your honorable Board June 2, 1932.

The reason for the request for this extension of time is the delay caused by the study and deliberations of the Fire Commission and the subsequent minor changes in plan resulting therefrom.

B. P. LAMB, Secretary.

Whereupon, the following resolution was presented by Supervisor Power and *adopted*:

Extension of Contract for Two Fireproof Piers and Fire Walls, Yacht Harbor.

(Code No. 23.01)

Resolution No. 665, as follows:

Resolved, That the time for the letting of the contract for the construction of two fireproof piers and fire walls at Yacht Harbor, on the Marina, be extended to March 31, 1933.

This extension of time is required on account of the delay caused by the study, deliberation and resulting minor changes in the plans.

Request for Cost Estimate for Widening and Lighting Fell Street, Van Ness Avenue to Stanyan Street.
(Code No. ——)

Supervisor Shannon presented:

Resolution No. 666, as follows:

Resolved, That the Director of Public Works be and is hereby respectfully requested to submit plans, specifications and estimated cost for widening Fell street, from Van Ness avenue to Stanyan street; and be it

Further Resolved, That the Public Utilities Commission be and is hereby respectfully requested to submit estimated costs for properly installing lighting standards in and on and along Fell street, widened.

Referred to Streets Committee.

Budget Request for Convenience Station at North Beach and Tax for Broadway Tunnel.

Supervisor Canepa presented:

San Francisco, Calif., March 4, 1933.

Hon. Victor J. Canepa, Board of Supervisors, City Hall, San Francisco.

Dear Supervisor Canepa: At the last regular meeting of the North Beach Promotion Association resolutions were adopted that your aid be asked in presenting these two requests to the City officials in charge of these matters:

No. 1. That a convenience station be constructed in this section, preferably in the vicinity of Columbus avenue and Broadway.

No. 2. That a few cents be included in the annual tax rate to start construction of the Broadway tunnel. This plan was followed in raising the initial funds for construction of the Golden Gate bridge. Of course, the opinion of the City Attorney would prevail on any plan adopted. Work of some kind will have to be started to relieve some of the unemployment.

Very truly yours,

NORTH BEACH PROMOTION ASSOCIATION.
RICHARD P. GORMAN, Secretary.

Referred to his Honor the Mayor for Budget consideration.

Letter of Thanks.

Redwood Empire Supervisors' Unit Meeting.

Supervisor Miles presented a communication from the Redwood Empire Supervisors' Unit, inviting attendance on Tuesday, March 7, at 9 a. m., Room 426 State Capitol building, of Roads and Highways Committee; also, at 8 a. m., breakfast session at Hotel Senator, Thursday, March 9, 1933.

Read by Clerk. Same committee as County Supervisors' Association authorized to attend.

Mayor's Application for Federal Aid in Unemployment Relief.

His Honor Mayor Rossi appeared before the Board at this point in the proceedings and called attention to the desirability of obtaining federal aid in unemployment relief work. He presented the following communication, which was read by the Clerk:

March 4, 1933.

Hon. James Rolph, Jr., Governor of California, Sacramento, California.

My Dear Governor: I am herewith transmitting to you in triplicate the application of San Francisco for funds from the Reconstruction

Finance Corporation for relief of the needy residents of the City and County. While the application speaks for itself, it is my desire that you should be advised more in detail as to the present and immediate future needs of San Francisco.

San Francisco has been able to care for all of its relief work since the present emergency began. For the year 1931, $2,100,000 was expended from the proceeds of sale of bonds which were voted by the people for unemployment relief. In addition to this sum, $260,000 was voluntarily contributed to the same cause by the employees of the City. These sums were exclusive of the sums expended for hospitalization work, care of the aged in relief home, old age, blind, widows and orphans' pensions and allowances.

In 1932 the people of San Francisco responded more generously to the call of the needy, and in that year $3,503,604.44 was expended for general relief, which also did not include any of the amounts expended for the maintenance of our hospitals or relief homes, or in the payment of old age, blind, widows' and orphans' pensions. Of this amount $2,743,386.21 was provided by bond issues or by taxation, and most of the remainder came from the voluntary contributions of municipal employees.

The demands which will be made upon the City for the current year, based upon expenditures of the first two months, will be nearly double that of 1932, and from present indications San Francisco will be called upon to expend, during the present year, at least six million dollars for the relief of its needy, and this amount will be in addition to the sums needed for hospitals, homes, pensions, etc.

While San Francisco has borne its burden during the past two years without appeal either to the state or the nation, I feel that it will be impossible for our City to continue to do so during the coming year.

At the present time we are spending approximately $600,000 a month for relief of the unemployed. We have at the present time available cash to the approximate amount of one million dollars and two million in unsold relief bonds. It is difficult to state whether these bonds can, under existing conditions, be sold, but even if we admit that they could, all of these funds would, at the present rate of disbursement, be exhausted by August 1st of the present year. Should it be possible to provide relief funds by taxation, such funds will not be available until December 15th. Furthermore, it is extremely doubtful if such a course will be possible, for the reason that, owing to reduced assessment rolls, the ordinary governmental expenditures, which must include the care of our sick, our aged, our widows and orphans, will bring our tax rate almost to our charter limitations. Under existing conditions, a bond issue is not feasible, for the reasons, first, that there is grave doubt if the people would approve it; and second, it will not be possible to submit such an issue to the people for their approval until the November election, and therefore the bond money would not be available until January.

Under all of these conditions, I trust that you will not only recommend an allowance by the corporation, but will also endeavor to impress upon the disbursing officers the justness of our cause, for unless we can be assured of relief from the Federal Government we must at once curtail our local allowances, which will be a hardship indeed upon many of our people.

Hoping for your full co-operation and help in the premises, and with my profound personal regards, I have the honor to remain,

Yours very truly,

ANGELO J. ROSSI,
Mayor of San Francisco.

Final Passage.

Whereupon, the following was presented and *finally passed* by the following vote:

Authorizing the Mayor to Make Application for Loan From Reconstruction Finance Corporation to Care for Indigents; Providing for Representation of San Francisco, if Necessary, Before the Reconstruction Finance Corporation, and Declaring an Emergency.

(Code No. 19.071)

Bill No. 264, Ordinance No. 19.0716, as follows:

Authorizing the Mayor of the City and County of San Francisco to make application through the Governor of the State of California to the Reconstruction Finance Corporation for funds to enable the City and County of San Francisco to care for the indigent sick, dependent poor and other persons in need by reason of unemployment, and authorizing said Mayor, the Director of Relief and the City Attorney to represent the City and County of San Francisco on the hearing of said application and making an appropriation to defray their expenses in so doing, and declaring an emergency.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Mayor of the City and County of San Francisco is hereby authorized and directed to make application through the Governor of the State of California to the Reconstruction Finance Corporation for such moneys as said Reconstruction Finance Corporation may be willing to advance to the Governor of the State of California for the City and County of San Francisco in order to aid said City and County in caring for the indigent sick, dependent poor and other persons who are unable to support themselves by reason of unemployment, and to report to this Board of Supervisors at the earliest possible date the amount of money which may possibly be obtained from the said Reconstruction Finance Corporation for the remainder of the present fiscal year and for the fiscal year 1933-1934 for said purpose.

Section 2. In order that said application may be properly presented to said Reconstruction Finance Corporation, and that said Corporation may be fully advised as to the exact conditions in San Francisco and the need of San Francisco for additional funds for the purposes above mentioned, Angelo J. Rossi, Mayor of the City and County of San Francisco; Charles M. Wollenberg, Director of Relief thereof, and John J. O'Toole, City Attorney thereof, or either of them, and/or a substitute for either of them, to be appointed by the Mayor, are hereby authorized, upon the Mayor determining the necessity thereof, to proceed to the city of Washington and to present such facts as may be pertinent to the Reconstruction Finance Corporation and to urge the granting to San Francisco, through the Governor of the State of California, an allowance for the relief of the indigent sick, dependent poor and other persons in need by reason of unemployment, and the said Mayor, said Director of Relief and City Attorney, and each of them, is hereby granted permission to absent themselves from the City and County of San Francisco for a period not to exceed sixty (60) days from and after the date of this ordinance for the purposes herein specified.

Section 3. There is hereby appropriated from the Emergency Reserve Fund the sum of two thousand ($2,000.00) dollars, which said sum is hereby made payable to His Honor the Mayor for the purpose of defraying the expenses of the above mentioned persons to the city of Washington for the purposes herein mentioned, the said sum to be expended and accounted for pursuant to the provisions of section 219 of the Charter of the City and County of San Francisco and Ordinance No. 9.0561.

Section 4. This ordinance is passed as an emergency measure by the vote hereinafter set forth and, by reason of the same being an emergency measure, reference to committee and the reading of this ordi-

nance and votes thereon at separate meetings is hereby waived. The Board does hereby declare the said emergency which necessitates the immediate passage of this ordinance to be as follows, to-wit:

That it is necessary for the preservation of the health and safety of a large number of the residents of the City and County of San Francisco, in this—that unless immediate application is made to the Reconstruction Finance Corporation for the allowance herein mentioned, the same cannot be considered until the month of May of the present year, and the funds of the City and County of San Francisco available for the purpose of caring for the indigent sick and dependent poor may become exhausted.

That by reason of said emergency this ordinance shall become effective forthwith.

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding—13.

Absent—Supervisors McSheehy, Stanton—2.

SPECIAL ORDER—2:30 P. M.

Passed for Second Reading.

The following bill was taken up and on motion *passed for second reading*:

Boiler Ordinance.
(Code No. 11.08)

On recommendation of Buildings and Lands Committee.

Bill No. 258, Ordinance No. 11.086, as follows:

An ordinance regulating the installation and inspection of high-pressure steam boilers, low-pressure steam boilers, direct-fired hot-water heaters, indirect-heated hot-water tanks and pressure tanks, and for the issuance of the permits and certificates therefor, and establishing the fees to be charged for the inspection of said appliances.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. (a) It shall be unlawful for any person, firm or corporation to proceed hereafter with the installation of any high-pressure steam boiler, low-pressure steam boiler, direct-fired hot-water heater, indirect-heated hot-water tank, or pressure tank in any fixed location in the City and County of San Francisco unless the permit so to do as herein provided shall have first been obtained from the Central Permit Bureau of the Department of Public Works of said City and County. Nothing herein contained shall be construed as evidence of proper performance or adequate capacity of any of the appliances herein mentioned.

Section 2. (a) Whenever used herein, the following terms shall have the following definitions:

(1) High-presure steam boiler shall mean any metal vessel or container used for the generation of steam under pressure, exceeding 15 pounds per square inch gauge pressure.

(2) Low-presure steam boiler shall mean any metal vessel or container having a heating surface of 3 square feet or more, used for the generation of steam under pressure, not exceeding 15 pounds per square inch gauge pressure.

(3) Direct-fired hot-water heater shall mean any metal vessel or container used for the purpose of heating water through the medium of heat directly applied to the shell and/or furnace walls and/or tubes, or of heat directly applied by electrically heated elements.

(4) Indirect-heated hot-water tank shall mean any closed metal vessel or container used for the purpose of storing hot water heated by any other method than the direct application of heat to the shell and/or furnace walls and/or tubes, or of heat produced by electrically heated elements.

(5) Pressure tank shall mean such metal vessel or container used for the storage or accumulation of air or other substance under pressure as is covered by the safety orders of the Industrial Accident Commission of the State of California.

(6) Safety valve shall mean a safety valve conforming to the Code of the American Society of Mechanical Engineers as adopted by the Industrial Accident Commission of the State of California and its safety orders.

(7) Relief valve shall mean a valve which conforms to the Code of the American Society of Mechanical Engineers as adopted by the Industrial Accident Commission of the State of California and its safety orders and which is used for the purpose of relieving excess pressure other than steam.

(b) All of the above defined articles are herein referred to as appliances, and the term appliance in this ordinance shall mean each and any of the above defined articles.

Section 3. (a) The term installation shall not be construed to mean restoration or replacement of previously installed appliances, when such restoration or replacement is made by persons, firms or corporations permanently employing boiler inspectors certified by the Industrial Accident Commission of the State of California; provided, however, that such restoration or replacement does not change the duty performed by the appliances affected.

(b) The term location shall mean premises used or buildings operated as one unit under one management.

Section 4. (a) Applications for the permits herein mentioned shall be filed in duplicate with the Central Permit Bureau of the Department of Public Works upon forms furnished by such Bureau, which forms shall set out information necessary to be given. If the Bureau so requires, plans and specifications in duplicate shall be filed with the application. If it is found that the proposed installation conforms to the requirements of this ordinance, then upon payment of fee specified herein, an installation permit shall be issued to the applicant for the installation of the work. Thereafter, when the work has been completed, it shall not be put in operation until a final inspection shall be made. If upon such inspection it is found that the terms of this ordinance have been complied with, a certificate of final completion shall be posted and a duplicate copy of same issued to the owner or his authorized agent by the Bureau of Building Inspection, as provided for herein. When said installation permit is granted, there shall be attached thereto a copy of said plans and specifications, if such have been required to be filed.

Section 5. (a) Upon the filing of application for an installation permit, the Central Permit Bureau shall forthwith submit such appli-

cation to such bureaus or commissions as have jurisdiction over the proposed work. If it shall be found that said application and the premises on which the proposed work is to be located conform to the laws and regulations governing such installation, then it shall be the duty of each of such bureaus or commissions to endorse approval upon such application and to transmit two copies thereof to the Central Permit Bureau, which Bureau shall forthwith issue the installation permit, and upon payment of the fee herein named, deliver it to the applicant. But if it shall be found that any such bureau or commission refuses to approve the application, the application shall be returned to the Central Permit Bureau with a statement of the reason for such refusal endorsed thereon.

Section 6. (a) All permits issued and certificates issued pursuant to this ordinance shall be kept displayed in a conspicuous place at or near where said appliance is installed. Installation permits shall be good for one year only; if installation is not begun within that period the permit becomes null and void.

Section 7. (a) Nothing in this ordinance shall be construed to apply to the inspection of any appliance when the installation of such appliance is under the supervision and control of the Railroad Commission of the State of California as provided in the Public Utility Act of the State of California, approved the 23rd day of April, 1915.

Section 8. (a) No fees shall be charged for the issuance of permits or certificates, or for the making of inspections of appliances when the same are to be used by the City and County of San Francisco, the State of California, or by the United States of America, except as herein provided.

Section 9. (a) High-pressure steam boilers shall be installed in accordance with the Code of the American Society of Mechanical Engineers as adopted by the Industrial Accident Commission of the State of California and/or its safety orders.

Section 10. (a) Low-pressure steam boilers shall be built and equipped in accordance with the Code of the American Society of Mechanical Engineers as adopted by the Industrial Accident Commission of the State of California and its safety orders. They shall be equipped with safety valves and with an automatic electric or mechanical device by which the fuel supply is cut off when the water falls below the safe working level or the pressure exceeds that predetermined, which in no case shall be in excess of 15 pounds per square inch gauge pressure.

Section 11. (a) Direct-fired hot-water heaters, except as otherwise stipulated in this section, shall be built and equipped to conform to the Code of the American Society of Mechanical Engineers as adopted by the Industrial Accident Commission of the State of California and its safety orders. In no case shall the stresses in the longitudinal joints of steel shells, while operating under maximum working pressure plus 10 per cent, exceed: for welded construction, 5600 pounds per square inch of cross-section if single vee welded and/or thickness of shell is less than ¼ inch; 8000 pounds per square inch of cross-section if double vee welded and thickness of shell is ¼ inch or over; for riveted or seamless construction, 11,000 pounds per square inch of net cross-section.

(b) If direct-fired hot-water heaters are made of cast iron, the maximum working pressure on such heaters shall not exceed that guaranteed by the manufacturer, less 10 per cent.

(c) If direct-fired hot-water heaters are made of other materials than cast iron or steel, then their construction shall conform to the safety orders of the Industrial Accident Commission of the State of California, but in no case shall the working stresses in the material exceed one-third the yield point.

(d) In no case shall a direct-fired hot-water heater be installed if constructed for a pressure of less than 60 pounds per square inch.

(e) Direct-fired hot-water heaters shall be equipped with:

(1) A water relief valve of ample relieving capacity, to prevent a rise of pressure in excess of 6 per cent, when set to operate at the maximum working pressure plus 10 per cent.

(2) A heat-controlling device that will control the fuel supply and prevent the temperature of the heated water from rising in excess of 200 degrees Fahrenheit.

(3) A pressure gauge graduated to at least one and one-half times the allowable working pressure.

(4) An inspector's valved test gauge connection between the pressure gauge and the heater proper.

(5) Where the maximum City water pressure, as determined by the Bureau of Fire Prevention and Public Safety, at any time exceeds the maximum allowable pressure of the heater, a pressure-reducing valve shall be so installed as to reduce the incoming water pressure to that allowable on the heater.

(f) Coil heaters without additional storage capacity and self-contained heaters having a capacity of 45 gallons or less are excluded from the requirements of this ordinance.

(g) Self-contained heaters having a capacity over 45 gallons, equipped as provided in paragraph (e) of this section, are excluded from the requirements of this ordinance provided they conform to the following requirements:

(1) The water volume capacity does not exceed a total of 100 gallons.

(2) The inside diameter of any part or parts subject to internal pressure shall not exceed 30 inches.

(3) In the construction of such self-contained heaters the working stresses specified in this section shall not be exceeded, but in no case shall such heaters be constructed for a pressure of less than 60 pound per square inch.

(4) The exterior of the container of such heaters shall bear a manufacturer's name plate. Such plate shall guarantee compliance with the requirements of this ordinance, or the manufacturer shall file with the Bureau of Building Inspection a guarantee of such compliance.

(5) The person, firm or corporation installing such self-contained heaters, before installation, shall file with the Bureau of Building Inspection a notification, on form to be supplied by said Bureau, which notification shall state, among other things, the place of installation, the general description of installation and a warranty that the provisions of this ordinance are complied with.

Section 12. (a) Indirect-heated hot-water tanks shall be built and equipped to conform to the Code of the American Society of Mechanical Engineers as adopted by the Industrial Accident Commission of the State of California and its safety orders. In no case shall the stresses in the longitudinal joints of steel shells, while operating under maximum working pressure plus 10 per cent, exceed: for welded construction, 5000 pounds per square inch of cross section, if single vee welded and/or thickness of shell is less than ¼ inch; 8000 pounds per square inch of cross-section if double vee welded and thickness of shell is ¼ inch or over; for riveted or seamless construction, 11,000 pounds per square inch of net cross-section.

(b) If indirect-heated hot-water tanks are made of other materials than steel, then their construction shall conform to the safety orders of the Industrial Accident Commission of the State of California, but in no case shall the working stresses in the material exceed one-third the yield point.

(c) In no case shall an indirect-heated hot-water tank be installed if constructed for a pressure of less than 60 pounds per square inch.

(d) Whenever an indirect-heated hot-water tank receives its heat or hot water from a coil or from a source of heat making possible a pressure in excess of that for which the tank is built, then such indirect-heated hot-water tank shall be equipped with:

(1) A water relief valve of ample relieving capacity to prevent a rise of pressure in excess of 6 per cent, when set to operate at the maximum working pressure, plus 10 per cent.

(2) If the source of heat supply is high-pressure steam, then a pressure-reducing valve must be installed on the steam line and be set to limit the pressure to that for which the tank is built.

(3) A heat-controlling device that will control the temperature of the water and prevent it from rising above 200 degrees Fahrenheit.

(4) A pressure gauge graduated to at least one and one-half times the allowable working pressure.

(5) Where the maximum City water pressure, as determined by the Bureau of Fire Prevention and Public Safety, at any time exceeds the maximum allowable pressure of the tank, a pressure-reducing valve shall be so installed as to reduce the incoming water pressure to that allowable on the tank.

(e) Indirect-heated hot-water tanks having a water volume capacity of 45 gallons or less are excluded from the requirements of this ordinance.

(f) Indirect-heated hot-water tanks having a water volume capacity in excess of 45 gallons are excluded from the requirements of this ordinance provided they comply with the following requirements:

(1) The water volume capacity does not exceed 100 gallons.

(2) The inside diameter of any part or parts subject to internal pressure shall not exceed 24 inches.

(3) In the construction of such tanks the working stresses specified in this section shall not be exceeded, but in no case shall such tanks be constructed for a pressure of less than 60 pounds per square inch.

(4) Such tanks shall bear a manufacturer's name plate. Such plate shall guarantee compliance with the requirements of this ordinance, or the manufacturer shall file with the Bureau of Building Inspection a guarantee of such compliance.

(5) The person, firm or corporation installing such tanks, before installation, shall file with the Bureau of Building Inspection a notification, on form to be supplied by said Bureau, which notification shall state, among other things, the place of installation, the general description of installation and a warranty that the provisions of this ordinance are complied with.

Section 13. (a) Pressure tanks shall be built and equipped to conform to the pressure tank safety orders of the Industrial Accident Commission of the State of California.

(b) In no case shall they be so located as to be inaccessible for examination.

Section 14. (a) If for any reason pipe lines connected to appliances are to be tested in excess of one and one-half times the allowable pressure of such appliance, then such lines shall be blanked off from the appliances before the test is made.

Section 15. (a) The certificates to be issued as provided in this ordinance shall in large type specifically declare that it is unsafe to person or property to operate the appliance covered by the permit unless the safety devices specified herein are in place and operative. Such safety devices shall be specifically limited in the certificate to such as secure safety to person and property, and shall exclude any additional appliances as are not essential to such safety.

Section 16. (a) All inspections provided for in this ordinance shall be made by inspectors of boilers of the Bureau of Building Inspection of the Department of Public Works in conformity with the requirements of the Industrial Accident Commission of the State of California. The Superintendent of the Bureau of Building Inspection shall cause a certificate of final completion to be posted on or immediately adjoining the appliance or appliances inspected, and shall supply the owner or his authorized agent with a duplicate copy of same. This certificate shall be on forms furnished by the Department of Public Works, which forms shall state the date of final inspection, the loca-

tion and description of the appliance or appliances, and shall be countersigned by the inspector of boilers making such inspection. The Bureau of Building Inspection shall file with the Industrial Accident Commission of the State of California, on forms furnished or approved by the Commission, such information in regard to the installations herein provided for as may be required by said Industrial Accident Commission.

Section 17. (a) The Department of Public Works is authorized, and it is its duty, in cases where it has reason to believe that the safety of person or property is endangered by the defective operation of any appliances installed before the passage of this ordinance, to cause an inspection to be made thereof. If such inspection shows that the safety of person or property is endangered by lack of, or failure to operate of, safety devices, then it shall be the duty of the Department of Public Works to shut down such appliances until such safety devices are installed, inspected, and a certificate of final completion issued. Such safety devices are to be limited: for low-pressure boilers, to safety valve or valves and automatic pressure reducer; for direct-fired hot-water heaters, indirect-heated hot-water tanks and pressure tanks, to relief valve or valves.

Section 18. (a) When the Department of Public Works makes, upon request, an inspection of any appliances which do not carry a permit or certificate, then such inspection and each inspection thereafter shall be made only after the payment in advance of the fee herein scheduled shall have been made to the Central Permit Bureau.

Section 19. (a) The provisions of this ordinance shall govern installations owned by the City and County of San Francisco. By proper bookkeeping entries the Bureau of Building Inspection shall be credited with the amount of the fee herein scheduled and the department for which the inspection is made shall be charged therefor.

Section 20. (a) For the purpose of defraying the cost of issuing permits and certificates pursuant to this ordinance, and of making the inspection herein provided, the following fees shall be paid prior to the issuance of such permit, certificate, or of making such inspection:

(1) For high-pressure fire-tube boilers:	
Diameter of 12 inches or less	$ 2.00
Diameter of more than 12 inches, but less than 20 inches	5.00
Diameter of 20 inches or more, but less than 42 inches.	7.00
Diameter of 42 inches or more	10.00
(2) For high-pressure water-tube boilers:	
Less than 300 square feet of heating surface	8.00
Single drum, 300 square feet or more, but less than 5000 square feet of heating surface	14.00
More than one drum, 300 square feet or more, but less than 5000 square feet of heating surface	20.00
5000 square feet or more of heating surface	100.00
(3) For low-pressure steam boilers	4.00
(4) For direct-fired hot-water heaters	4.00
(5) For indirect-heated hot-water tanks:	
Capacity of 100 gallons or less	3.00
Capacity of more than 100 gallons, but less than 250 gallons	4.00
Capacity of 250 gallons or more	5.00
(6) For pressure tanks:	
Diameter of 36 inches or less	3.00
Diameter of more than 36 inches	5.00

(b) For inspection made on request the fee shall be the same as herein scheduled.

(c) Provided, however, that when more than one appliance is installed at the same location and at the same time, then the total fee charged shall be arrived at by taking the largest single fee and adding thereto one-half of the scheduled fee for each additional appliance installed.

Section 21. (a) If and when the Department of Public Works finds that any person, firm or corporation has, subsequent to the passage of this ordinance, installed any appliances without complying with the terms of this ordinance, it shall be the duty of said department to shut down the operation of the appliances so installed until inspection has been made and permit and certificate have been issued as provided herein. The fees in such cases shall be as follows:

(1) For high-pressure fire-tube boilers:	
Diameter of 12 inches or less	$ 10.00
Diameter of more than 12 inches, but less than 20 inches	25.00
Diameter of 20 inches or more, but less than 42 inches.	35.00
Diameter of 42 inches or more	50.00
(2) For high-pressure water-tube boilers:	
Less than 300 square feet of heating surface	40.00
Single drum, 300 square feet or more, but less than 5000 square feet of heating surface	70.00
More than one drum, 300 square feet or more, but less than 5000 square feet of heating surface	100.00
5000 square feet or more of heating surface	500.00
(3) For low-pressure steam boilers	20.00
(4) For direct-fired hot-water heaters	20.00
(5) For indirect-heated hot-water tanks:	
Capacity of 100 gallons or less	15.00
Capacity of more than 100 gallons, but less than 250 gallons	20.00
Capacity of 250 gallons or more	25.00
(6) For pressure tanks:	
Diameter of 36 inches or less	15.00
Diameter of more than 36 inches	25.00

Section 22. (a) All ordinances or parts of ordinances in conflict with this ordinance are hereby repealed in so far as said conflict exists. No inspection shall be made on appliances except as herein provided.

Section 23. (a) In case any section or sections or part of any section of this ordinance shall be found to be unconstitutional or invalid for any reason, the remainder of this ordinance shall not thereby be invalidated, but shall remain in full force and effect.

Section 24. (a) This ordinance shall not be construed as imposing upon the City and County of San Franicsco, or any official or employee thereof, any liability for damages to person or property which may occur from or in connection with any failure of any of the appliances herein named.

Section 25. (a) Any person, firm or corporation violating this ordinance shall be guilty of a misdemeanor, and upon conviction thereof shall be subject to a fine not exceeding $500 or to imprisonment in the County Jail for a period not exceeding six months, or to both said fine and imprisonment; and each day that said violation shall continue shall be deemed a separate offense.

Milk Ordinance.

(Code No. ——)

Bill No. ——, Ordinance No. ——, as follows:

Regulating all traffic in milk, cream and milk food products, the production, handling, processing, distribution, labeling, sale and offering

for sale in the City and County of San Francisco of milk, cream and milk food products; providing for the issuance and revocation of permits therefor; fixing standards and definitions for milk, cream and milk food products; providing for inspection of all premises used in the production, handling, distributing, processing, sale or offering for sale of milk, cream and milk food products in said City and County; enforcing the tuberculin testing of all dairy cattle producing milk for consumption in said City and County; providing for the examination of all employees engaged in the production and processing of milk, cream and milk food products; authorizing the Director of Public Health of the City and County of San Francisco to enforce the provisions of this ordinance, and providing penalties for the violation thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Director of Public Health of the City and County of San Francisco is hereby authorized to regulate and control the production of and the traffic in milk, cream and milk food products in the said City and County, and of all milk and cream produced in other counties for consumption in the City and County of San Francisco; to provide for the inspection of milk, cream and milk food products in said City and County and to enforce the provisions of this ordinance.

Section 2. Wherever in the ordinance the following words, terms or names are used, they shall be construed as follows:

Subdivision 1. *Pasteurizing Plant*: Any place or establishment devoted to the processing, handling, distributing and sale of milk, cream and milk food products as such products are set forth and defined herein is deemed to be a pasteurizing plant within the meaning of this ordinance.

Subdivision 2. *Dairy Farm*: Any place or premises upon which milk is produced for sale or distribution is a dairy farm within the meaning of this ordinance.

Subdivision 3. The word "person" as used in this ordinance shall be construed to mean both the singular and plural, as the case demands, and shall include individuals, corporations, companies, societies and associations. When construing and enforcing the provisions of this ordinance, the act, omission or failure of any employee, officer, agent or other person acting for or employed by any individual, corporation, company, society or association, within the scope of his employment or office, shall in every case also be deemed to be an act, omission or failure of such individual, corporation, company, society or association, as well as that of the person. The provisions of this ordinance shall be construed to apply to hotel keepers, restaurant keepers and boarding house keepers and any person who shall serve meals to the public.

Subdivision 4. *Score Card*: The official score card for pasteurizing plants and dairy farms shall be the score card adopted by the Director of Public Health and the minimum standard of rating shall be in accaccordance with said score card. *Provided that the minimum standard of rating shall not be less than that fixed by the Director of the Department of Agriculture.*

Subdivision 5. Market milk or cream, wherever such terms are used in this ordinance, shall be construed to mean milk or cream in their natural fluid state, as prepared for human consumption, without being converted into any other form or product.

Subdivision 6. Milk is the fresh, clean, lacteal secretion obtained by the complete milking of one or more healthy cows properly fed and kept, excluding that obtained within 18 days before and 8 days after parturition, free from foreign substances detrimental to its quality or to the quality of the products prepared therefrom, and contains not less than three and four-tenths (3.4) per cent of milk

fat and not less than eight and five-tenths (8.5) per cent of solids not fat. Nothing stated in this subdivision shall be construed as prohibiting the standardization of milk at a uniform fat content of not less than three and four-tenths (3.4) per cent of milk fat. In the standardization of Grade A pasteurized milk, the milk and cream used for the enrichment of said milk shall be of the same grade.

Subdivision 7. *Cream*: Cream is that portion of milk rich in milk fat, which rises to the surface of milk on standing, or is separated from it by centrifugal force, is fresh and clean, and contains not less than eighteen (18) per cent of milk fat and not more than eight (8) per cent of milk solids not fat in cream containing eighteen (18) per cent of milk fat and correspondingly less solids for greater percentages of milk fat. Cream shall have been produced from nonreacting tuberculin tested cows, or shall be pasteurized and shall otherwise conform to the rules and regulations adopted by the Director of Public Health of the City and County of San Francisco. Cream for manufacturing purposes may be repasteurized not exceeding once.

Sour market cream is clean market cream which has been fermented by the action of one or more strains of lactic acid bacteria, such that the product contains a distinct acidity, but which otherwise conforms to all the requirements for market cream. This product may be sold under the designation "sour market cream."

Subdivision 8. *Ice Cream*: Ice cream is a frozen product made with pure, sweet milk, cream, skim milk, condensed milk, condensed skim milk, dried milk, dried skim milk, wholesome sweet butter made from sweet cream, pure milk fat, or any combination of any such products, with or without sweetening, and with or without the use of harmless flavoring and coloring, and containing not less than ten (10) per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Fruit Ice Cream: Fruit ice cream is ice cream which contains not less than eight per cent of milk fat and not less than three per cent by weight of clean, mature, sound fruit or the juice thereof, with or without the use of harmless flavoring and coloring and containing not more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Nut Ice Cream: Nut ice cream is ice cream which contains not less than eight per cent of milk fat and not less than one per cent by weight of sound, non-rancid nut meats, with or without the use of harmless flavoring and coloring and containing not more than six-tenths of one per cent of pure, harmless, edible vegetable gum or gelatin.

When sold by manufacturer, distributor or retailer, ice cream shall not contain non-pathogenic bacteria in excess of fifty thousand (50,000) per gram.

Subdivision 9. *Ice Milk*: Ice milk is a frozen product made with pure sweet milk, evaporated or condensed milk, evaporated or condensed skim milk, dry milk, dry skim milk, pure milk fat or wholesome sweet butter made from sweet cream, or any combination of such products, with or without sweetening, clean, wholesome eggs or egg products, and with or without the use of harmless flavoring and coloring. Ice milk shall contain not less than four per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin. Ice milk when sold by the manufacturer shall contain not more than 50,000 non-pathogenic bacteria per gram.

All containers of ice milk shall be conspicuously labeled and vehicles conveying ice milk and places where ice milk is sold shall display a conspicuous sign containing the words "Ice Milk Sold Here" in letters not less than six inches high, and no person shall use the name "Ice Cream" in connection therewith either orally or written.

Subdivision 10. French ice cream, French custard ice cream, cooked ice cream, ice custards, parfaits and all similar frozen products are varieties of ice cream which shall contain not less than ten per cent

of milk fat and not less than five dozen of clean, wholesome egg yolks, or one and five-tenths pounds of wholesome, dry egg yolk containing not to exceed seven per cent of moisture, or three pounds of wholesome frozen egg yolk containing not to exceed fifty-five per cent of moisture, or the equivalent of egg yolk in other form, for each ninety pounds of ice cream mix, and which shall otherwise conform to the regulations promulgated by the Director of Public Health.

French ice cream or custard ice cream shall not contain at the time of delivery to ultimate consumer more than 50,000 non-pathogenic bacteria per gram.

Subdivision 11. *Goat's Milk*: Goat's milk is the unadulterated fresh, clean, lacteal secretion, free from colostrum, obtained by the complete milking of one or more healthy goats, properly fed and housed, free from tuberculosis and contagious abortion as determined by a veterinarian in the employ of the Department of Public Health or approved by the State Department of Agriculture. The rules and regulations governing the production, distribution, sale, handling and *pasteurization* of goat's milk shall be the same as those set forth in this ordinance as governing the production, sale, handling, distribution and processing of cow's milk.

Subdivision 12. *Buttermilk*: Buttermilk is the product that remains when butter is removed from milk or cream in the process of churning and to which milk or cream no preservative or neutralizer has been added. Buttermilk to which water has been added is hereby declared adulterated and shall not be sold for human consumption.

Cultured buttermilk is pasteurized milk or pasteurized skim milk, or a combination thereof, with or without an admixture of buttermilk, which has been treated with special cultures of lactic acid bacteria, so that the product somewhat resembles buttermilk in appearance, composition and flavor. Cultured buttermilk must be so labeled as to distinguish it from natural buttermilk.

Subdivision 13. *Unlawful to Sell Skimmed Milk Not Properly Labeled*: It shall be unlawful for any person, firm or corporation to sell, exchange or deliver, or to offer for sale, exchange or delivery, or to cause or permit to be sold, exchanged or delivered, or to be offered for sale, exchange or delivery, or to have in possession for sale, exchange or delivery in the City and County of San Francisco any milk from which any part of the cream shall have been removed, or any skimmed milk, unless the same be offered for sale and sold as skimmed milk, or unless there shall be attached to the outside of every vessel, can or package from or in which such skimmed milk is sold or held for exchange or delivery, a tag upon which shall be printed in black letters at least one inch in height the word "skim" or the words "skimmed milk."

Skim milk shall contain less than 3 per cent of milk fat and not less than 8.8 per cent of solids not fat. Skim milk other than that used in manufacturing, shall be pasteurized *and shall come from cows non-reacting to the tuberculin test* in accordance with the method set forth in this ordinance. Said pasteurized skim milk shall be labeled accordingly.

Milk or skim milk, properly pasteurized and combined with fruit or fruit juices, chocolate, chocolate syrups or other harmless syrups, with or without the addition of harmless colorings, may be used in the manufacture and sale of soft drinks under a trade name; provided said trade name does not contain the words "milk" or "cream" or any other word resembling milk or cream; and provided further, that said product shall be so colored or contain ingredients that cause it to look unlike milk or cream or any product thereof.

Subdivision 14. *Adulterated, Impure, Unhealthy and Unwholesome*: The terms adulterated, impure, unhealthy and unwholesome, when applied to milk, as used in this ordinance, mean:

First: Milk containing less than three and four-tenths (3.4) per cent of milk fat and less than eight and five-tenths (8.5) per cent of solids not fat.

Second: Milk drawn from cows within eighteen (18) days before or eight (8) days after parturition.

Third: Milk drawn from cows fed on unhealthful or unwholesome food.

Fourth: Milk drawn from cows kept in an unhealthy or insanitary condition, or from cows affected with any form of disease, or from cows which are supplied with impure or unwholesome water.

Fifth: Milk from which any part of the cream has been removed, *except skimmed milk.*

Sixth: Milk which has been diluted with water or with any other fluid, or to which has been added or into which has been introduced any foreign substance whatever, *except as permitted by this ordinance.*

Seventh: Milk drawn from cows that are in a state of filth and uncleanliness or by milkers who are themselves in a condition of filth and uncleanliness or otherwise physically unfit, *the determination of such fact or facts to be made by the Director of Public Health.*

Eighth: Any milk which is shown by analysis to contain any substances of any character not normal constituents of milk, or to have been deprived either wholly or in part of any constituent naturally or normally contained in milk, *except as permitted by this ordinance.*

Ninth: Any milk which has been processed in any insanitary pasteurizing plant, or produced on any insanitary dairy farm or factory of dairy products, or other insanitary place, or which has been handled in an insanitary manner.

Tenth: Milk from cows which have not passed the tuberculin test.

Milk which is adulterated, impure, unhealthy, or unwholesome as defined by this ordinance, shall not be sold for human consumption except as herein provided.

Section 3. *MILK FOR HUMAN CONSUMPTION IN THE CITY AND COUNTY OF SAN FRANCISCO:*

Subdivision 1. *Market milk for sale and distribution for human consumption in the City and County of San Francisco, shall consist of the following grades of milk: (a) certified milk, (b) guaranteed pasteurized milk, (c) Grade A pasteurized milk and (d) Grade B pasteurized milk, and no other milk, shall be sold, offered or exposed for sale, exchanged or delivered for human consumption within the City and County of San Francisco. Provided, that Grade B pasteurized milk shall be sold, offered or exposed for sale, delivered or exchanged only for cooking and baking purposes. Provided further, that nothing herein contained shall prevent the delivery and sale of Raw Guaranteed Milk, Raw Grade A Milk or Raw Grade B Milk to wholesalers or to pasteurization plants for the purpose of pasteurizing the same.*

Subdivision 2. *Certified Milk: Certified milk is market milk which conforms to the rules, regulations, methods and standards for the production and distribution of certified milk adopted by the American Association of Medical Milk Commissons and must bear the certification of the Milk Commission of the San Francisco County Medical Society. Certified milk must be the produce of a dairy herd that shall consist solely of cows which have passed the tuberculin test in the manner prescribed by said Milk Commission. It must not contain more than* 10,000 *non-pathogenic bacteria per milliliter of milk, which standard must be attained solely by measures directed towards cleanliness, proper cooling and prompt delivery. Certified milk must contain not less than three and five-tenths* (3.5) *per cent of milk fat and a minimum of solids not fat of eight and five-tenths* (8.5) *per cent. Certified milk must be handled and delivered in sealed containers and on ice within thirty hours after its production and in the manner directed by said Milk Commission. The dairy farm milk room, milkers and dairy utensils, etc., must all conform to the requirements of the said Milk Commission.*

Subdivision 3. *Guaranteed Milk Pasteurized: Guaranteed pasteurized milk shall conform to the following requirements as a minimum: The health of the cows shall be determined by physical examination at least once each month by an official representative of an approved*

milk inspection service and by a tuberculin test. It shall be produced on dairies which score not less than ninety per cent on the dairy farm score card adopted by the Department of Agriculture of the State of California. It must be delivered in containers having the pouring lip completely protected from contamination and shall be cooled immediately after being drawn from the cow to fifty degrees Fahrenheit or less, and so maintained until delivered for pasteurization, when it shall contain not more than fifteen thousand non-pathogenic bacteria per milliliter, and not less than three and one-half per cent of milk fat. It must be sold to the consumer within thirty hours after production and shall be labeled to indicate the date of sale to the consumer. All persons who come in contact with the raw guaranteed milk must exercise scrupulous cleanliness and must not be afflicted with any communicable disease or in a condition to disseminate the germs of typhoid fever, tuberculosis, diphtheria or other communicable disease liable to be conveyed by the milk. The absence of such germs in all such persons shall be determined by bacteriological and physical examination under the direction of the Department of Public Health of the City and County of San Francisco, conducted at the time of employment and every six months thereafter in a manner approved by the Department of Agriculture and the Director of Public Health. When pasteurized it shall contain not more than three thousand non-pathogenic bacteria per milliliter at the time of delivery to the consumer.

Guaranteed milk when raw shall be delivered in sterile containers to pasteurizing plants located in the City and County of San Francisco, to be there pasteurized and thereafter distributed in the manner provided by the regulation of the Director of Health of the City and County of San Francisco.

Subdivision 4. *Grade "A" Pasteurized Milk*: Grade "A" Pasteurized Milk shall conform to the following requirements: It shall be the produce of healthy cows as determined by physical examination at least once in two months by a veterinarian under the supervision of the Director of Public Health of the City and County of San Francisco and by the tuberculin test by such veterinarian, or by a veterinarian approved by the State Department of Agriculture, and from dairy farms scoring not less than 75 per cent on the score card approved by the Director of Public Health of the City and County of San Francisco. The tuberculin test must be repeated annually if no reacting animals are found in the herd. If reacting animals are found, they must be removed from the herd immediately and the tuberculin test repeated in six months, provided that in the first test the percentage of reacting animals found is less than 10 per cent of the herd. If the percentage of reactors found is greater than 10 per cent, the tuberculin test must be repeated in ninety days.

All cows are to be fed, watered, housed and milked under conditions approved by the Director of Public Health.

All persons who come in contact with the milk must exercise scrupulous cleanliness and must not harbor the germs of typhoid fever, tuberculosis, diphtheria or other communicable diseases transmissible by milk. Absence of such diseases shall be determined by bacteriologic and physical examination to the satisfaction of the Director of Public Health.

Grade "A" Raw Milk from the dairy farm shall be delivered in sterile containers to the pasteurizing plants located in the City and County of San Francisco, and is to be kept at a temperature of fifty degrees Fahrenheit, or below, until it reaches the pasteurizing plant, when it must not contain more than one hundred and fifty thousand (150,000) non-pathogenic bacteria per milliliter and rapidly cooled after pasteurization to a temperature of fifty (50) degrees Fahrenheit or below, and so maintained to the time of delivery to the ultimate consumer.

Milk not suitable for human consumption may be sold for industrial purposes, provided it is heated to a higher temperature than necessary for pasteurization, and delivered in a distinctive container plainly

marked with the words "Not suitable for human consumption" in letters not less than one-quarter inch in length and one-twelfth stroke. Such milk must not be transported on a vehicle carrying milk for human consumption.

Grade "A" Pasteurized Milk must not contain more than fifteen thousand (15,000) non-pathogenic bacteria per milliliter at the time of delivery to the ultimate consumer.

Subdivision 5. *Grade "B" Pasteurized Milk: Grade "B" Pasteurized milk is market milk which shall conform to the following requirements as a minimum:*

The health of the cows shall be determined by physical examination at least once in six months by a veterinarian in the employ of the Director of Public Health. Grade "B" Pasteurized milk shall be produced on dairy farms that score not less than sixty-five (65) *per cent on the dairy farm score card adopted by the Director of Public Health. It shall always be pasteurized and shall contain not more than one million* (1,000,000) *bacteria per milliliter before pasteurization and not more than fifty thousand* (50,000) *bacteria per milliliter at the time of delivery to the consumer. Grade "B" Pasteurized Milk shall be sold only in cans to the wholesale trade to be used for cooking and baking purposes; provided, however, that this latter provision shall not apply to Grade B Cream.*

Grade "B" Raw Milk shall be delivered to the pasteurizing plants in the City and County of San Francisco and pasteurized in the same manner as in this ordinance is provided for Grade "A" raw milk.

Subdivision 6. *Manufacturing Milk: Manufacturing milk is such milk as is not fit for human consumption as milk, and may be sold and used in the City and County of San Francisco only under such regulation as the Director of Public Health may provide, and if used for the manufacturing of foodstuffs, provided that in the manufacture of said foodstuffs, or immediately prior thereto, said milk is subjected to a temperature of* 145 *degrees Fahrenheit for thirty consecutive minutes, and provided further, that for every degree above* 145 *degrees Fahrenhit to which said milk is heated, the time during which said temperature must be maintained may be decreased by one minute. The time for maintaining such temperature shall in no case be less than five minutes, except for milk that is re-pasteurized. Re-pasteurized milk shall not be sold as market milk.*

Subdivision 7. *Method of Pasteurization*: Pasteurizing milk consists of the heating of every portion of the milk to not less than one hundred and forty (140) degrees Fahrenheit nor more than one hundred and forty-five (145) degrees Fahrenheit and maintaining same at that temperature for thirty (30) minutes, and immediately cooling thereafter to a temperature of fifty (50) degrees Fahrenheit.

All milk, except certified milk, intended for human consumption in San Francisco shall be pasteurized in San Francisco in accordance with the method set forth herein.

Each pasteurizing plant shall be equipped with a sufficient number of self-registering devices to accurately record the temperature to which and the length of time for which the pasteurized product has been heated. Such record shall be kept for two months and be available for inspection by the Director of the State Department of Agriculture or any of his agents, *and also by the Director of Public Health or his representative.*

Subdivision 8. *The class or grade of all milk or cream sold, offered, or exposed for sale, delivered or exchanged, in the City and County of San Francisco, and the name and address of the producer or distributor, shall at all times appear plainly and in a conspicuous place, or be securely attached to every bottle, cap, can or container, in which said milk is contained, in capital letters not less than one-eighth inch high and one-sixteenth of an inch wide. Milk not fit for human consumption shall be so marked.*

Subdivision 9. All utensils, equipment and apparatus used in the

production, handling and processing of milk, cream and milk food products shall be thoroughly cleaned and sterilized each time after using, and shall be so constructed that all parts are free from spaces not easily cleanable and each surface coming in contact with the milk and cream is smooth and free from rust.

Subdivision 10. *No Person Shall Bring Into the City, Sell or Offer for Sale any Impure, Adulterated or Unwholesome Milk*: It shall be unlawful for any person, firm or corporation, by themselves or by their agents, servants or employees, to bring, or cause to be brought within, sell, offer for sale, exchange, deliver, distribute or have in his, its or their possession with intent to sell, expose or offer for sale or exchange or to distribute for human consumption, within the City and County of San Francisco, any impure, adulterated, unhealthy or unwholesome milk, except as provided by this ordinance.

Subdivision 11. *Persons Suffering from Communicable Disease*: No person suffering from a communicable disease, or who is a "contact," or who has been recently exposed to any contagious or infectious disease, shall be permitted to milk cows, handle milk or milk utensils in any processing plant or upon any dairy farm, nor shall any milk be brought into, sold or offered for sale from any dairy farm when a contagious or infectious disease exists on said dairy farm, until such time as such premises have been inspected and declared in writing free of contagion by an employee of the Department of Public Health of the City and County of San Francisco.

Subdivision 12. *Methods of Serving Milk*: When served in any hotel, boarding house, lunch counter, restaurant or other place of public entertainment, market milk shall be served in the original bottle in sizes ½ pints, pints and quarts only, the cap of which shall not be removed except in the presence of the customer or patron; provided, however, that this provision shall not apply to cream so served.

The bottling of milk is prohibited except in regularly approved and authorized pasteurizing plants.

It shall be unlawful for any person, firm or corporation to sell, exchange, offer or expose for sale or exchange, or have on hand for sale or exchange or serve in any hotel, boarding house, restaurant, saloon, lunch counter or other place of public entertainment any milk or cream to which any gelatin or other substance, except as provided in the general dairy law of California, has been added to increase the consistency of such milk or cream so as to make it appear richer or of better quality; provided, however, that nothing in this ordinance shall be construed as prohibiting the standardization of milk and cream as provided in this ordinance.

Subdivision 13. All grocery stores, delicatessens and other retail establishments handling milk for human consumption must have, in addition to all other sanitary appurtenances, an ice chest of sufficient capacity to hold the amount of milk handled in said premises, and said ice chest must be properly drained in accordance with the plumbing ordinances of the City and County, and must at all times have a capacity of ice or refrigeration which will maintain a temperature under 50 degrees Fahrenheit within said chest.

If graded, market cream of any grade shall conform to all the standards set for market milk of the same grade, except that the maximum bacterial count for cream shall be not more than three times as great as that of the corresponding grade of milk.

Section 4:

Subdivision 1. *Permits Required by Vendors of Milk*: No person, firm or corporation by themselves, or through their agents, servants or employees, shall produce, ship or send into, bring into, or offer for sale, or expose for sale, or sell or deliver for distribution, sale, use or consumption within the City and County of San Francisco, any milk without first having obtained from the Director of Public Health of the City and County of San Francisco a permit so to do. One permit shall be required for each dairy, dairy farm or place of general sale

or storage of milk, but no permit shall be granted to anyone where raw milk is received at a central cooling station or plant outside the City and County of San Francisco which handles more than one grade of milk, or where other milk products are made or handled; neither shall any permit be granted to anyone handling milk through a central cooling plant outside the City and County of San Francisco handling raw milk only, from dairy farms scoring at least 75 per cent or better, and otherwise complying with the regulations of this ordinance, to ship raw milk into the City and County of San Francisco, unless such applicant constructs said cooling plant in accordance with plans and specifications approved by the Director of Public Health of the City and County of San Francisco, and provided further, that all milk received at said cooling plant shall be handled in conformity with the provisions of this ordinance.

Subdivision 2. In order to procure permits required by this ordinance the applicant shall present to said Director of Public Health a written application, and shall state therein the name and business and residence address of the applicant or applicants, the source or sources from which said applicant or applicants obtain or will obtain supplies of milk, the number of cows in the possession of such applicant, the average quantity of milk procured, produced or handled, and the average quantity disposed of by said applicant, and the manner and character of such disposition, and such other matters as may be required by the Director of Public Health, such application to be made to the said Director of Public Health upon printed blanks to be provided by the Director of Public Health for such purpose. Such application shall further state the specific brand or business name, if any, under which such milk is to be imported, sold, exchanged or distributed.

Subdivision 3. If the Director of Public Health, upon such investigation and inspection as he may make, shall determine that the statements therein made are true, and that the applicant does not intend to bring into, sell, expose, or offer for sale, exchange, deliver or distribute, within the City and County of San Francisco, any unwholesome milk as food for any human being, and that the production, transportation, storage and handling of the same is to be under sanitary conditions and in conformity with the regulations adopted as a part of this ordinance, he shall issue the appropriate permit therefor according to the nature of the business to be transacted or conducted by the applicant.

Subdivision 4. No permits shall be sold or assigned or transferred. Permits shall be subject at all times to revocation by said Director of Public Health in his discretion upon sufficient cause therefor shown; provided, however, that no such permit shall be revoked until after a hearing given by the Director of Public Health in the matter of the revocation of such permit after five (5) days' notice in writing has been served on the owner of such permit in the manner prescribed for the service of notice by Section 1011 of the Code of Civil Procedure of the State of California which notice shall state the ground of complaint against such owner and the time and place where such hearing shall take place; provided, however, that when the holder of any permit shall have been convicted in any court of any violation of this ordinance by any law relating to the production, transportation, storage, sale or distribution of milk, such permit may be revoked without notice.

Subdivision 5. *Procedure to Follow for Renewal of a Permit Revoked for Cause*: When a permit shall have been revoked by the Director of Public Health, no further permit shall be granted by said Director to the same person, firm or corporation until he, they or it shall file with said Director a bond in the sum of five hundred ($500) dollars with two (2) sureties approved by the Director of Public Health, conditioned for the faithful observance of all the regulations of the law and of said Director of Public Health relating to production, importation, sale, delivery and distribution of milk.

Subdivision 6. As often as required, and at least once each year, every person or persons, firm or corporation maintaining a pasteurizing plant or dairy farm in, or bringing milk into the City and County of San Francisco and holding a permit so to do, shall furnish the Director of Public Health a full and true statement of the sources and amounts of the supply of the milk imported, sold or distributed by him or them, with the names and addresses of the persons from whom the same is obtained and the amount from each source, and such other information as is required by applicants for permits as hereinbefore provided, and all applications for permits, and all such written statements required as aforesaid, shall be registered by the said Director of Public Health.

Subdivision 7. *Official Number of Permits*: When a permit is granted, the Director of Public Health will give the holder thereof an official number, and this number shall be used to mark the products of the pasteurizing plant or dairy farm as hereinafter prescribed.

Subdivision 8. *More Than One Dairy or Dairy Farm Under the Same Ownership or Control*: Two or more pasteurizing plants or dairy farms under the same ownership or control may use the same permit numbers, provided a serial letter is added in each case to designate the pasteurizing plant or dairy farm, and to enable its products to be identified.

Subdivision 9. *Names on Wagons*: All automobiles, motor trucks or other vehicles from which market milk, cream, butter, ice cream, buttermilk or ice milk are sold, marketed, delivered, or peddled, shall have the name and address of the owner and permit number plainly painted thereon in letters at least three inches high, and one and a half inches wide, on both sides of such vehicles, or if such milk is sold or exposed or offered for sale, delivery, distribution, or exchanged within a store or house, then such permit number shall also be constantly exposed in some conspicuous manner at the place wherever such milk is sold, or kept, so as to be plainly apparent.

Subdivision 10. *Rule Governing Renewal of Permit*: Any applicant receiving and holding a permit such as is herein set forth, shall make application for the renewal of the same between January 1st and January 15th of each year, and said permit shall be renewed, provided the applicant complies and conforms to all of the provisions as set forth in this ordinance.

Section 5. In order to carry out the purposes and provisions of this ordinance, the said Director of Public Health and all his officers, agents and employees shall have the right at any time and at all times to enter upon or into the premises of any producer or vendor or distributor of milk authorized under the provisions of this ordinance, and any refusal upon the part of such producer, vendor or distributor to allow such entry and such inspection as may be required and directed by the said Director of Public Health may be punished by the revocation of the permit of such producer, distributor or vendor by the said Director of Public Health.

Section 6. The Director of Public Health and all his officers, agents and employees shall have the right and it shall be their duty to enter and have full access, egress and ingress to all places where milk is stored and kept for sale, and to all automobiles, motor trucks or other vehicles, railroad cars, steamboats, or conveyances of every kind used for the conveyance or transportation or delivery of milk for the purpose of consumption in the City and County of San Francisco.

Section 7. It shall be the duty of the said Director of Public Health to cause the dairy farms and other establishments from which milk brought into the City and County of San Francisco is obtained, to be inspected from time to time to satisfy said Director of Public Health that the provisions and requirements of this ordinance and all orders issued by said Director are constantly complied with.

Section 8. It shall be unlawful for any person, or persons, firm or

corporation to obstruct or interfere with the said Director of Public Health or any officer, agent or employee of said Director of Public Health in the performance of any of the duties required by this ordinance.

Section 9. It shall be the duty of the owner, agent or manager of any pasteurizing plant or dairy farm from which milk is brought into this City and County to forthwith report to the Director of Public Health of said City and County, in writing, anything of which he has knowledge or notice tending to render milk obtained from such pasteurizing plant or dairy farm unwholesome, impure or unhealthy.

Section 10. The Director of Public Health and all his officers, agents and employees shall have the right at any time to take samples of milk and cream from any person selling, exposing for sale, offering for sale, exchanging, delivering, or distributing in the City and County of San Francisco, or shipping into said City and County, milk or cream, provided that such samples shall not exceed in quantity one quart of milk and one quart of cream at any one time. Such samples shall be taken and sealed in full view of and in the presence of any person in charge of such milk or cream, and to said person shall be given at such time one-half of said sample or samples hermetically sealed by said Director of Public Health, or his officers, agents or employees. The other half of said sample shall be likewise hermetically sealed and delivered to said Director of Public Health by the officer, agent or employee of said Director of Public Health taking such sample. It shall be the duty of said officer, agent or employee, at the time said sample is taken, to attach to the bottle or container containing each half of said sample, a statement showing the number of the permit issued by said Director of Public Health displayed upon the tanks, or cans, or bottles, or wagons, from which such milk or cream was taken, and the date of the obtainment of the sample, and the name of the person by whom it was taken, and a memorandum thereof shall be made by the person obtaining such sample in a book kept for that purpose in the office of the Department of Public Health.

MILK COMING FROM OUTSIDE THE CITY AND COUNTY TO BE EXPOSED FOR INSPECTION.

Section 11. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft to have the same tendered and exposed for inspection by the said Director of Public Health, his officers, agents or employees, according to the requirements of said Director of Public Health; provided that said milk shall not be detained for inspection for a longer period than one hour. It shall be the duty of the owner or consignee of milk brought into the City and County of San Francisco by land and over any road or railroad leading into the peninsula of San Francisco, to cause the same to be tendered and exposed for inspection according to the requirements of said Director of Public Health, provided that said milk shall not be detained for inspection a longer period than one hour.

MILK COMING FROM OUTSIDE OF THE CITY AND COUNTY TO BE PLAINLY MARKED WITH THE SHIPPER'S NAME, ADDRESS, PERMIT NUMBER AND NUMBER OF TANKS OR CANS CONTAINED IN THE SHIPMENT.

Section 12. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft, railroad, or by land over any road, to attach to one tank or can of each shipment a tag setting forth the following facts in a clear and legible manner:

Name of shipper.....
Address.....Permit No.....
Number tanks.....Milk.....Cream.....

MILK TO BE TIGHTLY COVERED.

Section 13. It shall be unlawful to sell, offer for sale, expose for sale or ship into the City and County of San Francisco, for human consumption, any milk or cream in any tank or container, holding more than three gallons, which is not provided with a proper and tight-fitting mushroom cover.

SALE OF MILK AND CREAM IN QUANTITIES OF ONE QUART OR LESS.

Section 14. It shall be unlawful for any person, firm or corporation to distribute, sell, offer for sale, or keep with the intention of selling, any milk or cream in quantities of one (1) quart or less, in stores or any other place (except where the milk or cream is consumed upon the premises), unless the milk or cream is contained in tightly closed sterile bottles or receptacles of a similar character.

MILK AND CREAM BOTTLES TO BE CAPPED AND MARKED.

Section 15. All bottles or receptacles of a similar character in which milk and cream are distributed or sold must have stamped or printed on the cap or covers, in a conspicuous and legible manner, the name, address and permit number of the person, firm or corporation bottling said milk or cream, and the specific kind of milk or cream contained therein.

NAMES OF BRANDS ON BOTTLES AND CAPS OR COVERS MUST NOT DIFFER.

Section 16. It shall be unlawful to distribute, sell, offer for sale, or expose for sale, any milk or cream in any bottle or receptacle bearing in any manner thereon the name or names of any person, firm or corporation other than or different from the name or names printed or inscribed upon said cover or can of such bottle or receptacle.

TRANSFER OF MILK ON STREET.

Section 17. No person shall transfer any milk from one can, bottle or receptacle on any street, alley or thoroughfare, or upon a delivery wagon, or other vehicle, or in any place in the City and County of San Francisco, except in a dairy or dairy farm the sanitary condition of which has been approved by the Director of Public Health.

Section 18. *Where this ordinance or the regulation of the Director of Public Health is silent upon any matter pertaining to the production, processing, pasteurization, transportation, sale, delivery, use or handling of milk, cream or of any of the products of either milk or cream, the provision of the state law or the regulations of the Director of Agriculture shall apply thereto.*

Section 19. *The Director of Public Health is hereby authorized to make such rules and regulations not in conflict with this ordinance or the state law for the purpose of carrying out the provisions of this ordinance.*

PENALTY FOR VIOLATION OF PROVISIONS OF THIS ORDINANCE.

Section 20. Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than twenty-five ($25) dollars and not more than five hundred ($500) dollars, or by imprisonment in the County Jail for not more than one hundred (100) days, or by both such fine and imprisonment.

Section 21. All orders and ordinances and parts of orders and ordinances in conflict with this ordinance are hereby repealed.

Section 22. *Constitutionality*: If any section, subsection, subdivision, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Board of Supervisors hereby

declares that it would have passed this ordinance, and each section, subsection, subdivision, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses or phrases be declared unconstitutional.

PROPOSED AMENDMENTS SUBMITTED BY SUPERVISOR GALLAGHER.

Supervisor Gallagher presented:

Amendment No. 1.

In Section 3, Subdivision 1, line 2, after the words "Certified milk," insert the words "Guaranteed Raw Milk."

Amendment No. 2.

In Section 3, Subdivision 2, line 1, after the words "Certified milk," insert the words "Guaranteed Raw Milk."

Amendment No. 3.

After Subdivision 3 of Section 2 insert the following:

Subdivision 3A. Guaranteed Raw Milk: Guaranteed Raw Milk is Market Milk which shall conform to the following requirements as a minimum.

The health of the cows shall be determined by physical examination at least once each month by an official representative of the Director of Health and all cows shall be tested at least once every six months for tuberculosis by the tuberculin test; said test to be made by a veterinarian employed by the Director of Health or a veterinarian authorized by said Director of Health. Only animals free from Brucilla abortus shall be permitted on a Guaranteed Raw Milk dairy and as often as may be necessary the animals producing said milk shall be tested by the agglutination test. Any unhealthy animal or any animal reacting to either of the herein provided tests shall be immediately removed from the milking herd and no milk from any reacting animal shall be sold or used as any grade of Market Milk. It shall be produced on dairy farms scoring not less than ninety per cent on the dairy farm score card adopted by the Department of Agriculture of the State of California. It shall be bottled with mechanical bottling and capping equipment on the dairy premises where produced, and must be delivered in containers having the pouring lip completely protected from contamination, and shall be cooled immediately after being drawn from the cow to fifty degrees Fahrenheit or less and so maintained until delivered to the consumer, when it shall contain not more than ten thousand bacteria per milliliter and not less than three and one-half per cent of milk fat. It must be sold to the consumer within thirty hours after production and shall be labeled to indicate the date of sale to the consumer.

All persons who come in contact with Raw Market Milk must exercise scrupulous cleanliness and must not be afflicted with any communicable disease or in a condition to disseminate the germs of typhoid fever, tuberculosis, diphtheria or other communicable diseases liable to be conveyed by the milk. The absence of such germs in all such persons shall be determined by bacteriological and physical examinations by the Director of Health or by other person or laboratory approved in writing by said Director of Health, conducted at the time of employment and every six months thereafter in a manner approved by the said Director of Health.

Explanations of Vote.

Supervisor Canepa explained that he voted for the foregoing because it would give employment to a considerable number of men.

Supervisor Shannon in voting aye said that he wanted to make the reservation and explanation that he knew nothing about the matter but did not want to hold up the work.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Unemployment Relief.

The following reports were read by the Clerk:

Report of Director of Relief on Complaints of Unemployed.

March 7, 1933.

Mr. C. M. Wollenberg, Director of Relief, Laguna Honda Home, Dewey boulevard and Seventh avenue, San Francisco, California.

Dear Sir: So that the Public Welfare Committee may report back to the Board of Supervisors its findings in the matter, you are respectfully requested to report not later than Monday, March 13, 1933, the result of your investigation into the following complaints:

D. Daly, 1179 *Turk street, for Charity Workers' Protective League, at meeting of Public Welfare Committee, Friday, March* 3, 1933:

1. Complaint as to the use of armed guards or armed deputy sheriffs at George Washington School job, Thirty-first avenue and Geary street.
2. Complaint that men working under adverse conditions at Sharp's Park, etc., are not furnished suitable clothing, such as boots, shoes, slickers, etc.
3. Complaint that men who work on construction jobs have to ride to work in trucks not equipped properly for transporting humans, and that they are driven at high speeds over rough and dangerous roads with no regard for the safety of the men. Request better transportation.
4. Complaint as to poor lunches at Laguna Honda Home.
5. Complaint that men who have to work at Laguna Honda Home have to move patients in their street clothes, have to do general orderly work and are not furnished suitable clothing; have no antiseptic facilities after the day's work is done, all of which makes for insanitary conditions.

B. B. Jones, for Ritch Street Soup Kitchen Improvement Club, at meeting of Public Welfare Committee, Friday, March 3, 1933:

1. Food dispensed does not contain enough fruits and vegetables; general condition of kitchen insanitary; delousing of certain individuals should be made compulsory; clothes of the men, after being deloused, should not be destroyed, but cleansed and returned.

Mr. Frank L. Bither, 1320 *O'Farrell street, at meeting of Public Welfare Committee, Friday, March* 3, 1933:

1. Mr. Bither is the head of a household of three persons, himself, wife and child. He is pleased with the quality of the food issued, but sees no reason why a person should not have some choice in its selection, or that if desired, it should not be added to or lessened, as requested.

Regarding the use of automobiles by persons on relief: What is the total number of automobiles owned by persons on relief; what number of automobiles have been refused upkeep by the Citizens Advisory Committee?

What is the status of the Unemployment Fund at this time; how much money is left and in what proportion is it proposed to be expended?

Will you be able to report on the request of the Homeless Youths' plea for building, living accommodations, etc., in line with Supervisor Gallagher's letter of March 6th?

May we expect a report on light, gas, heat and rent in line with Supervisor Gallagher's motion in meeting Friday, March 3, 1933?

The remarks of Mr. V. D. Baker, principal speaker for the Charity

Workers' Protective League, at meeting Friday, March 3, 1933, are well known to you and need not be gone into at this time.

I believe this covers the situation fully and would appreciate a prompt reply at length, so that the Public Welfare Committee may report on these matters at meeting of the Board of Supervisors, Monday, March 13, 1933.

Very truly yours,

JAMES E. POWER, JR.,
Chairman, Public Welfare Committee.

Report of Director of Relief on Complaints Referred to Him.

Hon. James E. Power, Jr., Chairman, Public Welfare Commission, Board of Supervisors, City Hall, San Francisco.

Dear Sir: I am answering the complaints as of yours of the 7th.

D. Daly, 1179 *Turk street*. We have information that this man is a professional organizer of the Communist Party.

1. *Armed Guards*: The Playground Commission have, customarily, caretakers with special police badges. Their possession of these badges has nothing to do with the assignment of the unemployed to these projects.

2. *Sharp's Park*: A check with Mr. Gerard, Assistant Superintendent of the Parks, shows that the men have not worked in the rain, unless caught unawares. All mud was planked over, so that the men had no occasion to step in it. Mr. Gerard reports that the need for clothing is not urgent, but that there is need for shoe repairs. We are repairing seventy pairs of shoes a day at the Laguna Honda Home, and are now studying methods to increase this service.

3. *Transportation*: We have had no report of injury or complaint in the two years that men have been employed at Sharp's Park.

4. *Lunches at Laguna Honda Home*: Food plain and substantial. The employees, from the Superintendent down, drink the same coffee.

5. *Laguna Honda Home Hospital*: The unemployed are assigned to the hospital for janitorial work, but are excused if they express an aversion to working about sick people. Those working about the sick are furnished with smocks.

6. *Automobiles*: No accurate survey as to the number has been made. Four months ago as many as 30 per cent of the men on one job drove to it in automobiles. The enforcement of the restrictions has been in operation one week, and only 20 per cent have been refused the use of the car.

7. *Unemployment Fund*:

Total Bonds Sold	$4,323,621.00
Appropriation to February 28	3,052,900.00
Balance	1,270,721.00
March Appropriation	597,000.00
Balance Cash	673,721.00
Unsold Bonds	2,160,000.00
Reserve Fund Set Up	100,000.00
Total Funds Available, Including Unsold Bonds	$2,933,721.00

8. *Homeless Youth*: Covered in my letter to the Board of Supervisors.

9. *Rents, Gas and Light*: Also incorporated in letter to Board.

Very truly yours,

C. M. WOLLENBERG,
Director of Relief.

Report of Citizens' Advisory Relief Committee.

March 9, 1933.

Honorable Board of Supervisors, City Hall, San Francisco, California.

Gentlemen: By direction of your Honorable Board the transcript of the proceedings before you on March 6, 1933, in connection with certain phases of relief work, was referred to the Citizens' Advisory Relief Committee for report.

The subject was considered at the meeting of the Advisory Committee held on Wednesday, March 8, 1933, and the committee directed me as chairman to report to your Honorable Board as follows:

Mr. C. M. Wollenberg, Director of Relief, is sending to you a reply to the several points brought up for discussion at the March 6 meeting of your Board. The Citizens' Advisory Relief Committee is in accord with the views expressed by Mr. Wollenberg in his letter.

With specific reference to the requests or demands made by the groups which appeared before your Board, the Citizens' Advisory Relief Committee reports as follows:

First: Demand was made that provision be made for the care of wandering homeless boys who might be in or come to San Francisco, the administration of such relief to be in the hands of the "Organized Homeless Youth of America," the City to turn over to this organization from time to time an amount of money to pay for the necessary food and shelter.

The Citizens' Advisory Relief Committee is opposed to the adoption of this plan for the following reasons:

(a) It developed at the hearing before your Board that many of those making the demand are not residents of San Francisco. Under the law of this State, each county is required and authorized to relieve and support indigent persons "lawfully resident" in the county. (General Laws, Act 5814, Political Code, sec. 4307.) To undertake a program of relief for non-residents would not only be in excess of the lawful powers of the City government, but would impose upon this community the burden of caring for great numbers of people whose care is a proper charge upon the communities in which they have resided, and who would be induced, by the adoption of a plan such as is proposed, to put the cost of their care upon San Francisco, where it does not legitimately belong.

(b) The City's relief program has, in general, been and is being conducted upon the plan of having the relief administered by the agencies of the City, and not by organizations set up by those receiving relief. This plan we consider essential to the economical and efficient administration of the funds available. The committee sees no reason why an exception should be made in favor of a particular group.

Second: Complaint is made of the recent action of the Citizens' Advisory Relief Committee, declaring as a policy that the use of automobiles by those on relief should not be permitted, except where such use contributes to partial self-support.

This action was taken after careful study through a sub-committee and after the general use of automobiles by people on relief had produced widespread criticism throughout the community. The committee believes that the course taken by it was fair and just, both to the taxpayers and to those receiving relief. The plan for carrying the policy into effect has not been in operation long enough to enable the committee to determine its practical operation. If experience should show that the plan of restricting the use of automobiles is impracticable or unfair or that it works undue hardship, the committee is ready to reconsider the subject and to make such changes or modifications as may seem wise or necessary. At the present time the committee sees no reason to alter its prior action.

Third: It is suggested that the relief administration provide for payment of all rent, heat and light required by those on relief.

The funds available are not sufficient to provide for these needs in full, in addition to meeting the urgent demands for food relief. The additional cost that would be involved is indicated in the letter of the Director. The relief administration is now meeting rent payments in emergency cases, to prevent eviction and in cases where sickness, the presence of small children or similar conditions justify such action. Similarly, heat, water and light bills are met where such payment is necessary to prevent a shut-off and no other means of providing this service can be made available. The Advisory Committee does not see how it can go any further under present conditions. The problems of rent, gas, light and water are serious and difficult. The committee has a full appreciation of their importance and is giving them earnest and continued study in an effort to develop some plan by which these requirements can be better cared for. The committee, however, cannot and does not at present see any way in which these needs can be met in full in all cases.

Respectfully submitted,

M. C. SLOSS, Chairman,
Citizens' Advisory Relief Committee.

Report of Director of Relief on Homeless Youth Organization.

Honorable Board of Supervisors, City Hall, San Francisco, California.

Gentlemen: In reply to the complaint of the Honorable Andrew J. Gallagher regarding the relief program, I would answer as follows:

First—Organized Homeless Youth of America.

I would quote my letter to the Honorable Supervisor on this subject:

"Replying to yours of March 6, would call your attention to the law of the State of California under which the City and County of San Francisco operates.

"It prohibits the expenditure of county funds for relief of non-residents.

"Both William Maher, Chairman, and Eldon L. Freze, Secretary of the 'Organized Homeless Youth of America,' admitted before your committee the fact that they had arrived in San Francisco within the month. It would be necessary to change the State law to make a legal appropriation to furnish funds to an organization such as outlined.

"The State with its funds and the funds from the Reconstruction Finance Corporation has established camps for the nonresident group, and these boys can go to same, where they will be well cared for. To establish a center for the 'Organized Homeless Youth of America' in San Francisco would be an invitation to all in the western part of the country to make this city their headquarters.

"According to the hearings before the Senate, the boys who might be classified in this group number over 350,000; a large percentage being in California and the Southwest due to our winter climate.

"I would remind you of our experience in 1913. On December 24 we had 6800 unemployed in San Francisco. On the 26th or 27th the Supervisors adopted a scheme of relief more liberal than any other city, and as a result we solved the unemployment problem of the Sacramento and San Joaquin valleys, as well as helping Los Angeles. By January 2 we had over 17,000 in our midst ready to take advantage of your generosity. Three days later we had to rescind our action.

"As for the plan proposed, it is rather vague, and until more details are submitted as to location, rent, etc., I feel discussion is useless.

"However, I will submit your communication together with the 'Plan' to the Citizens' Advisory Relief Committee, who meet this Wednesday."

Second—Automobiles.

The Citizens' Advisory Relief Committee adopted the following resolution after many complaints had been received from organizations

and citizens generally regarding the use of automobiles by those on relief:

"Resolved, That we adopt the following policy: The use of automobiles by those on relief should not be permitted, exception to be made only when the use of an automobile contributes to partial self support; and that the Sub-Committee on Family Relief develop a plan to make this effective on or before February 15 next."

The enforcement of this rule has just started and I know of no hardship inflicted on anyone through same.

Third—Heat, Light and Rent.

From my notes, Mr. Gallagher stated that if the Director of Relief did not have sufficient funds to meet this problem, he would see that the Board of Supervisors would provide same.

The funds on hand will just carry food relief through July and August. Rent and gas can only be met to prevent actual eviction and absence of fuel. An additional amount of from $2,500,000 to $2,750,000 will be necessary to meet the full requirements of gas, light and rent.

We have endeavored to meet the emergencies of eviction and shut-off of gas, water, etc., as rapidly as reported to us and from my knowledge of the 15,000 cases that have passed through our hands in the last two months, I think we have met this successfully. Very little hardship, considering the magnitude of the problem, has been placed upon the families involved.

In reading the transcript of the meetings of the Supervisors on March 6 and my notes of the proceedings of the Committee meeting on March 3, I feel that there are several points that should be brought to your attention.

Threats were made by some speakers, and quoted by Mr. Gallagher to the Board, that if relief was not furnished they would "go out and get it."

I would call the attention of the Board to the fact that the men who made these threats were not residents of San Francisco and had all arrived here within the month. In the discussion held, it was brought out that they had visited many cities of the United States, and one boasted of having been arrested fifty-four times. A checkup indicates that their headquarters in San Francisco are that of the Communist Party.

The attack upon the kitchen and food supply, there, is also of interest and I would ask you to read page 12 of the transcript furnished by the reporter. For fear that it is not in your hands, I am quoting it in full:

"SUPERVISOR GALLAGHER: May I ask, you are one of the homeless youths?

"MANUEL DEVILA: Yes, sir.

"SUPERVISOR GALLAGHER: Have you been refused food?

"MANUEL DEVILA: They make it pretty hard to get; we don't get food down there, it's slop.

"SUPERVISOR RONCOVIERI: He says they don't get any food, that it's slop.

"THE CHAIRMAN: Members of the board, you heard the report by Dr. Geiger, or by the Chief Food Inspector, who inspected the soup kitchen at Ritch street, and inspected all the food, and said that everything was in good shape and perfectly sanitary, and now are we going to let strangers come in here and after ten days refer to the food at Ritch street being 'slop', and I know it is not so, because I have been down there myself.

"MANUEL DEVILA: You never been in the bread line.

"THE CHAIRMAN: I have been down there and seen the food, and

seen the place, and had a cup of coffee down there myself; I know it is all right.

"SUPERVISOR GALLAGHER: I am asking you whether any of these boys have been refused food or not?

"MANUEL DEVILA: I really don't know, *because I have never been there.*"

You also listened to a talk upon the camps that have been set up by the State. I am going to give you a letter just received from one of the homeless youths, in order that you may get another viewpoint and, better than a viewpoint, the facts:

"State Labor Camps, Coulterville, Calif., February 20, 1933.

"Dear Mr. Hopkins: Hoping that you will forgive me for not answering your letter sooner, I want to thank you for what you have done for me. I appreciate it.

"I don't know whether you will be interested in what I am going to say next, but I'll take a chance anyway. I have been traveling partly to gain experience in dealing with the different types of people, as I had difficulty with my own father and friends before I left home, just because I couldn't understand them. Upon arriving in San Francisco I thought I had had enough experience, and wanted to get home because I could understand people, or so I thought, but as I say now, 'Good fortune knocked at my door just in the nick of time,' because at a camp of this kind, with all types of people together, I learned more than I ever did in my whole trip. On top of that I am building up a strong, healthy body, working out in the open every day.

"As for the treatment we get, well, it couldn't be better. We work six hours a day, excluding rainy days and Sundays, in one of the five gangs which consist of Kitchen Group, 13; Camp Detail, 17; Fire Timber Construction, 20; Road Construction, 56, and Wood Detail, 10, totaling 116 men.

"As I have given you all the information on our camp I may as well close up, as I do not want to take up too much of your time.

"Oh, yes, I almost forgot that you asked me a question regarding clothing. Everybody that has been in camp for more than ten days has received one pair of overalls, one pair of gloves, one pair of shoes, two work shirts, two pair of socks, two suits of underwear and a jumper. The only things we really miss, that is, most of us, are tooth brushes, paste, writing material and stamps.

"Thanking you for what you have done for me, I remain,

"Your friend,

"(Signed) .....

"Please excuse my terrible writing, which is now at the lowest."

In the transcript of the hearings of the 6th, Mr. Gallagher states that I stand ready to supply the homeless youth organization with funds, if the Supervisors so direct. If I said this, it was due to the disturbances in the room at the time that I was speaking.

I do not feel that this organization of nonresidents should receive any different treatment than our own people. If it is the desire of the Board of Supervisors to ignore the law and furnish funds for their support, I believe these funds should be given just as we furnish relief to all bonafide residents. I can conceive of no plan whereby City money should be paid over to this particular group to handle as they see fit, in their own methods of relief.

Respectfully submitted,

C. M. WOLLENBERG.
Director of Relief.

Telegrams.

The following were read by the Clerk:

Harry Hart alias Harry Lebell, age 22, appeared in Sacramento and reported to Communists, and represented himself to be the National

Organizer of the Homeless Youths of America. He stated that Kansas City is the National Headquarters for the organization. We are of the opinion that this organization might not have been Communistic inspired originally, but either the organization thought the Communistic Party would be useful to them, or the Communistic Party thought the Homeless Youths Organization was an asset to them. It appears under Communistic control.

Motion to Adopt Report.

Whereupon, Supervisor Power presented and moved the adoption of the following report:

Report of Public Welfare Committee on Complaints and Requests In Re Unemployment Relief.

March 13, 1933.

Honorable Board of Supervisors, City Hall, San Francisco, California.

Gentlemen: As a result of a meeting of the Public Welfare Committee held Friday, March 3, 1933, to which all Supervisors were invited, to hear complaints and requests relative to Unemployment Relief, your committee, after several verbal communications with the Director of Relief, and after digesting written reports both from the Director and the Mayor's Advisory Committee, makes the following recommendations:

1. That the request of the Homeless Youth Group be denied for the reasons advanced by the Director of Relief and the Mayor's Advisory Committee in letters addressed to this Board with which this committee is in complete accord. The committee sees no logical reason why the already overburdened local taxpayers should be forced to care for non-residents. This committee respectfully suggests that this group of young men note well and heed the contents of the letter quoted by Mr. Wollenberg from one of the homeless youths now at a State Labor Camp at Coulterville, California, dated February 20th. This young man paints a much brighter and more encouraging picture than those who appeared before us. The state with its funds and the funds from the R. F. C. has established these camps for the non-resident groups and these young men should take advantage of the opportunity so offered to be well cared for.

2. That the complaints of D. Daly, 1179 Turk street, representing Charity Workers Protective League, be disregarded as unfounded. These complaints were investigated and found to have no merit whatever. A specific answer to each complaint may be found in the letter addressed to the committee from the Director of Relief.

3. That the request of Mr. Baker relative to the payment of wages

to those on relief and the complaint about the confiscation of the use of automobiles be denied at this time.

(a) The bond issue was strictly a relief measure, i. e., to provide the necessities of life to those in need, and the taxpayers were so informed at the time. The cost, if the request relative to wages was granted, would be three to five times more than the bond issue. For these reasons and in view of the opinion submitted by the City Attorney, this request cannot be granted.

(b) The request relative to the use of automobiles is denied in view of the report submitted by the Director of Relief and the Citizens' Advisory Committee. The ruling has only been in effect about two weeks and is therefore in the experimental stage and the committee thinks it should be given a fair trial.

4. That the request for the payment of all rent, heat and light required by those on relief be denied. The Director of Relief and the Citizens' Advisory Committee have submitted full reports on this subject which are before you at this time. Those actually facing eviction for non-payment of rent are taken care of as soon as reported. Those who have their gas, light, etc., shut off are taken care of within a few hours after same is reported. In view of the tremendous additional cost, namely, $2,500,000, to take care of same and the statement made by the Advisory Committee that it has a full appreciation of their importance and is giving them earnest and continued study in an effort to develop some plan by which these requirements can be better cared for, your committee makes the above recommendation.

5. Complaint of Mr. Frank Bither, 1320 O'Farrell street, relative to quantity of food received. The committee received no complaints about the quality of food being furnished to families on relief, all admitting that same was most wholesome, but there were a few complaints about the quantity and variety. The committee respectfully suggests that the Director of Relief have one of his investigators check Mr. Bither's case thoroughly as well as any other similar complaints. If any of said complaints be well founded, that the same be rectified immediately.

Respectfully submitted,

PUBLIC WELFARE COMMITTEE,

By James E. Power, Jr., Chairman,
Carl W. Miles, Member,
Alfred Roncovieri, Member.

Motion to Defer.

Supervisor Havenner, seconded by Supervisor McSheehy, moved that further consideration of the subject-matter be deferred until the Board could obtain the written opinion of the City Attorney as to whether the City could legally expend relief moneys for the aid of transients.

Dion Holm, Assistant City Attorney, was heard at length on the subject.

Communication from Director of Relief.

March 7th, 1933.

Honorable Andrew J. Gallagher, Supervisor, City Hall, San Francisco.

Dear Sir: Replying to yours of March 6, would call your attention to the law of the State of California under which the City and County of San Francisco operates.

It prohibits the expenditure of county funds for relief of nonresidents.

Both William Maher, chairman, and Eldon L. Freze, secretary of the "Organized Homeless Youth of America," admitted before your committee the fact that they had arrived in San Francisco within the month. It would be necessary to change the State law to make a legal appropriation to furnish funds to an organization such as outlined.

The State, with its funds and the funds from the Reconstruction

Finance Corporation, has established camps for the nonresident group, and these boys can go to same, where they will be well cared for. To establish a center for the "Organized Homeless Youth of America" in San Francisco would be an invitation to all in the western part of the country to make this city their headquarters.

According to the hearings before the Senate, the boys who might be classified in this group number over 350,000, a large percentage being in California and the Southwest, due to our winter climate.

I would remind you of our experience in 1913. On December 24 we had 6800 unemployed in San Francisco. On the 26th or 27th the Supervisors adopted a scheme of relief more liberal than any other city, and as a result we solved the unemployment problem of the Sacramento and San Joaquin valleys, as well as helping Los Angeles. By January 2 we had over 17,000 in our midst ready to take advantage of our generosity. Three days later we had to rescind our action.

As for the plan proposed, it is rather vague, and until more details are submitted as to location, rent, etc., I feel discussion is useless.

However, I will submit your communication, together with the "plan" to the Citizens' Advisory Relief Committee, who meet this Wednesday.

Very truly yours,

C. M. WOLLENBERG,
Director of Relief.

Motion to Grant Privilege of Floor.

Supervisor McSheehy moved the privilege of the floor for two representatives of the unemployed to speak for five minutes each.

Supervisor Power objected, declaring that all parties had been given a full and careful hearing at the meeting of the committee. He urged the adoption of the committee report.

F. G. Newman was granted the privilege of the floor. He said he was in charge of the registry camps at Redding and King City and offered to take care of seventy-five men, furnish their supper, transportation and breakfast in the morning if they would accept and go with him tonight to the camps.

The Chair thereupon asked those who would go to indicate by raising their hands. There was no response.

In reply to a question of Supervisor McSheehy, a Mr. Maher, representing the Homeless Youths, declared that the conditions in the camps were not proper for young men.

Vote on Motion to Defer.

Thereupon the roll was called on Supervisor Havenner's motion, with the following result:

Ayes—Supervisors Breyer, Canepa, Gallagher, Havenner, McSheehy, Shannon, Spaulding, Stanton—8.

Noes—Supervisors Brown, Colman, Hayden, Miles, Power, Roncovieri—6.

Absent—Supervisor Peyser—1.

Question being raised as to Supervisor Breyer's vote, the foregoing vote was rescinded by the following vote:

Ayes—Supervisors Breyer, Brown, Colman, Hayden, Miles, Power, Roncovieri, Shannon, Stanton—9.

Noes—Supervisors Canepa, Gallagher, Havenner, McSheehy, Spaulding—5.

Absent—Supervisor Peyser—1.

Supervisor Havenner, before the result was announced, changed his vote from No to Aye and moved reconsideration at next meeting.

The Chair ruled motion out of order, for the reason that such motion, under the rule, can only be made on the main question.

Supervisor Gallagher appealed from the decision of the Chair.

Supervisor Shannon, being called upon, put the question: "Shall the decision of the Chair stand as the decision of the Board? A vote Aye sustains the Chair; a vote No overrules the Chair.

The roll was called and the Chair was *sustained* by the following vote:

Ayes—Supervisors Breyer, Brown, Colman, Miles, Power, Roncovieri, Stanton—7.

Noes—Supervisors Canepa, Gallagher, Havenner, McSheehy, Shannon, Spaulding—6.

Excused—Supervisor Hayden—1.

Absent—Supervisor Peyser—1.

Motion to Defer Lost.

Whereupon, the roll was again called on Supervisor Havenner's motion to postpone, and the same was *lost* by the following vote:

Ayes—Supervisors Canepa, Gallagher, Havenner, McSheehy, Shannon, Stanton—6.

Noes—Supervisors Breyer, Brown, Colman, Hayden, Miles, Power, Roncovieri, Spaulding—8.

Absent—Supervisor Peyser—1.

Report Adopted.

Thereupon, the report of the Public Welfare Committee was *adopted* by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Hayden, Miles, Power, Roncovieri, Shannon, Spaulding, Stanton—11.

Noes—Supervisors Gallagher, Havenner, McSheehy—3.

Absent—Supervisor Peyser—1.

Collier's Thanked for Truthful Statement of S. F. Finances.
(Code No. 5.94)

Supervisor Miles presented:

Resolution No. 678, as follows:

Whereas, there appeared in the national weekly commonly known as "Collier's," in its issue dated March 18th, 1933, an article dealing with the financial problems of the cities of the United States; and

Whereas, said article criticizes most severely the officials of various cities for not regulating their respective expenditures to meet the exigencies of existing extraordinary conditions; and

Whereas, in said article San Francisco is singled out as one of the cities of the United States that has done its full part to meet the extraordinary conditions which exist at the present time and by reason thereof has been placed in a most favorable position in the eyes of the people of the United States; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco, in regular meeting assembled, do hereby extend to William L. Chenery, the editor of "Collier's," and to Charles Colebaugh, the managing editor thereof, and to Thomas H. Beck, the editorial director thereof, the sincere thanks and appreciation of the citizens of the City and County of San Francisco for their action in giving to all of the people of the United States the true conditions regarding the financial affairs of the City and County of San Francisco; be it

Further Resolved, That the Clerk of this Board be, and he is, hereby directed to transmit a copy of this resolution to William L. Chenery, the editor of "Collier's," to Charles Colebaugh, the managing editor thereof, and to Thomas H. Beck, the editorial director thereof.

Adopted by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Power, Roncovieri, Shannon, Spaulding, Stanton—14.

Expression of Sorrow at the Passing of Newton P. Howe.
(Code No. 5.91)

Supervisors Miles and Gallagher presented:

Resolution No. 680, as follows:

Whereas, the Honorable Newton P. Howe, former chairman of the Board of Supervisors of Mendocino County, has been called to his reward; and

Whereas, Mr. Howe was distinguished for his work in behalf of his county and the measures for the general welfare of all counties north of San Francisco and was outstanding in his advocacy of the Golden Gate Bridge, and particularly was he noted for his good will towards San Francisco and its progress; now, therefore, be it

Resolved, That the Board of Supervisors does hereby publicly express its sincere sorrow and deep regret at the passing of Newton P. Howe, formerly chairman of the Board of Supervisors of Mendocino County, vice-president of the Redwood Empire Association of Mendocino County, and president of the Shore Line Highway Association; and be it

Further Resolved, That a copy of this resolution be sent to Mrs. Newton P. Howe.

Adopted unanimously by rising vote.

Opposing the Abolition of the State Highway Commission.
(Code No. 5.3)

Supervisors Miles and Gallagher presented:

Resolution No. 681, as follows:

Resolved, That the Board of Supervisors does hereby record itself as opposed to any legislation of the State Legislature having for its purpose the abolition of the Highway Commission of the State of California; and be it

Further Resolved, That copy of this resolution be transmitted to the state legislators representing San Francisco, the State Highway Commission and the Redwood Empire Supervisor Unit of the Redwood Empire Association.

Adopted by the following vote:

Ayes—Supervisors Breyer, Gallagher, Havenner, Hayden, Miles, Roncovieri, Spaulding, Stanton—8.

Noes—Supervisors Brown, Colman, Shannon—3.

Absent—Supervisors Canepa, McSheehy, Peyser, Power—4.

Leave of Absence, Alfred J. Cleary, Chief Administrative Officer.

The following was presented and read by the Clerk:

San Francisco, Cal., March 11, 1933.

To the Honorable, the Board of Supervisors, City Hall, San Francisco, California.

Gentlemen: Application has been made to me by Alfred J. Cleary, Chief Administrative Officer, for permission to absent himself from the State of California from March 11, 1933, to March 24, 1933, for the purpose of obtaining data on the latest types of Incinerators.

Permission was already granted Mr. Cleary by your Board to make this inspection between March 2 and March 15, 1933, but due to stress of more important assignments, he was unable to leave the city sooner.

I hereby request that you concur with me in granting this permission.

Respectfully yours,

ANGELO J. ROSSI, Mayor.

Mayor to Appoint Committee to Go to Sacramento to Oppose Repeal of Appropriation for Agricultural District No. 1.

(Code No. 5.3)

Supervisor Gallagher presented:

Resolution No. 674, as follows:

Whereas, this Board did heretofore, on the 14th day of September, 1932, adopt Resolution No. 421, which reads as follows:

"BOARD OF SUPERVISORS PLEDGED TO MAKE EVERY EFFORT TO RAISE SUM OF $250,000 FOR CONSTRUCTION OF AGRICULTURAL EXPOSITION BUILDING. (Code No. 9.051).

"Resolution No. 421, as follows:

"Whereas, the Legislature of the State of California, in the session of 1931, appropriated the sum of $250,000 for the construction of an agricultural exposition building for the use of No. 1-A Agricultural District Association; and

"Whereas, the Legislature also provided that the sum of money thus appropriated should not be available for expenditure until an additional sum of $250,000 should be paid to No. 1-A Agricultural District Association by the City and County of San Francisco or some other public or private corporation or agency; and

"Whereas, owing to the current economic and business depression it has been impossible during the past year to raise the said additional sum of $250,000 by private subscription; and

"Whereas, at the time of making the annual budget for the City and County of San Francisco for the current fiscal year, the problem of providing food and the necessities of life for many thousands of unemployed and destitute citizens was of such transcendent importance that the Board of Supervisors deemed it unjust and improper

to impose any additional tax charges for any other purposes whatsoever upon the taxpayers of the City and County until the unemployment emergency had passed; and

"Whereas, the legislative bodies of every other county in California have pursued the same policy and have been guided and controlled by the same principles and motives in making their annual county budgets and fixing their tax rates during the present economic emergency; and

"Whereas, the members of the Board of Supervisors of the City and County of San Francisco are unanimously and earnestly in favor of the construction of an Agricultural Exposition building in or adjacent to San Francisco; and

"Whereas, the Comptroller of the State of California has advised the Mayor of San Francisco that the appropriation of $250,000 for the Agricultural Exposition building will remain in effect until August 13, 1935; now, therefore, be it

"Resolved, That this Board of Supervisors, considering this project one of primary importance to the progress of this City and County, hereby pledges itself to make every legal effort to raise the additional sum of $250,000 necessary to make the State appropriation available for the construction of the Agricultural Exposition building at the earliest possible time; and be it further

"Resolved, That this Board of Supervisors requests his Honor the Mayor to conserve all surpluses obtained, except for unforeseen emergencies of more importance, to the end that there may be available a substantial contribution, if possible, prior to the convening of the Legislature at Sacramento in January, 1933; and be it further

"Resolved, That his Honor the Mayor is hereby authorized and requested to appoint a special committee of the membership of this Board and other citizens to make immediate and vigorous efforts to preserve the appropriation heretofore made by the State Legislature and to raise the additional sum of money necessary to proceed with the construction of the Agricultural Exposition building without any avoidable delay.

"Adopted by the Board of Supervisors, September 14, 1932.

"Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—15.

"I hereby certify that the foregoing resolution was adopted by the Board of Supervisors of the City and County of San Francisco.

"J. S. DUNNIGAN, Clerk.

"Approved September 14, 1932.

"ANGELO J. ROSSI, Mayor."

And whereas, said resolution was signed by the Hon. Angelo J. Rossi, Mayor, and is now of record in the minutes of this Board; and

Whereas, since the passage of said resolution the Board of Trustees of said district have procured, and will shortly have deeded to the State of California, a site for said Exposition buildings, which action will comply with one of the provisions of the appropriating act by which San Francisco gained the appropriation; and

Whereas, there will very shortly be paid into the treasury of said district $7,500 to apply as against the State's appropriation; and

Whereas, since the passage of said resolution by this Board, the Board of Supervisors of the County of San Mateo, have, by resolution, duly passed and adopted on Monday, March 6th, 1933, voted to contribute the sum of $7,500 to this project; and

Whereas, the Board of Trustees of said district have procured from the Congress of the United States an amendment to the Emergency Relief Construction Act of 1932 (The Reconstruction Finance Corporation's Act), by which amendment it is possible to procure from the Reconstruction Finance Corporation sufficient funds with the help of this City and County and San Mateo County, to complete the whole project, estimated to be $1,296,000; and

Whereas, there has been introduced in the Legislature of the State of California, and is now pending, an act empowering the Governor of the State of California to borrow from the Reconstruction Finance Corporation and/or the Secretary of Agriculture, or other governmental agency, funds for such purpose; and

Whereas, there are 125,000 days of labor in this project; and

Whereas, the grading alone upon the site selected would afford employment for 6000 men for the full period of four months; and

Whereas, it is the sense of this Board that it is infinitely better to furnish labor for the unemployed upon such public work as this than to have them remain idle, or performing some useless and idle work; and

Whereas, the President of the United States has announced that the policy of the national government will be to start the construction of public works throughout the land in order that the artisans, skilled mechanics and laborers be immediately employed; and

Whereas, there is now introduced in the Legislature of the State of California, an act—Senate Bill No. 692—by which the Legislature seeks to repeal Senate Bill No. 339, by which latter act the appropriation was made to San Mateo and San Francisco counties; and

Whereas, there is imminent danger of the passage of this repeal act, unless the City and County of San Francisco, by its opposition, prevents this action being taken; now, therefore, be it

Resolved, That the Honorable Angelo J. Rossi, Mayor of San Francisco, be now urgently requested to immediately appoint a committee to go to Sacramento on behalf of San Francisco and San Mateo counties, and oppose the repeal of this measure; and be it further

Resolved, That the Mayor be, and he is urgently requested, to appoint a committee of three members to serve with a committee from San Mateo county, to study the question of procuring the funds for this project from the Reconstruction Finance Corporation or other government agency for the purpose of procuring the funds necessary for the relief of the unemployed, and for the construction of this project, and that this Board of Supervisors hereby pledges itself to fully cooperate with the Board of Trustees of said district to the end that this splendid project be brought to San Francisco and San Mateo counties; and be it further

Resolved, That a certified copy of this resolution be sent to the Governor of the State of California, Hon. James Rolph, Jr., and to each member of the Assembly and of the Senate, and that the Clerk of this Board be requested to communicate with the chairman of the Governmental Efficiency Committee of the Senate, Mr. Ray Ingals, at Sacramento, by telegraph, and ascertain when a hearing will be had upon this proposition, and to arrange for said hearing for the committee so to be appointed by his Honor the Mayor, and that sufficient funds be appropriated forthwith for the expense of said committee.

Adopted by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Power, Roncovieri, Shannon, Spaulding, Stanton—14.

Absent—Supervisor Peyser—1.

Requesting Mayor to Appoint Committee to Study and Survey Structures in the Los Angeles Earthquake Area.

(Code No. 19.072)

Supervisor Spaulding presented:

Resolution No. 677, as follows:

Whereas, a catastrophe of major degree has been recently visited on the area of Los Angeles County and City; and

Whereas, numerous deaths of human beings, more numerous injuries to human beings, and untold destruction to properties and to buildings are noted by eye-witnesses of this awful catastrophe; and

Whereas, the greatest destruction to human life, and the greatest destruction to buildings and improvements are noted to have been in structures which were of light and/or nonproof against earthquake; and

Whereas, there are in the City and County of San Francisco numerous buildings and residences, and dwelling houses which are not proof against earthquake because of flimsy construction and/or because of building laws not stringently observed; now, therefore, be it

Resolved, That the Mayor be and is hereby respectfully requested to appoint a committee of seven, composed of the Chief Building Inspector of the City and County of San Francisco, the City Engineer, and the Chief Engineer of the San Francisco Fire Department, and four other reputable building and engineering experts, to make a survey and study of causes and conditions covering the destruction of buildings in the earthquake area of Los Angeles County; and be it

Further Resolved, That said Committee, after due and deliberate study and survey of said conditions and buildings, shall report to the Board of Supervisors of the City and County of San Francisco their findings, with recommendations covering and relative to the necessary improvements in the building laws of said City and County for the purpose of eliminating any faults or lapses that said building laws may now contain.

Referred to Public Buildings and Lands Committee.

Authorizing Certain Officials of the City and County of San Francisco and Employees Thereof to Visit the Earthquake Area in the County of Los Angeles for the Purpose of Making a Study as to Earthquake Stresses Which Will Be Made Part of the Regulations Contained in the Building Code of the City and County of San Francisco Now in Course of Preparation and Making an Appropriation for Said Purpose and Declaring this Ordinance to Be an Emergency Measure.

(Code No. 11.08)

Supervisor Miles presented:

Bill No. 266, Ordinance No. 11.087, as follows:

Authorizing certain officials of the City and County of San Francisco and employees thereof to visit the earthquake area in the County of Los Angeles for the purpose of making a study as to earthquake stresses which will be made part of the regulations contained in the building code of the City and County of San Francisco now in course of preparation and making an appropriation for said purpose and declaring this ordinance to be an emergency measure.

Be it ordained by the People of the City and County of San Francisco, as follows:

Section 1. That the Chief Administrative Officer of the City and County of San Francisco be, and he is, hereby requested to order that the Superintendent of the Bureau of Building Inspection and such other person as he may select, who is now engaged with the said Superintendent of the Bureau of Building Inspection in the preparation of a building code for the City and County of San Francisco, to proceed to the earthquake area in the County of Los Angeles, to there make such investigation as they shall deem proper for the purpose of ascertaining the particular character and kind of construction which has best withstood the recent earthquake shocks in said county, to the end that proper provision may be made in the building code of the City and County of San Francisco for the purpose of providing against damage from earthquake shock.

Section 2. There is hereby appropriated from the Emergency Reserve Fund the sum of ..... Dollars to cover the expenses of said officers and employees hereinbefore mentioned.

Section 3. It is hereby declared that the immediate passage of this ordinance constitutes an emergency within the provision of section 16

of the Charter, said emergency being as follows: That the immediate passage of this ordinance is necessary for the purpose of protecting the property, health and safety of the people of the City and County of San Francisco in this, that if the said investigation herein requested to be made cannot be made at once it will be impossible to make same and it will be impossible for the persons requested to make said investigation to ascertain what particular character of construction has best withstood the earthquake shocks in Los Angeles County; and therefore, the Board of Supervisors, by a vote hereinafter set forth, does hereby declare that the emergency herein mentioned does actually exist and that this ordinance shall be passed without reference to or report from committee and without two readings and votes from separate meetings; and that this ordinance shall become effective immediately upon its passage.

I, the undersigned, Mayor of the City and County of San Francisco, request that the above-mentioned appropriation be made.

APPROVAL OF JOURNAL.

The Journal of Proceedings of March 13, 1933, was considered read and approved.

Legislative Matters.

Supervisor Peyser, under the rule of the Board giving right of way to consideration of matters pending in the State Legislature affecting San Francisco, spoke in part as follows:

Riley Tax Bill. First—This matter is coming up before the Legislature almost any day. Among other things, it provides that appropriations of the General Fund of the City for any biennial, exclusive of school budgets, shall not exceed 5% of the previous biennial and affects the City and County of San Francisco the same as section 20—that the expenditures of any city and county shall not exceed by more than 5% the expenses of the previous year, except when authorized by a 2-3 vote of the electors or when authorized by the State Board of Equalization. The Legislature may further restrict expenditures even below 5%.

Second—This bill makes three large centers of the state finance the other counties of the state.

Third—The term "gross receipts" is not defined; the term "transaction" is not defined.

Fourth—Not over 50% of the taxes shall be derived from property, the balance from gross receipts or transactions, which is in effect a "sales tax". Every time the dollar moves a tax would be paid.

Operative properties of public utilities are to be retained to counties for taxation. Under this bill, the State Board of Equalization has to make the assessment on these properties upon which we are to levy the tax. This would greatly embarrass the local assessor in the event that the State Board of Equalization should fix a lower assessment for operative property of public utilities than the local assessor fixes for similar property in the same location.

Home rule, he said, is taken from the counties under this Riley tax bill.

Mr. Mitchell, representing the Retail Grocers Association, was heard in opposition to the Riley tax bill.

Motion.

Supervisor Peyser, seconded by Supervisor Canepa, moved that this Board go on record as opposed to the Riley tax bill in its present form and suggested that the San Francisco delegates be notified of this action.

Referred.

Supervisor Colman, seconded by Supervisor Roncovieri, moved that the subject matter be referred to the Judiciary and Legislative Committee. *So ordered.*

Committee meeting, thereupon, called for Thursday, at 2 p. m.

SPECIAL ORDER—2:30 P. M.

Milk Ordinance.

(Code No. ——)

Bill No. ————, Ordinance No. ————, as follows:

Regulating all traffic in milk, cream and milk food products, the production, handling, processing, distribution, labeling, sale and offering for sale in the City and County of San Francisco of milk, cream and milk food products; providing for the issuance and revocation of permits therefor; fixing standards and definitions for milk, cream and milk food products; providing for inspection of all premises used in the production, handling, distributing, processing, sale or offering for sale of milk, cream and milk food products in said City and County; enforcing the tuberculin testing of all dairy cattle producing milk for consumption in said City and County; providing for the examination of all employees engaged in the production and processing of milk, cream and milk food products; authorizing the Director of Public Health of the City and County of San Francisco to enforce the provisions of this ordinance, and providing penalties for the violation thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Director of Public Health of the City and County of San Francisco is hereby authorized to regulate and control the production of and the traffic in milk, cream and milk food products in the said City and County, and of all milk and cream produced in other counties for consumption in the City and County of San Francisco; to provide for the inspection of milk, cream and milk food products in said City and County and at such other places where milk is produced or handled for distribution or sale in said City and County, and to enforce the provisions of this ordinance.

Section 2. Wherever in the ordinance the following words, terms or names are used, they shall be construed as follows:

Subdivision 1. *Pasteurizing Plant*: Any plant or establishment where raw milk or cream is received for pasteurization, cooling or processing, or in which raw milk or cream is pasteurized, cooled or processed, or from which milk or cream is delivered for distribution to the retail trade, is deemed to be a pasteurizing plant within the meaning of this ordinance.

Subdivision 2. *Dairy Farm*: Any place or premises upon which milk is produced for sale or distribution is a dairy farm within the meaning of this ordinance.

Subdivision 3. The word "person" as used in this ordinance shall be construed to mean both the singular and plural, as the case de-

mands, and shall include individuals, corporations, companies, societies and associations. When construing and enforcing the provisions of this ordinance, the act, omission or failure of any employee, officer, agent or other person acting for or employed by any individual, corporation, company, society or association, within the scope of his employment or office, shall in every case also be deemed to be an act, omission or failure of such individual, corporation, company, society or association, as well as that of the person. The provisions of this ordinance shall be construed to apply to hotel keepers, restaurant keepers and boarding house keepers and any person who shall serve meals to the public.

Subdivision 4. *Score Card*: The official score card for pasteurizing plants and dairy farms shall be the score card adopted by the Director of Public Health and the minimum standard of rating shall be in accordance with said score card. *Provided that the minimum standard of rating shall not be less than that fixed by the Director of the Department of Agriculture.*

Subdivision 5. *Market Milk or Cream*: Wherever the terms market milk or cream are used in this ordinance they shall be construed to mean milk or cream in their natural fluid state, as prepared for human consumption, without being converted into any other form or product.

Subdivision 6. Milk is the fresh, clean, lacteal secretion obtained by the complete milking of one or more healthy cows properly fed and kept, excluding that obtained within 18 days before and 8 days after parturition, free from foreign substances detrimental to its quality or to the quality of the products prepared therefrom, and contains not less than three and four-tenths (3.4) per cent of milk fat and not less than eight and five-tenths (8.5) per cent of solids not fat. Nothing stated in this subdivision shall be construed as prohibiting the standardization of milk at a uniform fat content of not less than three and four-tenths (3.4) per cent of milk fat. In the standardization of Grade A pasteurized milk, the milk and cream used for the enrichment of said milk shall be of the same grade.

Subdivision 7. *Cream*: Cream is that portion of milk rich in milk fat, which rises to the surface of milk on standing, or is separated from it by centrifugal force, is fresh and clean, and contains not less than twenty (20) per cent of milk fat and not more than seven and eight-tenths (7.8) per cent of milk solids not fat in cream containing twenty (20) per cent of milk fat and correspondingly less solids for greater percentages of milk fat. Cream shall have been produced from nonreacting tuberculin tested cows, or shall be pasteurized and shall otherwise conform to the rules and regulations adopted by the Director of Public Health of the City and County of San Francisco. Cream for manufacturing purposes may be repasteurized not exceeding once.

Sour market cream is clean market cream which has been fermented by the action of one or more strains of lactic acid bacteria, so that the product contains a distinct acidity, but which otherwise conforms to all the requirements for market cream. This product may be sold under the designation "sour market cream."

Subdivision 8. *Ice Cream*: Ice cream is a frozen product made with pure, sweet milk, cream, skim milk, condensed milk, condensed skim milk, dried milk, dried skim milk, wholesome sweet butter made from sweet cream, pure milk fat, or any combination of any such products, with or without sweetening, and with or without the use of harmless flavoring and coloring, and containing not less than ten (10) per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Fruit Ice Cream: Fruit ice cream is ice cream which contains not less than eight per cent of milk fat and not less than three per cent

by weight of clean, mature, sound fruit or the juice thereof, with or without the use of harmless flavoring and coloring and containing not more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Nut Ice Cream: Nut ice cream is ice cream which contains not less than eight per cent of milk fat and not less than one per cent by weight of sound, non-rancid nut meats, with or without the use of harmless flavoring and coloring and containing not more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

When sold by manufacturer, distributor or retailer, ice cream shall not contain non-pathogenic bacteria in excess of fifty thousand (50,000) per gram.

Subdivision 9. *Ice Milk*: Ice milk is a frozen product made with pure sweet milk, evaporated or condensed milk, evaporated or condensed skim milk, dry milk, dry skim milk, pure milk fat or wholesome sweet butter made from sweet cream, or any combination of such products, with or without sweetening, clean, wholesome eggs or egg products, and with or without the use of harmless flavoring and coloring. Ice milk shall contain not less than four per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin. Ice milk when sold by the manufacturer shall contain not more than 50,000 non-pathogenic bacteria per gram.

All containers of ice milk shall be conspicuously labeled and vehicles conveying ice milk for sale and places where ice milk is sold shall display a conspicuous sign containing the words "Ice Milk Sold Here" in letters not less than six inches high, and no person shall use the name "Ice Cream" in connection with the sale of ice milk therewith either orally or written.

Subdivision 10. French ice cream, French custard ice cream, cooked ice cream, ice custards, parfaits and all similar frozen products are varieties of ice cream which shall contain not less than ten per cent of milk fat and not less than five dozen of clean, wholesome egg yolks, or one and five-tenths pounds of wholesome, dry egg yolk containing not to exceed seven per cent of moisture, or three pounds of wholesome, frozen egg yolk containing not to exceed fifty-five per cent of moisture, or the equivalent of egg yolk in other form, for each ninety pounds of ice cream mix, and which shall otherwise conform to the regulations promulgated by the Director of Public Health.

French ice cream or custard ice cream shall not contain at the time of delivery to ultimate consumer more than 50,000 non-pathogenic bacteria per gram.

Subdivision 11. *Goat's Milk*: Goat's milk is the unadulterated, fresh, clean, lacteal secretion, free from colostrum, obtained by the complete milking of one or more healthy goats, properly fed and housed, free from tuberculosis and contagious abortion as determined by a veterinarian in the employ of the Department of Public Health or approved by the State Department of Agriculture. The rules and regulations governing the production, distribution, sale, handling and *pasteurization* of goat's milk shall be the same as those set forth in this ordinance as governing the production, sale, handling, distribution and processing of cow's milk.

Subdivision 12. *Buttermilk*: Buttermilk is the product that remains when butter is removed from milk or cream in the process of churning and to which milk or cream no preservative or neutralizer has been added. Buttermilk to which water has been added is hereby declared adulterated and shall not be sold for human consumption.

Cultured buttermilk is pasteurized milk or pasteurized skim milk, or a combination thereof, with or without an admixture of buttermilk, which has been treated with special cultures of lactic acid bacteria,

so that the product somewhat resembles buttermilk in appearance, composition and flavor. Cultured buttermilk must be so labeled as to distinguish it from natural buttermilk.

Subdivision 13. *Unlawful to Sell Skimmed Milk Not Properly Labeled*: It shall be unlawful for any person, firm or corporation to sell, exchange or deliver, or to offer for sale, exchange or delivery, or to cause or permit to be sold, exchanged or delivered, or to be offered for sale, exchange or delivery, or to have in possession for sale, exchange or delivery in the City and County of San Francisco any milk from which any part of the cream shall have been removed, or any skimmed milk, unless the same be offered for sale and sold as skimmed milk, or unless there shall be attached to the outside of every vessel, can or package from or in which such skimmed milk is sold or held for exchange or delivery, a tag upon which shall be printed in black letters at least one inch in height the word "skim" or the words "skimmed milk."

Skim milk shall contain less than 3 per cent of milk fat and not less than 8.8 per cent of solids not fat. Skim milk other than that used in manufacturing shall be pasteurized *and shall come from cows non-reacting to the tuberculin test* in accordance with the method set forth in this ordinance. Said pasteurized skim milk shall be labeled accordingly.

Milk or skim milk, properly pasteurized and combined with fruit or fruit juices, chocolate, chocolate syrups or other harmless syrups, with or without the addition of harmless colorings, may be used in the manufacture and sale of soft drinks under a trade name; provided said trade name does not contain the words "milk" or "cream" or any other word resembling milk or cream; and provided further, that said product shall be so colored or contain ingredients that cause it to look unlike milk or cream or any product thereof.

Subdivision 14. *Adulterated, Impure, Unhealthy and Unwholesome*: The terms adulterated, impure, unhealthy and unwholesome, when applied to milk, as used in this ordinance, mean:

First: Milk containing less than three and four-tenths (3.4) per cent of milk fat and less than eight and five-tenths (8.5) per cent of solids not fat.

Second: Milk drawn from cows within eighteen (18) days before or eight (8) days after parturition.

Third: Milk drawn from cows fed on unhealthful or unwholesome food.

Fourth: Milk drawn from cows kept in an unhealthy or insanitary condition, or from cows affected with any form of disease, or from cows which are supplied with impure or unwholesome water.

Fifth: Milk from which any part of the cream has been removed, *except skimmed milk.*

Sixth: Milk which has been diluted with water or with any other fluid, or to which has been added or into which has been introduced any foreign substance whatever, *except as permitted by this ordinance.*

Seventh: Milk drawn from cows that are in a state of filth and uncleanliness or by milkers who are themselves in a condition of filth and uncleanliness or otherwise physically unfit, *the determination of such fact or facts to be made by the Director of Public Health.*

Eighth: Any milk which is shown by analysis to contain any substances of any character not normal constituents of milk, or to have been deprived either wholly or in part of any constituent naturally or normally contained in milk, *except as permitted by this ordinance.*

Ninth: Any milk which has been processed in any insanitary pasteurizing plant, or produced on any insanitary dairy farm or factory

of dairy products, or other insanitary place, or which has been handled in an insanitary manner.

Tenth: Milk from cows which have not passed the tuberculin test.

Milk which is adulterated, impure, unhealthy, or unwholesome as defined by this ordinance, shall not be sold for human consumption except as herein provided.

Section 3. *MILK FOR HUMAN CONSUMPTION IN THE CITY AND COUNTY OF SAN FRANCISCO:*

Subdivision 1. *Market milk for sale and distribution for human consumption in the City and County of San Francisco, shall consist of the following grades of milk: (a) certified milk, (b) guaranteed pasteurized milk, (c) Grade A pasteurized milk and (d) Grade B pasteurized milk, and no other milk, shall be sold, offered or exposed for sale, exchanged or delivered for human consumption within the City and County of San Francisco. Provided, that Grade B pasteurized milk shall be sold, offered or exposed for sale, delivered or exchanged only for cooking and baking purposes. Provided further, that nothing herein contained shall prevent the delivery and sale of Raw Guaranteed Milk, Raw Grade A Milk or Raw Grade B Milk to wholesalers or to pasteurization plants for the purpose of pasteurizing the same.*

Subdivision 2. *Certified Milk: Certified milk is market milk which conforms to the rules, regulations, methods and standards for the production and distribution of certified milk adopted by the American Association of Medical Milk Commissions and must bear the certification of the Milk Commission of the San Francisco County Medical Society. Certified milk must be the produce of a dairy herd that shall consist solely of cows which have passed the tuberculin test in the manner prescribed by said Milk Commission. It must not contain more than* 10,000 *non-pathogenic bacteria per milliliter of milk, which standard must be attained solely by measures directed towards cleanliness, proper cooling and prompt delivery. Certified milk must contain not less than three and five-tenths* (3.5) *per cent of milk fat and a minimum of solids not fat of eight and five-tenths* (8.5) *per cent. Certified milk must be handled and delivered in sealed containers and on ice within thirty hours after its production and in the manner directed by said Milk Commission. The dairy farm milk room, milkers and dairy utensils, etc., must all conform to the requirements of the said Milk Commission.*

Subdivision 3. *Guaranteed Milk Pasteurized: Guaranteed pasteurized milk shall conform to the following requirements as a minimum: The health of the cows shall be determined by physical examination at least once each month by an official representative of an approved milk inspection service and by a tuberculin test. It shall be produced on dairies which score not less than ninety per cent on the dairy farm score card adopted by the Department of Agriculture of the State of California. It must be delivered in containers having the pouring lip completely protected from contamination and shall be cooled immediately after being drawn from the cow to fifty degrees Fahrenheit or less, and so maintained until delivered for pasteurization, when it shall contain not more than fifteen thousand non-pathogenic bacteria per milliliter, and not less than three and one-half per cent of milk fat. It must be sold to the consumer within thirty hours after production and shall be labeled to indicate the date of sale to the consumer. All persons who come in contact with the raw guaranteed milk must exercise scrupulous cleanliness and must not be afflicted with any communicable disease or in a condition to disseminate the germs of typhoid fever, tuberculosis, diphtheria or other communicable disease liable to be conveyed by the milk. The absence of such germs in all such persons shall be determined by bacteriological and physical examination under the direction of the Department of Public Health*

of the City and County of San Francisco, conducted at the time of employment and every six months thereafter in a manner approved by the Department of Agriculture and the Director of Public Health. When pasteurized it shall contain not more than three thousand non-pathogenic bacteria per milliliter at the time of delivery to the consumer.

Guaranteed milk when raw shall be delivered in sterile containers to pasteurizing plants located in the City and County of San Francisco, to be there pasteurized and thereafter distributed in the manner provided by the regulation of the Director of Health of the City and County of San Francisco.

Subdivision 4. *Grade "A" Pasteurized Milk*: Grade "A" Pasteurized Milk shall conform to the following requirements: It shall be the produce of healthy cows as determined by physical examination at least once in two months by a veterinarian under the supervision of the Director of Public Health of the City and County of San Francisco and by the tuberculin test by such veterinarian, or by a veterinarian approved by the State Department of Agriculture, and from dairy farms scoring not less than 75 per cent on the score card approved by the Director of Public Health of the City and County of San Francisco. The tuberculin test must be repeated annually if no reacting animals are found in the herd. If reacting animals are found, they must be removed from the herd immediately and the tuberculin test repeated in six months, provided that in the first test the percentage of reacting animals found is less than 10 per cent of the herd. If the percentage of reactors found is greater than 10 per cent, the tuberculin test must be repeated in ninety days.

All cows are to be fed, watered, housed, and milked under conditions approved by the Director of Public Health.

All persons who come in contact with the milk must exercise scrupulous cleanliness and must not harbor the germs of typhoid fever, tuberculosis, diphtheria or other communicable diseases transmissible by milk. Absence of such diseases shall be determined by bacteriologic and physical examination to the satisfaction of the Director of Public Health.

Grade "A" Raw Milk from the dairy farm shall be delivered in sterile containers to the pasteurizing plants located in the City and County of San Francisco, and is to be kept at a temperature of fifty degrees Fahrenheit, or below, until it reaches the pasteurizing plant when it must not contain more than one hundred and fifty thousand (150,000) non-pathogenic bacteria per milliliter and rapidly cooled after pasteurization to a temperature of fifty (50) degrees Fahrenheit or below, and so maintained to the time of delivery to the ultimate consumer.

Grade "A" Pasteurized Milk must not contain more than fifteen thousand (15,000) non-pathogenic bacteria per milliliter at the time of delivery to the ultimate consumer.

Subdivision 5. *Grade "B" Pasteurized Milk*: *Grade "B" Pasteurized milk is market milk which shall conform to the following requirements as a minimum*:

The health of the cows shall be determined by physical examination at least once in six months by a veterinarian in the employ of the Director of Public Health. Grade "B" Pasteurized milk shall be produced on dairy farms that score not less than sixty-five (65) per cent on the dairy farm score card adopted by the Director of Public Health. It shall always be pasteurized and shall contain not more than one million (1,000,000) bacteria per milliliter before pasteurization and not more than fifty thousand (50,000) bacteria per milliliter at the time of delivery to the consumer. Grade "B" Pasteurized Milk shall be sold only in cans to the wholesale trade to be used for cooking and baking purposes: provided, however, that this latter provision shall not apply to Grade B Cream.

Grade "B" Raw Milk shall be delivered to the pasteurizing plants in the City and County of San Francisco and pasteurized in the same manner as in this ordinance is provided for Grade "A" raw milk.

Subdivision 6. *Manufacturing Milk: Manufacturing milk is such milk as is not fit for human consumption as milk, and may be sold and used in the City and County of San Francisco only under such regulation as the Director of Public Health may provide, and if used for the manufacturing of foodstuffs, provided that in the manufacture of said foodstuffs, or immediately prior thereto, said milk is subjected to a temperature of* 145 *degrees Fahrenheit for thirty consecutive minutes, and provided further, that for every degree above* 145 *degrees Fahrenheit to which said milk is heated, the time during which said temperature must be maintained may be decreased by one minute. The time for maintaining such temperature shall in no case be less than five minutes, except for milk that is re-pasteurized. Re-pasteurized milk shall not be sold as market milk.*

Milk not suitable for human consumption may be sold for industrial purposes, provided it is heated to a higher temperature than necessary for pasteurization, and delivered in a distinctive container plainly marked with the word "Not suitable for human consumption" in letters not less than one-quarter inch in length and one-twelfth stroke. Such milk must not be transported on a vehicle carrying milk for human consumption.

Subdivision 7. *Method of Pasteurization*: Pasteurizing milk consists of the heating of every portion of the milk to not less than one hundred and forty (140) degrees Fahrenheit nor more than one hundred and forty-five (145) degrees Fahrenheit and maintaining same at that temperature for thirty (30) minutes, and immediately cooling thereafter to a temperature of fifty (50) degrees Fahrenheit.

All milk except certified milk intended for human consumption in San Francisco shall be pasteurized in San Francisco in accordance with the method set forth herein.

Each pasteurizing plant shall be equipped with a sufficient number of self-registering devices to accurately record the temperature to which and the length of time for which the pasteurized product has been heated. Such record shall be kept for two months and be available for inspection by the Director of the State Department of Agriculture or any of his agents, *and also by the Director of Public Health or his representative.*

Subdivision 8. *The class or grade of all milk or cream sold, offered, or exposed for sale, delivered or exchanged, in the City and County of San Francisco, and the name and address of the producer or distributor, shall at all times appear plainly and in a conspicuous place, or be securely attached to every bottle, cap, can or container, in which said milk is contained, in capital letters not less than one-eighth inch high and one-sixteenth of an inch wide. Milk not fit for human consumption shall be so marked.*

Subdivision 9. All utensils, equipment and apparatus used in the production, handling and processing of milk, cream and milk food products shall be thoroughly cleaned and sterilized each time after using, and shall be so constructed that all parts are free from spaces not easily cleanable and each surface coming in contact with the milk and cream is smooth and free from rust.

Subdivision 10. *No Person Shall Bring Into the City, Sell or Offer for Sale any Impure, Adulterated or Unwholesome Milk*: It shall be unlawful for any person, firm or corporation, by themselves or by their agents, servants or employees, to bring, or cause to be brought within, sell, offer for sale, exchange, deliver, distribute or have in his, its or their possession with intent to sell, expose or offer for sale or exchange or to distribute for human consumption, within the City and

County of San Francisco, any impure, adulterated, unhealthy or unwholesome milk, except as provided by this ordinance.

Subdivision 11. *Persons Suffering from Communicable Disease*: No person suffering from a communicable disease, or who is a "contact," or who has been recently exposed to any contagious or infectious disease, shall be permitted to milk cows, handle milk or milk utensils in any pasteurizing or processing plant or upon any dairy farm, nor shall any milk be brought into, sold or offered for sale from any dairy farm, when a contagious or infectious disease exists on said dairy farm, until such time as said premises have been inspected and declared in writing free of contagion by an authorized employee of the Department of Public Health of the City and County of San Francisco.

Subdivision 12. *Methods of Serving Milk*: When served in any hotel, boarding house, lunch counter, restaurant or other place of public entertainment, market milk shall be served in the original bottle in sizes ½ pints, pints and quarts only, the cap of which shall not be removed except in the presence of the customer or patron; provided, however, that this provision shall not apply to cream so served.

The bottling of all milk except certified milk is prohibited except in regularly approved and authorized pasteurizing plants.

It shall be unlawful for any person, firm or corporation to sell, exchange, offer or expose for sale or exchange, or have on hand for sale or exchange or serve in any hotel, boarding house, restaurant, saloon, lunch counter or other place of public entertainment any milk or cream to which any gelatin or other substance, except as provided in the general dairy law of California, has been added to increase the consistency of such milk or cream so as to make it appear richer or of better quality; provided, however, that nothing in this ordinance shall be construed as prohibiting the standardization of milk and cream as provided in this ordinance.

Subdivision 13. All grocery stores, delicatessens and other retail establishments handling milk for human consumption must have, in addition to all other sanitary appurtenances, an ice chest of sufficient capacity to hold the amount of milk handled in said premises, and said ice chest must be properly drained in accordance with the plumbing ordinances of the City and County, and must at all times have a capacity of ice or refrigeration which will maintain a temperature under 50 degrees Fahrenheit within said chest.

If grades, market cream of any grade shall conform to all the standards set for market milk of the same grade, except that the maximum bacterial count for cream shall be not more than three times as great as that of the corresponding grade of milk.

Section 4:

Subdivision 1. *Permits Required by Vendors of Milk*: No person, firm or corporation by themselves, or through their agents, servants or employees, shall produce, ship or send into, bring into, or offer for sale, or expose for sale, or sell or deliver for distribution, sale, use or consumption within the City and County of San Francisco, any milk without first having obtained from the Director of Public Health of the City and County of San Francisco a permit so to do. One permit shall be required for each dairy, dairy farm or place of general sale or storage of milk, but no permit shall be granted to anyone where raw milk is received at a central cooling station or plant outside the City and County of San Francisco which handles more than one grade of milk, or where other milk products are made or handled.

No permit to ship or transport raw milk into the City and County of San Francisco from any central cooling plant outside the City and County shall be granted unless said milk so cooled and shipped or transported comes from dairy farms scoring at least seventy-five per cent, and otherwise complying with the provisions of this ordinance,

and unless said cooling plant is constructed and maintained in accordance with plans and specifications approved by the Director of Public Health and said milk is handled as required by this ordinance.

Subdivision 2. In order to procure permits required by this ordinance the applicant shall present to said Director of Public Health a written application, and shall state therein the name and business and residence address of the applicant or applicants, the source or sources from which said applicant or applicants obtain or will obtain supplies of milk, the number of cows in the possession of such applicant, the average quantity of milk procured, produced or handled, and the average quantity disposed of by said applicant, and the manner and character of such disposition, and such other matters as may be required by the Director of Public Health, such application to be made to the said Director of Public Health upon printed blanks to be provided by the Director of Public Health for such purpose. Such application shall further state the specific brand or business name, if any, under which such milk is to be imported, sold, exchanged or distributed.

Subdivision 3. If the Director of Public Health, upon such investigation and inspection as he may make, shall determine that the statements therein made are true, and that the applicant does not intend to bring into, sell, expose, or offer for sale, exchange, deliver or distribute, within the City and County of San Francisco, any unwholesome milk as food for any human being, and that the production, transportation, storage and handling of the same is to be under sanitary conditions and in conformity with the regulations adopted as a part of this ordinance, he shall issue the appropriate permit therefor according to the nature of the business to be transacted or conducted by the applicant.

Subdivision 4. No permits shall be sold or assigned or transferred. Permits shall be subject at all times to revocation by said Director of Public Health in his discretion upon sufficient cause therefor shown; provided, however, that no such permit shall be revoked until after a hearing given by the Director of Public Health in the matter of the revocation of such permit after five (5) days' notice in writing has been served on the owner of such permit, which said notice shall be given to said owner or holder of said permit by mailing said notice by registered mail addressed to his place of residence or business as the same appears on said permit or on the records of the Department of Public Health, which notice shall state the ground of complaint against such owner and the time and place where such hearing shall take place; provided, however, that when the holder of any permit shall have been convicted in any court of any violation of this ordinance by any law relating to the production, transportation, storage, sale or distribution of milk, such permit may be revoked without notice.

Subdivision 5. *Procedure to Follow for Renewal of a Permit Revoked for Cause*: When a permit shall have been revoked by the Director of Public Health, no further permit shall be granted by said Director to the same person, firm or corporation until he, they or it shall file with said Director a bond in the sum of five hundred (500) dollars with two (2) sureties approved by the Director of Public Health, conditioned for the faithful observance of all the regulations of the law and of said Director of Public Health relating to production, importation, sale, delivery and distribution of milk.

Subdivision 6. As often as required, and at least once each year, every person or persons, firm or corporation maintaining a pasteurizing plant or dairy farm in, or bringing milk into the City and County of San Francisco and holding a permit so to do, shall furnish the Director of Public Health a full and true statement of the sources and amounts of the supply of the milk imported, sold or distributed by him or them, with the names and addresses of the persons from whom the same is obtained and the amount from each source, and

such other information as is required by applicants for permits as hereinbefore provided, and all applications for permits, and all such written statements required as aforesaid, shall be registered by the said Director of Public Health.

Subdivision 7. *Official Number of Permits*: When a permit is granted, the Director of Public Health will give the holder thereof an official number, and this number shall be used to mark the products of the pasteurizing plant or dairy farm as hereinafter prescribed.

Subdivision 8. *More Than One Dairy or Dairy Farm Under the Same Ownership or Control*: Two or more pasteurizing plants or dairy farms under the same ownership or control may use the same permit numbers, provided a serial letter is added in each case to designate the pasteurizing plant or dairy farm, and to enable its products to be identified.

Subdivision 9. *Names on Wagons*: All automobiles, motor trucks or other vehicles from which market milk, cream, butter, ice cream, buttermilk or ice milk are sold, marketed, delivered, or peddled, shall have the name and address of the owner and permit number plainly painted thereon in letters at least three inches high, and one and a half inches wide, on both sides of such vehicles, or if such milk is sold or exposed or offered for sale, delivery, distribution, or exchanged within a store or house, then such permit number shall also be constantly exposed in some conspicuous manner at the place wherever such milk is sold, or kept, so as to be plainly apparent.

Subdivision 10. *Rule Governing Renewal of Permit*: Any applicant receiving and holding a permit such as is herein set forth, shall make application for the renewal of the same between January 1st and January 15th of each year, and said permit shall be renewed, provided the applicant complies and conforms to all of the provisions as set forth in this ordinance.

Section 5. In order to carry out the purposes and provisions of this ordinance, the said Director of Public Health and all his officers, agents and employees shall have the right at any time and at all times to enter upon or into the premises of any producer or vendor or distributor of milk authorized under the provisions of this ordinance, and any refusal upon the part of such producer, vendor or distributor to allow such entry and such inspection as may be required and directed by the said Director of Public Health may be punished by the revocation of the permit of such producer, distributor or vendor by the said Director of Public Health.

Section 6. The Director of Public Health and all his officers, agents and employees shall have the right and it shall be their duty to enter and have full access, egress and ingress to all places where milk is stored and kept for sale, and to all automobiles, motor trucks or other vehicles, railroad cars, steamboats, or conveyances of every kind used for the conveyance or transportation or delivery of milk, for the purpose of consumption in the City and County of San Francisco.

Section 7. It shall be the duty of the said Director of Public Health to cause the dairy farms and other establishments from which milk brought into the City and County of San Francisco is obtained, to be inspected from time to time to satisfy said Director of Public Health that the provisions and requirements of this ordinance and all orders issued by said Director are constantly complied with.

Section 8. It shall be unlawful for any person, or persons, firm or corporation to obstruct or interfere with the said Director of Public Health or any officer, agent or employee of said Director of Public Health in the performance of any of the duties required by this ordinance.

Section 9. It shall be the duty of the owner, agent or manager of any pasteurizing plant or dairy farm from which milk is brought into this City and County to forthwith report to the Director of Public

Health of said City and County, in writing, anything of which he has knowledge or notice tending to render milk, obtained from such pasteurizing plant or dairy farm, unwholesome, impure or unhealthy.

Section 10. The Director of Public Health and all his officers, agents and employees shall have the right at any time to take samples of milk and cream from any person selling, exposing for sale, offering for sale, exchanging, delivering, or distributing in the City and County of San Francisco, or shipping into said City and County, milk or cream, provided that such samples shall not exceed in quantity one quart of milk and one quart of cream at any one time. Such samples shall be taken and sealed in full view of and in the presence of any person in charge of such milk or cream, and to said person shall be given at such time one-half of said sample or samples hermetically sealed by said Director of Public Health, or his officers, agents or employees. The other half of said sample shall be likewise hermetically sealed and delivered to said Director of Public Health by the officer, agent or employee of said Director of Public Health taking such sample. It shall be the duty of said officer, agent or employee, at the time said sample is taken, to attach to the bottle of container containing each half of said sample, a statement showing the number of the permit issued by said Director of Public Health displayed upon the tanks, or cans, or bottles, or wagons, from which such milk or cream was taken, and the date of the obtainment of the sample, and the name of the person by whom it was taken, and a memorandum thereof shall be made by the person obtaining such sample in a book kept for that purpose in the office of the Department of Public Health.

MILK COMING FROM OUTSIDE THE CITY AND COUNTY TO BE EXPOSED FOR INSPECTION.

Section 11. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft to have the same tendered and exposed for inspection by the said Director of Public Health, his officers, agents or employees, according to the requirements of said Director of Public Health; provided that said milk shall not be detained for inspection for a longer period than one hour. It shall be the duty of the owner or consignee of milk brought into the City and County of San Francisco by land and over any road or railroad leading into the peninsula of San Francisco, to cause the same to be tendered and exposed for inspection according to the requirements of said Director of Public Health, provided that said milk shall not be detained for inspection a longer period than one hour.

MILK COMING FROM OUTSIDE OF THE CITY AND COUNTY TO BE PLAINLY MARKED WITH THE SHIPPER'S NAME, ADDRESS, PERMIT NUMBER AND NUMBER OF TANKS OR CANS CONTAINED IN THE SHIPMENT.

Section 12. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft, railroad, or by land over any road, to attach to one tank or can of each shipment a tag setting forth the following facts in a clear and legible manner:

Name of shipper.....
Address.....Permit No.....
Number tanks.....Milk.....Cream.....

MILK TO BE TIGHTLY COVERED.

Section 13. It shall be unlawful to sell, offer for sale, expose for sale or ship into the City and County of San Francisco, for human consumption, any milk or cream in any tank or container, holding more than three gallons, which is not provided with a proper and tight-fitting mushroom cover.

SALE OF MILK AND CREAM IN QUANTITIES OF ONE QUART OR LESS.

Section 14. It shall be unlawful for any person, firm or corporation to distribute, sell, offer for sale, or keep with the intention of selling, any milk or cream in quantities of one (1) quart or less, in stores or any other place (except where the milk or cream is consumed upon the premises), unless the milk or cream is contained in tightly closed sterile bottles or receptacles of a similar character.

MILK AND CREAM BOTTLES TO BE CAPPED AND MARKED.

Section 15. All bottles or receptacles of a similar character in which milk and cream are distributed or sold must have stamped or printed on the cap or covers, in a conspicuous and legible manner, the name, address and permit number of the person, firm or corporation bottling said milk or cream, and the specific kind of milk or cream contained therein.

NAMES OF BRANDS ON BOTTLES AND CAPS OR COVERS MUST NOT DIFFER.

Section 16. It shall be unlawful to distribute, sell, offer for sale, or expose for sale, any milk or cream in any bottle or receptacle bearing in any manner thereon the name or names of any person, firm or corporation other than or different from the name or names printed or inscribed upon said cover or can of such bottle or receptacle.

TRANSFER OF MILK ON STREET.

Section 17. No person shall transfer any milk from one can, bottle or receptacle on any street, alley or thoroughfare, or upon a delivery wagon, or other vehicle, or in any place in the City and County of San Francisco, except in a dairy or dairy farm the sanitary condition of which has been approved by the Director of Public Health.

Section 18. *Where this ordinance or the regulation of the Director of Public Health is silent upon any matter pertaining to the production, processing, pasteurization, transportation, sale, delivery, use or handling of milk, cream or of any of the products of either milk or cream, the provision of the state law or the regulations of the Director of Agriculture shall apply thereto.*

Section 19. *The Director of Public Health is hereby authorized to make such rules and regulations not in conflict with this ordinance or the state law for the purpose of carrying out the provisions of this ordinance.*

PENALTY FOR VIOLATION OF PROVISIONS OF THIS ORDINANCE.

Section 20. Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than twenty-five (25) dollars and not more than five hundred (500) dollars, or by imprisonment in the County Jail for not more than one hundred (100) days, or by both such fine and imprisonment.

Section 21. All orders and ordinances and parts of orders and ordinances in conflict with this ordinance are hereby repealed.

Section 22. *Constitutionality*: If any section, subsection, subdivision, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Board of Supervisors hereby declares that it would have passed this ordinance, and each section, subsection, subdivision, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses or phrases be declared unconstitutional.

PROPOSED AMENDMENTS SUBMITTED BY SUPERVISOR GALLAGHER.

Supervisor Gallagher presented:

Amendment No. 1.

In Section 3, Subdivision 1, line 2, after the words "Certified milk," insert the words "Guaranteed Raw Milk."

Amendment No. 2.

In Section 3, Subdivision 2, line 1, after the words "Certified milk," insert the words "Guaranteed Raw Milk."

Amendment No. 3.

After Subdivision 3 of Section 2 insert the following:

Subdivision 3A. Guaranteed Raw Milk: Guaranteed Raw Milk is Market Milk which shall conform to the following requirements as a minimum.

The health of the cows shall be determined by physical examination at least once each month by an official representative of the Director of Health and all cows shall be tested at least once every six months for tuberculosis by the tuberculin test; said test to be made by a veterinarian employed by the Director of Health or a veterinarian authorized by said Director of Health. Only animals free from Brucilla abortus shall be permitted on a Guaranteed Raw Milk dairy and as often as may be necessary the animals producing said milk shall be tested by the agglutination test. Any unhealthy animal or any animal reacting to either of the herein provided tests shall be immediately removed from the milking herd and no milk from any reacting animal shall be sold or used as any grade of Market Milk. It shall be produced on dairy farms scoring not less than ninety per cent on the dairy farm score card adopted by the Department of Agriculture of the State of California. It shall be bottled with mechanical bottling and capping equipment on the dairy premises where produced, and must be delivered in containers having the pouring lip completely protected from contamination, and shall be cooled immediately after being drawn from the cow to fifty degrees Fahrenheit or less and so maintained until delivered to the consumer, when it shall contain not more than ten thousand bacteria per milliliter and not less than three and one-half per cent of milk fat. It must be sold to the consumer within thirty hours after production and shall be labeled to indicate the date of sale to the consumer.

All persons who come in contact with Raw Market Milk must exercise scrupulous cleanliness and must not be afflicted with any communicable disease or in a condition to disseminate the germs of typhoid fever, tuberculosis, diphtheria or other communicable diseases liable to be conveyed by the milk. The absence of such germs in all such persons shall be determined by bacteriological and physical examinations by the Director of Health or by other person or laboratory approved in writing by said Director of Health, conducted at the time of employment and every six months thereafter in a manner approved by the said Director of Health.

Amendment No. 4.

In Subdivision 6, Section 2, line 9, after the word "content," insert a period and strike out the words "of not less than three and four-tenths (3.4) per cent of milk fat."

Amendment No. 5.

In Subdivision 4, Section 2, line 21, after the word "Director," strike out the words "of Public Health" and insert in lieu thereof the following: "of Agriculture of the State of California."

dred and forty-five (145) degrees Fahrenheit" and in lieu thereof insert the following: "forty-five (45) degrees Fahrenheit nor more than one hundred and fifty (150) degrees Fahrenheit."

Amendment No. 20.

In Subdivision 10, Section 3, line 3, strike out the word "before" and in lieu thereof insert the word "after."

Privilege of the Floor.

Dr. Geiger, Director of Public Health, declared for pasteurized and certified raw milk. Mr. Krobitzch's raw milk, he said, may be all that is claimed for it in the way of tests, inspections, etc., but the Health Department has no record of it.

Frank S. Glass, secretary of National Milk Producers' Association, was heard at length, urging amendment to the proposed ordinance permitting Mr. Krobitzch to market his product under his copyright name of Guaranteed Raw Milk. He agreed that his client would bear the entire cost of inspection.

Robt. W. Krobitzch, owner of the Troutmere Guernsey Farm, exhibited trophies won by the excellence of his cattle and milk products. He declared that his guaranteed raw milk is sold to the best trade—95 per cent to hotels and restaurants. If compelled to sell as "certified," it would destroy his business.

Requirements of the Board of Health.

The following was presented by Supervisor Havenner and read by the Clerk:

March 9th, 1933.

Mr. F. Havenner, Board of Supervisors, San Francisco, California.

My dear Mr. Havenner: In response to the inquiries of Supervisor Havenner as to requirements to insure the safety and potability of a milk supply, the following methods, much abbreviated, are offered. It is, of course, apparent that certified raw milk is handled under rigid requirements of the Milk Commission appointed by the San Francisco County Medical Society, who employ veterinarians, physicians and laboratory workers, and equitably pro-rate the cost to the various producers of certified milk.

The ideas of the Director of Public Health may be briefly summarized in order to insure safety of milk.

1. *Ventilated Milk Room*—Every milk farm must have a clean, light, well-screened milk room and at least two windows for proper ventilation.

2. *Sterilized Utensils*—Only sterilized utensils may be used in handling milk, and utensils must not be used for any other purpose than that for which designed.

3. *Cooling the Milk*—Cool the milk to 50 degrees F. or below as soon as possible after it is drawn.

4. *White-washed Walls*—Cow stable walls must be white-washed before May 15 and October 15 of each year.

5. *Cleaned Twice Daily*—The stable must be cleaned twice daily and manure and urine removed to a point sufficiently remote to eliminate the possibility of fly infection.

6. *Disposal of Human Excreta on Dairy Farms*—The erection and maintenance of privies, septic tanks, or any other method of sewage disposal shall be supervised and the ultimate disposal of sewage controlled in a manner satisfactory to the Department of Public Health.

7. *Clean Employees*—Employees must be clean and wear clean outer garments. All employees should be examined by physicians, preferably connected with the Department of Public Health, every six months. Such employees before being given employment should have a complete physical examination, especially with reference to tuberculosis and

venereal disease. Moreover, these examinations should be made within the Department of Public Health, and valid laboratory specimens obtained. Additional laboratory tests, such as bacteriological examinations of feces and urine, and examinations of swabs from nose and throat should be made. All of these examinations should be negative before employment. It may be necessary to obtain pictures as well as finger prints of these individuals in order to insure authenticity, and place on their record, possibly in duplicate, one of which is to be kept within the Department of Public Health.

Furthermore, these employees should be immunized against smallpox, typhoid fever, and possibly against diphtheria if found to be susceptible.

8. *Clean Cows*—Cows should be curried daily, and flanks, udders, sides and tails clipped.

9. *Cement Floors*—Cement or other impervious material should be used in construction of floors and should be properly graded and drained.

10. *Tuberculin Tests*—All cows are to be tuberculin tested every six months by an approved veterinarian, under State and Government supervision. All records are to be in duplicate, being kept within the Department of Public Health.

11. *Abortion Tests*—All cows should be tested for abortion disease by a veterinarian of the Department of Public Health and the subsequent laboratory tests made in the Department of Health laboratories. These tests should be by standard technique, examinations to be made once a month until herd is clean and then every three months thereafter. All records are to be in duplicate, being kept within the Department of Health.

12. *Soap and Towels*—All dairies should be equipped with wash basins, soap and towels for cleansing hands before milking.

13. *Clean Hands*—Before milking, hands must be washed clean.

14. *Window space*—Every cow stable should have at least four square feet of window space for every 500 cubic feet of air space.

15. *Water Supply*—Water supply on these dairies should be examined and certified to by the Department of Public Health in accordance with Treasury standard of the U. S. Government.

16. *Communicable Disease*—Any cases of communicable disease occurring in the families of the milkers or employees should be reported immediately to the Department of Public Health.

17. Pooled samples of raw milk should be taken from each producer, preferably once a week and examined by laboratory methods, the technique of which must be approved by the Director of Public Health, for germs of the streptococcus hemolyticus group, beta types. The isolation of such organisms under these approved laboratory methods, whether they be of a bovine or a human type, should mean the prompt shut-off of this milk supply, or its pasteurization until complete field and laboratory investigations can be made of each individual cow and each milk handler.

Pasteurization is an additional safeguard. It means heating of clean milk to 140-145 degrees F., preferably the latter, for thirty minutes. It does not change the healthful and nutritional quality of the milk, except in that the anti-scorbutic Vitamin C may be affected. This is, however, of no consequence since the presence of this vitamin is a doubtful component of cow's milk, whether raw or pasteurized, and orange juice and tomato juice are always supplied as adjunct to any diet by every individual.

Sincerely,

J. C. GEIGER, M. D.
Director.

Action Deferred.

Thereupon, on motion of Supervisor Spaulding, the subject matter was *continued one week and made a Special Order for* 2:30, *Monday, March* 27, 1933.

Committee to Make Survey of Buildings in Earthquake Area, Los Angeles County—Emergency Ordinance.

(Code No. 9.05154)

On recommendation of Public Buildings and Lands Committee.

Bill No. 274, Ordinance No. 9.051, as follows:

Authorizing certain officials of the City and County of San Francisco and employees thereof to visit the earthquake area in the County of Los Angeles for the purpose of making a study as to earthquake stresses which will be made part of the regulations contained in the Building Code of the City and County of San Francisco now in course

of preparation and making an appropriation for said purpose and declaring this ordinance to be an emergency measure.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That the Mayor be and is hereby respectfully requested to appoint a committee consisting of eight members, composed of the Chief Building Inspector of the City and County, the City Engineer, the Chief Engineer of the Fire Department and four other reputable building and engineering experts, and also one member of the Board of Supervisors, to visit the earthquake area in the County of Los Angeles, and make a survey and such investigation as may be deemed proper for the purpose of ascertaining the particular character and kind of construction of buildings which have best withstood the recent earthquake disturbance, to the end that proper provision may be made in the Building Code of the City and County of San Francisco for the purpose of providing against damage from earthquake shock, and to report its findings and recommendations to the Board of Supervisors of the City and County of San Francisco.

Section 2. There is hereby appropriated from the Emergency Reserve Fund the sum of seven hundred and fifty dollars ($750) to cover the expense of said officers and employees hereinbefore mentioned.

Section 3. It is hereby declared that the immediate passage of this ordinance constitutes an emergency within the provision of Section 16 of the Charter, said emergency being as follows: That the immediate passage of this ordinance is necessary for the purpose of protecting the property, health and safety of the people of the City and County of San Francisco in this, that if the said investigation herein requested to be made cannot be made at once it will be impossible to make same and it will be impossible for the persons requested to make said investigation to ascertain what particular character of construction has best withstood the earthquake shocks in Los Angeles County; and therefore, the Board of Supervisors by a vote hereinafter set forth, does hereby declare that the emergency herein mentioned does actually exist and that this ordinance shall be passed without reference to or report from committee and without two readings and votes from separate meetings; and that this ordinance shall become effective immediately upon its passage.

I, the undersigned, Mayor of the City and County of San Francisco, request that the above mentioned appropriation be made.

ANGELO J. ROSSI, Mayor.

Appropriation is approved.

Providing for Collection of Fees for Issuance of Building Permits. (Code No. 3.041)

On recommendation of Public Buildings and Lands Committee.

Bill No. 275, Ordinance No. 3.04120, as follows:

An ordinance providing for the collection of fees by the Department of Public Works upon the issuance of building permits, and for permits for moving of building, or for construction or alteration of billboard, or for the erection, installation or alteration of patent chimney.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The applicant or applicants for a building permit shall pay the Department of Public Works for expenses of inspection and examination of the building and plans and specifications as specified in Ordinance No. 1008 (N. S.) the sum of four ($4) dollars if the

estimated cost of said building, structure, alteration or improvement shall be five hundred ($500) dollars or less; the sum of five ($5) dollars if the estimated cost of said building, structure, alteration or improvement shall be more than five hundred ($500) dollars and less than one thousand ($1,000) dollars; and if the estimated cost of said building, structure, alteration or improvement shall exceed one thousand ($1,000) dollars, then the sum of five ($5) dollars for each one thousand ($1,000) dollars of the estimated cost or fraction thereof up to twenty thousand ($20,000) dollars, and ninety (90c) cents for each one thousand ($1,000) dollars or fraction thereof of the estimated cost above twenty thousand ($20,000) dollars.

Section 2. The applicant or applicants for the following permits shall pay the Department of Public Works for expenses in investigation of conditions and inspection of operations in connection with the same, fees as follows:

Permit for moving building.....$2.00
Permit for construction or alteration of billboard..... 2.00
Permit for erection, installation or alteration of patent chimney.. 2.00

Section 3. Any person, firm or corporation engaged in the erection, installation or alteration of patent chimneys may, as an option and in lieu of the above required fee and permit, pay an annual fee of three hundred ($300) dollars to the Central Permit Bureau, which Bureau shall then issue to the person, firm or corporation having paid such fee an annual permit for the erection, installation or alteration of such chimney or chimneys; provided, however, that the holder of such annual permit shall notify the Bureau of Building Inspection, on forms supplied by said Bureau, at least twenty-four (24) hours before the erection, installation or alteration of any patent chimney or chimneys of the intention to erect, install or alter such chimney or chimneys; and provided further that failure to file such notice shall be sufficient grounds for cancelling said permit.

EXPLANATORY

This proposed ordinance amends Ordinance No. 3.0417, *entitled, "Providing for the Collection of Fees by the Department of Public Works Upon the Issuance of Building Permits, and for Permits for Moving of Building, or for Construction or Alteration of Billboard, or for the Erection or Alteration of Patent Chimney"; and repeals Section* 55 *of Ordinance No.* 5132 (*N. S.*) *in effect July* 1, 1920, *entitled, "Imposing License Taxes on Certain Businesses, Callings, Trades or Employments Within the City and County of San Francisco." It is necessary so that the department forced to bear the burden and expense of inspection receives credit for the fees charged.*

Eliminating Minimum Charge for Extra Passengers in Taxicabs.
(Code No. 11.0111)

The following recommendation of the Committee on Fire, Safety and Police was taken up:

Bill No. 281, Ordinance No. 11.01112, as follows:

Amending Ordinance No. 9029 (New Series), entitled "Amending Section 22, fixing rates for sightseeing cars," and 24, setting maximum and minimum rates to be charged by taxicabs, of Ordinance No. 6979 (New Series), entitled "Regulating the use of taxicabs, automobiles and public vehicles for hire, fixing the rate to be charged for the transportation of persons and personal baggage, regulating the use of boats in the waters of the bay, providing a punishment for any violation thereof, and repealing Ordinance No. 1898 (New Series)," by eliminating minimum charge for extra passengers in Section 1 thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1 of Ordinance No. 9029 (New Series), the title of which is recited above, is hereby amended to read as follows:

Section 1. Sections 22 and 24 of Ordinance No. 6979 (New Series), the title to which is recited above, are hereby amended to read as follows:

Section 22. *Rates for Sightseeing Cars.* Sightseeing buses, as defined in Ordinance No. 5118 (New Series), as amended, shall not charge more than one dollar and fifty cents per passenger per trip of not less than two hours' duration, and not more than two dollars and fifty cents per passenger per trip of not less than three hours' duration; and shall follow the route as designated or advertised by the owner or driver thereof.

Section 24. *Charges for Taxicabs.* No person, firm or corporation owning, operating or controlling any motor vehicle operated as a taxicab shall charge other maximum or minimum fares than in this section provided:

Maximum Rates.

(a) The maximum rate of fare is 25 cents for the first one-quarter mile or "flag"; ten (10) cents for each additional one-fifth (1-5) mile; ten (10) cents for each two minutes waiting time; and twenty-five (25) cents for each additional passenger over one.

Minimum Rates.

(b) The minimum rate of fare is fifteen (15) cents for the first one-quarter (¼) mile or "flag"; ten (10) cents for each additional two-fifths (2-5) mile; ten (10) cents for each two and one-half (2½) minutes waiting time.

Supervisor Stanton explained that the only change in the ordinance is the elimination of the 10c charge for extra passengers of taxicabs.

Supervisor Havenner asked for a vote on the amendment, which he favored, as well as on the ordinance itself, which he opposed.

There being no objection, the roll was called on the amendment as above stated, with the following result:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Spaulding, Stanton—14.
Absent—Supervisor Shannon—1.

Whereupon, the roll was called on Bill No. 281 and the same was *passed for second reading* by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Hayden, Miles, Peyser, Power, Roncovieri, Spaulding, Stanton—12.
Noes—Supervisors Havenner, McSheehy—2.
Absent—Supervisor Shannon—1.

Action Deferred.

The following recommendation of Committee on Fire, Safety and Police was *laid over one week*:

Amending Section 6 of Ordinance No. 11.01111 as to Subdivision (b) Thereof, By Designating Cash Reserves for Self Insurers. (Code No. 11.0111)

On motion of Supervisor Peyser.

Bill No. 284, Ordinance No. 11.01113, as follows:

Amending Subdivision (b) of Section 6 of Ordinance No. 11.01111 entitled, "Providing for the issuance of certificate of public convenience and necessity, in connection with the issuance of licenses and permits for the operation of motor vehicles engaged in the business of or used for transporting passengers for hire, and providing a penalty for any violation thereof, and repealing Ordinance No. 9045 (New Series)," by designating cash reserves for self insurers.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Subdivision (b) of Section 6 of Ordinance No. 11.01111, the title of which is recited above, is hereby amended to read as follows:

Section 6. Unless otherwise provided by ordinance, no person, firm or corporation, after the date of the passage of this ordinance, shall operate any motor vehicle for hire unless and until such person, firm or corporation shall

(a) File with the Police Commission and thereafter keep in full force and effect a policy of insurance or bond in such form as the commission may deem proper, and executed by a surety or sureties approved by the said commission, insuring the public against any loss or damage that may result to any person or property from the operation of such vehicle or vehicles; provided, the minimum amount of recovery in such policy of insurance or bond specified shall not be less than the following sums, i. e.:

For the injury to any one person or the death of any one person in any one accident, $5,000.

For the injury to two or more persons or the death of two or more persons in any one accident, $10,000.

For the injury or destruction of property in any one accident, $500.

Provided, however, that for vehicles having a seating capacity of more than ten persons the limit of liability for death or injury in any one accident shall be $20,000, instead of $10,000, as hereinabove specified.

Provided, however, that such person, firm or corporation may, in lieu of the aforesaid policy or liability insurance, file with said commission a bond in such form as the commission may deem proper, executed by a responsible and solvent corporation authorized to conduct a bonding insurance business under the laws of the State of California, which bond shall be conditioned for the payment of all final judgments which may be rendered against any such person, firm or corporation, for damages on account of injuries to property or person, including both passengers and the public, occasioned by the operation of any such motor vehicle described in Section 1 hereof, and which bond shall be in an amount graduated according to the number of motor vehicles owned or offered for hire, according to the following scale:

Where such persons, firm or corporation owns or offers for hire only one such motor vehicle, said bond shall be in the sum of $10,500.

Where such person, firm or corporation owns or offers for hire more than one but less than six such motor vehicles, said bond shall be in the sum of $25,000.

Where such person, firm or corporation owns or offers for hire more than five but less than twenty-one such motor vehicles, said bond shall be in the sum of $50,000.

Where such person, firm or corporation owns or offers for hire more than twenty but less than sixty-one such motor vehicles, said bond shall be in the sum of $75,000.

Where such person, firm or corporation owns or offers for hire more than sixty but less than one hundred and one such vehicles, said bond shall be in the sum of $100,000.

Where such person, firm or corporation owns or offers for hire more than one hundred such motor vehicles, said bond shall be in the sum of $125,000.

Provided, however, that for vehicles described in Section 1 hereof, having a capacity of more than ten person, said bond shall be in a sum double that prescribed in the above graduated scale.

In the event of the return unsatisfied of any execution issued on any final judgment from which an appeal may be taken without bond, rendered against any such person, firm or corporation in any suit for damages on account of injury to person or property occasioned by the operation of any such motor vehicle, such person, firm or corporation shall, within ten (10) days after the return of such execution unsatisfied (provided said judgment is still unpaid), increase the amount of his bond by the amount of such judgment, and failing to do so shall forthwith cease the operation of motor vehicles in San Francisco until such additional bond is deposited or said judgment is paid.

All policies or bonds shall contain a provision for a continuing liability thereunder up to the full amount of the penalty thereof, notwithstanding any recovery thereon.

(b) *Provided, that any association or organization of owners of vehicles for hire, as specified in this ordinance which shows a cash reserve on March* 15, 1933, *of* $23,600, *and thereafter shows an annual increase of* $700 *until the sum of* $25,000 *shall have accrued, and at all times thereafter cash reserve in said organizations is the sum of* $25,000, *shall be deemed a compliance with the provisions of this ordinance. Said reserve as herein provided for shall be used for the purpose of satisfying and liquidating claims for damages to persons and property arising out of the negligence of the operators of said association, and shall be subject to execution in satisfaction of final judgment rendered against any operator or member of said organization or association after execution has been levied and returned unsatisfied against a member of said organization on a judgment arising out of the negligent operation of a member's automobile, and such organization or association shall on the* 15*th day of each month, after March* 15, 1933, *advise the Police Commission the amount of such reserve, and where the same is on deposit.*

Provided, however, that any policy of insurance or bond heretofore filed with and approved by the Board of Supervisors pursuant to Ordinance No. 9045 (New Series), shall be deemed a compliance with the provisions hereof, and the Board of Supervisors shall within five days after the effective date of this ordinance, transmit all such policies of insurance and/or bonds to the Police Commission.

It shall be unlawful for any owner to operate or cause to be operated any vehicle without having a policy or bond as described in this section in full force and effect at all times during the operation of such vehicle.

Report of Chief Administrative Officer on Methods of Garbage Disposal in Seattle, Portland, Etc.

The following was read, ordered *referred to Health Committee and copies sent to members*:

March 20, 1933.

To the Honorable, the Mayor and Board of Supervisors, San Francisco, California.

Gentlemen: Pursuant to the policy of investigating thoroughly the subject of garbage disposal in other Pacific Coast cities, before recommending a final solution of our own problem, I spent the last week in investigating the situation in Portland, Seattle, Spokane, Victoria and Vancouver.

The detailed results of my investigation will be included in the report to be submitted to the Board of Supervisors within the next two weeks.

A brief summary of my findings is as follows:

Portland—The recently completed incinerator, constructed under plans and specifications prepared by the City Engineer of Portland, was tested from October 4, 1932, to December 6, 1932, and found by the City Engineer to comply with all specifications. The contract was accepted by the City Council on December 20, 1932, and the D-N Corporation, the contractor who built the incinerator, paid in full on that date.

The plant is now being operated only to sufficient capacity to keep one furnace hot, and practically all of Portland's garbage is being disposed of by the fill and cover method, although the City Engineer assured me that this would be in effect only long enough to complete the fill on some city property which it is desired to reclaim and enhance its value.

Seattle—Two incinerators have been abandoned in Seattle and fill and cover is being carried out successfully.

Vancouver—One incinerator is in partial operation, but only garbage from a very restricted area is burned. Most of the garbage is disposed of by the fill and cover method.

Victoria, B. C.—All of the garbage is disposed of by loading on barges and dumping at sea.

Spokane—An incinerator was completed two years ago, but only 8% of the city's garbage is consumed therein. The remainder is disposed of by fill and cover.

On the basis of my investigations, while the Portland and Seattle incinerators could, in all probability, be operated without grave nuisance, the fact remains that the great bulk of garbage is disposed of by fill and cover, despite the fact that modern plants have recently been erected in these cities. It is also to be noted that wherever incineration is in effect to even a very limited extent, the two-can system of collection is also deemed necessary and in effect.

Within two weeks I shall submit a complete and detailed report of my investigation with cost data, together with a recommendation as to the policy which, I believe, San Francisco should adopt.

Respectfully submitted,

ALFRED J. CLEARY,
Chief Administrative Officer.

Proposed Zoning Change—Laundries.

Communication from Wesley McKenzie, president Central Council of Improvement Clubs, and on behalf of various other organizations requesting favorable consideration of proposed amendment to the zoning ordinance, with particular reference to operation of laundries.

Also, communication from Lafayette Club, Inc., opposing indiscriminate granting of permits to open laundries in competition with old established firms.

Letter of Thanks.

The following was presented and read by the Clerk:

March 17, 1933.

Board of Supervisors, City and County of San Francisco, 235 City Hall, San Francisco, California.

Gentlemen: In behalf of the citizens of Los Angeles, I thank you for your kind message of sympathy and your generous offer of assistance in our recent earthquake disaster.

Our people have shown remarkable courage and endurance, and I am glad to say that the work of relief and reconstruction is well

organized, and everything possible is being done throughout all the stricken areas.

Again thanking you, and with best wishes,

Sincerely,

JOHN C. PORTER,
Mayor.

Bonding City Employees.

Supervisor Gallagher gave notice that next Monday he would call up the ordinance presented by him, and referred to the Municipal Personnel Committee, relative to the bonding of City employees, same being over thirty days in committee.

The Clerk was, on motion, directed to communicate with the City Attorney and request that he have his opinion on the subject matter ready for the committee meeting on Friday.

Preference in City Employment to Unemployed Taxpayers.

On motion of Supervisor Havenner, a representative of unemployed property owners was heard in reference to giving preference in City employment to property owners unable to pay taxes on account of unemployment.

Referred to Public Welfare Committee.

Hearing on Approval of Plans, Etc.—San Francisco-Oakland Bay Bridge.

Supervisor Havenner declared that the special committee appointed by the Mayor to deal with the problem of approaches to the San Francisco-Oakland Bay Bridge met Thursday to consider a resolution of endorsement of the plans of the approaches and terminal of the bridge in San Francisco County. The committee decided to recommend to the Board the adoption of the resolution. It will be necessary to hold the hearing on this matter immediately and I *move* that today we recess to meet again tomorrow at 10:30 a. m. for such hearing.

Motion *carried.*

Recess.

Thereupon, the Board of Supervisors took a recess until to-morrow at 10:30 a. m.

J. S. DUNNIGAN,
Clerk.

Approved by the Board of Supervisors March 27, 1933.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John S. Dunnigan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated and approved as recited.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Breyer, Canepa, Gallagher, Havenner, Hayden, Peyser, Power, Roncovieri, Spaulding, Stanton—10.

Absent—Supervisors Brown, Colman, McSheehy, Miles, Shannon—5.

Quorum present.

His Honor President Hayden presiding.

Approving a Map Showing Route of Proposed State Highways in the City and County of San Francisco Connecting With the San Francisco-Oakland Bay Bridge, and the Construction of Such Proposed State Highways by the State of California; and Directing That a Copy of Map Showing the Location of the Approaches to Said Bridge and the Location of the Proposed State Highways Connecting With Said Bridge Be Filed With the Director of Public Works, and That the Chief Administrative Officer Be Requested to Cause Said Map to Be so Filed; and Expressing on the Part of the Board of Supervisors Their Desire to Fully Cooperate in Every Way in Expediting the Early Completion of Said Bridge.

(Code No. 11.112)

Supervisor Havenner presented for the Streets and Citizens' Committee on Bridge Approaches:

Resolution No. 693, as follows:

Approving a map showing route of proposed State Highways in the City and County of San Francisco connecting with the San Francisco-Oakland Bay Bridge, and the construction of such proposed State Highways by the State of California; and directing that a copy of map showing the location of the approaches to said bridge and the location of the proposed State Highways connecting with said bridge be filed with the Director of Public Works, and that the Chief Administrative Officer be requested to cause said map to be so filed; and expressing on the part of the Board of Supervisors their desire to fully cooperate in every way in expediting the early completion of said bridge.

Resolved, That the Board of Supervisors of the City and County of San Francisco hereby ratifies and approves that certain map showing the terminus of the San Francisco-Oakland Bay Bridge in the City and County of San Francisco and the location of certain proposed State Highways connecting with said Bay Bridge, which said map is entitled "Map of Approaches to San Francisco-Oakland Bay Bridge —San Francisco Section," and approved by the California State Highway Commission on February 28, 1933; and does also ratify and approve the routes and plans designated on said map for the proposed State Highways within the City and County of San Francisco to lead

to and upon said bridge; and does hereby further approve the construction by the State of California of such portion of said highways as are within the City and County of San Francisco; and be it

Further Resolved, That a copy of said map be placed on file in the office of the City Engineer in the Department of Public Works, and the Chief Administrative Officer is hereby directed to cause a copy of said map to be so filed; and be it

Further Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby express to California Toll Bridge Authority and to the State Department of Public Works its desire to fully cooperate with both of said departments in their respective efforts to complete said bridge and said State Highways connecting therewith at the earliest possible date.

Privilege of the Floor.

Mr. Woodruff, Chief of Design, State Engineering Department, was granted the privilege of the floor and heard in explanation of plans of San Francisco bridge approaches on exhibition in the chambers for public inspection. He explained at length to enquiring citizens and property owners the intent and effect of the proposed operations.

Adopted.

Whereupon, the foregoing resolution was, on motion of Supervisor Havenner, *adopted* by the following vote:

Absent—Supervisors Brown, Colman, McSheehy, Miles, Shannon—5.

Status of Federal Building at Civic Center.
(Code No. 5.2)

Supervisor Canepa presented:

Resolution No. 708, as follows:

Whereas, it is customary, in connection with Federal construction work, to award the contract to the lowest bidder within ten days after the receipt of bids; and

Whereas, bids were received for the construction of the new Federal Building in the Civic Center of the City and County of San Francisco, more than ten days ago; and

Whereas, the contract for this work has not yet been awarded; and

Whereas, the City and County of San Francisco was put to considerable expense through litigation and purchase of property in connection with the site which was donated for the purpose of erecting a Federal Building in the Civic Center; and

Whereas, the site for the proposed Federal Building presents a most unattractive appearance in its present condition and constitutes a potential menace to traffic and pedestrians; and

Whereas, San Francisco building labor is sorely in need of the stimulation which the immediate construction of this building would supply; now, therefore, be it

Resolved, That the Clerk of this Board be instructed to communicate with Senators Johnson and McAdoo as well as Representatives Kahn and Welch in an effort to determine the status of the contract for this work, and further, to prevail upon them to exert their best influence to the end that the commencement of this project may be expedited all possible.

Referred to Public Buildings and Land Committee.

ADJOURNMENT.

There being no further business the Board, at the hour of 11:45 a. m., adjourned.

J. S. DUNNIGAN, Clerk.

His Honor President Hayden presiding.

APPROVAL OF JOURNAL.

The Journal of Proceedings of March 20, 1933, was considered read and approved.

SPECIAL ORDER—2:30 P. M.

Milk Ordinance.

(Code No. ——)

Bill No. ————, Ordinance No. ————, as follows:

Regulating all traffic in milk, cream and milk food products, the production, handling, processing, distribution, labeling, sale and offering for sale in the City and County of San Francisco of milk, cream and milk food products; providing for the issuance and revocation of permits therefor; fixing standards and definitions for milk, cream and milk food products; providing for inspection of all premises used in the production, handling, distributing, processing, sale or offering for sale of milk, cream and milk food products in said City and County; enforcing the tuberculin testing of all dairy cattle producing milk for consumption in said City and County; providing for the examination of all employees engaged in the production and processing of milk, cream and milk food products; authorizing the Director of Public Health of the City and County of San Francisco to enforce the provisions of this ordinance, and providing penalties for the violation thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Director of Public Health of the City and County of San Francisco is hereby authorized to regulate and control the production of and the traffic in milk, cream and milk food products in the said City and County, and of all milk and cream produced in other counties for consumption in the City and County of San Francisco; to provide for the inspection of milk, cream and milk food products in said City and County and at such other places where milk is produced or handled for distribution or sale in said City and County, and to enforce the provisions of this ordinance.

Section 2. Wherever in the ordinance the following words, terms or names are used, they shall be construed as follows:

Subdivision 1. *Pasteurizing Plant*: Any plant or establishment where raw milk or cream is received for pasteurization, cooling or

processing, or in which raw milk or cream is pasteurized, cooled or processed, or from which milk or cream is delivered for distribution to the retail trade, is deemed to be a pasteurizing plant within the meaning of this ordinance.

Subdivision 2. *Dairy Farm*: Any place or premises upon which milk is produced for sale or distribution is a dairy farm within the meaning of this ordinance.

Subdivision 3. The word "person" as used in this ordinance shall be construed to mean both the singular and plural, as the case demands, and shall include individuals, corporations, companies, societies and associations. When construing and enforcing the provisions of this ordinance, the act, omission or failure of any employee, officer, agent or other person acting for or employed by any individual, corporation, company, society or association, within the scope of his employment or office, shall in every case also be deemed to be an act, omission or failure of such individual, corporation, company, society or association, as well as that of the person. The provisions of this ordinance shall be construed to apply to hotel keepers, restaurant keepers and boarding house keepers and any person who shall serve meals to the public.

Subdivision 4. *Score Card*: The official score card for pasteurizing plants and dairy farms shall be the score card adopted by the Director of Public Health and the minimum standard of rating shall be in accordance with said score card. *Provided that the minimum standard of rating shall not be less than that fixed by the Director of the Department of Agriculture.*

Subdivision 5. *Market Milk or Cream*: Wherever the terms market milk or cream are used in this ordinance they shall be construed to mean milk or cream in their natural fluid state, as prepared for human consumption, without being converted into any other form or product.

Subdivision 6. Milk is the fresh, clean, lacteal secretion obtained by the complete milking of one or more healthy cows properly fed and kept, excluding that obtained within 18 days before and 8 days after parturition, free from foreign substances detrimental to its quality or to the quality of the products prepared therefrom, and contains not less than three and four-tenths (3.4) per cent of milk fat and not less than eight and five-tenths (8.5) per cent of solids not fat. Nothing stated in this subdivision shall be construed as prohibiting the standardization of milk at a uniform fat content of not less than three and four-tenths (3.4) per cent of milk fat. In the standardization of Grade A pasteurized milk, the milk and cream used for the enrichment of said milk shall be of the same grade.

Subdivision 7. *Cream*: Cream is that portion of milk rich in milk fat, which rises to the surface of milk on standing, or is separated from it by centrifugal force, is fresh and clean, and contains not less than twenty (20) per cent of milk fat and not more than seven and eight-tenths (7.8) per cent of milk solids not fat in cream containing twenty (20) per cent of milk fat and correspondingly less solids for greater percentages of milk fat. Cream shall have been produced from nonreacting tuberculin tested cows, or shall be pasteurized and shall otherwise conform to the rules and regulations adopted by the Director of Public Health of the City and County of San Francisco. Cream for manufacturing purposes may be repasteurized not exceeding once.

Sour market cream is clean market cream which has been fermented by the action of one or more strains of lactic acid bacteria, so that the product contains a distinct acidity, but which otherwise conforms to all the requirements for market cream. This product may be sold under the designation "sour market cream."

Subdivision 8. *Ice Cream*: Ice cream is a frozen product made with pure, sweet milk, cream, skim milk, condensed milk, condensed skim milk, dried milk, dried skim milk, wholesome sweet butter made from sweet cream, pure milk fat, or any combination of any such products, with or without sweetening, and with or without the use of harmless flavoring and coloring, and containing not less than ten (10) per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Fruit Ice Cream: Fruit ice cream is ice cream which contains not less than eight per cent of milk fat and not less than three per cent by weight of clean, mature, sound fruit or the juice thereof, with or without the use of harmless flavoring and coloring and containing not more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Nut Ice Cream: Nut ice cream is ice cream which contains not less than eight per cent of milk fat and not less than one per cent by weight of sound, non-rancid nut meats, with or without the use of harmless flavoring and coloring and containing not more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

When sold by manufacturer, distributor or retailer, ice cream shall not contain non-pathogenic bacteria in excess of fifty thousand (50,000) per gram.

Subdivision 9. *Ice Milk*: Ice milk is a frozen product made with pure sweet milk, evaporated or condensed milk, evaporated or condensed skim milk, dry milk, dry skim milk, pure milk fat or wholesome sweet butter made from sweet cream, or any combination of such products, with or without sweetening, clean, wholesome eggs or egg products, and with or without the use of harmless flavoring and coloring. Ice milk shall contain not less than four per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin. Ice milk when sold by the manufacturer shall contain not more than 50,000 non-pathogenic bacteria per gram.

All containers of ice milk shall be conspicuously labeled and vehicles conveying ice milk for sale and places where ice milk is sold shall display a conspicuous sign containing the words "Ice Milk Sold Here" in letters not less than six inches high, and no person shall use the name "Ice Cream" in connection with the sale of ice milk therewith either orally or written.

Subdivision 10. French ice cream, French custard ice cream, cooked ice cream, ice custards, parfaits and all similar frozen products are varieties of ice cream which shall contain not less than ten per cent of milk fat and not less than five dozen of clean, wholesome egg yolks, or one and five-tenths pounds of wholesome, dry egg yolk containing not to exceed seven per cent of moisture, or three pounds of wholesome, frozen egg yolk containing not to exceed fifty-five per cent of moisture, or the equivalent of egg yolk in other form, for each ninety pounds of ice cream mix, and which shall otherwise conform to the regulations promulgated by the Director of Public Health.

French ice cream or custard ice cream shall not contain at the time of delivery to ultimate consumer more than 50,000 non-pathogenic bacteria per gram.

Subdivision 11. *Goat's Milk*: Goat's milk is the unadulterated, fresh, clean, lacteal secretion, free from colostrum, obtained by the complete milking of one or more healthy goats, properly fed and housed, free from tuberculosis and contagious abortion as determined by a veterinarian in the employ of the Department of Public Health or approved by the State Department of Agriculture. The rules and regulations governing the production, distribution, sale, handling and

pasteurization of goat's milk shall be the same as those set forth in this ordinance as governing the production, sale, handling, distribution and processing of cow's milk.

Subdivision 12. *Buttermilk*: Buttermilk is the product that remains when butter is removed from milk or cream in the process of churning and to which milk or cream no preservative or neutralizer has been added. Buttermilk to which water has been added is hereby declared adulterated and shall not be sold for human consumption.

Cultured buttermilk is pasteurized milk or pasteurized skim milk, or a combination thereof, with or without an admixture of buttermilk, which has been treated with special cultures of lactic acid bacteria, so that the product somewhat resembles buttermilk in appearance, composition and flavor. Cultured buttermilk must be so labeled as to distinguish it from natural buttermilk.

Subdivision 13. *Unlawful to Sell Skimmed Milk Not Properly Labeled*: It shall be unlawful for any person, firm or corporation to sell, exchange or deliver, or to offer for sale, exchange or delivery, or to cause or permit to be sold, exchanged or delivered, or to be offered for sale, exchange or delivery, or to have in possession for sale, exchange or delivery in the City and County of San Francisco any milk from which any part of the cream shall have been removed, or any skimmed milk, unless the same be offered for sale and sold as skimmed milk, or unless there shall be attached to the outside of every vessel, can or package from or in which such skimmed milk is sold or held for exchange or delivery, a tag upon which shall be printed in black letters at least one inch in height the word "skim" or the words "skimmed milk."

Skim milk shall contain less than 3 per cent of milk fat and not less than 8.8 per cent of solids not fat. Skim milk other than that used in manufacturing shall be pasteurized *and shall come from cows non-reacting to the tuberculin test* in accordance with the method set forth in this ordinance. Said pasteurized skim milk shall be labeled accordingly.

Milk or skim milk, properly pasteurized and combined with fruit or fruit juices, chocolate, chocolate syrups or other harmless syrups, with or without the addition of harmless colorings, may be used in the manufacture and sale of soft drinks under a trade name; provided said trade name does not contain the words "milk" or "cream" or any other word resembling milk or cream; and provided further, that said product shall be so colored or contain ingredients that cause it to look unlike milk or cream or any product thereof.

Subdivision 14. *Adulterated, Impure, Unhealthy and Unwholesome*: The terms adulterated, impure, unhealthy and unwholesome, when applied to milk, as used in this ordinance, mean:

First: Milk containing less than three and four-tenths (3.4) per cent of milk fat and less than eight and five-tenths (8.5) per cent of solids not fat.

Second: Milk drawn from cows within eighteen (18) days before or eight (8) days after parturition.

Third: Milk drawn from cows fed on unhealthful or unwholesome food.

Fourth: Milk drawn from cows kept in an unhealthy or insanitary condition, or from cows affected with any form of disease, or from cows which are supplied with impure or unwholesome water.

Fifth: Milk from which any part of the cream has been removed, *except skimmed milk.*

Sixth: Milk which has been diluted with water or with any other fluid, or to which has been added or into which has been introduced any foreign substance whatever, *except as permitted by this ordinance.*

Seventh: Milk drawn from cows that are in a state of filth and uncleanliness or by milkers who are themselves in a condition of filth and uncleanliness or otherwise physically unfit, *the determination of such fact or facts to be made by the Director of Public Health.*

Eighth: Any milk which is shown by analysis to contain any substances of any character not normal constituents of milk, or to have been deprived either wholly or in part of any constituent naturally or normally contained in milk, *except as permitted by this ordinance.*

Ninth: Any milk which has been processed in any insanitary pasteurizing plant, or produced on any insanitary dairy farm or factory of dairy products, or other insanitary place, or which has been handled in an insanitary manner.

Tenth: Milk from cows which have not passed the tuberculin test.

Milk which is adulterated, impure, unhealthy, or unwholesome as defined by this ordinance, shall not be sold for human consumption except as herein provided.

Section 3. *MILK FOR HUMAN CONSUMPTION IN THE CITY AND COUNTY OF SAN FRANCISCO:*

Subdivision 1. *Market milk for sale and distribution for human consumption in the City and County of San Francisco, shall consist of the following grades of milk: (a) certified milk, (b) guaranteed pasteurized milk, (c) Grade A pasteurized milk and (d) Grade B pasteurized milk, and no other milk, shall be sold, offered or exposed for sale, exchanged or delivered for human consumption within the City and County of San Francisco. Provided, that Grade B pasteurized milk shall be sold, offered or exposed for sale, delivered or exchanged only for cooking and baking purposes. Provided further, that nothing herein contained shall prevent the delivery and sale of Raw Guaranteed Milk, Raw Grade A Milk or Raw Grade B Milk to wholesalers or to pasteurization plants for the purpose of pasteurizing the same.*

Subdivision 2. *Certified Milk: Certified milk is market milk which conforms to the rules, regulations, methods and standards for the production and distribution of certified milk adopted by the American Association of Medical Milk Commissions and must bear the certification of the Milk Commission of the San Francisco County Medical Society. Certified milk must be the produce of a dairy herd that shall consist solely of cows which have passed the tuberculin test in the manner prescribed by said Milk Commission. It must not contain more than* 10,000 *non-pathogenic bacteria per milliliter of milk, which standard must be attained solely by measures directed towards cleanliness, proper cooling and prompt delivery. Certified milk must contain not less than three and five-tenths* (3.5) *per cent of milk fat and a minimum of solids not fat of eight and five-tenths* (8.5) *per cent. Certified milk must be handled and delivered in sealed containers and on ice within thirty hours after its production and in the manner directed by said Milk Commission. The dairy farm milk room, milkers and dairy utensils, etc., must all conform to the requirements of the said Milk Commission.*

Subdivision 3. *Guaranteed Milk Pasteurized: Guaranteed pasteurized milk shall conform to the following requirements as a minimum: The health of the cows shall be determined by physical examination at least once each month by an official representative of an approved milk inspection service and by a tuberculin test. It shall be produced on dairies which score not less than ninety per cent on the dairy farm score card adopted by the Department of Agriculture of the State of California. It must be delivered in containers having the pouring lip completely protected from contamination and shall be cooled immediately after being drawn from the cow to fifty degrees Fahrenheit or less, and so maintained until delivered for pasteurization, when it*

shall contain not more than fifteen thousand non-pathogenic bacteria per milliliter, and not less than three and one-half per cent of milk fat. It must be sold to the consumer within thirty hours after production and shall be labeled to indicate the date of sale to the consumer. All persons who come in contact with the raw guaranteed milk must exercise scrupulous cleanliness and must not be afflicted with any communicable disease or in a condition to disseminate the germs of typhoid fever, tuberculosis, diphtheria or other communicable disease liable to be conveyed by the milk. The absence of such germs in all such persons shall be determined by bacteriological and physical examination under the direction of the Department of Public Health of the City and County of San Francisco, conducted at the time of employment and every six months thereafter in a manner approved by the Department of Agriculture and the Director of Public Health. When pasteurized it shall contain not more than three thousand non-pathogenic bacteria per milliliter at the time of delivery to the consumer.

Guaranteed milk when raw shall be delivered in sterile containers to pasteurizing plants located in the City and County of San Francisco, to be there pasteurized and thereafter distributed in the manner provided by the regulation of the Director of Health of the City and County of San Francisco.

Subdivision 4. *Grade "A" Pasteurized Milk*: Grade "A" Pasteurized Milk shall conform to the following requirements: It shall be the produce of healthy cows as determined by physical examination at least once in two months by a veterinarian under the supervision of the Director of Public Health of the City and County of San Francisco and by the tuberculin test by such veterinarian, or by a veterinarian approved by the State Department of Agriculture, and from dairy farms scoring not less than 75 per cent on the score card approved by the Director of Public Health of the City and County of San Francisco. The tuberculin test must be repeated annually if no reacting animals are found in the herd. If reacting animals are found, they must be removed from the herd immediately and the tuberculin test repeated in six months, provided that in the first test the percentage of reacting animals found is less than 10 per cent of the herd. If the percentage of reactors found is greater than 10 per cent, the tuberculin test must be repeated in ninety days.

All cows are to be fed, watered, housed, and milked under conditions approved by the Director of Public Health.

All persons who come in contact with the milk must exercise scrupulous cleanliness and must not harbor the germs of typhoid fever, tuberculosis, diphtheria or other communicable diseases transmissible by milk. Absence of such diseases shall be determined by bacteriologic and physical examination to the satisfaction of the Director of Public Health.

Grade "A" Raw Milk from the dairy farm shall be delivered in sterile containers to the pasteurizing plants located in the City and County of San Francisco, and is to be kept at a temperature of fifty degrees Fahrenheit, or below, until it reaches the pasteurizing plant when it must not contain more than one hundred and fifty thousand (150,000) non-pathogenic bacteria per milliliter and rapidly cooled after pasteurization to a temperature of fifty (50) degrees Fahrenheit or below, and so maintained to the time of delivery to the ultimate consumer.

Grade "A" Pasteurized Milk must not contain more than fifteen thousand (15,000) non-pathogenic bacteria per milliliter at the time of delivery to the ultimate consumer.

Subdivision 5. *Grade "B" Pasteurized Milk*: *Grade "B" Pasteurized milk is market milk which shall conform to the following requirements as a minimum*:

The health of the cows shall be determined by physical examination at least once in six months by a veterinarian in the employ of the Director of Public Health. Grade "B" Pasteurized milk shall be produced on dairy farms that score not less than sixty-five (65) per cent on the dairy farm score card adopted by the Director of Public Health. It shall always be pasteurized and shall contain not more than one million (1,000,000) bacteria per milliliter before pasteurization and not more than fifty thousand (50,000) bacteria per milliliter at the time of delivery to the consumer. Grade "B" Pasteurized Milk shall be sold only in cans to the wholesale trade to be used for cooking and baking purposes; provided, however, that this latter provision shall not apply to Grade B Cream.

Grade "B" Raw Milk shall be delivered to the pasteurizing plants in the City and County of San Francisco and pasteurized in the same manner as in this ordinance is provided for Grade "A" raw milk.

Subdivision 6. *Manufacturing Milk: Manufacturing milk is such milk as is not fit for human consumption as milk, and may be sold and used in the City and County of San Francisco only under such regulation as the Director of Public Health may provide, and if used for the manufacturing of foodstuffs, provided that in the manufacture of said foodstuffs, or immediately prior thereto, said milk is subjected to a temperature of* 145 *degrees Fahrenheit for thirty consecutive minutes, and provided further, that for every degree above* 145 *degrees Fahrenheit to which said milk is heated, the time during which said temperature must be maintained may be decreased by one minute. The time for maintaining such temperature shall in no case be less than five minutes, except for milk that is re-pasteurized. Re-pasteurized milk shall not be sold as market milk.*

Milk not suitable for human consumption may be sold for industrial purposes, provided it is heated to a higher temperature than necessary for pasteurization, and delivered in a distinctive container plainly marked with the word "Not suitable for human consumption" in letters not less than one-quarter inch in length and one-twelfth stroke. Such milk must not be transported on a vehicle carrying milk for human consumption.

Subdivision 7. *Method of Pasteurization*: Pasteurizing milk consists of the heating of every portion of the milk to not less than one hundred and forty (140) degrees Fahrenheit nor more than one hundred and forty-five (145) degrees Fahrenheit and maintaining same at that temperature for thirty (30) minutes, and immediately cooling thereafter to a temperature of fifty (50) degrees Fahrenheit.

All milk except certified milk intended for human consumption in San Francisco shall be pasteurized in San Francisco in accordance with the method set forth herein.

Each pasteurizing plant shall be equipped with a sufficient number of self-registering devices to accurately record the temperature to which and the length of time for which the pasteurized product has been heated. Such record shall be kept for two months and be available for inspection by the Director of the State Department of Agriculture or any of his agents, *and also by the Director of Public Health or his representative.*

Subdivision 8. *The class or grade of all milk or cream sold, offered, or exposed for sale, delivered or exchanged, in the City and County of San Francisco, and the name and address of the producer or distributor, shall at all times appear plainly and in a conspicuous place, or be securely attached to every bottle, cap, can or container, in which said milk is contained, in capital letters not less than one-eighth inch high and one-sixteenth of an inch wide. Milk not fit for human consumption shall be so marked.*

Subdivision 9. All utensils, equipment and apparatus used in the production, handling and processing of milk, cream and milk food

products shall be thoroughly cleaned and sterilized each time after using, and shall be so constructed that all parts are free from spaces not easily cleanable and each surface coming in contact with the milk and cream is smooth and free from rust.

Subdivision 10. *No Person Shall Bring Into the City, Sell or Offer for Sale any Impure, Adulterated or Unwholesome Milk*: It shall be unlawful for any person, firm or corporation, by themselves or by their agents, servants or employees, to bring, or cause to be brought within, sell, offer for sale, exchange, deliver, distribute or have in his, its or their possession with intent to sell, expose or offer for sale or exchange or to distribute for human consumption, within the City and County of San Francisco, any impure, adulterated, unhealthy or unwholesome milk, except as provided by this ordinance.

Subdivision 11. *Persons Suffering from Communicable Disease*: No person suffering from a communicable disease, or who is a "contact," or who has been recently exposed to any contagious or infectious disease, shall be permitted to milk cows, handle milk or milk utensils in any pasteurizing or processing plant or upon any dairy farm, nor shall any milk be brought into, sold or offered for sale from any dairy farm, when a contagious or infectious disease exists on said dairy farm, until such time as said premises have been inspected and declared in writing free of contagion by an authorized employee of the Department of Public Health of the City and County of San Francisco.

Subdivision 12. *Methods of Serving Milk*: When served in any hotel, boarding house, lunch counter, restaurant or other place of public entertainment, market milk shall be served in the original bottle in sizes ½ pints, pints and quarts only, the cap of which shall not be removed except in the presence of the customer or patron; provided, however, that this provision shall not apply to cream so served.

The bottling of all milk except certified milk is prohibited except in regularly approved and authorized pasteurizing plants.

It shall be unlawful for any person, firm or corporation to sell, exchange, offer or expose for sale or exchange, or have on hand for sale or exchange or serve in any hotel, boarding house, restaurant, saloon, lunch counter or other place of public entertainment any milk or cream to which any gelatin or other substance, except as provided in the general dairy law of California, has been added to increase the consistency of such milk or cream so as to make it appear richer or of better quality; provided, however, that nothing in this ordinance shall be construed as prohibiting the standardization of milk and cream as provided in this ordinance.

Subdivision 13. All grocery stores, delicatessens and other retail establishments handling milk for human consumption must have, in addition to all other sanitary appurtenances, an ice chest of sufficient capacity to hold the amount of milk handled in said premises, and said ice chest must be properly drained in accordance with the plumbing ordinances of the City and County, and must at all times have a capacity of ice or refrigeration which will maintain a temperature under 50 degrees Fahrenheit within said chest.

If grades, market cream of any grade shall conform to all the standards set for market milk of the same grade, except that the maximum bacterial count for cream shall be not more than three times as great as that of the corresponding grade of milk.

Section 4:

Subdivision 1. *Permits Required by Vendors of Milk*: No person, firm or corporation by themselves, or through their agents, servants or employees, shall produce, ship or send into, bring into, or offer for sale, or expose for sale, or sell or deliver for distribution, sale, use or consumption within the City and County of San Francisco, any

milk without first having obtained from the Director of Public Health of the City and County of San Francisco a permit so to do. One permit shall be required for each dairy, dairy farm or place of general sale or storage of milk, but no permit shall be granted to anyone where raw milk is received at a central cooling station or plant outside the City and County of San Francisco which handles more than one grade of milk, or where other milk products are made or handled.

No permit to ship or transport raw milk into the City and County of San Francisco from any central cooling plant outside the City and County shall be granted unless said milk so cooled and shipped or transported comes from dairy farms scoring at least seventy-five per cent, and otherwise complying with the provisions of this ordinance, and unless said cooling plant is constructed and maintained in accordance with plans and specifications approved by the Director of Public Health and said milk is handled as required by this ordinance.

Subdivision 2. In order to procure permits required by this ordinance the applicant shall present to said Director of Public Health a written application, and shall state therein the name and business and residence address of the applicant or applicants, the source or sources from which said applicant or applicants obtain or will obtain supplies of milk, the number of cows in the possession of such applicant, the average quantity of milk procured, produced or handled, and the average quantity disposed of by said applicant, and the manner and character of such disposition, and such other matters as may be required by the Director of Public Health, such application to be made to the said Director of Public Health upon printed blanks to be provided by the Director of Public Health for such purpose. Such application shall further state the specific brand or business name, if any, under which such milk is to be imported, sold, exchanged or distributed.

Subdivision 3. If the Director of Public Health, upon such investigation and inspection as he may make, shall determine that the statements therein made are true, and that the applicant does not intend to bring into, sell, expose, or offer for sale, exchange, deliver or distribute, within the City and County of San Francisco, any unwholesome milk as food for any human being, and that the production, transportation, storage and handling of the same is to be under sanitary conditions and in conformity with the regulations adopted as a part of this ordinance, he shall issue the appropriate permit therefor according to the nature of the business to be transacted or conducted by the applicant.

Subdivision 4. No permits shall be sold or assigned or transferred. Permits shall be subject at all times to revocation by said Director of Public Health in his discretion upon sufficient cause therefor shown; provided, however, that no such permit shall be revoked until after a hearing given by the Director of Public Health in the matter of the revocation of such permit after five (5) days' notice in writing has been served on the owner of such permit, which said notice shall be given to said owner or holder of said permit by mailing said notice by registered mail addressed to his place of residence or business as the same appears on said permit or on the records of the Department of Public Health, which notice shall state the ground of complaint against such owner and the time and place where such hearing shall take place; provided, however, that when the holder of any permit shall have been convicted in any court of any violation of this ordinance by any law relating to the production, transportation, storage, sale or distribution of milk, such permit may be revoked without notice.

Subdivision 5. *Procedure to Follow for Renewal of a Permit Revoked for Cause*: When a permit shall have been revoked by the Director of Public Health, no further permit shall be granted by said Director to the same person, firm or corporation until he, they or it shall file with said Director a bond in the sum of five hundred (500) dollars

with two (2) sureties approved by the Director of Public Health, conditioned for the faithful observance of all the regulations of the law and of said Director of Public Health relating to production, importation, sale, delivery and distribution of milk.

Subdivision 6. As often as required, and at least once each year, every person or persons, firm or corporation maintaining a pasteurizing plant or dairy farm in, or bringing milk into the City and County of San Francisco and holding a permit so to do, shall furnish the Director of Public Health a full and true statement of the sources and amounts of the supply of the milk imported, sold or distributed by him or them, with the names and addresses of the persons from whom the same is obtained and the amount from each source, and such other information as is required by applicants for permits as hereinbefore provided, and all applications for permits, and all such written statements required as aforesaid, shall be registered by the said Director of Public Health.

Subdivision 7. *Official Number of Permits*: When a permit is granted, the Director of Public Health will give the holder thereof an official number, and this number shall be used to mark the products of the pasteurizing plant or dairy farm as hereinafter prescribed.

Subdivision 8. *More Than One Dairy or Dairy Farm Under the Same Ownership or Control*: Two or more pasteurizing plants or dairy farms under the same ownership or control may use the same permit numbers, provided a serial letter is added in each case to designate the pasteurizing plant or dairy farm, and to enable its products to be identified.

Subdivision 9. *Names on Wagons*: All automobiles, motor trucks or other vehicles from which market milk, cream, butter, ice cream, buttermilk or ice milk are sold, marketed, delivered, or peddled, shall have the name and address of the owner and permit number plainly painted thereon in letters at least three inches high, and one and a half inches wide, on both sides of such vehicles, or if such milk is sold or exposed or offered for sale, delivery, distribution, or exchanged within a store or house, then such permit number shall also be constantly exposed in some conspicuous manner at the place wherever such milk is sold, or kept, so as to be plainly apparent.

Subdivision 10. *Rule Governing Renewal of Permit*: Any applicant receiving and holding a permit such as is herein set forth, shall make application for the renewal of the same between January 1st and January 15th of each year, and said permit shall be renewed, provided the applicant complies and conforms to all of the provisions as set forth in this ordinance.

Section 5. In order to carry out the purposes and provisions of this ordinance, the said Director of Public Health and all his officers, agents and employees shall have the right at any time and at all times to enter upon or into the premises of any producer or vendor or distributor of milk authorized under the provisions of this ordinance, and any refusal upon the part of such producer, vendor or distributor to allow such entry and such inspection as may be required and directed by the said Director of Public Health may be punished by the revocation of the permit of such producer, distributor or vendor by the said Director of Public Health.

Section 6. The Director of Public Health and all his officers, agents and employees shall have the right and it shall be their duty to enter and have full access, egress and ingress to all places where milk is stored and kept for sale, and to all automobiles, motor trucks or other vehicles, railroad cars, steamboats, or conveyances of every kind used for the conveyance or transportation or delivery of milk, for the purpose of consumption in the City and County of San Francisco.

Section 7. It shall be the duty of the said Director of Public Health to cause the dairy farms and other establishments from which milk brought into the City and County of San Francisco is obtained, to

be inspected from time to time to satisfy said Director of Public Health that the provisions and requirements of this ordinance and all orders issued by said Director are constantly complied with.

Section 8. It shall be unlawful for any person, or persons, firm or corporation to obstruct or interfere with the said Director of Public Health or any officer, agent or employee of said Director of Public Health in the performance of any of the duties required by this ordinance.

Section 9. It shall be the duty of the owner, agent or manager of any pasteurizing plant or dairy farm from which milk is brought into this City and County to forthwith report to the Director of Public Health of said City and County, in writing, anything of which he has knowledge or notice tending to render milk, obtained from such pasteurizing plant or dairy farm, unwholesome, impure or unhealthy.

Section 10. The Director of Public Health and all his officers, agents and employees shall have the right at any time to take samples of milk and cream from any person selling, exposing for sale, offering for sale, exchanging, delivering, or distributing in the City and County of San Francisco, or shipping into said City and County, milk or cream, provided that such samples shall not exceed in quantity one quart of milk and one quart of cream at any one time. Such samples shall be taken and sealed in full view of and in the presence of any person in charge of such milk or cream, and to said person shall be given at such time one-half of said sample or samples hermetically sealed by said Director of Public Health, or his officers, agents or employees. The other half of said sample shall be likewise hermetically sealed and delivered to said Director of Public Health by the officer, agent or employee of said Director of Public Health taking such sample. It shall be the duty of said officer, agent or employee, at the time said sample is taken, to attach to the bottle of container containing each half of said sample, a statement showing the number of the permit issued by said Director of Public Health displayed upon the tanks, or cans, or bottles, or wagons, from which such milk or cream was taken, and the date of the obtainment of the sample, and the name of the person by whom it was taken, and a memorandum thereof shall be made by the person obtaining such sample in a book kept for that purpose in the office of the Department of Public Health.

MILK COMING FROM OUTSIDE THE CITY AND COUNTY TO BE EXPOSED FOR INSPECTION.

Section 11. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft to have the same tendered and exposed for inspection by the said Director of Public Health, his officers, agents or employees, according to the requirements of said Director of Public Health; provided that said milk shall not be detained for inspection for a longer period than one hour. It shall be the duty of the owner or consignee of milk brought into the City and County of San Francisco by land and over any road or railroad leading into the peninsula of San Francisco, to cause the same to be tendered and exposed for inspection according to the requirements of said Director of Public Health, provided that said milk shall not be detained for inspection a longer period than one hour.

MILK COMING FROM OUTSIDE OF THE CITY AND COUNTY TO BE PLAINLY MARKED WITH THE SHIPPER'S NAME, ADDRESS, PERMIT NUMBER AND NUMBER OF TANKS OR CANS CONTAINED IN THE SHIPMENT.

Section 12. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft, railroad, or by land over any road, to attach to one tank or

can of each shipment a tag setting forth the following facts in a clear and legible manner:

Name of shipper.....
Address.....Permit No.....
Number tanks.....Milk.....Cream.....

MILK TO BE TIGHTLY COVERED.

Section 13. It shall be unlawful to sell, offer for sale, expose for sale or ship into the City and County of San Francisco, for human consumption, any milk or cream in any tank or container, holding more than three gallons, which is not provided with a proper and tight-fitting mushroom cover.

SALE OF MILK AND CREAM IN QUANTITIES OF ONE QUART OR LESS.

Section 14. It shall be unlawful for any person, firm or corporation to distribute, sell, offer for sale, or keep with the intention of selling, any milk or cream in quantities of one (1) quart or less, in stores or any other place (except where the milk or cream is consumed upon the premises), unless the milk or cream is contained in tightly closed sterile bottles or receptacles of a similar character.

MILK AND CREAM BOTTLES TO BE CAPPED AND MARKED.

Section 15. All bottles or receptacles of a similar character in which milk and cream are distributed or sold must have stamped or printed on the cap or covers, in a conspicuous and legible manner, the name, address and permit number of the person, firm or corporation bottling said milk or cream, and the specific kind of milk or cream contained therein.

NAMES OF BRANDS ON BOTTLES AND CAPS OR COVERS MUST NOT DIFFER.

Section 16. It shall be unlawful to distribute, sell, offer for sale, or expose for sale, any milk or cream in any bottle or receptacle bearing in any manner thereon the name or names of any person, firm or corporation other than or different from the name or names printed or inscribed upon said cover or can of such bottle or receptacle.

TRANSFER OF MILK ON STREET.

Section 17. No person shall transfer any milk from one can, bottle or receptacle on any street, alley or thoroughfare, or upon a delivery wagon, or other vehicle, or in any place in the City and County of San Francisco, except in a dairy or dairy farm the sanitary condition of which has been approved by the Director of Public Health.

Section 18. *Where this ordinance or the regulation of the Director of Public Health is silent upon any matter pertaining to the production, processing, pasteurization, transportation, sale, delivery, use or handling of milk, cream or of any of the products of either milk or cream, the provision of the state law or the regulations of the Director of Agriculture shall apply thereto.*

Section 19. *The Director of Public Health is hereby authorized to make such rules and regulations not in conflict with this ordinance or the state law for the purpose of carrying out the provisions of this ordinance.*

PENALTY FOR VIOLATION OF PROVISIONS OF THIS ORDINANCE.

Section 20. Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than twenty-five (25) dollars and not more than five hundred (500) dollars, or by imprisonment in the County Jail for not more than one hundred (100) days, or by both such fine and imprisonment.

Section 21. All orders and ordinances and parts of orders and ordinances in conflict with this ordinance are hereby repealed.

Section 22. *Constitutionality*: If any section, subsection, subdivision, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Board of Supervisors hereby declares that it would have passed this ordinance, and each section, subsection, subdivision, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses or phrases be declared unconstitutional.

Amendments to Milk Ordinance Submitted by Supervisor Gallagher.

Supervisor Gallager presented:

Amendment No. 1.

After the end of Section 19 insert the following:

Section 19-A, Regulation 1. *The Dairy Farm; Location of Buildings*: No buildings used for dairy purposes shall be within two hundred yards of marshy ground, stagnant water, abattoir or other place or class of business detrimental to the production of sanitary milk, and no chicken coop, hogpen, or horse stable shall be adjacent to the buildings used for the drawing, keeping or handling of milk.

Regulation 2. *Surroundings to Be Clean*: The surroundings of all buildings shall be kept clean and in good order. The accumulation of dirt, rubbish, manure or decayed matter shall not be permitted.

Regulation 3. *Water Supply*: The dairy shall be supplied with an abundance of pure water. Water from wells or springs which are not protected against the entrance of flood and surface water shall not be used for cooling milk or cleaning utensils.

Regulation 4. *Examination of Water*: A sample of the water shall be furnished the Board of Health at any time requested.

Regulation 5. *Plans and Specifications*: When required plans and specifications in duplicate of the plants for which application for inspection is made, also of new plants and plants to be remodeled, must be submitted to the Board of Health for approval.

Regulation 6. *Construction of Stables, Milk Houses, Erection, Alteration, Maintaining of Insanitary Structures Prohibited*: No person shall in any dairy, or dairy farm, erect or cause or permit to be erected by alteration, or maintain, any stable, milk house or any other building or structure which, or any part of which, shall be inadequate or defective in respect to strength, ventilation, light, drainage, or any other usual, proper or necessary provision or precaution for the security of health or life.

Regulation 7. *Cubic Air Space Per Cow*: Milking sheds and cow barns in which cows are milked and not otherwise kept must have not less than 500 cubic feet of air space in the clear for each and every animal milked therein. If said sheds and barns are used for stables for housing of the cattle during the day or night, or at other times than the regular milking hours, then each animal must have not less than 1000 cubic feet of air space in the clear.

Regulation 8. *Light and Ventilation. Light*: The side wall of all milking sheds and cow barns must be provided with windows or openings of not less than four (4) square feet for each cow.

Skylights in Roof: Sheds or barns so constructed as to provide for two or more central milking strings shall be required to install skylights of a size and at such locations as to furnish light equivalent to two (2) square feet of window space for each cow to be accommodated in said central milking strings.

All windows in side wall of milking sheds or cow barns must open inward at the top for a distance of not less than 10 inches, securely fastened at the bottom.

Louvre ventilation must be provided in the roof of all milking sheds and cow barns.

Regulation 9. *Construction of Side Walls, Ceilings*: The side or area walls of all milking sheds or cow barns hereafter erected must be of concrete or of brick or of stone laid in cement mortar, and shall extend from the footing below the floor line upward to a height of not less than four (4) feet above the finished floor level, and shall be at least six (6) inches thick at top if of concrete and eight (8) inches thick if of brick or stone.

Interior Finish of Side Walls: The exposed surfaces of the concrete, brick or stone walls must be covered with a layer of cement troweled to a smooth surface.

The side walls from the top of the concrete to the plate of the milking shed or cow barn if of wood shall be tight and so as to prevent dust from sifting through and so constructed as to be easily cleaned, and kept free from cobwebs and dirt.

Ceilings: When in the judgment of the Dairy Inspectors it is deemed necessary and so reported in writing the Director of Public Health shall require the ceiling of milking shed or cow barn to be sheathed with tongue and groove.

Regulation 10. *Construction of Floors*: Floors must be of concrete. The floors of all milking sheds and cow barns must be of concrete not less than four (4) inches in thickness, covered with a finishing layer of cement one-half (½) inch in thickness troweled so as to leave a "rough finish."

Gutter Drains: Gutter drains shall be constructed in rear of each string of cows at the time the floor is put down, and said gutter drains must have a uniform thickness as that of the stable floor and shall not be less than twelve (12) inches in width inside measurement and not less than four (4) inches in depth, with sufficient fall to carry off all liquid discharges.

Sewer: All gutter drains must be properly connected to a sewer or drain so as to efficiently carry off all discharges and wash waters to distance sufficient to avoid same becoming a source of contamination to the dairy or its water supply.

Regulation 11. All existing milking barns so constructed that their condemnation in the opinion of the Director of Public Health is unwarranted and where said milking barn is kept in a sanitary condition and no feature thereof constitutes a menace to the production of a sanitary milk as intended by this ordinance, permission to use said barns may be granted. Where barns are located on sloping ground or where the floor of said milking shed or barn is more than four feet above the ground and is otherwise approved by the Board of Health, the floors and gutter drains may be of wood and the side walls sheathed to a height of four (4) feet with smooth sheet metal.

Regulation 12. *Hand Basins in Stable*: Each milking shed and cow barn shall be provided with an adequate number of stationary hand basins, properly supplied with running water, soap and towels, conveniently located for use of milkers.

Water for Cleansing Stable: The stable shall further be supplied with stationary lines of pipes having hose bib outlets located at convenient points so that the stable can be properly hosed down and flushed out after each milking.

Regulation 13. *The Milk House, Wash Room, Milk Room*: There shall be a room which shall be used for no other purpose than to

provide a place for handling the milk, storing clean milk utensils, and holding fresh milk previous to its removal from the dairy. The milk room shall be within easy access of the stable, but so placed that it cannot be easily reached by dust or odors from the stable or yard or other source. If under the same roof with the stable it shall be separated therefrom by a light, clean, ventilated passageway.

Floor of Milk and Wash Rooms: The floors of the milk room and wash rooms shall be of concrete not less than three inches in thickness covered with a finishing layer of cement one-half inch in thickness troweled to a smooth surface.

A floor drain shall be installed in each milk room which shall be properly trapped to a sewer, and the floor of the milk room shall be so put down that all points slope toward the floor drain.

Foundation Walls: The foundation or area walls of all milk and wash rooms shall be of concrete not less than 6 (six) inches in thickness and extended to a height of not less than four (4) feet above the finished floor level.

Sidewalks and Ceilings: The outer walls or sheathing of all milk and wash rooms shall be tight, the inside shall be lined with tongue and groove lumber put on in a workmanlike manner and must be painted two coats of lead and oil paint of a light color or an approved waterproof paint—whitewash is strictly prohibited.

Windows and Ventilation: The milk and wash rooms shall be well lighted and ventilated with proper sash fitted window and louvre vent shafts.

Screening of Doors and Windows: All windows, ventilators or openings of milk and wash rooms shall be securely screened with finely woven wire mesh and all doors leading into said rooms must be provided with tightly closing screen doors, having metal springs to prevent the entrance of insects and flies.

Regulation 14. *Equipment, Sanitation of Wash Room, Dairy Appurtenances, Utensils, Bottles. Size and Equipment of Wash Room*: Every dairy and dairy farm must provide a properly constructed wash room, separate and apart from a dwelling place and of a size adequate to properly cleanse and sterilize all utensils, cans and dairy appurtenances.

Cleansing Equipment: All wash rooms in dairies or on dairy farms must be provided with a steam boiler or other approved apparatus capable of producing boiling water and live steam for the cleansing, rinsing and sterilizing of all utensils and apparatus used in or about the dairy.

Racks and Shelves and Wash Trays: Wooden racks, pegs and shelves and wooden wash trays are prohibited in wash rooms. Racks and shelves must be of metal and wash trays may be of metal, enamel iron, cement or other similar non-absorbing materials.

Cleansing of Utensils: In dairies and milk depots, all cans, bottles and other utensils, after being used shall be thoroughly washed in water containing lye or sodium carbonate (sal soda), or some substance containing a mixture of these with or without soap.

Not more than twenty (20) cans or fifty (50) bottles shall be washed in a tank or tub containing less than ten (10) gallons of water, unless said tank or tub is filled with a fresh solution as provided herein.

Regulation 15. *Rinsing and Sterilizing After Washing*: After being washed off, all cans, bottles and other utensils shall be thoroughly rinsed in a tank or tub having a constant inflow of clean fresh water. The rinsing tank or tub, while in use, must have a constant inflow and outflow of water. After being rinsed, all cans, bottles and other milking utensils shall be effectively sterilized by the action of live steam. After being so subjected to live steam, said cans, bottles, or other milk utensils shall not be allowed to stand in any place where they are exposed to dirt, dust, flies, or other contamination.

Wash Trays: Wash trays and rinsing tanks used for the cleansing of cans, bottles and other milking utensils shall not be used for any other purpose.

Cleaning of Brushes: All brushes, scrapers and other appliances used in cleaning cans, bottles and other utensils must be sterilized daily, and at all times must be free from incrustations and dirt.

Daily Cleansing of Wash Tanks and Floors: Wash trays and tanks for cleansing and rinsing milk utensils and the floors of the wash room must be cleaned daily.

Regulation 16. *The Dairy Herd, Testing Inspected Herds*: The dairy herd on any dairy farm receiving a permit to produce or ship guaranteed milk into the City and County of San Francisco shall undergo an annual physical examination which shall include the testing of said herd with tuberculin, and every bovine on the farm over six (6) months of age shall be required to submit to said physical and tuberculin test under the direction and supervision of the Director of Public Health of San Francisco. The tuberculin shall be furnished by the owners of the herd tested.

Reacting Animals: All animals reacting to said tuberculin test shall be branded T. B. and removed from said dairy farm within fifteen days.

Additions to Dairy Herd: All additions made to said dairy herd shall undergo the physical and tuberculin test under the direction and supervision of the Director of Public Health before said additions are admitted to the herd.

Animals Passed to Be Tagged: All bovines passed shall be tagged with a numbered metal tag bearing date of test and the words: "Tested and Passed, Board of Health, San Francisco."

Retesting of Herd Annually: The entire herd and every bovine on said farm over six (6) months of age shall be annually retested prior to the reissuance of a permit.

Regulation 17. *Dairy Herd Producing Milk for Pasteurization*: The dairy herd, on any farm receiving a permit to produce or ship milk into the City and County of San Francisco, shall be free from disease as determined by physical examination at least once in two months, by a qualified veterinarian of the Board of Health.

Regulation 18. *Care of Herd*: All long hairs about udders and flanks must be clipped and tails of cows must be kept short enough to clear the ground.

Sick Animals: Sick cows, or cows showing signs of tuberculosis, contagious abortion, mammitis, mammary abscess, disease of the udder or teat, or actinomycosis (lumpjaw), or other evidence of ill health, or suspected of being ill shall be at once removed from the main stable and the milk of all such shall be discarded.

Regulation 19. *Men and Animals Must Be Clean*: No milk shall be taken from any cow, goat, or other milk-producing animal unless such animal shall be in a clean condition; nor shall any such milk be taken from any animal except by an employee or other person who is himself in a cleanly and healthy condition.

Regulation 20. *Feeding and Watering the Herd*: The feed provided for dairy herd must be sweet and clean and of such a nature as to give no odor to, or otherwise affect the taste or character of the milk. Fermented beet pulp, vegetable refuse, or swill, are positively prohibited.

Manner and Time of Feeding: Cows shall be fed liberally and regularly; that is, in the same way and at the same hour every day.

Selection of Ration: The selection of the ration shall be supervised and any change therein approved by the Director of Public Health.

Dry and Dusty Feed: No dry or dusty feed shall be given within one hour previous to milking. If its use is necessary, it must be sprinkled before it is fed.

Feed to Be Separated from Herd: All foodstuffs must be kept in an apartment separate from the animals.

Drinking Water: Pure water shall be given at regular and frequent intervals.

Regulation 21. *Care and Delivery of Milk. Emptying of Milk Buckets. Straining of Milk*: Immediately after receiving each pail as filled, the milk may be poured into a properly covered storage pail elevated not less than three (3) feet off the floor or the receiving pail shall be taken to the milk room and emptied into a strainer from a platform outside the milk house. It shall be then promptly strained through a fine wire gauze and a layer of absorbent cotton protected on either side by a layer of cheese cloth, or equally good strainer.

Cooling of Fresh Milk: The milk after being drawn and strained shall be cooled at once to a temperature of forty-five (45) degrees Fahrenheit, except when milk is delivered to a central cooling station within two hours after being drawn. Milk intended for consumption in San Francisco must be shipped within four hours after it is drawn.

Mixing of Milk Prohibited: Night and morning milk shall not be mixed, nor shall ice be put into the milk.

Storing of Milk: Milk may be stored, while on the farm, in the regular refrigerator room or in an ice box in the milk room. The ice box shall be thoroughly scrubbed at least once a week and trapped to prevent the entrance of sewer gas, and in no instance shall this pipe be connected to a drain or sewer.

Wiring of Shipping Tanks and Cans: All tanks and cans in which milk is transported from the dairy farm into San Francisco and all empty containers returned to the dairy farm, shall have the covers securely wired to the handles on each side of the tank or can.

Drinking Milk from Covers Prohibited: No person shall drink from any vessel or utensil, or the cover thereof, which is used for the delivery of milk, nor shall any tank, can, bottle or utensil used for the purpose of delivering milk be used for any other purpose.

Use of Milk Tanks or Utensils for Heating Milk Prohibited: It shall be unlawful to place any milk tank, can, or utensil used in the delivery of milk, on, or about a stove or other heating apparatus.

Milk Cans Must Not Be Left on Sidewalk: Milk cans containing milk or empty, delivered to or received from grocery stores, bakeries, delicatessen stores, restaurants, depots or other similar places shall not be left upon the sidewalk or street.

Transit of Milk from Point of Entry to Dairy: The transit of milk from point of entry into San Francisco to the dairy depot shall be made within one hour from the time of arrival.

Care and Delivery of Milk to Consumer: While awaiting delivery to the City, milk shall be stored at a temperature of not more than 45 degrees Fahrenheit and kept free from contamination.

Regulation 22. *Milkers and Milking—Personal Hygiene of Employees*: Milkers and employees shall be clean in habits and appearances.

Outer Garments, Care of: A special suit of clean outer garments and cap shall be worn during milking and at no other time; when not in use, these must not be kept in the stable or living room, but in a clean and well-ventilated place.

Milkers to Wash Hands Before Milking: Before beginning to milk, the milkers' hands shall be carefully washed with soap and then rinsed in clean water.

Cleaning of Udders and Flanks: No milk shall be taken from any cow, goat or other milk-producing animal unless such animal shall be in a clean condition. The udder and surrounding parts of every cow shall be cleaned before each milking.

All milking stools must be of a type approved by the Director of Public Health and must be cleaned after each milking.

Wet Milking and Use of Emollients Prohibited: The milkers' hands shall be kept clean and dry when milking; they shall not come in contact with the milk. The use of vaseline, lard, oil or other substance is strictly prohibited on cows' teats during the process of milking.

Rejection of Fore Milk: The first three or four streams of milk from each teat shall be discarded.

Hours and Manner of Milking: Milking shall be done in a quiet, clean and thorough manner, and at the same hours daily.

Bloody and Stringy Milk: If the milk from a cow is bloody or stringy, or thick, or it has an unnatural appearance, or if manure gets into it, it shall be discarded and the pail washed and sterilized before it is used again.

Milk of Cows Separated From Herd: Cows separated from the herd shall be milked after all others are milked, and this milk must not be used except as food for stock.

Domestic Animals and Others Excluded From Milk Room: Milkers and other helpers not directly concerned in the straining, separating and filling of containers shall not be allowed within the milk house while the milk is being strained or handled; nor shall any domestic animal be allowed therein.

Cleaning of Milk Room: The milk house shall be washed and hosed down twice daily with fresh water.

Regulation 23. *Employees' Living Quarters*: The living quarters of the employees of all dairies or dairy farms shall be contained within buildings or structures which shall be wholly separate, distinct and disconnected from the buildings or structures wherein the cattle of such dairies may be housed; the beds in all such living quarters, and in every room in which beds are kept or provided for such employees, shall be separated by a passageway of not less than two feet, horizontally; and all such beds shall be so arranged that under each of them the air shall freely circulate, and there shall be adequate ventilation; and five hundred cubic feet of air space shall be provided and allowed for each bed or employee, and no more beds shall be permitted than those provided for according to the terms of this ordinance, unless free and adequate means of ventilation exists, to be approved by the Director of Public Health, and a special permit in writing be granted therefor, specifying the number of beds or the cubic air space which shall under special circumstances be allowed.

Regulation 24. *Owners Must Keep Quarters Clean and Provide Bath and Other Conveniences*: Every owner, lessee, tenant, occupant, proprietor or manager of any dairy or dairy farm shall cause every part thereof and its appurtenances to be put and shall thereafter cause the same to be kept in a cleanly and wholesome condition and shall cause every part thereof in which any person may sleep, dwell or work to be adequately lighted and ventilated according to the direction of and to the satisfaction of the Director of Public Health; and proper accommodations for urinals, water closets, bath tubs and washing utensils shall be provided, according to the directions and to the satisfaction of the Director of Public Health.

Regulation 25. *Health of Employees*: The Health Officer or his representatives shall inspect all buildings connected with the dairy, or dairy farm, and all persons who directly or indirectly come in contact with the industry, and where deemed necessary he may demand a certificate of health or make a physical or other examination to establish the health of any or all persons on a dairy or dairy farm. The dairyman shall keep informed as to the health of all employees and the members of their households. No person connected with the dairy shall enter a house where it is known that there has been an infectious disease, until it has been disinfected. No employee or other person

who has been in contact with any infectious disease shall be permitted in the dairy.

Regulation 26. *Sale of Milk to Be Stopped When Communicable Disease Occurs*: No person with throat trouble or who is otherwise ill shall be admitted to the stable or milk room.

The existence of smallpox, typhoid fever, diphtheria, scarlet fever, measles or other contagious diseases, on, or in the vicinity of, the dairy farm shall be promptly reported to the Director of Public Health, and the sale of milk shall be stopped until its resumption is authorized by said Director.

Amendment No. 2.

In section 2, subdivision 5, line 2, after the word "or" insert the word "market."

Amendment No. 3.

In section 2, subdivision 7, line 7, strike out the word "cream" and all words following to and including the word "Francisco" in line 10, and in lieu thereof insert the following: "Market Cream shall be graded and shall conform to all the standards set for market milk of the same grades except that the maximum bacterial count for any grade of market cream shall be not more than three times as great as that for the corresponding grade of market milk.

Amendment No. 4.

In section 3, subdivision 13, strike out all of lines 9 to 12 inclusive.

Amendment No. 5.

In section 4, subdivision 1, line 20, strike out the period at the end of line 20 and in lieu thereof insert a comma and the following: "And unless the person owning and or operating said plant shall also pay the salary and maintenance of a special inspector appointed by the Director of Public Health, who shall devote all his time to supervising the production of market milk at such plant in accordance with the terms of this ordinance."

Amendment No. 6.

In section 2, subdivision 6, line 9, after the word "content" insert a period and strike out the words "of not less than three and four-tenths (3.4) per cent of milk fat."

Amendment No. 7.

In section 3, subdivision 12, line 4, after the word "bottle" strike out the words "in sizes ½ pints, pints and quarts only."

Amendment No. 8.

In section 3, subdivision 7, line 3, after the word "and" strike out "forty (140) degrees Fahrenheit nor more than one hundred and forty-five (145) degrees Fahrenheit" and in lieu thereof insert the following: "forty-five (145) degrees Fahrenheit nor more than one hundred and fifty (150) degrees Fahrenheit."

Amendment No. 9.

In section 3, subdivision 1, line 3, after the word "guaranteed" strike out the word "pasteurized" and in lieu thereof insert the word "Raw."

Amendment No. 10.

In section 3, subdivision 1, line 10, strike out the words "Raw Guaranteed Milk."

Amendment No. 11.

In section 3, strike out all of subdivision 3, and in lieu thereof insert the following: "Subdivision 3. Guaranteed Raw Milk: Guaranteed Raw Milk is Market Milk which shall conform to the following requirements as a minimum.

The health of the cows shall be determined by physical examination at least once each month by an official representative of the Director of Public Health and all cows shall be tested at least once every six months for tuberculosis by the tuberculin test, said test to be made by a veterinarian employed by the Director of Public Health or a veterinarian authorized by said Director of Public Health. Only animals free from Brucella abortus shall be permitted on a Guaranteed Raw Milk dairy and as often as may be necessary the animals producing said milk shall be tested by the agglutination test. Any unhealthy animal or any animal reacting to either of the herein provided tests shall be immediately removed from the milking herd and no milk from any reacting animal shall be sold or used as any grade of Market Milk. It shall be produced on dairy farms scoring not less than ninety per cent on the dairy farm score card adopted by the Director of Public Health. It shall be bottled with mechanical bottling and capping equipment on the dairy premises where produced, and must be delivered in containers having the pouring lip completely protected from contamination, and shall be cooled immediately after being drawn from the cow to fifty degrees Fahrenheit or less and so maintained until delivered to the consumer, when it shall contain not more than ten thousand bacteria per milliliter and not less than three and one-half per cent of milk fat. It must be sold to the consumer within thirty hours after production and shall be labeled to indicate the date of sale to the consumer.

All persons who come in contact with Raw Market Milk must exercise scrupulous cleanliness and must not be afflicted with any communicable disease or in a condition to disseminate the germs of typhoid fever, tuberculosis, diphtheria or other communicable diseases liable to be conveyed by the milk. The absence of such germs in all such persons shall be determined by bacteriological and physical examinations by the Director of Public Health or by other persons or laboratory approved in writing by said director conducted at the time of employment and every six months thereafter in a manner approved by the said Director of Public Health.

Amendment No. 12.

In section 3, subdivision 7, line 7, after the word "milk" insert the following "and Guaranteed Raw Milk."

Amendment No. 13.

In section 3, subdivision 12, line 8, after the words "Certified Milk" insert the words "and Guaranteed Raw Milk."

Privilege of the Floor.

Mrs. Genevieve Allen, representing the Home Makers Protective League, opposed the proposed legislation, declaring that it was based on an economic and not a health question.

Mrs. Dela Shisler, representing the Central Council of Civic Clubs, was heard in opposition and recited the results of her investigation of dairy farms from which the local supply of pasteurized and certified milk comes.

R. S. K. McMillan, representing himself as a citizen and a member of the Central Council of Civic Clubs, opposed the ordinance and criticized the conditions of several dairies from which local supply is derived.

Attorney Ehrlich and Dr. Kelly, representing the San Francisco Medical Society, were also heard at length.

Final Passage.

The following bill heretofore passed for second reading was taken up and *finally passed* by the following vote:

Boiler Ordinance.

On recommendation of Joint Committee on Public Buildings and Lands and Charter Installation.

(Code No. 11.08)

Bill No. 258, Ordinance No. 11.086, as follows:

An ordinance regulating the installation and inspection of high-pressure steam boilers, low-pressure steam boilers, direct-fired hot-water heaters, indirect-heated hot-water tanks and pressure tanks, and for the issuance of the permits and certificates therefor, and establishing the fees to be charged for the inspection of said appliances.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. (a) It shall be unlawful for any person, firm or corporation to proceed hereafter with the installation of any high-pressure steam boiler, low-pressure steam boiler, direct-fired hot-water heater, indirect-heated hot-water tank, or pressure tank in any fixed location in the City and County of San Francisco unless the permit so to do as herein provided shall have first been obtained from the Central Permit Bureau of the Department of Public Works of said City and County. Nothing herein contained shall be construed as evidence of proper performance or adequate capacity of any of the appliances herein mentioned.

Section 2. (a) Whenever used herein, the following terms shall have the following definitions:

(1) High-pressure steam boiler shall mean any metal vessel or container used for the generation of steam under pressure, exceeding 15 pounds per square inch gauge pressure.

(2) Low-pressure steam boiler shall mean any metal vessel or container having a heating surface of 3 square feet or more, used for the generation of steam under pressure, not exceeding 15 pounds per square inch gauge pressure.

(3) Direct-fired hot-water heater shall mean any metal vessel or container used for the purpose of heating water through the medium of heat directly applied to the shell and/or furnace walls and/or tubes, or of heat directly applied by electrically heated elements.

(4) Indirect-heated hot-water tank shall mean any closed metal vessel or container used for the purpose of storing hot water heated by any other method than the direct application of heat to the shell and/or furnace walls and/or tubes, or of heat produced by electrically heated elements.

(5) Pressure tank shall mean such metal vessel or container used for the storage or accumulation of air or other substance under pressure as is covered by the safety orders of the Industrial Accident Commission of the State of California.

(6) Safety valve shall mean a safety valve conforming to the Code of the American Society of Mechanical Engineers as adopted by the Industrial Accident Commission of the State of California and its safety orders.

(7) Relief valve shall mean a valve which conforms to the Code of the American Society of Mechanical Engineers as adopted by the Industrial Accident Commission of the State of California and its safety orders and which is used for the purpose of relieving excess pressure other than steam.

(b) All of the above defined articles are herein referred to as appliances, and the term appliance in this ordinance shall mean each and any of the above defined articles.

Section 3. (a) The term installation shall not be construed to mean restoration or replacement of previously installed appliances, when such restoration or replacement is made by persons, firms or corporations permanently employing boiler inspectors certified by the Industrial Accident Commission of the State of California; provided, however, that such restoration or replacement does not change the duty performed by the appliances affected.

(b) The term location shall mean premises used or buildings operated as one unit under one management.

Section 4. (a) Applications for the permits herein mentioned shall be filed in duplicate with the Central Permit Bureau of the Department of Public Works upon forms furnished by such Bureau, which forms shall set out information necessary to be given. If the Bureau so requires, plans and specifications in duplicate shall be filed with the application. If it is found that the proposed installation conforms to the requirements of this ordinance, then upon payment of fee specified herein, an installation permit shall be issued to the applicant for the installation of the work. Thereafter, when the work has been completed, it shall not be put in operation until a final inspection shall be made. If upon such inspection it is found that the terms of this ordinance have been complied with, a certificate of final completion shall be posted and a duplicate copy of same issued to the owner or his authorized agent by the Bureau of Building Inspection, as provided for herein. When said installation permit is granted, there shall be attached thereto a copy of said plans and specifications, if such have been required to be filed.

Section 5. (a) Upon the filing of application for an installation permit, the Central Permit Bureau shall forthwith submit such application to such bureaus or commissions as have jurisdiction over the proposed work. If it shall be found that said application and the premises on which the proposed work is to be located conform to the laws and regulations governing such installation, then it shall be the duty of each of such bureaus or commissions to endorse approval upon such application and to transmit two copies thereof to the Central Permit Bureau, which Bureau shall forthwith issue the installation permit, and upon payment of the fee herein named, deliver it to the applicant. But if it shall be found that any such bureau or commission refuses to approve the application, the application shall be returned to the Central Permit Bureau with a statement of the reason for such refusal endorsed thereon.

Section 6. (a) All permits issued and certificates issued pursuant to this ordinance shall be kept displayed in a conspicuous place at or near where said appliance is installed. Installation permits shall be good for one year only; if installation is not begun within that period the permit becomes null and void.

Section 7. (a) Nothing in this ordinance shall be construed to apply to the inspection of any appliance when the installation of such appliance is under the supervision and control of the Railroad Commission of the State of California as provided in the Public Utility Act of the State of California, approved the 23rd day of April, 1915.

Section 8. (a) No fees shall be charged for the issuance of permits or certificates, or for the making of inspections of appliances when the same are to be used by the City and County of San Francisco, the State of California, or by the United States of America, except as herein provided.

Section 9. (a) High-pressure steam boilers shall be installed in accordance with the Code of the American Society of Mechanical Engineers as adopted by the Industrial Accident Commission of the State of California and/or its safety orders.

Section 10. (a) Low-pressure steam boilers shall be built and equipped in accordance with the Code of the American Society of

Mechanical Engineers as adopted by the Industrial Accident Commission of the State of California and its safety orders. They shall be equipped with safety valves and with an automatic electric or mechanical device by which the fuel supply is cut off when the water falls below the safe working level or the pressure exceeds that predetermined, which in no case shall be in excess of 15 pounds per square inch gauge pressure.

Section 11. (a) Direct-fired hot-water heaters, except as otherwise stipulated in this section, shall be built and equipped to conform to the Code of the American Society of Mechanical Engineers as adopted by the Industrial Accident Commission of the State of California and its safety orders. In no case shall the stresses in the longitudinal joints of steel shells, while operating under maximum working pressure plus 10 per cent, exceed: for welded construction, 5600 pounds per square inch of cross-section if single vee welded and/or thickness of shell is less than ¼ inch; 8000 pounds per square inch of cross-section if double vee welded and thickness of shell is ¼ inch or over; for riveted or seamless construction, 11,000 pounds per square inch of net cross-section.

(b) If direct-fired hot-water heaters are made of cast iron, the maximum working pressure on such heaters shall not exceed that guaranteed by the manufacturer, less 10 per cent.

(c) If direct-fired hot-water heaters are made of other materials than cast iron or steel, then their construction shall conform to the safety orders of the Industrial Accident Commission of the State of California, but in no case shall the working stresses in the material exceed one-third the yield point.

(d) In no case shall a direct-fired hot-water heater be installed if constructed for a pressure of less than 60 pounds per square inch.

(e) Direct-fired hot-water heaters shall be equipped with:

(1) A water relief valve of ample relieving capacity, to prevent a rise of pressure in excess of 6 per cent, when set to operate at the maximum working pressure plus 10 per cent.

(2) A heat-controlling device that will control the fuel supply and prevent the temperature of the heated water from rising in excess of 200 degrees Fahrenheit.

(3) A pressure gauge graduated to at least one and one-half times the allowable working pressure.

(4) An inspector's valved test gauge connection between the pressure gauge and the heater proper.

(5) Where the maximum City water pressure, as determined by the Bureau of Fire Prevention and Public Safety, at any time exceeds the maximum allowable pressure of the heater, a pressure-reducing valve shall be so installed as to reduce the incoming water pressure to that allowable on the heater.

(f) Coil heaters without additional storage capacity and self-contained heaters having a capacity of 45 gallons or less are excluded from the requirements of this ordinance.

(g) Self-contained heaters having a capacity over 45 gallons, equipped as provided in paragraph (e) of this section, are excluded from the requirements of this ordinance provided they conform to the following requirements:

(1) The water volume capacity does not exceed a total of 100 gallons.

(2) The inside diameter of any part or parts subject to internal pressure shall not exceed 30 inches.

(3) In the construction of such self-contained heaters the working stresses specified in this section shall not be exceeded, but in no case shall such heaters be constructed for a pressure of less than 60 pounds per square inch.

(4) The exterior of the container of such heaters shall bear a manufacturer's name plate. Such plate shall guarantee compliance with

the requirements of this ordinance, or the manufacturer shall file with the Bureau of Building Inspection a guarantee of such compliance.

(5) The person, firm or corporation installing such self-contained heaters, before installation, shall file with the Bureau of Building Inspection a notification, on form to be supplied by said Bureau, which notification shall state, among other things, the place of installation, the general description of installation and a warranty that the provisions of this ordinance are complied with.

Section 12. (a) Indirect-heated hot-water tanks shall be built and equipped to conform to the Code of the American Society of Mechanical Engineers as adopted by the Industrial Accident Commission of the State of California and its safety orders. In no case shall the stresses in the longitudinal joints of steel shells, while operating under maximum working pressure plus 10 per cent, exceed: for welded construction, 5600 pounds per square inch of cross section, if single vee welded and/or thickness of shell is less than ¼ inch; 8000 pounds per square inch of cross-section if double vee welded and thickness of shell is ¼ inch or over; for riveted or seamless construction, 11,000 pounds per square inch of net cross-section.

(b) If indirect-heated hot-water tanks are made of other materials than steel, then their construction shall conform to the safety orders of the Industrial Accident Commission of the State of California, but in no case shall the working stresses in the material exceed one-third the yield point.

(c) In no case shall an indirect-heated hot-water tank be installed if constructed for a pressure of less than 60 pounds per square inch.

(d) Whenever an indirect-heated hot-water tank receives its heat or hot water from a coil or from a source of heat making possible a pressure in excess of that for which the tank is built, then such indirect-heated hot-water tank shall be equipped with:

(1) A water relief valve of ample relieving capacity to prevent a rise of pressure in excess of 6 per cent, when set to operate at the maximum working pressure, plus 10 per cent.

(2) If the source of heat supply is high-pressure steam, then a pressure-reducing valve must be installed on the steam line and be set to limit the pressure to that for which the tank is built.

(3) A heat-controlling device that will control the temperature of the water and prevent it from rising above 200 degrees Fahrenheit.

(4) A pressure gauge graduated to at least one and one-half times the allowable working pressure.

(5) Where the maximum City water pressure, as determined by the Bureau of Fire Prevention and Public Safety, at any time exceeds the maximum allowable pressure of the tank, a pressure-reducing valve shall be so installed as to reduce the incoming water pressure to that allowable on the tank.

(e) Indirect-heated hot-water tanks having a water volume capacity of 45 gallons or less are excluded from the requirements of this ordinance.

(f) Indirect-heated hot-water tanks having a water volume capacity in excess of 45 gallons are excluded from the requirements of this ordinance provided they comply with the following requirements:

(1) The water volume capacity does not exceed 100 gallons.

(2) The inside diameter of any part or parts subject to internal pressure shall not exceed 30 inches.

(3) In the construction of such tanks the working stresses specified in this section shall not be exceeded, but in no case shall such tanks be constructed for a pressure of less than 60 pounds per square inch.

(4) Such tanks shall bear a manufacturer's name plate. Such plate shall guarantee compliance with the requirements of this ordinance, or the manufacturer shall file with the Bureau of Building Inspection a guarantee of such compliance.

(5) The person, firm or corporation installing such tanks, before installation, shall file with the Bureau of Building Inspection a notification, on form to be supplied by said Bureau, which notification shall state, among other things, the place of installation, the general description of installation and a warranty that the provisions of this ordinance are complied with.

Section 13. (a) Pressure tanks shall be built and equipped to conform to the pressure tank safety orders of the Industrial Accident Commission of the State of California.

(b) In no case shall they be so located as to be inaccessible for examination.

Section 14. (a) If for any reason pipe lines connected to appliances are to be tested in excess of one and one-half times the allowable pressure of such appliance, then such lines shall be blanked off from the appliances before the test is made.

Section 15. (a) The certificates to be issued as provided in this ordinance shall in large type specifically declare that it is unsafe to person or property to operate the appliance covered by the permit unless the safety devices specified herein are in place and operative. Such safety devices shall be specifically limited in the certificate to such as secure safety to person and property, and shall exclude any additional appliances as are not essential to such safety.

Section 16. (a) All inspections provided for in this ordinance shall be made by inspectors of boilers of the Bureau of Building Inspection of the Department of Public Works in conformity with the requirements of the Industrial Accident Commission of the State of California. The Superintendent of the Bureau of Building Inspection shall cause a certificate of final completion to be posted on or immediately adjoining the appliance or appliances inspected, and shall supply the owner or his authorized agent with a duplicate copy of same. This certificate shall be on forms furnished by the Department of Public Works, which forms shall state the date of final inspection, the location and description of the appliance or appliances, and shall be countersigned by the inspector of boilers making such inspection. The Bureau of Building Inspection shall file with the Industrial Accident Commission of the State of California, on forms furnished or approved by the Commission, such information in regard to the installations herein provided for as may be required by said Industrial Accident Commission.

Section 17. (a) The Department of Public Works is authorized, and it is its duty, in cases where it has reason to believe that the safety of person or property is endangered by the defective operation of any appliances installed before the passage of this ordinance, to cause an inspection to be made thereof. If such inspection shows that the safety of person or property is endangered by lack of, or failure to operate of, safety devices, then it shall be the duty of the Department of Public Works to shut down such appliances until such safety devices are installed, inspected, and a certificate of final completion issued. Such safety devices are to be limited: for low-pressure boilers, to safety valve or valves and automatic pressure reducer; for direct-fired hot-water heaters, indirect-heated hot-water tanks and pressure tanks, to relief valve or valves.

Section 18. (a) When the Department of Public Works makes, upon request, an inspection of any appliances which do not carry a permit or certificate, then such inspection and each inspection thereafter shall be made only after the payment in advance of the fee herein scheduled shall have been made to the Central Permit Bureau.

Section 19. (a) The provisions of this ordinance shall govern installations owned by the City and County of San Francisco. By proper bookkeeping entries the Bureau of Building Inspection shall be credited with the amount of the fee herein scheduled and the department for which the inspection is made shall be charged therefor.

Section 20. (a) For the purpose of defraying the cost of issuing permits and certificates pursuant to this ordinance, and of making the inspection herein provided, the following fees shall be paid prior to the issuance of such permit, certificate, or of making such inspection:

(1) For high-pressure fire-tube boilers:	
Diameter of 12 inches or less	$ 2.00
Diameter of more than 12 inches, but less than 20 inches	5.00
Diameter of 20 inches or more, but less than 42 inches.	7.00
Diameter of 42 inches or more	10.00
(2) For high-pressure water-tube boilers:	
Less than 300 square feet of heating surface	8.00
Single drum, 300 square feet or more, but less than 5000 square feet of heating surface	14.00
More than one drum, 300 square feet or more, but less than 5000 square feet of heating surface	20.00
5000 square feet or more of heating surface	100.00
(3) For low-pressure steam boilers	4.00
(4) For direct-fired hot-water heaters	4.00
(5) For indirect-heated hot-water tanks:	
Capacity of 100 gallons or less	3.00
Capacity of more than 100 gallons, but less than 250 gallons	4.00
Capacity of 250 gallons or more	5.00
(6) For pressure tanks:	
Diameter of 36 inches or less	3.00
Diameter of more than 36 inches	5.00

(b) For inspection made on request the fee shall be the same as herein scheduled.

(c) Provided, however, that when more than one appliance is installed at the same location and at the same time, then the total fee charged shall be arrived at by taking the largest single fee and adding thereto one-half of the scheduled fee for each additional appliance installed.

Section 21. (a) If and when the Department of Public Works finds that any person, firm or corporation has, subsequent to the passage of this ordinance, installed any appliances without complying with the terms of this ordinance, it shall be the duty of said department to shut down the operation of the appliances so installed until inspection has been made and permit and certificate have been issued as provided herein. The fees in such cases shall be as follows:

(1) For high-pressure fire-tube boilers:	
Diameter of 12 inches or less	$ 10.00
Diameter of more than 12 inches, but less than 20 inches	25.00
Diameter of 20 inches or more, but less than 42 inches.	35.00
Diameter of 42 inches or more	50.00
(2) For high-pressure water-tube boilers:	
Less than 300 square feet of heating surface	40.00
Single drum, 300 square feet or more, but less than 5000 square feet of heating surface	70.00
More than one drum, 300 square feet or more, but less than 5000 square feet of heating surface	100.00
5000 square feet or more of heating surface	500.00
(3) For low-pressure steam boilers	20.00
(4) For direct-fired hot-water heaters	20.00
(5) For indirect-heated hot-water tanks:	
Capacity of 100 gallons or less	15.00
Capacity of more than 100 gallons, but less than 250 gallons	20.00
Capacity of 250 gallons or more	25.00
(6) For pressure tanks:	
Diameter of 36 inches or less	15.00
Diameter of more than 36 inches	25.00

Section 22. (a) All ordinances or parts of ordinances in conflict with this ordinance are hereby repealed in so far as said conflict exists. No inspection shall be made on appliances except as herein provided.

Section 23. (a) In case any section or sections or part of any section of this ordinance shall be found to be unconstitutional or invalid for any reason, the remainder of this ordinance shall not thereby be invalidated, but shall remain in full force and effect.

Section 24. (a) This ordinance shall not be construed as imposing upon the City and County of San Francisco, or any official or employee **thereof, any liability for damages to person or property which may occur from or in connection with any failure of any of the appliances herein named.**

Section 25. (a) Any person, firm or corporation violating this ordinance shall be guilty of a misdemeanor, and upon conviction thereof shall be subject to a fine not exceeding $500 or to imprisonment in the County Jail for a period not exceeding six months, or to both said fine and imprisonment; and each day that said violation shall continue shall be deemed a separate offense.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Mayor's Veto.

The following matter was read and *laid over one week*:

Mayor's Office,
City Hall.
March 24, 1933.

To the Honorable the Board of Supervisors, City Hall, San Francisco.

Gentlemen: I am herewith returning Resolution No. 689, disapproved.

My reasons for vetoing this Resolution are as follows:

1. The cost of preparing specifications and estimated costs for

widening Fell street from Van Ness avenue to Baker street will involve a substantial expenditure. There are no funds at present available for this purpose.

2. The same applies to preparation of specifications and cost estimates for widening Oak street between Van Ness avenue and Baker street.

3. The more logical method of procedure will be to determine a route and when funds are available for the proposed construction, to prepare the detailed plans and specifications.

Respectfully,

(Signed) ANGELO J. ROSSI,
Mayor.

Report of Public Welfare Committee on Young Corbett-Jackie Fields Fight.

The following report was presented by Supervisor Power and made a *Special Order of Business for 4 p. m. next Monday* and copies ordered sent to members:

March 27, 1933.

Board of Supervisors, City and County of San Francisco, City Hall, San Francisco, California.

Gentlemen: Pursuant to Resolution No. 647, introduced by Honorable Andrew J. Gallagher, asking for an investigation of the treatment of the people in connection with the conducting of the Young Corbett-Jackie Fields Boxing Contest held on Washington's Birthday, February 22nd, the Public Welfare Committee held two lengthy hearings. At the committee hearing, the people were represented by Supervisor Andrew J. Gallagher, and Messrs. Putnam and Hoffman were represented by William B. Hornblower, through his associate, R. H. Schubert.

After carefully weighing the oral and documentary evidence submitted by both sides, the undersigned find as follows:

1. That the promoters of the above fight are guilty of mismanagement.

2. It appears that the rules and regulations of the State Athletic Commission relating to the proper handling of such contests were not complied with.

In view of the above findings, we respectfully suggest as a measure of protection to our fellow citizens and visitors that the findings be forwarded to the State Athletic Commission with the recommendation that they take the necessary action on same to avoid a repetition of what took place on that day. We further suggest that the State Athletic Commission take appropriate measures making it necessary to have all details as to the number of seats, various classifications and prices, together with the time and place of sale, available at least forty-eight (48) hours before the fight, so that the Commission may pass an official report on to the public through the press on which the public can confidently rely.

We further suggest that the management of Seals Stadium make some needed changes at the Stadium, if they intend holding any similar contests in the future, relative to the situation of box offices and the number and location of bleacher turnstiles, so that the people buying and holding different priced seats will be amply separated and not forced to converge at one spot to gain entrance. This, we believe, will alleviate any possibility of congestion.

In conclusion, we feel that the promoters of the Young Corbett-

Jackie Fields fight should be censured for their apparent neglect and lack of foresight in handling said fight.

Respectfully submitted,

PUBLIC WELFARE COMMITTEE,
By JAMES E. POWER, JR.,
Chairman,
CARL W. MILES, Member,
ALFRED RONCOVIERI, Member.

Six-Hour Day on Public Works

(Code No. 5.41)

Supervisor McSheehy presented:

Resolution No. 534, as follows:

Whereas, throughout our country millions of our citizens who are able and anxious to work are unable to find employment; and

Whereas, improvements in machinery during the past twenty years have displaced countless thousands of those who, before the making of said improvements, found steady employment; and

Whereas, the only permanent way in which the present economic stress of our country can be removed is by finding employment for all those who are able and willing to work; and

Whereas, the matter of unemployment is of particular interest to the people of the City and County of San Francisco for the reason that the citizens of that City and County voted a bond issue of $6,500,000 for the relief of those in need by reason of unemployment conditions and if said unemployment conditions cannot be remedied the City and County of San Francisco will have to continue with the giving of relief to those who are in need, all of which is a heavy burden upon the taxpayers of the City and County of San Francisco; and

Whereas, the most effective way of relieving unemployment conditions will be the shortening of the ordinary work day so that such employment as may be forthcoming will be spread among the greatest possible number of persons; and

Whereas, the surest way to bring about the shortening of the ordinary work day will be to have the national, state and various municipal governments inaugurate a six-hour working day on all public work performed under their respective jurisdictions, thereby showing to others engaged in private enterprise the benefits to be derived from the shortened day of labor; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby call upon the Congress of the United States to enact suitable legislation limiting the hours during which any particular individual may perform labor or render services on public works under the jurisdiction of the United States to six hours in any calendar day; and be it

Further Resolved, That said Board of Supervisors call upon the Legislature of the State of California to adopt similar legislation in regard to public works under the jurisdiction of the State of California or any political subdivision thereof; and be it

Further Resolved, That in cases of emergency involving the immediate necessary preservation of public peace, property, health or safety of federal, state or county or municipal government the limitations for labor hereinbefore mentioned shall not apply; and be it

Further Resolved, That a copy of this resolution be sent to the Representatives in Congress from the City and County of San Francisco and to the San Francisco delegation in the State Legislature, with a request that any legislation tending to carry out the limitations for labor herein provided be diligently supported.

Adopted by the following vote:

Resolution No. 703, as follows:

Whereas, on April 15, 1933, The San Francisco News, the Bernal Boosters, Inc., the Mission Baseball Club and the Seals Baseball Club will hold their Sixth Annual Baseball Hunt on Bernal Heights; and

Whereas, this affair has for its purpose the promotion of baseball and the encouragement of the children in clean, active sport and is of city-wide interest to all youth; now, therefore, be it

Resolved, That his Honor the Mayor be and he is hereby respectfully requested to proclaim Saturday, April 15, 1933, Baseball Day; and be it

Further Resolved, That his Honor the Mayor be requested to appoint a committee of Supervisors to represent the City and County at this event.

Adopted by the following vote:

Ayes—Supervisors Breyer, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Spaulding, Stanton—13.

Absent—Supervisors Brown, Shannon—2.

Mayor Requested to Appoint Citizens' Committee for Proper Observance of Army Day, April 6, 1933.
(Code No. 5.92)

Supervisor Miles presented:

Resolution No. 704, as follows:

Whereas, April 6, 1933, has been designated by the War Department as Army Day, a special day for doing honor to the United States Army; and

Whereas, the Army has aided the citizens of San Francisco in great emergencies and always stands ready to defend them against danger to persons and property; now, therefore, be it

Resolved, That his Honor the Mayor be respectfully requested to appoint a citizens' committee to arrange for the proper observance of Army Day on April 6, 1933.

Adopted by the following vote:

Ayes—Supervisors Breyer, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Spaulding, Stanton—13.

In Memoriam: Louis Sloss.
(Code No. 5.91)

Supervisor Hayden presented:

Resolution No. 705, as follows:

Whereas, the City and County of San Francisco has lost another pioneer and man of deep initiative and extensive interests, both financial and social, in the person of Louis Sloss; and

Whereas, the life of the deceased was intimately bound up with the initiation, development and accomplishment of interests that have made for the port of San Francisco and the establishment of industries out of the great northwest possession of Alaska; and

Whereas, his whole life was one of active participation in and for

the best interest of this City and County of San Francisco; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco publicly expresses regret at the death of Louis Sloss; and be it

Further Resolved, That a copy of this resolution be spread on the minutes of this meeting, and that the Board adjourn, when it does adjourn, out of respect to the memory of the late Louis Sloss.

Adopted unanimously by rising vote.

In Memoriam: George Tourny.

(Code No. 5.91)

Supervisor Canepa presented:

Resolution No. 706, as follows:

Whereas, death has closed the long, honorable civic and financial career of George Tourny, president of The San Francisco Bank; and

Whereas, the deceased was a man of remarkable ability as a financier, as an executive, as an administrator and as a civic official whose life and services in the interest of the public weal should be stimulative to all who survive him; and

Whereas, his interest in his native city in matters of art, music, sports and numerous other activities indicates the well-rounded and well-developed mental and physical man; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby publicly express and deeply deplores the loss to the City and County of San Francisco of such an outstanding and upright gentleman as was the late George Tourny, and offers its sincere sympathy and condolence to his widow and the members of his family in this their bereavement; and be it

Further Resolved, That a copy of this resolution be spread on the minutes of this meeting and that another copy be forwarded to the widow of the late George Tourny.

Adopted unanimously by rising vote.

Congress Urged to Pass Bill Legalizing Wine With Alcoholic Content from Ten to Twelve Per Cent.

(Code No. 5.92)

Supervisor Canepa presented:

Resolution No. 707, as follows:

Whereas, at the instigation of President Roosevelt and through the prompt action of the Congress, the sale and consumption of beer has been legalized, in conformity with the campaign pledges of the Democratic party and the mandate of the people; and

Whereas, the Board of Supervisors of the City and County of San Francisco appreciate and desire to commend the President and Congress for the dispatch with which this important legislation was enacted: and

Whereas, it will be necessary, in order to fully comply with the spirit of the pledge, to change the law so as to permit the manufacture, sale and consumption of light wines, the product of naturally fermented grapes, with an alcoholic content of from ten to twelve per cent; and

Whereas, the production of grapes is one of the most important industries in the State of California; and

Whereas, the enactment of legislation in this regard will provide a market for the tremendous surplus of California grapes; and

Whereas, legalization of light wines, which are non-intoxicating in fact, will promote true temperance; and

Whereas, legalization of light wines will immediately put to work

thousands of men now out of employment, not only in production of wine, but also in related industries; and

Whereas, legalization of light wines will add millions of dollars to California farm land values; will add millions of dollars to the annual income of California grape growers, and will provide still more millions in income to related industries for bottles, barrels, lumber, printing and for transportation, hotel, restaurant and public utility services; and

Whereas, legalization of wine will provide an additional source of revenue to the government through taxes to be levied thereon; and

Whereas, Representative Lea of California has introduced a bill in the House of Representatives proposing the legalization of wine with an alcoholic content from ten to twelve per cent; now, therefore, be it

Resolved, That the President, the Vice-President and Congress be and they are hereby commended for the efficient and expeditious manner in which the beer bill was handled; and be it

Further Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby memorialize Congress and does respectfully urge that the bill of Representative Lea legalizing wine with an alcoholic content from ten to twelve per cent be passed; and be it

Further Resolved, That a copy of this resolution be forwarded to all of California's representatives in the United States Congress, as well as to President Roosevelt, Vice-President Garner and Speaker of the House of Representatives Rainey.

Adopted by the following vote:

Ayes—Supervisors Breyer, Canepa, Colman, Gallagher, Havenner, Hayden, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—13.

Absent—Supervisors Brown, McSheehy—2.

Final Passage.

The following emergency ordinance was taken up and *finally passed* by the following vote:

Appropriating $586,500 from Relief Bond Fund for the Purpose of Caring for and Maintaining the Indigent Sick and Dependent Poor, and Declaring the Existence of an Emergency.

(Code No. 9.051.)

Supervisor Miles presented:

Bill No. 295, Ordinance No. 9.05161, as follows:

Appropriating the sum of $586,500 from the Relief Bond Fund, issue 1932, for the purpose of caring for and maintaining the indigent sick and dependent poor of the City and County of San Francisco, and declaring the existence of an emergency.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. There is hereby appropriated from the Relief Bond Fund, issue of 1932, the sum of $586,500 for the purpose of caring for and maintaining the indigent sick and dependent poor of the City and County of San Francisco during the month of April, 1933.

Section 2. The Board of Supervisors does hereby declare that an actual emergency exists relative to the care and maintenance of the indigent sick and dependent poor of the City and County of San Francisco, as follows:

That the funds heretofore appropriated for the purpose of caring for and maintaining the indigent sick and dependent poor of the

City and County of San Francisco have been expended, and that there is no money available at the present time for this purpose, and that by reason thereof an immediate appropriation is necessary for the preservation of the lives and health of a large number of the citizens of the City and County.

(Request of C. M. Wollenberg, Director of Relief.)

Ayes—Supervisors Breyer, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Spaulding, Stanton—13.

Absent—Supervisors Brown, Shannon—2.

Creating the Board of Beverage Commissioners; Regulating the Retail Sale, Service and Dispensing of Beverages in Excess of Half of One Per Cent of Alcohol by Volume and Not in Excess of Three and Two Tenths Per Cent of Alcohol by Weight; Providing for Licenses to Dealers; Providing for the Granting, Denying and Revoking of Permits; and Prescribing Penalties for a Violation of This Ordinance.

(Code No. ————.)

Supervisor Stanton presented:

Bill No. ——, Ordinance No. ——, as follows:

Creating the Board of Beverage Commissioners; regulating the retail sale, service and dispensing of beverages in excess of half of one per cent of alcohol by volume and not in excess of three and two-tenths per cent of alcohol by weight; providing for licenses to dealers; providing for the granting, denying and revoking of permits; and prescribing penalties for a violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Beverage Commissioners of the City and County of San Francisco is hereby created.

Section 2. The Mayor shall appoint three qualified electors, other than City and County officials or employees, for terms of three years to constitute the Board of Beverage Commissioners. The compensation for each member thereof shall be twenty ($20) dollars per meeting of the board actually attended by such members, provided that the total amount paid to all members of the board shall not exceed four thousand five hundred ($4,500) dollars per year. The persons first appointed shall determine their terms by lot so that one such term shall expire at twelve o'clock noon on the 15th day of January in each of the years 1934, 1935 and 1936, and upon these and successive expirations, the Mayor shall appoint their successors for three-year terms.

Section 3. The said Board of Beverage Commissioners shall regulate the retail sale, dispensing and serving of beverages in excess of half of one per cent of alcohol by volume and not in excess of three and two-tenths per cent of alcohol by weight, and this ordinance shall govern and control only the retail handling of such beverages.

Section 4. Application for a permit to engage in business as a beverage dealer under the terms of this ordinance must be made by the filing of a written application with the Board of Beverage Commissioners, on forms provided therefor, describing the location of the place where the business is to be carried on and the full name and address of the applicant. Upon the receipt of such application the Board of Beverage Commissioners shall inquire into the moral character of the applicant, and if his moral character be good, he shall become eligible to engage in business as a beverage dealer, whereupon the Board of Beverage Commissioners shall cause an investigation to be made of the location of the proposed place of business and if, upon determining

that said applicant is of good moral character and the location of said proposed business is a desirable one for such business, said Board of Beverage Commissioners may grant said applicant a permit to conduct such business at the location mentioned in the application, provided, however, that no permit shall be transferable or assignable without the consent in writing of the Board of Beverage Commissioners.

Section 5. No permit shall be issued to any person who is not a citizen of the United States of America, and who has not been a resident of this City and County for at least one year prior to the filing of an application hereunder.

Section 6. No permit shall be granted for a period in excess of one year. Permits may be revoked only upon written charges verified by the complainant and filed with the Board of Beverage Commissioners that any holder of a permit as a beverage dealer has conducted his business in a disorderly or improper manner, or in violation of this or any other ordinance of the City and County of San Francisco, statute of the State of California or statute of the United States of America. A copy of such charges shall be served upon said beverage dealer at least five days prior to the date set for the hearing of such charges, and upon the hearing said dealer shall be entitled to be represented by counsel, and to a fair and impartial trial upon the matters embraced in such charges, and if the charges shall be found to be untrue the complaint shall be dismissed. If the charges shall be found to be true, the then existing permit may be revoked, or suspended for a period of time to be designated by said Board of Beverage Commissioners. An appeal may be taken to the Board of Permit Appeals under the provisions of the Charter. During the first three months of the existence of this ordinance said Board of Beverage Commissioners may grant temporary thirty-day permits.

Section 7. Every beverage dealer engaged in the business of selling beverages to be consumed upon the premises shall pay a license of one hundred ($100) dollars per annum payable in quarterly installments of twenty-five ($25) dollars each. Said installments shall date from the time that the license shall be issued.

Section 8. Every beverage dealer engaged in the business of selling beverages not to be consumed upon the premises shall pay a license of twenty-five ($25) dollars per annum payable in quarterly installments of six dollars and 25 cents ($6.25) each.

Section 9. In no event shall a permit be granted by said Board of Beverage Commissioners to any person, firm or corporation for the sale, service or dispensing of beverages in any establishment or any place of business operated solely as a public saloon, public bar or barroom.

Section 10. Licenses shall be obtained from the Tax Collector and shall be issued by him only upon the presentation to him of a permit from the Board of Beverage Commissioners. All licenses shall be conspicuously posted on the premises.

Section 11. It shall be unlawful for any person, firm or corporation, either as principal, agent, servant or employee, to set up, conduct or maintain any premises or fixed place of business, wherein the beverages provided for herein are sold, furnished, served or dispensed, without first obtaining a permit from said Board of Beverage Commissioners and a license from the Tax Collector, and it is hereby made the duty of any and all such persons, firms or corporations, to ascertain that such permit has been granted and that such license has actually been issued, and is still in full force and effect.

Section 12. The occupying, setting up, conducting or maintaining of any such premises or fixed place of business with the intent to sell, serve or dispense any such beverages in violation of the terms of this ordinance is hereby declared to be a public nuisance. This ordinance

is passed under the permit, license and police power, as they exist independently of each other.

Section 13. This ordinance shall not apply to the serving, furnishing or dispensing of any such beverages by any person at his home or elsewhere as an act of hospitality, so long as the same is not done in evasion, or attempted evasion, of the provisions of this ordinance, nor shall it apply to regularly licensed physicians, surgeons, apothecaries or chemists who use or dispense any such beverages for medicinal purposes when prescribed by a duly licensed medical practitioner.

Section 14. No permit shall be granted by the Board of Beverage Commissioners to any person, firm or corporation for the sale, dispensing, furnishing or serving of such beverages for consumption on premises where minors customarily or habitually congregate or gather; and it shall be unlawful for any beverage dealer, under any circumstances, to sell such beverages to minors without the consent of their parents or guardians.

Section 15. The Board of Beverage Commissioners shall have the power to appoint a secretary at a salary not to exceed four thousand two hundred ($4,200) dollars per annum and such other employees as may be necessary to investigate and fully report any information necessary to said Board of Beverage Commissioners in connection with the provisions of this ordinance. Such employees may be provided for by ordinance.

Section 16. In the granting or denying of any permit, or the revoking or the refusing to revoke any permit, the Board of Beverage Commissioners may take into consideration the effect of the proposed business or calling, upon surrounding property and upon its residents and inhabitants; and in granting or revoking said permit, or revoking or refusing to revoke a permit, may exercise its sound discretion as to whether said permit should be granted, transferred, denied or revoked.

Section 17. No permit shall be granted for the sale, service or dispensing of said beverages, to be consumed upon the premises, in close proximity to a public school, playground or church. The determination of close proximity in each case shall be determined by the Board of Beverage Commissioners.

Section 18. All ordinances in conflict with the provisions of this ordinance are, to the extent of such conflict, hereby repealed.

Section 19. Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than twenty-five ($25) dollars nor more than five hundred ($500) dollars, or by imprisonment in the county jail for not less than five days and not more than six months, or by both such fine and imprisonment.

Section 20. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional or unlawful such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, subsection, sentence, clause and phrase thereof irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases may be declared to be unconstitutional or unlawful.

Section 21. This ordinance shall take effect immediately and is hereby declared to be an emergency measure necessary to preserve the public peace, health and safety within the meaning of Section 16 of the Charter. Following is a statement of facts constituting such emergency:

The Congress of the United States of America has enacted legislation

permitting the sale and possession of the beverages described in this ordinance; that there is no ordinance of the City and County of San Francisco nor law of the State of California regulating the possession and sale of said beverages; and if no ordinance such as this is enacted immediately said beverages will be sold indiscriminately.

RECESS.

Supervisor Roncovieri moved to recess until 8 p. m. this evening for the consideration of the foregoing.

Motion *carried*—Supervisor McSheehy voting *no*.

RE-ASSEMBLED.

The Board of Supervisors re-assembled at 8 p. m.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Breyer, Canepa, Colman, Gallagher, Havenner, Hayden, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—13.

Absent—Supervisors Brown, McSheehy—2.

Supervisor Brown appeared and was noted present at 9:15 p. m.

San Francisco Chronicle Declared Official Newspaper.

(Code No. 3.03.)

Resolution No. 701, as follows:

Whereas, the Purchaser of Supplies has advertised for bids for the official advertising for the City and County of San Francisco, for the period of one year from April 1, 1933, to April 1, 1934; and

Whereas, The San Francisco Chronicle Publishing Company was the lowest and best bidder for the doing of said advertising, and the bid of said San Francisco publishing company was accepted, and the contract for doing said official advertising was awarded to said San Francisco publishing company; now, therefore, be it

Resolved, That the San Francisco Chronicle, a daily newspaper of general circulation published in the City and County of San Francisco, and having a bona fide daily circulation of at least eight thousand copies, is hereby selected as and declared to be the official newspaper of the City and County of San Francisco, for one year from April 1, 1933.

Adopted by the following vote:

Ayes—Supervisors Breyer, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Spaulding, Stanton—13.

Absent—Supervisors Brown, Shannon—2.

University Professors to Make Impartial Survey of Unemployment Relief Administration.

(Code No. 19.071.)

Supervisor Havenner presented:

Resolution No. 702, as follows:

Whereas, the City and County of San Francisco has for the past year been extending relief to a large group of its residents who, by reason of the present economic conditions, have been unable to obtain employment; and by reason of that fact have been unable to provide for themselves and their families; and

Whereas, in all probability unemployment conditions will continue to exist, at least to a considerable extent, during the coming fiscal

year, and that by reason thereof it will be necessary for San Francisco or other public agencies to care for many of the residents of the City and County during said year; and

Whereas, the Board of Supervisors is, by the laws of the State, directly charged with the administration of all funds raised by the City and County for relief purposes, and that while said Board has confidence in the administration of the relief funds as carried on by the Citizens' Relief Committee and by Charles M. Wollenberg, Director of Relief, various questions as to the standards of relief to be adopted in the future will arise during the coming year, especially by reason of the fact that application has been made to the Reconstruction Finance Corporation for aid in our relief work, and that therefore it will be of great benefit to the City that an impartial survey be made as to the standards and methods of relief to be adopted during the coming fiscal year, should said relief continue to be necessary; now, therefore, be it

Resolved, That in order that an impartial survey may be made of the standards of relief now in effect and which should in the future be followed in San Francisco, the President of the University of California, the President of the University of San Francisco, and the President of Leland Stanford, Jr., University, each, be respectfully requested to suggest to this Board the names of two disinterested persons skilled in the administration of relief, and that from said persons so suggested, the President of this Board be, and he is hereby, directed to appoint three persons to make a full and complete survey of the methods and standards of relief which should be adopted in all future relief work administered under the direction of this Board; and be it

Further Resolved, That it is respectfully requested that said names be suggested not later than April 15th, 1933, and that the persons selected by the President of this Board to make said survey report to this Board at their earliest opportunity; and be it

Further Resolved, That the Mayor be requested to recommend an appropriation sufficient in amount to enable said persons selected to function for the purposes in this resolution set forth; and be it

Further Resolved, That a copy of this resolution be transmitted by the Clerk of this Board to the respective presidents of the universities hereinbefore mentioned with the request that each of said presidents suggest names in conformity with the terms hereof.

Referred to Finance and Public Welfare Committee.

Director of Relief to File Monthly Statement.

On motion duly made and *carried*, the Director of Unemployment Relief was requested to file a monthly statement of relief fund administration with the Board of Supervisors.

Limitation of Height of Buildings in Certain District.

The following was presented and read by the Clerk:

Report from the City Planning Commission submitting draft of ordinance, as requested, governing height of buildings in district bounded by Washington, Fillmore, a line parallel with, and midway between Union and Green streets and Van Ness avenue.

Referred to City Planning Committee.

Consideration of Beverage Ordinance.

The Beverage ordinance heretofore presented by Supervisor Stanton was taken up.

Motion.

Supervisor Canepa moved final passage as an emergency ordinance.

Supervisor Brown raised the point of order that Section 13 of the Charter requires a separate and specific vote on the emergency clause.

City Attorney John O'Toole, being asked his opinion, declared that it was customary to pass the emergency clause as a part of the ordinance itself, providing there were the necessary three-fourths vote; but that if question was raised, a specific vote on the emergency could be required.

Communications.

The following were presented and read by the Clerk:

Communication from Lee S. Ginley, general manager Fat Boy Barbecue, in company with several other restaurant owners, commending the Board on its fairminded attitude in the matter of regulation of sale of 3.2 per cent beer, and stating that it is heartily in accord with the provision restricting sale to minors, but that at this time the zoning restriction would be unwise where established business is in close proximity to churches or schools.

Communication from P. L. Ryan, V. G., pastor of Star of the Sea church, suggesting the desirability of prohibiting the sale of beer within 250 or 300 feet of any church or school.

Telegram from Building Owners and Managers Association of San Francisco, opposing the creation of a new bureau for the regulation of the sale of beer, and stating that the subject should be handled by an appropriate department already functioning.

Telegram from San Francisco Real Estate Board, opposing the creation of a new bureau to regulate sale of beer, as an unnecessary expense, and suggesting the matter be left in the hands of the Police Department.

Communication from Board of Deacons and Deaconesses and Pastor of Twenty-first Avenue Baptist church, making formal protest against issuance of permits to serve beer or wine on various locations on Geary boulevard, Clement street, either east or west side of Twenty-first avenue between Anza and California streets.

Privilege of the Floor.

The following were granted the privilege of the floor and were heard at length:

A. N. Henry, of Henry & Henry, real estate dealers, asked "if all parts or requirements of the ordinance are complied with, must the permit be granted," and was advised that the matter was in the discretion of the Board of Beverage Commissioners if the ordinance passed.

He declared that such discretionary power was often very much abused.

Charles Kay, No. 1235 Market street, suggested a flat license of $100 per annum, and held that the Police Commission handle the beverage license permits, thereby saving the cost of a new commission.

Mrs. Best, representing Sunset Transportation and Improvement Club, was heard in reference to granting permits for sale of beverages in the proximity of schools, churches, playgrounds, etc., where children congregate.

Mrs. Mary Wagner was heard on same question.

William Hanry, representing Governmental Research Bureau, referring to Section 24 of the Charter, questioned the right of the Mayor or the Board of Supervisors to create a new commission. He declared that such action would be an unnecessary expense on the taxpayers, and would be a duplicate of existing facilities competent to handle the matter.

Milton Marks, representing California State Brewers' Association, was heard at length; as to the creation of a new bureau he had no opinion to offer, but thought that granting or withholding of permits to sell beer should not be left to the untrammeled "discretion" of any board. Section 5, he said, prohibits sale by firms, corporations and chain stores. As to Section 7, he suggested a graduated license

fee; as section stands, a small dealer pays as much as one doing a larger amount of business.

Section 14 should be amended, as in its present form beer could not be sold to adults if minors are present. The Charter (Section 35) gives all power to the Police Commission. He said that he was opposed to unlimited and uncontrolled discretionary power in any board. He believed that it would lead to great abuses.

James Hanley, Jr., opposed Section 15, providing for a Secretary of the Board of Beverage Commissioners at a salary of $4,200 per annum. He suggested that a salary of $250 per month would be ample.

James S. Mancuso, 117 Germania street, was also heard in regard to sale of beer near churches and schools.

Supervisor Hayden's Amended Ordinance.

Whereupon, Supervisor Hayden, seconded by Supervisor Roncovieri, presented the following as an amendment to the committee's recommendation:

Regulating the Retail Sale, Service and Dispensing of Beverages in Excess of Half of One Per Cent of Alcohol by Volume and Not in Excess of Three and Two-tenths Per Cent of Alcohol by Weight; Providing for Licenses to Dealers; Providing for the Granting, Denying and Revoking of Permits; and Prescribing Penalties for a Violation of This Ordinance.

(Code No. ———.)

Bill No. ——, Ordinance No. ——, as follows:

Regulating the retail sale, service and dispensing of beverages in excess of half of one per cent of alcohol by volume and not in excess of three and two-tenths per cent of alcohol by weight; providing for licenses to dealers; providing for the granting, denying and revoking of permits; and prescribing penalties for a violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Chief of Police shall regulate the retail sale, dispensing and serving of beverages in excess of half of one per cent of alcohol by volume and not in excess of three and two-tenths per cent of alcohol by weight, and this ordinance shall govern and control only the retail handling of such beverages. The Police Commission shall serve as an advisory board to the Chief of Police in the hearings on permit applications, transfers and proposed revocations under the provisions of this ordinance, and may make such recommendation to said Chief as in its judgment the facts established by any such hearing shall warrant.

Section 2. Application for a permit to engage in business as a beverage dealer under the terms of this ordinance must be made by the filing of a written application with the Chief of Police, on forms provided therefor, describing the location of the place where the business is to be carried on and the full name and address of the applicant. Upon the receipt of such application the Chief of Police shall inquire into the moral character of the applicant, and if his moral character be good, he shall become eligible to engage in business as a beverage dealer, whereupon the Chief of Police shall cause an investigatioo to be made of the location of the proposed place of business and if, upon determining that said applicant is of good moral character and the location of said proposed business is a desirable one for such business, said Chief of Police may grant said applicant a permit to conduct such business at the location mentioned in the application, provided, however, that no permit shall be transferable or assignable without the consent in writing of the Chief of Police.

Section 3. No permit shall be issued to any person who is not a citizen of the United States of America, and who has not been a resident of this City and County for at least one year prior to the filing of an application hereunder.

Section 4. No permit shall be granted for a period in excess of one year. Permits may be revoked only upon written charges verified by the complainant and filed with the Chief of Police that any holder of a permit as a beverage dealer has conducted his business in a disorderly or improper manner, or in violation of this or any other ordinance of the City and County of San Francisco, statute of the State of California or statute of the United States of America. A copy of such charges shall be served upon said beverage dealer at least five days prior to the date set for the hearing of such charges, and upon the hearing said dealer shall be entitled to be represented by counsel, and to a fair and impartial trial upon the matters embraced in such charges, and if the charges shall be found to be untrue the complaint shall be dismissed. If the charges shall be found to be true, the then existing permit may be revoked, or suspended for a period of time to be designated by said Chief of Police. An appeal may be taken to the Board of Permit Appeals under the provisions of the Charter. During the first three months of the existence of this ordinance said Chief of Police may grant temporary thirty-day permits.

Section 5. Every beverage dealer engaged in the business of selling beverages to be consumed upon the premises shall pay a license of one hundred ($100) dollars per annum payable in quarterly installments of twenty-five ($25) dollars each. Said installments shall date from the time that the license shall be issued.

Section 6. Every beverage dealer engaged in the business of selling beverages not to be consumed upon the premises shall pay a license of twenty-five ($25) dollars per annum payable in quarterly installments of six dollars and 25 cents ($6.25) each.

Section 7. In no event shall a permit be granted by said Chief of Police to any person, firm or corporation for the sale, service or dispensing of beverages in any establishment or any place of business operated solely as a public saloon, public bar or barroom.

Section 8. Licenses shall be obtained from the Tax Collector and shall be issued by him only upon the presentation to him of a permit from the Chief of Police. All licenses shall be conspicuously posted on the premises.

Section 9. It shall be unlawful for any person, firm or corporation, either as principal, agent, servant or employee, to set up, conduct or maintain any premises or fixed place of business, wherein the beverages provided for herein are sold, furnished, served or dispensed, without first obtaining a permit from said Chief of Police and a license from the Tax Collector, and it is hereby made the duty of any and all such persons, firms or corporations to ascertain that such permit has been granted and that such license has actually been issued, and is still in full force and effect.

Section 10. The occupying, setting up, conducting or maintaining of any such premises or fixed place of business with the intent to sell, serve or dispense any such beverages in violation of the terms of this ordinance is hereby declared to be a public nuisance. This ordinance is passed under the permit, license and police power, as they exist independently of each other.

Section 11. This ordinance shall not apply to the serving, furnishing or dispensing of any such beverages by any person at his home or elsewhere as an act of hospitality, so long as the same is not done in evasion, or attempted evasion, of the provisions of this ordinance, nor shall it apply to regularly licensed physicians, surgeons, apothecaries

or chemists who use or dispense any such beverages for medicinal purposes when prescribed by a duly licensed medical practitioner.

Section 12. No permit shall be granted by the Chief of Police to any person, firm or corporation for the sale, dispensing, furnishing or serving of such beverages for consumption on premises where minors customarily or habitually congregate or gather; and it shall be unlawful for any beverage dealer, under any circumstances, to sell such beverages to minors without the consent of their parents or guardians.

Section 13. In the granting or denying of any permit, or the revoking or the refusing to revoke any permit, the Chief of Police may take into consideration the effect of the proposed business or calling, upon surrounding property and upon its residents and inhabitants; and in granting or revoking said permit, or revoking or refusing to revoke a permit, may exercise his sound discretion as to whether said permit should be granted, transferred, denied or revoked.

Section 14. No permit shall be granted for the sale, service or dispensing of said beverages, to be consumed upon the premises, in close proximity to a public school, playground or church. The determination of close proximity in each case shall be determined by the Chief of Police.

Section 15. All ordinances in conflict with the provisions of this ordinance are, to the extent of such conflict, hereby repealed.

Section 16. Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than twenty-five ($25) dollars nor more than five hundred ($500) dollars, or by imprisonment in the county jail for not less than five days and not more than six months, or by both such fine and imprisonment.

Section 17. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional or unlawful such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, subsection, sentence, clause and phrase thereof irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases may be declared to be unconstitutional or unlawful.

Section 18. This ordinance shall take effect immediately and is hereby declared to be an emergency measure necessary to preserve the public peace, health and safety within the meaning of Section 16 of the Charter. Following is a statement of facts constituting such emergency:

The Congress of the United States of America has enacted legislation permitting the sale and possession of the beverages described in this ordinance; that there is no ordinance of the City and County of San Francisco nor law of the State of California regulating the possession and sale of said beverages; and if no ordinance such as this is enacted immediately said beverages will be sold indiscriminately.

RECESS.

Thereupon, on motion of Supervisor McSheehy, the Board took a recess until Wednesday, March 29, 1933, at 10 a. m.

WEDNESDAY, MARCH 29, 1933—10 A. M.

RE-ASSEMBLED.

The Board of Supervisors re-assembled for the purpose of considering proposed ordinance for the regulation and licensing the sale of beer.

Members Present.

The roll was called and the following Supervisors were noted present:

Supervisors Breyer, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—13.

Supervisor Miles appeared and was noted present at 11:15 a. m.

Supervisor Brown appeared and was noted present at 1:05 p. m.

Privilege of the Floor.

Attorney Hirschner, representing Retail Grocers, was heard in opposition to the license fees, declaring that few of the smaller dealers would find it possible to make any profit and as a result tax would not yield as large a return as expected. He urged that license fee for retail grocers and others be reduced from $25 to $12 per annum.

Theodore Roche, president of the Board of Police Commissioners, stated the police could handle the work of issuing beer permits without adding to expense or personnel.

Mr. Roche recommended that the ordinance that now forbids aliens from handling liquor be modified so as not to work undue hardship on nearly 500 proprietors of soft drink parlors and restaurants.

An additional $10 filing fee for those seeking permits was suggested by Mr. Roche.

Communications.

The following were read by the Clerk:

Communication from City Attorney advising that new positions in the municipal government can only be created by an appropriation ordinance, and that before the Board of Supervisors would have the authority to create a Board of Beverage Commissioners or provide for any employees to serve under it, but that an appropriation would have to be recommended by the Mayor which would provide for compensation of the members of the commission and its staff of employees.

Communication from his Honor, the Mayor, relative to proposed ordinance providing for the licensing and regulating of the sale of beer, stating that he is of the opinion that no additional expense should be visited upon the taxpayers and that every possible economy should be exercised by every department of our municipal government, and for that reason cannot recommend an appropriation for the creation of a new Board of Beverage Commissioners such as the ordinance contemplates.

Communication from R. J. Johnson suggesting that there be no overproduction of places where legalized beer may be sold, and that in the granting of licenses consideration be given to persons whose places of business for consumption on the premises shall be on a recognized trade or retail street now having that status under the zoning ordinance, and to those reputable business men ready and willing to spend not less than $500 on labor and materials fitting up his place of business, also suggesting prohibition of advertised beer sales by chain stores. Secretary's salary too high.

Communication from New Charter Citizens' Committee, Francis V. Keesling, chairman, opposing the proposal to create a new department and a Board of Beverage Commissioners for the local regulation of

3.2 per cent beer, and quoting sections of the charter upon which said opposition is based.

Supervisor Breyer in the chair.

Amendment to Amendment.

Supervisor Havenner moved as an amendment to Supervisor Hayden's proposed ordinance the following: Strike out "Chief of Police and Police Commission" and insert "Chief of Police, Director of Health and Tax Collector."

Supervisor Shannon raised the point of order that proper procedure was to vote first on Supervisor Hayden's proposed amendment, and then proceed to Supervisor Havenner's proposed amendment.

Point of order sustained by the Chair.

Whereupon, Supervisor Havenner appealed from the decision of the Chair, and the question being put by Supervisor Gallagher: "Shall the decision of the Chair stand as the decision of the Board?" the roll was called and the Chair was sustained by the following vote:

Ayes—Supervisors Canepa, Gallagher, McSheehy, Miles, Peyser, Power, Shannon, Spaulding, Stanton—9.

Noes—Supervisors Brown, Colman, Havenner, Hayden, Roncovieri —5.

Excused—Supervisor Breyer—1.

Supervisor Hayden's Amendment Defeated.

Thereupon, the roll was called on Supervisor Hayden's amendment and the same was defeated by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, Hayden, McSheehy, Roncovieri—6.

Noes—Supervisors Breyer, Canepa, Gallagher, Miles, Peyser, Power, Shannon, Spaulding, Stanton—9.

RECESS.

Whereupon, the Board at 12:45 p. m. took a recess until 2:30 p. m.

RE-ASSEMBLED.

The Board of Supervisors re-assembled at 2:30 p. m. All members heretofore noted being present.

The Board thereupon proceeded to the discussion of the ordinance as originally presented, entitled:

"Creating the Board of Beverage Commissioners; regulating the retail sale, service and dispensing of beverages in excess of half of one per cent of alcohol by volume and not in excess of three and two-tenths per cent of alcohol by weight; providing for licenses to dealers; providing for the granting, denying and revoking of permits; and prescribing penalties for a violation of this ordinance."

Section 8.

Supervisor Canepa moved to amend Section 8, reducing license from $25 to $12 per annum and include provision suggested by Commissioner Roche, "each separate place of business."

Amendment *carried* by the following vote:

Ayes—Supervisors Canepa, Colman, Havenner, Hayden, McSheehy, Peyser, Power, Shannon, Stanton—9.

Noes—Supervisors Breyer, Gallagher, Miles, Roncovieri, Spaulding—5.

Absent—Supervisor Brown—1.

Explanation of Vote.

Supervisor Gallagher explained his vote by saying that he voted *no* because he believed these people are entitled to semi-annual or quarterly payments.

Amendments.

Thereupon, on motion of Supervisor McSheehy, the Board proceeded to consider the ordinance seriatim.

Section 1.

Supervisor Havenner moved that Section 1 be amended to read: "A Board of Beverage Commissioners, consisting of the Chief of Police, Director of Public Health and the Tax Collector, is hereby created."

Amendment *lost* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, Hayden, Roncovieri—5.

Noes—Supervisors Breyer, Canepa, Gallagher, McSheehy, Miles, Peyser, Power, Shannon, Spaulding, Stanton—10.

Whereupon, the Roll was called on Section 1 as originally presented and the same was *adopted* by the following vote:

Ayes—Supervisors Breyer, Canepa, Gallagher, Miles, Peyser, Power, Shannon, Spaulding, Stanton—9.

Noes—Supervisors Brown, Colman, Havenner, Hayden, McSheehy, Roncovieri—6.

Section 2.

Supervisor Peyser, seconded by Supervisor Miles, moved to amend Section 2 by striking out the words: "The compensation of each member thereof shall be nine hundred ($900) dollars per annum, payable in equal monthly installments," and inserting in lieu thereof the words: "The members of said Commission shall serve without compensation."

Amendment *carried* by the following vote:

Ayes—Supervisors Breyer, Canepa, Gallagher, Miles, Peyser, Power, Shannon, Spaulding, Stanton—9.

Noes—Supervisors Brown, Colman, Havenner, Hayden, McSheehy, Roncovieri—6.

Section 3.

Section 3. The said Board of Beverage Commissioners shall regulate the retail sale, dispensing and serving of beverages in excess of half of one per cent of alcohol by volume and not in excess of three and two-tenths per cent of alcohol by weight, and this ordinance shall govern and control only the retail handling of such beverages.

Adopted by the following vote:

Ayes—Supervisors Breyer, Canepa, Gallagher, Miles, Peyser, Power, Shannon, Spaulding, Stanton—9.

Noes—Supervisors Brown, Colman, Havenner, Hayden, McSheehy, Roncovieri—6.

Explanation of Vote.

Supervisor Brown explained his vote by saying that he had no objection to the ordinance as a whole, but to those portions referring to Beverage Commission, "to which I am opposed."

Supervisor McSheehy offered the same explanation.

Section 4.

Supervisor Stanton moved that Section 4 be amended by providing for an "original" filing fee of $2.50, to be paid when application for permit is made.

Amendment *carried* by the following vote:

Ayes—Supervisors Brown, Canepa, Colman, Gallagher, Havenner, Hayden, Peyser, Power, Shannon, Spaulding, Stanton—11.
Noes—Supervisors Breyer, McSheehy, Miles, Roncovieri—4.

Whereupon, Section 4, amended as follows, was *adopted* without objection, to-wit:

Section 4. Application for a permit to engage in business as a beverage dealer under the terms of this ordinance must be made by the filing of a written application, together with an original filing fee of $2.50, with the Board of Beverage Commissioners, on forms provided therefor, describing the location of the place where the business is to be carried on and the full name and address of the applicant. Upon the receipt of such application the Board of Beverage Commissioners shall inquire into the moral character of the applicant, and if his moral character be good, he shall become eligible to engage in business as a beverage dealer, whereupon the Board of Beverage Commissioners shall cause an investigation to be made of the location of the proposed place of business and if, upon determining that said applicant is of good moral character and the location of said proposed business is a desirable one for such business, said Board of Beverage Commissioners shall grant said applicant a permit to conduct such business at the location mentioned in the application, provided, however, that no permit shall be transferable or assignable without the consent in writing of the Board of Beverage Commissioners.

RECESS.

Thereupon, at 5:45 p. m., the Board took a recess until 8 p. m.

RE-ASSEMBLED.

The Board of Supervisors re-assembled at 8 p. m. for the purpose of considering the proposed beverage ordinance.

CALLING THE ROLL.

The Roll was called and the following members were noted present:

Supervisors Breyer, Canepa, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—13.
Absent—Supervisors Brown, Colman—2.

Supervisor Hayden in the chair.

Consideration of the Beverage Ordinance was taken up.

Section 5.

Supervisor Canepa moved to amend Section 5 by inserting after the word "America," "or who has not filed his intention to become a citizen of the United States."

So ordered.

Supervisor Peyser moved to insert at the end of Section 5, "provided that any firm or corporation that is licensed to do business in the State of California and has actually been engaged in business in San Francisco for at least one year shall be deemed to have complied with the provisions of this ordinance."

Amendment *carried* by the following vote:

Ayes—Supervisors Breyer, Canepa, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—13.
Absent—Supervisors Brown, Colman—2.

Supervisor Havenner moved to insert after the words "United States" the following: "nor to any person who is less than twenty-one years of age."

No objection. *So ordered.*

Section 6.

Supervisor McSheehy presented the following proposed amendment to Section 6, as prepared by Police Commissioner Theo. Roche, and moved its adoption:

Section 6. Permits may be revoked only upon written charges verified by the complainant and filed with the Board of Beverage Commissioners that any holder of a permit as a beverage dealer has conducted his business in a disorderly or improper manner, or in violation of this or any other ordinance of the City and County of San Francisco, statute of the State of California or statute of the United States of America. A copy of such charges shall be served upon said beverage dealer at least five days prior to the date set for the hearing of such charges, and upon the hearing said dealer shall be entitled to be represented by counsel, and to a fair and impartial trial upon the matters embraced in such charges, and if the charges shall be found to be untrue the complaint shall be dismissed. If the charges shall be found to be true, the then existing permit may be revoked, or suspended for a period of time to be designated by said Board of Beverage Commissioners. Upon the revocation or suspension of said permit the license issued thereunder shall likewise become revoked or suspended. An appeal may be taken to the Board of Permit Appeals under the provisions of the Charter. During the first three months of the existence of this ordinance said Board of Beverage Commissioners may grant temporary thirty-day permits upon payment of the initial license fee installment hereinafter mentioned.

Adopted by the following vote:

Ayes—Supervisors Breyer, Canepa, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—13.

Absent—Supervisors Brown, Colman—2.

Section 7.

Supervisor Gallagher presented the following proposed amendment to Section 7, as suggested by Police Commissioner Theo. Roche, and moved its adoption, to-wit:

Section 7. Every beverage dealer engaged in the business of selling beverages to be consumed upon the premises shall pay a license of one hundred ($100) dollars per annum for each separate place of business, payable in quarterly installments of twenty-five ($25) dollars each.

Adopted by the following vote:

Ayes—Supervisors Breyer, Canepa, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—13.

Absent—Supervisors Brown, Colman—2.

Section 8.

(*See action previously taken, reducing fee to* $12.00.)

Section 9.

On motion of Supervisor McSheehy, Section 9, prohibiting granting permits for establishment of saloon, public bar or barroom, was stricken out.

Supervisor Havenner moved to add a new Section to be known as Section 7a (subsequently Section 9), to read as follows:

Section 9. Licenses for the business of selling beverages to be consumed upon the premises shall be granted only to bona fide public eating places, incorporated clubs and/or hotels, except as otherwise in this ordinance provided. Holders of licenses for the business of selling beverages to be consumed upon the premises may serve beverages to bona fide guests only, to be consumed at regular public tables, eat-

ing counters, or, in the case of hotels, beverages may be served in guest rooms.

It shall be the duty of the Commissioners to have frequent inspections made of premises where beverages are sold for consumption, and if it is found that any such licensee is violating any of the provisions of this ordinance or of the regulations of the Commissioners promulgated hereunder or is failing to observe in good faith the purposes of the ordinance, such license may be revoked after the licensee is given an opportunity to be heard in his defense.

Supervisor Roncovieri moved to amend by inserting the words "with food" after the word "beverages" in the second line.

Amendment *lost* by the following vote:

Ayes—Supervisors Roncovieri, Shannon—2.

Noes—Supervisors Breyer, Canepa, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Spaulding, Stanton—11.

Absent—Supervisors Brown, Colman—2.

Thereupon, the Roll was called on Supervisor Havenner's motion and the same *carried* by the following vote:

Ayes—Supervisors Breyer, Canepa, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—12.

No—Supervisor Gallagher—1.

Absent—Supervisors Brown, Colman—2.

Section 10 (New).

Supervisor Gallagher, seconded by Supervisor Roncovieri, moved to add a new Section (subsequently Section 10), as follows:

Section 10. Licenses shall be due and payable quarterly, in advance, and fall due on the first day of January, the first day of April, the first day of July and the first day of October in each calendar year, depending upon the particular quarter in which a licensee begins business. In all cases of licenses on new business collectible at periods other than the first day of January, the first day of April, the first day of July and the first day of October, the Tax Collector shall prorate on a monthly basis the amount of license fee due for any one quarter.

Motion *carried* by the following vote:

Ayes—Supervisors Breyer, Canepa, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—13.

Absent—Supervisors Brown, Colman—2.

Section 11 (New).

Supervisor Peyser moved to add a new Section, as follows:

Section 11. One-day permits may be granted for the selling, dispensing and consuming of beverages, provided in this ordinance in halls, assemblies and auditoriums under rules and regulations prescribed by the Commission under the provisions of this ordinance. The fee for such permit shall be $10.00 for each day or fraction thereof, and shall be issued in the same manner heretofore provided for.

So ordered.

Sections 10 (14), 11 (15), 12 (17), 13 (18).

Whereupon, the following Sections as originally presented were taken up and *passed* by the following votes:

Section 10 (subsequently Section 14). Licenses shall be obtained from the Tax Collector and shall be issued by him only upon the presentation to him of a permit from the Board of Beverage Commissioners. All licenses shall be conspicuously posted on the premises.

Ayes—Supervisors Breyer, Canepa, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—13.

Absent—Supervisors Brown, Colman—2.

Section 11 (subsequently Section 15). It shall be unlawful for any person, firm or corporation, either as principal, agent, servant or employee, to set up, conduct or maintain any premises or fixed place of business, wherein the beverages provided for herein are sold, furnished, served or dispensed, without first obtaining a permit from said Board of Beverage Commissioners and a license from the Tax Collector, and it is hereby made the duty of any and all such persons, firms or corporations, to ascertain that such permit has been granted and that such license has actually been issued, and is still in full force and effect.

Ayes—Supervisors Breyer, Canepa, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—13.
Absent—Supervisors Brown, Colman—2.

Section 12 (subsequently Section 17). The occupying, setting up, conducting or maintaining of any such premises or fixed place of business with the intent to sell, serve or dispense any such beverages in violation of the terms of this ordinance is hereby declared to be a public nuisance. This ordinance is passed under the permit, license and police power, as they exist independently of each other.

Ayes—Supervisors Breyer, Canepa, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—13.
Absent—Supervisors Brown, Colman—2.

Section 13 (subsequently Section 18). This ordinance shall not apply to the serving, furnishing or dispensing of any such beverages by any person at his home or elsewhere as an act of hospitality, so long as the same is not done in evasion, or attempted evasion, of the provisions of this ordinance, nor shall it apply to regularly licensed physicians, surgeons, apothecaries or chemists who use or dispense any such beverages for medicinal purposes when prescribed by a duly licensed medical practitioner.

Ayes—Supervisors Breyer, Canepa, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—13.
Absent—Supervisors Brown, Colman—2.

Section 14 (stricken out; see Section 19).

Supervisor Gallagher moved to strike out:

Section 14. No permit shall be granted by the Board of Beverage Commissioners to any person, firm or corporation for the sale, dispensing, furnishing or serving of such beverages for consumption on premises where minors customarily or habitually congregate or gather; and it shall be unlawful for any beverage dealer, under any circumstances, to sell such beverages to minors without the consent of their parents or guardians.

So ordered.

Section 15 (Stricken out).

Supervisor Peyser moved to strike out:

Section 15. The Board of Beverage Commissioners shall have the power to appoint a secretary at a salary not to exceed four thousand two hundred ($4,200) dollars per annum and such other employees as may be necessary to carry out the provisions of this ordinance. Such employees may be provided for by ordinance.

Motion *carried* by the following vote:

Ayes—Supervisors Breyer, Canepa, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—13.
Absent—Supervisors Brown, Colman—2.

Sections 16 (20) and 17 (21).

The following Sections were *adopted* by the following vote:

Section 16 (subsequently Section 20). In the granting or denying of any permit, or the revoking or the refusing to revoke any permit, the Board of Beverage Commissioners may take into consideration the effect of the proposed business or calling, upon surrounding property and upon its residents and inhabitants; and in granting or revoking said permit, or revoking or refusing to revoke a permit, may exercise its sound discretion as to whether said permit should be granted, transferred, denied or revoked.

Ayes—Supervisors Breyer, Canepa, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—13.
Absent—Supervisors Brown, Colman—2.

Section 17 (subsequently Section 21). No permit shall be granted for the sale, service or dispensing of said beverages, to be consumed upon the premises, in close proximity to a public school, playground or church. The determination of close proximity in each case shall be determined by the Board of Beverage Commissioners.

Ayes—Supervisors Breyer, Canepa, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—13.
Absent—Supervisors Brown, Colman—2.

Sections 18 (22), 19 (23), 20 (24).

Section 18 (subsequently Section 22). All ordinances in conflict with the provisions of this ordinance are, to the extent of such conflict, hereby repealed.

Ayes—Supervisors Breyer, Canepa, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—13.
Absent—Supervisors Brown, Colman—2.

Section 19 (subsequently Section 23). Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than twenty-five ($25) dollars nor more than five hundred ($500) dollars, or by imprisonment in the county jail for not less than five days and not more than six months, or by both such fine and imprisonment.

Ayes—Supervisors Breyer, Canepa, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—13.
Absent—Supervisors Brown, Colman—2.

Section 20 (subsequently Section 24). If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional or unlawful, such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, subsection, sentence, clause and phrase thereof irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases may be declared to be unconstitutional or unlawful.

Ayes—Supervisors Breyer, Canepa, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—13.
Absent—Supervisors Brown, Colman—2.

Section 16.

Supervisor Gallagher moved to add a new Section as follows:

Section 16. No delivery to a retailer for the purpose of re-sale of the beverage herein referred to shall be made unless said retailer is the holder of a license in full force and effect.

Motion *carried* by the following vote:

Ayes—Supervisors Breyer, Canepa, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—13.

Absent—Supervisors Brown, Colman—2.

Motion to Adopt as a Whole.

Supervisor Canepa moved the adoption of the ordinance as amended.

SUPERVISOR PEYSER: I second the motion, without the emergency clause. In other words, the ordinance must be adopted first, without the emergency clause. The rule in the Legislature has been to pass the bill itself, and after the bill is passed the emergency clause is adopted.

CHAIRMAN: Your Charter provides that an emergency ordinance, to avoid the necessity for second reading, must be passed by twelve votes. The emergency clause is part of the ordinance. You must declare the emergency in the ordinance. The Chair will rule that this ordinance must carry with it the emergency clause; it cannot be separated, and requires twelve votes.

SUPERVISOR SHANNON: We voted on this ordinance seriatim; we voted each section separately. If you don't like the language used by the gentleman who just took his seat regarding the emergency ordinance, I will move that we pass all Sections of the ordinance with the exception of Section 21.

CHAIRMAN: The Chair shall declare that, under the circumstances, a motion of that kind is equivalent to passage for second reading.

Mr. Wm. Nanry, secretary of the Governmental Research Bureau, being asked by Supervisor Peyser: "Is it not a fact, Mr. Nanry, that in passing an emergency ordinance, the ordinance may be passed first and the emergency clause passed later, as separate items?"

Mr. Nanry replied: "I believe that is the case."

CHAIRMAN: The Chair shall decide that a motion under those circumstances shall be a motion on passage for second reading.

Thereupon, Supervisor Peyser appealed from the decision of the Chair.

Supervisor Havenner, being called upon, put the question: "An appeal has been taken from the decision of the Chair holding that a vote on the Sections of this ordinance, exclusive of the Section declaring it to be an emergency measure, would be equivalent to passage for second reading. A vote 'Aye' sustains the decision of the Chair; a vote 'No' sustains the appeal from the decision of the Chair."

Whereupon, the Roll was called and the *appeal sustained* by the following vote:

Ayes—Supervisors Havenner, McSheehy, Roncovieri—3.

Noes—Supervisors Breyer, Canepa, Gallagher, Miles, Peyser, Power, Shannon, Spaulding, Stanton—9.

Absent—Supervisors Brown, Colman—2.

Excused from Voting—Supervisor Hayden—1.

SUPERVISOR PEYSER: I now renew the motion that we segregate the ordinance and that we adopt the ordinance down to and including Section 20.

Supervisor Shannon seconded the motion.

Supervisor Roncovieri moved that the Board recess until tomorrow at 10 a. m. and that the written opinion of the City Attorney be obtained.

Motion *lost* by the following vote:

Ayes—Supervisors Havenner, Hayden, McSheehy, Roncovieri—4.
Noes—Supervisors Breyer, Canepa, Gallagher, Miles, Peyser, Power, Shannon, Spaulding, Stanton—9.
Absent—Supervisors Brown, Colman—2.

Whereupon, Supervisor Shannon renewed the motion that Sections one to twenty, inclusive, be adopted:

Motion *carried* by the following vote:
Ayes—Supervisors Breyer, Canepa, Gallagher, Miles, Peyser, Power, Shannon, Spaulding, Stanton—9.
Noes—Supervisors Havenner, Hayden, McSheehy, Roncovieri—4.
Absent—Supervisors Brown, Colman—2.

Before the foregoing result was announced, Supervisor Havenner changed his vote from No to Aye and moved for reconsideration.

Supervisor Peyser raised the point of order that a motion for reconsideration applied to final passage only.

CHAIRMAN: Point of order is well taken.

Whereupon, the Roll was called on Section 21, the emergency Section, and the same was defeated by the following vote:

Ayes—Supervisors Breyer, Canepa, Gallagher, Miles, Peyser, Power, Shannon, Spaulding, Stanton—9.
Noes—Supervisors Havenner, Hayden, McSheehy, Roncovieri—4.
Absent—Supervisors Brown, Colman—2.

Thereupon, the Chair declared the ordinance, which follows amended and re-numbered, *passed for second reading*, to-wit:

Creating the Board of Beverage Commissioners; Regulating the Retail Sale, Service and Dispensing of Beverages in Excess of Half of One Per Cent of Alcohol by Volume and Not in Excess of Three and Two-Tenths Per Cent of Alcohol by Weight; Providing for Licenses to Dealers; Providing for the Granting, Denying and Revoking of Permits; and Prescribing Penalties for a Violation of This Ordinance.

(Code No. 3.041)

Bill No. 294, Ordinance No. 3.04122, as follows:

Creating the Board of Beverage Commissioners; regulating the retail sale, service and dispensing of beverages in excess of half of one per cent of alcohol by volume and not in excess of three and two-tenths per cent of alcohol by weight; providing for licenses to dealers; providing for the granting, denying and revoking of permits; and prescribing penalties for a violation of this ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Beverage Commissioners of the City and County of San Francisco is hereby created.

Section 2. The Mayor shall appoint three qualified electors, other than City and County officials or employees, for terms of three years to constitute the Board of Beverage Commissioners. The members of said Commission shall serve without compensation. The persons first appointed shall determine their terms by lot so that one such term shall expire at twelve o'clock noon on the 15th day of January in each of the years 1934, 1935 and 1936, and upon these and successive expirations, the Mayor shall appoint their successors for three-year terms.

Section 3. The said Board of Beverage Commissioners shall regulate the retail sale, dispensing and serving of beverages in excess of half of one per cent of alcohol by volume and not in excess of three and

two-tenths per cent of alcohol by weight, and this ordinance shall govern and control only the retail handling of such beverages.

Section 4. Application for a permit to engage in business as a beverage dealer under the terms of this ordinance must be made by the filing of a written application together with an original filing fee of $2.50 with the Board of Beverage Commissioners, on forms provided therefor, describing the location of the place where the business is to be carried on and the full name and address of the applicant. Upon the receipt of such application the Board of Beverage Commissioners shall inquire into the moral character of the applicant, and if his moral character be good, he shall become eligible to engage in business as a beverage dealer, whereupon the Board of Beverage Commissioners shall cause an investigation to be made of the location of the proposed place of business and if, upon determining that said applicant is of good moral character and the location of said proposed business is a desirable one for such business, said Board of Beverage Commissioners shall grant said applicant a permit to conduct such business at the location mentioned in the application, provided, however, that no permit shall be transferable or assignable without the consent in writing of the Board of Beverage Commissioners.

Section 5. No permit shall be issued to any person who is not a citizen of the United States of America, or who has not filed his intention to become a citizen of the United States, and who has not been a resident of this City and County for at least one (1) year prior to the filing of an application hereunder; provided that any firm or corporation that is licensed to do business in the State of California and has actually been engaged in business in San Francisco for at least one year shall be deemed to have complied with the provisions of this ordinance.

Section 6. Permits may be revoked only upon written charges verified by the complainant and filed with the Board of Beverage Commissioners that any holder of a permit as a beverage dealer has conducted his business in a disorderly or improper manner, or in violation of this or any other ordinance of the City and County of San Francisco, statute of the State of California or statute of the United States of America. A copy of such charges shall be served upon said beverage dealer at least five days prior to the date set for the hearing of such charges, and upon the hearing said dealer shall be entitled to be represented by counsel, and to a fair and impartial trial upon the matters embraced in such charges, and if the charges shall be found to be untrue the complaint shall be dismissed. If the charges shall be found to be true, the then existing permit may be revoked, or suspended for a period of time to be designated by said Board of Beverage Commissioners. Upon the revocation or suspension of said permit the license issued thereunder shall likewise become revoked or suspended. An appeal may be taken to the Board of Permit Appeals under the provisions of the Charter. During the first three months of the existence of this ordinance said Board of Beverage Commissioners may grant temporary thirty-day permits upon payment of the initial license fee installment hereinafter mentioned.

Section 7. Every beverage dealer engaged in the business of selling beverages to be consumed upon the premises shall pay a license of one hundred ($100) dollars per annum for each separate place of business, payable in quarterly installments of twenty-five ($25) dollars each.

Section 8. Every beverage dealer engaged in the business of selling beverages not to be consumed upon the premises shall pay a license of twelve ($12) dollars per annum for each separate place of business, payable annually.

Section 9. Licenses for the business of selling beverages to be consumed upon the premises shall be granted only to bona fide public eating places, incorporated clubs and/or hotels, except as otherwise in this ordinance provided. Holders of licenses for the business of sell-

ing beverages to be consumed upon the premises may serve beverages to bona fide guests only, to be consumed at regular public tables, eating counters, or, in the case of hotels, beverages may be served in guest rooms.

It shall be the duty of the Commissioners to have frequent inspections made of premises where beverages are sold for consumption and if it is found that any such licensee is violating any of the provisions of this ordinance or of the regulations of the Commissioners promulgated hereunder or is failing to observe in good faith the purposes of the ordinance, such license may be revoked after the licensee is given an opportunity to be heard in his defense.

Section 10. Licenses shall be due and payable quarterly in advance, and fall due on the first day of January, the first day of April, the first day of July and the first day of October in each calendar year, depending upon the particular quarter in which the licensee begins business. In all cases of licenses on new business collectible at periods other than the first day of January, the first day of April, the first day of July, and the first day of October, the Tax Collector shall prorate on a monthly basis the amount of license fee due for any one quarter.

Section 11. One-day permits may be granted for the selling, dispensing and consuming of beverages provided in this ordinance, in halls, assemblies and auditoriums under rules and regulations prescribed by the Commission under the provisions of this ordinance. The fee for such permit shall be $10.00 for each day or fraction thereof, and shall be issued in the same manner heretofore provided for.

Section 12. In no event shall a permit be granted by said Board of Beverage Commissioners to any person, firm or corporation for the sale, service or dispensing of beverages in any establishment or any place of business operated solely as a public saloon, public bar or barroom where said beverages are directly dispensed over a bar to be then and there consumed.

Section 13. Licenses shall be obtained from the Tax Collector and shall be issued by him only upon the presentation to him of a permit from the Board of Beverage Commissioners, and shall renew said licenses unless the Board of Beverage Commissioners shall file written objection with the Tax Collector to such renewal or continuance. All licenses shall be conspicuously posted on the premises.

Section 14. Licenses shall be obtained from the Tax Collector and shall be issued by him only upon the presentation to him of a permit from the Board of Beverage Commissioners. All licenses shall be conspicuously posted on the premises.

Section 15. It shall be unlawful for any person, firm or corporation, either as principal, agent, servant or employee, to set up, conduct or maintain any premises or fixed place of business, wherein the beverages provided for herein are sold, furnished, served or dispensed, without first obtaining a permit from said Board of Beverage Commissioners and a license from the Tax Collector, and it is hereby made the duty of any and all such persons, firms or corporations, to ascertain that such permit has been granted and that such license has actually been issued, and is still in full force and effect.

Section 16. No delivery to a retailer for the purpose of resale of the beverage herein referred to shall be made unless said retailer is the holder of a license in full force and effect.

Section 17. The occupying, setting up, conducting or maintaining of any such premises or fixed place of business with the intent to sell, serve or dispense any such beverages in violation of the terms of this ordinance is hereby declared to be a public nuisance. This ordinance is passed under the permit, license and police power, as they exist independently of each other.

Section 18. This ordinance shall not apply to the serving, furnishing or dispensing of any such beverages by any person at his home or elsewhere as an act of hospitality, so long as the same is not done in

evasion, or attempted evasion, of the provisions of this ordinance, nor shall it apply to regularly licensed physicians, surgeons, apothecaries or chemists who use or dispense any such beverages for medicinal purposes when prescribed by a duly licensed medical practitioner.

Section 19. It shall be unlawful for any beverage dealer under any circumstances knowingly to sell such beverages to minors except in company with parents or guardian.

Section 20. In the granting or denying of any permit, or the revoking or the refusing to revoke any permit, the Board of Beverage Commissioners may take into consideration the effect of the proposed business or calling, upon surrounding property and upon its residents and inhabitants; and in granting or revoking said permit, or revoking or refusing to revoke a permit, may exercise its sound discretion as to whether said permit should be granted, transferred, denied or revoked.

Section 21. No permit shall be granted for the sale, service or dispensing of said beverages, to be consumed upon the premises, in close proximity to a public school, playground or church. The determination of close proximity in each case shall be determined by the Board of Beverage Commissioners.

Section 22. All ordinances in conflict with the provisions of this ordinance are, to the extent of such conflict, hereby repealed.

Section 23. Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than twenty-five ($25) dollars nor more than five hundred ($500) dollars, or by imprisonment in the county jail for not less than five days and not more than six months, or by both such fine and imprisonment.

Section 24. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional or unlawful such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, subsection, sentence, clause and phrase thereof irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases may be declared to be unconstitutional or unlawful.

Explanation of Certain Votes.

SUPERVISOR RONCOVIERI: I desire to explain my vote. I am going to vote "No" for the reason that the Beverage Commission does not suit me. There is something about it that I do not like. I won't express myself any further, but it does not look right to me.

SUPERVISOR GALLAGHER: I would like to explain my vote, and say to the other members of this Board we discussed and decided the question of what institution would deal with this problem. Had the Board decided, Mr. Chairman, to place this in any department, or wherever it saw fit, as against my wishes, I would have respected the great urgency involved in this measure, and have voted for it, against my will, perhaps, but because of the emergency if I failed to vote "Aye" at this time, I must state fully the fact that a chaos relative to the legislation will exist on the night of April 6th. On account of the fact that I voted against it, and as a result of my refusal to do so. I may admit for myself that the provisions of this ordinance in toto do not please me, and I am mindful of the fact that it will be materially changed, and probably in the near future. Yet, if I am to take into consideration the protection of the business of San Francisco, I must take some action. The Board have, by proper vote, decided the issue as to where it will go. Taking into consideration the effect of a

vote "No" on the business of San Francisco now, I would be constrained to vote "Aye" nevertheless, regardless of my own view. As to the statement made by the speaker who has just preceded me, I sought to put a certain significance on the statement that there is something wrong. I presume he meant—I would like to feel that he meant that there is something wrong so far as he views the situation. I trust that is what he meant. It is true that there are a number of people who are deeply concerned about placing this matter in the hands of the Police Department. If it were Mr. Roche, and the ordinary members of that Commission, I think we might consent, although it does not belong there, it belongs in the Health Department as well as the Police Department. Therefore, in consideration of the fact that if this measure were passed, even though it be changed later, even though another department might be selected later, if arguments could be made to prevail, if this measure is not passed I can foresee approximately twenty thousand places in San Francisco purveying beverages we call "Beer" or of alcoholic content, from every conceivable place, and in any—under any conceivable condition they see fit to sell it. I don't want to see that come about, even in the face of my own personal views, I would sacrifice them in the light of the people sitting behind me, in the interest of the people who have legitimate established businesses, and certainly deserve some protection, and would not hold—speaking for myself—to my stubborn views and would attempt to reconcile my stubbornness, if I were stubborn, with the theory that although I have the power by a vote or two to deprive these people of protection, I would go on, and that I would convince people later of the error of their way if I could, but I would nevertheless consider vitally first of all the protection of these people now established, who desire protection, and will need it very badly.

THE CHAIRMAN: Supervisor Havenner?

SUPERVISOR HAVENNER: Mr. President, I don't yield to anybody in my solicitude for the interests of the people. I happen to know the people who are sitting behind the Supervisor, through their private expressions to me, are not in favor of the creation of a new commission to handle the permits for the regulation and sale of beer, so we are not passing this particular instrument, with its present positions, at their instance, or at their insistence. I have no doubt they want to see some sort of regulation carried out, although I may say I am advised, and I think all of us have been advised through the public press, that there is a very strong likelihood that this ordinance if it were adopted, it may not even go into effect, because I understand the State Legislature is going to enact a general law for the regulation of the sale of beer throughout the State of California, which will supersede the local legislation, and will not permit local legislation to become effective.

My objection to this ordinance as it stands is in the composition of the commission, in which you would vest this authority, and I am going to take upon myself the responsibility, very frankly, if my colleagues do not, the blocking of this piece of legislation, and I will do it through my right, if there be any means of reconsideration. I want the public to have a chance to digest the thing that has been done here today, and I have had sufficient experience in public life to know a program when I see one, and there has been every evidence here today of a most stubborn and powerful program; and I must say I have not been honored with any consultation concerning this program. I don't know its origin, or whence it emanated, but I know it is here, you can see it on every side. There is no discussion of anything except the insistence that a new commission be set up, and I don't believe the taxpayers of San Francisco want this commission, and I am willing to take it upon myself, this dreadful responsibility for a few days, to allow the taxpayers to study this, and to express myself; and then, if a shower of condemnation comes to me from the taxpayers, and I am convinced that my stand is a stubborn and harmful one, I think I can be made to change my view. I think the public

opinion will be commendatory on this, however, on those who prevent this from going through, and it is not going through tonight.

ADJOURNMENT.

Whereupon, the Board at the hour of 12:45 a. m., March 30, 1933, adjourned.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

MONDAY, APRIL 3, 1933, 2 P. M.

In Board of Supervisors, San Francisco, Monday, April 3, 1933, 2 p. m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—15.

Quorum present.

His Honor President Hayden presiding.

APPROVAL OF JOURNAL.

The Journals of Proceedings of March 27 and 29, 1933, were laid over for approval until next meeting.

State Legislative Matters.

Under the order giving right of way to reports of Judiciary and Legislative Committee on matters in Legislature affecting San Francisco, Supervisor Peyser said:

In Assembly Bill 657 provision is made for the postponement of the payment of second installments of taxes to May 15 without penalty. I am advised that, owing to the fact that San Francisco is on a cash basis, it would be impossible for us to permit the thirty (30)-day period to elapse without the payment of any money. I understand that Mr. Leavy would be favorable to an amendment to the effect that postponement may be permissible, and requiring the action of the Board of Supervisors of each county, and that postponement should be as follows:

Fifty per cent of the installment to be paid immediately; that is, about April 20; 25 per cent to be paid by May 15, and the last payment 25 per cent by June 15. The deferred payments to bear interest at the rate of 6 per cent, without penalty for the failure until that time, but if each respective installment is not paid at the time set forth, namely, May 15 and June 15, that the penalty would attach.

I should like to have instruction from the Board so that our representative may take such action as may be deemed necessary. Assembly Bill 657 would be detrimental to our community because, being on a cash basis, we would need some money. Mr. Leavy says he would be satisfied with 50 per cent of it.

I move that it be the sense of the Board that we oppose Assembly Bill 657 in this form and offer as a substitute the proposal I have just made.

So ordered.

Consideration of Mayor's Veto.

March 24, 1933.

To the Honorable The Board of Supervisors, City Hall, San Francisco.

Gentlemen: I am herewith returning Resolution No. 689, disapproved.

My reasons for vetoing this Resolution are as follows:

1. The cost of preparing specifications and estimated costs for widening Fell street from Van Ness avenue to Baker street will involve a substantial expenditure. There are no funds at present available for this purpose.

2. The same applies to preparation of specifications and cost estimates for widening Oak street between Van Ness avenue and Baker street.

3. The more logical method of procedure will be to determine a route and when funds are available for the proposed construction, to prepare the detailed plans and specifications.

Respectfully,

(Signed) ANGELO J. ROSSI,
Mayor.

The following matter was, on motion of Supervisor Spaulding, *laid over one week and made a Special Order for 2:30 p. m.*

SPECIAL ORDER—2:30 P. M.

Milk Ordinance.

(Code No. ———.)

Bill No. ———, Ordinance No. ———, as follows:

Regulating all traffic in milk, cream and milk food products, the production, handling, processing, distribution, labeling, sale and offering for sale in the City and County of San Francisco of milk, cream and milk food products; providing for the issuance and revocation of permits therefor; fixing standards and definitions for milk, cream and milk food products; providing for inspection of all premises used in the production, handling, distributing, processing, sale or offering for sale of milk, cream and milk food products in said City and County; enforcing the tuberculin testing of all dairy cattle producing milk for consumption in said City and County; providing for the examination of all employees engaged in the production and processing of milk, cream and milk food products; authorizing the Director of Public Health of the City and County of San Francisco to enforce the provisions of this ordinance, and providing penalties for the violation thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Director of Public Health of the City and County of San Francisco is hereby authorized to regulate and control the production of and the traffic in milk, cream and milk food products in the said City and County, and of all milk and cream produced in other counties for consumption in the City and County of San Francisco; to provide for the inspection of milk, cream and milk food products in said City and County and at such other places where milk is produced or handled for distribution or sale in said City and County, and to enforce the provisions of this ordinance.

Section 2. Wherever in the ordinance the following words, terms or names are used, they shall be construed as follows:

Subdivision 1. *Pasteurizing Plant*: Any plant or establishment where raw milk or cream is received for pasteurization, cooling or processing, or in which raw milk or cream is pasteurized, cooled or processed, or from which milk or cream is delivered for distribution to the retail trade, is deemed to be a pasteurizing plant within the meaning of this ordinance.

Subdivision 2. *Dairy Farm*: Any place or premises upon which milk is produced for sale or distribution is a dairy farm within the meaning of this ordinance.

Subdivision 3. The word "person" as used in this ordinance shall be construed to mean both the singular and plural, as the case demands, and shall include individuals, corporations, companies, societies and associations. When construing and enforcing the provisions of this ordinance, the act, omission or failure of any employee, officer, agent or other person acting for or employed by any individual, corporation, company, society or association, within the scope of his employment or office, shall in every case also be deemed to be an act, omission or failure of such individual, corporation, company, society or association, as well as that of the person. The provisions of this ordinance shall be construed to apply to hotel keepers, restaurant keepers and boarding house keepers and any person who shall serve meals to the public.

Subdivision 4. *Score Card*: The official score card for pasteurizing plants and dairy farms shall be the score card adopted by the Director of Public Health and the minimum standard of rating shall be in accordance with said score card. *Provided that the minimum standard of rating shall not be less than that fixed by the Director of the Department of Agriculture.*

Subdivision 5. *Market Milk or Cream*: Wherever the terms market milk or cream are used in this ordinance they shall be construed to mean milk or cream in their natural fluid state, as prepared for human consumption, without being converted into any other form or product.

Subdivision 6. Milk is the fresh, clean, lacteal secretion obtained by the complete milking of one or more healthy cows properly fed and kept, excluding that obtained within 18 days before and 8 days after parturition, free from foreign substances detrimental to its quality or to the quality of the products prepared therefrom, and contains not less than three and four-tenths (3.4) per cent of milk fat and not less than eight and five-tenths (8.5) per cent of solids not fat. Nothing stated in this subdivision shall be construed as prohibiting the standardization of milk at a uniform fat content of not less than three and four-tenths (3.4) per cent of milk fat. In the standardization of Grade A pasteurized milk, the milk and cream used for the enrichment of said milk shall be of the same grade.

Subdivision 7. *Cream*: Cream is that portion of milk rich in milk fat, which rises to the surface of milk on standing, or is separated from it by centrifugal force, is fresh and clean, and contains not less than twenty (20) per cent of milk fat and not more than seven and eight-tenths (7.8) per cent of milk solids not fat in cream containing twenty (20) per cent of milk fat and correspondingly less solids for greater percentages of milk fat. Cream shall have been produced from nonreacting tuberculin tested cows, or shall be pasteurized and shall otherwise conform to the rules and regulations adopted by the Director of Public Health of the City and County of San Francisco. Cream for manufacturing purposes may be repasteurized not exceeding once.

Sour market cream is clean market cream which has been fermented by the action of one or more strains of lactic acid bacteria, so that the product contains a distinct acidity, but which otherwise conforms to all the requirements for market cream. This product may be sold under the designation "sour market cream."

Subdivision 8. *Ice Cream*: Ice cream is a frozen product made with pure, sweet milk, cream, skim milk, condensed milk, condensed skim milk, dried milk, dried skim milk, wholesome sweet butter made from sweet cream, pure milk fat, or any combination of any such products, with or without sweetening, and with or without the use of harmless flavoring and coloring, and containing not less than ten (10) per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Fruit Ice Cream: Fruit ice cream is ice cream which contains not less than eight per cent of milk fat and not less than three per cent by weight of clean, mature, sound fruit or the juice thereof, with or without the use of harmless flavoring and coloring and containing not more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Nut Ice Cream: Nut ice cream is ice cream which contains not less than eight per cent of milk fat and not less than one per cent by weight of sound, non-rancid nut meats, with or without the use of harmless flavoring and coloring and containing not more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

When sold by manufacturer, distributor or retailer, ice cream shall not contain non-pathogenic bacteria in excess of fifty thousand (50,000) per gram.

Subdivision 9. *Ice Milk*: Ice milk is a frozen product made with pure sweet milk, evaporated or condensed milk, evaporated or condensed skim milk, dry milk, dry skim milk, pure milk fat or wholesome sweet butter made from sweet cream, or any combination of such products, with or without sweetening, clean, wholesome eggs or egg products, and with or without the use of harmless flavoring and coloring. Ice milk shall contain not less than four per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin. Ice milk when sold by the manufacturer shall contain not more than 50,000 non-pathogenic bacteria per gram.

All containers of ice milk shall be conspicuously labeled and vehicles conveying ice milk for sale and places where ice milk is sold shall display a conspicuous sign containing the words "Ice Milk Sold Here" in letters not less than six inches high, and no person shall use the name "Ice Cream" in connection with the sale of ice milk therewith either orally or written.

Subdivision 10. French ice cream, French custard ice cream, cooked ice cream, ice custards, parfaits and all similar frozen products are varieties of ice cream which shall contain not less than ten per cent of milk fat and not less than five dozen of clean, wholesome egg yolks, or one and five-tenths pounds of wholesome, dry egg yolk containing not to exceed seven per cent of moisture, or three pounds of wholesome, frozen egg yolk containing not to exceed fifty-five per cent of moisture, or the equivalent of egg yolk in other form, for each ninety pounds of ice cream mix, and which shall otherwise conform to the regulations promulgated by the Director of Public Health.

French ice cream or custard ice cream shall not contain at the time of delivery to ultimate consumer more than 50,000 non-pathogenic bacteria per gram.

Subdivision 11. *Goat's Milk*: Goat's milk is the unadulterated, fresh, clean, lacteal secretion, free from colostrum, obtained by the complete milking of one or more healthy goats, properly fed and housed, free from tuberculosis and contagious abortion as determined by a veterinarian in the employ of the Department of Public Health or approved by the State Department of Agriculture. The rules and regulations governing the production, distribution, sale, handling and *pasteurization* of goat's milk shall be the same as those set forth in this ordinance as governing the production, sale, handling, distribution and processing of cow's milk.

Subdivision 12. *Buttermilk*: Buttermilk is the product that remains when butter is removed from milk or cream in the process of churning and to which milk or cream no preservative or neutralizer has been added. Buttermilk to which water has been added is hereby declared adulterated and shall not be sold for human consumption.

Cultured buttermilk is pasteurized milk or pasteurized skim milk, or a combination thereof, with or without an admixture of buttermilk, which has been treated with special cultures of lactic acid bacteria, so that the product somewhat resembles buttermilk in appearance, composition and flavor. Cultured buttermilk must be so labeled as to distinguish it from natural buttermilk.

Subdivision 13. *Unlawful to Sell Skimmed Milk Not Properly Labeled*: It shall be unlawful for any person, firm or corporation to sell, exchange or deliver, or to offer for sale, exchange or delivery, or to cause or permit to be sold, exchanged or delivered, or to be offered for sale, exchange or delivery, or to have in possession for sale, exchange or delivery in the City and County of San Francisco any milk from which any part of the cream shall have been removed, or any skimmed milk, unless the same be offered for sale and sold as skimmed milk, or unless there shall be attached to the outside of every vessel, can or package from or in which such skimmed milk is sold or held for exchange or delivery, a tag upon which shall be printed in black letters at least one inch in height the word "skim" or the words "skimmed milk."

Skim milk shall contain less than 3 per cent of milk fat and not less than 8.8 per cent of solids not fat. Skim milk other than that used in manufacturing shall be pasteurized *and shall come from cows non-reacting to the tuberculin test* in accordance with the method set forth in this ordinance. Said pasteurized skim milk shall be labeled accordingly.

Milk or skim milk, properly pasteurized and combined with fruit or fruit juices, chocolate, chocolate syrups or other harmless syrups, with or without the addition of harmless colorings, may be used in the manufacture and sale of soft drinks under a trade name; provided said trade name does not contain the words "milk" or "cream" or any other word resembling milk or cream; and provided further, that said product shall be so colored or contain ingredients that cause it to look unlike milk or cream or any product thereof.

Subdivision 14. *Adulterated, Impure, Unhealthy and Unwholesome*: The terms adulterated, impure, unhealthy and unwholesome, when applied to milk, as used in this ordinance, mean:

First: Milk containing less than three and four-tenths (3.4) per cent of milk fat and less than eight and five-tenths (8.5) per cent of solids not fat.

Second: Milk drawn from cows within eighteen (18) days before or eight (8) days after parturition.

Third: Milk drawn from cows fed on unhealthful or unwholesome food.

Fourth: Milk drawn from cows kept in an unhealthy or insanitary condition, or from cows affected with any form of disease, or from cows which are supplied with impure or unwholesome water.

Fifth: Milk from which any part of the cream has been removed, *except skimmed milk.*

Sixth: Milk which has been diluted with water or with any other fluid, or to which has been added or into which has been introduced any foreign substance whatever, *except as permitted by this ordinance.*

Seventh: Milk drawn from cows that are in a state of filth and uncleanliness or by milkers who are themselves in a condition of filth and uncleanliness or otherwise physically unfit, *the determination of such fact or facts to be made by the Director of Public Health.*

Eighth: Any milk which is shown by analysis to contain any substances of any character not normal constituents of milk, or to have

been deprived either wholly or in part of any constituent naturally or normally contained in milk, *except as permitted by this ordinance.*

Ninth: Any milk which has been processed in any insanitary pasteurizing plant, or produced on any insanitary dairy farm or factory of dairy products, or other insanitary place, or which has been handled in an insanitary manner.

Tenth: Milk from cows which have not passed the tuberculin test.

Milk which is adulterated, impure, unhealthy, or unwholesome as defined by this ordinance, shall not be sold for human consumption except as herein provided.

Section 3. *MILK FOR HUMAN CONSUMPTION IN THE CITY AND COUNTY OF SAN FRANCISCO:*

Subdivision 1. *Market milk for sale and distribution for human consumption in the City and County of San Francisco, shall consist of the following grades of milk: (a) certified milk, (b) guaranteed pasteurized milk, (c) Grade A pasteurized milk and (d) Grade B pasteurized milk, and no other milk, shall be sold, offered or exposed for sale, exchanged or delivered for human consumption within the City and County of San Francisco. Provided, that Grade B pasteurized milk shall be sold, offered or exposed for sale, delivered or exchanged only for cooking and baking purposes. Provided further, that nothing herein contained shall prevent the delivery and sale of Raw Guaranteed Milk, Raw Grade A Milk or Raw Grade B Milk to wholesalers or to pasteurization plants for the purpose of pasteurizing the same.*

Subdivision 2. *Certified Milk: Certified milk is market milk which conforms to the rules, regulations, methods and standards for the production and distribution of certified milk adopted by the American Association of Medical Milk Commissions and must bear the certification of the Milk Commission of the San Francisco County Medical Society. Certified milk must be the produce of a dairy herd that shall consist solely of cows which have passed the tuberculin test in the manner prescribed by said Milk Commission. It must not contain more than* 10,000 *non-pathogenic bacteria per milliliter of milk, which standard must be attained solely by measures directed towards cleanliness, proper cooling and prompt delivery. Certified milk must contain not less than three and five-tenths* (3.5) *per cent of milk fat and a minimum of solids not fat of eight and five-tenths* (8.5) *per cent. Certified milk must be handled and delivered in sealed containers and on ice within thirty hours after its production and in the manner directed by said Milk Commission. The dairy farm milk room, milkers and dairy utensils, etc., must all conform to the requirements of the said Milk Commission.*

Subdivision 3. *Guaranteed Milk Pasteurized: Guaranteed pasteurized milk shall conform to the following requirements as a minimum: The health of the cows shall be determined by physical examination at least once each month by an official representative of an approved milk inspection service and by a tuberculin test. It shall be produced on dairies which score not less than ninety per cent on the dairy farm score card adopted by the Department of Agriculture of the State of California. It must be delivered in containers having the pouring lip completely protected from contamination and shall be cooled immediately after being drawn from the cow to fifty degrees Fahrenheit or less, and so maintained until delivered for pasteurization, when it shall contain not more than fifteen thousand non-pathogenic bacteria per milliliter, and not less than three and one-half per cent of milk fat. It must be sold to the consumer within thirty hours after production and shall be labeled to indicate the date of sale to the consumer. All persons who come in contact with the raw guaranteed milk must exercise scrupulous cleanliness and must not be afflicted with any communicable disease or in a condition to disseminate the germs of typhoid fever, tuberculosis, diphtheria or other communicable*

disease liable to be conveyed by the milk. The absence of such germs in all such persons shall be determined by bacteriological and physical examination under the direction of the Department of Public Health of the City and County of San Francisco, conducted at the time of employment and every six months thereafter in a manner approved by the Department of Agriculture and the Director of Public Health. When pasteurized it shall contain not more than three thousand non-pathogenic bacteria per milliliter at the time of delivery to the consumer.

Guaranteed milk when raw shall be delivered in sterile containers to pasteurizing plants located in the City and County of San Francisco, to be there pasteurized and thereafter distributed in the manner provided by the regulation of the Director of Health of the City and County of San Francisco.

Subdivision 4. *Grade "A" Pasteurized Milk*: Grade "A" Pasteurized Milk shall conform to the following requirements: It shall be the produce of healthy cows as determined by physical examination at least once in two months by a veterinarian under the supervision of the Director of Public Health of the City and County of San Francisco and by the tuberculin test by such veterinarian, or by a veterinarian approved by the State Department of Agriculture, and from dairy farms scoring not less than 75 per cent on the score card approved by the Director of Public Health of the City and County of San Francisco. The tuberculin test must be repeated annually if no reacting animals are found in the herd. If reacting animals are found, they must be removed from the herd immediately and the tuberculin test repeated in six months, provided that in the first test the percentage of reacting animals found is less than 10 per cent of the herd. If the percentage of reactors found is greater than 10 per cent, the tuberculin test must be repeated in ninety days.

All cows are to be fed, watered, housed, and milked under conditions approved by the Director of Public Health.

All persons who come in contact with the milk must exercise scrupulous cleanliness and must not harbor the germs of typhoid fever, tuberculosis, diphtheria or other communicable diseases transmissible by milk. Absence of such diseases shall be determined by bacteriologic and physical examination to the satisfaction of the Director of Public Health.

Grade "A" Raw Milk from the dairy farm shall be delivered in sterile containers to the pasteurizing plants located in the City and County of San Francisco, and is to be kept at a temperature of fifty degrees Fahrenheit, or below, until it reaches the pasteurizing plant when it must not contain more than one hundred and fifty thousand (150,000) non-pathogenic bacteria per milliliter and rapidly cooled after pasteurization to a temperature of fifty (50) degrees Fahrenheit or below, and so maintained to the time of delivery to the ultimate consumer.

Grade "A" Pasteurized Milk must not contain more than fifteen thousand (15,000) non-pathogenic bacteria per milliliter at the time of delivery to the ultimate consumer.

Subdivision 5. *Grade "B" Pasteurized Milk*: *Grade "B" Pasteurized milk is market milk which shall conform to the following requirements as a minimum:*

The health of the cows shall be determined by physical examination at least once in six months by a veterinarian in the employ of the Director of Public Health. Grade "B" Pasteurized milk shall be produced on dairy farms that score not less than sixty-five (65) per cent on the dairy farm score card adopted by the Director of Public Health. It shall always be pasteurized and shall contain not more than one million (1,000,000) bacteria per milliliter before pasteurization and not more than fifty thousand (50,000) bacteria per milliliter at the time of delivery to the consumer. Grade "B" Pasteurized Milk shall be sold only in cans to the wholesale trade to be used for cooking and

baking purposes; provided, however, that this latter provision shall not apply to Grade B Cream.

Grade "B" Raw Milk shall be delivered to the pasteurizing plants in the City and County of San Francisco and pasteurized in the same manner as in this ordinance is provided for Grade "A" raw milk.

Subdivision 6. *Manufacturing Milk: Manufacturing milk is such milk as is not fit for human consumption as milk, and may be sold and used in the City and County of San Francisco only under such regulation as the Director of Public Health may provide, and if used for the manufacturing of foodstuffs, provided that in the manufacture of said foodstuffs, or immediately prior thereto, said milk is subjected to a temperature of* 145 *degrees Fahrenheit for thirty consecutive minutes, and provided further, that for every degree above* 145 *degrees Fahrenheit to which said milk is heated, the time during which said temperature must be maintained may be decreased by one minute. The time for maintaining such temperature shall in no case be less than five minutes, except for milk that is re-pasteurized. Re-pasteurized milk shall not be sold as market milk.*

Milk not suitable for human consumption may be sold for industrial purposes, provided it is heated to a higher temperature than necessary for pasteurization, and delivered in a distinctive container plainly marked with the word "Not suitable for human consumption" in letters not less than one-quarter inch in length and one-twelfth stroke. Such milk must not be transported on a vehicle carrying milk for human consumption.

Subdivision 7. *Method of Pasteurization*: Pasteurizing milk consists of the heating of every portion of the milk to not less than one hundred and forty (140) degrees Fahrenheit nor more than one hundred and forty-five (145) degrees Fahrenheit and maintaining same at that temperature for thirty (30) minutes, and immediately cooling thereafter to a temperature of fifty (50) degrees Fahrenheit.

All milk except certified milk intended for human consumption in San Francisco shall be pasteurized in San Francisco in accordance with the method set forth herein.

Each pasteurizing plant shall be equipped with a sufficient number of self-registering devices to accurately record the temperature to which and the length of time for which the pasteurized product has been heated. Such record shall be kept for two months and be available for inspection by the Director of the State Department of Agriculture or any of his agents, *and also by the Director of Public Health or his representative.*

Subdivision 8. *The class or grade of all milk or cream sold, offered, or exposed for sale, delivered or exchanged, in the City and County of San Francisco, and the name and address of the producer or distributor, shall at all times appear plainly and in a conspicuous place, or be securely attached to every bottle, cap, can or container, in which said milk is contained, in capital letters not less than one-eighth inch high and one-sixteenth of an inch wide. Milk not fit for human consumption shall be so marked.*

Subdivision 9. All utensils, equipment and apparatus used in the production, handling and processing of milk, cream and milk food products shall be thoroughly cleaned and sterilized each time after using, and shall be so constructed that all parts are free from spaces not easily cleanable and each surface coming in contact with the milk and cream is smooth and free from rust.

Subdivision 10. *No Person Shall Bring Into the City, Sell or Offer for Sale any Impure, Adulterated or Unwholesome Milk*: It shall be unlawful for any person, firm or corporation, by themselves or by their agents, servants or employees, to bring, or cause to be brought within, sell, offer for sale, exchange, deliver, distribute or have in his, its or

their possession with intent to sell, expose or offer for sale or exchange or to distribute for human consumption, within the City and County of San Francisco, any impure, adulterated, unhealthy or unwholesome milk, except as provided by this ordinance.

Subdivision 11. *Persons Suffering from Communicable Disease*: No person suffering from a communicable disease, or who is a "contact," or who has been recently exposed to any contagious or infectious disease, shall be permitted to milk cows, handle milk or milk utensils in any pasteurizing or processing plant or upon any dairy farm, nor shall any milk be brought into, sold or offered for sale from any dairy farm, when a contagious or infectious disease exists on said dairy farm, until such time as said premises have been inspected and declared in writing free of contagion by an authorized employee of the Department of Public Health of the City and County of San Francisco.

Subdivision 12. *Methods of Serving Milk*: When served in any hotel, boarding house, lunch counter, restaurant or other place of public entertainment, market milk shall be served in the original bottle in sizes ½ pints, pints and quarts only, the cap of which shall not be removed except in the presence of the customer or patron; provided, however, that this provision shall not apply to cream so served.

The bottling of all milk except certified milk is prohibited except in regularly approved and authorized pasteurizing plants.

It shall be unlawful for any person, firm or corporation to sell, exchange, offer or expose for sale or exchange, or have on hand for sale or exchange or serve in any hotel, boarding house, restaurant, saloon, lunch counter or other place of public entertainment any milk or cream to which any gelatin or other substance, except as provided in the general dairy law of California, has been added to increase the consistency of such milk or cream so as to make it appear richer or of better quality; provided, however, that nothing in this ordinance shall be construed as prohibiting the standardization of milk and cream as provided in this ordinance.

Subdivision 13. All grocery stores, delicatessens and other retail establishments handling milk for human consumption must have, in addition to all other sanitary appurtenances, an ice chest of sufficient capacity to hold the amount of milk handled in said premises, and said ice chest must be properly drained in accordance with the plumbing ordinances of the City and County, and must at all times have a capacity of ice or refrigeration which will maintain a temperature under 50 degrees Fahrenheit within said chest.

If grades, market cream of any grade shall conform to all the standards set for market milk of the same grade, except that the maximum bacterial count for cream shall be not more than three times as great as that of the corresponding grade of milk.

Section 4:

Subdivision 1. *Permits Required by Vendors of Milk*: No person, firm or corporation by themselves, or through their agents, servants or employees, shall produce, ship or send into, bring into, or offer for sale, or expose for sale, or sell or deliver for distribution, sale, use or consumption within the City and County of San Francisco, any milk without first having obtained from the Director of Public Health of the City and County of San Francisco a permit so to do. One permit shall be required for each dairy, dairy farm or place of general sale or storage of milk, but no permit shall be granted to anyone where raw milk is received at a central cooling station or plant outside the City and County of San Francisco which handles more than one grade of milk, or where other milk products are made or handled.

No permit to ship or transport raw milk into the City and County of San Francisco from any central cooling plant outside the City and County shall be granted unless said milk so cooled and shipped or

transported comes from dairy farms scoring at least seventy-five per cent, and otherwise complying with the provisions of this ordinance, and unless said cooling plant is constructed and maintained in accordance with plans and specifications approved by the Director of Public Health and said milk is handled as required by this ordinance.

Subdivision 2. In order to procure permits required by this ordinance the applicant shall present to said Director of Public Health a written application, and shall state therein the name and business and residence address of the applicant or applicants, the source or sources from which said applicant or applicants obtain or will obtain supplies of milk, the number of cows in the possession of such applicant, the average quantity of milk procured, produced or handled, and the average quantity disposed of by said applicant, and the manner and character of such disposition, and such other matters as may be required by the Director of Public Health, such application to be made to the said Director of Public Health upon printed blanks to be provided by the Director of Public Health for such purpose. Such application shall further state the specific brand or business name, if any, under which such milk is to be imported, sold, exchanged or distributed.

Subdivision 3. If the Director of Public Health, upon such investigation and inspection as he may make, shall determine that the statements therein made are true, and that the applicant does not intend to bring into, sell, expose, or offer for sale, exchange, deliver or distribute, within the City and County of San Francisco, any unwholesome milk as food for any human being, and that the production, transportation, storage and handling of the same is to be under sanitary conditions and in conformity with the regulations adopted as a part of this ordinance, he shall issue the appropriate permit therefor according to the nature of the business to be transacted or conducted by the applicant.

Subdivision 4. No permits shall be sold or assigned or transferred. Permits shall be subject at all times to revocation by said Director of Public Health in his discretion upon sufficient cause therefor shown; provided, however, that no such permit shall be revoked until after a hearing given by the Director of Public Health in the matter of the revocation of such permit after five (5) days' notice in writing has been served on the owner of such permit, which said notice shall be given to said owner or holder of said permit by mailing said notice by registered mail addressed to his place of residence or business as the same appears on said permit or on the records of the Department of Public Health, which notice shall state the ground of complaint against such owner and the time and place where such hearing shall take place; provided, however, that when the holder of any permit shall have been convicted in any court of any violation of this ordinance by any law relating to the production, transportation, storage, sale or distribution of milk, such permit may be revoked without notice.

Subdivision 5. *Procedure to Follow for Renewal of a Permit Revoked for Cause*: When a permit shall have been revoked by the Director of Public Health, no further permit shall be granted by said Director to the same person, firm or corporation until he, they or it shall file with said Director a bond in the sum of five hundred (500) dollars with two (2) sureties approved by the Director of Public Health, conditioned for the faithful observance of all the regulations of the law and of said Director of Public Health relating to production, importation, sale, delivery and distribution of milk.

Subdivision 6. As often as required, and at least once each year, every person or persons, firm or corporation maintaining a pasteurizing plant or dairy farm in, or bringing milk into the City and County of San Francisco and holding a permit so to do, shall furnish the Director of Public Health a full and true statement of the sources and amounts of the supply of the milk imported, sold or distributed by him or them, with the names and addresses of the persons from

whom the same is obtained and the amount from each source, and such other information as is required by applicants for permits as hereinbefore provided, and all applications for permits, and all such written statements required as aforesaid, shall be registered by the said Director of Public Health.

Subdivision 7. *Official Number of Permits*: When a permit is granted, the Director of Public Health will give the holder thereof an official number, and this number shall be used to mark the products of the pasteurizing plant or dairy farm as hereinafter prescribed.

Subdivision 8. *More Than One Dairy or Dairy Farm Under the Same Ownership or Control*: Two or more pasteurizing plants or dairy farms under the same ownership or control may use the same permit numbers, provided a serial letter is added in each case to designate the pasteurizing plant or dairy farm, and to enable its products to be identified.

Subdivision 9. *Names on Wagons*: All automobiles, motor trucks or other vehicles from which market milk, cream, butter, ice cream, buttermilk or ice milk are sold, marketed, delivered, or peddled, shall have the name and address of the owner and permit number plainly painted thereon in letters at least three inches high, and one and a half inches wide, on both sides of such vehicles, or if such milk is sold or exposed or offered for sale, delivery, distribution, or exchanged within a store or house, then such permit number shall also be constantly exposed in some conspicuous manner at the place wherever such milk is sold, or kept, so as to be plainly apparent.

Subdivision 10. *Rule Governing Renewal of Permit*: Any applicant receiving and holding a permit such as is herein set forth, shall make application for the renewal of the same between January 1st and January 15th of each year, and said permit shall be renewed, provided the applicant complies and conforms to all of the provisions as set forth in this ordinance.

Section 5. In order to carry out the purposes and provisions of this ordinance, the said Director of Public Health and all his officers, agents and employees shall have the right at any time and at all times to enter upon or into the premises of any producer or vendor or distributor of milk authorized under the provisions of this ordinance, and any refusal upon the part of such producer, vendor or distributor to allow such entry and such inspection as may be required and directed by the said Director of Public Health may be punished by the revocation of the permit of such producer, distributor or vendor by the said Director of Public Health.

Section 6. The Director of Public Health and all his officers, agents and employees shall have the right and it shall be their duty to enter and have full access, egress and ingress to all places where milk is stored and kept for sale, and to all automobiles, motor trucks or other vehicles, railroad cars, steamboats, or conveyances of every kind used for the conveyance or transportation or delivery of milk, for the purpose of consumption in the City and County of San Francisco.

Section 7. It shall be the duty of the said Director of Public Health to cause the dairy farms and other establishments from which milk brought into the City and County of San Francisco is obtained, to be inspected from time to time to satisfy said Director of Public Health that the provisions and requirements of this ordinance and all orders issued by said Director are constantly complied with.

Section 8. It shall be unlawful for any person, or persons, firm or corporation to obstruct or interfere with the said Director of Public Health or any officer, agent or employee of said Director of Public Health in the performance of any of the duties required by this ordinance.

Section 9. It shall be the duty of the owner, agent or manager of any pasteurizing plant or dairy farm from which milk is brought into this City and County to forthwith report to the Director of Public

Health of said City and County, in writing, anything of which he has knowledge or notice tending to render milk, obtained from such pasteurizing plant or dairy farm, unwholesome, impure or unhealthy.

Section 10. The Director of Public Health and all his officers, agents and employees shall have the right at any time to take samples of milk and cream from any person selling, exposing for sale, offering for sale, exchanging, delivering, or distributing in the City and County of San Francisco, or shipping into said City and County, milk or cream, provided that such samples shall not exceed in quantity one quart of milk and one quart of cream at any one time. Such samples shall be taken and sealed in full view of and in the presence of any person in charge of such milk or cream, and to said person shall be given at such time one-half of said sample or samples hermetically sealed by said Director of Public Health, or his officers, agents or employees. The other half of said sample shall be likewise hermetically sealed and delivered to said Director of Public Health by the officer, agent or employee of said Director of Public Health taking such sample. It shall be the duty of said officer, agent or employee, at the time said sample is taken, to attach to the bottle of container containing each half of said sample, a statement showing the number of the permit issued by said Director of Public Health displayed upon the tanks, or cans, or bottles, or wagons, from which such milk or cream was taken, and the date of the obtainment of the sample, and the name of the person by whom it was taken, and a memorandum thereof shall be made by the person obtaining such sample in a book kept for that purpose in the office of the Department of Public Health.

MILK COMING FROM OUTSIDE THE CITY AND COUNTY TO BE EXPOSED FOR INSPECTION.

Section 11. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft to have the same tendered and exposed for inspection by the said Director of Public Health, his officers, agents or employees, according to the requirements of said Director of Public Health; provided that said milk shall not be detained for inspection for a longer period than one hour. It shall be the duty of the owner or consignee of milk brought into the City and County of San Francisco by land and over any road or railroad leading into the peninsula of San Francisco, to cause the same to be tendered and exposed for inspection according to the requirements of said Director of Public Health, provided that said milk shall not be detained for inspection a longer period than one hour.

MILK COMING FROM OUTSIDE OF THE CITY AND COUNTY TO BE PLAINLY MARKED WITH THE SHIPPER'S NAME, ADDRESS, PERMIT NUMBER AND NUMBER OF TANKS OR CANS CONTAINED IN THE SHIPMENT.

Section 12. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft, railroad, or by land over any road, to attach to one tank or can of each shipment a tag setting forth the following facts in a clear and legible manner:

Name of shipper.....
Address.....Permit No.....
Number tanks.....Milk.....Cream.....

MILK TO BE TIGHTLY COVERED.

Section 13. It shall be unlawful to sell, offer for sale, expose for sale or ship into the City and County of San Francisco, for human consumption, any milk or cream in any tank or container, holding more than three gallons, which is not provided with a proper and tight-fitting mushroom cover.

SALE OF MILK AND CREAM IN QUANTITIES OF ONE QUART OR LESS.

Section 14. It shall be unlawful for any person, firm or corporation to distribute, sell, offer for sale, or keep with the intention of selling, any milk or cream in quantities of one (1) quart or less, in stores or any other place (except where the milk or cream is consumed upon the premises), unless the milk or cream is contained in tightly closed sterile bottles or receptacles of a similar character.

MILK AND CREAM BOTTLES TO BE CAPPED AND MARKED.

Section 15. All bottles or receptacles of a similar character in which milk and cream are distributed or sold must have stamped or printed on the cap or covers, in a conspicuous and legible manner, the name, address and permit number of the person, firm or corporation bottling said milk or cream, and the specific kind of milk or cream contained therein.

NAMES OF BRANDS ON BOTTLES AND CAPS OR COVERS MUST NOT DIFFER.

Section 16. It shall be unlawful to distribute, sell, offer for sale, or expose for sale, any milk or cream in any bottle or receptacle bearing in any manner thereon the name or names of any person, firm or corporation other than or different from the name or names printed or inscribed upon said cover or can of such bottle or receptacle.

TRANSFER OF MILK ON STREET.

Section 17. No person shall transfer any milk from one can, bottle or receptacle on any street, alley or thoroughfare, or upon a delivery wagon, or other vehicle, or in any place in the City and County of San Francisco, except in a dairy or dairy farm the sanitary condition of which has been approved by the Director of Public Health.

Section 18. *Where this ordinance or the regulation of the Director of Public Health is silent upon any matter pertaining to the production, processing, pasteurization, transportation, sale, delivery, use or handling of milk, cream or of any of the products of either milk or cream, the provision of the state law or the regulations of the Director of Agriculture shall apply thereto.*

Section 19. *The Director of Public Health is hereby authorized to make such rules and regulations not in conflict with this ordinance or the state law for the purpose of carrying out the provisions of this ordinance.*

PENALTY FOR VIOLATION OF PROVISIONS OF THIS ORDINANCE.

Section 20. Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than twenty-five (25) dollars and not more than five hundred (500) dollars, or by imprisonment in the County Jail for not more than one hundred (100) days, or by both such fine and imprisonment.

Section 21. All orders and ordinances and parts of orders and ordinances in conflict with this ordinance are hereby repealed.

Section 22. *Constitutionality*: If any section, subsection, subdivision, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Board of Supervisors hereby declares that it would have passed this ordinance, and each section, subsection, subdivision, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses or phrases be declared unconstitutional.

AMENDMENTS TO MILK ORDINANCE SUBMITTED BY SUPERVISOR GALLAGHER.

Amendment No. 1.

After the end of Section 19 insert the following:

Section 19-A, Regulation 1. *The Dairy Farm; Location of Buildings*: No buildings used for dairy purposes shall be within two hundred yards of marshy ground, stagnant water, abattoir or other place or class of business detrimental to the production of sanitary milk, and no chicken coop, hogpen, or horse stable shall be adjacent to the buildings used for the drawing, keeping or handling of milk.

Regulation 2. *Surroundings to Be Clean*: The surroundings of all buildings shall be kept clean and in good order. The accumulation of dirt, rubbish, manure or decayed matter shall not be permitted.

Regulation 3. *Water Supply*: The dairy shall be supplied with an abundance of pure water. Water from wells or springs which are not protected against the entrance of flood and surface water shall not be used for cooling milk or cleaning utensils.

Regulation 4. *Examination of Water*: A sample of the water shall be furnished the Board of Health at any time requested.

Regulation 5. *Plans and Specifications*: When required plans and specifications in duplicate of the plants for which application for inspection is made, also of new plants and plants to be remodeled, must be submitted to the Board of Health for approval.

Regulation 6. *Construction of Stables, Milk Houses, Erection, Alteration, Maintaining of Insanitary Structures Prohibited*: No person shall in any dairy, or dairy farm, erect or cause or permit to be erected by alteration, or maintain, any stable, milk house or any other building or structure which, or any part of which, shall be inadequate or defective in respect to strength, ventilation, light, drainage, or any other usual, proper or necessary provision or precaution for the security of health or life.

Regulation 7. *Cubic Air Space Per Cow*: Milking sheds and cow barns in which cows are milked and not otherwise kept must have not less than 500 cubic feet of air space in the clear for each and every animal milked therein. If said sheds and barns are used for stables for housing of the cattle during the day or night, or at other times than the regular milking hours, then each animal must have not less than 1000 cubic feet of air space in the clear.

Regulation 8. *Light and Ventilation. Light*: The side wall of all milking sheds and cow barns must be provided with windows or openings of not less than four (4) square feet for each cow.

Skylights in Roof: Sheds or barns so constructed as to provide for two or more central milking strings shall be required to install skylights of a size and at such locations as to furnish light equivalent to two (2) square feet of window space for each cow to be accommodated in said central milking strings.

All windows in side wall of milking sheds or cow barns must open inward at the top for a distance of not less than 10 inches, securely fastened at the bottom.

Louvre ventilation must be provided in the roof of all milking sheds and cow barns.

Regulation 9. *Construction of Side Walls, Ceilings*: The side or area walls of all milking sheds or cow barns hereafter erected must be of concrete or of brick or of stone laid in cement mortar, and shall extend from the footing below the floor line upward to a height of not less than four (4) feet above the finished floor level, and shall be at least six (6) inches thick at top if of concrete and eight (8) inches thick if of brick or stone.

Interior Finish of Side Walls: The exposed surfaces of the concrete, brick or stone walls must be covered with a layer of cement troweled to a smooth surface.

The side walls from the top of the concrete to the plate of the milking shed or cow barn if of wood shall be tight and so as to prevent dust from sifting through and so constructed as to be easily cleaned, and kept free from cobwebs and dirt.

Ceilings: When in the judgment of the Dairy Inspectors it is deemed necessary and so reported in writing the Director of Public Health shall require the ceiling of milking shed or cow barn to be sheathed with tongue and groove.

Regulation 10. *Construction of Floors*: Floors must be of concrete. The floors of all milking sheds and cow barns must be of concrete not less than four (4) inches in thickness, covered with a finishing layer of cement one-half (½) inch in thickness troweled so as to leave a "rough finish."

Gutter Drains: Gutter drains shall be constructed in rear of each string of cows at the time the floor is put down, and said gutter drains must have a uniform thickness as that of the stable floor and shall not be less than twelve (12) inches in width inside measurement and not less than four (4) inches in depth, with sufficient fall to carry off all liquid discharges.

Sewer: All gutter drains must be properly connected to a sewer or drain so as to efficiently carry off all discharges and wash waters to distance sufficient to avoid same becoming a source of contamination to the dairy or its water supply.

Regulation 11. All existing milking barns so constructed that their condemnation in the opinion of the Director of Public Health is unwarranted and where said milking barn is kept in a sanitary condition and no feature thereof constitutes a menace to the production of a sanitary milk as intended by this ordinance, permission to use said barns may be granted. Where barns are located on sloping ground or where the floor of said milking shed or barn is more than four feet above the ground and is otherwise approved by the Board of Health, the floors and gutter drains may be of wood and the side walls sheathed to a height of four (4) feet with smooth sheet metal.

Regulation 12. *Hand Basins in Stable*: Each milking shed and cow barn shall be provided with an adequate number of stationary hand basins, properly supplied with running water, soap and towels, conveniently located for use of milkers.

Water for Cleansing Stable: The stable shall further be supplied with stationary lines of pipes having hose bib outlets located at convenient points so that the stable can be properly hosed down and flushed out after each milking.

Regulation 13. *The Milk House, Wash Room, Milk Room*: There shall be a room which shall be used for no other purpose than to provide a place for handling the milk, storing clean milk utensils, and holding fresh milk previous to its removal from the dairy. The milk room shall be within easy access of the stable, but so placed that it cannot be easily reached by dust or odors from the stable or yard or other source. If under the same roof with the stable it shall be separated therefrom by a light, clean, ventilated passageway.

Floor of Milk and Wash Rooms: The floors of the milk room and wash rooms shall be of concrete not less than three inches in thickness covered with a finishing layer of cement one-half inch in thickness troweled to a smooth surface.

A floor drain shall be installed in each milk room which shall be properly trapped to a sewer, and the floor of the milk room shall be so put down that all points slope toward the floor drain.

Foundation Walls: The foundation or area walls of all milk and wash rooms shall be of concrete not less than 6 (six) inches in thickness and extended to a height of not less than four (4) feet above the finished floor level.

Sidewalks and Ceilings: The outer walls or sheathing of all milk and wash rooms shall be tight, the inside shall be lined with tongue and groove lumber put on in a workmanlike manner and must be painted two coats of lead and oil paint of a light color or an approved waterproof paint—whitewash is strictly prohibited.

Windows and Ventilation: The milk and wash rooms shall be well lighted and ventilated with proper sash fitted window and louvre vent shafts.

Screening of Doors and Windows: All windows, ventilators or openings of milk and wash rooms shall be securely screened with finely woven wire mesh and all doors leading into said rooms must be provided with tightly closing screen doors, having metal springs to prevent the entrance of insects and flies.

Regulation 14. *Equipment, Sanitation of Wash Room, Dairy Appurtenances, Utensils, Bottles. Size and Equipment of Wash Room*: Every dairy and dairy farm must provide a properly constructed wash room, separate and apart from a dwelling place and of a size adequate to properly cleanse and sterilize all utensils, cans and dairy appurtenances.

Cleansing Equipment: All wash rooms in dairies or on dairy farms must be provided with a steam boiler or other approved apparatus capable of producing boiling water and live steam for the cleansing, rinsing and sterilizing of all utensils and apparatus used in or about the dairy.

Racks and Shelves and Wash Trays: Wooden racks, pegs and shelves and wooden wash trays are prohibited in wash rooms. Racks and shelves must be of metal and wash trays may be of metal, enamel iron, cement or other similar non-absorbing materials.

Cleansing of Utensils: In dairies and milk depots, all cans, bottles and other utensils, after being used shall be thoroughly washed in water containing lye or sodium carbonate (sal soda), or some substance containing a mixture of these with or without soap.

Not more than twenty (20) cans or fifty (50) bottles shall be washed in a tank or tub containing less than ten (10) gallons of water, unless said tank or tub is filled with a fresh solution as provided herein.

Regulation 15. *Rinsing and Sterilizing After Washing*: After being washed off, all cans, bottles and other utensils shall be thoroughly rinsed in a tank or tub having a constant inflow of clean fresh water. The rinsing tank or tub, while in use, must have a constant inflow and outflow of water. After being rinsed, all cans, bottles and other milking utensils shall be effectively sterilized by the action of live steam. After being so subjected to live steam, said cans, bottles, or other milk utensils shall not be allowed to stand in any place where they are exposed to dirt, dust, flies, or other contamination.

Wash Trays: Wash trays and rinsing tanks used for the cleansing of cans, bottles and other milking utensils shall not be used for any other purpose.

Cleaning of Brushes: All brushes, scrapers and other appliances used in cleaning cans, bottles and other utensils must be sterilized daily, and at all times must be free from incrustations and dirt.

Daily Cleansing of Wash Tanks and Floors: Wash trays and tanks for cleansing and rinsing milk utensils and the floors of the wash room must be cleaned daily.

Regulation 16. *The Dairy Herd, Testing Inspected Herds*: The dairy herd on any dairy farm receiving a permit to produce or ship guaranteed milk into the City and County of San Francisco shall undergo an annual physical examination which shall include the testing of said herd with tuberculin, and every bovine on the farm over

six (6) months of age shall be required to submit to said physical and tuberculin test under the direction and supervision of the Director of Public Health of San Francisco. The tuberculin shall be furnished by the owners of the herd tested.

Reacting Animals: All animals reacting to said tuberculin test shall be branded T. B. and removed from said dairy farm within fifteen days.

Additions to Dairy Herd: All additions made to said dairy herd shall undergo the physical and tuberculin test under the direction and supervision of the Director of Public Health before said additions are admitted to the herd.

Animals Passed to Be Tagged: All bovines passed shall be tagged with a numbered metal tag bearing date of test and the words: "Tested and Passed, Board of Health, San Francisco."

Retesting of Herd Annually: The entire herd and every bovine on said farm over six (6) months of age shall be annually retested prior to the reissuance of a permit.

Regulation 17. *Dairy Herd Producing Milk for Pasteurization*: The dairy herd, on any farm receiving a permit to produce or ship milk into the City and County of San Francisco, shall be free from disease as determined by physical examination at least once in two months, by a qualified veterinarian of the Board of Health.

Regulation 18. *Care of Herd*: All long hairs about udders and flanks must be clipped and tails of cows must be kept short enough to clear the ground.

Sick Animals: Sick cows, or cows showing signs of tuberculosis, contagious abortion, mammitis, mammary abscess, disease of the udder or teat, or actinomycosis (lumpjaw), or other evidence of ill health, or suspected of being ill shall be at once removed from the main stable and the milk of all such shall be discarded.

Regulation 19. *Men and Animals Must Be Clean*: No milk shall be taken from any cow, goat, or other milk-producing animal unless such animal shall be in a clean condition; nor shall any such milk be taken from any animal except by an employee or other person who is himself in a cleanly and healthy condition.

Regulation 20. *Feeding and Watering the Herd*: The feed provided for dairy herd must be sweet and clean and of such a nature as to give no odor to, or otherwise affect the taste or character of the milk. Fermented beet pulp, vegetable refuse, or swill, are positively prohibited.

Manner and Time of Feeding: Cows shall be fed liberally and regularly; that is, in the same way and at the same hour every day.

Selection of Ration: The selection of the ration shall be supervised and any change therein approved by the Director of Public Health.

Dry and Dusty Feed: No dry or dusty feed shall be given within one hour previous to milking. If its use is necessary, it must be sprinkled before it is fed.

Feed to Be Separated from Herd: All foodstuffs must be kept in an apartment separate from the animals.

Drinking Water: Pure water shall be given at regular and frequent intervals.

Regulation 21. *Care and Delivery of Milk. Emptying of Milk Buckets. Straining of Milk*: Immediately after receiving each pail as filled, the milk may be poured into a properly covered storage pail elevated not less than three (3) feet off the floor or the receiving pail shall be taken to the milk room and emptied into a strainer from a platform outside the milk house. It shall be then promptly strained through a fine wire gauze and a layer of absorbent cotton protected on either side by a layer of cheese cloth, or equally good strainer.

Cooling of Fresh Milk: The milk after being drawn and strained shall be cooled at once to a temperature of forty-five (45) degrees

Fahrenheit, except when milk is delivered to a central cooling station within two hours after being drawn. Milk intended for consumption in San Francisco must be shipped within four hours after it is drawn.

Mixing of Milk Prohibited: Night and morning milk shall not be mixed, nor shall ice be put into the milk.

Storing of Milk: Milk may be stored, while on the farm, in the regular refrigerator room or in an ice box in the milk room. The ice box shall be thoroughly scrubbed at least once a week and trapped to prevent the entrance of sewer gas, and in no instance shall this pipe be connected to a drain or sewer.

Wiring of Shipping Tanks and Cans: All tanks and cans in which milk is transported from the dairy farm into San Francisco and all empty containers returned to the dairy farm, shall have the covers securely wired to the handles on each side of the tank or can.

Drinking Milk from Covers Prohibited: No person shall drink from any vessel or utensil, or the cover thereof, which is used for the delivery of milk, nor shall any tank, can, bottle or utensil used for the purpose of delivering milk be used for any other purpose.

Use of Milk Tanks or Utensils for Heating Milk Prohibited: It shall be unlawful to place any milk tank, can, or utensil used in the delivery of milk, on, or about a stove or other heating apparatus.

Milk Cans Must Not Be Left on Sidewalk: Milk cans containing milk or empty, delivered to or received from grocery stores, bakeries, delicatessen stores, restaurants, depots or other similar places shall not be left upon the sidewalk or street.

Transit of Milk from Point of Entry to Dairy: The transit of milk from point of entry into San Francisco to the dairy depot shall be made within one hour from the time of arrival.

Care and Delivery of Milk to Consumer: While awaiting delivery to the City, milk shall be stored at a temperature of not more than 45 degrees Fahrenheit and kept free from contamination.

Regulation 22. *Milkers and Milking—Personal Hygiene of Employees*: Milkers and employees shall be clean in habits and appearances.

Outer Garments, Care of: A special suit of clean outer garments and cap shall be worn during milking and at no other time; when not in use, these must not be kept in the stable or living room, but in a clean and well-ventilated place.

Milkers to Wash Hands Before Milking: Before beginning to milk, the milkers' hands shall be carefully washed with soap and then rinsed in clean water.

Cleaning of Udders and Flanks: No milk shall be taken from any cow, goat or other milk-producing animal unless such animal shall be in a clean condition. The udder and surrounding parts of every cow shall be cleaned before each milking.

All milking stools must be of a type approved by the Director of Public Health and must be cleaned after each milking.

Wet Milking and Use of Emollients Prohibited: The milkers' hands shall be kept clean and dry when milking; they shall not come in contact with the milk. The use of vaseline, lard, oil or other substance is strictly prohibited on cows' teats during the process of milking.

Rejection of Fore Milk: The first three or four streams of milk from each teat shall be discarded.

Hours and Manner of Milking: Milking shall be done in a quiet, clean and thorough manner, and at the same hours daily.

Bloody and Stringy Milk: If the milk from a cow is bloody or stringy, or thick, or it has an unnatural appearance, or if manure gets into it, it shall be discarded and the pail washed and sterilized before it is used again.

Milk of Cows Separated From Herd: Cows separated from the herd

shall be milked after all others are milked, and this milk must not be used except as food for stock.

Domestic Animals and Others Excluded From Milk Room: Milkers and other helpers not directly concerned in the straining, separating and filling of containers shall not be allowed within the milk house while the milk is being strained or handled; nor shall any domestic animal be allowed therein.

Cleaning of Milk Room: The milk house shall be washed and hosed down twice daily with fresh water.

Regulation 23. *Employees' Living Quarters*: The living quarters of the employees of all dairies or dairy farms shall be contained within buildings or structures which shall be wholly separate, distinct and disconnected from the buildings or structures wherein the cattle of such dairies may be housed; the beds in all such living quarters, and in every room in which beds are kept or provided for such employees, shall be separated by a passageway of not less than two feet, horizontally; and all such beds shall be so arranged that under each of them the air shall freely circulate, and there shall be adequate ventilation; and five hundred cubic feet of air space shall be provided and allowed for each bed or employee, and no more beds shall be permitted than those provided for according to the terms of this ordinance, unless free and adequate means of ventilation exists, to be approved by the Director of Public Health, and a special permit in writing be granted therefor, specifying the number of beds or the cubic air space which shall under special circumstances be allowed.

Regulation 24. *Owners Must Keep Quarters Clean and Provide Bath and Other Conveniences*: Every owner, lessee, tenant, occupant, proprietor or manager of any dairy or dairy farm shall cause every part thereof and its appurtenances to be put and shall thereafter cause the same to be kept in a cleanly and wholesome condition and shall cause every part thereof in which any person may sleep, dwell or work to be adequately lighted and ventilated according to the direction of and to the satisfaction of the Director of Public Health; and proper accommodations for urinals, water closets, bath tubs and washing utensils shall be provided, according to the directions and to the satisfaction of the Director of Public Health.

Regulation 25. *Health of Employees*: The Health Officer or his representatives shall inspect all buildings connected with the dairy, or dairy farm, and all persons who directly or indirectly come in contact with the industry, and where deemed necessary he may demand a certificate of health or make a physical or other examination to establish the health of any or all persons on a dairy or dairy farm. The dairyman shall keep informed as to the health of all employees and the members of their households. No person connected with the dairy shall enter a house where it is known that there has been an infectious disease, until it has been disinfected. No employee or other person who has been in contact with any infectious disease shall be permitted in the dairy.

Regulation 26. *Sale of Milk to Be Stopped When Communicable Disease Occurs*: No person with throat trouble or who is otherwise ill shall be admitted to the stable or milk room.

The existence of smallpox, typhoid fever, diphtheria, scarlet fever, measles or other contagious diseases, on, or in the vicinity of, the dairy farm shall be promptly reported to the Director of Public Health, and the sale of milk shall be stopped until its resumption is authorized by said Director.

(Code No. 13.02)

Bill No. ————, Ordinance No. ————, as follows:

An ordinance changing the zoning classification of a certain part of the City and County of San Francisco from First Residential to Second Residential District.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. That part of the City and County of San Francisco bounded and described as follows, to-wit:

Commencing at a point formed by the intersection of the northern line of Broadway with the westerly line of Laguna street, and running thence westerly along said northern line of Broadway to the easterly line of Fillmore street; thence northerly along said line of Fillmore street to the southerly line of Green street; thence easterly along said line of Green street to the westerly line of Laguna street; thence southerly along said line of Laguna street to the northerly line of Broadway and the point of commencement; excepting, however, all the lots in said area fronting on Green street; being all of Block No. 564, all of Block No. 565, all of Block No. 566, and the lots in Blocks numbered 555, 556 and 557, fronting on the northerly line of Vallejo street, now zoned and classified as in a First Residential District, be and the same is hereby rezoned and reclassified as in a Second Residential District within the meaning of that certain ordinance entitled "An ordinance regulating and establishing the location of trades, industries and buildings, and the locations of buildings designed for specific uses, and establishing the boundaries for said purposes, and providing penalties for the violation of its provisions," and which

ordinance is numbered 5464 and is known and designated as Ordinance No. 5464 of the City and County of San Francisco.

Section 2. That this ordinance shall take effect and be in force from and after its passage.

SPECIAL ORDER—4 P. M.

The following matter was presented, read and *ordered filed*:

Report of Public Welfare Committee on Young Corbett-Jackie Fields Fight.

March 27, 1933.

Board of Supervisors, City and County of San Francisco, City Hall, San Francisco, California.

Gentlemen: Pursuant to Resolution No. 647, introduced by Honorable Andrew J. Gallagher, asking for an investigation of the treatment of the people in connection with the conducting of the Young Corbett-Jackie Fields Boxing Contest held on Washington's Birthday, February 22nd, the Public Welfare Committee held two lengthy hearings. At the committee hearing, the people were represented by Supervisor Andrew J. Gallagher, and Messrs. Putnam and Hoffman were represented by William B. Hornblower, through his associate, R. H. Schubert.

After carefully weighing the oral and documentary evidence submitted by both sides, the undersigned find as follows:

1. That the promoters of the above fight are guilty of mismanagement.

2. It appears that the rules and regulations of the State Athletic Commission relating to the proper handling of such contests were not complied with.

In view of the above findings, we respectfully suggest as a measure of protection to our fellow citizens and visitors that the findings be forwarded to the State Athletic Commission with the recommendation that they take the necessary action on same to avoid a repetition of what took place on that day. We further suggest that the State Athletic Commission take appropriate measures making it necessary to have all details as to the number of seats, various classifications and prices, together with the time and place of sale, available at least forty-eight (48) hours before the fight, so that the Commission may pass an official report on to the public through the press on which the public can confidently rely.

We further suggest that the management of Seals Stadium make some needed changes at the Stadium, if they intend holding any similar contests in the future, relative to the situation of box offices and the number and location of bleacher turnstiles, so that the people buying and holding different priced seats will be amply separated and not forced to converge at one spot to gain entrance. This, we believe, will alleviate any possibility of congestion.

In conclusion, we feel that the promoters of the Young Corbett-Jackie Fields fight should be censured for their apparent neglect and lack of foresight in handling said fight.

Respectfully submitted,

PUBLIC WELFARE COMMITTEE,
By JAMES E. POWER, JR.,
Chairman,
CARL W. MILES, Member,
ALFRED RONCOVIERI, Member.

Providing for Collection of Fees for Issuance of Building Permits.

(Code No. 3.041)

On recommendation of Public Buildings and Lands Committee.

Bill No. 275, Ordinance No. 3.04120, as follows:

An ordinance providing for the collection of fees by the Department of Public Works upon the issuance of building permits, and for permits for moving of building, or for construction or alteration of billboard, or for the erection, installation or alteration of patent chimney.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The applicant or applicants for a building permit shall pay the Department of Public Works for expenses of inspection and examination of the building and plans and specifications as specified in Ordinance No. 1008 (N. S.) the sum of four ($4) dollars if the estimated cost of said building, structure, alteration or improvement shall be five hundred ($500) dollars or less; the sum of five ($5) dollars if the estimated cost of said building, structure, alteration or improvement shall be more than five hundred ($500) dollars and less than one thousand ($1,000) dollars; and if the estimated cost of said building, structure, alteration or improvement shall exceed one thousand ($1,000) dollars, then the sum of five ($5) dollars for each one thousand ($1,000) dollars of the estimated cost or fraction thereof up to twenty thousand ($20,000) dollars, and ninety (90c) cents for each one thousand ($1,000) dollars or fraction thereof of the estimated cost above twenty thousand ($20,000) dollars.

Section 2. The applicant or applicants for the following permits shall pay the Department of Public Works for expenses in investigation of conditions and inspection of operations in connection with the same, fees as follows:

Permit for moving building.....$2.00
Permit for construction or alteration of billboard..... 2.00
Permit for erection, installation or alteration of patent chimney.. 2.00

Section 3. Any person, firm or corporation engaged in the erection, installation or alteration of patent chimneys may, as an option and in lieu of the above required fee and permit, pay an annual fee of three hundred ($300) dollars to the Central Permit Bureau, which Bureau shall then issue to the person, firm or corporation having paid such fee an annual permit for the erection, installation or alteration of such chimney or chimneys; provided, however, that the holder of such annual permit shall notify the Bureau of Building Inspection, on forms supplied by said Bureau, at least twenty-four (24) hours before the erection, installation or alteration of any patent chimney or chimneys of the intention to erect, install or alter such chimney or chimneys; and provided further that failure to file such notice shall be sufficient grounds for cancelling said permit.

Section 4. The provisions of any and all ordinances in conflict with this ordinance are hereby repealed.

Eliminating Minimum Charge for Extra Passengers in Taxicabs.
(Code No. 11.0111)

On recommendation of Committee on Fire, Safety and Police.

The following recommendation of the Committee on Fire, Safety and Police was taken up:

Bill No. 281, Ordinance No. 11.01112, as follows:

Amending Ordinance No. 9029 (New Series), entitled "Amending Section 22, fixing rates for sightseeing cars," and 24, setting maximum and minimum rates to be charged by taxicabs, of Ordinance No. 6979 (New Series), entitled "Regulating the use of taxicabs, automobiles and public vehicles for hire, fixing the rate to be charged for the trans-

portation of persons and personal baggage, regulating the use of boats in the waters of the bay, providing a punishment for any violation thereof, and repealing Ordinance No. 1898 (New Series)," by eliminating minimum charge for extra passengers in Section 1 thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Section 1 of Ordinance No. 9029 (New Series), the title of which is recited above, is hereby amended to read as follows:

Section 1. Sections 22 and 24 of Ordinance No. 6979 (New Series), the title to which is recited above, are hereby amended to read as follows:

Section 22. *Rates for Sightseeing Cars.* Sightseeing buses, as defined in Ordinance No. 5118 (New Series), as amended, shall not charge more than one dollar and fifty cents per passenger per trip of not less than two hours' duration, and not more than two dollars and fifty cents per passenger per trip of not less than three hours' duration; and shall follow the route as designated or advertised by the owner or driver thereof.

Section 24. *Charges for Taxicabs.* No person, firm or corporation owning, operating or controlling any motor vehicle operated as a taxicab shall charge other maximum or minimum fares than in this section provided:

Maximum Rates.

(a) The maximum rate of fare is 25 cents for the first one-quarter mile or "flag"; ten (10) cents for each additional one-fifth (1-5) mile; ten (10) cents for each two minutes waiting time; and twenty-five (25) cents for each additional passenger over one.

Minimum Rates.

(b) The minimum rate of fare is fifteen (15) cents for the first one-quarter (¼) mile or "flag"; ten (10) cents for each additional two-fifths (2-5) mile; ten (10) cents for each two and one-half (2½) minutes waiting time.

Amending Section 6 of Ordinance No. 11.01111 as to Subdivision (b) Thereof, By Designating Cash Reserves for Self Insurers. (Code No. 11.0111)

On motion of Supervisor Peyser:

Bill No. 284, Ordinance No. 11.01113, as follows:

Amending Subdivision (b) of Section 6 of Ordinance No. 11.01111 entitled, "Providing for the issuance of certificate of public convenience and necessity, in connection with the issuance of licenses and permits for the operation of motor vehicles engaged in the business of or used for transporting passengers for hire, and providing a penalty for any violation thereof, and repealing Ordinance No. 9045 (New Series)," by designating cash reserves for self insurers.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Subdivision (b) of Section 6 of Ordinance No. 11.01111, the title of which is recited above, is hereby amended to read as follows:

Section 6. Unless otherwise provided by ordinance, no person, firm or corporation, after the date of the passage of this ordinance, shall operate any motor vehicle for hire unless and until such person, firm or corporation shall

(a) File with the Police Commission and thereafter keep in full force and effect a policy of insurance or bond in such form as the commission may deem proper, and executed by a surety or sureties approved by the said commission, insuring the public against any loss or damage that may result to any person or property from the opera-

tion of such vehicle or vehicles; provided, the minimum amount of recovery in such policy of insurance or bond specified shall not be less than the following sums, i. e.:

For the injury to any one person or the death of any one person in any one accident, $5,000.

For the injury to two or more persons or the death of two or more persons in any one accident, $10,000.

For the injury or destruction of property in any one accident, $500.

Provided, however, that for vehicles having a seating capacity of more than ten persons the limit of liability for death or injury in any one accident shall be $20,000, instead of $10,000, as hereinabove specified.

Provided, however, that such person, firm or corporation may, in lieu of the aforesaid policy or liability insurance, file with said commission a bond in such form as the commission may deem proper, executed by a responsible and solvent corporation authorized to conduct a bonding insurance business under the laws of the State of California, which bond shall be conditioned for the payment of all final judgments which may be rendered against any such person, firm or corporation, for damages on account of injuries to property or person, including both passengers and the public, occasioned by the operation of any such motor vehicle described in Section 1 hereof, and which bond shall be in an amount graduated according to the number of motor vehicles owned or offered for hire, according to the following scale:

Where such person, firm or corporation owns or offers for hire only one such motor vehicle, said bond shall be in the sum of $10,500.

Where such person, firm or corporation owns or offers for hire more than one but less than six such motor vehicles, said bond shall be in the sum of $25,000.

Where such person, firm or corporation owns or offers for hire more than five but less than twenty-one such motor vehicles, said bond shall be in the sum of $50,000.

Where such person, firm or corporation owns or offers for hire more than twenty but less than sixty-one such motor vehicles, said bond shall be in the sum of $75,000.

Where such person, firm or corporation owns or offers for hire more than sixty but less than one hundred and one such vehicles, said bond shall be in the sum of $100,000.

Where such person, firm or corporation owns or offers for hire more than one hundred such motor vehicles, said bond shall be in the sum of $125,000.

Provided, however, that for vehicles described in Section 1 hereof, having a seating capacity of more than ten persons, said bond shall be in a sum double that prescribed in the above graduated scale.

In the event of the return unsatisfied of any execution issued on any final judgment from which an appeal may be taken without bond, rendered against any such person, firm or corporation in any suit for damages on account of injury to person or property occasioned by the operation of any such motor vehicle, such person, firm or corporation shall, within ten (10) days after the return of such execution unsatisfied (provided said judgment is still unpaid), increase the amount of his bond by the amount of such judgment, and failing to do so shall forthwith cease the operation of motor vehicles in San Francisco until such additional bond is deposited or said judgment is paid.

All policies or bonds shall contain a provision for a continuing liability thereunder up to the full amount of the penalty thereof, notwithstanding any recovery thereon.

(b) *Provided, that any association or organization of owners of vehicles for hire, as specified in this ordinance which shows a cash reserve on March* 15, 1933, *of* $23,600, *and thereafter shows an annual increase of* $700 *until the sum of* $25,000 *shall have accrued, and at all times thereafter the cash reserve in said organizations is the sum of* $25,000, *shall be deemed a compliance with the provisions of this ordinance. Said reserve as herein provided for shall be used for the*

purpose of satisfying and liquidating claims for damages to persons and property arising out of the negligence of the operators of said association, and shall be subject to execution in satisfaction of final judgment rendered against any operator or member of said organization or association after execution has been levied and returned unsatisfied against a member of said organization on a judgment arising out of the negligent operation of a member's automobile, and such organization or association shall on the 15th day of each month, after March 15, 1933, *advise the Police Commission the amount of such reserve, and where the same is on deposit.*

Provided, however, that any policy of insurance or bond heretofore filed with and approved by the Board of Supervisors pursuant to Ordinance No. 9045 (New Series), shall be deemed a compliance with the provisions hereof, and the Board of Supervisors shall within five days after the effective date of this ordinance, transmit all such policies of insurance and/or bonds to the Police Commission.

It shall be unlawful for any owner to operate or cause to be operated any vehicle without having a policy or bond as described in this section in full force and effect at all times during the operation of such vehicle.

Ordering the Improvement of Nineteenth Street.

(Code No. 12.0611)

On recommendation of Streets Committee.

Bill No. 282, Ordinance No. 12.061121, as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor, and authorizing the Department of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Department of Public Works, in written communication filed in the office of the Clerk of the Board of Supervisors September 26, 1932, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1918 of said City and County of San Francisco, said work to be performed under the direction of the Department of Public Works, and to be done in accordance with the specifications prepared therefor by said Department of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Part II of the said Street Improvement Ordinance of 1918 of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in ten instalments; that the period of time after the time of the payment of the first instalment when each of the succeeding instalments must be paid is to be one year from the time of the payment of the preceding instalment, and that the rate of interest to be charged on all deferred payments shall be 7 per centum per annum.

The improvement of Nineteenth street, from Yukon street to Caselli avenue, including all intervening intersections and the necessary conform and approach work on streets adjacent thereto, by grading to official line and sub-grade, and by construction of the following:

University Professors to Make Impartial Survey of Unemployment Relief Administration.
(Code No. 19.071.)

On recommendation of Finance and Public Welfare Committee.

Resolution No. 702, as follows:

Whereas, the City and County of San Francisco has for the past year been extending relief to a large group of its residents who, by reason of the present economic conditions, have been unable to obtain employment; and by reason of that fact have been unable to provide for themselves and their families; and

Whereas, in all probability unemployment conditions will continue to exist, at least to a considerable extent, during the coming fiscal year, and that by reason thereof it will be necessary for San Francisco or other public agencies to care for many of the residents of the City and County during said year; and

Whereas, the Board of Supervisors is, by the laws of the State, directly charged with the administration of all funds raised by the City and County for relief purposes, and that while said Board has confidence in the administration of the relief funds as carried on by the Citizens' Relief Committee and by Charles M. Wollenberg, Director of Relief, various questions as to the standards of relief to be adopted in the future will arise during the coming year, especially by reason of the fact that application has been made to the Reconstruction Finance Corporation for aid in our relief work, and that therefore it will be of great benefit to the City that an impartial survey be made as to the standards and methods of relief to be adopted during the coming fiscal year, should said relief continue to be necessary; now, therefore, be it

Resolved, That in order that an impartial survey may be made of the standards of relief now in effect and which should in the future be followed in San Francisco, the President of the University of California, the President of the University of San Francisco, and the President of Leland Stanford, Jr., University, each, be respectfully requested to suggest to this Board the names of two disinterested persons skilled in the administration of relief, and that from said persons so suggested, the President of this Board be, and he is hereby, directed to appoint three persons to make a full and complete survey of the methods and standards of relief which should be adopted in

all future relief work administered under the direction of this Board; and be it

Further Resolved, That it is respectfully requested that said names be suggested not later than April 15th, 1933, and that the persons selected by the President of this Board to make said survey report to this Board at their earliest opportunity; and be it

Further Resolved, That the Mayor be requested to recommend an appropriation sufficient in amount to enable said persons selected to function for the purposes in this resolution set forth; and be it

Further Resolved, That a copy of this resolution be transmitted by the Clerk of this Board to the respective presidents of the universities hereinbefore mentioned with the request that each of said presidents suggest names in conformity with the terms hereof.

The following resolution was *adopted*:

Award of Contract for Construction of Federal Building Urged.
(Code No. 5.2.)

On recommendation of Public Works, Buildings and Lands Committee.

Resolution No. 711, as follows:

Whereas, it is customary, in connection with Federal Construction work, to award the contract to the lowest bidder within ten days after the receipt of bids; and

Whereas, bids were received for the construction of the new Federal Building in the Civic Center of the City and County of San Francisco, more than ten days ago; and

Whereas, the contract for this work has not yet been awarded; and

Whereas, the City and County of San Francisco was put to considerable expense through litigation and purchase of property in connection with the site which was donated for the purpose of erecting a Federal Building in the Civic Center; and

Whereas, the site for the proposed Federal Building presents a most unattractive appearance in its present condition and constitutes a potential menace to traffic and pedestrians; and

Whereas, San Francisco building labor is sorely in need of the stimulation which the immediate construction of this building would supply; now, therefore, be it

Resolved, That the Clerk of this Board be instructed to communicate with Senators Johnson and McAdoo, as well as Representatives Kahn and Welch, in an effort to determine the status of the contract for this work, and further to prevail upon them to exert their best influence to the end that the commencement of this project may be expedited as soon as possible.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Beverage Commission Ordinance.

The chair announced that as a result of a conference in the Mayor's office a new beverage ordinance which meets the requirements and obviates the objections of his Honor the Mayor had been prepared.

The matter was taken up seriatum and the Clerk being directed proceeded and read those sections of the Mayor's compromise ordinance which changed or amended the ordinance heretofore on March 30, 1933, was passed for second reading by the Board of Supervisors, to-wit:

Section 1.

Section 1. The Board of Beverage Commissioners of the City and County of San Francisco is hereby created, which said Board shall consist of three members, one of whom shall be the Chief Administrative Officer of the City and County of San Francisco, one of whom shall be a member of the Police Commission of said City and County, and one of whom shall be a member of the City Planning Commission of said City and County. The Mayor shall select and appoint the member of the Police Commission and the member of the City Planning Commission who shall serve on said Board of Beverage Commissioners and said persons so appointed shall serve thereon at the pleasure of the Mayor. When any member of said Board of Beverage Commissioners shall cease to hold office which made him or her eligible to membership on said Board his or her membership on said Board shall automatically cease. When any vacancy shall occur on said Board of Beverage Commissioners the Mayor shall fill said vacancy by appointing thereto some person possessing the qualifications herein provided for the original appointees. The members of said Board shall serve without compensation as such.

Absent—Supervisor McSheehy—1.

After the foregoing section was adopted, Supervisor McSheehy appeared and objected, saying that he was in the Clerk's office dictating a statement and had asked to be notified when the roll was to be called. Whereupon, the foregoing action was rescinded and after Supervisor McSheehy had made an explanation of his position in the matter of the composition of the Commission in Section 1, the roll was again called and the section *adopted* again by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—14.

No—Supervisor McSheehy—1.

Section 2.

The Clerk read:

Section 2. The Mayor and Chief Administrative Officer shall have full power and authority to transfer or assign to said Board of Beverage Commissioners such employees of the City and County of San Francisco as can be conveniently spared from their respective positions for the purpose of carrying out the provisions of this ordinance and performing the duties incident thereto.

Motion.

Supervisor Havenner moved to amend by striking out the words

"as can be conveniently spared from their respective positions" and inserting in lieu thereof the words, "as they may deem necessary".

Amendment *carried; no objection.*

Whereupon, Section 2, as amended, was *adopted* by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—15.

Section 4.

The Clerk read:

Section 4. Application for a permit to engage in business as a beverage dealer under the terms of this ordinance must be made by filing a verified written application therefor, together with a filing fee of five ($5.00) dollars, with the Board of Beverage Commissioners, on a form provided therefor, designating the location of the place where the business is to be carried on and the full name and address of the applicant and the nature of the business to be conducted. Upon receipt of such application, the Board of Beverage Commissioners shall cause an investigation to be made and if it be found that the applicant is of good moral character, that his place of business is located in conformity with the zoning laws of the City and County of San Francisco, and that the laws, ordinances and regulations, relative to fire, health and public safety will be complied with, and that said proposed business will not be a detriment to the peace and welfare of the adjoining and surrounding property, or the occupants thereof, said Board of Beverage Commissioners may grant said applicant a permit to conduct said business at the location mentioned in the application, provided, however, that no permit shall be transferable or assignable without consent in writing of the Board of Beverage Commissioners.

Motion.

Supervisor Peyser moved that the word "may" in the 16th line be changed to "must".

Motion *lost* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, Peyser—4.

Noes—Supervisors Breyer, Canepa, Gallagher, Hayden, McSheehy, Miles, Power, Roncovieri, Shannon, Spaulding, Stanton—11.

Whereupon, the roll was called on Section 4 as submitted and the same was *adopted* by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—15.

Section 9.

The Clerk read:

Section 9. Licenses for the business of selling beverages to be consumed upon the premises shall be granted only to bona fide public eating places, incorporated clubs and/or hotels, except as otherwise in this ordinance provided. Holders of licenses for the business of selling beverages to be consumed upon the premises may serve beverages to bona fide guests only, to be consumed at regular public tables, eating counters, or, in the case of hotels, beverages may be served in guest rooms.

It shall be the duty of the Commissioners to have frequent inspections made of premises where beverages are sold for consumption and if it is found that any such licensee is violating any of the provisions of this ordinance or of the regulations of the Commissioners promulgated hereunder or is failing to observe in good faith the purposes of the ordinance, such license may be revoked after the licensee is given an opportunity to be heard in his defense.

Motion.

Supervisor Havenner moved as an amendment that "public eating places," second and third lines, be stricken out and the word "restaurants" inserted.

Supervisor Peyser offered the following substitute for the proposed amendment, which was accepted and adopted: "restaurants, lunch rooms, buffet, grill room, lunch counter, dining room of hotels, dining room of boarding house and coffee shop."

Whereupon, Section 9 as amended was *adopted* by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—14.

No—Supervisor McSheehy—1.

Section 20.

Supervisor Peyser, seconded by Supervisor Havenner, moved to strike out:

Section 20. In the granting or denying of any permit, or the revoking or the refusing to revoke any permit, the Board of Beverage Commissioners may take into consideration the effect of the proposed business or calling, upon surrounding property and upon its residents and inhabitants; and in granting or revoking said permit, or revoking or refusing to revoke a permit, may exercise its sound discretion as to whether said permit should be granted, transferred, denied or revoked.

Motion *lost* by the following vote:

Ayes—Supervisors Brown, Colman, Havenner, Peyser, Roncovieri—5.

Noes—Supervisors Breyer, Canepa, Gallagher, Hayden, McSheehy, Miles, Power, Shannon, Spaulding, Stanton—10.

Section 25.

The Clerk read:

Section 25. This ordinance is hereby declared to be an emergency measure and shall become effective immediately upon its passage and the reading of said ordinance and a vote thereon at separate meetings of the Board of Supervisors is hereby waived and the Board of Supervisors does hereby declare by the vote by which this ordinance is passed that an actual emergency does exist which necessitates the immediate passage of this ordinance which said emergency is as follows, to-wit: That the Congress of the United States has enacted legislation permitting the sale and possession of the beverages described herein and that the City and County of San Francisco has no ordinance regulating the same; and if this ordinance does not become effective forthwith said beverages may be sold indiscriminately and that the City and County would thus be deprived of a large amount of revenues which could otherwise be collected by reason of the licensing of the sale of said beverages; and that furthermore the immediate enactment of this ordinance is necessary for the preservation of the property, health and safety of the inhabitants of the City and County of San Francisco and for the uninterrupted operation of the government thereof.

Adopted by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—15.

Final Passage.

Whereupon, the ordinance as amended and in words and figures following was finally passed as an emergency ordinance by the following vote:

Creating the Board of Beverage Commissioners; Regulating the Retail Sale, Service and Dispensing of Beverages in Excess of Half of One Per Cent of Alcohol by Volume and Not in Excess of Three and Two Tenths Per Cent of Alcohol by Weight; Providing for Licenses to Dealers; Providing for the Granting, Denying and Revoking of Permits; and Prescribing Penalties for a Violation of This Ordinance.

(Code No. 3.041)

Bill No. 296, Ordinance No. 3.04123, as follows:

Creating the Board of Beverage Commissioners; regulating the retail sale, service and dispensing of beverages in excess of half of one per cent of alcohol by volume and not in excess of three and two-tenths per cent of alcohol by weight; providing for licenses to dealers; providing for the granting, denying and revoking of permits; and prescribing penalties for a violation of this ordinance. An emergency ordinance.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Board of Beverage Commissioners of the City and County of San Francisco is hereby created, which said Board shall consist of three members, one of whom shall be the Chief Administrative Officer of the City and County of San Francisco, one of whom shall be a member of the Police Commission of said City and County, and one of whom shall be a member of the City Planning Commission of said City and County. The Mayor shall select and appoint the member of the Police Commission and the member of the City Planning Commission who shall serve on said Board of Beverage Commissioners and said persons so appointed shall serve thereon at the pleasure of the Mayor. When any member of said Board of Beverage Commissioners shall cease to hold office which made him or her eligible to membership on said Board his or her membership on said Board shall automatically cease. When any vacancy shall occur on said Board of Beverage Commissioners the Mayor shall fill said vacancy by appointing thereto some person possessing the qualifications herein provided for the original appointees. The members of said Board shall serve without compensation as such.

Section 2. The Mayor and Chief Administrative Officer shall have full power and authority to transfer or assign to said Board of Beverage Commissioners such employees of the City and County of San Francisco as they may deem necessary for the purpose of carrying out the provisions of this ordinance and performing the duties incident thereto.

Section 3. The said Board of Beverage Commissioners shall regulate the retail sale, dispensing and serving of beverages in excess of half of one per cent of alcohol by volume and not in excess of three and two-tenths per cent of alcohol by weight, and this ordinance shall govern and control only the retail handling of such beverages.

Section 4. Application for a permit to engage in business as a beverage dealer under the terms of this ordinance must be made by filing a verified written application therefor, together with a filing fee of five ($5.00) dollars, with the Board of Beverage Commissioners, on a form provided therefor, designating the location of the place where the business is to be carried on and the full name and address of the applicant and the nature of the business to be conducted. Upon receipt of such application, the Board of Beverage Commissioners shall cause an investigation to be made and if it be found that the applicant is of good moral character, that his place of business is located in conformity with the zoning laws of the City and County of San Francisco, and that the laws, ordinances and regulations, relative to fire, health and public safety will be complied with, and that

said proposed business will not be a detriment to the peace and welfare of the adjoining and surrounding property, or the occupants thereof, said Board of Beverage Commissioners may grant said applicant a permit to conduct said business at the location mentioned in the application, provided, however, that no permit shall be transferable or assignable without consent in writing of the Board of Beverage Commissioners.

Section 5. No permit shall be issued to any person who is not a citizen of the United States of America, or who has not filed his intention to become a citizen of the United States, and who has not been a resident of this City and County for at least one (1) year prior to the filing of an application hereunder; provided that any firm or corporation that is licensed to do business in the State of California and has actually been engaged in business in San Francisco for at least one year shall be deemed to have complied with the provisions of this ordinance.

Section 6. Permits may be revoked only upon written charges verified by the complainant and filed with the Board of Beverage Commissioners that any holder of a permit as a beverage dealer has conducted his business in a disorderly or improper manner, or in violation of this or any other ordinance of the City and County of San Francisco, statute of the State of California or statute of the United States of America. A copy of such charges shall be served upon said beverage dealer at least five days prior to the date set for the hearing of such charges, and upon the hearing said dealer shall be entitled to be represented by counsel, and to a fair and impartial trial upon the matters embraced in such charges, and if the charges shall be found to be untrue the complaint shall be dismissed. If the charges shall be found to be true, the then existing permit may be revoked, or suspended for a period of time to be designated by said Board of Beverage Commissioners. Upon the revocation or suspension of said permit the license issued thereunder shall likewise become revoked or suspended. An appeal may be taken to the Board of Permit Appeals under the provisions of the Charter. During the first three months of the existence of the ordinance said Board of Beverage Commissioners may grant temporary thirty-day permits upon payment of the initial license fee installment hereinafter mentioned.

Section 7. Every beverage dealer engaged in the business of selling beverages to be consumed upon the premises shall pay a license of one hundred ($100) dollars per annum for each separate place of business, payable in quarterly installments of twenty-five ($25) dollars each.

Section 8. Every beverage dealer engaged in the business of selling beverages not to be consumed upon the premises shall pay a license of twelve ($12) dollars per annum for each separate place of business, payable annually.

Section 9. Licenses for the business of selling beverages to be consumed upon the premises shall be granted only to bona fide restaurants, lunch rooms, buffet, grill room, lunch counter, dining room of hotel, dining room of boarding house, and coffee shop, incorporated clubs and/or hotels, except as otherwise in this ordinance provided. Holders of licenses for the business of selling beverages to be consumed upon the premises may serve beverages to bona fide guests only, to be consumed at regular public tables, eating counters, or, in the case of hotels, beverages may be served in guest rooms.

It shall be the duty of the Commissioners to have frequent inspections made of premises where beverages are sold for consumption and if it is found that any such licensee is violating any of the provisions of this ordinance or of the regulations of the Commissioners promulgated hereunder or is failing to observe in good faith the purposes

of the ordinance, such license may be revoked after the licensee is given an opportunity to be heard in his defense.

Section 10. Licenses granted under Section 7 shall be due and payable quarterly in advance, and fall due on the first day of January, the first day of April, the first day of July and the first day of October in each calendar year, depending upon the particular quarter in which the licensee begins business. In all cases of licenses on new business collectible at periods other than the first day of January, the first day of April, the first day of July, and the first day of October, the Tax Collector shall pro rate on a monthly basis the amount of license fee due for any quarter.

Section 11. One-day permits may be granted for the selling, dispensing and consuming of beverages provided in this ordinance, in halls, assemblies and auditoriums under rules and regulations prescribed by the Commission under the provisions of this ordinance. The fee for such permit shall be $10.00 for each day or fraction thereof, and shall be issued in the same manner heretofore provided for.

Section 12. In no event shall a permit be granted by said Board of Beverage Commissioners to any person, firm or corporation for the sale, service or dispensing of beverages in any establishment or any place of business operated solely as a public saloon, public bar or barroom where said beverages are directly dispensed over a bar to be then and there consumed.

Section 13. Licenses shall be obtained from the Tax Collector and shall be issued by him only upon the presentation to him of a permit from the Board of Beverage Commissioners, and shall renew said licenses unless the Board of Beverage Commissioners shall file written objection with the Tax Collector to such renewal or continuance. All licenses shall be conspicuously posted on the premises.

Section 14. Licenses shall be obtained from the Tax Collector and shall be issued by him only upon the presentation to him of a permit from the Board of Beverage Commissioners. All licenses shall be conspicuously posted on the premises.

Section 15. It shall be unlawful for any person, firm or corporation, either as principal, agent, servant or employee, to set up, conduct or maintain any premises or fixed place of business, wherein the beverages provided for herein are sold, furnished, served or dispensed, without first obtaining a permit from said Board of Beverage Commissioners and a license from the Tax Collector, and it is hereby made the duty of any and all such persons, firms or corporations, to ascertain that such permit has been granted and that such license has actually been issued, and is still in full force and effect.

Section 16. No delivery to a retailer for the purpose of resale of the beverage herein referred to shall be made unless said rtailer is the holder of a license in full force and effect.

Section 17. The occupying, setting up, conducting or maintaining of any such premises or fixed place of business with the intent to sell, serve or dispense any such beverages in violation of the terms of this ordinance is hereby declared to be a public nuisance. This ordinance is passed under the permit, license and police power, as they exist independently of each other.

Section 18. This ordinance shall not apply to the serving, furnishing or dispensing of any such beverages by any person at his home or elsewhere as an act of hospitality, so long as the same is not done in evasion, or attempted evasion, of the provisions of this ordinance, nor shall it apply to regularly licensed physicians, surgeons, apothecaries or chemists who use or dispense any such beverages for medicinal purposes when prescribed by a duly licensed medical practitioner.

Section 19. It shall be unlawful for any beverage dealer under any

circumstances knowingly to sell such beverages to minors except in company with parents or guardian.

Section 20. In the granting or denying of any permit, or the revoking or the refusing to revoke any permit, the Board of Beverage Commissioners may take into consideration the effect of the proposed business or calling, upon surrounding property and upon its residents and inhabitants; and in granting or revoking said permit, or revoking or refusing to revoke a permit, may exercise its sound discretion as to whether said permit should be granted, transferred, denied or revoked.

Section 21. No permit shall be granted for the sale, service or dispensing of said beverages, to be consumed upon the premises, in close proximity to a public school, playground or church. The determination of close proximity in each case shall be determined by the Board of Beverage Commissioners.

Section 22. All ordinances in conflict with the provisions of this ordinance are, to the extent of such conflict, hereby repealed.

Section 23. Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than twenty-five ($25) dollars nor more than five hundred ($500) dollars, or by imprisonment in the county jail for not less than five days and not more than six months, or by both such fine and imprisonment.

Section 24. If any section, subsection, sentence, clause or phrase of this ordinance is for any reason held to be unconstitutional or unlawful such decision shall not affect the validity of the remaining portions of this ordinance. The Board of Supervisors hereby declares that it would have passed this ordinance and each section, subsection, sentence, clause and phrase thereof irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases may be declared to be unconstitutional or unlawful.

Section 25. This ordinance is hereby declared to be an emergency measure and shall become effective immediately upon its passage and the reading of said ordinance and a vote thereon at separate meetings of the Board of Supervisors is hereby waived and the Board of Supervisors does hereby declare by a vote by which this ordinance is passed that an actual emergency does exist which necessitates the immediate passage of this ordinance which said emergency is as follows, to-wit: That the Congress of the United States has enacted legislation permitting the sale and possession of the beverages described herein and that the City and County of San Francisco has no ordinance regulating the same; and if this ordinance does not become effective forthwith said beverages may be sold indiscriminately and that the City and County would thus be deprived of a large amount of revenues which could otherwise be collected by reason of the licensing of the sale of said beverages; and that furthermore the immediate enactment of this ordinance is necessary for the preservation of the property, health and safety of the inhabitants of the City and County of San Francisco and for the uninterrupted operation of the government thereof.

Finally Passed—Board of Supervisors, San Francisco, April 3, 1933.

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—14.

No—Supervisor McSheehy—1.

Explanation of Vote.

SUPERVISOR McSHEEHY: I am voting "No" on the emergency beverage ordinance as presented by the Police Committee of this Board and wish my vote so recorded and made part of the record for the following reasons:

1. The Commission consists of the Chief Administrative Officer, a member of the Police Commission and a member of the City Planning Commission. The last two members on said Commission are appointed by his Honor the Mayor and in case of resignation of either of these two members, his successor shall be appointed by his Honor the Mayor. The Chief Administrative Officer was appointed to his office by the present Mayor and cannot be removed except on written charges, which must be presented to the Board of Supervisors and requires a two-thirds vote, or in other words, Mayors may come and go but the Chief Administrative Officer will remain in office until removed by a two-thirds vote of the Board of Supervisors.

The Chief Administrative Officer receives $12,000 a year, the highest paid city official, and his position calls for the executive superintendence of one-half of the various executive offices in the city government. The Charter framers never contemplated placing this additional duty on said officer. The Commission will have the entire supervision over some 10,000 stores that will dispense beer that will have an alcoholic content of 3.2 per cent. Beer gardens, cafes, amusement parks of every kind and description will request permits to sell beer and investigations in detail must be made on all these applications. The Chief Administrative Officer is not responsible to the Mayor nor to the people. His power is almost unlimited and this additional power will almost destroy popular government. It will create a conflict, perhaps not under the present administration, but three years from now we might have a different Mayor, and I say this respectfully, than our present Mayor, but the Chief Administrative Officer will remain, as his removal is almost impossible.

The Chief Administrative Officer has ten executive departments under his supervision, with some 6,000 city employees and together with passing on some 10,000 stores that will dispense beer, one can see at a glance the extraordinary power vested in a man who is not responsible to the people.

There are nine commissions with some 50 commissioners that have been directly appointed by the Mayor and the ordinance authorizes the appointment of two of these men. Is there any reason in the world why three cannot be selected from this list and then the supervision of all stores selling beer as a beverage with 3.2 per cent alcohol would be directly under his Honor the Mayor and he would be responsible to the people.

Under this dual responsibility as called for, I feel as a member of this Board, that a great mistake is being made and perhaps not today or not this year, but sometime in the near future it will be proven that a mistake has been made.

For these reasons I am voting "No."

Dedication of New Dairy Delivery Plant.

Supervisor Gallagher announced that the Dairy Delivery Company invites the members of the Board to the opening of its new plant at 1325 Potrero avenue, Sunday, April 9, at 2 p. m., and in connection therewith he moved that the Clerk communicate with his Honor the Mayor and the Chief Administrative Officer, and advise them of the opening of this new plant and that they take steps to see that there is civic recognition of this investment in the city and the opening of this modern plant.

He added that, unfortunately, he had a previous appointment for the same day to attend the memorial services and annual pilgrimage to the grave of the late Father Peter C. Yorke and asked Supervisor Colman to convey his regards to the management and his regrets for his inability to attend.

So *ordered.*

Annual Observance of Mothers' Day.

Supervisor Havenner moved that his Honor, the Mayor, be requested to appoint the customary committee of citizens to conduct the annual observance of Mothers' Day at the Memorial Grove, Golden Gate Park, dedicated to the mothers of those men and women who have served in the wars of this country.

So *ordered.*

Employments of Former City Engineer M. M. O'Shaughnessy.

The following was presented and read:

Communication from E. G. Cahill, Manager of Utilities, in response to request of Supervisor McSheehy as to the title, work and activities of former City Engineer M. M. O'Shaughnessy.

Adopted by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—15.

Secretary of Navy Requested to Change Schedule of "Constitution" to Permit Not Less than One-Year Stay in the Bay Region.

(Code No. 5.2)

Supervisor Spaulding presented:

Resolution No. 714, as follows:

Whereas, the United States Frigate Constitution, since its arrival in San Francisco, California, on March 24, 1933, has been visited each

day by over 20,000 people, many of whom have come from distant cities in the Sacramento and San Joaquin valleys and in the State of Nevada; and

Whereas, many thousands of people are engaged in business and different kinds of employment and cannot afford the time to stand in line several hours before being able to gain admission, and hence have been unable to avail themselves of the privilege of visiting this famous vessel; and

Whereas, no event since the admission of California to the Union has developed the patriotic enthusiasm and determination of our citizens to as great an extent as has the visit of the Constitution; and

Whereas, there are hundreds of thousands of adults and of school children in Northern and Central California and Nevada who will be unable to avail themselves of an opportunity to visit this famous vessel during the limited time assigned by the present schedule for her stay at the ports of the San Francisco Bay District;

Therefore, by the Board of Supervisors of the City and County of San Francisco, State of California, in regular session assembled, this third day of April, 1933,

Be It Resolved, That the Secretary of the Navy be and he is hereby respectfully requested to so alter the visiting schedule of the Constitution that, upon her return to the Port of San Francisco in August, 1933, said vessel will remain in the San Francisco Bay area for a period of not less than one year after her aforesaid return in August, 1933.

Be It Further Resolved, That copies of this resolution be sent to the President of the United States, the Secretary of the Navy, the Senators and Representatives from the States of California and Nevada, and the Governors of the States of California and Nevada, and that each and every one of said gentlemen be requested to do all within his power to bring about the stay of the Constitution at San Francisco Bay for the period hereinaforesaid.

Adopted by the following vote:

Ayes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Spaulding, Stanton—15.

Leave of Absence, Honorable Frank J. Foran, Member of Police Commission, Eight Days from April 1, 1933.

The following was presented and read by the Clerk:

San Francisco, Cal., April 1, 1933.

To the Honorable the Board of Supervisors, City Hall, San Francisco.

Gentlemen: Application has been made to me by Mr. Frank J. Foran, Police Commissioner, for a leave of absence, with permission to absent himself from the State of California for a period of eight days, beginning April 1, 1933.

I hereby request that you concur with me in granting this leave of absence.

Sincerely,

ANGELO J. ROSSI,
Mayor.

Whereupon, the following resolution was presented and *adopted*:

(Code No. 4.053)

Resolution No. 715, as follows:

Resolved, That in accordance with the recommendation of his Honor the Mayor, Honorable Frank J. Foran, member of the Police Commission, is hereby granted a leave of absence for a period of eight (8) days, commencing April 1, 1933, with permission to leave the State.

Bonding City Employees.

Supervisor Brown moved that his ordinance providing for the bonding of city employees be placed on the calendar for next Monday and that copies be sent to members of the Board.

So *ordered.*

ADJOURNMENT.

There being no further business the Board, at the hour of 7:15 p. m., adjourned.

J. S. DUNNIGAN, Clerk.

Supervisor Stanton appeared and was noted present at 3 p. m.

Quorum present.

His Honor President Hayden presiding.

APPROVAL OF JOURNAL.

The Journal of Proceedings of March 21, 27 and 29, and April 3.

The following matter was taken up:

Consideration of Mayor's Veto.

March 24, 1933.

To the Honorable The Board of Supervisors, City Hall, San Francisco.

Gentlemen: I am herewith returning Resolution No. 689, disapproved.

My reasons for vetoing this Resolution are as follows:

1. The cost of preparing specifications and estimated costs for widening Fell street from Van Ness avenue to Baker street will involve a substantial expenditure. There are no funds at present available for this purpose.

2. The same applies to preparation of specifications and cost estimates for widening Oak street between Van Ness avenue and Baker street.

3. The more logical method of procedure will be to determine a route and when funds are available for the proposed construction, to prepare the detailed plans and specifications.

Respectfully,

(Signed) ANGELO J. ROSSI,
Mayor.

The question being put, Shall the resolution stand notwithstanding the objections of his Honor the Mayor, the roll was called and the Mayor's *Veto sustained* by the following vote:

Ayes—None.

Noes—Supervisors Breyer, Brown, Canepa, Colman, Gallagher, Hav-

enner, Hayden, McSheehy, Miles, Peyser, Power, Roncovieri, Shannon, Stanton—14.

Absent—Supervisor Spaulding—1.

SPECIAL ORDER—2:30 P. M.

The following matter was taken up:

Milk Ordinance.

(Code No. 17.05.)

Bill No. 308, Ordinance No. 17.052, as follows:

Regulating all traffic in milk, cream and milk food products, the production, handling, processing, distribution, labeling, sale and offering for sale in the City and County of San Francisco of milk, cream and milk food products; providing for the issuance and revocation of permits therefor; fixing standards and definitions for milk, cream and milk food products; providing for inspection of all premises used in the production, handling, distributing, processing, sale or offering for sale of milk, cream and milk food products in said City and County; enforcing the tuberculin testing of all dairy cattle producing milk for consumption in said City and County; providing for the examination of all employees engaged in the production and processing of milk, cream and milk food products; authorizing the Director of Public Health of the City and County of San Francisco to enforce the provisions of this ordinance, and providing penalties for the violation thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Director of Public Health of the City and County of San Francisco is hereby authorized to regulate and control the production of and the traffic in milk, cream and milk food products in the said City and County, and of all milk and cream produced in other counties for consumption in the City and County of San Francisco; to provide for the inspection of milk, cream and milk food products in said City and County and at such other places where milk is produced or handled for distribution or sale in said City and County, and to enforce the provisions of this ordinance.

Section 2. Wherever in the ordinance the following words, terms or names are used, they shall be construed as follows:

Subdivision 1. *Pasteurizing Plant*: Any plant or establishment where raw milk or cream is received for pasteurization, cooling or processing, or in which raw milk or cream is pasteurized, cooled or processed, or from which milk or cream is delivered for distribution to the retail trade, is deemed to be a pasteurizing plant within the meaning of this ordinance.

Subdivision 2. *Dairy Farm*: Any place or premises upon which milk is produced for sale or distribution is a dairy farm within the meaning of this ordinance.

Subdivision 3. The word "person" as used in this ordinance shall be construed to mean both the singular and plural, as the case demands, and shall include individuals, corporations, companies, societies and associations. When construing and enforcing the provisions of this ordinance, the act, omission or failure of any employee, officer, agent or other person acting for or employed by any individual, corporation, company, society or association, within the scope of his employment or office, shall in every case also be deemed to be an act, omission or failure of such individual, corporation, company, society

or association, as well as that of the person. The provisions of this ordinance shall be construed to apply to hotel keepers, restaurant keepers and boarding house keepers and any person who shall serve meals to the public.

Subdivision 4. *Score Card*: The official score card for pasteurizing plants and dairy farms shall be the score card adopted by the Director of Public Health and the minimum standard of rating shall be in accordance with said score card. *Provided that the minimum standard of rating shall not be less than that fixed by the Director of the Department of Agriculture.*

Subdivision 5. *Market Milk or Cream*: Wherever the terms market milk or cream are used in this ordinance they shall be construed to mean milk or cream in their natural fluid state, as prepared for human consumption, without being converted into any other form or product.

Subdivision 6. Milk is the fresh, clean, lacteal secretion obtained by the complete milking of one or more healthy cows properly fed and kept, excluding that obtained within 18 days before and 8 days after parturition, free from foreign substances detrimental to its quality or to the quality of the products prepared therefrom, and contains not less than three and four-tenths (3.4) per cent of milk fat and not less than eight and five-tenths (8.5) per cent of solids not fat. Nothing stated in this subdivision shall be construed as prohibiting the standardization of milk at a uniform fat content of not less than three and four-tenths (3.4) per cent of milk fat. In the standardization of Grade A pasteurized milk, the milk and cream used for the enrichment of said milk shall be of the same grade.

Subdivision 7. *Cream*: Cream is that portion of milk rich in milk fat, which rises to the surface of milk on standing, or is separated from it by centrifugal force, is fresh and clean, and contains not less than twenty (20) per cent of milk fat and not more than seven and eight-tenths (7.8) per cent of milk solids not fat in cream containing twenty (20) per cent of milk fat and correspondingly less solids for greater percentages of milk fat. Cream shall have been produced from nonreacting tuberculin tested cows, or shall be pasteurized and shall otherwise conform to the rules and regulations adopted by the Director of Public Health of the City and County of San Francisco. Cream for manufacturing purposes may be repasteurized not exceeding once.

Sour market cream is clean market cream which has been fermented by the action of one or more strains of lactic acid bacteria, so that the product contains a distinct acidity, but which otherwise conforms to all the requirements for market cream. This product may be sold under the designation "sour market cream."

Subdivision 8. *Ice Cream*: Ice cream is a frozen product made with pure, sweet milk, cream, skim milk, condensed milk, condensed skim milk, dried milk, dried skim milk, wholesome sweet butter made from sweet cream, pure milk fat, or any combination of any such products, with or without sweetening, and with or without the use of harmless flavoring and coloring, and containing not less than ten (10) per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Fruit Ice Cream: Fruit ice cream is ice cream which contains not less than eight per cent of milk fat and not less than three per cent by weight of clean, mature, sound fruit or the juice thereof, with or without the use of harmless flavoring and coloring and containing not more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Nut Ice Cream: Nut ice cream is ice cream which contains not less than eight per cent of milk fat and not less than one per cent by

weight of sound, non-rancid nut meats, with or without the use of harmless flavoring and coloring and containing not more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

When sold by manufacturer, distributor or retailer, ice cream shall not contain non-pathogenic bacteria in excess of fifty thousand (50,000) per gram.

Subdivision 9. *Ice Milk*: Ice milk is a frozen product made with pure sweet milk, evaporated or condensed milk, evaporated or condensed skim milk, dry milk, dry skim milk, pure milk fat or wholesome sweet butter made from sweet cream, or any combination of such products, with or without sweetening, clean, wholesome eggs or egg products, and with or without the use of harmless flavoring and coloring. Ice milk shall contain not less than four per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin. Ice milk when sold by the manufacturer shall contain not more than 50,000 non-pathogenic bacteria per gram.

All containers of ice milk shall be conspicuously labeled and vehicles conveying ice milk for sale and places where ice milk is sold shall display a conspicuous sign containing the words "Ice Milk Sold Here" in letters not less than six inches high, and no person shall use the name "Ice Cream" in connection with the sale of ice milk therewith either orally or written.

Subdivision 10. French ice cream, French custard ice cream, cooked ice cream, ice custards, parfaits and all similar frozen products are varieties of ice cream which shall contain not less than ten per cent of milk fat and not less than five dozen of clean, wholesome egg yolks, or one and five-tenths pounds of wholesome, dry egg yolk containing not to exceed seven per cent of moisture, or three pounds of wholesome, frozen egg yolk containing not to exceed fifty-five per cent of moisture, or the equivalent of egg yolk in other form, for each ninety pounds of ice cream mix, and which shall otherwise conform to the regulations promulgated by the Director of Public Health.

French ice cream or custard ice cream shall not contain at the time of delivery to ultimate consumer more than 50,000 non-pathogenic bacteria per gram.

Subdivision 11. *Goat's Milk*: Goat's milk is the unadulterated, fresh, clean, lacteal secretion, free from colostrum, obtained by the complete milking of one or more healthy goats, properly fed and housed, free from tuberculosis and contagious abortion as determined by a veterinarian in the employ of the Department of Public Health or approved by the State Department of Agriculture. The rules and regulations governing the production, distribution, sale, handling and *pasteurization* of goat's milk shall be the same as those set forth in this ordinance as governing the production, sale, handling, distribution and processing of cow's milk.

Subdivision 12. *Buttermilk*: Buttermilk is the product that remains when butter is removed from milk or cream in the process of churning and to which milk or cream no preservative or neutralizer has been added. Buttermilk to which water has been added is hereby declared adulterated and shall not be sold for human consumption.

Cultured buttermilk is pasteurized milk or pasteurized skim milk, or a combination thereof, with or without an admixture of buttermilk, which has been treated with special cultures of lactic acid bacteria, so that the product somewhat resembles buttermilk in appearance, composition and flavor. Cultured buttermilk must be so labeled as to distinguish it from natural buttermilk.

Subdivision 13. *Unlawful to Sell Skimmed Milk Not Properly Labeled*: It shall be unlawful for any person, firm or corporation to sell,

exchange or deliver, or to offer for sale, exchange or delivery, or to cause or permit to be sold, exchanged or delivered, or to be offered for sale, exchange or delivery, or to have in possession for sale, exchange or delivery in the City and County of San Francisco any milk from which any part of the cream shall have been removed, or any skimmed milk, unless the same be offered for sale and sold as skimmed milk, or unless there shall be attached to the outside of every vessel, can or package from or in which such skimmed milk is sold or held for exchange or delivery, a tag upon which shall be printed in black letters at least one inch in height the word "skim" or the words "skimmed milk."

Skim milk shall contain less than 3 per cent of milk fat and not less than 8.8 per cent of solids not fat. Skim milk other than that used in manufacturing shall be pasteurized *and shall come from cows non-reacting to the tuberculin test* in accordance with the method set forth in this ordinance. Said pasteurized skim milk shall be labeled accordingly.

Milk or skim milk, properly pasteurized and combined with fruit or fruit juices, chocolate, chocolate syrups or other harmless syrups, with or without the addition of harmless colorings, may be used in the manufacture and sale of soft drinks under a trade name; provided said trade name does not contain the words "milk" or "cream" or any other word resembling milk or cream; and provided further, that said product shall be so colored or contain ingredients that cause it to look unlike milk or cream or any product thereof.

Subdivision 14. *Adulterated, Impure, Unhealthy and Unwholesome*: The terms adulterated, impure, unhealthy and unwholesome, when applied to milk, as used in this ordinance, mean:

First: Milk containing less than three and four-tenths (3.4) per cent of milk fat and less than eight and five-tenths (8.5) per cent of solids not fat.

Second: Milk drawn from cows within eighteen (18) days before or eight (8) days after parturition.

Third: Milk drawn from cows fed on unhealthful or unwholesome food.

Fourth: Milk drawn from cows kept in an unhealthy or insanitary condition, or from cows affected with any form of disease, or from cows which are supplied with impure or unwholesome water.

Fifth: Milk from which any part of the cream has been removed, *except skimmed milk.*

Sixth: Milk which has been diluted with water or with any other fluid, or to which has been added or into which has been introduced any foreign substance whatever, *except as permitted by this ordinance.*

Seventh: Milk drawn from cows that are in a state of filth and uncleanliness or by milkers who are themselves in a condition of filth and uncleanliness or otherwise physically unfit, *the determination of such fact or facts to be made by the Director of Public Health.*

Eighth: Any milk which is shown by analysis to contain any substances of any character not normal constituents of milk, or to have been deprived either wholly or in part of any constituent naturally or normally contained in milk, *except as permitted by this ordinance.*

Ninth: Any milk which has been processed in any insanitary pasteurizing plant, or produced on any insanitary dairy farm or factory of dairy products, or other insanitary place, or which has been handled in an insanitary manner.

Tenth: Milk from cows which have not passed the tuberculin test.

Milk which is adulterated, impure, unhealthy, or unwholesome as defined by this ordinance, shall not be sold for human consumption except as herein provided.

Section 3. *MILK FOR HUMAN CONSUMPTION IN THE CITY AND COUNTY OF SAN FRANCISCO*:

Subdivision 1. *Market milk for sale and distribution for human consumption in the City and County of San Francisco, shall consist of the following grades of milk: (a) certified milk, (b) guaranteed pasteurized milk, (c) Grade A pasteurized milk and (d) Grade B pasteurized milk, and no other milk, shall be sold, offered or exposed for sale, exchanged or delivered for human consumption within the City and County of San Francisco. Provided, that Grade B pasteurized milk shall be sold, offered or exposed for sale, delivered or exchanged only for cooking and baking purposes. Provided further, that nothing herein contained shall prevent the delivery and sale of Raw Guaranteed Milk, Raw Grade A Milk or Raw Grade B Milk to wholesalers or to pasteurization plants for the purpose of pasteurizing the same.*

Subdivision 2. *Certified Milk: Certified milk is market milk which conforms to the rules, regulations, methods and standards for the production and distribution of certified milk adopted by the American Association of Medical Milk Commissions and must bear the certification of the Milk Commission of the San Francisco County Medical Society. Certified milk must be the produce of a dairy herd that shall consist solely of cows which have passed the tuberculin test in the manner prescribed by said Milk Commission. It must not contain more than* 10,000 *non-pathogenic bacteria per milliliter of milk, which standard must be attained solely by measures directed towards cleanliness, proper cooling and prompt delivery. Certified milk must contain not less than three and five-tenths* (3.5) *per cent of milk fat and a minimum of solids not fat of eight and five-tenths* (8.5) *per cent. Certified milk must be handled and delivered in sealed containers and on ice within thirty hours after its production and in the manner directed by said Milk Commission. The dairy farm milk room, milkers and dairy utensils, etc., must all conform to the requirements of the said Milk Commission.*

Subdivision 3. *Guaranteed Milk Pasteurized: Guaranteed pasteurized milk shall conform to the following requirements as a minimum: The health of the cows shall be determined by physical examination at least once each month by an official representative of an approved milk inspection service and by a tuberculin test. It shall be produced on dairies which score not less than ninety per cent on the dairy farm score card adopted by the Department of Agriculture of the State of California. It must be delivered in containers having the pouring lip completely protected from contamination and shall be cooled immediately after being drawn from the cow to fifty degrees Fahrenheit or less, and so maintained until delivered for pasteurization, when it shall contain not more than fifteen thousand non-pathogenic bacteria per milliliter, and not less than three and one-half per cent of milk fat. It must be sold to the consumer within thirty hours after production and shall be labeled to indicate the date of sale to the consumer. All persons who come in contact with the raw guaranteed milk must exercise scrupulous cleanliness and must not be afflicted with any communicable disease or in a condition to disseminate the germs of typhoid fever, tuberculosis, diphtheria or other communicable disease liable to be conveyed by the milk. The absence of such germs in all such persons shall be determined by bacteriological and physical examination under the direction of the Department of Public Health of the City and County of San Francisco, conducted at the time of employment and every six months thereafter in a manner approved by the Department of Agriculture and the Director of Public Health. When pasteurized it shall contain not more than three thousand non-pathogenic bacteria per milliliter at the time of delivery to the consumer.*

Guaranteed milk when raw shall be delivered in sterile containers to pasteurizing plants located in the City and County of San Francisco, to be there pasteurized and thereafter distributed in the manner provided by the regulation of the Director of Health of the City and County of San Francisco.

Subdivision 4. *Grade "A" Pasteurized Milk*: Grade "A" Pasteurized Milk shall conform to the following requirements: It shall be the produce of healthy cows as determined by physical examination at least once in two months by a veterinarian under the supervision of the Director of Public Health of the City and County of San Francisco and by the tuberculin test by such veterinarian, or by a veterinarian approved by the State Department of Agriculture, and from dairy farms scoring not less than 75 per cent on the score card approved by the Director of Public Health of the City and County of San Francisco. The tuberculin test must be repeated annually if no reacting animals are found in the herd. If reacting animals are found, they must be removed from the herd immediately and the tuberculin test repeated in six months, provided that in the first test the percentage of reacting animals found is less than 10 per cent of the herd. If the percentage of reactors found is greater than 10 per cent, the tuberculin test must be repeated in ninety days.

All cows are to be fed, watered, housed, and milked under conditions approved by the Director of Public Health.

All persons who come in contact with the milk must exercise scrupulous cleanliness and must not harbor the germs of typhoid fever, tuberculosis, diphtheria or other communicable diseases transmissible by milk. Absence of such diseases shall be determined by bacteriologic and physical examination to the satisfaction of the Director of Public Health.

Grade "A" Raw Milk from the dairy farm shall be delivered in sterile containers to the pasteurizing plants located in the City and County of San Francisco, and is to be kept at a temperature of fifty degrees Fahrenheit, or below, until it reaches the pasteurizing plant when it must not contain more than one hundred and fifty thousand (150,000) non-pathogenic bacteria per milliliter and rapidly cooled after pasteurization to a temperature of fifty (50) degrees Fahrenheit or below, and so maintained to the time of delivery to the ultimate consumer.

Grade "A" Pasteurized Milk must not contain more than fifteen thousand (15,000) non-pathogenic bacteria per milliliter at the time of delivery to the ultimate consumer.

Subdivision 5. *Grade "B" Pasteurized Milk*: *Grade "B" Pasteurized milk is market milk which shall conform to the following requirements as a minimum*:

The health of the cows shall be determined by physical examination at least once in six months by a veterinarian in the employ of the Director of Public Health. Grade "B" Pasteurized milk shall be produced on dairy farms that score not less than sixty-five (65) *per cent on the dairy farm score card adopted by the Director of Public Health. It shall always be pasteurized and shall contain not more than one million* (1,000,000) *bacteria per milliliter before pasteurization and not more than fifty thousand* (50,000) *bacteria per milliliter at the time of delivery to the consumer. Grade "B" Pasteurized Milk shall be sold only in cans to the wholesale trade to be used for cooking and baking purposes; provided, however, that this latter provision shall not apply to Grade B Cream.*

Grade "B" Raw Milk shall be delivered to the pasteurizing plants in the City and County of San Francisco and pasteurized in the same manner as in this ordinance is provided for Grade "A" raw milk.

Subdivision 6. *Manufacturing Milk*: *Manufacturing milk is such milk as is not fit for human consumption as milk, and may be sold and*

used in the City and County of San Francisco only under such regulation as the Director of Public Health may provide, and if used for the manufacturing of foodstuffs, provided that in the manufacture of said foodstuffs, or immediately prior thereto, said milk is subjected to a temperature of 145 *degrees Fahrenheit for thirty consecutive minutes, and provided further, that for every degree above* 145 *degrees Fahrenheit to which said milk is heated, the time during which said temperature must be maintained may be decreased by one minute. The time for maintaining such temperature shall in no case be less than five minutes, except for milk that is re-pasteurized. Re-pasteurized milk shall not be sold as market milk.*

Milk not suitable for human consumption may be sold for industrial purposes, provided it is heated to a higher temperature than necessary for pasteurization, and delivered in a distinctive container plainly marked with the word "Not suitable for human consumption" in letters not less than one-quarter inch in length and one-twelfth stroke. Such milk must not be transported on a vehicle carrying milk for human consumption.

Subdivision 7. *Method of Pasteurization*: Pasteurizing milk consists of the heating of every portion of the milk to not less than one hundred and forty (140) degrees Fahrenheit nor more than one hundred and forty-five (145) degrees Fahrenheit and maintaining same at that temperature for thirty (30) minutes, and immediately cooling thereafter to a temperature of fifty (50) degrees Fahrenheit.

All milk except certified milk intended for human consumption in San Francisco shall be pasteurized in San Francisco in accordance with the method set forth herein.

Each pasteurizing plant shall be equipped with a sufficient number of self-registering devices to accurately record the temperature to which and the length of time for which the pasteurized product has been heated. Such record shall be kept for two months and be available for inspection by the Director of the State Department of Agriculture or any of his agents, *and also by the Director of Public Health or his representative.*

Subdivision 8. *The class or grade of all milk or cream sold, offered, or exposed for sale, delivered or exchanged, in the City and County of San Francisco, and the name and address of the producer or distributor, shall at all times appear plainly and in a conspicuous place, or be securely attached to every bottle, cap, can or container, in which said milk is contained, in capital letters not less than one-eighth inch high and one-sixteenth of an inch wide. Milk not fit for human consumption shall be so marked.*

Subdivision 9. All utensils, equipment and apparatus used in the production, handling and processing of milk, cream and milk food products shall be thoroughly cleaned and sterilized each time after using, and shall be so constructed that all parts are free from spaces not easily cleanable and each surface coming in contact with the milk and cream is smooth and free from rust.

Subdivision 10. *No Person Shall Bring Into the City, Sell or Offer for Sale any Impure, Adulterated or Unwholesome Milk*: It shall be unlawful for any person, firm or corporation, by themselves or by their agents, servants or employees, to bring, or cause to be brought within, sell, offer for sale, exchange, deliver, distribute or have in his, its or their possession with intent to sell, expose or offer for sale or exchange or to distribute for human consumption, within the City and County of San Francisco, any impure, adulterated, unhealthy or unwholesome milk, except as provided by this ordinance.

Subdivision 11. *Persons Suffering from Communicable Disease*: No person suffering from a communicable disease, or who is a "contact," or who has been recently exposed to any contagious or infectious disease, shall be permitted to milk cows, handle milk or milk utensils in any pasteurizing or processing plant or upon any dairy farm, nor

shall any milk be brought into, sold or offered for sale from any dairy farm, when a contagious or infectious disease exists on said dairy farm, until such time as said premises have been inspected and declared in writing free of contagion by an authorized employee of the Department of Public Health of the City and County of San Francisco.

Subdivision 12. *Methods of Serving Milk*: When served in any hotel, boarding house, lunch counter, restaurant or other place of public entertainment, market milk shall be served in the original bottle in sizes ½ pints, pints and quarts only, the cap of which shall not be removed except in the presence of the customer or patron; provided, however, that this provision shall not apply to cream so served.

The bottling of all milk except certified milk is prohibited except in regularly approved and authorized pasteurizing plants.

It shall be unlawful for any person, firm or corporation to sell, exchange, offer or expose for sale or exchange, or have on hand for sale or exchange or serve in any hotel, boarding house, restaurant, saloon, lunch counter or other place of public entertainment any milk or cream to which any gelatin or other substance, except as provided in the general dairy law of California, has been added to increase the consistency of such milk or cream so as to make it appear richer or of better quality; provided, however, that nothing in this ordinance shall be construed as prohibiting the standardization of milk and cream as provided in this ordinance.

Subdivision 13. All grocery stores, delicatessens and other retail establishments handling milk for human consumption must have, in addition to all other sanitary appurtenances, an ice chest of sufficient capacity to hold the amount of milk handled in said premises, and said ice chest must be properly drained in accordance with the plumbing ordinances of the City and County, and must at all times have a capacity of ice or refrigeration which will maintain a temperature under 50 degrees Fahrenheit within said chest.

If grades, market cream of any grade shall conform to all the standards set for market milk of the same grade, except that the maximum bacterial count for cream shall be not more than three times as great as that of the corresponding grade of milk.

Section 4:

Subdivision 1. *Permits Required by Vendors of Milk*: No person, firm or corporation by themselves, or through their agents, servants or employees, shall produce, ship or send into, bring into, or offer for sale, or expose for sale, or sell or deliver for distribution, sale, use or consumption within the City and County of San Francisco, any milk without first having obtained from the Director of Public Health of the City and County of San Francisco a permit so to do. One permit shall be required for each dairy, dairy farm or place of general sale or storage of milk, but no permit shall be granted to anyone where raw milk is received at a central cooling station or plant outside the City and County of San Francisco which handles more than one grade of milk, or where other milk products are made or handled.

No permit to ship or transport raw milk into the City and County of San Francisco from any central cooling plant outside the City and County shall be granted unless said milk so cooled and shipped or transported comes from dairy farms scoring at least seventy-five per cent, and otherwise complying with the provisions of this ordinance, and unless said cooling plant is constructed and maintained in accordance with plans and specifications approved by the Director of Public Health and said milk is handled as required by this ordinance.

Subdivision 2. In order to procure permits required by this ordinance the applicant shall present to said Director of Public Health a written application, and shall state therein the name and business and residence address of the applicant or applicants, the source or sources from which said applicant or applicants obtain or will obtain

supplies of milk, the number of cows in the possession of such applicant, the average quantity of milk procured, produced or handled, and the average quantity disposed of by said applicant, and the manner and character of such disposition, and such other matters as may be required by the Director of Public Health, such application to be made to the said Director of Public Health upon printed blanks to be provided by the Director of Public Health for such purpose. Such application shall further state the specific brand or business name, if any, under which such milk is to be imported, sold, exchanged or distributed.

Subdivision 3. If the Director of Public Health, upon such investigation and inspection as he may make, shall determine that the statements therein made are true, and that the applicant does not intend to bring into, sell, expose, or offer for sale, exchange, deliver or distribute, within the City and County of San Francisco, any unwholesome milk as food for any human being, and that the production, transportation, storage and handling of the same is to be under sanitary conditions and in conformity with the regulations adopted as a part of this ordinance, he shall issue the appropriate permit therefor according to the nature of the business to be transacted or conducted by the applicant.

Subdivision 4. No permits shall be sold or assigned or transferred. Permits shall be subject at all times to revocation by said Director of Public Health in his discretion upon sufficient cause therefor shown; provided, however, that no such permit shall be revoked until after a hearing given by the Director of Public Health in the matter of the revocation of such permit after five (5) days' notice in writing has been served on the owner of such permit, which said notice shall be given to said owner or holder of said permit by mailing said notice by registered mail addressed to his place of residence or business as the same appears on said permit or on the records of the Department of Public Health, which notice shall state the ground of complaint against such owner and the time and place where such hearing shall take place; provided, however, that when the holder of any permit shall have been convicted in any court of any violation of this ordinance by any law relating to the production, transportation, storage, sale or distribution of milk, such permit may be revoked without notice.

Subdivision 5. *Procedure to Follow for Renewal of a Permit Revoked for Cause*: When a permit shall have been revoked by the Director of Public Health, no further permit shall be granted by said Director to the same person, firm or corporation until he, they or it shall file with said Director a bond in the sum of five hundred (500) dollars with two (2) sureties approved by the Director of Public Health, conditioned for the faithful observance of all the regulations of the law and of said Director of Public Health relating to production, importation, sale, delivery and distribution of milk.

Subdivision 6. As often as required, and at least once each year, every person or persons, firm or corporation maintaining a pasteurizing plant or dairy farm in, or bringing milk into the City and County of San Francisco and holding a permit so to do, shall furnish the Director of Public Health a full and true statement of the sources and amounts of the supply of the milk imported, sold or distributed by him or them, with the names and addresses of the persons from whom the same is obtained and the amount from each source, and such other information as is required by applicants for permits as hereinbefore provided, and all applications for permits, and all such written statements required as aforesaid, shall be registered by the said Director of Public Health.

Subdivision 7. *Official Number of Permits*: When a permit is granted, the Director of Public Health will give the holder thereof an official number, and this number shall be used to mark the products of the pasteurizing plant or dairy farm as hereinafter prescribed.

Subdivision 8. *More Than One Dairy or Dairy Farm Under the Same Ownership or Control*: Two or more pasteurizing plants or dairy farms under the same ownership or control may use the same permit numbers, provided a serial letter is added in each case to designate the pasteurizing plant or dairy farm, and to enable its products to be identified.

Subdivision 9. *Names on Wagons*: All automobiles, motor trucks or other vehicles from which market milk, cream, butter, ice cream, buttermilk or ice milk are sold, marketed, delivered, or peddled, shall have the name and address of the owner and permit number plainly painted thereon in letters at least three inches high, and one and a half inches wide, on both sides of such vehicles, or if such milk is sold or exposed or offered for sale, delivery, distribution, or exchanged within a store or house, then such permit number shall also be constantly exposed in some conspicuous manner at the place wherever such milk is sold, or kept, so as to be plainly apparent.

Subdivision 10. *Rule Governing Renewal of Permit*: Any applicant receiving and holding a permit such as is herein set forth, shall make application for the renewal of the same between January 1st and January 15th of each year, and said permit shall be renewed, provided the applicant complies and conforms to all of the provisions as set forth in this ordinance.

Section 5. In order to carry out the purposes and provisions of this ordinance, the said Director of Public Health and all his officers, agents and employees shall have the right at any time and at all times to enter upon or into the premises of any producer or vendor or distributor of milk authorized under the provisions of this ordinance, and any refusal upon the part of such producer, vendor or distributor to allow such entry and such inspection as may be required and directed by the said Director of Public Health may be punished by the revocation of the permit of such producer, distributor or vendor by the said Director of Public Health.

Section 6. The Director of Public Health and all his officers, agents and employees shall have the right and it shall be their duty to enter and have full access, egress and ingress to all places where milk is stored and kept for sale, and to all automobiles, motor trucks or other vehicles, railroad cars, steamboats, or conveyances of every kind used for the conveyance or transportation or delivery of milk, for the purpose of consumption in the City and County of San Francisco.

Section 7. It shall be the duty of the said Director of Public Health to cause the dairy farms and other establishments from which milk brought into the City and County of San Francisco is obtained, to be inspected from time to time to satisfy said Director of Public Health that the provisions and requirements of this ordinance and all orders issued by said Director are constantly complied with.

Section 8. It shall be unlawful for any person, or persons, firm or corporation to obstruct or interfere with the said Director of Public Health or any officer, agent or employee of said Director of Public Health in the performance of any of the duties required by this ordinance.

Section 9. It shall be the duty of the owner, agent or manager of any pasteurizing plant or dairy farm from which milk is brought into this City and County to forthwith report to the Director of Public Health of said City and County, in writing, anything of which he has knowledge or notice tending to render milk, obtained from such pasteurizing plant or dairy farm, unwholesome, impure or unhealthy.

Section 10. The Director of Public Health and all his officers, agents and employees shall have the right at any time to take samples of milk and cream from any person selling, exposing for sale, offering for sale, exchanging, delivering, or distributing in the City and County of San Francisco, or shipping into said City and County, milk or cream, provided that such samples shall not exceed in quantity one quart of milk and one quart of cream at any one time. Such samples shall be

taken and sealed in full view of and in the presence of any person in charge of such milk or cream, and to said person shall be given at such time one-half of said sample or samples hermetically sealed by said Director of Public Health, or his officers, agents or employees. The other half of said sample shall be likewise hermetically sealed and delivered to said Director of Public Health by the officer, agent or employee of said Director of Public Health taking such sample. It shall be the duty of said officer, agent or employee, at the time said sample is taken, to attach to the bottle of container containing each half of said sample, a statement showing the number of the permit issued by said Director of Public Health displayed upon the tanks, or cans, or bottles, or wagons, from which such milk or cream was taken, and the date of the obtainment of the sample, and the name of the person by whom it was taken, and a memorandum thereof shall be made by the person obtaining such sample in a book kept for that purpose in the office of the Department of Public Health.

MILK COMING FROM OUTSIDE THE CITY AND COUNTY TO BE EXPOSED FOR INSPECTION.

Section 11. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft to have the same tendered and exposed for inspection by the said Director of Public Health, his officers, agents or employees, according to the requirements of said Director of Public Health; provided that said milk shall not be detained for inspection for a longer period than one hour. It shall be the duty of the owner or consignee of milk brought into the City and County of San Francisco by land and over any road or railroad leading into the peninsula of San Francisco, to cause the same to be tendered and exposed for inspection according to the requirements of said Director of Public Health, provided that said milk shall not be detained for inspection a longer period than one hour.

MILK COMING FROM OUTSIDE OF THE CITY AND COUNTY TO BE PLAINLY MARKED WITH THE SHIPPER'S NAME, ADDRESS, PERMIT NUMBER AND NUMBER OF TANKS OR CANS CONTAINED IN THE SHIPMENT.

Section 12. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft, railroad, or by land over any road, to attach to one tank or can of each shipment a tag setting forth the following facts in a clear and legible manner:

Name of shipper.....
Address.....Permit No.....
Number tanks.....Milk.....Cream.....

MILK TO BE TIGHTLY COVERED.

Section 13. It shall be unlawful to sell, offer for sale, expose for sale or ship into the City and County of San Francisco, for human consumption, any milk or cream in any tank or container, holding more than three gallons, which is not provided with a proper and tight-fitting mushroom cover.

SALE OF MILK AND CREAM IN QUANTITIES OF ONE QUART OR LESS.

Section 14. It shall be unlawful for any person, firm or corporation to distribute, sell, offer for sale, or keep with the intention of selling, any milk or cream in quantities of one (1) quart or less, in stores or any other place (except where the milk or cream is consumed upon the premises), unless the milk or cream is contained in tightly closed sterile bottles or receptacles of a similar character.

MILK AND CREAM BOTTLES TO BE CAPPED AND MARKED.

Section 15. All bottles or receptacles of a similar character in which

milk and cream are distributed or sold must have stamped or printed on the cap or covers, in a conspicuous and legible manner, the name, address and permit number of the person, firm or corporation bottling said milk or cream, and the specific kind of milk or cream contained therein.

NAMES OF BRANDS ON BOTTLES AND CAPS OR COVERS MUST NOT DIFFER.

Section 16. It shall be unlawful to distribute, sell, offer for sale, or expose for sale, any milk or cream in any bottle or receptacle bearing in any manner thereon the name or names of any person, firm or corporation other than or different from the name or names printed or inscribed upon said cover or can of such bottle or receptacle.

TRANSFER OF MILK ON STREET.

Section 17. No person shall transfer any milk from one can, bottle or receptacle on any street, alley or thoroughfare, or upon a delivery wagon, or other vehicle, or in any place in the City and County of San Francisco, except in a dairy or dairy farm the sanitary condition of which has been approved by the Director of Public Health.

Section 18. *Where this ordinance or the regulation of the Director of Public Health is silent upon any matter pertaining to the production, processing, pasteurization, transportation, sale, delivery, use or handling of milk, cream or of any of the products of either milk or cream, the provision of the state law or the regulations of the Director of Agriculture shall apply thereto.*

Section 19. *The Director of Public Health is hereby authorized to make such rules and regulations not in conflict with this ordinance or the state law for the purpose of carrying out the provisions of this ordinance.*

PENALTY FOR VIOLATION OF PROVISIONS OF THIS ORDINANCE.

Section 20. Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than twenty-five (25) dollars and not more than five hundred (500) dollars, or by imprisonment in the County Jail for not more than one hundred (100) days, or by both such fine and imprisonment.

Section 21. All orders and ordinances and parts of orders and ordinances in conflict with this ordinance are hereby repealed.

Section 22. *Constitutionality*: If any section, subsection, subdivision, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Board of Supervisors hereby declares that it would have passed this ordinance, and each section, subsection, subdivision, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses or phrases be declared unconstitutional.

AMENDMENTS TO MILK ORDINANCE SUBMITTED BY SUPERVISOR GALLAGHER.

Amendment No. 1.

After the end of Section 19 insert the following:

Section 19-A, Regulation 1. *The Dairy Farm; Location of Buildings*: No buildings used for dairy purposes shall be within two hundred yards of marshy ground, stagnant water, abattoir or other place or class of business detrimental to the production of sanitary milk, and no chicken coop, hogpen, or horse stable shall be adjacent to the buildings used for the drawing, keeping or handling of milk.

Regulation 2. *Surroundings to Be Clean*: The surroundings of all buildings shall be kept clean and in good order. The accumulation of dirt, rubbish, manure or decayed matter shall not be permitted.

Regulation 3. *Water Supply*: The dairy shall be supplied with an abundance of pure water. Water from wells or springs which are not protected against the entrance of flood and surface water shall not be used for cooling milk or cleaning utensils.

Regulation 4. *Examination of Water*: A sample of the water shall be furnished the Board of Health at any time requested.

Regulation 5. *Plans and Specifications*: When required plans and specifications in duplicate of the plants for which application for inspection is made, also of new plants and plants to be remodeled, must be submitted to the Board of Health for approval.

Regulation 6. *Construction of Stables, Milk Houses, Erection, Alteration, Maintaining of Insanitary Structures Prohibited*: No person shall in any dairy, or dairy farm, erect or cause or permit to be erected by alteration, or maintain, any stable, milk house or any other building or structure which, or any part of which, shall be inadequate or defective in respect to strength, ventilation, light, drainage, or any other usual, proper or necessary provision or precaution for the security of health or life.

Regulation 7. *Cubic Air Space Per Cow*: Milking sheds and cow barns in which cows are milked and not otherwise kept must have not less than 500 cubic feet of air space in the clear for each and every animal milked therein. If said sheds and barns are used for stables for housing of the cattle during the day or night, or at other times than the regular milking hours, then each animal must have not less than 1000 cubic feet of air space in the clear.

Regulation 8. *Light and Ventilation. Light*: The side wall of all milking sheds and cow barns must be provided with windows or openings of not less than four (4) square feet for each cow.

Skylights in Roof: Sheds or barns so constructed as to provide for two or more central milking strings shall be required to install skylights of a size and at such locations as to furnish light equivalent to two (2) square feet of window space for each cow to be accommodated in said central milking strings.

All windows in side wall of milking sheds or cow barns must open inward at the top for a distance of not less than 10 inches, securely fastened at the bottom.

Louvre ventilation must be provided in the roof of all milking sheds and cow barns.

Regulation 9. *Construction of Side Walls, Ceilings*: The side or area walls of all milking sheds or cow barns hereafter erected must be of concrete or of brick or of stone laid in cement mortar, and shall extend from the footing below the floor line upward to a height of not less than four (4) feet above the finished floor level, and shall be at least six (6) inches thick at top if of concrete and eight (8) inches thick if of brick or stone.

Interior Finish of Side Walls: The exposed surfaces of the concrete, brick or stone walls must be covered with a layer of cement troweled to a smooth surface.

The side walls from the top of the concrete to the plate of the milking shed or cow barn if of wood shall be tight and so as to prevent dust from sifting through and so constructed as to be easily cleaned, and kept free from cobwebs and dirt.

Ceilings: When in the judgment of the Dairy Inspectors it is deemed necessary and so reported in writing the Director of Public Health

shall require the ceiling of milking shed or cow barn to be sheathed with tongue and groove.

Regulation 10. *Construction of Floors*: Floors must be of concrete. The floors of all milking sheds and cow barns must be of concrete not less than four (4) inches in thickness, covered with a finishing layer of cement one-half (½) inch in thickness troweled so as to leave a "rough finish."

Gutter Drains: Gutter drains shall be constructed in rear of each string of cows at the time the floor is put down, and said gutter drains must have a uniform thickness as that of the stable floor and shall not be less than twelve (12) inches in width inside measurement and not less than four (4) inches in depth, with sufficient fall to carry off all liquid discharges.

Sewer: All gutter drains must be properly connected to a sewer or drain so as to efficiently carry off all discharges and wash waters to distance sufficient to avoid same becoming a source of contamination to the dairy or its water supply.

Regulation 11. All existing milking barns so constructed that their condemnation in the opinion of the Director of Public Health is unwarranted and where said milking barn is kept in a sanitary condition and no feature thereof constitutes a menace to the production of a sanitary milk as intended by this ordinance, permission to use said barns may be granted. Where barns are located on sloping ground or where the floor of said milking shed or barn is more than four feet above the ground and is otherwise approved by the Board of Health, the floors and gutter drains may be of wood and the side walls sheathed to a height of four (4) feet with smooth sheet metal.

Regulation 12. *Hand Basins in Stable*: Each milking shed and cow barn shall be provided with an adequate number of stationary hand basins, properly supplied with running water, soap and towels, conveniently located for use of milkers.

Water for Cleansing Stable: The stable shall further be supplied with stationary lines of pipes having hose bib outlets located at convenient points so that the stable can be properly hosed down and flushed out after each milking.

Regulation 13. *The Milk House, Wash Room, Milk Room*: There shall be a room which shall be used for no other purpose than to provide a place for handling the milk, storing clean milk utensils, and holding fresh milk previous to its removal from the dairy. The milk room shall be within easy access of the stable, but so placed that it cannot be easily reached by dust or odors from the stable or yard or other source. If under the same roof with the stable it shall be separated therefrom by a light, clean, ventilated passageway.

Floor of Milk and Wash Rooms: The floors of the milk room and wash rooms shall be of concrete not less than three inches in thickness covered with a finishing layer of cement one-half inch in thickness troweled to a smooth surface.

A floor drain shall be installed in each milk room which shall be properly trapped to a sewer, and the floor of the milk room shall be so put down that all points slope toward the floor drain.

Foundation Walls: The foundation or area walls of all milk and wash rooms shall be of concrete not less than 6 (six) inches in thickness and extended to a height of not less than four (4) feet above the finished floor level.

Sidewalks and Ceilings: The outer walls or sheathing of all milk and wash rooms shall be tight, the inside shall be lined with tongue and groove lumber put on in a workmanlike manner and must be painted two coats of lead and oil paint of a light color or an approved waterproof paint—whitewash is strictly prohibited.

Windows and Ventilation: The milk and wash rooms shall be well lighted and ventilated with proper sash fitted window and louvre vent shafts.

Screening of Doors and Windows: All windows, ventilators or openings of milk and wash rooms shall be securely screened with finely woven wire mesh and all doors leading into said rooms must be provided with tightly closing screen doors, having metal springs to prevent the entrance of insects and flies.

Regulation 14. *Equipment, Sanitation of Wash Room, Dairy Appurtenances, Utensils, Bottles. Size and Equipment of Wash Room*: Every dairy and dairy farm must provide a properly constructed wash room, separate and apart from a dwelling place and of a size adequate to properly cleanse and sterilize all utensils, cans and dairy appurtenances.

Cleansing Equipment: All wash rooms in dairies or on dairy farms must be provided with a steam boiler or other approved apparatus capable of producing boiling water and live steam for the cleansing, rinsing and sterilizing of all utensils and apparatus used in or about the dairy.

Racks and Shelves and Wash Trays: Wooden racks, pegs and shelves and wooden wash trays are prohibited in wash rooms. Racks and shelves must be of metal and wash trays may be of metal, enamel iron, cement or other similar non-absorbing materials.

Cleansing of Utensils: In dairies and milk depots, all cans, bottles and other utensils, after being used shall be thoroughly washed in water containing lye or sodium carbonate (sal soda), or some substance containing a mixture of these with or without soap.

Not more than twenty (20) cans or fifty (50) bottles shall be washed in a tank or tub containing less than ten (10) gallons of water, unless said tank or tub is filled with a fresh solution as provided herein.

Regulation 15. *Rinsing and Sterilizing After Washing*: After being washed off, all cans, bottles and other utensils shall be thoroughly rinsed in a tank or tub having a constant inflow of clean fresh water. The rinsing tank or tub, while in use, must have a constant inflow and outflow of water. After being rinsed, all cans, bottles and other milking utensils shall be effectively sterilized by the action of live steam. After being so subjected to live steam, said cans, bottles, or other milk utensils shall not be allowed to stand in any place where they are exposed to dirt, dust, flies, or other contamination.

Wash Trays: Wash trays and rinsing tanks used for the cleansing of cans, bottles and other milking utensils shall not be used for any other purpose.

Cleaning of Brushes: All brushes, scrapers and other appliances used in cleaning cans, bottles and other utensils must be sterilized daily, and at all times must be free from incrustations and dirt.

Daily Cleansing of Wash Tanks and Floors: Wash trays and tanks for cleansing and rinsing milk utensils and the floors of the wash room must be cleaned daily.

Regulation 16. *The Dairy Herd, Testing Inspected Herds*: The dairy herd on any dairy farm receiving a permit to produce or ship guaranteed milk into the City and County of San Francisco shall undergo an annual physical examination which shall include the testing of said herd with tuberculin, and every bovine on the farm over six (6) months of age shall be required to submit to said physical and tuberculin test under the direction and supervision of the Director of Public Health of San Francisco. The tuberculin shall be furnished by the owners of the herd tested.

Reacting Animals: All animals reacting to said tuberculin test shall be branded T. B. and removed from said dairy farm within fifteen days.

Additions to Dairy Herd: All additions made to said dairy herd

shall undergo the physical and tuberculin test under the direction and supervision of the Director of Public Health before said additions are admitted to the herd.

Animals Passed to Be Tagged: All bovines passed shall be tagged with a numbered metal tag bearing date of test and the words: "Tested and Passed, Board of Health, San Francisco."

Retesting of Herd Annually: The entire herd and every bovine on said farm over six (6) months of age shall be annually retested prior to the reissuance of a permit.

Regulation 17. *Dairy Herd Producing Milk for Pasteurization*: The dairy herd, on any farm receiving a permit to produce or ship milk into the City and County of San Francisco, shall be free from disease as determined by physical examination at least once in two months, by a qualified veterinarian of the Board of Health.

Regulation 18. *Care of Herd*: All long hairs about udders and flanks must be clipped and tails of cows must be kept short enough to clear the ground.

Sick Animals: Sick cows, or cows showing signs of tuberculosis, contagious abortion, mammitis, mammary abscess, disease of the udder or teat, or actinomycosis (lumpjaw), or other evidence of ill health, or suspected of being ill shall be at once removed from the main stable and the milk of all such shall be discarded.

Regulation 19. *Men and Animals Must Be Clean*: No milk shall be taken from any cow, goat, or other milk-producing animal unless such animal shall be in a clean condition; nor shall any such milk be taken from any animal except by an employee or other person who is himself in a cleanly and healthy condition.

Regulation 20. *Feeding and Watering the Herd*: The feed provided for dairy herd must be sweet and clean and of such a nature as to give no odor to, or otherwise affect the taste or character of the milk. Fermented beet pulp, vegetable refuse, or swill, are positively prohibited.

Manner and Time of Feeding: Cows shall be fed liberally and regularly; that is, in the same way and at the same hour every day.

Selection of Ration: The selection of the ration shall be supervised and any change therein approved by the Director of Public Health.

Dry and Dusty Feed: No dry or dusty feed shall be given within one hour previous to milking. If its use is necessary, it must be sprinkled before it is fed.

Feed to Be Separated from Herd: All foodstuffs must be kept in an apartment separate from the animals.

Drinking Water: Pure water shall be given at regular and frequent intervals.

Regulation 21. *Care and Delivery of Milk. Emptying of Milk Buckets. Straining of Milk*: Immediately after receiving each pail as filled, the milk may be poured into a properly covered storage pail elevated not less than three (3) feet off the floor or the receiving pail shall be taken to the milk room and emptied into a strainer from a platform outside the milk house. It shall be then promptly strained through a fine wire gauze and a layer of absorbent cotton protected on either side by a layer of cheese cloth, or equally good strainer.

Cooling of Fresh Milk: The milk after being drawn and strained shall be cooled at once to a temperature of forty-five (45) degrees Fahrenheit, except when milk is delivered to a central cooling station within two hours after being drawn. Milk intended for consumption in San Francisco must be shipped within four hours after it is drawn.

Mixing of Milk Prohibited: Night and morning milk shall not be mixed, nor shall ice be put into the milk.

Storing of Milk: Milk may be stored, while on the farm, in the

regular refrigerator room or in an ice box in the milk room. The ice box shall be thoroughly scrubbed at least once a week and trapped to prevent the entrance of sewer gas, and in no instance shall this pipe be connected to a drain or sewer.

Wiring of Shipping Tanks and Cans: All tanks and cans in which milk is transported from the dairy farm into San Francisco and all empty containers returned to the dairy farm, shall have the covers securely wired to the handles on each side of the tank or can.

Drinking Milk from Covers Prohibited: No person shall drink from any vessel or utensil, or the cover thereof, which is used for the delivery of milk, nor shall any tank, can, bottle or utensil used for the purpose of delivering milk be used for any other purpose.

Use of Milk Tanks or Utensils for Heating Milk Prohibited: It shall be unlawful to place any milk tank, can, or utensil used in the delivery of milk, on, or about a stove or other heating apparatus.

Milk Cans Must Not Be Left on Sidewalk: Milk cans containing milk or empty, delivered to or received from grocery stores, bakeries, delicatessen stores, restaurants, depots or other similar places shall not be left upon the sidewalk or street.

Transit of Milk from Point of Entry to Dairy: The transit of milk from point of entry into San Francisco to the dairy depot shall be made within one hour from the time of arrival.

Care and Delivery of Milk to Consumer: While awaiting delivery to the City, milk shall be stored at a temperature of not more than 45 degrees Fahrenheit and kept free from contamination.

Regulation 22. *Milkers and Milking—Personal Hygiene of Employees*: Milkers and employees shall be clean in habits and appearances.

Outer Garments, Care of: A special suit of clean outer garments and cap shall be worn during milking and at no other time; when not in use, these must not be kept in the stable or living room, but in a clean and well-ventilated place.

Milkers to Wash Hands Before Milking: Before beginning to milk, the milkers' hands shall be carefully washed with soap and then rinsed in clean water.

Cleaning of Udders and Flanks: No milk shall be taken from any cow, goat or other milk-producing animal unless such animal shall be in a clean condition. The udder and surrounding parts of every cow shall be cleaned before each milking.

All milking stools must be of a type approved by the Director of Public Health and must be cleaned after each milking.

Wet Milking and Use of Emollients Prohibited: The milkers' hands shall be kept clean and dry when milking; they shall not come in contact with the milk. The use of vaseline, lard, oil or other substance is strictly prohibited on cows' teats during the process of milking.

Rejection of Fore Milk: The first three or four streams of milk from each teat shall be discarded.

Hours and Manner of Milking: Milking shall be done in a quiet, clean and thorough manner, and at the same hours daily.

Bloody and Stringy Milk: If the milk from a cow is bloody or stringy, or thick, or it has an unnatural appearance, or if manure gets into it, it shall be discarded and the pail washed and sterilized before it is used again.

Milk of Cows Separated From Herd: Cows separated from the herd shall be milked after all others are milked, and this milk must not be used except as food for stock.

Domestic Animals and Others Excluded From Milk Room: Milkers and other helpers not directly concerned in the straining, separating and filling of containers shall not be allowed within the milk house while the milk is being strained or handled; nor shall any domestic animal be allowed therein.

Cleaning of Milk Room: The milk house shall be washed and hosed down twice daily with fresh water.

Regulation 23. *Employees' Living Quarters*: The living quarters of the employees of all dairies or dairy farms shall be contained within buildings or structures which shall be wholly separate, distinct and disconnected from the buildings or structures wherein the cattle of such dairies may be housed; the beds in all such living quarters, and in every room in which beds are kept or provided for such employees, shall be separated by a passageway of not less than two feet, horizontally; and all such beds shall be so arranged that under each of them the air shall freely circulate, and there shall be adequate ventilation; and five hundred cubic feet of air space shall be provided and allowed for each bed or employee, and no more beds shall be permitted than those provided for according to the terms of this ordinance, unless free and adequate means of ventilation exists, to be approved by the Director of Public Health, and a special permit in writing be granted therefor, specifying the number of beds or the cubic air space which shall under special circumstances be allowed.

Regulation 24. *Owners Must Keep Quarters Clean and Provide Bath and Other Conveniences*: Every owner, lessee, tenant, occupant, proprietor or manager of any dairy or dairy farm shall cause every part thereof and its appurtenances to be put and shall thereafter cause the same to be kept in a cleanly and wholesome condition and shall cause every part thereof in which any person may sleep, dwell or work to be adequately lighted and ventilated according to the direction of and to the satisfaction of the Director of Public Health; and proper accommodations for urinals, water closets, bath tubs and washing utensils shall be provided, according to the directions and to the satisfaction of the Director of Public Health.

Regulation 25. *Health of Employees*: The Health Officer or his representatives shall inspect all buildings connected with the dairy, or dairy farm, and all persons who directly or indirectly come in contact with the industry, and where deemed necessary he may demand a certificate of health or make a physical or other examination to establish the health of any or all persons on a dairy or dairy farm. The dairyman shall keep informed as to the health of all employees and the members of their households. No person connected with the dairy shall enter a house where it is known that there has been an infectious disease, until it has been disinfected. No employee or other person who has been in contact with any infectious disease shall be permitted in the dairy.

Regulation 26. *Sale of Milk to Be Stopped When Communicable Disease Occurs*: No person with throat trouble or who is otherwise ill shall be admitted to the stable or milk room.

The existence of smallpox, typhoid fever, diphtheria, scarlet fever, measles or other contagious diseases, on, or in the vicinity of, the dairy farm shall be promptly reported to the Director of Public Health, and the sale of milk shall be stopped until its resumption is authorized by said Director.

Amendment No. 2.

Amendment No. 3.

In section 2, subdivision 7, line 7, strike out the word "cream" and all words following to and including the word "Francisco" in line 10, and in lieu thereof insert the following: "Market Cream shall be graded and shall conform to all the standards set for market milk of the same grades except that the maximum bacterial count for any grade of market cream shall be not more than three times as great as that for the corresponding grade of market milk.

Amendment No. 4.

In section 3, subdivision 13, strike out all of lines 9 to 12 inclusive.

Amendment No. 5.

In section 4, subdivision 1, line 20, strike out the period at the end of line 20 and in lieu thereof insert a comma and the following: "And unless the person owning and or operating said plant shall also pay the salary and maintenance of a special inspector appointed by the Director of Public Health, who shall devote all his time to supervising the production of market milk at such plant in accordance with the terms of this ordinance."

Amendment No. 6.

In section 2, subdivision 6, line 9, after the word "content" insert a period and strike out the words "of not less than three and four-tenths (3.4) per cent of milk fat."

Amendment No. 7.

In section 3, subdivision 12, line 4, after the word "bottle" strike out the words "in sizes ½ pints, pints and quarts only."

Amendment No. 8.

In section 3, subdivision 7, line 3, after the word "and" strike out "forty (140) degrees Fahrenheit nor more than one hundred and forty-five (145) degrees Fahrenheit" and in lieu thereof insert the following: "forty-five (145) degrees Fahrenheit nor more than one hundred and fifty (150) degrees Fahrenheit."

Amendment No. 9.

In section 3, subdivision 1, line 3, after the word "guaranteed" strike out the word "pasteurized" and in lieu thereof insert the word "Raw."

Amendment No. 10.

In section 3, subdivision 1, line 10, strike out the words "Raw Guaranteed Milk."

Amendment No. 11.

In section 3, strike out all of subdivision 3, and in lieu thereof insert the following: "Subdivision 3. Guaranteed Raw Milk: Guaranteed Raw Milk is Market Milk which shall conform to the following requirements as a minimum.

The health of the cows shall be determined by physical examination at least once each month by an official representative of the Director of Public Health and all cows shall be tested at least once every six months for tuberculosis by the tuberculin test, said test to be made by a veterinarian employed by the Director of Public Health or a veterinarian authorized by said Director of Public Health. Only animals free from Brucella abortus shall be permitted on a Guaranteed Raw Milk dairy and as often as may be necessary the animals producing

said milk shall be tested by the agglutination test. Any unhealthy animal or any animal reacting to either of the herein provided tests shall be immediately removed from the milking herd and no milk from any reacting animal shall be sold or used as any grade of Market Milk. It shall be produced on dairy farms scoring not less than ninety per cent on the dairy farm score card adopted by the Director of Public Health. It shall be bottled with mechanical bottling and capping equipment on the dairy premises where produced, and must be delivered in containers having the pouring lip completely protected from contamination, and shall be cooled immediately after being drawn from the cow to fifty degrees Fahrenheit or less and so maintained until delivered to the consumer, when it shall contain not more than ten thousand bacteria per milliliter and not less than three and one-half per cent of milk fat. It must be sold to the consumer within thirty hours after production and shall be labeled to indicate the date of sale to the consumer.

All persons who come in contact with Raw Market Milk must exercise scrupulous cleanliness and must not be afflicted with any communicable disease or in a condition to disseminate the germs of typhoid fever, tuberculosis, diphtheria or other communicable diseases liable to be conveyed by the milk. The absence of such germs in all such persons shall be determined by bacteriological and physical examinations by the Director of Public Health or by other persons or laboratory approved in writing by said director conducted at the time of employment and every six months thereafter in a manner approved by the said Director of Public Health.

Amendment No. 12.

In section 3, subdivision 7, line 7, after the word "milk" insert the following "and Guaranteed Raw Milk."

Amendment No. 13.

In section 3, subdivision 12, line 8, after the words "Certified Milk" insert the words "and Guaranteed Raw Milk."

Motions.

Supervisor Spaulding moved that the Milk Ordinance be taken in the hands of the Board. Supervisor McSheehy opposed.

Supervisor McSheehy moved re-reference to committee.

Motion *lost* by the following vote:

Ayes—Supervisors Breyer, Gallagher, McSheehy, Shannon—4.

Noes—Supervisors Brown, Canepa, Colman, Havenner, Hayden, Miles, Peyser, Power, Roncovieri, Spaulding, Stanton—11.

Privilege of the Floor.

Messrs. Glass, representing the Natural Milk Producers' Association, and Marshal; Dr. Geiger, Chief Milk Inspector; T. Lydon and Dr. Kelly, representing the San Francisco County Medical Society, were heard at length on the pending ordinance.

Amendments.

Supervisor Roncovieri moved that the words "such pasteurized" be inserted after the word "which" in the fourth line of Subdivision 1 of Section 2.

No objection. It was so ordered.

Supervisor Shannon moved that the words "of the State of California" be added at the end of Subdivision 4 of Section 2.

No objection and it was so ordered.

Approved.

Section 1.

Thereupon, the ordinance was taken up seriatum and Section 1 was *approved without objection.*

Section 2.

Subdivisions 1, 2 and 3 *approved without objection.*

Subdivision 4. *Score Card.* Was *approved* with Supervisor Havenner voting *no* for the reason, as he explained, that the paragraph did not afford an adequate definition of the words "*Score Card.*"

Subdivision 5. *Market Milk or Cream.*

Supervisor Gallagher moved to amend as follows:

In Section 2, Subdivision 5, line 2, after the word "or" insert the word "market".

No objection and it was so ordered.

Whereupon, Section 2, Subdivision 5, as amended, was *approved.*

Subdivision 6. *Milk Defined.*

Supervisor Gallagher moved to amend as follows:

In Section 2, Subdivision 6, line 9, after the word "content" insert a period and strike out the words "of not less than three and four-tenths (3.4) per cent of milk fat".

Supervisor Havenner moved as a substitute the following:

Subdivision 6. Milk is the fresh, clean, lacteal secretion obtained by the complete milking of one or more healthy cows properly fed and kept, excluding that obtained within 18 days before and 8 days after parturition, free from foreign substances detrimental to its quality or to the quality of the products prepared therefrom, and contains not less than three and four-tenths (3.4) per cent of milk fat and not less than eight and five-tenths (8.5) per cent of solids not fat. Nothing stated in this subdivision shall be construed as prohibiting the standardization of milk at a uniform fat content by the addition of whole milk or cream, but the addition of skimmed milk or the removal of butter fat is prohibited. In the standardization of Grade A pasteurized milk, the milk and cream used for the enrichment of said milk shall be of the same grade.

Substitute *accepted* in lieu of proposed amendment.

Whereupon, Subdivision 6, Section 2, as amended, was *approved without objection.*

Subdivision 7. *Cream.*

Supervisor Gallagher moved to amend as follows:

In Section 2, Subdivision 7, line 7, strike out the word "cream" and all the words following and including the word "Francisco" in line 10, and in lieu thereof insert the following: Market cream shall be graded and shall conform to all standards set for market milk of the same grades except that the maximum bacterial count for any grade of market cream shall be not more than three times as great as that for the corresponding grade of market milk.

Passed temporarily.

Motion to Postpone.

Supervisor Canepa moved that subject matter lay over for further consideration until Wednesday, April 12, 1933, at 2 p. m.

Motion *lost* by the following vote:

Ayes—Supervisors Canepa, Peyser, Roncovieri, Spaulding—4.
Noes—Supervisors Breyer, Brown, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Power, Shannon, Stanton—11.

Whereupon, on motion of Supervisor Shannon, the subject matter was *laid over and made a Special Order for 2:30 p. m., April 17, 1933.*

Passed for Second Reading.

The following matters were *passed for second reading*:

Ordering the Improvement of Ortega Street.
(Code No. 12.0611.)

On recommendation of Streets Committee.

Bill No. 298, Ordinance No. 12.061122, as follows:

Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifica-

tions therefor, and authorizing the Department of Public Works to enter into contract for doing the same.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Department of Public Works, in written communication filed in the office of the Clerk of the Board of Supervisors March 20, 1933, having recommended the ordering of the following street work, the same is hereby ordered to be done in the City and County of San Francisco in conformity with the provisions of the Street Improvement Ordinance of 1918 of said City and County of San Francisco, said work to be performed under the direction of the Department of Public Works, and to be done in accordance with the specifications prepared therefor by said Department of Public Works, and on file in its office, which said plans and specifications are hereby approved and adopted.

That said Board of Supervisors, pursuant to the provisions of Part II of the said Street Improvement Ordinance of 1918 of said City and County of San Francisco, does hereby determine and declare that the assessment to be imposed for the said contemplated improvements, respectively, may be paid in ten installments; that the period of time after the time of the payment of the first installment when each of the succeeding installments must be paid is to be one year from the time of the payment of the preceding installment, and that the rate of interest to be charged on all deferred payments shall be seven per centum per annum.

The improvement of Ortega street between Twenty-second avenue and Twenty-fourth avenue, including the crossings of Twenty-third avenue and Twenty-fourth avenue, by grading to official line and grade; by the construction of 8-inch, 12-inch and 15-inch vitrified clay pipe sewers; by the construction of 8x6 inch "Y" branches; by the construction of the necessary 6-inch vitrified clay pipe side sewers; by the construction of brick manholes; by the construction of brick catchbasins with accompanying 10-inch vitrified clay pipe culverts; by the construction of unarmored concrete curbs; by the construction of one-course concrete sidewalks of the full official width on the angular corners; and by the construction of an asphalt-concrete pavement, consisting of a 6-inch class "F" concrete base and a 2-inch asphaltic concrete wearing surface on the roadway thereof.

The standard specifications of March, 1929, are hereby made a part of these specifications.

That in the opinion of the said Director of Public Works, the proposed work or improvement is of more than local or ordinary benefit, and that the assessment to defray the costs and expenses thereof can be more equitably imposed upon the property benefited thereby, and, therefore, the said director does hereby determine and declare that the expense of such work or improvement be made chargeable upon a district in accordance with the provisions of Section 5 of the Street Improvement Ordinance of 1918 of said City and County, and does hereby set out the district benefited by said contemplated work or improvement, and to be assessed to pay the costs and expenses thereof, as follows:

Within the exterior boundary of all those certain lots delineated, designated and numbered respectively as Lots 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35 and 36 of Block 2059; Lots 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33 and 34 of Block 2060; Lot 1, Block 2061; Lots 1, 2, 3, 4, 5, 6, 7, 32 and 33 of Block 2110; Lots 1, 2, 3, 4, 5, 6, 7, 14, 15, 16, 16A, 17, 18 and 18A of Block 2111; Lots 1, 5, 6, 6A and 7 of Block 2112; all being designated on the maps and books of the Assessor of the City and County of San Francisco, and upon the assessment book of

the City and County of San Francisco current at the time of the inception of the proceedings for the above-mentioned improvement.

The foregoing described lots of land are contained within and constitute the extent of the district benefited by said contemplated work or improvement, and to be assessed to pay the costs and expenses thereof, and reference to the same is hereby made for the description of such district.

Sale of Land on Chestnut Street, Near Kearny Street.

(Code No. 12.1729)

Bill No. 276, Ordinance No. 12.17291, as follows:

Providing for the sale of certain City owned lands on Chestnut street near Kearny street, San Francisco.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. Pursuant to Section 92 of the Charter, the Board of Supervisors hereby declare that public interest and necessity demands the sale of the following described parcel of land situated in San Francisco, California, which parcel of land is owned by the City and County of San Francisco, a municipal corporation, and is not under the administration of any department of said corporation:

Beginning at a point on the northerly line of Chestnut street, distant thereon 137.5 feet westerly from the westerly line of Kearny street; running thence westerly along said northerly line of Chestnut street 80 feet; thence at right angles northerly 137.5 feet; thence at right angles easterly 25 feet; thence at right angles southerly 112.5 feet; thence at right angles easterly 55 feet; thence at right angles southerly 25 feet to the northerly line of Chestnut street and the point of beginning.

Being a portion of 50 Vara Block 79.

Section 2. The Director of Property shall make a preliminary appraisal of the value of said property and shall advertise by publication for a period of five (5) days, exclusive of Sundays, before the date of such sale, the time and place of such sale. The Director of Property shall forthwith report to the Supervisors the amount of any and all tenders received by him.

Section 3. Upon receipt of the tenders, as aforesaid, the Supervisors may authorize the acceptance of the highest and best tender, or they may, by ordinance, direct that such property be sold at public auction, the date of which shall be fixed in said ordinance.

Section 4. No sale other than a sale at public auction shall be authorized by the Supervisors unless the sum offered shall be at least ninety (90) per cent of the preliminary appraisal of the property hereinbefore referred to.

Action Deferred.

Acquisition of Property in China Cove for Recreation Center.

On recommendation of Committee on Education, Parks and Playgrounds.

(Code No. 12.1713.)

Resolution No. 725, as follows:

Whereas, the Recreation Commission of the City and County of San Francisco is desirous of acquiring property commonly known as China Cove to be used as a recreation center and bathing beach in connection with the playground activities of said Recreation Department; and

Whereas, the Recreation Commission has at the present time a sufficient amount of money in its funds to pay one-half the cost thereof; and

Whereas, the Park Commission of the State of California has for sometime been considering the matter of joining with the City and County of San Francisco in the purchase of said property, and said Park Commission of the State of California to pay one-half the cost thereof; and

Whereas, said property which will be acquired for the above mentioned purpose is increasing in value and if not purchased now can be acquired only at a cost far in excess of the figure for which the same can now be purchased; and

Whereas, if the said property could be acquired at the present time for the purpose herein mentioned, the placing of the same in condition will give employment to a large amount of labor; and

Whereas, this Board of Supervisors, having been informed that it is the intention of the proper officials and departments of the City and County of San Francisco to correct at the earliest possible moment the insanitary conditions now existing in the vicinity and this Board is desirous of lending its fullest cooperation therein; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby endorse and recommend the acquisition of China Cove for the purposes herein mentioned and requests the Park Commission of the State of California to join with the City and County of San Francisco in the immediate acquisition of said property for the above mentioned purposes.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Hearing Unemployed Relief Complaints.

D. D. Daly, of 1179 Turk street, and Victor Baker, 1253 Octavia street, were, on motion, granted the privilege of the floor for the purpose of making statements in reference to unemployed relief as administered under the Citizens' Relief Committee and Director of Relief C. M. Wollenberg. The following is an excerpt from the statements made before the Board of Supervisors by the above named:

Demands heretofore made by the speakers on behalf of some 20 fraternal and labor organizations which, they alleged, they represented, as well as the Charity Workers' Protective Association of 3,000 members (approximately), were not adequately met in the report of the Welfare Committee presented at a recent meeting. Responsibility, they declared, was shunted by said committee from the Board of Supervisors to the Citizens' Relief Committee, and other agencies, resulting in nothing being done to meet the emergency.

Superintendent Wollenberg, it was declared, intends to deprive relief for one week from all those who are participating in the 24-hour strike of charity relief workers against conditions complained of. Superintendent Wollenberg, also, it was stated, has issued an order that the Relief Committee will no longer pay for gas for cooking, heating and lighting. Mr. Daly declared that the gas belongs to the people and not to the Pacific Gas & Electric Company. "It's a natural product, it's a product of nature." He demanded on behalf of those he said he represented, free use of automobiles, cash relief for all single men, gas for heating, lighting and cooking purposes, and cash payment to relief workers instead of groceries as now the practice.

The foregoing remarks were *ordered referred to Citizens' Advisory Relief Committee and to Director of Relief C. M. Wollenberg.*

Amending Inspection Fee Ordinance by Eliminating Section 3.

(Code No. 3.041.)

Supervisor Canepa presented.

Bill No. 309, Ordinance No. 3.04124, as follows:

An ordinance amending Ordinance No. 3.0412, commonly known as the Inspection Fee Ordinance, by eliminating from said ordinance section 3 thereof, which section provides for an annual fee of four dollars ($4) to be paid by the owner or tenant of every building, structure, store, premise and/or office of the City and County of San Francisco, which is subject to inspection and/or regulation.

Be it ordained by the People of the City and County of San Francisco as follows:

Amend Ordinance No. 3.0412, as follows:

Section 1. For the purpose of defraying the cost of regulation and inspection of the classes of business or callings hereinafter set forth, as well as the cost of the examination and inspection of the premises wherein said classes of business are conducted, a fee of six ($6.00) dollars per annum is hereby imposed upon the persons, firms or corporations engaged in the conduct or operation of the handling, manufacturing or sale of food stuffs, except for places used for the sale of food and drink to be consumed on the premises; provided, however, that persons, firms or corporations handling candy or chewing gum in sealed packages or glass jars incidental to the particular business and where the retail value of said candy or chewing gum does not exceed in value the sum of twenty ($20.00) dollars and where no articles of food or drink are dispensed, shall not be subject to the provisions of this section.

When two or more classes of business subject to inspection are located on the same premises and are conducted by one owner, whether person, firm or corporation, but one inspection fee shall be required; but where two or more classes of business subject to inspection are located or conducted on the same premises by different owners, whether person, firm or corporation, each such owner so conducting one or more of said classes of business shall be required to pay only one inspection fee for all his classes of business subject to inspection upon any one premise; provided that where the owner or lessee of premises where said class or classes of business are located or conducted does not directly or indirectly conduct the same, the owner or lessee of said premises shall not be required to obtain a certificate of inspection for said premises or to pay any fee imposed by this ordinance.

Section 2. Hotels and/or apartment houses (as defined by the State Housing Act of the State of California effective August 14, 1929, and not maintaining public restaurant facilities and not subject to a license tax under the provisions of existing ordinances), shall pay an annual inspection fee of four ($4.00) dollars.

Section 3. The fees imposed for the inspection hereinbefore mentioned shall be payable annually in advance commencing on the date this ordinance becomes effective.

Section 4. The inspection for which the fees herein provided for are imposed shall be made by the officer, board or commission charged by law or ordinance with making said inspection. The fees provided for in this ordinance shall be payable to and collected by the Tax Collector. If any fee herein provided for shall not be paid within thirty (30) days after the same shall become due and payable as herein provided, ten per cent of the amount thereof shall be added thereto as a penalty for non-payment, and if said fees are not paid within sixty (60) days after becoming due, 15 per cent of the amount

thereof shall be added thereto, and if not paid within ninety (90) days after becoming due, 25 per cent of the amount thereof shall be added thereto.

Section 5. All certificates of inspection when issued shall at all times be displayed in the premises for which the same are issued, said display to be made in such manner that said certificates shall at all times be visible to the public.

Section 6. All police officers in addition to their several duties as police officers are hereby required to examine all premises in their respective beats subject to the fee imposed herein and to see that such fees have been paid and in addition to deputy tax collectors shall have and exercise the power:

First, to make arrests for violation of any of the provisions of this ordinance;

Second, to enter free of charge at any time any premise which is required by this ordinance to pay an inspection fee and to demand the exhibition of the receipt of such inspection fee for the current term, and if such person shall then and there fail to exhibit such receipt from the Tax Collector such person shall be liable to the penalty provided for violation of this ordinance.

It is hereby made the duty of the police officers to cause complaints to be filed against all persons violating any of the provisions of this ordinance.

Such police officers shall make out once a month a list of persons, firms or corporations occupying premises within their respective beats and not having paid the inspection fee, with their addresses, and deliver such list to the Tax Collector.

The Chief of Police is hereby directed to carry into effect the provisions of this ordinance.

Section 7. Any person, firm or corporation maintaining or attempting to maintain any of the premises mentioned in this ordinance, without the payment of the inspection fee herein provided for, or guilty of violating any of the provisions of this ordinance, shall be guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine of not more than three hundred ($300.00) dollars, or by imprisonment in the County Jail for a term not exceeding three (3) months, or by both such fine and imprisonment, and such person, firm or corporation shall be deemed guilty of a separate offense for each and every day, or portion thereof, during which the premise hereinbefore mentioned shall be maintained without the payment of the inspection fee herein provided for.

Section 8. All ordinances and parts of ordinances in conflict herewith are hereby repealed to the extent of such conflict.

Referred to Charter Installation Committee.

Relative to Inspection Fee Ordinance
(Code No. 3.041.)

Supervisor Miles presented:

Resolution No. 726, as follows:

Whereas, this Board of Supervisors did, on the 11th day of July, 1932, enact Ordinance No. 3.0412, commonly known as Inspection Fee Ordinance, which said ordinance was duly approved by the Mayor on the 12th day of July, 1932; and

Whereas, said ordinance was enacted in order to comply with the provisions of Section 24 of the Charter to the end that the cost of all regulation and inspection of the various matters referred to in said Section 24 should be provided for by fees charged for such inspection; and

Whereas, Section 3 of said ordinance is uncertain in this that it does not appear from said Section 3 the various kinds of buildings, structures, stores, premises or offices which should be inspected and regulated under said ordinance, and a large number of protests have come to individual officers of the City and County of San Francisco from persons claiming that their respective callings, offices or places of business should not be subject to inspection under said ordinance; and

Whereas, there is no desire to repeal said ordinance as a whole; now, therefore, be it

Resolved, That said ordinance be referred to the Charter Installation Committee of the Board of Supervisors with the request that said committee recommend to this Board such amendments to said ordinance as will definitely specify the kinds and character of buildings, structures, stores, premises and offices subject to regulation and inspection under said ordinance.

Referred to Charter Installation Committee.

Greyline Busses Cruising Protested.

Supervisor Colman, in matter of the Greyline Company transporting passengers without charge, moved that the City Attorney be requested to give the Board his opinion as to their authority in picking up passengers in San Francisco and to advise the Board as to what can be done in the matter.

So ordered.

Postponement of Tax Installment.

Supervisor Brown inquired as to legislation providing for postponement of payment of installments of taxes about to become delinquent and was advised City Attorney had not reported ordinance as yet.

Supervisor Brown called attention that in last week's Journal the time of his arrival at the Board's meeting was noted and requested that it be noted.

Unemployment Relief Survey.

Communication from Ray Lyman Wilbur, president of Stanford University, relative to appointment of presidents of universities to make survey of unemployment relief.

Referred to President Hayden.

Supplementary Report Upon Examination of Accounts of Controller's Department 607

LYBRAND, ROSS BROS. & MONTGOMERY

Accountants and Auditors

To the Honorable Board of Supervisors,
City and County of San Francisco,
San Francisco, California.

In accordance with Resolution No. 514 of your honorable Board, adopted November 21, 1932, we have examined the accounts of the Controller's department of the

CITY AND COUNTY OF SAN FRANCISCO
For the fiscal year ended June 30, 1932

The accounts of the public service enterprises were examined as at that date by other independent auditors, while those of the Treasurer's department were verified as of that date by the Controller's audit staff, in accordance with section 66 of the new Charter.

Our work in connection with these units was restricted to a review of the reports and supporting working papers and a reconciliation of the findings presented therein with the related accounts on the books of the Controller.

With respect to the accounts other than the foregoing, we have verified the assets and liabilities as at June 30, 1932, except that in the case of the property accounts we have accepted the recorded values at June 30, 1931, without verification.

Further, in accordance with the terms of our engagement, we made a general review and test check of the recorded revenues and expenditures and the allocation thereof to funds.

In addition, we reviewed the procedure in effect in various other divisions of the Controller's department, such as the payroll, tax redemption, inheritance tax, bail bonds, and social service divisions, and satisfied ourselves as to the adequacy of the internal check with respect to those functions.

On the foregoing basis, we certify that, in our opinion, the annexed schedules set forth the financial condition of the City and County of San Francisco as at June 30, 1932, and its revenues, expenditures, and surplus for the fiscal year then ended.

LYBRAND, ROSS BROS. & MONTGOMERY.

San Francisco, California, March 29, 1933.

Supplementary Report Upon Examination of Accounts of Controller's Department

City and County of San Francisco

For the fiscal year ended June 30, 1932

April 3, 1933.

To the Honorable Board of Supervisors,
City and County of San Francisco,
San Francisco, California.

Dear Sirs:

Under date of March 29, 1933, we submitted a certified report upon our examination of the accounts of the Controller's department of the City and County of San Francisco as at June 30, 1932.

Supplementary thereto we present in the following paragraphs our comments regarding the more important items appearing in the schedules which accompanied that report and such other matters relating to our examination as we believe will be of interest to you.

Scope of Examination: The accounts of the public service enterprises were examined as at June 30, 1932, by other independent auditors, while those of the Treasurer's department were verified as of that date by the Controller's audit staff in accordance with section 66 of the new Charter.

Our work in connection with these units was restricted to a review of the reports and supporting working papers and a reconciliation of the findings presented therein with the related accounts on the books of the Controller.

With respect to the accounts other than the foregoing, we have verified the assets and liabilities as at June 30, 1932, except that in the case of the property accounts we have accepted the recorded values at June 30, 1931, without verification.

Further, in accordance with the terms of our engagement, we made a general review and test check of the recorded revenues and expenditures and the allocation thereof to funds.

In addition, we reviewed the procedure in effect in various other divisions of the Controller's department such as the payroll, tax redemption, inheritance tax, bail bonds, and social service divisions, and satisfied ourselves as to the adequacy of the internal check with respect to those functions.

The office of Controller was created by the new Charter, effective January 8, 1932, with greatly amplified responsibilities and directional functions, as compared with the former office of auditor. Considering the many problems of reorganization with which he has necessarily been confronted, and the comparatively short time since his appointment, the Controller, in our opinion, has made commendable progress in carrying out the provisions and intent of the new Charter. A comprehensive revision of the chart of accounts and accounting procedure is now in progress.

Necessary adjustments, as indicated in the Controller's report submitted under date of November 14, 1932, are being recorded on the Controller's books.

Revenues, Expenditures, and Current Proprietary Surplus: Following is a condensed summary for the year ended June 30, 1932, details of which will be found in the schedules accompanying our certified report. This summary has been prepared in accordance with the provisions of section 80 of the new Charter:

Current proprietary surplus, June 30, 1931, as per annual report of the Auditor.....	$498,635.28

Revenues:		
Taxes and licenses	$34,192,210.70	
State subventions	3,590,793.21	
Departmental revenues	1,251,999.37	
Public service enterprises	15,390,940.21	
Interest, rents, fines, etc	359,867.49	
Total revenues	$54,785,810.98	
Other additions to surplus	6,022,887.86	
		60,808,698.84
		$61,307,334.12
Expenditures:		
Operating expenses:		
General City and County	$33,068,175.75	
Public service enterprises	12,271,566.47	
	$45,339,742.22	
Bond maturities, including those of July 1, 1932	4,426,100.00	
Additions to property from revenues	3,919,415.19	
Interest on Hetch Hetchy construction bonds	2,118,204.16	
Total expenditures	$55,803,461.57	
Other deductions from surplus	1,579,915.80	
		57,383,377.37
Current proprietary surplus, June 30, 1932		$3,923,956.75

Of the foregoing surplus of $3,923,956.75 as at June 30, 1932, there had been appropriated $2,677,677.96, leaving an unappropriated balance of $1,246,278.79, as shown in the following summary:

Appropriated surplus:		
Encumbrances	$ 1,049,129.94	
Less, proprietary accounts payable included therein	178,270.04	
		$ 870,859.90
Unencumbered balances of appropriations		1,671,214.08
Reserve for cash other than Treasurer's cash		135,603.98
Total appropriated surplus		$2,677,677.96
Available current proprietary surplus, as shown on preceding page		3,923,956.75
Unappropriated current proprietary surplus as at June 30, 1932		$1,246,278.79

PROPRIETARY BALANCE SHEET COMMENTS.

The following paragraphs relate to various items appearing on the proprietary balance sheet which accompanied our certified report and further indicate the scope of our examination:

Cash: We reviewed the report and working papers covering the examination which the Controller's audit staff made of the Treasurer's department as at June 30, 1932, and satisfied ourselves that the work had been performed in a proper manner. The report indicates that the Treasurer has substantially complied with the legal requirements that, in placing funds with depositaries, he obtain in each case col-

lateral security having a market value of not less than ten per cent in excess of the amount of the deposits, and that interest be regularly collected at the rate of two per cent or more on the average daily balances on deposit.

Revolving funds in the custody of the various departments were confirmed by correspondence.

Accounts Receivable: A summary of the taxes and assessments receivable follows:

Delinquent taxes:		
For the fiscal years:		
1931-32	$ 718,830.52	
1930-31	237,659.76	
1929-30	105,666.31	
1928-29	47,709.09	
1927-28	21,373.19	
Prior	17,500.42	
	$ 1,148,739.29	
Penalties, costs, and interest	204,576.55	
	$ 1,353,315.84	
Less, allowance for losses	100,000.00	$1,253,315.84
Assessments:		
Sunset Tunnel	$ 246,829.95	
Twin Peaks Tunnel	8.74	246,838.69
		$ 1,500,154.53

The taxes and assessments were verified by reference to the supporting records. Included therein are unsecured personal property taxes, as follows:

Fiscal year 1930-31	$41,241.23
Fiscal year 1931-32	36,472.97
	$77,714.20

Revenues accrued consist of the following general City and County items:

State subventions:		
County roads	$438,916.17	
Orphans and half-orphans	74,919.29	
Widows' pensions	50,087.67	
Tubercular patients	32,129.91	
Needy blind	16,961.75	
Needy aged	85,608.34	
Fire boats	41,286.56	$739,909.69
Franchise revenues:		
Pacific Telephone and Telegraph Co.	$195,475.67	
Market Street Railway	70,933.30	266,408.97
Interest accrued:		
On investment securities	$148,572.12	
On bank deposits	1,830.18	150,402.30
Other revenues accrued		2,000.00
		$1,158,720.96

The amounts receivable for State subventions are in agreement with copies of claims on file against the State and/or subsequent collections.

Franchise revenues were verified by reference to the supporting data on file and by correspondence with the franchise holders.

As pointed out by the Controller in his letter of January 6, 1933, addressed to the City Attorney, the franchise of the California Street Cable Railroad Company, which operates the California Street and Hyde street lines, expired February 17, 1929. The last payment received from this company covered franchise taxes for the calendar year 1928. The city has been negotiating for the purchase of the property and meanwhile the company has paid no franchise taxes.

Interest accrued on investment securities consisted principally of interest on bonds belonging to the Employees' Retirement Fund.

Other accounts receivable are herewith summarized:

General City and County:		
Due from municipal employees' contributions to Unemployed Fund		$34,112.31
Public Service Enterprises:		
Water Department:		
Consumers and agents	$493,150.46	
Sundry debtors	8,858.62	
		$502,009.08
Hetch Hetchy Power:		
Pacific Gas and Electric Company, agents	$188,672.89	
Sundry debtors	1,434.22	
		$190,107.11
Municipal Railway, sundry debtors		9,086.29
Hetch Hetchy construction, sundry debtors		4,955.50
		$740,270.29

The balance due from the municipal employees' contributions to Unemployed Fund represents advances by the City and County for relief of unemployed, the major portion of which has since been collected.

Investment Bonds: A summary follows:

	Par Values	Book Values
Employees' Retirement Fund:		
Government and municipal:		
San Francisco	$2,525,400.00	$2,582,989.05
Sacramento	416,000.00	459,148.32
Stockton	194,000.00	212,007.67
California	577,000.00	595,770.77
United States	424,000,00	419,886.87
Other	3,251,687.50	3,468,520.80
	$7,388,087.50	$7,738,323.48
Public Utilities	2,730,500.00	2,782,130.63
Railroads	819,100.00	807,232.84
Total Employees' Retirement Fund	$10,937,687.50	$11,327,686.95
Bequest Funds	130,000.00	132,081.09
	$11,067,687.50	$11,459,768.04

These bonds are kept in the joint custody of the Controller and the Treasurer. The aggregate of the par values was verified by the Controller's audit staff and we were informed that the maturities of the various issues would be verified at the next audit of the accounts of the Retirement System Board.

Since the foregoing bonds were purchased for investment purposes only, we have not attempted to determine their market values. None of the bonds were in default as to interest or principal at June 30, 1932.

Properties: A summary of the property accounts will be found on page 14 of our certified report.

We examined vouchers supporting a substantial amount of the recorded additions to the general City and County properties during the year and found that these additions represented proper capital charges.

Following the accepted practice in municipal accounting, no allowance has been made for depreciation of general City and County buildings and equipment. However, depreciation has been provided for on the properties of the public service enterprises.

We inquired regarding insurance on the properties and found that the Controller is now making a general survey of all departments with the intention of recommending a centralized insurance department. We therefore did not review the insurance coverage.

Deferred Charges: A summary of the materials and supplies follows:

General City and County:		
Schools	$100,720.34	
Fire Department	94,447.88	
Recreation Department	9,725.00	
Central warehouse	5,468.05	
		$210,361.27
Public Service Enterprises:		
Water Department	$242,871.91	
Municipal Railway	171,436.98	
Hetch Hetchy Power	53,972.51	
		468,281.40
		$678,642.67

The last physical inventory of school supplies was taken March 15, 1932, and the books were adjusted thereto.

The Fire Department last took a physical inventory on June 30, 1931, at which time the books were brought into agreement therewith. So far as we were able to determine, no recent physical inventory has been taken by the Recreation Department. The Central Warehouse supplies were inventoried as at April 30, 1932, and the values so determined were set up on the books, which previously thereto had contained no inventory account for these supplies. No inventory of the Central Warehouse supplies was taken as at June 30, 1932.

From a review of the controlling accounts covering the general City and County materials and supplies, it appeared to us that the receipts and issues had been properly recorded. As a check on the accuracy of the accounting, we recommend that physical inventories of all departments be taken periodically, or at least at the close of each fiscal year, and the books brought into agreement therewith. The Controller notified the Purchaser of Supplies that inventories for all departments were to be taken as at June 30, 1932.

The amounts of $665,937.63, $371,971.26 and $398,392.44, shown on the balance sheet which accompanied our certified report, as deferred charges for Police Relief and Pension Fund Contributions, Tax Judg-

ments, and Voting Machines, respectively, are offset by liabilities of equal amounts and will be charged to expense as the liabilities are paid.

Other deferred charges include the following:

General City and County:		
Interdepartmental:		
Service transfers		$178,801.65
Undistributed expenses		26,748.23
		$205,549.88
Miscellaneous		7,148.81
		$212,698.69
Public Service Enterprises:		
Water Department:		
Prepayment to East Bay Municipal Water District	$146,250.00	
Property abandoned	55,779.90	
Miscellaneous	9,178.15	
		211,208.05
Hetch Hetchy Power:		
Railroad Commission valuation	$220,883.88	
Miscellaneous	18,109.85	
		238,993.73
Municipal Railway:		
Prepaid rent	$5,169.56	
Accident reserve	9,678.71	
		14,848.27
		$677,748.74

The general City and County deferred charges were verified by reference to the Controller's records and supporting data.

Our examination of the interdepartmental service transfers developed that this item included completed jobs, practically all of an expense nature, amounting to some $145,000. Of that amount, approximately $70,000 had been taken up as at June 30, 1932, by the departments receiving the services, and warrants issued therefor, which were outstanding at that date. For the purposes of our report, we gave effect to a similar disposition of the balance of the completed jobs by setting up a reserve of $75,000.00 on the balance sheet with a corresponding charge to miscellaneous expenditures for the year.

Accounts Payable: We verified the outstanding warrants by reference to the warrant registers, which we found to be in agreement with the controlling account in the general ledger.

The accrued bond interest payable as at June 30, 1932, was verified by a review of the accruals and of the payments made for redemption of coupons maturing during the year ended that date.

A summary of the other accounts payable follows:

General City and County:	
Due Golden Gate Bridge and Highway District	$23,436.51

Public Service Enterprises:		
Hetch Hetchy Water:		
Estimated contract progress	$466,476.22	
Contract payments retained	159,508.41	
Purchase orders outstanding	130,322.46	
Other accounts payable	292,780.97	
		1,049,088.06
Water Department:		
Consumers' deposits	$22,896.06	
Consumers' advances for construction	22,628.18	
Other accounts payable	54,610.25	
		100,134.49
Municipal Railway, sundry creditors		96,744.25
Hetch Hetchy Power, sundry creditors		26,915.54
		$1,296,318.85

We verified the balance due Golden Gate Bridge and Highway District by correspondence with the auditor of that district.

Bonded Indebtedness: A schedule of bonded indebtedness will be found on page 12 of our certified report.

We reviewed the issues and retirements recorded on the Controller's books for the fiscal year ended June 30, 1932, and reconciled them with the records of the Treasurer's department. We satisfied ourselves that these transactions had been authorized by the Board of Supervisors and that they had been approved by proper legal authority.

Bonds redeemed and cancelled during the year were on hand and were inspected by us and compared with the records.

The bonded debt is segregated on the balance sheet which accompanied our certified report, as follows:

Current accounts:	
Bonds matured, including maturities of July 1, 1932	$ 3,185,000.00
Capital accounts:	
Bonds maturing subsequent to July 1, 1932	158,721,200.00
	$161,906,200.00

It has been the practice, heretofore, to provide for bond redemptions by setting up a monthly reserve out of current surplus, commencing one year in advance of the maturity dates of the bonds. However, no corresponding reduction of the liability carried in the capital section was recorded until the redemptions were made. Moreover, the accrual method referred to above did not conform to the basis on which redemptions are provided for in the annual budget.

In order to correct the duplication of the liability and to conform to the redemption basis used in the Budget, we restated the bonded indebtedness on the balance sheet as summarized above. The resulting increases in the surplus accounts were as follows:

Current surplus, for correction of provision to maturity basis used in Budget	$ 733,499.81
Capital surplus, for duplication of liability	3,185,000.00
Total increase in surplus	$3,918,499.81

Sections 103 and 104 of the City and County Charter provide that the bonded debt outstanding, exclusive of:

(a) Debt incurred for the purpose of financing public improvements, the cost of which is to be assessed against private property benefited thereby;
(b) Debt incurred for water supply, storage or distribution purposes;
(c) Debt heretofore incurred in aid of the Panama-Pacific International Exposition;

shall not exceed 12 per cent of the assessed value of all real and personal property in the City and County subject to taxation for City and County purposes.

The tax roll of March, 1932, shows the following assessed values of property subject to taxation for City and County purposes:

Real property:		
Land	$ 341,570,705	
Improvements	353,513,845	
		$695,084,550
Tangible personal property:		
Secured	$26,167,793	
Unsecured	69,041,268	
		95,209,061
Intangible personal property:		
Solvent credits	$116,531,852	
Securities	142,695,341	
		259,227,193
		$1,049,520,804

The bonded debt subject to the 12 per cent Charter limit is determined as follows:

Bonded debt, June 30, 1932		$161,906,200
Deduct, bonded debt to which the 12 per cent limit does not apply:		
Hetch Hetchy bonds	$71,303,000	
Spring Valley bonds	39,000,000	
Exposition bonds	1,406,000	
		111,709,000
Bonded debt subject to the 12 per cent limit		$50,197,200

From the foregoing it will be seen that the bonded debt subject to the Charter limit represents approximately 4¾ per cent of the assessed value of real and personal property subject to taxation for City and County purposes, as compared with the Charter limit of 12 per cent.

Bonds authorized but not issued at June 30, 1932, amounted to $5,057,000, as shown in the following summary:

General City and County		*Authorized*	*Issued*	*Unissued*
Boulevard	11/1/27	$9,380,000	$8,676,000	$ 704,000
Sewer	1/1/29	2,200,000	1,604,000	596,000
Hospital	1/1/29	3,500,000	2,380,000	1,120,000
County Jail	1/1/31	850,000	60,000	790,000
Public parks & squares	2/1/31	1,400,000	1,000,000	400,000
				$3,610,000

Public Service Enterprises:				
Hetch Hetchy	7/1/28	24,000,000	23,576,000	424,000
Hetch Hetchy	6/1/32	6,500,000	5,477,000	1,023,000
				$1,447,000
				$5,057,000

These unsold bonds were in the custody of the Treasurer and were verified by the Controller's audit staff.

Liability for Special Trust and Funds: We reviewed the terms of the various trusts and analyzed the accounts for the year, which appeared to be in order.

Under the provisions of the new Charter, which became effective January 8, 1932, members of the Police Department as at that date were given the privilege of becoming members of the Employees' Retirement System, which took over the functions previously exercised by the City and County in respect of pensions. In addition to other obligations assumed by the City and County in connection with the establishment of the Employees' Retirement System, the Charter provides that the City and County shall pay over to the retirement system a sum equal to the contributions, with interest, made to any other pension funds by members of the Police Department who become members of the Retirement System. The amount of such accumulated contributions, with interest, as at June 30, 1932, was $665,937.63, which has not been paid and for which no liability has been provided on the Controller's books. On the balance sheet which accompanied our certified report, we increased the liability to the Employees' Retirement Fund to include this amount and set up a deferred charge of an equal amount.

The Firemen's Relief and Pension and Police Relief and Pension funds showed deficits of $172,387.88 and $103,235.58, respectively, as at June 30, 1932.

The cash and securities belonging to the special and trust funds were in the custody of the Treasurer and were verified by the audit staff of the Controller.

Other Liabilities: A summary of the other liabilities follows:

Voting machines purchase contract:	
Principal	$384,054.41
Accrued interest	14,338.03
	$398,392.44
Judgments against the City and County for taxes illegally assessed	371,971.26
	$770,363.70

The first item represents a balance due the Automatic Voting Machine Corporation of Jamestown, New York, on purchases of voting machines, and was confirmed by correspondence with the vendor.

The liability for tax judgments was verified by reference to the records of the City Attorney and represents principal only. These judgments bear interest at the rate of 7 per cent per annum, which is charged to expense as paid.

Reserves: A summary follows:

General City and County:		
Work in progress	$295,529.92	
Interdepartmental service	75,000.00	
Donations received for specific purposes	46,555.94	
		$417,085.86

Public Service Enterprises:		
Depreciation and amortization:		
Municipal Railway	$4,970,387.56	
Hetch Hetchy Power	941,583.18	
Water Department	140,000.00	
		6,051,970.74
		$6,469,056.60

The reserve for work in progress covers the cost of uncompleted jobs carried in the current accounts ledger. As these are completed the final costs will be transferred to the property accounts in the capital ledger.

The reserve for interdepartmental service has been commented upon previously in this report.

The reserve for donations covers cash received for specific purposes. This was later transferred to the special and trust fund accounts ledger.

Deferred Credits: A summary follows:

General City and County:	
Taxes collected in advance	$1,764,079.87
Sundry items	4,454.65
	$1,768,534.52
Public Service Enterprises:	
Water Department:	
Rents collected in advance, insurance reserves, etc.	$73,744.06
Hetch Hetchy Power	3,236.46
	$76,980.52
	$1,845,515.04

The taxes collected in advance were verified by reference to the records of the Treasurer and the Assessor and will be taken up in the revenues for the fiscal year ending June 30, 1933, to which they apply.

Official Bonds: The new Charter provides that surety bonds shall be furnished as follows:

Mayor	$ 25,000
Treasurer	200,000
Controller	100,000
Tax Collector	100,000
Assessor	50,000
Sheriff	50,000
County Clerk	50,000
Public Administrator	50,000
City Attorney	10,000
District Attorney	10,000
Public Defender	10,000
Supervisors (each)	5,000

We inspected all of these bonds and confirmed them by correspondence with the surety companies.

In addition to the foregoing, all employees who handle cash or securities, and various others holding positions of responsibility or trust have furnished bonds ranging from $1,000 to $50,000, depending

upon their responsibilities. These bonds were also inspected and confirmed by us.

In closing, we wish to express our appreciation to the Controller and his staff for their cooperation and the many courtesies extended to us during the course of our examination.

Very truly yours,
LYBRAND, ROSS BROS. & MONTGOMERY.

ADJOURNMENT.

There being no further business, the Board at 7:15 p. m. adjourned.

J. S. DUNNIGAN, Clerk.

SPECIAL ORDER—2:30 P. M.

The following matter was taken up:

Milk Ordinance.

(Code No. 17.05.)

Bill No. 308, Ordinance No. 17.052, as follows:

Regulating all traffic in milk, cream and milk food products, the production, handling, processing, distribution, labeling, sale and offering for sale in the City and County of San Francisco of milk, cream and milk food products; providing for the issuance and revocation of permits therefor; fixing standards and definitions for milk, cream and milk food products; providing for inspection of all premises used in the production, handling, distributing, processing, sale or offering for sale of milk, cream and milk food products in said City and County; enforcing the tuberculin testing of all dairy cattle producing milk for consumption in said City and County; providing for the examination of all employees engaged in the production and processing of milk, cream and milk food products; authorizing the Director of Public Health of the City and County of San Francisco to enforce the provisions of this ordinance, and providing penalties for the violation thereof.

Be it ordained by the People of the City and County of San Francisco as follows:

Section 1. The Director of Public Health of the City and County of San Francisco is hereby authorized to regulate and control the

production of and the traffic in milk, cream and milk food products in the said City and County, and of all milk and cream produced in other counties for consumption in the City and County of San Francisco; to provide for the inspection of milk, cream and milk food products in said City and County and at such other places where milk is produced or handled for distribution or sale in said City and County, and to enforce the provisions of this ordinance.

Section 2. Wherever in the ordinance the following words, terms or names are used, they shall be construed as follows:

Subdivision 1. *Pasteurizing Plant*: Any plant or establishment where raw milk or cream is received for pasteurization, cooling or processing, or in which raw milk or cream is pasteurized, cooled or processed, or from which such pasteurized milk or cream is delivered for distribution to the retail trade, is deemed to be a pasteurizing plant within the meaning of this ordinance.

Subdivision 2. *Dairy Farm*: Any place or premises upon which milk is produced for sale or distribution is a dairy farm within the meaning of this ordinance.

Subdivision 3. The word "person" as used in this ordinance shall be construed to mean both the singular and plural, as the case demands, and shall include individuals, corporations, companies, societies and associations. When construing and enforcing the provisions of this ordinance, the act, omission or failure of any employee, officer, agent or other person acting for or employed by any individual, corporation, company, society or association, within the scope of his employment or office, shall in every case also be deemed to be an act, omission or failure of such individual, corporation, company, society or association, as well as that of the person. The provisions of this ordinance shall be construed to apply to hotel keepers, restaurant keepers and boarding house keepers and any person who shall serve meals to the public.

Subdivision 4. *Score Card*: The official score card for pasteurizing plants and dairy farms shall be the score card adopted by the Director of Public Health and the minimum standard of rating shall be in accordance with said score card. *Provided that the minimum standard of rating shall not be less than that fixed by the Director of the Department of Agriculture of the State of California.*

Subdivision 5. *Market Milk or Cream*: Wherever the terms market milk or market cream are used in this ordinance they shall be construed to mean milk or cream in their natural fluid state, as prepared for human consumption, without being converted into any other form or product.

Subdivision 6. Milk is the fresh, clean, lacteal secretion obtained by the complete milking of one or more healthy cows properly fed and kept, excluding that obtained within 18 days before and 8 days after parturition, free from foreign substances detrimental to its quality or to the quality of the products prepared therefrom, and contains not less than three and four-tenths (3.4) per cent of milk fat and not less than eight and five-tenths (8.5) per cent of solids not fat. Nothing stated in this subdivision shall be construed as prohibiting the standardization of milk at a uniform fat content by the addition of whole milk or cream, but the addition of skimmed milk or the removal of butter fat is prohibited. In the standardization of Grade A pasteurized milk, the milk and cream used for the enrichment of said milk shall be of the same grade.

Subdivision 7. *Cream*: Cream is that portion of milk rich in milk fat, which rises to the surface of milk on standing, or is separated from it by centrifugal force, is fresh and clean, and contains not less than twenty (20) per cent of milk fat and not more than seven and eight-tenths (7.8) per cent of milk solids not fat in cream containing twenty (20) per cent of milk fat and correspondingly less solids for

greater percentages of milk fat. Cream shall have been produced from nonreacting tuberculin tested cows, or shall be pasteurized and shall otherwise conform to the rules and regulations adopted by the Director of Public Health of the City and County of San Francisco. Cream for manufacturing purposes may be repasteurized not exceeding once.

Sour market cream is clean market cream which has been fermented by the action of one or more strains of lactic acid bacteria, so that the product contains a distinct acidity, but which otherwise conforms to all the requirements for market cream. This product may be sold under the designation "sour market cream."

Subdivision 8. *Ice Cream*: Ice cream is a frozen product made with pure, sweet milk, cream, skim milk, condensed milk, condensed skim milk, dried milk, dried skim milk, wholesome sweet butter made from sweet cream, pure milk fat, or any combination of any such products, with or without sweetening, and with or without the use of harmless flavoring and coloring, and containing not less than ten (10) per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Fruit Ice Cream: Fruit ice cream is ice cream which contains not less than eight per cent of milk fat and not less than three per cent by weight of clean, mature, sound fruit or the juice thereof, with or without the use of harmless flavoring and coloring and containing not more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

Nut Ice Cream: Nut ice cream is ice cream which contains not less than eight per cent of milk fat and not less than one per cent by weight of sound, non-rancid nut meats, with or without the use of harmless flavoring and coloring and containing not more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin.

When sold by manufacturer, distributor or retailer, ice cream shall not contain non-pathogenic bacteria in excess of fifty thousand (50,000) per gram.

Subdivision 9. *Ice Milk*: Ice milk is a frozen product made with pure sweet milk, evaporated or condensed milk, evaporated or condensed skim milk, dry milk, dry skim milk, pure milk fat or wholesome sweet butter made from sweet cream, or any combination of such products, with or without sweetening, clean, wholesome eggs or egg products, and with or without the use of harmless flavoring and coloring. Ice milk shall contain not less than four per cent of milk fat nor more than six-tenths of 1 per cent of pure, harmless, edible vegetable gum or gelatin. Ice milk when sold by the manufacturer shall contain not more than 50,000 non-pathogenic bacteria per gram.

All containers of ice milk shall be conspicuously labeled and vehicles conveying ice milk for sale and places where ice milk is sold shall display a conspicuous sign containing the words "Ice Milk Sold Here" in letters not less than six inches high, and no person shall use the name "Ice Cream" in connection with the sale of ice milk therewith either orally or written.

Subdivision 10. French ice cream, French custard ice cream, cooked ice cream, ice custards, parfaits and all similar frozen products are varieties of ice cream which shall contain not less than ten per cent of milk fat and not less than five dozen of clean, wholesome egg yolks, or one and five-tenths pounds of wholesome, dry egg yolk containing not to exceed seven per cent of moisture, or three pounds of wholesome, frozen egg yolk containing not to exceed fifty-five per cent of moisture, or the equivalent of egg yolk in other form, for each ninety pounds of ice cream mix, and which shall otherwise conform to the regulations promulgated by the Director of Public Health.

French ice cream or custard ice cream shall not contain at the time of delivery to ultimate consumer more than 50,000 non-pathogenic bacteria per gram.

Subdivision 11. *Goat's Milk*: Goat's milk is the unadulterated, fresh, clean, lacteal secretion, free from colostrum, obtained by the complete milking of one or more healthy goats, properly fed and housed, free from tuberculosis and contagious abortion as determined by a veterinarian in the employ of the Department of Public Health or approved by the State Department of Agriculture. The rules and regulations governing the production, distribution, sale, handling and *pasteurization* of goat's milk shall be the same as those set forth in this ordinance as governing the production, sale, handling, distribution and processing of cow's milk.

Subdivision 12. *Buttermilk*: Buttermilk is the product that remains when butter is removed from milk or cream in the process of churning and to which milk or cream no preservative or neutralizer has been added. Buttermilk to which water has been added is hereby declared adulterated and shall not be sold for human consumption.

Cultured buttermilk is pasteurized milk or pasteurized skim milk, or a combination thereof, with or without an admixture of buttermilk, which has been treated with special cultures of lactic acid bacteria, so that the product somewhat resembles buttermilk in appearance, composition and flavor. Cultured buttermilk must be so labeled as to distinguish it from natural buttermilk.

Subdivision 13. *Unlawful to Sell Skimmed Milk Not Properly Labeled*: It shall be unlawful for any person, firm or corporation to sell, exchange or deliver, or to offer for sale, exchange or delivery, or to cause or permit to be sold, exchanged or delivered, or to be offered for sale, exchange or delivery, or to have in possession for sale, exchange or delivery in the City and County of San Francisco any milk from which any part of the cream shall have been removed, or any skimmed milk, unless the same be offered for sale and sold as skimmed milk, or unless there shall be attached to the outside of every vessel, can or package from or in which such skimmed milk is sold or held for exchange or delivery, a tag upon which shall be printed in black letters at least one inch in height the word "skim" or the words "skimmed milk."

Skim milk shall contain less than 3 per cent of milk fat and not less than 8.8 per cent of solids not fat. Skim milk other than that used in manufacturing shall be pasteurized *and shall come from cows non-reacting to the tuberculin test* in accordance with the method set forth in this ordinance. Said pasteurized skim milk shall be labeled accordingly.

Milk or skim milk, properly pasteurized and combined with fruit or fruit juices, chocolate, chocolate syrups or other harmless syrups, with or without the addition of harmless colorings, may be used in the manufacture and sale of soft drinks under a trade name; provided said trade name does not contain the words "milk" or "cream" or any other word resembling milk or cream; and provided further, that said product shall be so colored or contain ingredients that cause it to look unlike milk or cream or any product thereof.

Subdivision 14. *Adulterated, Impure, Unhealthy and Unwholesome*: The terms adulterated, impure, unhealthy and unwholesome, when applied to milk, as used in this ordinance, mean:

First: Milk containing less than three and four-tenths (3.4) per cent of milk fat and less than eight and five-tenths (8.5) per cent of solids not fat.

Second: Milk drawn from cows within eighteen (18) days before or eight (8) days after parturition.

Third: Milk drawn from cows fed on unhealthful or unwholesome food.

Fourth: Milk drawn from cows kept in an unhealthy or insanitary condition, or from cows affected with any form of disease, or from cows which are supplied with impure or unwholesome water.

Fifth: Milk from which any part of the cream has been removed, *except skimmed milk.*

Sixth: Milk which has been diluted with water or with any other fluid, or to which has been added or into which has been introduced any foreign substance whatever, *except as permitted by this ordinance.*

Seventh: Milk drawn from cows that are in a state of filth and uncleanliness or by milkers who are themselves in a condition of filth and uncleanliness or otherwise physically unfit, *the determination of such fact or facts to be made by the Director of Public Health.*

Eighth: Any milk which is shown by analysis to contain any substances of any character not normal constituents of milk, or to have been deprived either wholly or in part of any constituent naturally or normally contained in milk, *except as permitted by this ordinance.*

Ninth: Any milk which has been processed in any insanitary pasteurizing plant, or produced on any insanitary dairy farm or factory of dairy products, or other insanitary place, or which has been handled in an insanitary manner.

Tenth: Milk from cows which have not passed the tuberculin test.

Milk which is adulterated, impure, unhealthy, or unwholesome as defined by this ordinance, shall not be sold for human consumption except as herein provided.

Section 3. *MILK FOR HUMAN CONSUMPTION IN THE CITY AND COUNTY OF SAN FRANCISCO:*

Subdivision 1. *Market milk for sale and distribution for human consumption in the City and County of San Francisco, shall consist of the following grades of milk: (a) certified milk, (b) guaranteed pasteurized milk, (c) Grade A pasteurized milk and (d) Grade B pasteurized milk, and no other milk, shall be sold, offered or exposed for sale, exchanged or delivered for human consumption within the City and County of San Francisco. Provided, that Grade B pasteurized milk shall be sold, offered or exposed for sale, delivered or exchanged only for cooking and baking purposes. Provided further, that nothing herein contained shall prevent the delivery and sale of Raw Guaranteed Milk, Raw Grade A Milk or Raw Grade B Milk to wholesalers or to pasteurization plants for the purpose of pasteurizing the same.*

Subdivision 2. *Certified Milk: Certified milk is market milk which conforms to the rules, regulations, methods and standards for the production and distribution of certified milk adopted by the American Association of Medical Milk Commissions and must bear the certification of the Milk Commission of the San Francisco County Medical Society. Certified milk must be the produce of a dairy herd that shall consist solely of cows which have passed the tuberculin test in the manner prescribed by said Milk Commission. It must not contain more than* 10,000 *non-pathogenic bacteria per milliliter of milk, which standard must be attained solely by measures directed towards cleanliness, proper cooling and prompt delivery. Certified milk must contain not less than three and five-tenths* (3.5) *per cent of milk fat and a minimum of solids not fat of eight and five-tenths* (8.5) *per cent. Certified milk must be handled and delivered in sealed containers and on ice within thirty hours after its production and in the manner directed by said Milk Commission. The dairy farm milk room, milkers and dairy utensils, etc., must all conform to the requirements of the said Milk Commission.*

Subdivision 3. *Guaranteed Milk Pasteurized: Guaranteed pasteurized*

milk shall conform to the following requirements as a minimum: The health of the cows shall be determined by physical examination at least once each month by an official representative of an approved milk inspection service and by a tuberculin test. It shall be produced on dairies which score not less than ninety per cent on the dairy farm score card adopted by the Department of Agriculture of the State of California. It must be delivered in containers having the pouring lip completely protected from contamination and shall be cooled immediately after being drawn from the cow to fifty degrees Fahrenheit or less, and so maintained until delivered for pasteurization, when it shall contain not more than fifteen thousand non-pathogenic bacteria per milliliter, and not less than three and one-half per cent of milk fat. It must be sold to the consumer within thirty hours after production and shall be labeled to indicate the date of sale to the consumer. All persons who come in contact with the raw guaranteed milk must exercise scrupulous cleanliness and must not be afflicted with any communicable disease or in a condition to disseminate the germs of typhoid fever, tuberculosis, diphtheria or other communicable disease liable to be conveyed by the milk. The absence of such germs in all such persons shall be determined by bacteriological and physical examination under the direction of the Department of Public Health of the City and County of San Francisco, conducted at the time of employment and every six months thereafter in a manner approved by the Department of Agriculture and the Director of Public Health. When pasteurized it shall contain not more than three thousand non-pathogenic bacteria per milliliter at the time of delivery to the consumer.

Guaranteed milk when raw shall be delivered in sterile containers to pasteurizing plants located in the City and County of San Francisco, to be there pasteurized and thereafter distributed in the manner provided by the regulation of the Director of Health of the City and County of San Francisco.

Subdivision 4. *Grade "A" Pasteurized Milk*: Grade "A" Pasteurized Milk shall conform to the following requirements: It shall be the produce of healthy cows as determined by physical examination at least once in two months by a veterinarian under the supervision of the Director of Public Health of the City and County of San Francisco and by the tuberculin test by such veterinarian, or by a veterinarian approved by the State Department of Agriculture, and from dairy farms scoring not less than 75 per cent on the score card approved by the Director of Public Health of the City and County of San Francisco. The tuberculin test must be repeated annually if no reacting animals are found in the herd. If reacting animals are found, they must be removed from the herd immediately and the tuberculin test repeated in six months, provided that in the first test the percentage of reacting animals found is less than 10 per cent of the herd. If the percentage of reactors found is greater than 10 per cent, the tuberculin test must be repeated in ninety days.

All cows are to be fed, watered, housed, and milked under conditions approved by the Director of Public Health.

All persons who come in contact with the milk must exercise scrupulous cleanliness and must not harbor the germs of typhoid fever, tuberculosis, diphtheria or other communicable diseases transmissible by milk. Absence of such diseases shall be determined by bacteriologic and physical examination to the satisfaction of the Director of Public Health.

Grade "A" Raw Milk from the dairy farm shall be delivered in sterile containers to the pasteurizing plants located in the City and County of San Francisco, and is to be kept at a temperature of fifty degrees Fahrenheit, or below, until it reaches the pasteurizing plant when it must not contain more than one hundred and fifty thousand (150,000) non-pathogenic bacteria per milliliter and rapidly cooled

after pasteurization to a temperature of fifty (50) degrees Fahrenheit or below, and so maintained to the time of delivery to the ultimate consumer.

Grade "A" Pasteurized Milk must not contain more than fifteen thousand (15,000) non-pathogenic bacteria per milliliter at the time of delivery to the ultimate consumer.

Subdivision 5. *Grade "B" Pasteurized Milk: Grade "B" Pasteurized milk is market milk which shall conform to the following requirements as a minimum:*

The health of the cows shall be determined by physical examination at least once in six months by a veterinarian in the employ of the Director of Public Health. Grade "B" Pasteurized milk shall be produced on dairy farms that score not less than sixty-five (65) *per cent on the dairy farm score card adopted by the Director of Public Health. It shall always be pasteurized and shall contain not more than one million* (1,000,000) *bacteria per milliliter before pasteurization and not more than fifty thousand* (50,000) *bacteria per milliliter at the time of delivery to the consumer. Grade "B" Pasteurized Milk shall be sold only in cans to the wholesale trade to be used for cooking and baking purposes; provided, however, that this latter provision shall not apply to Grade B Cream.*

Grade "B" Raw Milk shall be delivered to the pasteurizing plants in the City and County of San Francisco and pasteurized in the same manner as in this ordinance is provided for Grade "A" raw milk.

Subdivision 6. *Manufacturing Milk: Manufacturing milk is such milk as is not fit for human consumption as milk, and may be sold and used in the City and County of San Francisco only under such regulation as the Director of Public Health may provide, and if used for the manufacturing of foodstuffs, provided that in the manufacture of said foodstuffs, or immediately prior thereto, said milk is subjected to a temperature of* 145 *degrees Fahrenheit for thirty consecutive minutes, and provided further, that for every degree above* 145 *degrees Fahrenheit to which said milk is heated, the time during which said temperature must be maintained may be decreased by one minute. The time for maintaining such temperature shall in no case be less than five minutes, except for milk that is re-pasteurized. Re-pasteurized milk shall not be sold as market milk.*

Milk not suitable for human consumption may be sold for industrial purposes, provided it is heated to a higher temperature than necessary for pasteurization, and delivered in a distinctive container plainly marked with the word "Not suitable for human consumption" in letters not less than one-quarter inch in length and one-twelfth stroke. Such milk must not be transported on a vehicle carrying milk for human consumption.

Subdivision 7. *Method of Pasteurization*: Pasteurizing milk consists of the heating of every portion of the milk to not less than one hundred and forty (140) degrees Fahrenheit nor more than one hundred and forty-five (145) degrees Fahrenheit and maintaining same at that temperature for thirty (30) minutes, and immediately cooling thereafter to a temperature of fifty (50) degrees Fahrenheit.

All milk except certified milk intended for human consumption in San Francisco shall be pasteurized in San Francisco in accordance with the method set forth herein.

Each pasteurizing plant shall be equipped with a sufficient number of self-registering devices to accurately record the temperature to which and the length of time for which the pasteurized product has been heated. Such record shall be kept for two months and be available for inspection by the Director of the State Department of Agriculture or any of his agents, *and also by the Director of Public Health or his representative.*

Subdivision 8. *The class or grade of all milk or cream sold, offered, or exposed for sale, delivered or exchanged, in the City and County of San Francisco, and the name and address of the producer or distributor, shall at all times appear plainly and in a conspicuous place, or be securely attached to every bottle, cap, can or container, in which said milk is contained, in capital letters not less than one-eighth inch high and one-sixteenth of an inch wide. Milk not fit for human consumption shall be so marked.*

Subdivision 9. All utensils, equipment and apparatus used in the production, handling and processing of milk, cream and milk food products shall be thoroughly cleaned and sterilized each time after using, and shall be so constructed that all parts are free from spaces not easily cleanable and each surface coming in contact with the milk and cream is smooth and free from rust.

Subdivision 10. *No Person Shall Bring Into the City, Sell or Offer for Sale any Impure, Adulterated or Unwholesome Milk*: It shall be unlawful for any person, firm or corporation, by themselves or by their agents, servants or employees, to bring, or cause to be brought within, sell, offer for sale, exchange, deliver, distribute or have in his, its or their possession with intent to sell, expose or offer for sale or exchange or to distribute for human consumption, within the City and County of San Francisco, any impure, adulterated, unhealthy or unwholesome milk, except as provided by this ordinance.

Subdivision 11. *Persons Suffering from Communicable Disease*: No person suffering from a communicable disease, or who is a "contact," or who has been recently exposed to any contagious or infectious disease, shall be permitted to milk cows, handle milk or milk utensils in any pasteurizing or processing plant or upon any dairy farm, nor shall any milk be brought into, sold or offered for sale from any dairy farm, when a contagious or infectious disease exists on said dairy farm, until such time as said premises have been inspected and declared in writing free of contagion by an authorized employee of the Department of Public Health of the City and County of San Francisco.

Subdivision 12. *Methods of Serving Milk*: When served in any hotel, boarding house, lunch counter, restaurant or other place of public entertainment, market milk shall be served in the original bottle in sizes ½ pints, pints and quarts only, the cap of which shall not be removed except in the presence of the customer or patron; provided, however, that this provision shall not apply to cream so served.

The bottling of all milk except certified milk is prohibited except in regularly approved and authorized pasteurizing plants.

It shall be unlawful for any person, firm or corporation to sell, exchange, offer or expose for sale or exchange, or have on hand for sale or exchange or serve in any hotel, boarding house, restaurant, saloon, lunch counter or other place of public entertainment any milk or cream to which any gelatin or other substance, except as provided in the general dairy law of California, has been added to increase the consistency of such milk or cream so as to make it appear richer or of better quality; provided, however, that nothing in this ordinance shall be construed as prohibiting the standardization of milk and cream as provided in this ordinance.

Subdivision 13. All grocery stores, delicatessens and other retail establishments handling milk for human consumption must have, in addition to all other sanitary appurtenances, an ice chest of sufficient capacity to hold the amount of milk handled in said premises, and said ice chest must be properly drained in accordance with the plumbing ordinances of the City and County, and must at all times have a capacity of ice or refrigeration which will maintain a temperature under 50 degrees Fahrenheit within said chest.

If grades, market cream of any grade shall conform to all the stan-

dards set for market milk of the same grade, except that the maximum bacterial count for cream shall be not more than three times as great as that of the corresponding grade of milk.

Section 4:

Subdivision 1. *Permits Required by Vendors of Milk*: No person, firm or corporation by themselves, or through their agents, servants or employees, shall produce, ship or send into, bring into, or offer for sale, or expose for sale, or sell or deliver for distribution, sale, use or consumption within the City and County of San Francisco, any milk without first having obtained from the Director of Public Health of the City and County of San Francisco a permit so to do. One permit shall be required for each dairy, dairy farm or place of general sale or storage of milk, but no permit shall be granted to anyone where raw milk is received at a central cooling station or plant outside the City and County of San Francisco which handles more than one grade of milk, or where other milk products are made or handled.

No permit to ship or transport raw milk into the City and County of San Francisco from any central cooling plant outside the City and County shall be granted unless said milk so cooled and shipped or transported comes from dairy farms scoring at least seventy-five per cent, and otherwise complying with the provisions of this ordinance, and unless said cooling plant is constructed and maintained in accordance with plans and specifications approved by the Director of Public Health and said milk is handled as required by this ordinance.

Subdivision 2. In order to procure permits required by this ordinance the applicant shall present to said Director of Public Health a written application, and shall state therein the name and business and residence address of the applicant or applicants, the source or sources from which said applicant or applicants obtain or will obtain supplies of milk, the number of cows in the possession of such applicant, the average quantity of milk procured, produced or handled, and the average quantity disposed of by said applicant, and the manner and character of such disposition, and such other matters as may be required by the Director of Public Health, such application to be made to the said Director of Public Health upon printed blanks to be provided by the Director of Public Health for such purpose. Such application shall further state the specific brand or business name, if any, under which such milk is to be imported, sold, exchanged or distributed.

Subdivision 3. If the Director of Public Health, upon such investigation and inspection as he may make, shall determine that the statements therein made are true, and that the applicant does not intend to bring into, sell, expose, or offer for sale, exchange, deliver or distribute, within the City and County of San Francisco, any unwholesome milk as food for any human being, and that the production, transportation, storage and handling of the same is to be under sanitary conditions and in conformity with the regulations adopted as a part of this ordinance, he shall issue the appropriate permit therefor according to the nature of the business to be transacted or conducted by the applicant.

Subdivision 4. No permits shall be sold or assigned or transferred. Permits shall be subject at all times to revocation by said Director of Public Health in his discretion upon sufficient cause therefor shown; provided, however, that no such permit shall be revoked until after a hearing given by the Director of Public Health in the matter of the revocation of such permit after five (5) days' notice in writing has been served on the owner of such permit, which said notice shall be given to said owner or holder of said permit by mailing said notice by registered mail addressed to his place of residence or business as the same appears on said permit or on the records of the Department of Public Health, which notice shall state the ground of complaint against such owner and the time and place where such hearing shall take place; provided, however, that when the holder of any per-

mit shall have been convicted in any court of any violation of this ordinance by any law relating to the production, transportation, storage, sale or distribution of milk, such permit may be revoked without notice.

Subdivision 5. *Procedure to Follow for Renewal of a Permit Revoked for Cause*: When a permit shall have been revoked by the Director of Public Health, no further permit shall be granted by said Director to the same person, firm or corporation until he, they or it shall file with said Director a bond in the sum of five hundred (500) dollars with two (2) sureties approved by the Director of Public Health, conditioned for the faithful observance of all the regulations of the law and of said Director of Public Health relating to production, importation, sale, delivery and distribution of milk.

Subdivision 6. As often as required, and at least once each year, every person or persons, firm or corporation maintaining a pasteurizing plant or dairy farm in, or bringing milk into the City and County of San Francisco and holding a permit so to do, shall furnish the Director of Public Health a full and true statement of the sources and amounts of the supply of the milk imported, sold or distributed by him or them, with the names and addresses of the persons from whom the same is obtained and the amount from each source, and such other information as is required by applicants for permits as hereinbefore provided, and all applications for permits, and all such written statements required as aforesaid, shall be registered by the said Director of Public Health.

Subdivision 7. *Official Number of Permits*: When a permit is granted, the Director of Public Health will give the holder thereof an official number, and this number shall be used to mark the products of the pasteurizing plant or dairy farm as hereinafter prescribed.

Subdivision 8. *More Than One Dairy or Dairy Farm Under the Same Ownership or Control*: Two or more pasteurizing plants or dairy farms under the same ownership or control may use the same permit numbers, provided a serial letter is added in each case to designate the pasteurizing plant or dairy farm, and to enable its products to be identified.

Subdivision 9. *Names on Wagons*: All automobiles, motor trucks or other vehicles from which market milk, cream, butter, ice cream, buttermilk or ice milk are sold, marketed, delivered, or peddled, shall have the name and address of the owner and permit number plainly painted thereon in letters at least three inches high, and one and a half inches wide, on both sides of such vehicles, or if such milk is sold or exposed or offered for sale, delivery, distribution, or exchanged within a store or house, then such permit number shall also be constantly exposed in some conspicuous manner at the place wherever such milk is sold, or kept, so as to be plainly apparent.

Subdivision 10. *Rule Governing Renewal of Permit*: Any applicant receiving and holding a permit such as is herein set forth, shall make application for the renewal of the same between January 1st and January 15th of each year, and said permit shall be renewed, provided the applicant complies and conforms to all of the provisions as set forth in this ordinance.

Section 5. In order to carry out the purposes and provisions of this ordinance, the said Director of Public Health and all his officers, agents and employees shall have the right at any time and at all times to enter upon or into the premises of any producer or vendor or distributor of milk authorized under the provisions of this ordinance, and any refusal upon the part of such producer, vendor or distributor to allow such entry and such inspection as may be required and directed by the said Director of Public Health may be punished by the revocation of the permit of such producer, distributor or vendor by the said Director of Public Health.

Section 6. The Director of Public Health and all his officers, agents

and employees shall have the right and it shall be their duty to enter and have full access, egress and ingress to all places where milk is stored and kept for sale, and to all automobiles, motor trucks or other vehicles, railroad cars, steamboats, or conveyances of every kind used for the conveyance or transportation or delivery of milk, for the purpose of consumption in the City and County of San Francisco.

Section 7. It shall be the duty of the said Director of Public Health to cause the dairy farms and other establishments from which milk brought into the City and County of San Francisco is obtained, to be inspected from time to time to satisfy said Director of Public Health that the provisions and requirements of this ordinance and all orders issued by said Director are constantly complied with.

Section 8. It shall be unlawful for any person, or persons, firm or corporation to obstruct or interfere with the said Director of Public Health or any officer, agent or employee of said Director of Public Health in the performance of any of the duties required by this ordinance.

Section 9. It shall be the duty of the owner, agent or manager of any pasteurizing plant or dairy farm from which milk is brought into this City and County to forthwith report to the Director of Public Health of said City and County, in writing, anything of which he has knowledge or notice tending to render milk, obtained from such pasteurizing plant or dairy farm, unwholesome, impure or unhealthy.

Section 10. The Director of Public Health and all his officers, agents and employees shall have the right at any time to take samples of milk and cream from any person selling, exposing for sale, offering for sale, exchanging, delivering, or distributing in the City and County of San Francisco, or shipping into said City and County, milk or cream, provided that such samples shall not exceed in quantity one quart of milk and one quart of cream at any one time. Such samples shall be taken and sealed in full view of and in the presence of any person in charge of such milk or cream, and to said person shall be given at such time one-half of said sample or samples hermetically sealed by said Director of Public Health, or his officers, agents or employees. The other half of said sample shall be likewise hermetically sealed and delivered to said Director of Public Health by the officer, agent or employee of said Director of Public Health taking such sample. It shall be the duty of said officer, agent or employee, at the time said sample is taken, to attach to the bottle of container containing each half of said sample, a statement showing the number of the permit issued by said Director of Public Health displayed upon the tanks, or cans, or bottles, or wagons, from which such milk or cream was taken, and the date of the obtainment of the sample, and the name of the person by whom it was taken, and a memorandum thereof shall be made by the person obtaining such sample in a book kept for that purpose in the office of the Department of Public Health.

MILK COMING FROM OUTSIDE THE CITY AND COUNTY TO BE EXPOSED FOR INSPECTION.

Section 11. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft to have the same tendered and exposed for inspection by the said Director of Public Health, his officers, agents or employees, according to the requirements of said Director of Public Health; provided that said milk shall not be detained for inspection for a longer period than one hour. It shall be the duty of the owner or consignee of milk brought into the City and County of San Francisco by land and over any road or railroad leading into the peninsula of San Francisco, to cause the same to be tendered and exposed for inspection according to the requirements of said Director of Public Health, provided that said milk shall not be detained for inspection a longer period than one hour.

MILK COMING FROM OUTSIDE OF THE CITY AND COUNTY TO BE PLAINLY MARKED WITH THE SHIPPER'S NAME, ADDRESS, PERMIT NUMBER AND NUMBER OF TANKS OR CANS CONTAINED IN THE SHIPMENT.

Section 12. It shall be the duty of all owners or consignees of milk brought into the City and County of San Francisco by any water craft, railroad, or by land over any road, to attach to one tank or can of each shipment a tag setting forth the following facts in a clear and legible manner:

Name of shipper.....
Address.....Permit No.....
Number tanks.....Milk.....Cream.....

MILK TO BE TIGHTLY COVERED.

Section 13. It shall be unlawful to sell, offer for sale, expose for sale or ship into the City and County of San Francisco, for human consumption, any milk or cream in any tank or container, holding more than three gallons, which is not provided with a proper and tight-fitting mushroom cover.

SALE OF MILK AND CREAM IN QUANTITIES OF ONE QUART OR LESS.

Section 14. It shall be unlawful for any person, firm or corporation to distribute, sell, offer for sale, or keep with the intention of selling, any milk or cream in quantities of one (1) quart or less, in stores or any other place (except where the milk or cream is consumed upon the premises), unless the milk or cream is contained in tightly closed sterile bottles or receptacles of a similar character.

MILK AND CREAM BOTTLES TO BE CAPPED AND MARKED.

Section 15. All bottles or receptacles of a similar character in which milk and cream are distributed or sold must have stamped or printed on the cap or covers, in a conspicuous and legible manner, the name, address and permit number of the person, firm or corporation bottling said milk or cream, and the specific kind of milk or cream contained therein.

NAMES OF BRANDS ON BOTTLES AND CAPS OR COVERS MUST NOT DIFFER.

Section 16. It shall be unlawful to distribute, sell, offer for sale, or expose for sale, any milk or cream in any bottle or receptacle bearing in any manner thereon the name or names of any person, firm or corporation other than or different from the name or names printed or inscribed upon said cover or can of such bottle or receptacle.

TRANSFER OF MILK ON STREET.

Section 17. No person shall transfer any milk from one can, bottle or receptacle on any street, alley or thoroughfare, or upon a delivery wagon, or other vehicle, or in any place in the City and County of San Francisco, except in a dairy or dairy farm the sanitary condition of which has been approved by the Director of Public Health.

Section 18. *Where this ordinance or the regulation of the Director of Public Health is silent upon any matter pertaining to the production, processing, pasteurization, transportation, sale, delivery, use or handling of milk, cream or of any of the products of either milk or cream, the provision of the state law or the regulations of the Director of Agriculture shall apply thereto.*

Section 19. *The Director of Public Health is hereby authorized to make such rules and regulations not in conflict with this ordinance or the state law for the purpose of carrying out the provisions of this ordinance.*

PENALTY FOR VIOLATION OF PROVISIONS OF THIS ORDINANCE.

Section 20. Any person, firm or corporation who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine of not less than twenty-five (25) dollars and not more than five hundred (500) dollars, or by imprisonment in the County Jail for not more than one hundred (100) days, or by both such fine and imprisonment.

Section 21. All orders and ordinances and parts of orders and ordinances in conflict with this ordinance are hereby repealed.

Section 22. *Constitutionality*: If any section, subsection, subdivision, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Board of Supervisors hereby declares that it would have passed this ordinance, and each section, subsection, subdivision, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, subdivisions, sentences, clauses or phrases be declared unconstitutional.

Communications.

The following were presented by Supervisor Spaulding and read by the Clerk:

Communication from The Salinas Valley Dairymen's Association, urging that subdivision 7 of the Milk Ordinance permit only such cream as shall have been produced from non-reacting tuberculin tested cows, and furnishing a list of milk producers of the Salinas Valley with the total quantity of milk available for sweet cream purposes, amounting to 7290 gallons, as an indication of the sufficiency of the supply of milk for cream producing purposes.

Communication from the Co-operative Milk Producers Association for San Francisco, Frank J. McGovern, manager, transmitting copy of resolution of its board of directors, March 30, endorsing proposed milk ordinance.

Communication from William C. Voorsanger, M. D., in reply to statement of Frank Glass, representing the National Milk Producers Association, to the effect that he has been misquoted by Mr. Glass, and that he has the utmost confidence in Dr. Geiger and the proposed milk ordinance which he now sanctions and which is pending before the Board of Supervisors.

Communication from J. C. Geiger, M. D., Director of Public Health, in reply to statement of Mr. McMillan, representing the Central Council of Civic Clubs, in reference to can of Libby, McNeill and Libby's tomato juice, where on the label it is stated that babies fed on pasteurized milk must be supplied with tomato juice, and stating that he is advised by said firm that the objectionable statement was eliminated from their tomato juice labels more than a year ago.

Communication from G. A. Dondero, manager, Petaluma Co-operative Creamery, taking exception to the statement of Mr. Frank Glass at the meeting of the Board of Supervisors on March 30, 1933, to the effect that the Petaluma Co-operative Creamery was bootlegging milk into San Francisco, and stating that all the milk shipped from said creamery for consumption in San Francisco comes from tuberculin tested cows, and every ranch has a permit and is under the supervision of Mr. E. J. Helgren, Health Officer, Santa Rosa, and the Board of Health of San Francisco.

Privilege of the Floor.

Mr. Mott, wholesaler of cream, was heard. He declared that he did not know where sufficient cream could be had for the San Francisco market if the Gallagher amendment was adopted.

Mr. R. C. Claussen, Salinas Valley Dairymen's Association, declared that he could furnish 7200 gallons of cream daily.

Dr. Kelly of the County Medical Society was heard. He had no objection to the amendment.

Dr. Geiger, Director of Public Health, had no objection. The only question was could a sufficient supply be obtained.

T. Lydon, Chief Inspector, Health Department, questioned whether sufficient milk for cream producing purposes could be obtained.

Approved.

Section 2.

Subdivision 7—Cream.

Supervisor Gallagher moved to amend, as follows:

In section 2, subdivision 7, line 7, strike out the word "cream" and all words following to and including the word "Francisco" in line 10, and in lieu thereof insert the following: "Market Cream shall be graded and shall conform to all the standards set for market milk of the same grades except that the maximum bacterial count for any grade of market cream shall be not more than three times as great as that for the corresponding grade of market milk.

No objection and it was so ordered.

Thereupon, subdivisions 8, 9, 10, 11, 12 and 13 were *approved without objection.*

Subdivision 14—Adulterated, Impure, Unhealthy and Unwholesome.

Supervisor Roncovieri moved to amend fourth line from the end—after the word "milk" insert the words "or cream."

No objection and it was so ordered.

Section 3.

Subdivisions 1, 2 and 3 were *passed temporarily.*

Subdivision 4—Grade "A" Pasteurized Milk.

Supervisor Gallagher moved to amend, as follows:

In section 3, subdivision 4, line 29, strike out the words and figures "one hundred and fifty thousand (150,000)" and insert in lieu thereof "fifty thousand (50,000)."

No objection and it was so ordered.

Subdivision 5—Grade "B" Pasteurized Milk.

Passed temporarily.

Subdivision 6—Manufacturing Milk.

Approved without objection.

Subdivision 7—Method of Pasteurization.

Supervisor Gallagher moved to amend, as follows:

In section 3, subdivision 7, line 3, after the word "and" strike out "forty (140) degrees Fahrenheit nor more than one hundred and forty-five (145) degrees Fahrenheit" and in lieu thereof insert the following: "forty-five (145) degrees Fahrenheit nor more than one hundred and fifty (150) degrees Fahrenheit."

Frank S. Glass, representing Natural Milk Producers Association, was heard at length on the proposed amendment.

Motion.

Supervisor Spaulding moved to postpone hearing until tomorrow at 10 a. m.

Motion *lost* by the following vote:

Ayes—Supervisors Canepa, Roncovieri, Shannon, Spaulding—4.

Noes—Supervisors Breyer, Brown, Colman, Gallagher, Havenner, Hayden, McSheehy, Miles, Peyser, Power, Stanton—11.

Action Deferred.

Whereupon, on motion of Supervisor Havenner, the hearing was continued and made a *Special Order of Business for 2:30 p. m. next Monday.*

UNFINISHED BUSINESS.

Final Passage.

The following matters, heretofore passed for second reading, were taken up and finally passed by the following vote:

Acquisition of Property in China Cove for Recreation Center.
(Code No. 12.1713.)

Resolution No. 725, as follows:

Whereas, the Recreation Commission of the City and County of San Francisco is desirous of acquiring property commonly known as China Cove to be used as a recreation center and bathing beach in connection with the playground activities of said Recreation Department; and

Whereas, the Recreation Commission has at the present time a sufficient amount of money in its funds to pay one-half the cost thereof; and

Whereas, the Park Commission of the State of California has for sometime been considering the matter of joining with the City and County of San Francisco in the purchase of said property, and said Park Commission of the State of California to pay one-half the cost thereof; and

Whereas, said property which will be acquired for the above mentioned purpose is increasing in value and if not purchased now can be acquired only at a cost far in excess of the figure for which the same can now be purchased; and

Whereas, if the said property could be acquired at the present time for the purpose herein mentioned, the placing of the same in condition will give employment to a large amount of labor; and

Whereas, this Board of Supervisors, having been informed that it is the intention of the proper officials and departments of the City and County of San Francisco to correct at the earliest possible moment the insanitary conditions now existing in the vicinity and this Board is desirous of lending its fullest cooperation therein; now, therefore, be it

Resolved, That the Board of Supervisors of the City and County of San Francisco does hereby endorse and recommend the acquisition of China Cove for the purposes herein mentioned and requests the Park Commission of the State of California to join with the City and County of San Francisco in the immediate acquisition of said property for the above mentioned purposes.

Sale of Lands in San Mateo County.

The following was read by the Clerk:

March 31, 1933.

To the Honorable the Board of Supervisors, City Hall.

Gentlemen: Herewith we hand you certified copy of Resolution No. 230, re sale of San Francisco Water Department property in Colma, San Mateo county, approved by the Public Utilities Commission at its meeting March 27, 1933, together with draft of ordinance authorizing the sale, for your approval.

Yours very truly,

PUBLIC UTILITIES COMMISSION.
FELTON TAYLOR,
Secretary.

Resolution No. 230, Public Utilities Commission:

Whereas, that certain lot designated Lot "A" in Block 1, "Map of the lands of the Castle Tract Homestead Association," filed in the office of the County Recorder of San Mateo County, October 12, 1871, is not required for purposes of the San Francisco Water Department, and in view of the price obtainable for this property, it is recommended that it be disposed of; therefore, be it

Resolved, That the Board of Supervisors by ordinance authorize the sale of said property by the Director of Property, all in accordance with the provisions of section 92 of the Charter.

I hereby certify that the foregoing is a full, true and correct copy of resolution approved by the Public Utilities Commission at its meeting March 27, 1933.

FELTON TAYLOR,
Secretary.

Passed for Second Reading.

Whereupon, the following bill was *passed for second reading*:

Providing for the Sale of Certain San Francisco Water Department Land in San Mateo County.

(Code No. 12.17252.)

On motion of Supervisor Colman:

Bill No. 313, Ordinance No. 12.172523, as follows:

Providing for the sale of certain San Francisco Water Department land in San Mateo County.

Section 1. Pursuant to section 92 of the Charter and in accordance with the recommendation of the Public Utilities Commission, the Board of Supervisors hereby declare that public interest and necessity demands the sale of the following described parcel of land situated in San Mateo County, California, which parcel of land is owned by the City and County of San Francisco, a municipal corporation, and is under the administration of the Public Utilities Commission:

Commencing at the point of intersection of the northerly line of Price street with the southeasterly line of the county road leading from San Francisco to San Jose; and running thence easterly along said northerly line of Price street 104 feet 4½ inches; thence at right angles northerly 122 feet 8 inches; thence at right angles westerly 70 feet 1½ inches to the easterly line of said county road; and thence southwesterly along said southeasterly line of said county road 129 feet 9 inches to the northerly line of Price street and the point of commencement.

Containing 0.245 of an acre, more or less.

Being lot lettered "A" in Block No. 1, as the same is laid down, delineated and designated upon a certain map on file in the office of the County Recorder of the County of San Mateo, entitled "Map of Castle Tract Homestead Association," recorded October 12, 1871, in Book "A" of Original Maps, page 12; and Book "D" of Original Maps, page 22, and copied into Book 1 of Maps, page 7.

Section 2. The Director of Property shall make a preliminary appraisal of the value of said property and shall advertise by publication for a period of five (5) days, exclusive of Sundays, before the date of such sale, the time and place of such sale. The Director of Property shall forthwith report to the Supervisors and to the Public Utilities Commission the amount of any and all tenders received by him.

Section 3. Upon receipt of the tenders, as aforesaid, the Supervisors may authorize the acceptance of the highest and best tender, or they may, by ordinance, direct that such property be sold at public auction, the date of which shall be fixed in said ordinance.

Section 4. No sale other than a sale at public auction shall be authorized by the Supervisors unless the sum offered shall be at least ninety (90) per cent of the preliminary appraisal of the property hereinbefore referred to.

Re Tax Moratorium.

The following matters were taken up:

Communication from The San Francisco Real Estate Board.

April 17, 1933.

Honorable Board of Supervisors, City and County of San Francisco, City Hall, San Francisco.

Gentlemen: In connection with the proposed moratorium concerning the second installment of City and County taxes which would normally

become due April 20, 1933, it was the suggestion of a group of taxpayers of San Francisco, represented by the organizations hereinafter named, that, under authority of Assembly Bill No. 1309, recently passed by the Legislature of the State of California, the Board of Supervisors should, by resolution, provide for such a moratorium by authorizing the payment of such taxes in three installments, the first to be 50 per cent and the other two to be 25 per cent each; the first payable May 1, the second June 1, and the last June 20, 1933.

In making this suggestion the group concerned was of the opinion as then advised by the Controller that the City would be obliged to collect not less than 50 per cent of the second installment by May 1, 1933. If in any further revision of his figures the Controller is able to report to your honorable Board that the City will not require more than 40 per cent of this second installment of taxes by May 1, 1933, we would then suggest that the three installments become due May 1, June 1 and June 20, 1933, to be on the basis of 40 per cent, 30 per cent and 30 per cent.

The following named organizations have participated in conferences on this subject and at a meeting of their representatives held this morning authorized this communication. These organizations are: Apartment House Owners and Managers Association, Building Owners and Managers Association, Bureau of Governmental Research, San Francisco Chamber of Commerce, San Francisco Real Estate Board.

Respectfully,

LESLIE E. BURKS,
Secretary-Manager.

Assembly Bill No. 1309.
Chapter 100.

An act to extend the time for the payment of taxes for the period of sixty days and declaring the urgency thereof.

The people of the State of California do enact as follows:

Section 1. The time for the payment of taxes upon all real property which became due and payable on January 20, 1933, is hereby extended to and including June 20, 1933.

None of the provisions of this act shall apply to or in, nor to taxes or payment of taxes of any consolidated city and county operating under a freeholder charter adopted under the provisions of section 8 of article XI of the State Constitution, which charter prohibits the drawing of any warrant against any fund of the city and county in which there is an insufficient unencumbered balance for the payment thereof. Provided, the legislative body of any such consolidated city and county shall by resolution provide for the payment of the tax mentioned herein in installments, the first of which said installments shall not exceed fifty per cent of the said tax, and the last of which said installments shall be payable not later than June 20, 1933, and the penalties now provided by law for the nonpayment of a second installment of taxes shall attach to each such installment for the nonpayment thereof. If the exception in this paragraph expressed be declared unconstitutional by final judgment of a court of competent jurisdiction, such decision shall not affect the validity of any of the other provisions of this act.

Section 2. The time for computing or determining delinquencies and penalties and the time for performing acts or duties by public officials with relation thereto, which is dependent or based upon the payment of any real property taxes on or before April 20, 1933, is hereby extended for a period of sixty days.

Section 3. This act is hereby declared to be an urgency measure within the meaning of section 1 of article IV of the Constitution, necessary for the immediate preservation of the public peace, health and safety and shall take effect immediately.

The facts constituting such necessity are as follows: There exists throughout the State of California economic conditions which make it impossible for property owners to pay this installment of taxes. Further delinquencies at this time will add a tremendous burden on the property which will have to bear the cost of government. It is essential that confidence be restored by giving property owners additional time to secure funds to meet their obligations. This act will aid in accomplishing this necessary result and should go into effect immediately.

WALTER LITTLE,
Speaker of the Assembly.

Telegram.

Sacramento, Calif., April 17, 1933.

Hon. Jefferson E. Peyser, Chairman Legislative Committee, Board of Supervisors, City and County of San Francisco, City Hall.

I earnestly plead that you do everything possible to lighten tax burden upon property owners of San Francisco and that fullest measure of relief possible be granted pursuant to request Apartment House Owners and Managers Association of San Francisco.

JAMES A. MILLER.

Privilege of the Floor.

Miss Lucella Ward, representing the Apartment House Owners' Association; Leonard Leavy, Controller; Edw. Bryant, Tax Collector; Wm. Nanry, representing the Bureau of Government Research; M. Robinson, citizen and property owner, and Geo. T. Baker, representing the Knights of Civilization were heard at length.

Motions.

Supervisor McSheehy, seconded by Supervisor Gallagher, moved to make the first installment payable May 14 instead of May 1 or 2 as proposed.

Supervisor Brown moved as an amendment that May 5, June 2 and June 20 be fixed as last installment payment dates.

Supervisor Shannon, seconded by Supervisor Canepa, moved as a substitute that May 8, June 2 and June 20 be the dates of payments.

Substitute accepted without objection.

Supervisor Peyser spoke in part as follows: Before this resolution is presented a statement should be made in regard to it. I don't feel that there is any measure that is coming before the Board that affects more vitally the citizens of San Francisco. The bill was intro-

duced in the Assembly and Senate which provided that there shall be a 60-day moratorium in the payment of taxes. Installments due April 20 were to be extended to June 20.

The bill made no exceptions. It was necessary to have some provision put in the legislation that would permit San Francisco to function. $5,425,000 must be repaid by May 15 for amounts we have borrowed up to this time. It will be necessary for us to borrow another million dollars during the next week. That will also have to be repaid before May 15. The total amount of taxes to be collected to date would not exceed $250,000. It is estimated that we will need in excess of $6,000,000, as follows:

First installment, 40 per cent, payable May 1, $4,530,507.
Second installment, 30 per cent, payable June 1, $3,397,903.
Third installment, 30 per cent, payable June 20, $3,397,903.

No interest to be charged on deferred payment.

Adopted.

Whereupon, the following resolution was *adopted*:

Providing for Payment of Second Installment Taxes 1932-33, 40 Per Cent May 8, 30 Per Cent June 2, 30 Per Cent June 20, 1933.
(Code No. 9.032)

Resolution No. 737, as follows:

Whereas, the Legislature of the State of California has by an Act, approved by the Governor on the 17th day of April, 1933, authorized the Board of Supervisors of the City and County of San Francisco, by resolution, to provide that the second installment of taxes for the fiscal year 1932-1933, due and payable on January 20, 1933, and delinquent after five p. m. on April 20, of said year, may be made payable in such installments as the Board of Supervisors should by resolution provide; and

Whereas, it is the desire of the Board of Supervisors to make the payment of taxes as light upon the people as the financial and fiscal provisions of our Charter will permit; and

Whereas, it is the mandate of our Charter that it is not possible to conduct the business and affairs of the City except on a cash basis, that is to say, the Controller cannot approve demands of any character or certify to contracts, unless the amount of said demands and the consideration for said contracts are actually in the hands of the Treasurer; and

Whereas, it is necessary, in order to conduct the affairs of the City and County in their orderly manner, and that the payrolls of the City should be met, and our hospitals and relief homes should be supported, and that the aged, the blind, the widow and the orphan should receive their customary pension allowances, that at least a portion of the second installment of taxes should be paid as promptly as possible; and

Whereas, the State law provides certain penalties for the nonpayment of taxes, which it is the desire to minimize and postpone so far as the State law will permit; now, therefore,

For the purpose of complying with the provisions of the aforesaid act of the Legislature, and for the further purpose of affording to our taxpayers all possible relief, be it

Resolved, That the second installment of taxes for the fiscal year 1932-33 be and the same is hereby made payable in three installments, which said installments shall be payable as follows, to-wit:

Forty per cent of the amount due on said second installment on or before the 8th day of May, 1933, thirty per cent thereof on or before the 2d day of June, 1933, and thirty per cent thereof on or before the 20th day of June, 1933; and be it

Further Resolved, That the payment of said installments of taxes in the amounts herein provided shall be delinquent respectively at five o'clock p. m. on the 8th day of May, 1933; the 2d day of June, 1933, and the 20th day of June, 1933, and if any of said installments are not paid on or before the respective delinquency dates herein provided, there shall be added to the respective amounts becoming delinquent on said respective dates, the penalties made mandatory by State law for the nonpayment of the second installment of taxes before delinquency; and be it

Further Resolved, That no penalties shall attach for the nonpayment of said second installment of taxes except as herein provided; and be it

Further Resolved, That the Chief Administrative Officer be and he is hereby directed to instruct the Tax Collector to make such changes in his current tax bills as will carry out the intent of this resolution; and be it

Further Resolved, That any taxpayer may, at his option, pay his entire tax at the time of paying the first installment as herein provided, or the balance due at the time of paying the second installment, as herein provided.

Communication from Tax Collector Re Tax Moratorium.

Thereupon, the following was read by the Clerk:

April 17, 1933.

Hon. Alfred A. Cleary, Chief Administrative Officer, City Hall, San Francisco.

Dear Sir: Owing to the condition of the moratorium on the second installment of taxes, it will be necessary for this department to collect three more installments instead of one, if the recommendation of the Mayor is adopted by the Supervisors.
